PROXY STATEMENT FOR THE ANNUAL MEETING OF STOCKHOLDERS TO BE HELD ON TUESDAY,

Edgar Filing: OPNET TECHNOLOGIES INC - Form DEF 14A

SEPTEMBER 10, 2002

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of OPNET Technologies, Inc., a Delaware corporation (the "Company"), of proxies for use at the Annual Meeting of Stockholders to be held on September 10, 2002 and at any adjournments thereof (the "Annual Meeting").

All executed proxies will be voted in accordance with the stockholders' instructions, and if no choice is specified, executed proxies will be voted in favor of the matters set forth in the accompanying Notice of Meeting. Any proxy may be revoked by a stockholder at any time before its exercise by delivery of written revocation or a subsequently dated proxy to the Secretary of the Company or by voting in person at the Annual Meeting. Attendance at the Annual Meeting will not itself be deemed to revoke a proxy unless the stockholder gives affirmative notice at the Annual Meeting that the stockholder intends to revoke the proxy and vote in person.

The Board of Directors has fixed July 31, 2002 as the record date (the "Record Date") for determining holders of the Company's Common Stock, \$.001 par value per share (the "Common Stock"), who are entitled to vote at the Annual Meeting. At the close of business on the Record Date, there were outstanding and entitled to vote an aggregate of 19,251,265 shares of Common Stock. Each share of Common Stock entitles the record holder thereof to one vote on each of the matters to be voted on at the Annual Meeting.

The Notice of Meeting, this Proxy Statement, the enclosed Proxy Card and the Company's Annual Report for the year ended March 31, 2002 are first being sent or given to stockholders on or about July 31, 2002.

Votes Required

The holders of a majority of the shares of Common Stock issued and outstanding and entitled to vote at the Annual Meeting will constitute a quorum for the transaction of business at the Annual Meeting. Shares of Common Stock present in person or represented by proxy (including shares which abstain or do not vote with respect to one or more of the matters presented for stockholder approval) will be counted for purposes of determining whether a quorum exists at the Annual Meeting.

The affirmative vote of the holders of shares of Common Stock representing a plurality of the votes cast on the matter is required for the election of the Class II directors. The affirmative vote of the holders of shares of Common Stock representing a majority of the votes cast on the matter is required to ratify the appointment of Deloitte & Touche LLP as the Company's independent auditors for the current fiscal year.

Shares which abstain from voting as to a particular matter, and shares held in "street name" by brokers or nominees who indicate on their proxies that they do not have discretionary authority to vote such shares as to a particular matter, will not be counted as votes in favor of such matter, and will also not be counted as shares voting on such matter. Accordingly, abstentions and "broker non-votes" will have no effect on the voting on matters (such as the ratification of the appointment of the auditors) that require the affirmative vote of a certain percentage of the votes cast or the shares voting on the matter.

PROPOSAL 1--ELECTION OF CLASS II DIRECTORS

The Company has a classified Board of Directors currently consisting of one Class I director, two Class II directors and two Class III directors. The Class I, Class II and Class III directors will serve until the annual meeting of stockholders to be held in 2004, 2002 and 2003, respectively, and until their respective successors are duly elected and qualified. At each annual meeting of stockholders, directors are elected for a full term of three years to succeed those directors whose terms are expiring.

The persons named in the enclosed proxy will vote to elect Alain J. Cohen and Dr. Steven G. Finn as the Class II directors, unless authority to vote for Mr. Cohen or Dr. Finn is withheld by marking the proxy to that effect. Each Class II director will be elected to hold office until the 2005 annual meeting of stockholders (subject to the election and qualification of his successor and to his earlier death, resignation or removal).

Mr. Cohen and Dr. Finn have indicated their willingness to serve, if elected, but if they should be unable to serve, the person acting under the proxy may vote the proxy for a substitute nominee designated by the Board of Directors. The Board of Directors has no reason to believe that Mr. Cohen or Dr. Finn will be unable to serve if elected.

Edgar Filing: OPNET TECHNOLOGIES INC - Form DEF 14A

There are no family relationships among any of the directors, nominees for director and executive officers of the Company, except that Marc A. Cohen and Alain J. Cohen are brothers. Information with respect to the number of shares of Common Stock beneficially owned by each director and each nominee for director, directly or indirectly, as of July 31, 2002 appears under the heading "Security Ownership of Certain Beneficial Owners and Management."

Agreements with Executives

Marc Cohen and Alain Cohen each entered into a non-compete agreement with the Company on September 30, 1997. Under the agreements, Marc Cohen and Alain Cohen each agreed not to compete with the Company during the term of his employment and, in the event that his employment with the Company is terminated either at his voluntary election or by the Company for good cause, for a period of 12 months thereafter. In addition, Marc Cohen and Alain Cohen each agreed not to solicit the Company's employees or customers on behalf of any competitor during the same period. Also, Marc Cohen and Alain Cohen each agreed to protect the Company's confidential information during his employment, except as appropriate in the performance of his duties, and after the termination of his employment.

The Company entered into a change-in-control agreement with Mr. Singh, the Company's Senior Vice President of Engineering, Model Research and Development, in June 2000. Pursuant to the agreement, if, during the one-year period after a change in control of the Company, the Company terminates his employment without cause or if he resigns within 90 days after the Company diminishes his position, authority, or responsibilities, reduces his annual base salary or benefits, or relocates him, he will be entitled to:

- . a lump sum payment equal to the sum of his highest annual salary and highest annual bonus received during the five-year period preceding the change in control; and
- . continued employee benefits coverage for 12 months.

Edgar Filing: OPNET TECHNOLOGIES INC - Form DEF 14A

The change-in-control agreement expires on the first to occur of March 31, 2003, if a change in control has not occurred prior to that date, or the date 12 months after the occurrence of a change in control. In addition, if not previously terminated, the agreement will be automatically extended for additional one-year terms unless the Company notifies the executive that the agreement will not be extended.

The Company has also entered into nondisclosure, non-compete, nonsolicitation and ownership of inventions agreements with Messrs. Kuhn and Singh, under which each executive has agreed to protect the Company's confidential information during and after the termination of his employment, and not to compete with the Company during the term of his employment and for 12 months after termination of his employment.

Certain Transactions

The Company's Board of Directors has adopted the policy that transactions, including loans between the Company and its officers, directors, principal stockholders and their affiliates, will be approved by a majority of the Board of Directors, including a majority of the independent and disinterested outside directors on the Board of Directors, and will be on terms no less favorable to the Company than could be obtained from unaffiliated third parties.

Report of the Compensation Committee on Executive Compensation

This report addresses the compensation policies of the Company applicable to its executive officers during fiscal 2002. The Company's executive compensation program is administered by the Compensation Committee of the Board of Directors, which is composed of two non-employee directors. The Compensation Committee is responsible for determining the compensation package of each executive officer, including the Chief Executive Officer.

Executive Compensation Philosophy

The Board of Directors and the Compensation Committee believe that the goals with respect to executive compensation are to align compensation with business objectives and performance and to enable the Company to attract, retain and reward executive officers and other key employees who contribute to the long-term success of the Company, and to establish an appropriate relationship between executive compensation and the creation of long-term stockholder value. To meet these goals, the Compensation Committee has adopted a mix among the compensation elements of salary, cash bonus and stock options.

The Board of Directors and the Compensation Committee also believe that the compensation of the Chief Executive Officer and the Company's other executive officers should be based to a substantial extent on the Company's performance and adjusted, as appropriate, based on such executive officer's performance against personal performance objectives. Generally, when establishing salaries, bonus levels and stock option awards for executive officers, the Compensation Committee considers: (i) the Company's financial performance during the past year and recent quarters, (ii) the individual's performance during the past year and recent quarters and (iii) the salaries of executive officers in similar positions of companies of comparable size and capitalization and other companies within the network management software industry.

Compensation Components

Three major components of the Company's executive officer compensation are (i) base salary, (ii) annual incentive awards in the form of cash bonuses and (iii) long-term, equity-based incentive awards.

Edgar Filing: OPNET TECHNOLOGIES INC - Form DEF 14A

Base Salary. At the beginning of each year, the Compensation Committee generally meets to set the base salary levels of the Company's executive officers for the coming year. In April 2001, the Compensation Committee met and decided not to increase Marc Cohen's base salary of \$200,000. Marc Cohen is the

8

Company's Chief Executive Officer. The Compensation Committee did increase the base salaries of several of the Company's other executive officers. When reviewing base salaries, the Compensation Committee considered individual and corporate performance, levels of responsibility, prior experience, breadth of knowledge and competitive pay practices. The Compensation Committee recognizes the importance of maintaining compensation practices and levels of compensation competitive with other software companies in the Company's industry and anticipates reviewing compensation packages at least annually.

Cash Bonus. The Company's cash bonus program is designed to motivate executives to work effectively to achieve the Company's financial performance objectives and to reward them when objectives are met. Under the cash bonus program, the executive officers receive annual bonuses within the framework of the bonus plans approved by the Compensation Committee for each executive. The Compensation Committee is responsible for establishing the compensation including the salaries and bonuses of each executive officer. In accordance with the cash bonus program, the Company did not award cash bonuses for fiscal 2002 to any of its executive officers.

Long-Term Incentive Compensation. The Company's Amended and Restated 2000 Stock Incentive Plan has been established to provide all employees of the Company, including executive officers, with an opportunity to share, along with stockholders of the Company, in the long-term performance of the Company. The Compensation Committee strongly believes that a primary goal of the compensation program is to provide key employees who have significant responsibility for the management, growth and future success of the Company with the opportunity to participate in the financial gain from price increases in the Common Stock. Executives are eligible to receive stock options giving them the right to purchase shares of Common Stock of the Company in the future at a price equal to the fair market value at the date of grant. Unless the Board of Directors, the Compensation Committee or the Chief Executive Officer provides otherwise, option grants to all executives, including the Chief Executive Officer, are exercisable as to one-fourth of the underlying shares on each of the first, second, third and fourth anniversaries of the grant date. Annual grants to executives other than the Chief Executive Officer are considered and approved by the Compensation Committee based upon recommendations made by the Chief Executive Officer at the end of each year based upon (i) the individual executive's performance during that year and (ii) market data relating to option grants to individuals occupying similar positions at comparably situated companies.

During fiscal 2002, the Compensation Committee granted Marc Cohen options to purchase an aggregate of 100,000 shares of Common Stock. During fiscal 2002, the Company granted options to purchase an aggregate of 105,000 shares of Common Stock to the other Named Executive Officers of the Company.

Compliance with Internal Revenue Code Section 162(m)

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public companies for compensation in excess of \$1 million paid to the corporation's Chief Executive Officer and four other most highly compensated officers. Qualifying performance-based compensation will not be

Edgar Filing: OPNET TECHNOLOGIES INC - Form DEF 14A

subject to the deduction limitation if certain requirements are met. The Compensation Committee periodically reviews the potential consequences of Section 162(m) and may structure the performance-based portion of its executive compensation to comply with certain exemptions in Section 162(m). However, the Compensation Committee reserves the right to use its judgment to authorize compensation payments that do not comply with the exemptions in Section 162(m) when the Compensation Committee believes that such payments are appropriate and in the best interests of the stockholders, after taking into consideration changing business conditions or the officer's performance.

Report of the Audit Committee of the Board of Directors

The Audit Committee reviewed the Company's audited financial statements for the fiscal year ended March 31, 2002 and discussed these financial statements with the Company's management. The Audit Committee also reviewed and discussed the audited financial statements and the matters required by Statement on Auditing Standards 61 (Communication with Audit Committees) with Deloitte & Touche LLP, the Company's independent auditors.

The Company's independent auditors also provided the Audit Committee with the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). The Audit Committee discussed with the independent auditors the matters disclosed in this letter and their independence from the Company. The Audit Committee also considered whether the independent auditors' provision of the other, non-audit related services to the Company which are referred to under the heading "Independent Auditor Fees and Other Matters" is compatible with maintaining such auditors' independence.

Based on its discussions with management and the independent auditors, and its review of the representations and information provided by management and the independent auditors, the Audit Committee recommended to the Company's Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended March 31, 2002.

PROPOSAL 2--RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

The Board of Directors has appointed the firm of Deloitte & Touche LLP as the Company's independent auditors for the current fiscal year. Although stockholder approval of the Board of Directors' appointment of Deloitte & Touche is not required by law, the Board of Directors believes that it is advisable to give stockholders an opportunity to ratify this appointment. If this proposal is not approved at the Annual Meeting, the Board of Directors may reconsider its appointment of Deloitte & Touche. Deloitte & Touche served as the Company's independent auditors for the year ended March 31, 2002.

Representatives of Deloitte & Touche are expected to be present at the Annual Meeting and will have the opportunity to make a statement if they desire to do so and will also be available to respond to appropriate questions from stockholders.

Independent Auditor Fees and Other Matters

Audit Fees

Deloitte & Touche billed the Company an aggregate of \$258,300 in fees for professional services rendered in connection with the audit of the Company's financial statements for the most recent fiscal year and the reviews of the financial statements included in each of the Company's Quarterly Reports on

Edgar Filing: OPNET TECHNOLOGIES INC - Form DEF 14A

Form 10-Q during the fiscal year ended March 31, 2002.

Financial Information Systems Design and Implementation Fees

Deloitte & Touche did not render any professional services to the Company and its affiliates for the fiscal year ended March 31, 2002 in connection with financial information systems design or implementation, the operation of the Company's information system or the management of its local area network.

All Other Fees

Deloitte & Touche billed the Company an aggregate of \$202,400 in fees for other services rendered to the Company and its affiliates for the fiscal year ended March 31, 2002.

Other Matters

The Audit Committee considered whether the services rendered by Deloitte & Touche during the fiscal year ended March 31, 2002, other than the services rendered in connection with their audit of the Company's annual financial statements and review of the quarterly financial statements, are compatible with maintaining Deloitte & Touche's independence.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE RATIFICATION OF THE SELECTION OF DELOITTE & TOUCHE LLP TO SERVE AS THE COMPANY'S INDEPENDENT AUDITORS FOR THE FISCAL YEAR ENDING MARCH 31, 2003.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires the Company's directors, executive officers and holders of more than 10% of the Common Stock ("Reporting Persons") to file with the SEC initial reports of ownership and reports of changes in ownership of Common Stock and other equity securities of the Company. Based solely on its review of copies of reports filed by the Reporting Persons furnished to the Company, the Company believes that during the year ended March 31, 2002 the Reporting Persons complied with all Section 16(a) filing requirements.
