THIS PAGE NOT PART OF YOUR FUND REPORT

Dear Shareholder

Throughout the past year, investors were overwhelmed by lingering credit and financial market troubles, surging oil prices and more recently, renewed inflation concerns. Healthy nonfinancial corporate profits and robust exporting activity remained among the few bright spots, helping the economy to grow at a modest, but still positive, pace.

The Federal Reserve Board (the Fed) has been aggressive in its attempts to stoke economic growth and ease financial market instability. In addition to slashing the target federal funds rate 325 basis points (3.25%) between September 2007 and April 2008, the central bank introduced the new Term Securities Lending Facility, granted broker-dealers access to the discount window and used its own balance sheet to help negotiate the sale of Bear Stearns. As widely anticipated, the end of the period saw a pause in Fed action, as the central bank held the target rate steady at 2.0% amid rising inflationary pressures.

As the Fed's bold response to the financial crisis helped ease credit turmoil and investor anxiety, U.S. equity markets sank sharply over the last six months, notwithstanding a brief rally in the spring. International markets were not immune to the tumult, with most regions also registering declines.

Treasury securities also traded in a volatile fashion, but generally rallied (yields fell as prices correspondingly rose), with investors continuing to seek safety as part of a broader flight to quality. The yield on 10-year Treasury issues, which fell to 3.34% in March 2008, climbed up to the 4.20% range in mid-June as investors temporarily shifted out of Treasury issues in favor of riskier assets (such as stocks and other high-quality fixed income sectors), then reversed course and declined to 3.99% by period-end when credit fears re-emerged.

Tax-exempt issues eked out gains for the reporting period, but underperformed their taxable counterparts, as the group continued to be pressured by problems among municipal bond insurers and the breakdown in the market for auction rate securities.

The major benchmark indexes generated results that largely reflected heightened investor risk aversion:

Total Returns as of June 30, 2008	6-month		12-month	
U.S. equities (S&P 500 Index)	(11.91	)%	(13.12	)%
Small cap U.S. equities (Russell 2000 Index)	(9.37	)%	(16.19	)%
International equities (MSCI Europe, Australasia, Far East Index)	(10.96	)%	(10.61	)%
Fixed income (Lehman Brothers U.S. Aggregate Index)	1.13	%	7.12	%
Tax-exempt fixed income (Lehman Brothers Municipal Bond Index)	0.02	%	3.23	%
High yield bonds (Lehman Brothers U.S. Corporate High Yield 2% Issuer Capped Index)	(1.08	)%	(1.74	)%

Past performance is no guarantee of future results. Index performance shown for illustrative purposes only.

You cannot invest directly in an index.

As you navigate today's volatile markets, we encourage you to review your investment goals with your financial professional and to make portfolio changes, as needed. For more up-to-date commentary on the economy and financial markets, we invite you to visit www.blackrock.com/funds. As always, we thank you for entrusting BlackRock with your investment assets, and we look forward to continuing to serve you in the months and years ahead.

Sincerely,

Rob Kapito
President, BlackRock Advisors, LLC

Trust Summary as of June 30, 2008

BlackRock Insured Municipal 2008 Term Trust

Investment Objective

BlackRock Insured Municipal 2008 Term Trust (BRM) (the Trust) seeks to provide monthly income that is exempt from regular federal income tax and to return \$15 per share (the initial offering price per share) to investors on or about December 31, 2008.

Performance

For the six months ended June 30, 2008, the Trust returned 1.49% based on market price and 1.49% based on net asset value (NAV). For the same period, the closed-end Lipper Insured Municipal Debt Funds (Leveraged) category posted an average return of (3.26)% on a NAV basis. All returns reflect reinvestment of dividends. The portfolio is being managed to achieve the goal of returning \$15 per share on 12/31/2008, and is invested with a short duration. This, combined with high credit quality, was the primary driver of the Trust's outperformance during a period of rising long-term rates. Low reinvestment rates for maturing principal detracted from performance.

The views expressed reflect the opinions of BlackRock as of the date of this report and are subject to change based on changes in market, economic or other conditions. These views are not intended to be a forecast of future events and are no guarantee of future results.

AA/Aa	55	

4 Using the higher of Standard and Poor's (S&P's) or Moody's Investors Service (Moody's) ratings.

Investment Objective

BlackRock Insured Municipal Term Trust (BMT) (the Trust) seeks to provide monthly income that is exempt from regular federal income tax and to return \$10 per share (the initial offering price per share) to investors on or about December 31, 2010.

Performance

For the six months ended June 30, 2008, the Trust returned 3.89% based on market price and 1.42% based on NAV. For the same period, the closed-end Lipper Insured Municipal Debt Funds (Leveraged) category posted an average return of (3.26)% on a NAV basis. All returns reflect reinvestment of dividends. The portfolio is being managed to achieve a goal of returning \$10 per share on 12/31/2010, and is invested in shorter-term issues. This was the primary driver of the Trust's outperformance as long-term rates rose during the six months. Leverage was less efficient during the period, which detracted from performance.

The views expressed reflect the opinions of BlackRock as of the date of this report and are subject to change based on changes in market, economic or other conditions. These views are not intended to be a forecast of future events and are no guarantee of future results.

6 The investment advisor has deemed certain of these non-rated securities to be of investment grade quality. As of June 30, 2008, the market value of these securities was \$2,527,101 representing 1% of the Trust's long-term investments.

Investment Objective

BlackRock Municipal 2018 Term Trust (BPK) (the Trust) seeks to provide monthly income that is exempt from regular federal income tax and to return \$15 per share (the initial offering price) to investors on or about December 31, 2018.

Performance

For the six months ended June 30, 2008, the Trust returned 2.10% based on market price and (3.04)% based on NAV. For the same period, the closed-end Lipper General Municipal Debt Funds (Leveraged) category posted an average return of (3.00)% on a NAV basis. All returns reflect reinvestment of dividends. The Trust's shorter duration bias was a positive contributor to performance as long-term rates rose during the six months. Detracting from the Trust's relative performance was the asset allocation to lower-rated issues as the market experienced spread widening.

The views expressed reflect the opinions of BlackRock as of the date of this report and are subject to change based on changes in market, economic or other conditions. These views are not intended to be a forecast of future events and are no guarantee of future results.

6 The investment advisor has deemed certain of these non-rated securities to be of investment grade quality. As of June 30, 2008 and December 31, 2007, the market value of these securities was \$6,691,519 representing 2% and \$5,534,635 representing 2%, respectively, of the Trust's long-term investments.

Investment Objective

BlackRock Municipal 2020 Term Trust (BKK) (the Trust) seeks to provide current income exempt from regular federal income tax and to return \$15 per share (the initial public offering price) on or about December 31, 2020.

Performance

For the six months ended June 30, 2008, the Trust returned 3.94% based on market price and (3.59)% based on NAV. For the same period, the closed-end Lipper General Municipal Debt Funds (Leveraged) category posted an average return of (3.00)% on a NAV basis. All returns reflect reinvestment of dividends. Detracting from the Trust's relative performance was the asset allocation to lower-rated issues as the market experienced spread widening. The Trust's intermediate duration bias was a positive contributor during a period of rising long-term rates.

The views expressed reflect the opinions of BlackRock as of the date of this report and are subject to change based on changes in market, economic or other conditions. These views are not intended to be a forecast of future events and are no guarantee of future results.

⁶ The investment advisor has deemed certain of these non-rated securities to be of investment grade quality. As of June 30, 2008 and December 31, 2007, the market value of these securities was \$2,865,569 representing 1% and \$2,963,570 representing 1%, respectively, of the Trust's long-term investments.

Investment Objective

BlackRock Strategic Municipal Trust (BSD) (the Trust) seeks to provide high current income exempt from regular federal income tax, consistent with the preservation of capital.

Performance

For the six months ended June 30, 2008, the Trust returned (3.75)% based on market price and (4.39)% based on NAV. For the same period, the closed-end Lipper General Municipal Debt Funds (Leveraged) category posted an average return of (3.00)% on a NAV basis. All returns reflect reinvestment of dividends. On the whole, portfolio positioning and credit exposure were the primary detractors from the Trust's relative performance. Throughout the period, we remained focused on delivering a competitive dividend yield. While we were successful in this effort, the Trust's exposure to lower-rated holdings proved detrimental as credit spreads widened considerably. In the interest of sustaining the Trust's competitive yield, we do not anticipate any significant changes in portfolio composition in the near-term.

The views expressed reflect the opinions of BlackRock as of the date of this report and are subject to change based on changes in market, economic or other conditions. These views are not intended to be a forecast of future events and are no guarantee of future results.

6 The investment advisor has deemed certain of these non-rated securities to be of investment grade quality. As of June 30, 2008 and December 31, 2007, the market value of these securities was \$4,482,503 representing 3% and \$4,358,336 representing 3%, respectively, of the Trust's long-term investments.

Investment Objective

BlackRock California Insured Municipal 2008 Term Trust (BFC) (the Trust) seeks to provide monthly income that is exempt from regular federal and California income taxes and to return \$15 per share (the initial public offering price) to investors on or about December 31, 2008.

Performance

For the six months ended June 30, 2008, the Trust returned 1.12% based on market price and 1.26% based on NAV. For the same period, the closed-end Lipper Single-State Insured Municipal Debt Funds category posted an average return of (2.38)% on a NAV basis. All returns reflect reinvestment of dividends. The portfolio is being managed to achieve the goal of returning \$15 per share on 12/31/2008, and is invested primarily in short-term issues. This resulted in the Trust's relative outperformance as long-term rates rose during the six months. Low short-term reinvestment rates detracted from performance.

The views expressed reflect the opinions of BlackRock as of the date of this report and are subject to change based on changes in market, economic or other conditions. These views are not intended to be a forecast of future events and are no guarantee of future results.

SEMI-ANNUAL REPORT

JUNE 30, 2008

9

Investment Objective

BlackRock California Municipal 2018 Term Trust (BJZ) (the Trust) seeks to provide monthly income that is exempt from regular federal and California income taxes and to return \$15 per share (the initial public offering price) to investors on or about December 31, 2018.

Performance

For the six months ended June 30, 2008, the Trust returned 0.04% based on market price and (1.23)% based on NAV. For the same period, the closed-end Lipper California Municipal Debt Funds category posted an average return of (2.42)% on a NAV basis. All returns reflect reinvestment of dividends. The Trust's intermediate duration bias was the primary contributor to relative outperformance during a period of rising long-term rates. The allocation to lower-rated issues detracted from performance as the market experienced spread widening.

The views expressed reflect the opinions of BlackRock as of the date of this report and are subject to change based on changes in market, economic or other conditions. These views are not intended to be a forecast of future events and are no guarantee of future results.

Investment Objective

BlackRock Florida Insured Municipal 2008 Term Trust (BRF) (the Trust) seeks to provide monthly income that is exempt from regular federal income tax and Florida intangible personal property taxes and to return \$15 per share (the initial public offering price) to investors on or about December 31, 2008.

Performance

For the six months ended June 30, 2008, the Trust returned 0.92% based on market price and 1.46% based on NAV. For the same period, the closed-end Lipper Single-State Insured Municipal Debt Funds category posted an average return of (2.38)% on a NAV basis. All returns reflect reinvestment of dividends. The portfolio is being managed to achieve a goal of returning \$15 per share on 12/31/2008, and is invested primarily in short-term issues. This resulted in the relative outperformance as long-term rates rose during the six months. Low short-term reinvestment rates on maturing principal detracted from performance.

The views expressed reflect the opinions of BlackRock as of the date of this report and are subject to change based on changes in market, economic or other conditions. These views are not intended to be a forecast of future events and are no guarantee of future results.

SEMI-ANNUAL REPORT

JUNE 30, 2008

11

Investment Objective

BlackRock Florida Municipal 2020 Term Trust (BFO) (the Trust) seeks to provide current income that is exempt from regular federal income tax and Florida intangible personal property taxes and to return \$15.00 per share (the initial public offering price) on or about December 31, 2020.

Performance

For the six months ended June 30, 2008, the Trust returned (1.81)% based on market price and (1.23)% based on NAV. For the same period, the closed-end Lipper Florida Municipal Debt Funds category posted an average return of (2.48)% on a NAV basis. All returns reflect reinvestment of dividends. The Trust's intermediate duration bias was the primary driver of relative outperformance as long-term rates rose during the six months. Meanwhile, the allocation to lower-rated issues detracted from results as the market experienced spread widening during the period.

The views expressed reflect the opinions of BlackRock as of the date of this report and are subject to change based on changes in market, economic or other conditions. These views are not intended to be a forecast of future events and are no guarantee of future results.

Investment Objective

BlackRock Pennsylvania Strategic Municipal Trust (BPS) (the Trust) seeks to provide monthly income that is exempt from regular federal and Pennsylvania income taxes.

Performance

For the six months ended June 30, 2008, the Trust returned (2.44)% based on market price and (2.74)% based on NAV. For the same period, the closed-end Lipper Pennsylvania Municipal Debt Funds category posted an average return of (2.78)% on a NAV basis. All returns reflect reinvestment of dividends. The Trust's relatively neutral duration posture benefited performance during a period of municipal bond relative underperformance and rising interest rates. The incremental yield derived from the Trust's lower-rated issues also positively impacted recent performance.

The views expressed reflect the opinions of BlackRock as of the date of this report and are subject to change based on changes in market, economic or other conditions. These views are not intended to be a forecast of future events and are no guarantee of future results.

⁶ The investment advisor has deemed certain of these non-rated securities to be of investment grade quality. As of December 31, 2007, the market value of these securities was \$971,150 representing 2% of the Trust's long-term investments.

The Benefits and Risks of Leveraging

The Trusts may utilize leverage to seek to enhance the yield and NAV of their Common Shares. However, these objectives cannot be achieved in all interest rate environments.

To leverage, the Trusts may issue Preferred Shares, which pay dividends at prevailing short-term interest rates, and invest the proceeds in long-term municipal bonds. The interest earned on these investments is paid to Common Shareholders in the form of dividends, and the value of these Portfolios' holdings is reflected in the per share NAV of the Trusts' Common Shares. However, in order to benefit Common Shareholders, the yield curve must be positively sloped; that is, short-term interest rates must be lower than long-term interest rates. At the same time, a period of generally declining interest rates will benefit Common Shareholders. **If either of these conditions change, then the risks of leveraging will begin to outweigh the benefits.**

To illustrate these concepts, assume a trust's Common Share capitalization of \$100 million and the issuance of Preferred Shares for an additional \$50 million, creating a total value of \$150 million available for investment in long-term municipal bonds. If prevailing short-term interest rates are approximately 3% and long-term interest rates are approximately 6%, then the yield curve has a strongly positive slope. The trust pays dividends on the \$50 million of Preferred Shares based on the lower short-term interest rates. At the same time, the trust's total portfolio of \$150 million earns income based on long-term interest rates.

In this case, the dividends paid to Preferred Shareholders are significantly lower than the income earned on the trust's long-term investments, and therefore the Common Shareholders are the beneficiaries of the incremental yield. However, **if short-term interest rates rise**, narrowing the differential between short-term and long-term interest rates, **the incremental yield pickup on the Common Shares will be reduced or eliminated completely.** At the same time, the market value on the trust's Common Shares (that is, its price as listed on the New York Stock Exchange or American Stock Exchange) may, as a result, decline. Furthermore, **if long-term interest rates rise, the Common Shares' NAV will reflect the full decline in the price of the portfolio's investments, since the value of the trust's Preferred Shares does not fluctuate.** In addition to the decline in NAV, the market value of the trust's Common Shares may also decline.

In addition, the Trusts may from time to time leverage their assets through the use of tender option bond (TOB) programs. In a typical TOB program, the Trust transfers one or more municipal bonds to a TOB trust, which issues short-term variable rate securities to third-party investors and a residual interest to the Trust. The cash received by the TOB trust from the issuance of the short-term securities (less transaction expenses) is paid to the Trust, which invests the cash in additional portfolio securities. The distribution rate on the short-term securities is reset periodically (typically every seven days) through a remarketing of the short-term securities. Any income earned on the bonds in the TOB trust, net of expenses incurred by the TOB trust, that is not paid to the holders of the short-term securities is paid to the Trust. In connection with managing the Trusts' assets, the Trusts' investment advisor may at any time retrieve the bonds out of the TOB trust typically within seven days. **TOB investments generally will provide the Trust with economic benefits in periods of declining short-term interest rates, but expose the Trust to risks during periods of rising short-term interest rates similar to those associated with Preferred Shares issued by the Trust, as described above. Additionally, fluctuations in the market value of municipal securities deposited into the TOB trust may adversely affect the Funds' NAVs per share.** (See Note 1 of the Notes to Financial Statements for details of municipal bonds transferred to TOB trusts.).

Under the Investment Company Act of 1940, the Trusts are permitted to issue Preferred Shares in an amount up to 50% of their total managed assets at the time of issuance. Each Trust also anticipates that its total economic leverage from Preferred Shares and TOBs will not exceed 50% of its total managed assets. As of June 30, 2008, the Trusts had leverage from Preferred Shares and

TOBs as a percentage of managed assets as follows:

	Percent of Leverage
Insured Municipal Term Trust	16%
Municipal 2018 Term Trust	38%
Municipal 2020 Term Trust	39%
Strategic Municipal Trust	39%
California Municipal 2018 Term Trust	38%
Florida Municipal 2020 Term Trust	38%
New York Municipal 2018 Term Trust	36%
Pennsylvania Strategic Municipal Trust	39%

Swap Agreements

The Trusts may invest in swap agreements, which are over-the-counter contracts in which one party agrees to make periodic payments based on the change in market value of a specified bond, basket of bonds or index in return for periodic payments based on a fixed or variable interest rate or the change in market value of a different bond, basket of bonds or index. Swap agreements may be used to obtain exposure to a bond or market without owning or taking physical custody of securities. Swap agreements involve the risk that the party with whom each Trust has entered into a swap will default on its obligation to pay the Trust and the risk that the Trust will not be able to meet its obligation to pay the other party to the agreement.

Net Assets Applicable to Common Stock 100.0%		\$412,056,440

* The cost and unrealized appreciation (depreciation) of investments as of June 30, 2008, as computed for federal income tax purposes, were as follows:

Aggregate cost	\$410,191,472
Gross unrealized appreciation	\$1,098,216
Gross unrealized depreciation	(4,417)
Net unrealized appreciation	\$1,093,799

- (a) FSA Insured.
 - (b) FGIC Insured.
 - (c) Represents a zero-coupon bond. Rate shown reflects the effective yield at time of purchase.
 - (d) Variable rate security. Rate shown is as of report date. Maturity shown is the final maturity date.
 - (e) AMBAC Insured.
 - (f) MBIA Insured.
 - (g) Security is collateralized by Municipal or U.S. Treasury Obligations.
 - (h) U.S. Government securities, held in escrow, are used to pay interest on this security as well as to retire the bond, in full, at the date indicated, typically at a premium to par.
 - (i) The interest rates shown reflect the discount rates at the time of purchase.
- Effective January 1, 2008, the Trust adopted Financial Accounting Standards Board Statement of Financial Accounting Standards No. 157, Fair Value Measurements (FAS 157). FAS 157 clarifies the definition of fair value, establishes a framework for measuring fair values and requires additional disclosures about the use of fair value measurements. Various inputs are used in determining the fair value of investments, which are as follows:

Level 1 price quotations in active markets/exchanges for identical securities

Level 2 other observable inputs (including, but not limited to: quoted prices for similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the assets or liabilities (such as interest rates, yield curves, volatilities, prepayment speeds, loss severities, credit risks, and default rates) or other market-corroborated inputs)

Level 3 unobservable inputs based on the best information available in the circumstance, to the extent observable inputs are not available (including the Trust's own assumption used in determining the fair value of investments)

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. For information about the Trust's policy regarding valuation of investments and other significant accounting policies, please refer to Note 1 of the Notes to Financial Statements.

The following table summarizes the inputs used as of June 30, 2008 in determining the fair valuation of the Trust's investments:

Valuation Inputs	Investments in Securities
Level 1	
Level 2	\$411,285,271
Level 3	
Total	\$411,285,271

See Notes to Financial Statements.

Net Assets Applicable to Common Stock 100.0%		\$266,819,234

* The cost and unrealized appreciation (depreciation) of investments as of June 30, 2008, as computed for federal income tax purposes, were as follows:

Aggregate cost	\$301,376,448
Gross unrealized appreciation	\$10,391,362
Gross unrealized depreciation	(3,817)
Net unrealized appreciation	\$10,387,545

(a) MBIA Insured.

(b) FSA Insured.

(c) FGIC Insured.

(d) AMBAC Insured.

(e) Security is collateralized by Municipal or U.S. Treasury Obligations.

(f) Variable rate security. Rate shown is as of report date. Maturity shown is the final maturity date.

(g) Represents a zero coupon bond. Rate shown reflects the effective yield at the time of purchase.

(h) U.S. government securities, held in escrow, are used to pay interest on this security as well as to retire the bond in full at the date indicated, typically at a premium to par.

Effective January 1, 2008, the Trust adopted Financial Accounting Standards Board Statement of Financial Accounting Standards No. 157, Fair Value Measurements (FAS 157). FAS 157 clarifies the definition of fair value, establishes a framework for measuring fair values and requires additional

disclosures about the use of fair value measurements. Various inputs are used in determining the fair value of investments, which are as follows:

Level 1 price quotations in active markets/exchanges for identical securities

Level 2 other observable inputs (including, but not limited to: quoted prices for similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the assets or liabilities (such as interest rates, yield curves, volatilities, prepayment speeds, loss severities, credit risks, and default rates) or other market-corroborated inputs)

Level 3 unobservable inputs based on the best information available in the circumstance, to the extent observable inputs are not available (including the Trust's own assumption used in determining the fair value of investments)

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. For information about the Trust's policy regarding valuation of investments and other significant accounting policies, please refer to Note 1 of the Notes to Financial Statements.

The following table summarizes the inputs used as of June 30, 2008 in determining the fair valuation of the Trust's investments:

Valuation Inputs	Investments in Securities
Level 1	
Level 2	\$311,763,993
Level 3	
Total	\$311,763,993

See Notes to Financial Statements.

Net Assets Applicable to Common Stock 100.0%		\$225,691,757

* The cost and unrealized appreciation (depreciation) of investments as of June 30, 2008, as computed for federal income tax purposes, were as follows:

Aggregate cost	\$ 362,393,673
Gross unrealized appreciation	\$ 9,051,791
Gross unrealized depreciation	(10,271,233)
Net unrealized depreciation	\$ (1,219,442)

(a) FGIC Insured.

(b) Represents a zero-coupon bond. Rate shown reflects the effective yield at the time of purchase.

(c) Security exempt from registration under Rule 144A of the Securities Act of 1933. These securities may be resold in transactions exempt from registration to qualified institutional investors. Unless otherwise indicated, these securities are considered to be liquid.

(d) FSA Insured.

(e) AMBAC Insured.

(f) MBIA Insured.

(g) Represents a step bond. Rate shown reflects the effective yield at the time of purchase.

(h) FNMA Collateralized.

(i) ACA Insured.

(j)

U.S. government securities, held in escrow, are used to pay interest on this security as well as to retire the bond in full at the date indicated, typically at a premium to par.

- (k) Security represents a beneficial interest in a trust. The collateral deposited into the trust is federally tax-exempt revenue bonds issued by various state or local governments, or their respective agencies or authorities. The security is subject to remarketing prior to its stated maturity, and is subject to mandatory redemption at maturity.
- (l) Securities represent bonds transferred to a tender option bond trust in exchange for which the Trust acquired the residual interest certificates. These securities serve as collateral in a financing transaction. See Note 1 of the Notes to Financial Statements for details of municipal bonds transferred to tender option bond trusts.
- (m) Investments in companies considered to be an affiliate of the Trust, for purposes of Section 2(a)(3) of the Investment Company Act of 1940, were as follows:

Affiliate	Net Activity	Dividend Income
Merrill Lynch Institutional Tax-Exempt Fund	5,410,145	\$44,806

- (n) Represents the current yield as of report date.

Effective January 1, 2008, the Trust adopted Financial Accounting Standards Board Statement of Financial Accounting Standards No. 157, Fair Value Measurements (FAS 157). FAS 157 clarifies the definition of fair value, establishes a framework for measuring fair values and requires additional disclosures about the use of fair value measurements. Various inputs are used in determining the fair value of investments, which are as follows:

Level 1 price quotations in active markets/exchanges for identical securities

Level 2 other observable inputs (including, but not limited to: quoted prices for similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the assets or liabilities (such as interest rates, yield curves, volatilities, prepayment speeds, loss severities, credit risks, and default rates) or other market-corroborated inputs)

Level 3 unobservable inputs based on the best information available in the circumstance, to the extent observable inputs are not available (including the Trust's own assumption used in determining the fair value of investments)

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. For information about the Trust's policy regarding valuation of investments and other significant accounting policies, please refer to Note 1 of the Notes to Financial Statements.

The following table summarizes the inputs used as of June 30, 2008 in determining the fair valuation of the Trust's investments:

Valuation Inputs	Investments in Securities
Level 1	\$6,110,145
Level 2	358,814,086
Level 3	
Total	\$364,924,231

See Notes to Financial Statements.

* The cost and unrealized appreciation (depreciation) of investments as of June 30, 2008, as computed for federal income tax purposes, were as follows:

Aggregate cost	\$461,921,530
Gross unrealized appreciation	\$9,724,041
Gross unrealized depreciation	(15,696,164)
Net unrealized depreciation	\$(5,972,123)

- (a) Represents a zero-coupon bond. Rate shown reflects the effective yield at the time of purchase.
 - (b) U.S. government securities, held in escrow, are used to pay interest on this security as well as to retire the bond in full at the date indicated, typically at a premium to par.
 - (c) MBIA Insured.
 - (d) ACA Insured.
 - (e) FSA Insured.
 - (f) Variable rate security. Rate shown is as of report date. Maturity shown is the final maturity date.
 - (g) Security exempt from registration under Rule 144A of the Securities Act of 1933. These securities may be resold in transactions exempt from registration to qualified institutional investors. Unless otherwise indicated, these securities are considered to be liquid.
 - (h) AMBAC Insured.
 - (i) FNMA Collateralized.
 - (j) FGIC Insured.
 - (k) Security represents a beneficial interest in a trust. The collateral deposited into the trust is federally tax-exempt revenue bonds issued by various state or local governments, or their respective agencies or authorities. The security is subject to remarketing prior to its stated maturity, and is subject to mandatory redemption at maturity.
 - (l) Securities represent bonds transferred to a tender option bond trust in exchange for which the Trust acquired residual interest certificates. These securities serve as collateral in a financing transaction. See Note 1 of the Notes to Financial Statements for details of municipal bonds transferred to tender option bond trusts.
- Effective January 1, 2008, the Trust adopted Financial Accounting Standards Board Statement of Financial Accounting Standards No. 157, Fair Value Measurements (FAS 157). FAS 157 clarifies the definition of fair value, establishes a framework for measuring fair values and requires additional

disclosures about the use of fair value measurements. Various inputs are used in determining the fair value of investments, which are as follows:

Level 1 price quotations in active markets/exchanges for identical securities

Level 2 other observable inputs (including, but not limited to: quoted prices for similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the assets or liabilities (such as interest rates, yield curves, volatilities, prepayment speeds, loss severities, credit risks, and default rates) or other market-corroborated inputs)

Level 3 unobservable inputs based on the best information available in the circumstance, to the extent observable inputs are not available (including the Trust's own assumption used in determining the fair value of investments)

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. For information about the Trust's policy regarding valuation of investments and other significant accounting policies, please refer to Note 1 of the Notes to Financial Statements.

The following table summarizes the inputs used as of June 30, 2008 in determining the fair valuation of the Trust's investments:

Valuation Inputs	Investments in Securities
Level 1	
Level 2	\$459,699,407
Level 3	
Total	\$459,699,407

See Notes to Financial Statements.

* The cost and unrealized appreciation (depreciation) of investments as of June 30, 2008, as computed for federal income tax purposes, were as follows:

Aggregate cost	\$146,897,783
Gross unrealized appreciation	\$2,773,967
Gross unrealized depreciation	(5,839,049)
Net unrealized depreciation	\$(3,065,082)

- (a) Represents a zero-coupon bond. Rate shown reflects the effective yield at the time of purchase.
- (b) CIFG Insured.
- (c) FSA Insured.
- (d) U.S. government securities, held in escrow, are used to pay interest on this security as well as to retire the bond in full at the date indicated, typically at a premium to par.
- (e) Security exempt from registration under Rule 144A of the Securities Act of 1933. These securities may be resold in transactions exempt from registration to qualified institutional investors. Unless otherwise indicated, these securities are considered to be liquid.
- (f) XL Capital Insured.
- (g) MBIA Insured.
- (h) FHLMC Collateralized.
- (i) FNMA/GNMA Collateralized.

- (j) AMBAC Insured.
- (k) FGIC Insured.
- (l) Security represents a beneficial interest in a trust. The collateral deposited into the trust is federally tax-exempt revenue bonds issued by various state or local governments, or their respective agencies or authorities. The security is subject to remarketing prior to its stated maturity, and is subject to mandatory redemption at maturity.
- (m) Assured Guaranty Insured.
- (n) Securities represent bonds transferred to a tender option bond trust in exchange for which the Trust acquired residual interest certificates. These securities serve as collateral in a financing transaction. See Note 1 of the Notes to Financial Statements for details of municipal bonds transferred to tender option bond trusts.
- (o) Represents the current yield as of report date.
- (p) Investments in companies considered to be an affiliate of the Trust, for purposes of Section 2(a)(3) of the Investment Company Act of 1940, were as follows:

Affiliate	Net Activity	Dividend Income
Merrill Lynch Institutional Tax-Exempt Fund	1,100,933	\$47,426

Forward interest rate swaps outstanding as of June 30, 2008 were as follows:

Total		\$(61,961)

Effective January 1, 2008, the Trust adopted Financial Accounting Standards Board Statement of Financial Accounting Standards No. 157, Fair Value Measurements (FAS 157). FAS 157 clarifies the definition of fair value, establishes a framework for measuring fair values and requires additional disclosures about the use of fair value measurements. Various inputs are used in determining the fair value of investments, which are as follows:

- Level 1 price quotations in active markets/exchanges for identical securities
- Level 2 other observable inputs (including, but not limited to: quoted prices for similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the assets or liabilities (such as interest rates, yield curves, volatilities, prepayment speeds, loss severities, credit risks, and default rates) or other market-corroborated inputs)
- Level 3 unobservable inputs based on the best information available in the circumstance, to the extent observable inputs are not available (including the Trust's own assumption used in determining the fair value of investments)

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. For information about the Trust's policy regarding valuation of investments and other significant accounting policies, please refer to Note 1 of the Notes to Financial Statements.

The following table summarizes the inputs used as of June 30, 2008 in determining the fair valuation of the Trust's investments:

Valuation Inputs	Investments in Securities	Other Financial Instruments*
Level 1	\$1,100,933	
Level 2	156,981,047	\$(61,961)
Level 3		
Total	\$158,081,980	\$(61,961)

* Other financial instruments are swaps.

Schedule of Investments (concluded)

BlackRock California Municipal 2018 Term Trust (BJZ)
(Percentages shown are based on Net Assets)

Short-Term Securities	Shares	Value
CMA California Municipal Money Fund, 1.28% (l)(m)	726,393	\$726,393
Total Short-Term Securities (Cost \$726,393) 0.8%		726,393
Total Investments (Cost \$146,451,435*) 158.9%		145,995,098
Other Assets Less Liabilities 1.6%		1,463,802
Preferred Shares, at Redemption Value (60.5)%		(55,552,931)
Net Assets Applicable to Common Shares 100.0%		\$91,905,969

* The cost and unrealized appreciation (depreciation) of investments as of June 30, 2008, as computed for federal income tax purposes, were as follows:

Aggregate cost	\$146,451,170
Gross unrealized appreciation	\$2,034,199
Gross unrealized depreciation	(2,490,271)
Net unrealized depreciation	\$(456,072)

- (a) U.S. government securities, held in escrow, are used to pay interest on this security as well as to retire the bond in full at the date indicated, typically at a premium to par.
- (b) When-issued security.
- (c) MBIA Insured.
- (d) FGIC Insured.
- (e) Represents a zero-coupon bond. Rate shown reflects the effective yield at the time of purchase.
- (f) FSA Insured.
- (g) AMBAC Insured.
- (h) Security exempt from registration under Rule 144A of the Securities Act of 1933. These securities may be resold in transactions exempt from registration to qualified institutional investors. Unless otherwise indicated, these securities are considered to be liquid.
- (i) Security represents a beneficial interest in a trust. The collateral deposited into the trust is federally tax-exempt revenue bonds issued by various state or local governments, or their respective agencies or authorities. The security is subject to remarketing prior to its stated maturity, and is subject to mandatory redemption at maturity.
- (j) Commonwealth Guaranteed.
- (k) Security is collateralized by Municipal or U.S. Treasury Obligations.
- (l) Represents the current yield as of report date.
- (m) Investments in companies considered to be an affiliate of the Trust, for purposes of Section 2(a)(3) of the Investment Company Act of 1940, were as follows:

Affiliate	Net Activity	Dividend Income
CMA California Municipal Money Fund	(3,583,900)	\$27,952

Effective January 1, 2008, the Trust adopted Financial Accounting Standards Board Statement of Financial Accounting Standards No. 157, Fair Value Measurements (FAS 157). FAS 157 clarifies the definition of fair value, establishes a framework for measuring fair values and requires additional disclosures about the use of fair value measurements.

Various inputs are used in determining the fair value of investments, which are as follows:

- Level 1 price quotations in active markets/exchanges for identical securities
- Level 2 other observable inputs (including, but not limited to: quoted prices for similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the assets or liabilities (such as interest rates, yield curves, volatilities, prepayment speeds, loss severities, credit risks, and default rates) or other market-corroborated inputs)
- Level 3 unobservable inputs based on the best information available in the circumstance, to the extent observable inputs are not available (including the Trust's own assumption used in determining the fair value of investments)

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. For information about the Trust's policy regarding valuation of investments and other significant accounting policies, please refer to Note 1 of the Notes to Financial Statements.

The following table summarizes the inputs used as of June 30, 2008 in determining the fair valuation of the Trust's investments:

Valuation Inputs	Investments in Securities
Level 1	\$726,393
Level 2	145,268,705
Level 3	
Total	\$145,995,098

See Notes to Financial Statements.

Preferred Shares, at Redemption Value (54.4)%		(42,903,071)
Net Assets Applicable to Common Shares 100.0%		\$78,973,682

* The cost and unrealized appreciation (depreciation) of investments as of June 30, 2008, as computed for federal income tax purposes, were as follows:

Aggregate cost	\$121,180,511
Gross unrealized appreciation	\$1,608,381
Gross unrealized depreciation	(2,146,044)
Net unrealized depreciation	\$(537,663)

(a) FSA Insured.

(b) U.S. government securities, held in escrow, are used to pay interest on this security as well as to retire the bond in full at the date indicated, typically at a premium to par.

(c) MBIA Insured.

(d) AMBAC Insured.

(e) FHLMC Collateralized.

- (f) FNMA/GNMA Collateralized.
- (g) Represents a zero-coupon bond. Rate shown reflects the effective yield at the time of purchase.
- (h) ACA Insured.
- (i) Variable rate security. Rate shown is as of report date. Maturity shown is the final maturity date.
- (j) Securities represent bonds transferred to a tender option bond trust, in exchange for which the Trust acquired residual interest certificates. These securities serve as collateral in a financing transaction. See Note 1 of Notes to Financial Statements for details of municipal bonds transferred to tender option bond trusts.
- (k) Investments in companies considered to be an affiliate of the Trust, for purposes of Section 2(a)(3) of the Investment Company Act of 1940, were as follows:

Affiliate	Net Activity	Dividend Income
CMA Florida Municipal Money Fund	2,080	\$2,078

- (l) Represents the current yield as of report date.

- (m) When-issued security.

Effective January 1, 2008, the Trust adopted Financial Accounting Standards Board Statement of Financial Accounting Standards No. 157, Fair Value Measurements (FAS 157). FAS 157 clarifies the definition of fair value, establishes a framework for measuring fair values and requires additional disclosures about the use of fair value measurements. Various inputs are used in determining the fair value of investments, which are as follows:

Level 1 price quotations in active markets/exchanges for identical securities

Level 2 other observable inputs (including, but not limited to: quoted prices for similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the assets or liabilities (such as interest rates, yield curves, volatilities, prepayment speeds, loss severities, credit risks, and default rates) or other market-corroborated inputs)

Level 3 unobservable inputs based on the best information available in the circumstance, to the extent observable inputs are not available (including the Trust's own assumption used in determining the fair value of investments)

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. For information about the Trust's policy regarding valuation of investments and other significant accounting policies, please refer to Note 1 of the Notes to Financial Statements.

The following table summarizes the inputs used as of June 30, 2008 in determining the fair valuation of the Trust's investments:

Valuation Inputs	Investments in Securities
Level 1	\$2,542
Level 2	126,650,306
Level 3	
Total	\$126,652,848

See Notes to Financial Statements.

See Notes to Financial Statements.

- * The cost and unrealized appreciation (depreciation) of investments as of June 30, 2008, as computed for federal income tax purposes, were as follows:

Aggregate cost	\$45,480,690
Gross unrealized appreciation	\$918,661
Gross unrealized depreciation	(1,506,147)
Net unrealized depreciation	\$(587,486)

- (a) MBIA Insured.
- (b) U.S. government securities, held in escrow, are used to pay interest on this security as well as to retire the bond in full at the date indicated, typically at a premium to par.
- (c) FSA Insured.
- (d) FGIC Insured.
- (e) Security is collateralized by Municipal or U.S. Treasury Obligations.
- (f) XL Capital Insured.
- (g) AMBAC Insured.
- (h) Security exempt from registration under Rule 144A of the Securities Act of 1933. These securities may be resold in transactions exempt from registration to qualified institutional investors. Unless otherwise indicated, these securities are considered to be liquid.
- (i) Security represents a beneficial interest in a trust. The collateral deposited into the trust is federally tax-exempt revenue bonds issued by various state or local governments, or their respective agencies or authorities. The security is subject to remarketing prior to its stated maturity, and is subject to mandatory redemption at maturity.
- (j) Securities represent bonds transferred to a tender option bond trust in exchange for which the Trust acquired residual interest certificates. These securities serve as collateral in a financing transaction. See Note 1 of Notes to Financial Statements for details of municipal bonds transferred to tender option bond trusts.
- (k) Investments in companies considered to be an affiliate of the Trust, for purposes of Section 2(a)(3) of the Investment Company Act of 1940, were as follows:

Affiliate	Net Activity	Dividend Income
CMA Pennsylvania Municipal Money Fund	4,828,065	\$28,789

- (l) Represents the current yield as of report date.

- (m) When-issued security.

Swaps outstanding as of June 30, 2008 were as follows:

	Notional Amount (000)	Unrealized Appreciation
Pay a fixed rate of 3.378% and receive a floating rate based on 1-week Securities Industry		

and Financial
Markets Association
Municipal Swap
Index rate
Broker, JPMorgan
Chase

Expires August 2018\$ 1,600 \$ 13,427

Effective January 1, 2008, the Trust adopted Financial Accounting Standards Board Statement of Financial Accounting Standards No. 157, Fair Value Measurements (FAS 157). FAS 157 clarifies the definition of fair value, establishes a framework for measuring fair values and requires additional disclosures about the use of fair value measurements.

Various inputs are used in determining the fair value of investments, which are as follows:

Level 1 price quotations in active markets/exchanges for identical securities

Level 2 other observable inputs (including, but not limited to: quoted prices for similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the assets or liabilities (such as interest rates, yield curves, volatilities, prepayment speeds, loss severities, credit risks, and default rates) or other market-corroborated inputs)

Level 3 unobservable inputs based on the best information available in the circumstance, to the extent observable inputs are not available (including the Trust's own assumption used in determining the fair value of investments)

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. For information about the Trust's policy regarding valuation of investments and other significant accounting policies, please refer to Note 1 of the Notes to Financial Statements.

The following table summarizes the inputs used as of June 30, 2008 in determining the fair valuation of the Trust's investments:

Valuation Inputs	Investments in Securities	Other Financial Instruments*
Level 1	\$6,165,049	
Level 2	39,397,242	\$ 13,427
Level 3		
Total	\$45,562,291	\$ 13,427

* Other financial instruments are swaps.

See Notes to Financial Statements.

Notes to Financial Statements (Unaudited)

1. Significant Accounting Policies:

The BlackRock Insured Municipal 2008 Term Trust Inc. (Insured Municipal 2008), The BlackRock Insured Municipal Term Trust Inc. (Insured Municipal), The BlackRock California Insured Municipal 2008 Term Trust Inc. (California Insured 2008) and The BlackRock New York Insured Municipal 2008 Term Trust Inc. (New York Insured 2008) were organized as Maryland corporations. BlackRock Municipal 2018 Term Trust (Municipal 2018), BlackRock Municipal 2020 Term Trust (Municipal 2020), The BlackRock Strategic Municipal Trust (Strategic Municipal), BlackRock California Municipal 2018 Term Trust (California 2018), BlackRock Florida Municipal 2020 Term Trust (Florida 2020), BlackRock New York Municipal 2018 Term Trust (New York 2018) and The BlackRock Pennsylvania Strategic Municipal Trust (Pennsylvania Strategic) were organized as Delaware statutory trusts. The BlackRock Florida Insured Municipal 2008 Term Trust (Florida Insured 2008) was organized as a Massachusetts business trust. Insured Municipal 2008, Insured Municipal, Municipal 2018, Municipal 2020 and Strategic Municipal are registered under the Investment Company Act of 1940, as amended (the 1940 Act), as diversified closed-end management investment companies. California Insured 2008, California 2018, Florida Insured 2008, Florida 2020, New York Insured 2008, New York 2018 and Pennsylvania Strategic are registered as non-diversified closed-end management investment companies under the 1940 Act. Insured Municipal 2008, California Insured 2008, Florida Insured 2008 and New York Insured 2008 are herein referred to as the 2008 Trusts. Municipal 2018, California 2018 and New York 2018 are herein referred to as the 2018 Trusts. Municipal 2020 and Florida 2020 are herein referred to as the 2020 Trusts. Strategic Municipal and Pennsylvania Strategic are herein referred to as the Strategic Trusts. The 2008 Trusts will terminate on or about December 31, 2008. The Trusts' financial statements are prepared in conformity with accounting principles generally accepted in the United States of America, which may require the use of management accruals and estimates. Actual results may differ from these estimates.

The following is a summary of significant accounting policies followed by the Trusts.

Valuation of Investments: Municipal investments (including commitments to purchase such investments on a when-issued basis) are valued on the basis of prices provided by dealers or pricing services selected under the supervision of each Trust's Board of Trustees (the Board). In determining the value of a particular investment, pricing services may use certain information with respect to transactions in such investments, quotations from dealers, pricing matrixes, market transactions in comparable investments and various relationships between investments. Financial futures contracts are traded on exchanges and are valued at their last sale price. Swaps are valued by quoted fair values received daily by the Trusts' pricing service or through brokers. Short-term securities are valued at amortized cost. Investments in open-end investment companies are valued at net asset value each business day.

In the event that application of these methods of valuation results in a price for an investment which is deemed not to be representative of the market value of such investment, the investment will be valued by a method approved by each Trust's Board as reflecting fair value (Fair Value Assets). When determining the price for Fair Value Assets, the investment advisor and/or sub-advisor seeks to determine the price that each Trust might reasonably expect to receive from the current sale of that asset in an arm's-length transaction. Fair value determinations shall be based upon all available factors that the investment advisor and/or sub-advisor deems relevant. The pricing of all Fair Value Assets is subsequently reported to the Board or a committee thereof.

Derivative Financial Instruments: Each Trust may engage in various portfolio investment strategies to increase the return of the Trust and to hedge, or protect, its exposure to interest rate movements and movements in the securities markets. Losses may arise if the value of the contract decreases due to an unfavorable change in the price of the underlying security or if the counterparty does not perform under the

contract.

Financial Futures Contracts: Each Trust may purchase or sell financial futures contracts and options on such futures contracts. Futures contracts are contracts for delayed delivery of securities at a specific future date and at a specific price or yield. Upon entering into a contract, the Trust deposits and maintains as collateral such initial margin as required by the exchange on which the transaction is effected. Pursuant to the contract, the Trust agrees to receive from, or pay to, the broker an amount of cash equal to the daily fluctuation in value of the contract. Such receipts or payments are known as margin variation and are recognized by the Trust as unrealized gains or losses. When the contract is closed, the Trust records a realized gain or loss equal to the difference between the value of the contract at the time it was opened and the value at the time it was closed.

Forward Interest Rate Swaps: Each Trust may enter into forward interest rate swaps. In a forward interest rate swap, the Trust and the counterparty agree to make periodic net payments on a specified notional contract amount, commencing on a specified future effective date, unless terminated earlier. Changes in the value of forward interest rate swaps are recognized as unrealized gains and losses. When the agreement is closed, the Trust records a realized gain or loss in an amount equal to the value of the agreement. The Trusts generally intend to close each forward interest rate swap before the effective date specified in the agreement and therefore avoid entering into the interest rate swap underlying each forward interest rate swap.

Forward Commitments and When-Issued Delayed Delivery Securities: The Trusts may purchase securities on a when-issued basis and may purchase or sell securities on a forward commitment basis. Settlement of such transactions normally occurs within a month or more after the purchase or sale commitment is made. The Trusts may purchase securities under such conditions only with the intention of actually acquiring them, but may enter into a separate agreement to sell the securities before the settlement date. Since the value of securities purchased may fluctuate prior to settlement, the Trusts may be required to pay more at settlement than the security is worth. In addition, the purchaser is not entitled to any of the interest earned prior to settlement. Upon making a commitment to purchase a security on a

[Notes to Financial Statements \(continued\)](#)

when-issued basis, the Trusts will hold liquid assets worth at least the equivalent of the amount due.

Municipal Bonds Transferred to Tender Option Bond Trusts: The Trusts leverage their assets through the use of tender option bond trusts (TOBs). A TOB is established by a third party sponsor forming a special purpose entity, into which one or more funds, or an agent on behalf of the Trusts, transfers municipal securities. Other funds managed by the investment advisor may also contribute municipal securities to a TOB into which the Trust has contributed securities. A TOB typically issues two classes of beneficial interests: short-term floating rate certificates, which are sold to third party investors, and residual certificates (TOB Residuals), which are generally issued to the participating Trust that made the transfer. The TOB Residuals held by the Trusts include the right of the Trusts (1) to cause the holders of a proportional share of the floating rate certificates to tender their certificates at par, and (2) to transfer, within seven days, a corresponding share of the municipal securities from the TOB to the Trusts. The cash received by the TOB from the sale of the short-term floating rate certificates, less transaction expenses, is paid to the Trust, which typically invests the cash in additional municipal securities. The Trusts' transfer of the municipal securities to a TOB is accounted for as a secured borrowing, therefore the municipal securities deposited into a TOB are presented in the Trust's Schedule of Investments and the proceeds from the transaction are reported as a liability of the Trust.

Interest income from the underlying security is recorded by the Trusts on an accrual basis. Interest expense incurred on the secured borrowing and other expenses related to remarketing, administration and trustee services to a TOB are reported as expenses of the Trusts. The floating rate certificates have interest rates that generally reset weekly and their holders have the option to tender certificates to the TOB for redemption at par at each reset date. At June 30, 2008, the aggregate value of the underlying municipal securities transferred to TOBs, the related liability for trust certificates and the range of interest rates on the liability for trust certificates were as follows:

	Underlying Municipal Bonds Transferred to TOBs	Liability for Trust Certificates	Range of Interest Rates
Municipal 2018	\$ 5,294,450	\$ 3,750,000	1.663%
Municipal 2020	5,294,450	3,750,000	1.663%
Strategic Municipal	22,633,706	14,249,279	1.608%-1.850%
Florida Municipal 2020	9,061,079	6,010,000	1.646%-1.875%
Pennsylvania Strategic Municipal	1,011,655	669,087	1.692%

Financial transactions executed through TOBs generally will underperform the market for fixed rate municipal bonds in a rising interest rate environment, but tend to outperform the market for fixed rate bonds when interest rates decline or remain relatively stable. Should short-term interest rates rise, the Trusts' investment in TOBs likely will adversely affect the Trusts' net investment income and distributions to shareholders. Fluctuations in the market value of municipal securities deposited into the TOB may adversely affect the Trusts' net asset value per share.

Zero-Coupon Bonds: The Trusts may invest in zero-coupon bonds, which are normally issued at a significant discount from face value and do not provide for periodic interest payments. Zero-coupon bonds may experience greater volatility in market value than similar maturity debt obligations which provide for regular interest payments.

Segregation: In cases in which the 1940 Act, and the interpretive positions of the Securities and Exchange Commission (the SEC) require that each Trust segregate assets in connection with certain investments (e.g., futures) or certain borrowings, each Trust will, consistent with certain interpretive letters issued by the SEC, designate on its books and records cash or other liquid debt securities having a market value at least equal to the amount that would otherwise be required to be physically segregated.

Investment Transactions and Investment Income: Investment transactions are recorded on the dates the transactions are entered into (the trade dates). Realized gains and losses on security transactions are determined on the identified cost basis. Dividend income is recorded on the ex-dividend dates. Interest income is recognized on the accrual method. Each Trust amortizes all premiums and discounts on debt securities.

Dividends and Distributions: Dividends from net investment income are declared daily and paid monthly. Distributions of capital gains are recorded on the ex-dividend dates. Dividends and distributions to holders of Preferred Shares are accrued and determined as described in Note 4.

Income Taxes: It is each Trust's policy to comply with the requirements of the Internal Revenue Code applicable to regulated investment companies and to distribute substantially all of its taxable income to its shareholders. Therefore, no federal income tax provision is required.

Each Trust files U.S. federal and various state and local tax returns. No income tax returns are currently under examination. The statute of limitations on the Trusts' U.S. federal tax returns remains open for the years ended December 31, 2004 through December 31, 2006. The statutes of limitations on the Trusts' state and local tax returns may remain open for an additional year depending upon the jurisdiction.

Recent Accounting Pronouncement: In March 2008, Statement of Financial Accounting Standards No. 161, Disclosures about Derivative Instruments and Hedging Activities – an amendment of FASB Statement No. 133 (FAS 161) was issued and is effective for fiscal years beginning after November 15, 2008. FAS 161 is intended to improve financial reporting for derivative instruments by requiring enhanced disclosure that enables investors to understand how and why an entity uses derivatives, how derivatives are accounted for and how derivative instruments affect an entity's results of operations and financial position. The impact on the Trusts' financial statement disclosures, if any, is currently being assessed.

Notes to Financial Statements (continued)

Deferred Compensation and BlackRock Closed-End Share Equivalent Investment Plan: Under the deferred compensation plan approved by each of the Trusts' Board, non-interested Trustees (Independent Trustees) defer a portion of their annual complex-wide compensation. Deferred amounts earn an approximate return as though equivalent dollar amounts had been invested in common shares of other certain BlackRock Closed-End Funds selected by the Independent Trustees. This has approximately the same economic effect for the Independent Trustees as if the Independent Trustees had invested the deferred amounts directly in other certain BlackRock Closed-End Funds.

The deferred compensation plan is not funded and obligations thereunder represent general unsecured claims against the general assets of each Trust. Each Trust may, however, elect to invest in common shares of other certain BlackRock Closed-End Funds selected by the Independent Trustees in order to match its deferred compensation obligations. Investments to cover each Trust's deferred compensation liability are included in other assets on the Statements of Assets and Liabilities.

Other: Expenses directly related to each Trust are charged to that Trust. Other operating expenses shared by several funds are pro-rated among those funds on the basis of relative net assets or other appropriate methods.

2. Investment Advisory Agreement and Other Transactions with Affiliates:

Each Trust entered into an Investment Advisory Agreement with BlackRock Advisors, LLC (the Advisor), an indirect, wholly owned subsidiary of BlackRock, Inc., to provide investment advisory and administration services. Merrill Lynch & Co., Inc. (Merrill Lynch) and The PNC Financial Services Group, Inc. are principal owners of BlackRock, Inc.

The Advisor is responsible for the management of each Trust's portfolio and provides the necessary personnel, facilities, equipment and certain other services necessary to the operations of each Trust. For such services, each Trust pays the Advisor a monthly fee at an annual rate of 0.35% for 2008 Trusts and Insured Municipal Trust, 0.40% for the 2018 Trusts, 0.50% for the 2020 Trusts and 0.60% for the Strategic Trusts of the applicable Trust's average weekly value of the Trusts' net assets including proceeds from the issuance of Preferred Shares and TOBs.

The Advisor has voluntarily agreed to waive a portion of the investment advisory fee on the Strategic Trusts as a percentage of net assets including proceeds from the issuance of Preferred Shares and TOBs as follows: 0.25% for the first five years of each of the Strategic Trust's operations from 1999 through December 31, 2004, 0.20% through December 31, 2005, 0.15% through December 31, 2006, 0.10% through December 31, 2007 and 0.05% through December 31, 2008. This amount is shown on the Statements of Operations as investment advisory fees waived.

The administration fee paid to the Advisor by the 2008 Trusts and Insured Municipal Trust is computed weekly and payable monthly based on an annual rate of 0.10% of each Trust's average weekly managed assets.

The Advisor has agreed to waive its advisory fees by the amount of investment advisory fees each Trust pays to the Advisor indirectly through its investment in affiliated money market funds. This amount is shown on the Statements of Operations as fees waived by advisor. For the six months ended June 30, 2008, the amounts were as follows:

	Fees Waived by Advisor
Municipal 2018	\$3,930
Strategic Municipal	4,903
California Municipal 2018	5,196
Florida Municipal 2020	618
New York Municipal 2018	13,412
Pennsylvania Strategic Municipal	8,550

The Advisor has entered into a separate sub-advisory agreement with BlackRock Financial Management, Inc. (BFM), an affiliate of the Advisor, with respect to the 2018 Trusts, 2020 Trusts and Strategic Trusts, under which the Advisor pays BFM for services it provides, a monthly fee that is a percentage of the investment advisory fee paid by the Trusts to the Advisor.

For the six months ended June 30, 2008, the Trusts reimbursed the Advisor for certain accounting services in the following amounts, which are included in accounting services in the Statements of Operations:

	Amount
Municipal 2018	\$3,102
Municipal 2020	3,759
Strategic Municipal	1,288
California Municipal 2018	1,238
Florida Municipal 2020	1,071
New York Municipal 2018	738

Pursuant to the terms of their custody agreement, each Trust received earnings credits from its custodian for positive cash balances maintained, which are used to offset custody fees. These credits are shown on the Statements of Operations as fees paid indirectly.

Certain officers and/or trustees of the Trusts are officers and/or directors of BlackRock, Inc. or its affiliates.

3. Investments:

Purchases and sales of investments, excluding short-term securities, for the six months ended June 30, 2008 were as follows:

	Purchases	Sales
Insured Municipal 2008	\$20,084,729	184,506,901
Insured Municipal	71,812	24,242,294
Municipal 2018	13,796,779	11,398,197
Municipal 2020	13,229,971	15,838,484
Strategic Municipal	22,091,718	22,936,885
California Insured Municipal 2008	17,269	43,660,192
California Municipal 2018	3,626,579	
Florida Insured Municipal 2008	50,325,092	34,933,416
Florida Municipal 2020	5,213,576	8,168,425
New York Insured Municipal 2008	279,893	116,112,576

New York Municipal 2018	3,520,708	7,126,089
Pennsylvania Strategic Municipal	10,010,741	12,698,280

Notes to Financial Statements (continued)

4. Capital Share Transactions:

There are 200 million of \$0.01 par value common shares authorized for each of the 2008 Trusts and Insured Municipal. There are an unlimited number of \$0.001 par value common shares authorized for each of the 2018 Trusts, 2020 Trusts and Strategic Trusts. Each Trust may classify or reclassify any unissued common shares into one or more series of Auction Preferred Shares. At June 30, 2008, the common shares owned by affiliates of the Advisor of each Trust were as follows:

	Common Shares Owned
Municipal 2020	8,028
Florida 2020	8,028

During the six months ended June 30, 2008 and the year ended December 31, 2007 the following Trusts issued additional shares under their respective dividend reinvestment plans:

	June 30, 2008	December 31, 2007
Strategic Municipal	6,166	14,017
Pennsylvania Strategic	1,436	2,582

As of June 30, 2008, the Trusts had the following series of Preferred Shares outstanding as listed in the table below. The Preferred Shares have a liquidation value of \$25,000 per share plus any accumulated unpaid dividends.

	Series	Shares
Insured Municipal	M7	2,000
Municipal 2018	W7	2,677
	R7	2,677
Municipal 2020	M7	2,318
	W7	2,318
	F7	2,318
Strategic Municipal	W7	1,910
California 2018	M7	2,221
Florida 2020	F7	1,716
New York 2018	T7	1,256
Pennsylvania Strategic	W7	673

On May 19, 2008, the Trusts announced the following redemptions of Preferred Shares at a price of \$25,000 per share plus any accrued and unpaid dividends through the redemption date:

Series	Redemption Date	Shares to be Redeemed	Aggregate Price
--------	--------------------	-----------------------------	--------------------

Insured Municipal	M7	6/24/08	600	\$15,000,000
Municipal 2018	W7	6/26/08	75	\$1,875,000
	R7	6/27/08	75	\$1,875,000
Municipal 2020	M7	6/24/08	50	\$1,250,000
	W7	6/26/08	50	\$1,250,000
	F7	6/30/08	50	\$1,250,000
Strategic Municipal	W7	6/26/08	570	\$14,250,000
Florida 2020	F7	6/30/08	240	\$6,000,000
Pennsylvania Strategic	W7	6/26/08	27	\$675,000

The Trusts financed the Preferred Shares redemptions with cash received from TOBs.

Dividends on seven-day Preferred Shares are cumulative at a rate which is reset every seven days based on the results of an auction. If the Preferred Shares fail to clear the auction on an auction date, the affected Trust is required to pay the maximum applicable rate on the Preferred Shares to holders of such shares for successive dividend periods until such time as the shares is successfully auctioned. The maximum applicable rate on the Preferred Shares is the higher of 110% of the AA commercial paper rate or 110% of 90% of the Kenny S&P 30-day High Grade Index rate divided by 1.00 minus the marginal tax rate. During the six months ended June 30, 2008, the Preferred Shares of each Trust were successfully auctioned at each auction date until February 13, 2008. The low, high and average dividend ranges on the Preferred Shares for each Trust for the six months ended June 30, 2008 were as follows:

	Series	Low	High	Average	
Insured Municipal	M7	2.40	% 4.51	% 3.23	%
Municipal 2018	W7	2.60	4.36	3.32	
	R7	2.48	4.51	3.36	
Municipal 2020	M7	2.48	4.60	3.39	
	W7	2.54	4.75	3.32	
	F7	2.48	4.60	3.35	
Strategic Municipal	W7	2.54	4.72	3.39	
California 2018	M7	2.48	4.51	3.30	
Florida 2020	F7	2.48	4.60	3.50	
New York 2018	T7	2.49	4.36	3.26	
Pennsylvania Strategic	W7	1.70	4.36	3.19	

Since February 13, 2008 the Preferred Shares of each Trust failed to clear any auctions. As a result, the Preferred Share dividend rates were reset to the maximum applicable rate, which ranged from 2.59% to 4.51%. A failed auction is not an event of default for the Trusts but it is a liquidity event for the holders of the Preferred Shares. A failed auction occurs when there are more sellers of a trust's auction rate preferred share than buyers. It is impossible to predict how long this imbalance will last. An auction for each Trust's Preferred Shares may not occur for some time, if ever, and even if liquidity does resume, holders of Preferred Shares may not have the ability to sell the Preferred Shares at their liquidation preference.

A Trust may not declare dividends or make other distributions on Common Shares or purchase any such shares if, at the time of the declaration, distribution or purchase, asset coverage with respect to the outstanding Preferred Shares would be less than 200%.

The Preferred Shares are redeemable at the option of each Trust, in whole or in part, on any dividend payment date at \$25,000 per share plus any accumulated unpaid dividends whether or not declared. The Preferred Shares are also subject to mandatory redemption at \$25,000 per share plus any accumulated or unpaid dividends, whether or not declared, if certain requirements relating to the composition of the assets

Edgar Filing: BLACKROCK FLORIDA INSURED MUNICIPAL 2008 TERM TRUST - Form N-CSRS
and liabilities of a Trust, as set forth in each Trust's Statement of Preferences/Articles
Supplementary/Certificate of Designation, are not satisfied.

SEMI-ANNUAL REPORT

JUNE 30, 2008 65

[Notes to Financial Statements \(concluded\)](#)

The holders of Preferred Shares have voting rights equal to the holders of Common Shares (one vote per share) and will vote together with holders of Common Shares (one vote per share) as a single class. However, holders of Preferred Shares, voting as a separate class, are also entitled to elect two Trustees for each Trust. In addition, the 1940 Act requires that along with approval by shareholders that might otherwise be required, the approval of the holders of a majority of any outstanding Preferred Shares, voting separately as a class would be required to (a) adopt any plan of reorganization that would adversely affect the Preferred Shares, (b) change a Trust's sub-classification as a closed-end investment company or change its fundamental investment restrictions or (c) change its business so as to cease to be an investment company.

5. Capital Loss Carryforwards:

For federal income tax purposes, the following Trusts had capital loss carry-forwards at December 31, 2007, the Trusts' last tax year-end (other than the 2020 Trusts and Strategic Trusts, each of which has a tax year-end of June 30th). These amounts may be used to offset future realized capital gains, if any:

	Capital Loss Carryforward Amount	Expires
Insured Municipal 2008	\$1,251,338	2014
	253,682	2015
	\$1,505,020	
Municipal 2018	\$6,633,095	2012
	6,967,122	2014
	889,102	2015
	\$14,489,319	
Municipal 2020	\$408,381	2013
	524,725	2015
	411,993	2016
	\$1,345,059	
Strategic Municipal	\$427,602	2012
	1,011,077	2013

	590,480	2012
	333,477	2015
	\$1,548,767	
Pennsylvania Strategic Municipal	\$133,646	2013
	127,957	2016
	\$261,603	

6. Concentration Risk:

Each Trusts' investments are concentrated in certain states, which may be affected by adverse financial, social, environmental, economic, regulatory and political factors.

Many municipalities insure repayment of their bonds, which reduces the risk of loss due to issuer default. The market value of these bonds may fluctuate for other reasons and there is no assurance that the insurer will meet its obligation.

7. Subsequent Events:

The Trusts paid an ordinary income dividend in the following amounts per share on August 1, 2008 to shareholders of record on July 15, 2008:

	Common Dividend Per Share
Insured Municipal 2008	\$0.025500
Insured Municipal	0.030417
Municipal 2018	0.075500
Municipal 2020	0.062250
Strategic Municipal	0.062500
California Insured Municipal 2008	0.027500
California Municipal 2018	0.061250
Florida Insured Municipal 2008	0.005000
Florida Municipal 2020	0.051000
New York Insured Municipal 2008	0.027500
New York Municipal 2018	0.068750
Pennsylvania Strategic Municipal	0.045000

The dividends declared on preferred shares for the period July 1, 2008 to July 31, 2008 for the Trusts were as follows:

	Series	Dividends Declared
Insured Municipal	M7	113,325
Municipal 2018	W7	156,594
	R7	158,569
Municipal 2020	M7	131,769
	W7	135,609
	F7	134,354
Strategic Municipal	W7	111,759
California 2018	M7	126,304
Florida 2020	F7	99,435
New York 2018	T7	80,723
Pennsylvania Strategic	W7	43,799

Important Tax Information

BlackRock Municipal 2020 Term Trust

All of the net investment income distributions paid by BlackRock Municipal 2020 Term Trust during the taxable year ended June 30, 2008 qualify as tax-exempt interest dividends for Federal income tax purposes.

Additionally, the following summarizes the taxable per share distributions paid by the fund during the taxable year ended June 30, 2008:

	Record Date	Payable Date	Ordinary Income
Common Shareholders	12/28/2007	1/14/2008	\$0.018776

Disclosure of Investment Advisory Agreement and Subadvisory Agreement

The Board of Directors or Board of Trustees, as the case may be (collectively, the Board, the members of which are referred to as Directors), of the BlackRock Insured Municipal 2008 Term Trust, Inc. (BRM), BlackRock Insured Municipal Term Trust, Inc. (BMT), BlackRock Municipal 2018 Term Trust (BPK), BlackRock Municipal 2020 Term Trust (BKK), BlackRock Strategic Municipal Trust (BSD), BlackRock California Insured Municipal 2008 Term Trust, Inc. (BFC), BlackRock California Municipal 2018 Term Trust (BJZ), BlackRock Florida Insured Municipal 2008 Term Trust, Inc. (BRF), BlackRock Florida Municipal 2020 Term Trust (BFO), BlackRock New York Insured Municipal 2008 Term Trust, Inc. (BLN), BlackRock New York Municipal 2018 Term Trust (BLH) and BlackRock Pennsylvania Strategic Municipal Trust (BPS), and together with BLH, BLN, BFO, BRF, BJZ, BFC, BSD, BKK, BPK, BMT and BRM, the Funds) met in April and May 2008 to consider approving the continuation of each Fund s investment advisory agreement (each, an Advisory Agreement) with BlackRock Advisors, LLC (the Advisor), each Fund s investment adviser. The Board also considered the approval of each Fund s subadvisory agreement, if applicable (each, a Subadvisory Agreement and, together with the Advisory Agreement, the Agreements), between the Advisor and BlackRock Financial Management, Inc. (the Subadvisor). The Advisor and the Subadvisor are collectively referred to herein as the Advisors and, together with BlackRock, Inc., BlackRock.

Activities and Composition of the Board

The Board of Directors of each Fund consists of thirteen individuals, eleven of whom are not interested persons of the Funds as defined in the Investment Company Act of 1940 (the 1940 Act) (the Independent Directors). The Directors are responsible for the oversight of the operations of the Funds and perform the various duties imposed on the directors of investment companies by the 1940 Act. The Independent Directors have retained independent legal counsel to assist them in connection with their duties. The Chairman of the Board is an Independent Director. The Board has established four standing committees: an Audit Committee, a Governance and Nominating Committee, a Compliance Committee and a Performance Oversight Committee.

Advisory Agreement and Subadvisory Agreement

Upon the consummation of the combination of BlackRock, Inc. s investment management business with Merrill Lynch & Co., Inc. s investment management business, including Merrill Lynch Investment Managers, L.P., and certain affiliates, each Fund entered into an Advisory Agreement and a Subadvisory Agreement, each with an initial two-year term. Consistent with the 1940 Act, after the Advisory Agreement s and Subadvisory Agreement s respective initial two-year term, the Board is required to consider the continuation of each Fund s Advisory Agreement and Subadvisory Agreement on an annual basis. In connection with this process, the Board assessed, among other things, the nature, scope and quality of the services provided to each Fund by the personnel of BlackRock and its affiliates, including investment advisory services, administrative services, secondary market support services, oversight of fund accounting and custody, and assistance in meeting legal and regulatory requirements. The Board also received and assessed information regarding the services provided to each Fund by certain unaffiliated service providers.

Throughout the year, the Board also considered a range of information in connection with its oversight of the services provided by BlackRock and its affiliates. Among the matters the Board considered were: (a) investment performance for one-, three- and five-year periods, as applicable, against peer funds, as well as senior management and portfolio managers analysis of the reasons for underperformance, if applicable; (b) fees, including advisory, administration and other fees paid to BlackRock and its affiliates by each Fund, as applicable; (c) Fund operating expenses paid to third parties; (d) the resources devoted to and compliance reports relating to each Fund s investment objective, policies and restrictions; (e) each Fund s compliance with its Code of Ethics and compliance policies and procedures; (f) the nature, cost and

character of non-investment management services provided by BlackRock and its affiliates; (g) BlackRock's and other service providers' internal controls; (h) BlackRock's implementation of the proxy voting guidelines approved by the Board; (i) execution quality; (j) valuation and liquidity procedures; and (k) reviews of BlackRock's business, including BlackRock's response to the increasing scale of its business.

Board Considerations in Approving the Advisory Agreement and Subadvisory Agreement

To assist the Board in its evaluation of the Agreements, the Directors received information from BlackRock in advance of the April 22, 2008 meeting which detailed, among other things, the organization, business lines and capabilities of the Advisors, including: (a) the responsibilities of various departments and key personnel and biographical information relating to key personnel; (b) financial statements for BlackRock; (c) the advisory and/or administrative fees paid by each Fund to the Advisors, including comparisons, compiled by Lipper, Inc. ("Lipper"), an independent third party, with the management fees, which include advisory and administration fees, of funds with similar investment objectives ("Peers"); (d) the profitability of BlackRock and certain industry profitability analyses for advisers to registered investment companies; (e) the expenses of BlackRock in providing various services; (f) non-investment advisory reimbursements, if applicable, and "fallout" benefits to BlackRock; (g) economies of scale, if any, generated through the Advisors' management of all of the BlackRock closed-end funds (the "Fund Complex"); (h) the expenses of each Fund, including comparisons of respective Fund's expense ratios (both before and after any fee waivers) with the expense ratios of its Peers; (i) an internal comparison of management fees classified by Lipper, if applicable; and (j) each Fund's performance for the past one-, three- and five-year periods, as applicable, as well as each Fund's performance compared to its Peers.

The Board also considered other matters it deemed important to the approval process, where applicable, such as payments made to BlackRock or its affiliates relating to the distribution of Fund shares, services related to the valuation and pricing of Fund portfolio holdings, and direct and indirect benefits to BlackRock and its affiliates from their relationship with the Funds.

In addition to the foregoing materials, independent legal counsel to the Independent Directors provided a legal memorandum outlining, among other things, the duties of the Board under the 1940 Act, as well as the general principles of relevant law in reviewing and approving advisory contracts, the

[Disclosure of Investment Advisory Agreement and Subadvisory Agreement \(continued\)](#)

requirements of the 1940 Act in such matters, an adviser's fiduciary duty with respect to advisory agreements and compensation, and the standards used by courts in determining whether investment company boards of directors have fulfilled their duties and the factors to be considered by boards in voting on advisory agreements.

The Independent Directors reviewed this information and discussed it with independent legal counsel prior to the meeting on April 22, 2008. At the Board meeting on April 22, 2008, BlackRock made a presentation to and responded to questions from the Board. Following the meeting on April 22, 2008, the Board presented BlackRock with questions and requests for additional information. BlackRock responded to these requests with additional written materials provided to the Directors prior to the meetings on May 29 and 30, 2008. At the Board meetings on May 29 and 30, 2008, BlackRock responded to further questions from the Board. In connection with BlackRock's presentations, the Board considered each Agreement and, in consultation with independent legal counsel, reviewed the factors set out in judicial decisions and SEC statements relating to the renewal of the Agreements.

Matters Considered by the Board

In connection with its deliberations with respect to the Agreements, the Board considered all factors it believed relevant with respect to each Fund, including the following: the nature, extent and quality of the services provided by the Advisors; the investment performance of each Fund; the costs of the services to be provided and profits to be realized by the Advisors and their affiliates from their relationship with the Funds; the extent to which economies of scale would be realized as the Fund Complex grows; and whether BlackRock realizes other benefits from its relationship with the Funds.

A. Nature, Extent and Quality of the Services: In evaluating the nature, extent and quality of the Advisors' services, the Board reviewed information concerning the types of services that the Advisors provide and are expected to provide to each Fund, narrative and statistical information concerning each Fund's performance record and how such performance compares to each Fund's Peers, information describing BlackRock's organization and its various departments, the experience and responsibilities of key personnel and available resources. The Board noted the willingness of the personnel of BlackRock to engage in open, candid discussions with the Board. The Board further considered the quality of the Advisors' investment process in making portfolio management decisions.

In addition to advisory services, the Directors considered the quality of the administrative and non-investment advisory services provided to the Funds. The Advisors and their affiliates provided each Fund with such administrative and other services, as applicable (in addition to any such services provided by others for the Funds), and officers and other personnel as are necessary for the operations of the respective Fund. In addition to investment management services, the Advisors and their affiliates provided each Fund with services such as: preparing shareholder reports and communications, including annual and semi-annual financial statements and the Funds' web-sites; communications with analysts to support secondary market trading; assisting with daily accounting and pricing; preparing periodic filings with regulators and stock exchanges; overseeing and coordinating the activities of other service providers; administering and organizing Board meetings and preparing the Board materials for such meetings; providing legal and compliance support (such as helping to prepare proxy statements and responding to regulatory inquiries); and performing other Fund administrative tasks necessary for the operation of the respective Fund (such as tax reporting and fulfilling regulatory filing requirements). The Board considered the Advisors' policies and procedures for assuring compliance with applicable laws and regulations.

B. The Investment Performance of the Funds and BlackRock: As previously noted, the Board received performance information regarding each Fund and its Peers. Among other things, the Board received

materials reflecting each Fund's historic performance and each Fund's performance compared to its Peers. More specifically, each Fund's one-, three- and five-year total returns (as applicable) were evaluated relative to its Peers (including the Peers' median performance).

The Board reviewed a narrative and statistical analysis of the Lipper data that was prepared by BlackRock, which analyzed various factors that affect Lipper rankings.

The Board noted that although BRM, BMT, BFC, BRF and BLN underperformed their respective Peers, each Fund has a limited life and will seek to return to investors their initial investment on a fixed termination date, whereas their respective Peers are perpetual funds. Since these Funds are approaching their termination date, they maintain a shorter duration and, all other things being equal, generally will have a lower return than their respective Peers.

The Board noted that although BSD and BPS underperformed each Fund's respective Peers in at least two of the one-, three- and five-year periods reported, BSD and BPS outperformed each Fund's respective Peers in at least two of such periods based on a customized performance comparison provided by BlackRock utilizing a subset of the Lipper universe which gives a greater significance to current distributions, providing a more accurate comparison.

The Board noted that in general BPK, BJZ and BLH performed better than each Fund's respective Peers in that each Fund's performance was at or above the median in at least two of the one-, three- and five-year periods reported.

The Board noted that in general BKK and BFO performed better than their respective Peers in that their performance was at or above the median in at least two of the one-year, three-year and since inception periods reported.

After considering this information, the Boards concluded that the performance of each Fund, in light of and after considering the other facts and circumstances applicable to each Fund, supports a conclusion that each Fund's Agreements should be renewed.

C. Consideration of the Advisory Fees and the Cost of the Services and Profits to be Realized by BlackRock and its Affiliates from their Relationship with the Funds: In evaluating the management fees and expenses that each Fund is expected to bear, the Board considered each Fund's current man-

[Disclosure of Investment Advisory Agreement and Subadvisory Agreement \(concluded\)](#)

agement fee structure and each Fund's expense ratios in absolute terms as well as relative to the fees and expense ratios of its applicable Peers. The Board, among other things, reviewed comparisons of each Fund's gross management fees before and after any applicable reimbursements and fee waivers and total expense ratios before and after any applicable waivers with those of applicable Peers. The Board also reviewed a narrative analysis of the Peer rankings prepared by Lipper and summarized by BlackRock at the request of the Board. This summary placed the Peer rankings into context by analyzing various factors that affect these comparisons.

The Board noted that the Funds paid contractual management fees lower than or equal to the median contractual fees paid by each Fund's respective Peers. This comparison was made without giving effect to any expense reimbursements or fee waivers.

The Board also compared the management fees charged and services provided by the Advisors to closed-end funds in general versus other types of clients (such as open-end investment companies and separately managed institutional accounts) in similar investment categories. The Board noted certain differences in services provided and costs incurred by the Advisor with respect to closed-end funds compared to these other types of clients and the reasons for such differences.

In connection with the Board's consideration of the fees and expense information, the Board reviewed the considerable investment management experience of the Advisors and considered the high level of investment management, administrative and other services provided by the Advisors. In light of these factors and the other facts and circumstances applicable to each Fund, the Board concluded that the fees paid and level of expenses incurred by each Fund under its Agreements support a conclusion that each Fund's Agreements should be renewed.

D. Profitability of BlackRock: The Board also considered BlackRock's profitability in conjunction with its review of fees. The Board reviewed BlackRock's profitability with respect to the Fund Complex and other fund complexes managed by the Advisors. In reviewing profitability, the Board recognized that one of the most difficult issues in determining profitability is establishing a method of allocating expenses. The Board also reviewed BlackRock's assumptions and methodology of allocating expenses, noting the inherent limitations in allocating costs among various advisory products. The Board also recognized that individual fund or product line profitability of other advisors is generally not publicly available.

The Board recognized that profitability may be affected by numerous factors including, among other things, the types of funds managed, expense allocations and business mix, and therefore comparability of profitability is somewhat limited. Nevertheless, to the extent available, the Board considered BlackRock's operating margin compared to the operating margin estimated by BlackRock for a leading investment management firm whose operations consist primarily of advising closed-end funds. The comparison indicated that BlackRock's operating margin was approximately the same as the operating margin of such firm.

In evaluating the reasonableness of the Advisors' compensation, the Board also considered any other revenues paid to the Advisors, including partial reimbursements paid to the Advisors for certain non-investment advisory services, if applicable. The Board noted that these payments were less than the Advisors' costs for providing these services. The Board also considered indirect benefits (such as soft dollar arrangements) that the Advisors and their affiliates are expected to receive, which are attributable to their management of the Fund.

The Board concluded that BlackRock's profitability, in light of all the other facts and circumstances applicable to each Fund, supports a conclusion that each Fund's Agreements should be renewed.

E. Economies of Scale: In reviewing each Fund's fees and expenses, the Board examined the potential benefits of economies of scale, and whether any economies of scale should be reflected in the Fund's fee structure, for example through the use of breakpoints for the Fund or the Fund Complex. In this regard, the Board reviewed information provided by BlackRock, noting that most closed-end fund complexes do not have fund-level breakpoints because closed-end funds generally do not experience substantial growth after their initial public offering and each fund is managed independently consistent with its own investment objectives. The Board noted that only three closed-end funds in the Fund Complex have breakpoints in their fee structures. Information provided by Lipper also revealed that only one closed-end fund complex used a complex-level breakpoint structure. The Board found, based on its review of comparable funds, that each Fund's management fee is appropriate in light of the scale of the Fund.

F. Other Factors: In evaluating fees, the Board also considered indirect benefits or profits the Advisors or their affiliates may receive as a result of their relationships with the Funds ("fall-out benefits"). The Directors, including the Independent Directors, considered the intangible benefits that accrue to the Advisors and their affiliates by virtue of their relationships with the Funds, including potential benefits accruing to the Advisors and their affiliates as a result of participating in offerings of the Funds' shares, potentially stronger relationships with members of the broker-dealer community, increased name recognition of the Advisors and their affiliates, enhanced sales of other investment funds and products sponsored by the Advisors and their affiliates and increased assets under management which may increase the benefits realized by the Advisors from soft dollar arrangements with broker-dealers. The Board also considered the unquantifiable nature of these potential benefits.

Conclusion with Respect to the Agreements

In reviewing the Agreements, the Directors did not identify any single factor discussed above as all-important or controlling and different Directors may have attributed different weights to the various factors considered. The Directors, including the Independent Directors, unanimously determined that each of the factors described above, in light of all the other factors and all of the facts and circumstances applicable to each respective Fund, was acceptable for each Fund and supported the Directors' conclusion that the terms of each Agreement were fair and reasonable, that each Fund's fees are reasonable in light of the services provided to the respective Fund and that each Agreement should be approved.

[Additional Information](#)

Availability of Quarterly Schedule of Investments

Each Trust files their complete schedule of portfolio holdings with the Securities and Exchange Commission (SEC) for the first and third quarters of each fiscal year on Form N-Q. Each Trust's Forms N-Q are available on the SEC's website at <http://www.sec.gov> and may also be reviewed and copied at the SEC's Public Reference Room in Washington, DC.

Information on the operation of the Public Reference Room may be obtained by calling (800) SEC-0330. Each Trust's Forms N-Q may also be obtained upon request and without charge by calling (800) 441-7762.

Electronic Delivery

Electronic copies of most financial reports are available on the Trusts' website or shareholders can sign up for e-mail notifications of quarterly statements, annual and semi-annual reports and prospectuses by enrolling in the Trusts' electronic delivery program.

Shareholders Who Hold Accounts with Investment Advisors, Banks or Brokerages:

Please contact your financial advisor to enroll. Please note that not all investment advisors, banks or brokerages may offer this service.

General Information

The Trusts will mail only one copy of shareholder documents, including annual and semi-annual reports and proxy statements, to shareholders with multiple accounts at the same address. This practice is commonly called "householding" and it is intended to reduce expenses and eliminate duplicate mailings of shareholder documents. Mailings of your shareholder documents may be househanded indefinitely unless you instruct us otherwise. If you do not want the mailing of these documents to be combined with those for other members of your household, please contact the Trusts at (800) 441-7762.

Quarterly performance, semi-annual and annual reports and other information regarding each Trust may be found on BlackRock's website, which can be accessed at <http://www.blackrock.com>. This reference to BlackRock's website is intended to allow investors public access to information regarding each Trust and does not, and is not intended to, incorporate BlackRock's website into this report.

Additional Information (continued)

Section 19 Notices

These amounts and sources of distributions reported are only estimates and are not being provided for tax reporting purposes. The actual amounts and source for tax reporting purposes will depend upon each Trust's investment experience during the remainder of its fiscal year end and may be subject to changes based on the tax regulations. The Trusts will send you a Form 1099-DIV for the calendar year that will tell you how to report these distributions for federal income tax purposes.

Deposit Securities

Effective May 30, 2008, following approval by the Trusts' Board and the applicable ratings agencies, the definition of "Deposited Securities" in the Trusts' Statement of Preferences/Certificate of Designation/Articles Supplementary was amended in order to facilitate the redemption of the Trusts' Preferred Shares. The following phrase was added to the definition of "Deposit Securities" found in the Statement of Preferences/Certificate of Designation/Articles Supplementary of BMT, BPK, BSD, BJZ, BLH and BPS:

; provided, however, that solely in connection with any redemption of Preferred Shares, the term "Deposit Securities" shall include (i) any committed financing pursuant to a credit agreement, reverse repurchase agreement facility or similar credit arrangement, in each case which makes available to the Trust, no later than the day preceding the applicable redemption date, cash in an amount not less than the aggregate amount due to Holders by reason of the redemption of their shares of Preferred Shares on such redemption date; and (ii) cash amounts due and payable to the Trust out of a sale of its securities if such cash amount is not less than the aggregate amount due to Holders by reason of the redemption of their shares of Preferred Shares on such redemption date and such sale will be settled not later than the day preceding the applicable redemption date.

The following sentence was added to the optimal redemption section found in the Statement of Preferences/Certificate of Designation/Articles Supplementary of BKK and BFO:

For the purposes of this section, the term "liquid securities" shall include:

(i) any committed financing pursuant to a credit agreement, reverse repurchase agreement facility or similar credit arrangement, in each case which makes available to the Trust, no later than the day preceding the applicable redemption date, cash in an amount not less than the aggregate amount due to Holders by reason of the redemption of their shares of Preferred Shares on such redemption date; and (ii) cash amounts due and payable to the Trust out of a sale of its securities if such cash amount is not less than the aggregate amount due to Holders by reason of the redemption of their shares of Preferred Shares on such redemption date and such sale will be settled not later than the day preceding the applicable redemption date.

BlackRock Privacy Principles

BlackRock is committed to maintaining the privacy of its current and former fund investors and individual clients (collectively, Clients) and to safeguarding their nonpublic personal information. The following information is provided to help you understand what personal information BlackRock collects, how we protect that information and why in certain cases we share such information with select parties.

If you are located in a jurisdiction where specific laws, rules or regulations require BlackRock to provide you with additional or different privacy-related rights beyond what is set forth below, then BlackRock will comply with those specific laws, rules or regulations.

BlackRock obtains or verifies personal nonpublic information from and about you from different sources, including the following: (i) information we receive from you or, if applicable, your financial intermediary, on applications, forms or other documents; (ii) information about your transactions with us, our affiliates, or others; (iii) information we receive from a consumer reporting agency; and (iv) from visits to our websites.

BlackRock does not sell or disclose to nonaffiliated third parties any nonpublic information about its Clients, except as permitted by law or as necessary to service Client accounts. These nonaffiliated third parties are required to protect the confidentiality and security of this information and to use it only for its intended purpose.

We may share information with our affiliates to service your account or to provide you with information about other BlackRock products or services that may be of interest to you. In addition, BlackRock restricts access to nonpublic personal information about its Clients to those BlackRock employees with a legitimate business need for the information. BlackRock maintains physical, electronic and procedural safeguards that are designed to protect the nonpublic personal information of its Clients, including procedures relating to the proper storage and disposal of such information.

This report is transmitted to shareholders only. It is not a prospectus. Past performance results shown in this report should not be considered a representation of future performance. The Trusts have leveraged their Common Shares, which creates risks for Common Shareholders, including the likelihood of greater volatility of net asset value and market price of the Common Shares and the risk that fluctuations in the short-term dividend rates of the Preferred Shares, currently set at the maximum reset rate as a result of failed auctions, may affect the yield to Common Shareholders. Statements and other information herein are as dated and are subject to change.

A description of the policies and procedures that the Trusts use to determine how to vote proxies relating to portfolio securities is available (1) without charge, upon request, by calling toll-free (800) 411-7762; (2) at www.blackrock.com; and (3) on the Securities and Exchange Commission's website at <http://www.sec.gov>. Information about how each Trust voted proxies relating to securities held in each Trust's portfolio during the most recent 12-month period ended June 30 is available upon request and without charge (1) at www.blackrock.com or by calling (800) 441-7762 and (2) on the Securities and Exchange Commission's website at <http://www.sec.gov>.
