PROXY STATEMENT

GENERAL INFORMATION

We are providing these proxy materials to you for the solicitation of proxies by the Board of Directors of Foot Locker, Inc. for the 2009 Annual Meeting of Shareholders and for any adjournments or postponements of this meeting. We are holding this annual meeting on May 20, 2009 at 9:00 A.M., local time, at our corporate headquarters located at 112 West 34th Street, New York, New York 10120. In this proxy statement we refer to Foot Locker, Inc. as Foot Locker, the Company, we, our, or us.

Important Notice Regarding the Availability of Proxy Materials for the Shareholder Meeting To Be Held on May 20, 2009

**The Company's Proxy Statement and 2008 Annual Report/Form 10-K are available at
<http://materials.proxyvote.com/344849>**

We are pleased to be using again this year a procedure approved by the Securities and Exchange Commission that allows companies to furnish their proxy materials to shareholders over the Internet instead of mailing full sets of the printed materials. We believe that this procedure will reduce costs, provide greater flexibility to our shareholders, and lessen the environmental impact of our Annual Meeting. On or about April 9, 2009, we started mailing to most of our shareholders in the United States a Notice of Internet Availability of Proxy Materials (the Foot Locker Notice). The Foot Locker Notice contains instructions on how to access and read our 2009 Proxy Statement and our 2008 Annual Report to Shareholders on the Internet and to vote online. **If you received a Foot Locker Notice by mail, you will not receive paper copies of the proxy materials in the mail unless you request them.** Instead, the Foot Locker Notice instructs you on how to access and read the Proxy Statement and Annual Report and how you may submit your proxy over the Internet. If you received a Foot Locker Notice by mail and would like to receive a printed copy of the materials, please follow the instructions on the Foot Locker Notice for requesting the materials, and we will promptly mail the materials to you.

We are mailing to shareholders, or making available to shareholders via the Internet, this Proxy Statement, form of proxy card, and our 2008 Annual Report/Form 10-K on or about April 9, 2009.

QUESTIONS AND ANSWERS ABOUT THIS ANNUAL MEETING AND VOTING

What is included in these proxy materials?

The proxy materials include our 2009 Proxy Statement and 2008 Annual Report/Form 10-K. If you received printed copies of these materials by mail, these materials also include the proxy card for this annual meeting.

May I obtain an additional copy of the Form 10-K?

Our Form 10-K for the 2008 fiscal year ended January 31, 2009 is included with the 2008 Annual Report. You may obtain an additional copy of our 2008 Form 10-K without charge by writing to our Investor Relations Department at Foot Locker, Inc., 112 West 34th Street, New York, New York 10120. It is also available free of charge through our corporate web site at http://www.footlocker-inc.com/IR_index.htm.

What constitutes a quorum for the Annual Meeting?

We will have a quorum and will be able to conduct the business of the Annual Meeting if the holders of a majority of the shares outstanding are present at the meeting, either in person or by proxy. We will count abstentions and broker non-votes, if any, as present and entitled to vote in determining whether we have a quorum.

What is the record date for this meeting?

The record date for this meeting is March 27, 2009. If you were a Foot Locker shareholder on this date, you are entitled to vote on the items of business described in this proxy statement.

Do I need a ticket to attend the Annual Meeting?

You will need an admission ticket to attend the Annual Meeting. Attendance at the meeting will be limited to shareholders on March 27, 2009 (or their authorized representatives) having an admission ticket or proof of their share ownership, and guests of the Company. If you plan to attend the meeting, please indicate this when you are voting by telephone or Internet or check the box on your proxy card, and we will promptly mail an admission ticket to you.

If your shares are held in the name of a bank, broker, or other holder of record and you plan to attend the meeting, you can obtain an admission ticket in advance by providing proof of your ownership, such as a bank or brokerage account statement, to the Corporate Secretary at Foot Locker, Inc., 112 West 34th Street, New York, New York 10120. If you do not have an admission ticket, you must show proof of your ownership of the Company's Common Stock at the registration table at the door.

What are shareholders voting on at this meeting?

You are being asked to vote on the following items:

Proposal 1: Election of three directors in Class III and one director in Class II;

Proposal 2: Ratification of the appointment of KPMG LLP as our independent registered public accountants for 2009; and

Proposal 3: Approval of an amendment to our By-Laws.

How does the Board of Directors recommend that I vote on the proposals?

The Board recommends that you vote **FOR** each of the three proposals being voted on at the meeting.

Could other matters be voted on at the Annual Meeting?

We do not know of any other business that will be presented at the 2009 annual meeting. If any other matters are properly brought before the meeting for consideration, then the persons named as proxies will have the discretion to vote on those matters for you using their best judgment.

Who may vote at the Annual Meeting?

The only voting securities of Foot Locker are our shares of Common Stock. Only shareholders of record on the books of the Company on March 27, 2009 are entitled to vote at the annual meeting and any adjournments or postponements. Each share is entitled to one vote. There were 154,xxx,xxx shares of Common Stock outstanding on March 27, 2009.

What are the voting requirements to elect directors and to approve the other proposals?

Directors must be elected by a plurality of the votes cast by shareholders. (Please see our policy described on Page 7 regarding resignations by directors who do not receive more for votes than

withheld votes.) The other proposals being voted on at this meeting require the favorable vote of a majority of the votes cast by shareholders to be approved.

How will the votes be counted?

Votes will be counted and certified by representatives of our transfer agent, BNY Mellon Shareowner Services, as inspectors of election. The inspectors of election are independent and are not employees of Foot Locker.

We do not count abstentions and broker non-votes, if any, in determining the votes cast for any proposal. Votes withheld for the election of one or more of the nominees for director will not be counted as votes cast for them.

Broker non-votes occur when brokers or other entities holding shares for an owner in street name do not receive voting instructions from the owner on non-routine matters and, consequently, have no discretion to vote on those matters. If a proposal is routine under the rules of The New York Stock Exchange, then the brokers or other entities may vote the shares held by them even though they have not received instructions from the owner.

The Company's Certificate of Incorporation and By-laws do not contain any provisions on the effect of abstentions or broker non-votes.

Will my vote be confidential?

We maintain the confidentiality of our shareholders' votes. All proxy cards, electronic voting, voting instructions, ballots and voting tabulations identifying shareholders are kept confidential from the Company, except:

as necessary
to meet any
applicable
legal
requirements,

when a
shareholder
requests
disclosure or
writes a
comment on a
proxy card,

in a contested
proxy
solicitation,
and

to allow
independent
inspectors of
election to
tabulate and

certify the
vote.

How do I vote my shares?

You may vote using any of the following methods:

Telephone

If you are located within the United States or Canada, you can vote your shares by telephone by calling the toll-free telephone number printed on your Notice of Internet Availability of Proxy Materials (Notice), on your proxy card, or in the instructions that accompany your proxy materials, as applicable, and following the recorded instructions. You will need the control number printed on your Notice, on your proxy card, or in the instructions that accompany your proxy materials, as applicable. Telephone voting is available 24 hours a day and will be accessible until 9:00 A.M. on May 20, 2009. The telephone voting system has easy to follow instructions and allows you to confirm that the system has properly recorded your vote. **If you vote by telephone, you do NOT need to return a proxy card or voting instruction form.** If you are an owner in street name, please follow the instructions that accompany your proxy materials.

Internet

You can also choose to vote your shares by the Internet. You will need the control number printed on your Notice, on your proxy card, or in the instructions that accompany your proxy materials, as applicable. The web site for Internet voting is listed on your Notice, proxy card, or in the instructions that accompany your proxy materials. Internet voting is available 24 hours a day and will be accessible until 9:00 A.M. on May 20, 2009. As with telephone voting, you will be able to confirm that the system has properly recorded your vote. **If you vote via the Internet, you do NOT need to return a proxy card or voting instruction form.**

Mail

If you are a holder of record and received printed copies of the materials by mail, you may choose to vote by mail. Simply mark your proxy card, date and sign it, and return it in the postage-paid envelope that we included with your materials. If you hold your shares through a bank or brokerage account, please complete and mail the voting instruction form in the envelope provided.

Ballot at the Annual Meeting

You may also vote by ballot at the Annual Meeting if you decide to attend in person. If your shares are held in the name of a bank, broker or other holder of record, you must obtain a proxy, executed in your favor, from the holder of record to be able to vote at the meeting.

All shares that have been properly voted and not revoked will be voted at the Annual Meeting. If you sign and return a proxy card but do not give voting instructions, the shares represented by that proxy card will be voted as recommended by the Board of Directors.

Can I change my mind after voting my shares?

You may revoke your proxy at any time before it is used by (i) sending a written notice to the Company at its corporate headquarters, (ii) delivering a valid proxy card with a later date, (iii) providing a later dated vote by telephone or Internet, or (iv) voting by ballot at the Annual Meeting.

Are shares held in employee plans included on the proxy card?

If you hold shares of Foot Locker Common Stock through the Foot Locker 401(k) Plan or the Foot Locker Puerto Rico 1165(e) Plan, you received a proxy card showing the number of shares allocated to your plan account. Your proxy card will serve as a voting instruction card for the trustees of the plans, who will vote the shares. The trustees will vote only those shares for which voting instructions have been given. To allow sufficient time for voting by the trustees of these plans, your voting instructions must be received by May 15, 2009.

Who pays the cost of this proxy solicitation?

We will pay for the cost of the solicitation of proxies, including the preparation, printing and mailing of the proxy materials.

Proxies may be solicited, without additional compensation, by our directors, officers, or employees by mail, telephone, fax, in person, or otherwise. We will request banks, brokers and other custodians, nominees and fiduciaries to deliver proxy material to the beneficial owners of Foot Locker's Common Stock and obtain their voting instructions, and we will reimburse those firms for their expenses under the rules of the Securities and Exchange Commission and The New York Stock Exchange. In addition, we have retained Innisfree M&A Incorporated to assist us in the solicitation of proxies for a fee of \$10,000 plus out-of-pocket expenses.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires that our directors and executive officers file with the Securities and Exchange Commission reports of ownership and changes in ownership of Foot Locker's Common Stock. Based on our records and other information, we believe that during the 2008 fiscal year, the directors and executive officers complied with all applicable SEC filing requirements.

CORPORATE GOVERNANCE INFORMATION

Corporate Governance Guidelines

The Board of Directors has adopted Corporate Governance Guidelines. The Board periodically reviews the guidelines and may revise them when appropriate. The Corporate Governance Guidelines are available on the corporate governance section of the Company's corporate web site at http://www.footlocker-inc.com/IR_index.htm. You may also obtain a printed copy of the guidelines by writing to the Corporate Secretary at the Company's headquarters.

Policy on Voting for Directors

Our Corporate Governance Guidelines provide that if a nominee for director in an uncontested election receives more votes withheld from his or her election than votes for election (a Majority Withheld Vote), then the director must offer his or her resignation for consideration by the Nominating and Corporate Governance Committee (the Nominating Committee). The Nominating Committee will evaluate the resignation, weighing the best interests of the Company and its shareholders, and make a recommendation to the Board of Directors on the action to be taken. For example, the Nominating Committee may recommend (i) accepting the resignation, (ii) maintaining the director but addressing what the Nominating Committee believes to be the underlying cause of the withheld votes, (iii) resolving that the director will not be re-nominated in the future for election, or (iv) rejecting the resignation. When making its determination, the Nominating Committee will consider all factors that it deems relevant, including (i) any stated reasons why shareholders withheld votes from the director, (ii) any alternatives for curing the underlying cause of the withheld votes, (iii) the director's tenure, (iv) the director's qualifications, (v) the director's past and expected future contributions to the Board and to the Company, and (vi) the overall composition of the Board, including whether accepting the resignation would cause the Company to fail to meet any applicable Securities and Exchange Commission or New York Stock Exchange requirements. We will promptly disclose the Board's decision on whether or not to accept the director's resignation, including, if applicable, the reasons for rejecting the offered resignation.

Stock Ownership Guidelines

The Board of Directors has adopted Stock Ownership Guidelines. These guidelines cover the Board of Directors, the Chief Executive Officer, and Other Principal Officers, as follows:

Board of Directors.

Each non-employee director must beneficially own shares of our Common Stock having a value of at least three times the annual retainer fee paid to the non-employee directors.

Chief Executive Officer. The CEO must beneficially own shares of our Common Stock having a value of at least four times his annual base salary.

Other Principal Officers. Other Principal Officers of the Company must beneficially own shares of our Common Stock having a value of at least two times

their
individual
annual base
salaries. The
category of
Other
Principal
Officers
includes all
corporate
officers at the
senior vice
president level
or higher and
the chief
executive
officers of our
operating
divisions.

Shares of restricted stock, restricted stock units, and deferred stock units are counted towards beneficial ownership. Stock options are disregarded in calculating beneficial ownership.

The target date for full compliance with these guidelines is February 2011, which is five years after the effective date of these guidelines. Non-employee directors who are elected to the Board after February 2006, as well as employees who are elected or appointed after this date to positions covered by these guidelines, must be in compliance within five years after their initial election or appointment.

Committee Charters

The Board of Directors has adopted charters for the Audit Committee, the Compensation and Management Resources Committee, the Finance and Strategic Planning Committee, the Nominating and Corporate Governance Committee, and the Retirement Plan Committee. Copies of the charters for these committees are available on the corporate governance section of the Company's corporate web site at http://www.footlocker-inc.com/IR_index.htm. You may also obtain printed copies of these charters by writing to the Corporate Secretary at the Company's headquarters.

Director Independence

The Board believes that a significant majority of the members of the Board should be independent, as determined by the Board based on the criteria established by The New York Stock Exchange. Each year, the Nominating Committee reviews any relationships between outside directors and the Company that may affect independence. Currently, one of the current nine members of the Board of Directors serves as an officer of the Company, and the remaining eight directors are independent under the criteria established by The New York Stock Exchange.

Lead Director

James E. Preston has served as lead director since May 30, 2007. As lead director, Mr. Preston presides at executive sessions of the independent and non-management directors, reviews and provides input on the Board meeting agendas, and may perform other duties and responsibilities as the Board may determine.

Executive Sessions of Non-Management Directors

The Board of Directors holds regularly scheduled executive sessions of non-management directors. James E. Preston, as the lead director, presides at executive sessions of the independent and non-management directors.

Board Members Attendance at Annual Meetings

Although we do not have a policy on our Board members' attendance at annual shareholders' meetings, we encourage each director to attend these important meetings. The annual meeting is normally scheduled on the same day as a Board of Directors' meeting. In 2008, 9 out of the 10 directors who were then serving attended the annual shareholders meeting.

New Director Orientation

We have an orientation program for new directors that is intended to educate a new director on the Company and the Board's practices. At the orientation, the newly elected director generally meets with the Company's Chief Executive Officer, the Chief Financial Officer, the General Counsel and Secretary, as well as with other senior financial officers of the Company, to review the business operations, financial matters, investor relations, corporate governance policies, and the composition of the Board and its committees. Additionally, he or she has the opportunity to visit our stores at the Company's New York headquarters, or elsewhere, with a senior division officer for an introduction to store operations.

Payment of Directors Fees in Stock

The non-employee directors receive one-half of their annual retainer fees, including committee chair and lead director retainer fees, in shares of the Company's Common Stock, with the balance payable in cash. Directors may elect to receive up to 100 percent of their fees in stock.

Director Retirement

The Board has established a policy in its Corporate Governance Guidelines that directors retire from the Board at the annual meeting of shareholders following the director's 72nd birthday. As part of the Nominating Committee's regular evaluation of the Company's directors and the overall needs of the Board, the Nominating Committee may ask a director to remain on the Board for an additional period of time beyond age 72, or to stand for re-election after reaching age 72. However, a director may not remain on the Board beyond the date of the annual meeting of shareholders following his or her 75th birthday. As described on Page 58, the Board has waived the retirement policy for one director, James E. Preston, who currently serves as the lead director.

Change in a Director's Principal Employment

The Board has established a policy that any director whose principal employment changes is required to advise the Chair of the Nominating and Corporate Governance Committee of this change. If requested, the director will submit a letter of resignation to the Chair of the Committee, and the Committee would then meet to consider whether to accept or reject the letter of resignation.

Communications with the Board of Directors

The Board has established a procedure for shareholders and other interested parties to send communications to the non-management members of the Board of Directors. Shareholders and other interested parties who wish to communicate directly with the non-management directors of the Company should send a letter to:

Board of Directors
c/o Secretary, Foot Locker, Inc.
112 West 34th Street
New York, NY 10120

The Secretary will promptly send a copy of the communication to the lead director, who may direct the Secretary to send a copy of the communication to the other non-management directors and may determine whether a meeting of the non-management directors should be called to review the communication.

A copy of the Procedures for Communications with the Board of Directors is available on the corporate governance section of the Company's corporate web site at http://www.footlocker-inc.com/IR_index.htm. You may obtain a printed copy of the procedures by writing to the Corporate Secretary at the Company's headquarters.

Retention of Outside Advisors

The Board of Directors and all of its committees have authority to retain outside advisors and consultants that they consider necessary or appropriate in carrying out their respective responsibilities. The independent accountants are retained by the Audit Committee and report directly to the Audit Committee. In addition, the internal auditors are selected by the Audit Committee and are ultimately accountable to the Audit Committee. Similarly, consultants retained by the Compensation and Management Resources Committee to assist it in the evaluation of senior executives' compensation report directly to that committee.

Code of Business Conduct

The Company has adopted a Code of Business Conduct for directors, officers and employees, including our Chief Executive Officer, Chief Financial Officer, and Chief Accounting Officer. A copy of the Code of Business Conduct is available on the corporate governance section of the Company's

corporate web site at http://www.footlocker-inc.com/IR_index.htm. You may obtain a printed copy of the Code of Business Conduct by writing to the Corporate Secretary at the Company's headquarters.

Any waivers of the Code of Business Conduct for directors and executive officers must be approved by the Audit Committee. We intend to disclose promptly amendments to the Code of Business Conduct and any waivers of the Code for directors and executive officers on the corporate governance section of the Company's corporate website at http://www.footlocker-inc.com/IR_index.htm.

BOARD OF DIRECTORS

Organization and Powers

The Board of Directors has responsibility for establishing broad corporate policies, reviewing significant developments affecting Foot Locker, and monitoring the general performance of the Company. Our By-laws provide for a Board of Directors consisting of between 9 and 17 directors. The exact number of directors is determined from time to time by the entire Board. Our Board currently has 9 members. Shareholders are being asked to approve at this annual meeting an amendment to our By-Laws that would reduce the minimum number of directors from 9 to 7 and reduce the maximum number of directors from 17 to 13. Detailed information on this proposal is provided beginning on Page 62.

The Board of Directors held five meetings during 2008. All of our current directors attended at least 75 percent of the meetings of the Board and committees on which they served in 2008.

Directors Independence

A director is considered independent under the rules of the The New York Stock Exchange if he or she has no material or immaterial relationship to the Company that would impair his or her independence. In addition to the independence criteria established by The New York Stock Exchange, the Board of Directors has adopted categorical standards to assist it in making its independence determinations regarding individual members of the Board. These categorical standards are contained in the Corporate Governance Guidelines, which are posted on the Company's corporate web site at http://www.footlocker-inc.com/IR_index.htm.

The Board of Directors has determined that the following categories of relationships are immaterial for purposes of determining whether a director is independent under the listing standards adopted by The New York Stock Exchange.

Categorical Relationship	Description
Investment Relationships with the Company	A director and any family member may own equities or other securities of the Company.
Relationships with Other Business Entities	A director and any family member may be a director, employee (other than an executive officer), or beneficial owner of less than 10 percent of the shares of a business entity with which the Company does business, provided that the aggregate amount involved in a fiscal year does not exceed the greater of \$1,000,000 or 2 percent of either that entity's or the Company's annual consolidated gross revenue.
Relationships with Not-for-Profit Entities	A director and any family member may be a director or employee (other than an executive officer or the equivalent) of a not-for-profit organization to which the Company (including the Foot Locker Foundation) makes contributions, provided that the aggregate amount of the Company's contributions in any fiscal year do not exceed the greater of \$1,000,000 or 2 percent of the not-for-profit entity's total annual receipts.

The Board of Directors, upon the recommendation of the Nominating and Corporate Governance Committee, has determined that the following directors are independent under the rules of The New York Stock Exchange because they have no material or immaterial relationship to the Company that would impair their independence:

Nicholas DiPaolo	James E. Preston
Alan D. Feldman	David Y. Schwartz
Jarobin Gilbert Jr.	Cheryl Nido Turpin
Matthew M. McKenna	Dona D. Young

Christopher A. Sinclair served as a director of the Company during 2008 until the end of his term on May 21, 2008. The Board determined, upon the recommendation of the Nominating and Corporate Governance Committee, that Mr. Sinclair was independent under the rules of The New York Stock Exchange through the end of his term as a director because he had no material or immaterial relationship to the Company that would impair his independence.

In making its decisions on independence, the Board of Directors considered the following relationships between the Company and organizations with which the current members of our Board are affiliated:

Nicholas DiPaolo, Jarobin Gilbert Jr., Matthew M. McKenna, David Y. Schwartz, and Cheryl Nido Turpin are non-employee directors of

companies with which Foot Locker does business. The Board has determined that each of these relationships meets the categorical standard for Relationships with Other Business Entities and are immaterial for determining independence.

Dona D. Young was a non-employee director during 2008 of a company with which Foot Locker did business. The Board has determined that Mrs. Young's relationship met the categorical standard for Relationships with Other Business Entities and was immaterial for determining independence.

Matthew M. McKenna is affiliated with a not-for-profit

institution to
which the
Company
made
payments in
2008. The
Board has
determined
that Mr.
McKenna's
relationship
meets the

categorical standard for Relationships with Not-for Profit Entities and is immaterial for determining independence.

The Board of Directors, upon the recommendation of the Nominating and Corporate Governance Committee, has determined that Matthew D. Serra is not independent because Mr. Serra is an executive officer of the Company.

The Board of Directors has determined that all members of the Audit Committee, the Compensation and Management Resources Committee and the Nominating and Corporate Governance Committee are independent as defined under the listing standards of The New York Stock Exchange and the director independence standards adopted by the Board.

Committees of the Board of Directors

The Board has delegated certain duties to committees, which assist the Board in carrying out its responsibilities. There are six standing committees of the Board. Each director serves on at least two committees. The committee memberships, the number of meetings held during 2008, and the functions of the committees are described below.

Audit Committee

The committee held nine meetings in 2008. The Audit Committee has a charter, which is available on the corporate governance section of our corporate web site at http://www.footlocker-inc.com/IR_index.htm. The report of the Audit Committee appears on Page 61.

This committee appoints the independent accountants and the internal auditors and is responsible for approving the independent accountants and internal auditors compensation. This committee also assists the Board in fulfilling its oversight responsibilities in the following areas:

accounting
policies and
practices,

the integrity of
the Company's
financial
statements,

compliance
with legal and
regulatory
requirements,

the
qualifications,
independence,
and
performance
of the
independent
accountants,
and

the
qualifications
and
performance
of the internal
audit function.

The Audit Committee has established procedures for the receipt, retention and treatment of complaints regarding accounting, internal accounting controls or auditing matters.

The Board of Directors has determined that the Company has at least one audit committee financial expert, as defined under the rules of the Securities Exchange Act of 1934, serving on the Audit Committee. David Y. Schwartz has been designated as the audit committee financial expert. Mr. Schwartz is independent under the rules of The New York Stock Exchange and the Securities Exchange Act of 1934.

Compensation and Management Resources Committee

The Compensation and Management Resources Committee (the Compensation Committee) held four meetings in 2008. The committee has a charter, which is available on the corporate governance section of the Company's corporate web site at http://www.footlocker-inc.com/IR_index.htm.

The Compensation Committee determines all compensation for the Company's executive management group, which consists of the executive officers and corporate officers, and determines significant elements of the compensation of the chief executive officers of our operating divisions. Decisions regarding equity compensation for other employees are also the Compensation Committee's responsibility. Decisions regarding non-equity compensation of the Company's other associates are made by the Company's management.

The Compensation Committee also administers Foot Locker's various compensation plans, including the incentive plans, the equity-based compensation plans, the employees stock purchase plan, and the deferred compensation plan. Committee members are not eligible to participate in any of these plans. This committee also reviews and makes recommendations to the Board of Directors concerning executive development and succession, including for the position of Chief Executive Officer.

The Compensation Committee normally holds two meetings each year to review and approve the executive compensation program, the Chief Executive Officer's compensation, annual salaries and bonuses for the executive management group and division CEOs, and to grant equity awards. In addition, at another meeting during the year, the committee reviews directors' compensation and makes recommendations to the Nominating and Corporate Governance Committee concerning the form and amount of directors' compensation. Additional meetings of the Compensation Committee may be called during the year as necessary.

The Compensation Committee has retained Mercer as its consultant on executive compensation matters and, with regard to executive and director compensation, Mercer reports directly to the Compensation Committee and provides the Committee with information on general executive compensation trends, trends in the retail industry, and reports on Foot Locker's executive compensation program. Mercer also advises the committee on non-employee director compensation matters, including payment levels and trends. In preparing its material for the committee, Mercer consults with the Company's Chairman of the Board and Chief Executive Officer, Senior Vice President Human Resources, Senior Vice President and General Counsel, and Vice President Human Resources. The Senior Vice President-Human Resources, working with the Chairman of the Board and Chief Executive Officer, prepares compensation recommendations to the committee, covering all elements of compensation for all corporate officers and heads of the Company's operating divisions, other than the Chief Executive Officer himself, which are forwarded to the Chair of the Compensation Committee for his review. The Chair of the Compensation Committee also discusses these recommendations with the Chief Executive Officer. Based on input from the Chair of the Committee, the Senior Vice President-Human Resources then finalizes the compensation recommendations to review with the full committee. Separately, the Company retains Mercer for outsourcing services related to the administration of our U.S. and Canadian pension plans.

Compensation Committee meeting agendas are developed by the committee chair in consultation with the Chief Executive Officer and the Corporate Secretary. Committee members may suggest agenda items by communicating with one of these individuals. Agendas and related materials are circulated to Committee members prior to meetings. The committee chair regularly reports on the committee's meetings to the full Board. The Company's CEO, Senior Vice President and General Counsel, Senior Vice President Human Resources, Vice President Human Resources, and Vice President and Associate General Counsel generally attend all meetings of the committee. Mercer also attends meetings at which the Committee reviews the executive compensation program and non-employee director compensation.

The Compensation Committee has the authority to delegate authority and responsibilities as it considers appropriate. The committee has delegated to the Committee Chair the authority to approve stock option grants between meetings

of the committee. This authority is limited to executives who are not subject to Section 16 of the Securities Exchange Act of 1934 and is further limited to individual option awards of 25,000 shares or less.

The Company's Corporate Human Resources Department and the Corporate Secretary's staff support the Compensation Committee in performing its duties.

Compensation Committee Interlocks and Insider Participation

Alan D. Feldman, Matthew M. McKenna, James E. Preston, Christopher A. Sinclair and Cheryl Nido Turpin served on the Compensation and Management Resources Committee during 2008. Mr. Sinclair's term as a director ended at the 2008 annual shareholders' meeting. None of the committee members was an officer or employee of the Company or any of its subsidiaries, and there were no interlocks with other companies within the meaning of the SEC's proxy rules.

Executive Committee

The Executive Committee did not meet in 2008. Except for certain matters reserved to the Board, this committee has all of the powers of the Board in the management of the business of the Company during intervals between Board meetings.

Finance and Strategic Planning Committee

The Finance and Strategic Planning Committee held four meetings in 2008. This committee reviews the overall strategic and financial plans of the Company, including capital expenditure plans, proposed debt or equity issues of the Company, and the Company's capital structure. The committee also considers and makes recommendations to the Board of Directors concerning dividend payments and share repurchases, and reviews acquisition and divestiture proposals.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee held four meetings in 2008. This committee has responsibility for overseeing corporate governance matters affecting the Company, including developing and recommending criteria and policies relating to service and tenure of directors. The committee is responsible for collecting the names of potential nominees to the Board, reviewing the background and qualifications of potential candidates for Board membership, and making recommendations to the Board for the nomination and election of directors. The committee also reviews membership on the Board committees and makes recommendations on committee members and chairs. In addition, the committee reviews recommendations from the Compensation and Management Resources Committee and makes recommendations to the Board concerning the form and amount of directors' compensation.

The Nominating and Corporate Governance Committee may establish criteria for candidates for Board membership. These criteria may include area of expertise, diversity of experience, independence, commitment to representing the long-term interests of the Company's stakeholders, and other relevant factors, taking into consideration the needs of the Board and the Company and the mix of expertise and experience among current directors. From time to time the committee may retain the services of a third party search firm to identify potential director candidates.

The committee will consider nominees to the Board of Directors recommended by shareholders that comply with the provisions of the Company's By-Laws and relevant law, regulation, and stock exchange rules. The procedures for shareholders to follow to propose a potential director candidate are described on Page 63.

After a potential nominee is identified, the Committee Chair will review his or her biographical information and discuss with the other members of the committee whether to request additional information about the individual or to schedule a meeting with the potential candidate. The committee's screening process for director candidates is the same regardless of the source who identified the potential candidate. The committee's determination on whether to proceed with a formal evaluation of a potential candidate is based on the person's experience and qualifications, as well as the

current composition of the Board and its anticipated future needs.

Retirement Plan Committee

The Retirement Plan Committee held four meetings in 2008. This committee is responsible for supervising the investment of the assets of the Company's United States retirement plans and appointing, reviewing the performance of and, if appropriate, replacing, the trustee of the Company's pension trust and the investment manager responsible for managing the funds of the trust. The committee also has certain administrative responsibilities for our United States retirement plans.

RELATED PERSON TRANSACTIONS

Policies and Procedures

We individually inquire of each of our directors and executive officers about any transactions in which Foot Locker and any of these related persons or their immediate family members are participants. We also make inquiries within the Company's records for information on any of these kinds of transactions. Once we gather the information, we then review all relationships and transactions in which Foot Locker and any of our directors, executive officers or their immediate family members are participants to determine, based on the facts and circumstances, whether the Company or the related persons have a direct or indirect material interest. The General Counsel's office coordinates the related party review process. The Nominating and Corporate Governance Committee reviews any reported transactions involving directors and their immediate families in making its recommendation to the Board of Directors on the independence of the directors.

Related Person Transactions

Foot Locker and its subsidiaries have had transactions in the normal course of business with various other organizations, including certain organizations whose directors or officers are also directors of Foot Locker. However, the amounts involved in these transactions have not been material in relation to our business, and it is believed that these amounts have not been material in relation to the businesses of the other organizations. In addition, it is believed that these transactions have been on terms no less favorable to the Company than if they had been entered into with disinterested parties. It is anticipated that transactions with such other organizations will continue in the future. Mr. Serra's son-in-law is employed as a buyer in the Company's Foot Locker division, and the Company provided compensation and benefits to him in 2008 of approximately \$161,000.

DIRECTORS' COMPENSATION AND BENEFITS

Non-employee directors are paid an annual retainer fee and meeting fees for attendance at each Board and committee meeting. The lead director and the committee chairs are paid an additional retainer fee for service in these capacities. We do not pay additional compensation to any director who is also an employee of the Company for service on the Board or any committee. The following table summarizes the fees paid to the non-employee directors.

Summary of Directors Compensation

Annual Retainer \$100,000

The annual retainer is payable 50 percent in cash and 50 percent in shares of our Common Stock. Directors may elect to receive up to 100 percent of their annual retainer, including committee chair retainer, in stock.

We calculate the number of shares paid to the directors for their annual retainer by dividing their retainer fee by the closing price of a share of our stock on the last business day preceding the July 1 payment date.

Committee Chair Retainers \$20,000: Audit Committee

\$10,000: Compensation and Management Resources Committee

\$10,000: Finance and Strategic Planning Committee

\$10,000: Nominating and Corporate Governance Committee

\$10,000: Retirement Plan Committee

N/A: Executive Committee

The committee chair retainers are paid in the same form as the annual retainer.

Lead Director \$50,000 payable in the same form as the annual retainer.

Meeting Fees \$1,500 for attendance at each Board and committee meeting.

Restricted Stock Units In fiscal 2008, the directors received a grant of 3,704 restricted stock units (RSUs). The number of RSUs granted was calculated by dividing \$50,000 by the closing price of a share of our stock on the date of grant. The RSUs vested in February 2009, which was one year following the date of grant. Each RSU represented the right to receive one share of the Company s common stock on the vesting date.

In fiscal 2009, the directors received a grant of 6,869 RSUs, calculated in the same manner as the 2008 grant. The RSUs granted in 2009 will vest one year following the date of grant in February 2010.

Deferral Election

Non-employee directors may elect to receive all or a portion of the cash component of their annual retainer fee, including committee chair retainers, in the form of deferred stock units or to have these amounts placed in an interest account. Directors may also elect to receive all or part of the stock component of their annual retainer fee in the form of deferred stock units. The interest account is a hypothetical investment account bearing interest at the rate of 120 percent of the applicable federal long-term rate, compounded annually, and set as of the first day of each plan year. A stock unit is an accounting equivalent of one share of the Company s Common Stock.

Miscellaneous

Directors and their immediate families are eligible to receive the same discount on purchases of merchandise from our stores, catalogs and Internet sites that is available to Company employees. The Company reimburses non-employee directors for their reasonable expenses in attending meetings of the Board and committees, including their transportation expenses to and from meetings, hotel accommodations, and meals.

The amounts paid to each non-employee director for fiscal 2008, including amounts deferred under the Company's stock plans, and the options granted to each director are reported in the tables below.

The fiscal 2008 compensation expense recognized for financial statement reporting purposes for the fair value of the restricted stock units (RSUs) granted to the nonemployee directors in 2008. The number of RSUs granted was calculated by dividing \$50,000 by \$13.50, which was the closing price of a share of our stock on the date of grant. The RSUs vested in February 2009. As provided under the SEC's rules, the amounts shown

exclude the impact of estimated forfeitures related to service-based vesting conditions. For additional information on the valuation assumptions, please refer to Note [25] to the Company's financial statements in our 2008 Form 10-K. The grant date fair value was calculated under FAS 123R. The RSUs granted to Mr. Sinclair in 2008 were forfeited in connection with the expiration of his term as a director prior to the vesting date of the award. The following table provides information on the aggregate number of RSUs granted in 2008 and the number of RSUs outstanding at the end of the 2008 fiscal year:

Preston are entitled to receive a benefit under this plan when their service as directors ends because they had completed at least five years of service as directors on December 31, 1995. Messrs. Gilbert and Preston will receive an annual retirement benefit of \$24,000 for a period of 10 years after they leave the Board or until their death, if sooner.

Directors and Officers Indemnification and Insurance

We have purchased directors and officers liability and corporation reimbursement insurance from a group of insurers comprising ACE American Insurance Co., Zurich American Insurance Co., St. Paul Mercury Insurance, RLI Insurance Co., Federal Insurance Co., Axis Insurance Co., Navigators Insurance Co., XL Bermuda Ltd., and Valiant Insurance Co. These policies insure the Company and all of the Company's wholly owned subsidiaries. They also insure all of the directors and officers of the Company and the covered subsidiaries. The policies were written for a term of 12 months, from October 12, 2008 until October 12, 2009. The total annual premium for these policies, including fees, is \$1,471,250. Directors and officers of the Company, as well as all other employees with fiduciary responsibilities under the Employee Retirement Income Security Act of 1974, as amended, are insured under policies issued by a group of insurers comprising Arch Insurance Co., St. Paul Mercury Insurance Co., Continental Casualty Co. and RLI Insurance Co., which have a total premium, including fees, of \$455,052 for the 12-month period ending October 12, 2009.

The Company has entered into indemnification agreements with its directors and officers, as approved by shareholders at the 1987 annual meeting. Richard Mina, a former executive officer of the Company, requested indemnification with regard to an investigation being conducted by the Company. In February 2009, the Board of Directors authorized the indemnification of Mr. Mina for this investigation, subject to the provisions of the indemnification agreement. To date, the Company has paid fees and expenses of \$27,199 for indemnification of Mr. Mina.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This is a discussion and analysis of our compensation program as it applies to the executive officers named in the Summary Compensation Table on Page 32.

Summary

While we reported a net loss on a GAAP basis of \$79 million for 2008, our income from continuing operations, before non-cash impairment charges and store closing expenses, was \$106 million, a 71 percent improvement over the comparable income from continuing operations in 2007. (Income from continuing operations before non-cash impairment charges and store closing expenses is a non-GAAP financial measure. Our fourth quarter earnings release, issued March 4, 2009 and available on our website www.footlocker-inc.com, contains a schedule reconciling these amounts with our GAAP income.)

This performance resulted in the payment of annual bonuses to the named executive officers discussed below. We also took certain other actions with regard to 2008 compensation for our named executive officers.

We increased the
annual base salary
of one of the
named executive

officers (Mr. Halls) by \$100,000 \$50,000 at the time of annual salary reviews and an additional \$50,000 later in the year when he assumed additional responsibilities. The base salaries of the other named executive officers remained unchanged from 2007.

We paid an annual bonus to Matthew D. Serra, our Chief Executive Officer, of \$1,728,300, or 115 percent of his base salary, compared to a target pay-out of 125 percent of base salary. We paid annual bonuses for 2008 to the senior vice presidents of 72 percent of base salary, compared to a target pay-out of 75 percent of base salary. These pay-outs were made at a level slightly

below target bonus, and were the result of the Company's pre-tax income and return-on-invested-capital performance in 2008 compared to performance targets established by the Compensation and Management Resources Committee for that year.

We paid an annual bonus to Mr. Halls of \$312,700, or [44] percent of base salary, compared to a target of 75 percent of base salary. This pay-out was made at a level between threshold and target bonus, and was the result of the divisional profit of the divisions for which Mr. Halls had responsibility in 2008 compared to performance targets established by the Compensation Committee. Mr. Mina's employment with the Company terminated prior to the end of 2008, and he was therefore not eligible to receive an annual bonus payment.

As the Company did not achieve the performance targets established by the Compensation Committee in 2006 under the Long-Term Incentive Compensation Plan for the 2006-2008 performance period, we did not pay long-term bonuses to any of our named executive officers.

For 2008, as we did in 2007, we provided for an

increased target pay-out under the annual bonus plan for all of the named executive officers, other than the Chief Executive Officer, of 75 percent of base salary. The Chief Executive Officer's target pay-out remained 125 percent of base salary.

We made stock option awards to five of the named executive officers 100,000 shares to the Chief Executive Officer; and 25,000 shares to each of the President International and the three senior vice presidents. These options were priced at fair market value on the date of grant (\$11.66 per share). With regard to all of the executive officers other than Mr. Serra, these options vest in three equal installments on the first, second, and third anniversary of the grant date, subject to continued employment with us through each date. The options granted to Mr. Serra vest in two equal installments on the first anniversary of the grant date and on January 30, 2010, the final day of the term of his current employment contract, provided he continues to be employed by us on that date. In light of the 2007 performance of the U.S. retail store operations, for which he had responsibility, we did not make a stock option grant to Mr. Mina in 2008.

We made restricted stock awards to five of the named executive officers 50,000 shares to the Chief Executive Officer; 20,000 shares to the President International; and 10,000 shares to each of the senior vice presidents. With regard to all of the named executive officers other than Mr. Serra, the restrictions on these shares lapse if the executive continues to be employed by us for three years from the date of grant. The restrictions on Mr. Serra's shares lapse on January 30, 2010, the final day of the term of his current employment contract, provided he continues to be employed by us on that date. We did not make a restricted stock grant to Mr. Mina in 2008.

Objectives of our compensation program

The objectives of our compensation program are to attract, motivate, and retain talented retail industry executives in order to maintain and enhance the Company's performance and its return to shareholders. The Compensation and Management Resources Committee, currently composed of four independent directors, oversees the compensation program.

What is our compensation program designed to reward and not reward?

We have designed our compensation program to align the financial interests of our executives, including the named executive officers, with those of our shareholders. For that reason, it is designed to reward the overall effort and contribution of our executives as measured by the Company's performance in relation to targets established by the Compensation Committee, more than individual performance. Key concepts underlying our program are:

Executive
compensation
should be
balanced
between
annual and
long-term
compensation

and between cash and equity-based compensation (stock options and restricted stock).

The compensation program should align the interests of executives with those of the Company's shareholders by rewarding both efforts to increase the Company's share price and the achievement of performance factors that contribute to the company's long-term health and growth (even if not immediately translated into increases in share price).

A substantial portion of the compensation of our executives, whether paid out currently or on a long-term basis, should be dependent on the Company's performance.

More-senior executives should have a greater portion of their compensation at risk, whether through performance-based bonus programs or through stock price appreciation.

Elements of compensation

The elements of compensation for the named executive officers are:

base salary

performance-based
annual cash bonus

performance-based
long-term bonus,
payable in cash or
stock

long-term
equity-based
compensation
consisting of stock
options and
restricted stock

retirement and
other benefits

perquisites

Why do we pay each element of compensation and how do we determine the amount for each element of compensation, or the formula that determines the amount?

We establish benchmarks for base salary and total compensation for each named executive officer based upon a study conducted by Mercer, a nationally recognized compensation consultant that, for executive compensation purposes, reports directly to our Compensation Committee. These benchmarks are based upon compensation for comparable positions at national retail companies with annual sales of \$1 billion to \$11 billion. The Compensation Committee, with the advice of Mercer, has determined that these companies are the appropriate peer group for executive compensation purposes based upon the nature of their business, their revenues, and the pool from which they recruit their executives. The 18 companies included in the study that the Compensation Committee reviewed in setting 2008 compensation for the named executive officers were:

Abercrombie & Fitch	Ross Stores Inc.
AnnTaylor Stores Corp.	American Eagle Outfitters Inc.
Brown Shoe Company, Inc.	Borders Group Inc.
Collective Brands Inc.	Charming Shoppes
Dillards Inc.	Dick's Sporting Goods Inc.
Family Dollar Stores	Finish Line Inc.
Genesco Inc.	Limited Brands Inc.
RadioShack Corp.	Saks Inc.
Talbots Inc.	Timberland Co.

Two companies that were included in the peer group in 2007—Claire's Stores Inc. and Dollar General Corp.—ceased to be publicly traded companies and were not included in the peer group in 2008. No companies were added to the peer group. The upper dollar limit of revenues of peer group companies was increased from \$10 billion to \$11 billion as the revenues of peer company Limited Brands Inc. had risen above the \$10 billion level.

The goal of the Compensation Committee is for the total compensation of each named executive officer to approximate the 75th percentile of comparable peer group compensation if the Company achieves its performance targets, with an opportunity to exceed that for outstanding performance, and with compensation falling closer to the median if the Company does not achieve its performance targets. The Compensation Committee established this goal based upon the Company's size in relation to the other companies in the peer group and the relative complexity of our business, which includes multiple retail divisions, a direct-to-customer business, and a significant international business with operations in 21 countries.

Base Salaries

We pay base salaries to provide our named executive officers with current, regular compensation that is appropriate to their position, experience, and responsibilities. We benchmark base salaries for each named executive officer, other than the Chief Executive Officer, at approximately the 75th percentile of the peer companies included in the annual Mercer study, and the base salaries of the named executive officers, other than the Chief Executive Officer, approximate this benchmark. The Compensation Committee has benchmarked the Chief Executive Officer's base salary at the 90th percentile of the peer companies in light of his experience, length of service, and other opportunities that are available to him in the retail sector. We pay higher base salaries to those named executive officers with greater overall responsibility.

Performance-Based Annual Cash Bonus

We pay performance-based annual cash bonuses to our named executive officers under the Annual Incentive Compensation Plan (Annual Bonus Plan) in order to provide incentive for them to work toward the Company's achievement of annual performance goals established by the Compensation Committee.

Target payments under the Annual Bonus Plan for named executive officers were set for 2008 as follows:

	Target	Annual Bonus Range
Chief Executive Officer	125% of Base Salary	31.25% to 200% of Base Salary
Other Named Executive Officers	75% of Base Salary	18.75% to 131.25% of Base Salary

If the Company does not achieve threshold performance then no annual bonus is paid. Executives who do not receive a meets expectations rating or higher in their annual performance review are normally ineligible to receive an annual bonus payment for that year.

In 2007, the Compensation Committee increased the target payment under the Annual Bonus Plan for the named executive officers other than the Chief Executive Officer to 75 percent of base salary from 50 percent after having reviewed the likely status of pay-outs under the Company's incentive plans, including the Long-Term Plan, for 2007 and considering the need to provide appropriate financial incentive to the Company's senior executive group. This also resulted in an increase in both threshold and maximum payment levels for this group. For the same reasons, the Compensation Committee continued to set the target payment under the Annual Bonus Plan at 75 percent of base salary for these named executive officers in 2008. The Chief Executive Officer's payment levels have remained unchanged in each of those years. The Compensation Committee expects to review the appropriate target payment under the Annual Bonus Plan each year.

Our Annual Bonus Plan allows the Compensation Committee, in establishing performance targets under the plan, to choose one or more performance measures from a list of nine factors that have been approved by our shareholders. For 2008, for the named executive officers other than Mr. Halls, the Compensation Committee established a performance target under the Annual Bonus Plan based upon the Company's achievement of prescribed levels of pre-tax income and return-on-invested-capital. Seventy percent of a participant's award is based upon the pre-tax income target and 30 percent on the return-on-invested-capital target. All bonus targets and calculations are based on the results of continuing operations. The Annual Bonus Plan targets for 2008 were as follows:

	Threshold	Target	Maximum
Pre-tax income	\$141.4 million	\$157.1 million	\$188.5 million
Return-on-invested-capital	4.6%	4.8%	5.3%

For example, if the Company had achieved pre-tax income of \$157.1 million and return-on-invested-capital of 4.8 percent in 2008, the Chief Executive Officer would have received an annual bonus of 125

percent of his base salary. Bonus pay-outs are calculated on the basis of straight-line interpolation between the threshold, target, and maximum points.

In 2008, the Company achieved pre-tax income from continuing operations slightly below the target level, and return-on-invested capital from continuing operations slightly below the maximum level, as follows:

	Actual	Target	Maximum
Pre-tax income	\$150.6 million	\$157.1 million	\$188.5 million
Return-on-invested-capital	5.2%	4.8%	5.3%

This resulted in annual bonus payments to Messrs. Serra, McHugh and Bahler, and Ms. Petrucci at a level slightly below target.

Mr. Halls' target under the Annual Bonus Plan for 2008 was based upon the achievement by the operating divisions for which he had responsibility at the beginning of the year of a prescribed level of division profit. (Mr. Halls' responsibilities were expanded during the course of 2008; however, his annual bonus for 2008 was based only on the results of the divisions for which he had responsibility for the entire year. Beginning in 2009, Mr. Halls' performance target under the Annual Bonus Plan will be the same as that for all other named executive officers.)

As Mr. Mina was not employed by us on the bonus payment date, he was ineligible to receive an annual bonus payment.

Division profit is a non-GAAP financial measure. It reflects income from continuing operations before income taxes, corporate expense, non-operating income, and net interest expense. A reconciliation of division profit to income from continuing operations is contained in the segment information footnote to our financial statements.

One of the performance measures we use in determining annual bonuses, return-on-invested-capital (ROIC), is also a non-GAAP financial measure. For purposes of calculating the annual bonus, we define ROIC as follows:

$$\text{ROIC} = \frac{\text{Operating Profit after Taxes}}{\text{Average Invested Capital}}$$

Operating Profit after Taxes (Numerator)=	Average Invested Capital (Denominator)=
Pre-tax income	Average total assets
+/- interest expense/income	- average cash, cash equivalents, and short-term investments
+ implied interest portion of operating lease payments	- average year-end inventory
+/- Unusual/non-recurring items	+ 13-month average inventory
= Earnings before interest and taxes (EBIT)	+ average estimated asset base of capitalized operating leases
- Estimated income tax expense	= Average Invested Capital

= Operating Profit after Taxes

Certain items used in the calculation of ROIC, such as the implied interest portion of operating lease payments, certain unusual or non-recurring items, average estimated asset base of capitalized operating leases, and 13-month average inventory, while calculated from the financial records of the Company, cannot be calculated from our audited financial statements. Prior to the Compensation Committee determining whether bonus targets have been achieved, the Company's independent registered public accounting firm, at the request, and for the restricted use, of the Compensation Committee, reviews the bonus calculations.

The performance targets established by the Compensation Committee are based upon the business plan and budget reviewed and approved each year by the Finance and Strategic Planning Committee and the Board of Directors. In the case of Mr. Halls' bonus target for 2008, the target slightly exceeded the combined divisional profits contained in the annual business plan and budget for the businesses for which he had responsibility. We believe that these targets are reasonably demanding, and that bonus pay-outs are correlated to Company performance, as evidenced by our pay-out history over the past five years. During that time, we have paid an annual bonus to corporate officers between threshold and target twice, between target and maximum once, and we have paid no annual bonus twice.

Performance-Based Long-Term Bonus

We pay performance-based long-term bonuses to our named executive officers under our Long-Term Incentive Compensation Plan ("Long-Term Plan") in order to provide incentive for them to work toward the Company's achievement of performance goals established by the Compensation Committee for each three-year performance period. While bonuses under the Long-Term Plan may be paid in either cash or stock, in recent years, we have made these payments in cash.

For many years, target payments under the Long-Term Plan for senior corporate officers have been at the following levels:

Target	Range of Payments
90% of Initial Base Salary	22.5% to 180% of Initial Base Salary

If the Company does not achieve threshold performance, as was the case for the 2006-2008 performance period, then no long-term bonus is paid.

Pay-out levels are based on an executive's rate of base salary payable in the first year of the three-year performance period. For example, if an executive's base salary is set at \$500,000 at the time executive salaries are reviewed in the first year of the performance period, that executive's target pay-out under the Long-Term Plan would be \$450,000. In addition, we adjust on a pro rata basis, the rate of base salary on which pay-out levels are based for salary increases during the performance period related to promotions.

Our Long-Term Plan allows the Compensation Committee, in establishing performance targets under the plan, to choose one or both of consolidated net income or return-on-invested-capital, factors approved by our shareholders. In 2008, the Committee established a performance target for the 2008-2010 performance period under the long-term plan based upon return-on-invested capital. Off of the planned invested capital base, the Company must achieve 80 percent of target after-tax income before a threshold-level bonus is paid, and the maximum pay-out level is reached if after-tax income reaches 120 percent of target. It should be noted that the actual invested capital base will also fluctuate, and the final pay-out for the performance period will also depend upon the invested capital base achieved during the period. Return-on-invested-capital is calculated using the same methodology as is used for the Annual Bonus Plan, as described on Page 23, except that, in addition, long-term bonus expense is excluded from the operating profit calculation.

These performance targets are based upon the business plan and budget for the three-year period reviewed and approved by the Finance and Strategic Planning Committee and the Board of Directors. We believe that these targets are reasonably demanding, and that bonus pay-outs are correlated to Company performance, as evidenced by our pay-out history over the last five years. During that time, we have paid long-term bonuses between threshold and target once, between target and maximum twice, and there has been no pay-out twice.

In 2006, the Compensation Committee established the following return-on-invested-capital target for the 2006-2008 performance period under the Long-Term Plan:

	Threshold	Target	Maximum
Three-year average return-on-invested-capital	8.9 %	10.5 %	12.1 %
	24		

As the Company did not achieve the threshold level of return-on-invested capital for the performance period, we did not pay long-term bonuses to the participants in the Long-Term Plan, including the named executive officers, for the 2006-2008 performance period.

We do not have a formal policy with regard to the adjustment or recovery of bonus payments if it is determined, at a future date, that the relevant performance measures upon which the payments are based are restated or adjusted. We have not had this situation arise, and if it were to arise, we would expect to make an evaluation at that time based upon the circumstances and the role of each individual executive in the events that gave rise to the restatement or adjustment.

In preparing our financial statements for 2008, we discovered an error in the calculation of income tax expense for 2007, which resulted in a restatement of our results for 2007, pursuant to Staff Accounting Bulletin 108, that decreased our 2007 net income by approximately \$6 million. As we did not pay the named executive officers annual bonuses for 2007 or long-term bonuses for the 2005-2007 performance period, this misstatement of 2007 income did not affect the amount of any bonuses paid to the named executive officers.

Items Disregarded for Annual and Long-Term Bonus Calculations

Under normal circumstances, the Compensation Committee has no discretion to increase annual or long-term bonus payments, which are formula-driven based upon Company performance, and our program for the named executive officers does not provide for discretionary adjustments based upon individual performance. The Compensation Committee has not adjusted, either upward or downward, any of the annual or long-term bonus payments to the named executive officers shown in the summary compensation table from pay-outs calculated based upon the applicable formula. The Committee has limited authority when determining bonus payments, consistent with Section 162(m) of the Internal Revenue Code, to disregard certain events that it determines to be unusual or non-recurring. When establishing the targets, the Committee normally specifies certain items that it considers to be unusual or non-recurring, and these events, if they occur, are automatically excluded when calculating payments. For example, in recent years targets have excluded the effect of acquisitions or dispositions, any non-cash impairment charges, and changes in accounting and tax rules.

In 2008, in addition to disregarding tax regulatory changes, results of the CCS business acquired during the year, and results of disposed operations, we excluded the following items in calculation of annual bonus pay-outs:

Item	Pre-Tax Amount (in millions)	After-Tax Amount (in millions)
Goodwill and other intangible asset impairments	\$ 169	\$ 123
Impairment of Northern Group note	15	15
Impairment of money market fund investment	3	3
Impairment of U.S. store long-lived assets	67	41

Long-Term Equity-Based Awards

A. Stock Options

We make stock option awards to our named executive officers in order to more closely align the interests of our named executive officers with those of our shareholders. Equity-based awards are the responsibility of the Compensation Committee, which is composed entirely of independent directors.

Stock option awards of the same size are normally made each year to named executive officers holding comparable positions, with larger awards being made to those with greater responsibility. The Compensation Committee awards stock options with exercise prices equal to the fair market value of our stock on the date of grant. Under the 2007 Stock Incentive Plan, fair market value is defined as the

closing price on the grant date. The Compensation Committee has not granted options with an exercise price of less than the fair market value on the grant date. Options normally vest at the rate of one-third of the total grant per year over the first three years of the ten-year option term, subject to accelerated vesting in certain circumstances. The Compensation Committee does not normally consider an executive's gains from prior stock awards in making new awards.

B. Restricted Stock Awards

We make restricted stock awards to our named executive officers in order to more closely align the interests of our named executive officers with those of our shareholders, to provide our executives with an opportunity to increase their equity ownership, and to ensure the retention of key executives.

In recent years, the Compensation Committee has made annual grants of restricted stock to the Company's Chief Executive Officer. In 2008, the Committee also made restricted stock awards to four of the other named executive officers. In making these grants, the Committee considers an executive's past performance, an executive's expected ability to contribute to the Company's performance in the future, retention, and the desire to provide equity-based compensation through both stock options and restricted stock. When making restricted stock awards for retention purposes, the Compensation Committee considers an executive's prior awards and their vesting schedule. The restrictions on restricted stock normally lapse a specified period following the grant date (normally three years). The holders of restricted stock receive dividends on their restricted shares at the time the dividends are paid.

C. Stock Ownership Guidelines

We have adopted stock ownership guidelines for our directors and senior executives, including the named executive officers. The target date for compliance with these guidelines is February 2011. The guidelines require that the Chief Executive Officer own shares having a value at least equal to four times his base salary and that the other named executive officers own shares having a value at least equal to two times base salary. In determining whether an executive meets the guidelines, we consider owned shares and restricted stock, but we do not consider stock options. As of the end of 2007, all of the named executive officers met these stock ownership guidelines. In light of the decline in our share price in 2008, however, all of the named executive officers subject to the guidelines at year-end had fallen below the prescribed ownership level. When the guidelines were adopted in 2006, executives were given five years, until February 2011, to meet the ownership levels.

We do not permit our executive officers to take short or long positions in our shares; however, we do not otherwise have a formal policy with regard to executive officers hedging their economic interest in company stock or options. To our knowledge, none of the named executive officers hedged their position in our shares or options during 2008, although some of the named executive officers may hold their shares in accounts that permit margin loans to the executive.

Retirement and Other Benefits

A. Retirement Plan and Excess Cash Balance Plan

All United States-based associates of the Company who meet the eligibility requirements are participants in the Foot Locker Retirement Plan. The Retirement Plan and the method of calculating benefits payable under it are described on Page 54. All of the named executive officers are participants in the Retirement Plan. The Internal Revenue Code limits the amount of compensation that may be taken into consideration in determining an individual's retirement benefits. Therefore, those participants in the Retirement Plan, including the named executive officers, whose compensation exceeds the Internal Revenue Service limits are also participants in the Excess Cash Balance Plan, described on Page 54, which pays the difference between the amount a participant receives from the Retirement Plan and the amount the participant would have received were it not for the Internal Revenue Service limits.

B. 401(k) Plan

The Company maintains a 401(k) Plan for its eligible U.S. associates, and all of the named executive officers participate in it. The Plan permits participants to contribute the lesser of 40 percent of eligible compensation or the limit prescribed by the Internal Revenue Service to the 401(k) Plan on a before-tax basis. The Company will match 25 percent of the first 4 percent of pay that is contributed to the 401(k) Plan, and the Summary Compensation Table on Page 32 includes, in All Other Compensation, the amount of the company-match for each of the named executive officers. The Company match is made in shares of Company stock, valued on the last trading day of the plan year.

C. Supplemental Executive Retirement Plan

The Company maintains a Supplemental Executive Retirement Plan, described on Page 55, for certain senior officers of the Company and other key employees, including the named executive officers. The Supplemental Plan is an unfunded plan administered by the Compensation Committee, which sets an annual target incentive award for each participant consisting of a percentage of salary and annual bonus based on the Company's performance against target. Contributions may range from 4 percent to 12 percent of salary and annual bonus, depending on the Company's performance against the established target, with an 8 percent contribution being made for target performance. The target established by the Compensation Committee under the Supplemental Plan is normally the same as the target performance under the annual bonus plan. Participant accounts accrue simple interest at the rate of 6 percent annually. The Supplemental Plan also provides for the continuation of medical insurance benefits to vested participants following their retirement.

Based upon the Company's performance in 2008, a credit of 7.65 percent of 2008 base salary and annual bonus was made to the Supplemental Plan for each of the named executive officers. As of the end of 2008, the account balances of the named executive officers ranged from \$122,306 for Mr. McHugh to \$2,639,252 for Mr. Serra. Under the terms of the Supplemental Plan, executives are vested in their account balances based upon a combination of age and service. Of the named executive officers, Messrs. Serra, and Bahler are currently vested, and Mr. Mina was vested at the time of the termination of his employment.

The Retirement Plan takes into account only base salary and annual bonus in determining pension benefits. Credits to our Supplemental Executive Retirement Plan are based only on base salary and annual bonus. Therefore, stock awards have no effect on the calculation of pension payments.

Perquisites

We provide the named executive officers with certain perquisites, which the Compensation Committee believes are reasonable and consistent with its overall objective of attracting and retaining talented retail industry executives. The Company provides the named executive officers with an automobile allowance, financial planning, medical expense reimbursement, annual physical, supplemental long-term disability insurance, and life insurance. In addition, the Company provides Mr. Serra with a driver and reimburses Mr. Halls for a limited amount of travel expenses of his spouse when she accompanies him on business trips. Given Mr. Halls's responsibility for our international businesses and the amount of time he spends traveling outside the United States on Company business, we consider this to be a reasonable perquisite uniquely applicable to his situation and responsibilities.

We generally do not gross up executives for the income tax liability they incur due to the perquisites they receive. Given Mr. Halls's extensive international travel obligations, as an exception to our general policy, through the end of 2008, we grossed up Mr. Halls for his income tax liability related to spousal travel. We have discontinued this as of the beginning of 2009.

How does each element of compensation fit into our overall compensation objectives? How does each element affect our decisions regarding other elements?

As stated at the beginning of this discussion and analysis, the objectives of our compensation program are to attract, motivate, and retain talented retail industry executives in order to maintain and enhance the Company's performance and its return to shareholders.

Base salaries fit into these compensation objectives by attracting and retaining talented retail company executives by paying them base salaries commensurate with their position, experience and responsibilities.

The performance-based annual and long-term cash bonus plans are designed to reward executives for enhancing the company's performance through the achievement of performance targets.

Long-term equity-based awards (stock options and restricted stock) are designed to reward executives for increasing our return to our shareholders through increases in our stock price, and restricted stock awards may, in addition, serve to help retain key executives.

Base salaries of named executive officers rarely change materially from year-to-year unless there has been a change in responsibility or other special factors apply. As discussed above, the Compensation Committee continued for 2008 the increased annual bonus target payment for the named executive officers other than Mr. Serra. Long-term bonus target

payments, as a percentage of base salary, have been consistent based upon position during the prior three-year period. Mr. Serra's target bonus payments were the subject of negotiation between him and the Company and are specified in his employment agreement. In determining total compensation, stock options are valued by the Committee's outside compensation consultant using the Black-Scholes model. Restricted stock awards are valued based upon the share price at the time of grant.

Compensation Plans and Risk

We believe that our compensation program encourages our named executive officers to take energetic action to improve the Company's performance without encouraging them to take undue risk. The cash incentive elements of the program—annual bonus and long-term bonus—are paid based upon performance as compared to the Company's annual and three-year business plans, which are prepared each year by the Company's management and reviewed and approved by the Finance and Strategic Planning Committee and the Board of Directors. While in some years these business plans have proven to be aggressive—as shown in hindsight when the plans are not achieved and bonuses are not paid—our history suggests that, on balance, they are reasonably achievable under normal business conditions. This encourages management to manage the business well without pressuring them to take undue risks in order to obtain a bonus payment.

Our equity-based compensation for the named executive officers is designed with a similar goal in mind. Equity grants are relatively modest in relation to overall compensation. Stock options normally vest ratably over a three-year period and have a 10-year term, reducing the risk that an executive will take short-term action to inflate the price of the Company's stock for a brief period. Restricted stock awards normally vest after three years of continued service, and do not depend upon achieving a pre-set performance goal.

In addition, there are certain other factors related to our compensation programs for the named executive officers that we believe help reduce the likelihood that compensation opportunity will encourage our executives to take undue risk:

As the bonus targets are based on the business plan, any significant deviation from the plan undertaken by management during the course of the year must be reviewed and approved by the Board of Directors.

As a retail company, we believe that one of the larger risks we run is to encourage management to achieve profit without taking into account the capital used, particularly working capital invested in inventory. We have therefore designed our bonus plans for senior management, including the named executive

officers, to take into account return-on-invested-capital as well as pre-tax profit in determining whether a bonus will be paid.

We have designed our plans so that executives who receive a Not Meeting Expectations or Unsatisfactory rating under the company's annual performance appraisal process are not eligible to receive a bonus payment. This helps prevent an individual executive from taking any action inconsistent with the business plan or otherwise exposing the company to undue risk.

Finally, cash incentive payments and equity grants are not outsized in relation to base salary.

At target, the Chief Executive Officer has the opportunity to earn 125 percent of his base salary in annual bonus and 90 percent of his base salary in long-term bonus.

Comparable percentages for the other named executive officers are 75 percent and 90 percent.

Compensation Committee Procedure

The Compensation Committee normally holds two scheduled meetings for the purpose of considering executive compensation. In 2008, as discussed below, the Committee held three meetings for this purpose.

At the first meeting, held in February, the Committee reviewed a report from its outside compensation consultant on the Company's executive compensation program, general executive compensation trends, trends in the retail industry, and specific background information on each senior management position.

Based upon the material reviewed and the discussion of the Committee at this meeting, our Sr. Vice President Human Resources, working with our Chairman of the Board and Chief Executive Officer, then prepared compensation recommendations to the Committee, covering all elements of compensation, for all corporate officers and heads of our operating divisions, other than the Chief Executive Officer himself, which were forwarded to the Chair of the Compensation Committee for his review. There were also discussions between the Chairman of the Board and Chief Executive Officer and the Chair of the Compensation Committee with regard to these proposals. Based upon input from the Chair of the Compensation Committee, the Human Resources Department then finalized these

recommendations and prepared material for review by the Compensation Committee.

The Compensation Committee then held a second regularly scheduled meeting in March to consider these recommendations and set compensation for the Company's executives. At this meeting, the Committee reviewed a tally sheet that set out all elements of proposed compensation for each of the Company's senior executives, including the named executive officers, in order to assist in its evaluation of the compensation proposals for 2008.

At this meeting the Committee also discussed among themselves (with the Sr. Vice President, General Counsel and Secretary also present) compensation for the Chairman of the Board and Chief Executive Officer for 2008, and decided to make the stock option and restricted stock awards to him shown in the table on Page 34.

Except in the case of promotions or other unusual circumstances, the Compensation Committee considers stock awards only at this meeting, which is normally held within a few weeks following the issuance of the Company's full-year earnings release for the prior year. It is also at this meeting that the Compensation Committee determined whether performance targets under the Annual Bonus Plan for the prior year and under the Long-Term Incentive Compensation Plan that ended in the prior year had been achieved, determined the amount of annual and long-term bonus pay-outs, adjusted base salaries for the upcoming year, and established targets under the Annual and Long-Term Plans for the upcoming year and three-year performance period.

In 2008, the Committee made all stock option and restricted stock awards to the named executive officers at its regularly scheduled meeting in March. The Compensation Committee has delegated authority to its Chair to approve stock option awards of up to 25,000 shares to any single individual other than a corporate officer. The Chair generally uses this authority to approve stock option grants made during the course of the year in connection with promotions or new hires. In 2008, the Chair used this authority to approve grants of options to three executives, none of whom was a named executive officer, to purchase a total of 22,000 shares. Those options are priced at fair market value on the date the Chair signs the approval. Neither the Compensation Committee nor its Chair has delegated authority to management to make stock option or restricted stock awards.

In 2008, the Compensation Committee held a third meeting, in the fall, attended by its outside compensation consultant, to discuss possible changes to the executive compensation program to take effect in 2009. [After consideration, the Committee decided not to make any changes to the program.]

The Compensation Committee directly retains Mercer as its consultant on executive compensation matters. In addition to advising the Committee, other consultants and employees within Mercer provide U.S. and Canadian pension administration services to the Company, and in 2008 fees paid to Mercer for advising the Committee represented approximately 15 percent of total fees paid by the Company to Mercer. In preparing its material for the Compensation Committee, Mercer consults with the Company's Chairman of the Board and Chief Executive Officer, Sr. Vice President Human Resources, Sr. Vice President and General Counsel, and Vice President Human Resources.

Executive Employment Agreements

As more fully described on Pages 39 to 42, we have employment agreements with each of our named executive officers. In 2008, we entered into a new agreement with Mr. Serra, our Chief Executive Officer, solely to make changes to comply with Internal Revenue Code Section 409A. In 2008, we also entered into new agreements with the other named executive officers in order to make changes required to comply with Internal Revenue Code Section 409A and Section 162(m), to make certain provisions consistent in our executive employment agreements, and to make other changes.

Our employment agreements with the named executive officers provide for severance payments to the executive if we terminate the executive's employment without cause or if we give the executive good reason to terminate employment. These payments to the named executive officers, calculated as if termination of employment occurred at the end of our last fiscal year, are set out in the tables on Pages 43 to 53.

The named executive officers other than Mr. Serra, whose arrangements are discussed in the next paragraph, receive an enhanced severance payment if the executive's employment is terminated without cause or if the executive terminates employment for good reason within two years following a change-in-control. For an executive to receive the enhanced severance payment, two events must occur: first, employment must be terminated for one of the specified reasons, and second, this termination must occur within two years following a change-in-control. We believe that these provisions, which we have had in place for a number of years, provide appropriate protection to our executives, comparable to that available at peer companies, and, with regard to the enhanced severance following a change-in-control, protect us from losing key executives during a period when a change-in-control may be threatened or pending.

Mr. Serra's employment agreement also provides for an enhanced severance payment if his employment is terminated without cause or if he terminates his employment for good reason within two years following a change-in-control. In addition, his agreement provides that, following a change-in-control, there is a 30-day period during which Mr. Serra may elect to terminate his employment and receive this enhanced severance payment. We believe that this payment mechanism, which has been in Mr. Serra's employment agreement since he became our Chief Executive Officer, is comparable to that provided to many chief executive officers of public companies and benefits us, if a potential change-in-control were to arise, by allowing him to focus fully on the best interests of our Company and shareholders while a change-in-control is pending without being distracted by concerns about his personal situation.

All of the named executive officers have agreed in their employment contracts not to compete with the Company for two years following the termination of employment and not to hire Company employees during that same period. This restriction does not apply following a change-in-control.

None of the named executive officers, other than Mr. Serra, is entitled to a gross-up payment upon a change-in-control. As noted above, Mr. Serra's employment agreement has not been materially modified and the gross-up provision included in Mr. Serra's employment agreement has remained unchanged.

Accounting and Tax Considerations

While we review both the accounting and tax effects of various components of compensation, these effects are not a significant factor in the Compensation Committee's allocation of compensation among the different components. In general, it is our position that compensation paid to executive officers

should be fully deductible for U.S. tax purposes, and we have structured our bonus and option programs so that payments made under them are deductible. In certain instances, however, we believe that it is in the Company's best interests, and that of its shareholders, to have the flexibility to pay compensation that is not deductible under the limitations of Section 162(m) of the Internal Revenue Code in order to provide a compensation package consistent with our program and objectives. The portion of Mr. Serra's base salary that exceeds \$1,000,000, the value of restricted stock awards made to him, and potentially a portion of the value of restricted stock awards made to one or more of the other named executive officers, are not expected to be deductible.

Compensation Committee Report

The Compensation and Management Resources Committee of the Board of Directors has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on that review and discussion, has recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement.

Notes to Grants of Plan-Based Awards Table**(1) Annual
Bonus
Awards**

Amounts shown reflect the payment levels at threshold, target, and maximum performance for the 2008 fiscal year under the Company's Annual Bonus Plan and reflect the potential amounts that would be paid at the end of the period if the applicable performance goals were achieved. The estimated bonus payouts under the Annual Bonus Plan are based on a percentage of the executive's base salary. For Mr. Serra, the threshold,

target, and maximum amounts represent 31.25 percent, 125 percent, and 200 percent, respectively, of his annual base salary. For the other named executive officers shown in the table, the threshold, target, and maximum amounts represent 18.75 percent, 75 percent, and 131.25 percent, respectively, of each executive's annual base salary. Although Mr. Mina participated in the Annual Bonus Plan in 2008, he was not eligible to receive a payment under the plan because his employment terminated prior to the completion of the plan year.

(2) **Long-Term
Bonus
Awards**

Amounts shown reflect the estimated payment levels at threshold, target, and maximum performance for the three-year performance period of 2008-2010 under the Company's Long-Term Bonus Plan and reflect the potential amounts that would be paid at the end of the performance period if the applicable performance goals are achieved. For each executive, the amounts shown under threshold, target, and maximum represent 22.5 percent, 90 percent, and 180 percent, respectively, of each executive's annual base salary as of

May 1 in the first year of the performance period. No amounts are paid to the executives under the Long-Term Bonus Plan unless the performance goals for the three-year performance period are achieved. Although Mr. Mina participated in the Long-Term Bonus Plan, his award for the 2008-2010 performance period was cancelled upon the termination of his employment.

(3) **Restricted
Stock Awards**

Amounts shown in the table under column (i) represent the number of shares of restricted stock awarded to the executive on the grant date. The restricted stock awards were granted under the 2007 Stock Incentive Plan. The shares of restricted stock granted to Mr. Serra in 2008 will vest on January 30, 2010 and the shares awarded on this date to the other executives will vest on March 26, 2011, provided that the executives remain employed by the Company from the date of grant through the applicable vesting dates of the awards. The executives have the right to receive all regular cash dividends

payable after the date of grant to all record holders of our Common Stock. The grant date fair value of the restricted stock awards shown in column (l) includes expected dividend payments on the shares. Mr. Mina forfeited 90,000 shares of unvested restricted stock in connection with the termination of his employment in October 2008.

(4) **Stock Option Grants**

The amounts in column (j) reflect the number of stock options granted in 2008 under the Company's stock option and award plans. The stock options were granted under the 2007 Stock Incentive Plan. The exercise price reflected in column (k)

is equal to the closing price of a share of the Company's Common Stock on the grant date. In general, no portion of any stock option may be exercised until the first anniversary of its date of grant. The options granted in 2008 become exercisable in three installments, beginning on the first annual anniversary of the date of grant.

Vested options may be exercised for ten years following the date of grant, unless the option is cancelled or exercised sooner than this. If the executive retires, becomes disabled, or dies while employed by the Company or one of its subsidiaries, all unexercised options that

are then exercisable, plus those options that would have become exercisable on the next anniversary of the grant date, will remain (or become) exercisable as of that date. Moreover, upon the occurrence of a Change in Control, all outstanding options will become immediately exercisable as of that date. In general, options may remain exercisable for up to three years following a participant's retirement or termination due to disability, and for up to one year for any other termination of employment for reasons other than cause.

(5) **Grant Date

in 2008,

with FAS

conditions and
include
expected
dividend
payments on
shares of

at the same
rate as paid on
our shares of
Common

option awards,
that number is
calculated by
multiplying
the
Black-Scholes
value by the
number of
options
granted. The
Black-Scholes
value for the
options
granted in
2008 to

Matthew Serra was \$2.41, and the Black-Scholes value for the options granted in 2008 to the other named executive officers was \$2.47. For information on the valuation assumptions with respect to the 2008 grants, please refer to [Note 25] of the Company's financial statements in our Form 10-K for the 2008 fiscal year as filed with the SEC.

For restricted stock awards, the fair value is calculated by multiplying the closing price of our Common Stock on The New York Stock Exchange on the award date by the number of shares granted. The closing price of our Common Stock on the date of grant was \$11.66.

Salary. The annual base salaries paid to our named executives in 2008 are set forth in the Summary Compensation Table. For 2008, their salaries represented the following percentages of their total compensation: Mr. Serra (28%), Mr. McHugh (27.7%), Mr. Halls (28.8%), Mr. Bahler (28.9%), Ms. Petrucci (28.4%), and Mr. Mina (18.7%). Information on the named executives' employment agreements appears beginning on Page 32.

The following table, **Outstanding Equity Awards at Fiscal Year-End** shows the number of outstanding stock options, both vested and unvested, and the number of unvested shares of restricted stock held by the named executives at the end of the 2008 fiscal year.

EMPLOYMENT AGREEMENTS

We have employment agreements with each of the named executive officers, excluding Richard Mina, and we describe the material terms of each of these agreements below. Information on potential payments and benefits on termination of the agreements is described under the section Potential Payments upon Termination or Change in Control, beginning on Page 43.

Matthew D. Serra

Position. We entered into a new agreement in December 2008 with Mr. Serra in his position as Chairman of the Board, President and Chief Executive Officer. This agreement contains substantially the same terms and conditions as the agreement entered into with Mr. Serra in 2006, except for changes made to comply with Section 409A of the Internal Revenue Code.

Term. The term of this agreement began on October 1, 2006 and

ends on
January 30,
2010.

***Base Salary
and Bonus.***

We pay Mr. Serra an annual base salary of not less than \$1.5 million during the term of the agreement. Mr. Serra's annual bonus at target is 125 percent of his base salary, and his bonus at target under the long-term bonus plan for any three-year performance period is 90 percent of his base salary at the beginning of the performance period. If Mr. Serra remains employed by Foot Locker through the end of his contract term, he will be eligible for a pro-rata payout under the Long-Term Bonus Plan

for the
2008-2010
and
2009-2011
performance
periods,
provided the
performance
goals are
met.

***Benefit
Plans and
Perquisites.***

Mr. Serra is
entitled to
participate in
all bonus,
incentive,
and equity
plans offered
to senior
executives.

He is also
eligible to
participate in
all pension,
welfare, and
fringe
benefit plans
and
perquisites
offered to
senior
executives.

The benefits
and
perquisites
available to
Mr. Serra
include:

Company-paid
life insurance
in the amount
of his annual
base salary;

Long-term
disability
insurance

coverage of
\$25,000 per
month;

Annual
out-of-pocket
medical
expense
reimbursement
of up to
\$20,000;

Financial
planning
expenses of up
to \$7,500
annually;

Reimbursement
of dues and
membership
fees of one
private club of
up to \$20,000
annually;

Automobile
expense
allowance of
up to \$40,000
annually and
the services of
a driver;

Although Mr.
Serra is
eligible for
these
perquisites
under his
agreement, he
chose not to
receive some
of these
benefits in
2008.

***Non-Compete
Provision.***
Mr. Serra's
agreement

provides that
he may not
compete with
Foot Locker
or solicit our
employees for
two years
following the
termination of
his
employment
agreement.

***Certain
Defined
Terms in the
Agreement:***

Cause means Mr. Serra:

willfully and
continuously
fails to
perform his
duties;

willfully
takes part in
misconduct
that
significantly
harms the
Company;

willfully
breaches his
employment
agreement
and does not
correct the
breach; or

is convicted
of a felony
(other than a
traffic
violation).

Change in Control means any of the following:

a person or group makes a tender offer to purchase at least 20 percent of the Company's outstanding stock;

the Company merges with another company or sells all (or substantially all) of its assets. This event would exclude, for example, mergers (or similar transactions) in which no one becomes the beneficial owner of more than 20 percent of the stock outstanding;

the acquisition of 20 percent or more of the outstanding stock. (The Board may, however, increase this threshold up to 40 percent);

shareholder
approval of a
plan of
liquidation,
dissolution,
or sale of
substantially
all of the
assets of the
Company; or

during any
period of two
consecutive
years, the
directors at
the start of
the period,
plus any new
director
whose
election or
nomination
for election
was
approved by
at least
two-thirds of
the directors
then
remaining on
the Board
who either
were
directors at
the
beginning of
the period or
whose
election or
nomination
was
approved in
this manner,
do not
comprise at
least a
majority of
the Board.

Disability means:

Mr. Serra is incapacitated due to physical or mental illness and, as a result, has not performed his duties on a full-time basis for six months and does not return to perform his duties after the Company gives him notice.

Good Reason means, following a Change in Control,

a material demotion or reduction in Mr. Serra's authority or responsibility (except temporarily because of illness or other absence);

a decrease in his base salary rate;

a reduction in his annual bonus classification level;

failure to continue the benefit plans and programs that apply to

him, or the reduction of his benefits, without providing substitute comparable plans, programs and benefits;

failure by a successor company to confirm in writing that it will assume the Company's obligations under the agreement; or

the Company breaches a material provision of the agreement and does not correct the breach.

Robert W. McHugh, Ronald J. Halls, Gary M. Bahler, and Laurie J. Petrucci

Benefit Plans and Perquisites. These executives are entitled to participate in all benefit plans and arrangements in effect at the start of the agreement, including

retirement plans, annual and long-term bonus plans, medical, dental, and disability plans, and any other plans subsequently offered to our senior executives.

Spousal

Travel. Mr. Halls' s wife may accompany him on up to eight business trips each fiscal year at the Company's expense. In 2008, we grossed up Mr. Halls' s salary for a percentage of this spousal travel expense. Beginning in 2009, the Company discontinued the gross-up of this expense.

Non-Compete Provision.

The executives agreements provide that they may not compete with Foot Locker or solicit our

employees for
two years
following the
termination of
their
employment
agreements.

Certain Defined Terms in the Agreement:

Cause means the executive s:

refusal or
willful
failure to
substantially
perform his
duties;

dishonesty,

regard to the
Company s
business or
assets;

willful

Change in Control means any of the following:

the Company
merges with
another
company or

assets. This
event

excludes, for example, mergers (or similar transactions) in which no one becomes the beneficial owner of more than 50 percent of the stock outstanding;

the acquisition of 35 percent or more of the outstanding stock; or

during any period of two consecutive years, the directors at the start of the period, plus any new director whose election or nomination for election was approved by at least two-thirds of the directors then remaining on the Board who either were directors at the beginning of the period or whose election or

nomination
was
approved in
this manner,
do not
comprise at
least a
majority of
the Board.

Disability means:

The
executive is
incapacitated
due to
physical or

and, as a
result, has not
performed his
duties on a
full-time
basis for six
months, and
does not
return to
perform his
duties after
the Company
gives him
notice.

Good Reason means:

Prior to a Change in Control,

a reduction in
base salary, other
than an
across-the-board
reduction in
senior executive
salaries over a
three-year period
and the reduction
is less than 20%
of the executive's
salary from the
beginning of the
three-year

period;

material change
in the executive's
authority or
responsibilities,
except
temporarily as a
result of illness
or other absence;

Following a Change in Control,

any reduction
in base salary;

failure to
continue the
benefit plans
and programs
that apply to
the executive,
or the
reduction of
his benefits,
without
providing
substitute
comparable
plans and
benefits;

a material
demotion or
reduction in
executive's
authority or
responsibility
(except
temporarily
because of
illness or
other
absence);

At any time,

a reduction in
the
executive's
annual bonus

classification
level, other
than in
connection
with a
redesign that
affects all
other
employees in
the
executive s
bonus level;

failure by a
successor to
the Company
to confirm in
writing that it
will assume
the
Company s
obligations
under the
agreement;

failure by the
Company to
renew the
agreement.

Richard T. Mina

We had an employment agreement with Mr. Mina as President and Chief Executive Officer of Foot Locker, Inc. U.S.A. substantially in the same form as the agreements described above for the named executive officers other than Mr. Serra. Mr. Mina's service as President and CEO of Foot Locker, Inc. U.S.A. ended on September 30, 2008, and his employment with the Company was terminated on October 31, 2008. Certain obligations under this agreement continue post-termination, such as Mr. Mina's non-competition obligation.

R. Mina	President and CEO, Foot Locker, Inc. U.S.A.	5/1/2008 1/31/2010	\$875,000

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

The executives' employment agreements and certain of the plans and programs that executives participate in require the Company to pay compensation to the executives if their employment terminates in certain circumstances. The estimated amount of compensation and benefits that would be payable to the named executives following termination of their employment, including amounts already vested, is stated in the tables below. Except for Richard Mina, whose information appears on Page 53, the information in the tables assumes a termination date of January 31, 2009.

Notes to Table on Matthew D. Serra

(1) The severance amount equals:

\$1,500,000, which reflects the total remaining monthly salary payments through the end of the employment contract term on January

30, 2010.
Payment of
the first six
months of
salary

continuation would be made six months following termination, and the remaining payments would then be made on a monthly basis; plus

\$1,728,339, which reflects Mr. Serra's annual bonus of \$1,728,339 for 2008, which would be payable at the time the bonus payments for the plan year are made to other participants in the plan.

(2) This amount is the value of 168,834 shares of restricted stock that would vest on termination. The shares were valued at \$7.36.

(3) This amount is the total benefit payable under the Supplemental Executive Retirement Plan (SERP). The payments would be made quarterly over a three-year period. The first two quarterly payments would be made six months following the executive's termination date, with the remaining payments made quarterly during the remainder of the three-year period.

- (4) Benefit payable as of January 31, 2009 in a lump sum under the Foot Locker Excess Cash Balance Plan six months following the executive's termination date. No information is provided with respect to the benefit under the Foot Locker Retirement Plan because that plan is available generally to all salaried employees and does not discriminate in terms of scope, terms, or operation in favor of the executive officers.
- (5) Mr. Serra would be entitled under the SERP to the continuation of medical and dental insurance benefits following termination. The benefits would be substantially the same as those benefits to which senior executives are entitled under Foot Locker's medical and dental plans for active employees. Mr. Serra would be required to pay the insurance premium applicable to actively employed senior executives, including any

subsequent increases in the premiums. The continuation of benefits would terminate if Mr. Serra engages in competition during the one-year period following termination or becomes a participant in a new employer's health plan. The amount shown in the table represents the amount accrued by the Company for Mr. Serra's post-termination medical and dental benefits.

- (6) This amount reflects the approximate cost of one year of outplacement services.
- (7) This covers (i) termination by the Executive within the 30-day period occurring three months after a Change in Control and (ii) by the Company without Cause or by Executive for Good Reason during the two-year period following a Change in Control.
- (8) This amount equals 1.5 times Executive's annual base salary plus

annual bonus at target, which is the minimum amount payable to the executive for termination following a Change-in-Control. Payment would be made as provided in Note 1 above for the \$1,500,000 in remaining salary payments and the \$1,728,339 annual bonus payment. For the excess amount of \$1,834,161, payment would be made in a lump sum six months following the executive's termination date.

(9) The fair market value of a share of the Company's stock on January 31, 2009 was less than the exercise price of each of the unvested options that would be accelerated, so the intrinsic value of the option on that date was \$0.

(10) If Mr. Serra receives payments or benefits following a Change in Control that are subject to the excise tax imposed by Section 4999 of the Internal Revenue Code, we would pay him a gross-up payment to put him

in the same after-tax position he would have been in had no excise tax been imposed. Based on current estimates, no excise tax would be payable by executive; therefore, there would be no tax gross-up payment. This provision has been in Mr. Serra's employment agreement since he joined the Company in 1998.

- (11) The Compensation and Management Resources Committee may, but is not obligated to, accelerate the vesting of some or all of executive's restricted stock. The number shown in the table assumes approval of the accelerated vesting of 168,834 shares of restricted stock, valued at \$7.36.

- (12) SERP benefit payable in a lump sum following the determination of disability or the date of death.

Notes to Table on Robert W. McHugh

- (1) The severance amount equals 52 weeks salary and would be payable six months following termination.

- (2) Benefit payable as of January 31, 2009 in a lump sum under the Foot Locker Excess Cash Balance Plan six months following the executive's termination date. No information is provided with respect to the benefit under the Foot Locker Retirement Plan because that plan is available generally to all salaried employees and does not discriminate in terms of scope, terms, or operation in favor of the executive officers.

- (3) The amount in the table reflects the estimated cost to the Company of payments to Mr. McHugh to reimburse him for the difference between the cost of the COBRA continuation coverage premium and the amount he would have paid for medical and dental coverage as an active associate for 18 months following his termination.
- (4) The fair market value of a share of the Company's stock on January 31, 2009 was less than the exercise price of each of the unvested options that would be accelerated, so the intrinsic value of the option on that date was \$0.
- (5) The severance amount equals

three times the executive's annual salary.

(6) This amount represents the value of 50,000 shares of restricted stock that would vest on termination. The shares were valued at \$7.36.

(7) If the payments or benefits received by the executive following a Change in Control are subject to the excise tax under Section 4999 of the Internal Revenue, then the Company would automatically reduce Mr. McHugh's payments and benefits to an amount equal to \$1 less than the amount that would subject him to the excise tax, as long as the reduced amount would result in a greater benefit to him compared to the unreduced

amount on a

basis.

RICHARD MINA

On September 30, 2008, we notified Mr. Mina that the Company was terminating his employment without Cause as of October 31, 2008. Subsequently, the Audit Committee retained counsel to conduct an investigation into an anonymous allegation communicated to the Company with regard to Mr. Mina. Mr. Mina subsequently brought an action against the Company in connection with the termination of his employment. As of the date of this proxy statement, no severance benefit, payments under the SERP, or payment under the Excess Cash Balance Plan have been made to Mr. Mina. In addition, as of the date of this proxy statement, no final determination has been made with regard to the status of his termination. The amounts shown in the table reflect the amount of the payments that the Company anticipates that it would make to Mr. Mina as a consequence of the termination of his employment without Cause. Mr. Mina forfeited all of his unvested restricted stock on his termination date, and there was no acceleration of the vesting of any of his unvested stock options. He is not entitled to any tax gross-up payment.

- (1) The severance amount equals three weeks salary multiplied by Mr. Mina's 29 years of service.
- (2) This amount is the total benefit payable under the Supplemental Executive Retirement Plan (SERP). The payments would be made quarterly over a three-year period. The first two quarterly payments would

No information is provided with respect to the benefit under the Foot Locker Retirement Plan because that plan is available generally to all salaried employees and does not discriminate in terms of scope, terms, or operation in favor of the executive officers.

- (4) For a termination without Cause, Mr. Mina would be entitled under the SERP to the continuation of medical and dental insurance benefits. The

benefits would be substantially the same as those benefits to which senior executives are entitled under Foot Locker's medical and dental plans for active employees. Mr. Mina would be required to pay the insurance premium applicable to actively employed senior executives, including any subsequent increases in the premiums. The amount shown in the table represents the amount accrued by the Company for post-termination medical and dental benefits.

RETIREMENT PLANS**Foot Locker Retirement Plan**

The Foot Locker Retirement Plan (the "Retirement Plan") is a defined benefit plan with a cash balance formula, which covers eligible employees of the Company and substantially all of our United States subsidiaries. All qualified employees who are at least 21 years old with one year of service are covered by the Retirement Plan. Plan participants become fully vested in their benefits under this plan generally upon completion of five years of service or upon reaching normal retirement age (age 65) while actively employed.

Under the cash balance formula, each participant has an account, for record keeping purposes only, to which credits are allocated annually based upon a percentage of the participant's W-2 Compensation, as defined in the Retirement Plan. This percentage is determined by the participant's years of service with the Company as of the beginning of each calendar year. The following table shows the percentage used to determine credits at the years of service indicated.

Years of Service	Percent of All W-2 Compensation	+	Percent of W-2 Compensation Over \$22,000
Less than 6	1.10		0.55
6 - 10	1.50		0.75
11 - 15	2.00		1.00
16 - 20	2.70		1.35
21 - 25	3.70		1.85
26 - 30	4.90		2.45
31 - 35	6.60		3.30
More than 35	8.90		4.45

In addition, all balances in the participants' accounts earn interest at the fixed rate of 6 percent, which is credited annually. At retirement or other termination of employment, an amount equal to the vested balance then credited to the account under the Retirement Plan is payable to the participant in the form of a qualified joint and survivor annuity (if the participant is married) or a life annuity (if the participant is not married). The participant may elect to waive the annuity form of benefit and receive benefits under the plan upon retirement in an optional annuity form or an immediate or deferred lump sum, or, upon other termination of employment, in a lump sum. Additional optional forms of payment are available to participants who were participating in the Retirement Plan as of December 31, 1995.

Foot Locker Excess Cash Balance Plan

The Internal Revenue Code limits annual retirement benefits that may be paid to, and the compensation that may be taken into account in calculating benefits for, any person under a qualified retirement plan such as the Foot Locker Retirement Plan. Accordingly, for any person covered by the Retirement Plan whose annual retirement benefit, calculated in accordance with the terms of the Retirement Plan, exceeds the limitations of the Internal Revenue Code, the Company has adopted the Foot Locker Excess Cash Balance Plan (the "Excess Plan"). The Excess Plan is an unfunded, nonqualified benefit plan, under which the individual is paid the difference between the Internal Revenue Code limitations and the retirement benefit to which he or she would otherwise be entitled under the Retirement Plan.

Early Retirement Eligibility

The Foot Locker Retirement Plan provides for a reduced benefit payment to a participant who retires after reaching

early retirement age but prior to normal retirement age. Early retirement age is defined under the Retirement Plan and Excess Plan as age 55 with at least 5 years of vesting service. Mr. Serra and Mr. Bahler are the only named executive officers currently eligible for early retirement under these plans.

Foot Locker Supplemental Executive Retirement Plan

In addition, the Foot Locker Supplemental Executive Retirement Plan (the "SERP"), which is an unfunded, nonqualified benefit plan, provides for payment by the Company of supplemental retirement, death and disability benefits to certain executive officers and certain other key employees of the Company and its subsidiaries who participate in this plan. The named executive officers, excluding Richard T. Mina, and three other executive officers of the Company currently participate in the SERP. The Compensation and Management Resources Committee sets an annual targeted incentive award under the SERP for each participant consisting of a percentage of salary and bonus based on the Company's performance against target. Achievement of the target causes an 8 percent credit to a participant's account for that year. The applicable percentage for the year increases or decreases proportionately to the percentage of the Company's performance in relation to the target, but may not be less than 4 percent or more than 12 percent in any year. Participants' accounts accrue simple interest at the rate of 6 percent annually.

A participant is eligible to receive a benefit under the SERP only if his or her age plus years of service at retirement equals at least 65. Currently, Messrs. Serra and Bahler have age plus years of service totaling at least 65. Mr. Mina had age plus years of service exceeding 65 at the time of his termination of employment. If a participant's employment terminates due to death or disability he (or his estate) would be entitled to payment of his SERP balance. A participant's SERP benefit is paid in 12 quarterly installments following retirement, with the first two quarters payable six months following retirement. Upon death or disability, a participant's SERP benefit is paid in a lump sum.

The SERP provides for the continuation of medical and dental insurance benefits if an executive's age plus years of service total at least 65 when his employment terminates. The benefits would be substantially the same as those benefits to which senior executives are entitled under Foot Locker's medical and dental plans for active employees. The terminated executive would be required to pay the insurance premium applicable to actively employed senior executives, including any increases in the premiums, and the Company would pay the difference between the actual premium rate and the active employee rate.

Payment of Retirement Benefits

The table below provides the present value of the accumulated benefit payable to each of the named executives and the years of service credited to each of them under the Foot Locker Retirement Plan, the Excess Plan, and the SERP determined using interest rate and mortality rate assumptions consistent with those used in our 2008 financial statements. With regard to Mr. Mina, the SERP amount assumes that Mr. Mina is eligible for the SERP benefit and reflects his account balance at February 1, 2008 with no interest or pay credit for 2008.

Notes to Pension Benefits Table

- (1) In general, the present value of accumulated benefits was determined using the same measurement date (January 31, 2009) and assumptions used for financial reporting purposes. Expected retirement age for the Retirement Plan and the Excess Plan is equal to normal retirement age as defined by the plans. For the SERP, the age at which Participants become eligible for retirement under the plan is used as the expected retirement age. The following are the key assumptions

that were
used in
calculating
the values in
the table:

FAS 87
Discount rate
of 6.5
percent for
the
Retirement
Plan and the
SERP;
FAS 87
Discount rate
of 6.4
percent for
the Excess
Plan.

Retirement
age is
assumed to
be 65 for the
Retirement
Plan and the
Excess Plan;
for the SERP
the
retirement
age is
assumed to
be when age
plus years of
service equal
65.

417(e)
interest rate
of 6 percent.

Form of
payment for
the
Retirement
Plan and the
Excess Plan
is a lump
sum; the
form of

payment for
the SERP is
12 quarterly
installments.

The years of service for the SERP reflect the number of years that the executive has been approved by the Compensation Committee as a participant in that plan. Mr. Serra's years of service under the Retirement Plan and the Excess Plan are less than the number of years of credited service under the SERP because of the requirement that an employee must complete a year of eligibility service before becoming eligible for participation in these plans.

Trust Agreement for Certain Benefit Plans

The Company has established a trust for certain benefit plans, arrangements, and agreements, including the Supplemental Executive Retirement Plan, the Foot Locker Excess Cash Balance Plan, the executive employment agreements, and other benefit plans, agreements or arrangements that may be covered at a later date (collectively, the Benefit Obligations). Under the trust agreement, if there is a Change in Control of the Company (as defined in the Trust agreement), the trustee would pay to the persons entitled to the Benefit Obligations the amounts to which they may become entitled under the Benefit Obligations. Upon the occurrence of a Potential Change in Control of the Company as defined in the trust agreement, the Company is required to fund the trust with an amount sufficient to pay the total amount of the Benefit Obligations. Following the occurrence, and during the pendency, of a Potential Change in Control, the trustee would be required to make payments of Benefit Obligations to the extent these payments are not made by the Company.

ITEMS TO BE VOTED ON BY SHAREHOLDERS

**PROPOSAL 1:
ELECTION OF DIRECTORS**

Our Certificate of Incorporation provides that the Board of Directors be divided into three classes serving staggered three-year terms, each class to be as nearly equal in number as the other two. The terms of the four directors constituting Class III expire at the 2009 annual meeting.

Alan D. Feldman, Jarobin Gilbert Jr., and David Y. Schwartz will be considered for election as directors in Class III, to serve for three-year terms expiring at the annual meeting in 2012. In order to make the classes equal in number, Cheryl Nido Turpin, who has been a director of the Company since 2001, will be considered for election as a director in Class II, to hold office for a two-year term expiring at the annual meeting in 2011. Each nominee has been nominated by the Board of Directors for election and has consented to serve. All of the nominees were elected to serve for their present terms at the 2006 annual meeting. The five remaining directors will continue in office until the expiration of their terms at the 2010 or 2011 annual meeting. If, prior to the annual meeting, any nominee is not able to serve, then the persons designated as proxies for this meeting (Gary M. Bahler, Robert W. McHugh and Matthew D. Serra) will have full discretion to vote for another person to serve as a director in place of that nominee.

Under the retirement policy for directors, which is described on Page 9, Mr. Preston would be required to retire from the Board following the 2009 Annual Meeting because he has reached age 75. Mr. Preston, who was elected to a three-year term ending in 2010, currently serves as the lead director. Last year, on the recommendation of the Nominating and Corporate Governance Committee, the Board of Directors waived the retirement policy for Mr. Preston and provided that the Board would review the waiver prior to the 2009 annual meeting of shareholders. This year, the Board reviewed the waiver for Mr. Preston and, upon the recommendation of the Nominating and Corporate Governance Committee, approved a continuation of the waiver so that Mr. Preston may continue to serve on the Board and as lead director. Mr. Preston did not participate in the deliberations or decisions of either the Board or the committee on this matter.

Biographical information follows for the four nominees and for each of the five other directors of the Company whose terms will continue after the 2009 annual meeting. The ages shown are as of April 9, 2009. There are no family relationships among the directors or executive officers of the Company.

The Board of Directors recommends that shareholders vote FOR the election of the four identified nominees to the Board of Directors.

**PROPOSAL 2:
RATIFICATION OF THE APPOINTMENT OF INDEPENDENT ACCOUNTANTS**

The Audit Committee of the Board of Directors has appointed KPMG LLP as our independent registered public accountants for the 2009 fiscal year. We are asking shareholders at this meeting to ratify this appointment of KPMG LLP for 2009.

Representatives of KPMG are expected to be present at the annual meeting and will have an opportunity to make a statement and respond to appropriate questions.

The Board of Directors recommends that shareholders vote FOR Proposal 2.

Audit and Non-Audit Fees

The following table shows the fees we paid to KPMG for the audit of Foot Locker's annual financial statements for 2008 and 2007, as well as the fees billed for other services KPMG provided during these two fiscal years.

Category	2008	2007
Audit Fees (1)	\$ 3,005,000	\$ 2,780,000
Audit-Related Fees (2)	346,000	198,000
Tax Fees (3)	4,000	4,000
All Other Fees (4)	225,000	0
Total	\$ 3,580,000	\$ 2,982,000

Notes to Audit and Non-Audit Fees Table

- (1) Audit fees consisted of professional services provided in connection with the audit of our annual financial statements, reviews of financial statements included in our Form 10-Qs, reviews of registration statements

and
issuances of
consents, as
well as work
generally
only the
independent
auditor can
reasonably
be expected
to provide,
such as
statutory
audits.

- (2) Audit-related fees consisted principally of audits of financial statements of certain employee benefit plans.
- (3) Tax fees consisted principally of assistance with matters related to tax compliance.
- (4) All other fees consisted of due diligence services related to an acquisition in 2008.

Audit Committee Pre-Approval Policies and Procedures

The Audit Committee has a policy that all audit and non-audit services to be provided by our independent accountants, including services for our subsidiaries and affiliates, are to be approved in advance by the Audit Committee, regardless of the estimated cost for providing such services. Between meetings of the Committee, the Audit Committee has delegated this authority to the Chair of the Committee. In practice, these fees are normally approved by the Committee Chair and reviewed with the Audit Committee at a subsequent meeting. Management reviews with

the Audit Committee at regularly scheduled meetings the total amount and nature of the audit and non-audit services provided by the independent accountants, including services for our subsidiaries and affiliates, since the Committee's last meeting. None of the services pre-approved by the Audit Committee or the Chair of the Committee during 2008 utilized the *de minimis* exception to pre-approval contained in the applicable rules of the Securities and Exchange Commission.

Audit Committee Report

In accordance with the charter adopted by the Board of Directors, the Audit Committee assists the Board in fulfilling its oversight responsibilities in the areas of the Company's accounting policies and practices and financial reporting. The Committee has responsibility for appointing the independent accountants and internal auditors. The Company's management is responsible for establishing and maintaining adequate internal control over financial reporting.

The Audit Committee consists of five independent directors, as independence is defined under the rules of The New York Stock Exchange. All of the Committee members meet the expertise requirements under the rules of The New York Stock Exchange.

The Audit Committee held nine meetings in 2008. At its meetings during 2008, the Committee discussed with management, KPMG LLP, the Company's independent registered public accountants, and the Company's internal auditors the assessment of the Company's internal control over financial reporting. The Committee also discussed with KPMG its attestation report and opinion on the Company's internal control over financial reporting contained in the Company's 2008 Annual Report on Form 10-K.

The Audit Committee reviewed and discussed with management and KPMG the audited financial statements for the 2008 fiscal year, which ended January 31, 2009. The Committee also discussed with KPMG the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1, AU Section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T. The Audit Committee, both with and without management present, discussed and reviewed the results of KPMG's examination of the financial statements and the overall quality of the Company's financial reporting.

The Audit Committee obtained from KPMG the written disclosures and the letter required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence, and has discussed with KPMG its independence and any relationships that may affect its objectivity. The Audit Committee also considered whether the non-audit services provided by KPMG to the Company are compatible with maintaining KPMG's independence. The Committee has satisfied itself that KPMG is independent.

Based on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in Foot Locker's Annual Report on Form 10-K for the 2008 fiscal year.

**PROPOSAL 3:
APPROVAL OF AMENDMENT TO THE BY-LAWS**

On November 19, 2008, the Board of Directors approved, subject to shareholder approval at the 2009 annual meeting, an amendment to Article II, Section 1 of the Company's By-Laws to reduce the number of directors from a range of 9 to 17 persons to a range of 7 to 13 persons, with the exact number within this range to be determined by the entire Board of Directors. The number of directors is currently fixed at nine. Shareholders approved an amendment to the By-Laws in 1997 setting the range of directors at between 9 and 17 persons. For the reasons described below, the Board believes that it would be in the best interests of the Company and its shareholders to reduce the minimum and maximum number of directors at this time.

Reasons for Amendment

The Board of Directors strongly believes that a smaller board is more effective in facilitating communications and decision making, which is particularly important in maintaining a highly functional board. A board of directors consisting of between 7 and 13 persons would be consistent with the way the Board has operated since 1997, where the exact number of directors on the Board during this time ranged from a minimum of 9 persons to a maximum of 12 persons. It would also be consistent with the continuing trend towards smaller boards, with the average board size of major corporations decreasing over the past ten years.

We currently have nine members on our Board of Directors. The Board believes that a reduction in the board size would also avoid the potential situation of having to quickly fill any unexpected vacancies in order to meet the existing minimum size requirements. Given the importance of recruiting qualified, independent directors to serve as directors of your company, we believe that it is prudent to conduct an organized search for a replacement when vacancies occur in order to preserve the high quality of the Board and maintain its diversity of experience. Reducing the range of the minimum and maximum number of directors would provide added flexibility in determining the appropriate size of the Board from time to time.

The Board of Directors believes that the adoption of the proposed amendment to the By-Laws is in the best interests of the Company and our shareholders. Article II, Section 1 of the By-Laws is a shareholder-approved by-law, and we would continue to be required to seek our shareholders' approval for any future amendments to this by-law.

The full text of Article II, Section 1 of the By-Laws, as proposed to be amended, is as follows:

SECTION 1. The number of directors constituting the entire Board of Directors shall be not less than 7 or more than 13, the exact number of directors to be determined from time to time by resolution adopted by a majority of the entire Board of Directors. At each annual meeting of shareholders, directors shall be elected to hold office by a plurality of the votes cast.

The Board of Directors recommends a vote FOR Proposal 3.
