OPTION GRANTS IN 2000

The "grant date present values" indicated in the option grant table below are an estimate based on the Black-Scholes option pricing model. Although executives risk forfeiting these options in some circumstances, these risks are not factored into the calculated values. The actual value of these options will be determined by the excess of the stock price over the exercise price on the date that the options are exercised. There is no certainty that the actual value realized will be at or near the value estimated by the Black-Scholes option pricing model. The Unicom grants, which expire on January 24, 2010, were adjusted to reflect the substitution of Exelon shares for Unicom shares in accordance with the merger agreement. The original strike price was \$37.063. The assumptions used for the Black-Scholes models are as follows:

Expiration Date	Volatility	Dividend Yield	Risk-Free Interest Rate	Time of Exercise
October 19, 2010	37.23%	3.35%	5.68%	5 years
January 24, 2010	33.64%	4.80%	6.68%	5 years

OPTION EXERCISES AND YEAR-END VALUE

This table shows the number and value of exercised and unexercised stock options for the named executive officers during 2000. Value is determined using the market value of Exelon common stock at the year-end price of \$70.21 per share, minus the value of Exelon common stock at the exercise price. All options whose exercise price exceeds the market value are valued at zero.

LONG-TERM INCENTIVE PLANS--AWARDS IN LAST FISCAL YEAR

Information with respect to Messrs. McNeill, Rowe, Kingsley, Egan and McLean and Ms. Strobel is presented under ITEM 11. Executive Compensation--ComEd--Executive Compensation--Long-Term Incentive Plans--Awards in Last Fiscal Year below and is incorporated herein by this reference. Messrs. Rainey and Lawrence were not officers of Unicom, and were accordingly not eligible for awards under the plan described under ITEM 11. Executive Compensation--ComEd--Executive Compensation--Long-Term Incentive Plans--Awards in Last Fiscal Year below.

RETIREMENT PLANS

The following tables show the estimated annual retirement benefits payable on a straight-life annuity basis to participating employees, including officers, in the earnings and year of service classes indicated, under PECO's and Unicom's (by its subsidiary, ComEd) non-contributory retirement plans. The amounts shown in the table are not subject to any deduction for Social Security or other offset amounts.

Covered compensation includes salary and bonus which is disclosed in the Summary Compensation Table above for the named executive officers. The calculation of retirement benefits under the plans is based upon average earnings for the highest consecutive five-year period under the PECO Energy Company Service Annuity Plan and for the highest four-year period under the ComEd Service Annuity System.

The Internal Revenue Code limits the annual benefits that can be paid from a tax-qualified retirement plan to \$170,000 as of January 1, 2001. As permitted by the Employee Retirement Income Security Act of 1974, PECO Energy and ComEd sponsored supplemental plans which allow the payment out of general funds of PECO Energy or ComEd, as applicable, any benefits calculated under provisions of the applicable retirement plan which may be above these limits. Exelon assumed sponsorship of the non-contributory retirement plans and the supplemental plans.

EMPLOYMENT AGREEMENTS

Employment Agreement with John W. Rowe

Exelon entered into an amended employment agreement with Mr. Rowe under which Mr. Rowe will serve as:

- co-chief executive officer and president of Exelon, chairman of the executive committee of the Exelon board of directors and a member of the Exelon board of directors during the first half of the transition

Edgar Filing: PECO ENERGY CO - Form 10-K/A

period provided for in Exelon's Bylaws, which is defined as the period from the effective time of the merger forming Exelon (October 20, 2000) until December 31, 2003,

- . co-chief executive officer of Exelon, chairman of the Exelon board of directors and a member of the Exelon board of directors during the second half of the transition period, and
- . chief executive officer of Exelon, chairman of the Exelon board of directors and a member of the Exelon board of directors after the transition period.

Mr. Rowe will succeed to the position of sole chief executive officer of Exelon or chairman of the Exelon board of directors if:

- . prior to the end of the transition period, Mr. McNeill should cease to be a co-chief executive officer of Exelon or the chairman of the Exelon board of directors, and
- . Mr. Rowe is still a co-chief executive officer of Exelon at that time.

Mr. Rowe will receive an annual base salary of:

- . at least \$900,000 through March 15, 2001, but not less than his base salary immediately prior to the completion of the merger (\$975,000), or
- . Mr. McNeill's base salary, whichever is higher.

After March 15, 2001, Mr. Rowe's base salary will be determined by Exelon's compensation committee. Mr. Rowe will be eligible to participate in annual incentive award programs, long-term incentive plans and stock option plans on the same basis as other senior executives of Exelon. The agreement provided that a grant of options would be considered at the time the merger was completed. Mr. Rowe is entitled to participate in all savings, deferred compensation, retirement and other employee benefit plans generally available to other senior executives of Exelon. During the transition period, Mr. Rowe's base salary and participation in the plans and awards described in this paragraph will be on a basis that is not less than that of Mr. McNeill's or on which Mr. McNeill participates.

Under his amended employment agreement, Mr. Rowe will receive a special supplemental executive retirement plan, or SERP, benefit if:

- . he terminates due to normal retirement, early retirement, termination without cause, termination for good reason, death or disability, or
- . he voluntarily terminates on or after the first anniversary of the completion of the merger for any other reason.

The term "good reason" includes the failure to appoint Mr. Rowe to the management and Exelon board of director positions described above. The special SERP benefit will equal the SERP benefit that Mr. Rowe would have received:

- . if he had attained age 60 (or his actual age, if greater), and
- . if he had earned 20 years of service on March 16, 1998 and one additional year of service on each anniversary after that date and prior to termination.

Except as provided in the next paragraph, if Exelon terminates Mr. Rowe's employment for reasons other than cause, death or disability or if he should

Edgar Filing: PECO ENERGY CO - Form 10-K/A

terminate employment for good reason on or after December 31, 2004 and not within 24 months following a change in control of Exelon, he would be entitled to the following benefits:

- . a prorated annual incentive award for the year in which termination occurs,
- . severance payments equal to his base salary for two years after termination, and for each year during such period an amount equal to the average of the annual incentive awards paid to him with respect to the three years preceding the year of termination or, if greater, his annual incentive award for the year before termination,
- . for the two-year period, continuation of his life, disability, accident, health and other welfare benefits, plus the retirement benefits described above and post-retirement health care coverage,
- . all of his exercisable options would remain exercisable until the applicable option expiration date,
- . unvested options would continue to become exercisable during the two-year continuation period and thereafter remain exercisable until the applicable option expiration date, and
- . all compensation earned through the date of termination and coverage and benefits under all benefit plans to which he is entitled.

Mr. Rowe will receive the termination benefits described in "Change in Control and Severance Arrangements" below, rather than the benefits described in the previous paragraph, if Exelon terminates Mr. Rowe without cause or he terminates with good reason and

- . the termination occurs within 24 months after a change in control of Exelon, or
- . the termination occurs at any other time prior to the earlier of normal retirement or December 31, 2004, or
- . the termination occurs at any other time on or after the completion of the merger and before normal retirement because of the failure to appoint or elect Mr. Rowe to the management or Exelon board of director positions described above.

Employment Arrangement with Corbin A. McNeill, Jr.

Although Exelon has not entered into an employment agreement with Mr. McNeill, the merger agreement provided that at any time during the transition period when Messrs. McNeill and Rowe are co-chief executive officers, each of them will receive the same salary, bonus and other compensation (including option grants and other incentive awards and all other forms of compensation) and enjoy the same other benefits and the same employment security arrangements as the other.

Employment Agreement with Oliver D. Kingsley, Jr.

ComEd entered into an employment agreement with Oliver D. Kingsley, Jr. pursuant to which he became Executive Vice President and President and Chief Nuclear Officer--Nuclear Generation Group, effective November 1, 1997. The agreement provides for a guaranteed increase in annual base salary of at least 4% per year, beginning in 1999.

Mr. Kingsley received an option to purchase 25,000 shares of common stock

Edgar Filing: PECO ENERGY CO - Form 10-K/A

with an option price equal to the fair market value of the common stock as of November 1, 1997. Such options became exercisable in equal installments on November 1 of 1998, 1999 and 2000, and expire on October 31, 2007. Mr. Kingsley also received a grant of 20,000 shares of restricted stock that vested in equal installments on November 1 of 1998, 1999 and 2000.

The employment agreement with Mr. Kingsley provides that Mr. Kingsley will participate in Unicom's Annual Incentive Award Program and will receive an annual incentive award for 1998 and 1999 at least equal to the target award of \$213,750.

Mr. Kingsley participates in the Unicom Long-Term Performance Unit Award Program, and any award payable under such Program with respect to the three-year performance periods ending on December 31, 1997, 1998, or 1999 will be made as though he had participated in the Program throughout such performance periods (except in the case of a termination of employment). In addition, Mr. Kingsley received \$375,000 as an inducement to enter into the employment agreement, and an annual living cost allowance equal to \$75,000 (increased by the amount of applicable taxes on such amount as so increased) for the first three years of the agreement term.

Mr. Kingsley's employment agreement provides for a retirement benefit equal to the amount that would have been payable under the Service Annuity System (plus amounts payable under the ComEd Supplemental Management Retirement Plan) for an employee who retires at age 60 calculated based on the assumption that Mr. Kingsley had completed 15 years of credited service beginning with the third year of his employment and that such credited service increased by five years during each of the next two years, in addition to his actual years of credited service after five years of employment.

The employment agreement with Mr. Kingsley provides for a lump sum severance payment to Mr. Kingsley if he should be terminated without cause equal to two times his base salary at the time of such termination, and a continuation of health and life insurance benefits for two years after the date of termination, plus retirement benefits (calculated as though he had completed at least 15 years of credited service if such termination occurs during the first two years of employment) and retire health care coverage. In addition, any unvested portion of the restricted stock granted under the agreement will immediately become fully vested and nonforfeitable. These benefits have been incorporated into a change in control severance agreement that became effective on October 20, 2000. See "Change in Control Severance Agreements" below.

Mr. Kingsley agreed not to use for his own benefit or disclose any confidential information of Unicom or ComEd during or after the term of his employment, and not to solicit any employee of ComEd for one year after the term of his employment with ComEd.

Change in Control Severance Arrangements

PECO Energy and Unicom entered into change in control agreements with certain senior executives which became effective upon the completion of the merger. The agreements cover employment through October 20, 2002 and generally protect executives' positions and compensation levels through that date. A material adverse change in such compensation or position is included in the definition of "good reason" for purposes of the agreements. If an executives resigns for good reason before October 20, 2001 or if the executive's employment is terminated by the company other than for cause, severance pay and benefits become payable.

The severance payments and benefits provided under the agreements include:

- . Severance payments equal to three multiplied by the sum of:

Edgar Filing: PECO ENERGY CO - Form 10-K/A

- . the employee's annual base salary, plus
- . an amount equal to the average of the annual incentive awards paid to the employee for the two years preceding the year of termination or, if greater, the target award under the annual incentive award program in which the employee participates for the year in which termination occurs.
- . A prorated annual incentive award for the year in which termination occurs.
- . Continuation of life, disability, accident, health and other welfare benefit coverage for three years and thereafter, if applicable, retiree coverage is available.
- . Outplacement services.
- . All of a terminated employee's exercisable options remain exercisable until the applicable option expiration date, and all unvested options become fully exercisable and remain so until the applicable option expiration date.
- . Any deferred stock units, restricted stock, or restricted share units become fully vested and any other long-term incentive plan award which is unvested would vest.
- . For purposes of determining benefits under the supplemental retirement plan or arrangement, in which the employee participates, the employee will be credited with three additional years of credited service, age and compensation.
- . For purposes of determining eligibility for retiree welfare benefits, the employee will be deemed to have three additional years of service and age.
- . All compensation earned through the date of termination as well as all coverage and benefits under all benefit plans to which the employee is entitled.

Pursuant to the terms of offers of employment or employment agreements, certain employees are also entitled to additional service credits for purposes of retiree health care eligibility and for determining benefits under the supplemental retirement plan or arrangement in which they participate.

In connection with the severance benefits described above, each executive who was an employee of PECO Energy prior to the merger is subject to a non-compete agreement for 24 months from the applicable termination date. Although a participating employee does not have a duty to mitigate the amounts due from the company, continued welfare benefit coverage would be offset during the applicable continuation period by comparable coverage provided under welfare plans of another employer.

Employees who are senior vice-presidents will receive an additional payment to cover excise taxes imposed under Section 4999 of the Internal Revenue Code on "excess parachute payments" or under similar state or local law if the after-tax amount of payments and benefits subject to these taxes exceeds 110% of the "safe harbor" amount that would not subject the employee to these excise taxes. If the after-tax amount, however, is less than 110% of the safe harbor amount, payments and benefits subject to these taxes would be reduced or eliminated to equal the safe harbor amount. Benefits payable to other employees subject to the excise taxes imposed under Section 4999 of the Internal Revenue Code will be reduced to

Edgar Filing: PECO ENERGY CO - Form 10-K/A

the employees's safe harbor amount.

ComEd

Board Compensation

Since October 20, 2000, the directors of ComEd have consisted solely of employees of ComEd or its affiliates. These individuals receive no additional compensation in respect of their service as directors other than their normal salary. Prior to the merger of Unicom and PECO on October 20, 2000, outside directors of ComEd were compensated according to the terms and provisions of the Unicom Corporation 1996 Directors' Fee Plan. This plan provided for an annual retainer of \$36,200 which was payable in shares of Unicom stock. Directors received \$1,500 for each board and committee meeting they attended and an additional annual retainer of \$2,500 for each committee that they chaired.

Edgar Filing: PECO ENERGY CO - Form 10-K/A

Directors who were members of the Nuclear Oversight Committee also received and additional \$5,000 annual retainer. The annual retainers and meeting fees could be deferred at the election of the director. In the event that directors of ComEd also served as directors of Unicom, or chaired corresponding committees of Unicom, these fees as described above were divided in half so that in no event would a director receive duplicate fees, or fees in excess of the amounts stated above. Directors who were employees of either ComEd or Unicom received no additional compensation other than their normal salary.

Long-Term Incentive Plan. Mr. McNeill, Mr. Egan, and Mr. McLean were not officers of Unicom Corporation, and were accordingly not eligible for awards under this plan. The awards are based on a three-year performance period. For the awards described in the table, the number of units initially awarded to a participant is determined by dividing a percentage of base salary by \$35,432. The applicable percentages for the individuals shown in the table are: 50% for Mr. Rowe; 45% for Mr. Kingsley; 40% for Ms. Strobel; 45% for Mr. Elbert; and 35% for Mr. Helwig. Payouts were to be based on achievement of a cumulative earnings per share goal over the three-year performance period ending December 31, 2002. The dollar value of a payout would be determined by multiplying (a) the number of units applicable by (b) the average closing price of Unicom common stock as reported in the Wall Street Journal as New York Stock Exchange Composite Transactions during the calendar quarter ending on December 31, 2002 by (c) the level of performance achieved. The three-year period was pro-rated through September 30, 2000 due to the merger, and the amounts paid out are included in the column headed "Long-Term Compensation--Payouts" in the Summary Compensation Table.

RETIREMENT PLANS

Information with respect to Messrs. McNeill, Rowe, Kingsley, Egan and McLean and Ms. Strobel is presented under ITEM 11. Executive Compensation--PECO--Executive Compensation--Retirement Plans above. The approximate number of years of credited service under ComEd's pension programs for Messrs. Elbert and Helwig are 19 years and 8 years, respectively. In connection with his resignation, and in accordance with his election, Mr. Elbert received a discounted lump sum payment of \$2,677,493 under the supplemental management retirement plan instead of an annuity.

EMPLOYMENT AGREEMENTS

Information with respect to employment agreements and arrangements with Messrs. Rowe, McNeill and Kingsley, and information with respect to change in control severance arrangements, is presented under ITEM 11. Executive Compensation--PECO--Executive Compensation--Employment Agreements above and is incorporated herein by this reference.

Severance Agreement with Paul Elbert

Paul Elbert's resignation from all offices on December 1, 2000 was a qualifying termination under his change in control severance agreement. Pursuant to the agreement, he received a severance payment equal to \$2,208,750 (three times the sum of his annual base salary and target incentive award at the time of his termination). He also received a retirement benefit under the Supplemental Management Retirement Plan (SERP) equal to the retirement benefit that would have been payable under the Service Annuity System (and the SERP) to employees who retire at age 60 calculated as though he had completed 18 years of credited service as well as his actual years of credited service. In addition, medical and other welfare benefits continue to be provided for three years, after which Mr. Elbert is entitled to elect post retirement coverage for himself and his eligible dependents. Mr. Elbert received payment of an amount equal to his target annual incentive for 2000. Unvested options become exercisable as of his termination date and the restrictions on his awards of restricted stock lapsed as of that date. Pursuant to the agreement, Mr. Elbert also received a payment of \$2,154,968 to cover the excise taxes imposed under Section 4999 of the Internal Revenue Code.
