COMPENSATION OF DIRECTORS

Edgar Filing: ZIONS BANCORPORATION /UT/ - Form DEF 14A

During 2002, the Company's outside directors received a \$12,000 annual retainer and \$1,000 for each regular and special meeting attended. Members of the committees received \$750 for each committee meeting attended. The Chairman of the Audit Committee received an additional \$6,000 annual retainer and the other members of the Audit Committee received an additional \$3,000 annual retainer. Each of the retainer and meeting fees are paid in cash unless the director elects to receive phantom stock as described below. Non-employee directors are also granted non-qualified stock options annually. Directors who are full-time compensated employees of the Company do not receive either the retainer or any other compensation for meetings of the Board of Directors or its committees.

The Company maintains a Deferred Compensation Plan for directors whereby a director may elect to defer receipt of all or a portion of his or her compensation until retirement or resignation from the Board. The director may elect to invest the deferred fees in an interest-bearing unsecured note, or in phantom stock, whereby the earnings will be calculated as if the deferred compensation had been invested in the Company's common stock (although an actual investment is not made and settlement is made only in cash).

BOARD OF DIRECTORS AND COMMITTEES

Zions has a strong commitment to good corporate governance and to the highest standards of ethical conduct. Since our last shareholders meeting, the Board of Directors has taken a number of actions designed to ensure compliance with the rapidly changing laws, rules and regulations that govern our business. These actions include the adoption of Corporate Governance Guidelines, broadening the role of the Nominating Committee to include corporate governance responsibilities; restructuring the Nominating and Corporate Governance Committee to ensure that members are independent of management; adopting or updating the charters for all Board committees; updating the Code of Business Conduct and Ethics; and establishing management's Disclosure Committee.

The Board of Directors held five meetings during the fiscal year ending December 31, 2002. In addition, the independent directors met once in executive session during 2002 and expect to meet regularly in executive session in 2003. The chair of the Executive Committee, who is a director independent of management, serves as the presiding director at each such executive session. Of the Board's five standing committees, the Executive Committee did not meet in 2002, the Audit Committee met twelve times, the Executive Compensation Committee met twice, the Credit Review Committee met three times, and the Nominating and Corporate Governance Committee met twice. Membership in these committees is indicated previously in the listing of directors. Average attendance at the Board and committee meetings held during the year was 96%. Each of the Committee's charters (other than that of the Executive Committee), the Company's Corporate Governance Standards, and our Code of Conduct and Business Ethics governing our directors, officers and employees, is posted on the Company's website at www.zionsbancorporation.com. In addition, information concerning purchases and sales of our equity securities by our executive officers and directors is available on our website.

The Executive Committee reviews projects or proposals that require prompt action on the part of the Company. The Executive Committee is authorized to exercise all powers of the Board of Directors with respect to such projects or proposals when it is not practical to delay action pending approval of the entire Board. The Executive Committee does not have authority to amend the Articles of Incorporation or Bylaws, adopt a plan of merger, or to recommend to shareholders the sale of all or substantially all of the Company's assets.

The Audit Committee is composed of four directors, each of whom is independent as defined by the Securities and Exchange Commission and the listing (current and proposed) standards of The Nasdaq Stock Market. Information regarding the functions performed by the Audit Committee and its membership is set forth in the Report of the Audit Committee, included in this Proxy Statement. A written charter approved by the Board of Directors governs the Audit Committee. A copy of this charter is included in Appendix A. The Board of Directors has determined that each member of the Audit Committee is financially literate and that at least one member has accounting or related financial management expertise, in each case as such qualifications are defined under the rules of the SEC. In addition to his service on the Audit Committee, Dr. Porter serves on the audit committee of Pactiv Corporation. The Board of Directors has determined that his simultaneous service on this other audit committee does not impair his ability to effectively serve on the Audit Committee.

The Executive Compensation Committee is composed of three directors, each of whom is independent as defined by the proposed listing standards of The Nasdaq Stock Market. The Executive Compensation Committee reviews and makes recommendations to the Board concerning the compensation of the Company's executive officers and reviews and reports to the Board on any employment or consulting contracts with executive officers.

The Credit Review Committee is a committee composed of directors from the Company and Zions First National Bank. The Committee monitors the results of internal credit examinations, and reviews adherence to policies established by the Board and by management with respect to lending, as well as general management issues, for all of the Company's subsidiary banks.

Edgar Filing: ZIONS BANCORPORATION /UT/ - Form DEF 14A

The Nominating and Corporate Governance Committee is composed of three directors, each of whom is independent as defined by the proposed listing standards of The Nasdaq Stock Market. The Nominating and Corporate Governance Committee, among other things, develops and recommends corporate governance principles applicable to the Company, including those concerning the size and composition of the Board, reviews potential candidates for Board membership and recommends nominees to the Board.

Management has also formed the Disclosure Committee, made up of company officers knowledgeable of the Company's affairs and of disclosure-related regulation. The Committee is chaired by the Company's chief financial officer and membership consists of the Company's chief credit officer, chief investment officer, corporate controller and director of investor relations. The Company's CEO serves as an ex officio member. The Committee convenes as necessary to review and decide upon the appropriate disclosure, if any, of potentially material events or change in outlook or prospects regarding the Company that come to the attention of any member of the Committee, and to review and approve all earnings releases and other SEC filings. The role of the Disclosure Committee does not supersede that of the Audit Committee, which still reviews quarterly and annual press releases and SEC filings related to the Company's performance. The Committee seeks the advice of counsel and the Company's independent audit firm in its deliberations.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee assists the Board in fulfilling its responsibility for oversight of the quality and integrity of the accounting, auditing and financial reporting practices of Zions Bancorporation. During 2002, the Committee met twelve times, and discussed the interim financial and other information contained in each quarterly earnings announcement and filings with the Securities and Exchange Commission as well as the annual report with the CEO, CFO, controller and independent auditors prior to their public release. In discharging its oversight responsibility, the Committee obtained from the independent auditors a formal written statement describing all relationships between the auditors and the Company that might bear on the auditors' independence, discussed with the auditors any relationships that may impact their objectivity and independence and satisfied itself as to the auditors' independence. The Committee also discussed with management, the internal auditors and the independent auditors the quality and adequacy of Zions Bancorporation internal controls and the internal audit function's organization, responsibilities, budget and staffing. The Committee reviewed both with the independent and internal auditors their audit plans, audit scope and identification of audit risks.

The Committee discussed and reviewed with the independent auditors all communications required by generally accepted auditing standards and, with and without management present, discussed and reviewed the results of the independent auditors' examination of the financial statements. The Committee also discussed the results of the internal audit examinations. The Committee reviewed the co-sourced internal auditing services and has decided to increase the portion of that work performed by internal audit personnel. In accordance with new regulatory requirements, any remaining co-sourced internal audit services will be obtained from a firm other than Ernst & Young later in 2003.

The Committee formally amended and revised its Charter effective February 24, 2003, which is attached as Appendix A. Effective January 16, 2003, the Committee adopted formal policies and procedures governing the pre-approval of audit and permissible non-audit services to be performed by its independent auditors.

The Committee reviewed the audited financial statements of Zions Bancorporation as of and for the year ended December 31, 2002 with management and the independent auditors. Management has responsibility for the preparation of the Zions Bancorporation financial statements and the independent auditors have responsibility for the examination of those financial statements.

Relying on the reviews and discussions described above, the Committee recommended to the Board of Directors that the Zions Bancorporation audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2002 for filing with the Securities and Exchange Commission.

The plans permit contributions from participants (in the form of pre-tax deferrals from payroll) in increments of one percent of compensation, up to a maximum of twenty percent. Contributions made under the Employee Stock Savings Plan are aggregated with contributions made under the Employee Investment Savings Plan for purposes of establishing the maximum contribution limitation, which is fifteen percent. If the participant elects to have his contributions invested in the Company's common stock through the Employee Stock Savings Plan, the Company contributes to the participant's account an amount equal to fifty percent of the participant's contribution, up to five percent of the participant's compensation. Additional contributions of up to five percent of compensation may be made by a participant but are not matched by the Company. The Company's contributions are determined by reference to the employees' contributions and are not discretionary. Vesting occurs upon contribution; however, distribution of Company contributions is made only upon retirement, permanent disability, death, termination of employment, or special hardship situations. Participant contributions are included in amounts shown as Salary, above. The Company's matching contributions are included under All Other Compensation, above. For each of the persons named above, the amounts accrued for 2002, 2001 and 2000 were as follows, respectively: Mr. Simmons, \$5,500, \$5,250, and \$5,250; Mr. Blackford, \$2,750, \$2,625, and \$6,375; Mr. Anderson, \$10,000, \$6,375, and \$6,375; Mr. Arnold, \$3,710, \$0, and \$0; and Mr. Savage, \$0, \$0, and \$0.
- (5) Cash bonuses are reported in the year earned but are paid in the following year. Bonuses for Mr. Harris H. Simmons are established by the Executive Compensation Committee of the Board of Directors. Bonuses for the named officers are recommended by the Executive Compensation Committee, and approved by the Board of Directors. Bonuses are discretionary, but are generally based upon the operating results of the Company and the performance of the individuals.
- (6) Amounts shown reflect payments actually made in each respective year, based upon the Company's financial performance during the preceding four years. Awards shown do not include amounts accrued by the Company against its potential future liability under the Senior Management Value-Sharing Plan, a deferred bonus plan for senior management. The Company estimates its annual accrual against future payouts under the plan each year by applying the formula established for each award fund by the Board of Directors to the Company's performance in the year. For each of the persons named above, the amounts accrued for 2002, 2001 and 2000 were as follows, respectively: Mr. Simmons, \$(163,730), \$502,239, and \$389,843; Mr. Blackford, \$(11,244), \$70,620, and \$63,250; Mr. Anderson, \$(111,215), \$324,988, and \$244,347; Mr. Arnold, \$12,825, \$0, and \$0; and Mr. Savage, \$9,483, \$23,700, and \$0. See Long Term Incentive Compensation Plan that follows.
- (7) Options shown were issued under the Company's Key Employee Incentive Stock Option Plan. The plan is administered by the Executive Compensation Committee. Options granted have an exercise price equal to the fair market value on the date of grant, vest over a term of three years, and expire in seven years. In the event of a change in control of the Company, the options will become fully vested and exercisable. If any employee holding such options is terminated, other than for cause, within two years following such change in control, the exercise period for such outstanding options will be extended to the full remaining term of the option.
- (8) Includes amounts accrued under the Company's Supplemental Executive Retirement Plan (SERP). For additional details regarding the SERP, please see page 14. For each of the persons named above, the amounts accrued for 2002, 2001, and 2000 were as follows, respectively: Mr. Simmons, \$74,230, \$73,024, and \$63,220; Mr. Blackford, \$39,873, \$0, and \$0; Mr. Anderson, \$73,403, \$40,095, and \$31,010; Mr. Arnold, \$0, \$0, and \$0; and Mr. Savage, \$16,025, \$0, and \$0.

- (9) Other Compensation amounts are contributed or accrued for the named officers under the Company's Employee Stock Savings Plan, Employee Investment Savings Plan, and Supplemental Retirement Plan.
- (10) Mr. Blackford, as a part of his compensation agreement upon joining the Company, was given a grant of 9,600 shares of restricted stock, which vested 25% (2,400 shares) upon each anniversary of the grant in 1999, 2000, 2001, and 2002. The market values of the shares vesting on May 18 of 2000, 2001, and 2002 were \$99,300, \$131,016, and \$135,672, respectively. At December 31, 2002, Mr. Blackford held 1,573 shares of vested restricted stock, with a market value of \$61,895.98.
- (11) Mr. Blackford received a payout of \$3,213,825 under the California Bank & Trust Mid-term Incentive Plan (Mid-term Plan). Effective January 1, 1999, the Company's California banking subsidiary, California Bank & Trust (CB&T), adopted a long-term compensation plan. The Mid-term Plan covered a number of senior and mid-level executives and managers of CB&T, including Mr. Blackford. Each initial participant in the Mid-term Plan was awarded participation units equal to a defined percentage of the total compensation pool (Award Fund) in the Plan. The amount of the Award Fund was based on the cumulative pre-tax earnings of CB&T, for the four years ending December 31, 2002, in excess of a base amount, and subject to adjustment to exclude amortization of intangibles and to certain other adjustments.
- (12) Mr. Blackford, as a part of his compensation agreement upon joining the Company, was extended a loan. In 2001, the Company, as part of his compensation agreement, forgave that indebtedness in the amount of \$1,014,346, which amount is included in All Other Compensation for that year.
- (13) Mr. Arnold's employment by the Company commenced December 2001.
- (14) Mr. Arnold receives a \$50,000 payment and Mr. Savage receives a \$30,000 payment each year for three years until each becomes eligible to receive payments under the Senior Management Value-Sharing Plan, a deferred bonus plan for senior management described above in footnote 6.
- (15) Mr. Arnold was reimbursed \$43,558 for his relocation to Salt Lake City, Utah.
- (16) Mr. Savage's employment by the Company commenced April 2001. Mr. Savage is subject to a personal incentive agreement under which he is to receive a bonus upon the completion of five years of service. The bonus is based upon achieving certain financial benchmarks for The Commerce Bank of Washington. If performance to date were to continue for the duration of the plan period, the amount of the bonus would approximate \$670,000. The maximum possible payment that can be achieved under this bonus arrangement is approximately \$3.0 million.

Stock Option Grants in Fiscal Year 2002

The following table shows the number of shares with respect to which options were granted during 2002 to each of the named persons, together with the percentage of all grants to employees that the grant to the named person represents, the exercise price of such option, and the expiration date of the option.

Name	Individual Grants				Potential Realizable Value at Assumed Annual Rates of Stock Price Appreciation for Option Term(1)	
	% of Total					
	Options					
	Options Granted	Granted to Employees	Exercise Price	Expiration Date	5% (\$)	10% (\$)
	(#)(2)	in Fiscal Year	(\$/Sh)			
Harris H. Simmons	61,000	3.85%	53.72	04-25-2009	1,114,466	2,528,344
David E. Blackford	30,000	1.89%	53.72	04-25-2009	548,098	1,243,448
A. Scott Anderson	35,000	2.21%	53.72	04-25-2009	639,448	1,450,689
Doyle L. Arnold	42,000	2.65%	53.72	04-25-2009	767,337	1,740,827
Stanley D. Savage	15,000	0.95%	53.72	04-25-2009	274,049	621,724

- (1) Potential realizable value is based on an assumption that the price of the common stock appreciates at the annual rate shown (compounded annually) from the date of grant until the end of the seven-year option term. These numbers are calculated based on the requirements promulgated by the SEC and do not reflect the Company's estimate of future stock price growth.
- (2) The Executive Compensation Committee of the Board of Directors administers the Company's Key Employee Incentive Stock Option Plan. The Executive Compensation Committee determines the eligibility of employees, the number of shares to be granted and the terms of such grants. All stock options granted in fiscal year 2002 have an exercise price equal to the fair market value on the date of grant, vest 33.3% per year beginning one year after date of grant, and have a term of seven years. In the event of a change in control of the Company, the options will become fully vested and exercisable. If any employee holding such options is terminated, other than for cause, within two years following such change in control, the exercise period for such outstanding options will be extended to the full remaining term of the option.

In accordance with the terms of the Non-Employee Directors Stock Option Plan, non-qualified options were granted to each non-employee director as of April 2002. Each grant is an option to purchase 4,000 shares at \$53.72 per share. The options vest and become exercisable in four equal installments of 1,000 shares beginning six months after the date of grant and continuing at one-year intervals thereafter. The 2002 options expire on April 25, 2012.

Aggregated Option Exercises in Last Fiscal Year and Fiscal Year-end Option Values

The following table sets forth the number of shares acquired by any of the named persons upon exercise of stock options in 2002, the value realized through the exercise of such options, and the number of unexercised options held by such persons, including both those which are presently exercisable, and those which are not presently exercisable.

Name	Shares Acquired Upon Option Exercise(#)	Value Realized	Number of Shares Underlying Unexercised Options at 12-31-02(#)		Value of Unexercised In-the-Money Options At 12-31-02(1)	
			Exercisable	Not Exercisable	Exercisable	Not Exercisable
Harris H. Simmons	12,423	\$ 423,314	163,999	131,000	\$ 333,960	\$ 0

Doyle L. Arnold	0	0	15,000	42,000	0	0
Stanley D. Savage	0	0	8,333	31,667	0	0

- (1) Potential unrealized value is (i) the fair market value at fiscal 2002 year-end (\$39,349) less the option exercise price, times (ii) the number of shares.

Long Term Executive Incentive Compensation Plan

The following table sets forth certain information regarding awards made in 2002 pursuant to the Company's Senior Management Long Term Executive Incentive Compensation Plan (Value Sharing Plan). This plan is intended to encourage the creation of long-term shareholder value by providing cash bonuses to certain officers of the Company if certain objective performance criteria are achieved. The Value Sharing Plan is administered by the Executive Compensation Committee, which is comprised entirely of outside directors as defined under Section 162(m) of the Internal Revenue Code. Each year, the Executive Compensation Committee grants certain members of senior management units of participation in the Value Sharing Plan. The Value Sharing Plan is funded based upon the achievement of objectively measured performance targets by the Company over a four year award period. Distributions under the plan are determined by allocating the award fund among the holders of units of participation in the plan in proportion to the number of units held by the participant. The size of each award fund is determined according to a formula, which uses the Company's aggregate earnings per share (EPS) over the award period, with an adjustment based upon the Company's average return on tangible equity (ROE) over the same period. Both the aggregate EPS and average ROE numbers are adjusted to exclude certain non-cash items, including the amortization of goodwill, and certain merger-related expenses. Relatively higher levels of EPS and ROE result in relatively larger award funds. The Executive Compensation Committee may curtail the award fund, or the participation of any employee, in its sole discretion. In any case, no single award to an employee may exceed \$3 million.

The award fund established in 2002 ranged in amount from \$0.2 million for an adjusted EPS growth rate of 5% annually over the four years beginning in 2002, to a maximum of \$32.8 million, corresponding to an adjusted EPS growth rate of 24% annually for such period. The award fund will be adjusted by a factor determined by the average adjusted ROE for the period. If the average adjusted ROE is less than 15%, the award adjustment factor will be 0, and there will be no amounts paid under the plan. If the average adjusted ROE is between 15% and 19%, the factor will be 1. If the average adjusted ROE is greater than 19% but less than 26%, the award adjustment factor will be $1 + (\text{the average adjusted ROE} - 0.19) \times 5.7143$. The award adjustment factor will increase to a maximum of 1.40 at average adjusted ROE levels of 26% and above. Accordingly, the maximum aggregate of all payments possible under the 2002-2005 award fund is \$45.9 million. Adjustments are to be made for stock splits, stock dividends and other changes to the Company's capitalization.

Each member of senior management designated by the Executive Compensation Committee to participate in the award fund established for a given period has been awarded a number of performance units in the Plan. The following table sets forth estimated future payouts for the named individuals under the award fund established in 2002 based on the following assumptions, respectively: the threshold amount represents the minimum amount payable under the plan (\$0); Example #1 represents the amount that would be paid if the Company's adjusted EPS annual growth rate during the period is 9% (as to which there can be no assurance) and the average adjusted ROE is 16% (also as to which there can be no assurance); Example #2 represents the amount that would be paid if the Company's adjusted EPS annual growth rate during the period is 15% (as to which there can be no assurance) and the average adjusted ROE is 24% (also as to which there can be no assurance); the maximum amount represents the maximum possible amount payable to the named individuals from the award fund established in 2002.

Name	Number of Performance Units	Performance Period Until Payout	Estimated Future Payout of Value Sharing Plan

Retirement Plan

The Company's retirement plan covers substantially all full-time employees and provides benefits to those who have five or more years of service with the Company. The retirement plan is a cash balance defined benefit plan. In general, it provides a lump sum or monthly annuity at retirement for the participating employees according to a formula, which takes into account an employee's age and annual compensation. Compensation for these purposes includes salary, bonuses and payouts under incentive plans.

For each year of credited service, a participant's lump sum (account balance) grows with annual interest credits and pay credits. Annual interest credits are based on the GATT 30-year bond rate (5.12% for 2002). Cash balance pay credits are equal to the participant's earnings multiplied by the applicable pay credit percentage shown in the chart below.

Age	Pay Credit
Less than 30	2.25%
30-39	3.00%
40-49	4.00%
50-54	5.25%
55-59	7.00%
60 or over	9.25%

The maximum benefits payable pursuant to the Company's retirement plan are limited by Sections 415 and 401(a)(17) of the Internal Revenue Code of 1986, as amended. Under current regulations, earnings for the purpose of determining benefits cannot exceed \$200,000. Benefit accruals under the Company's retirement plan have been frozen as of December 31, 2002. A group of certain eligible (grandfathered) employees will continue to accrue contribution credits to their cash balance accounts in the plan. All participants will accrue earnings credits. Effective January 1, 2003, the Company is replacing this retirement plan with a profit sharing plan in which benefits will be based upon the Company's performance. The Company is also enhancing its matching contribution to the first 5% of employee contributions to the Company's 401(k) plan.

Effective January 1, 1994, the Company adopted its Executive Management Pension Plan, which is a supplemental executive retirement plan (SERP), to restore pension benefits limited by the Code sections referred to above. The SERP is an unfunded, non-qualified plan under which benefits are paid from the Company's general assets. The Board of Directors determines the participants in the SERP from among those employees of the Company who are or have been, on or after the effective date of the SERP, members of the Company's Executive Management Committee and who (1) are employed in a management position with the Company having principal responsibility for the management, direction and success of the Company as a whole or a particular business unit thereof, and (2) are highly compensated employees of the Company within the meaning of ERISA Section 401. Each of the named individuals is a participant in the SERP. Benefit accruals in the SERP were also frozen for most participants as of December 31, 2002 following the same standards employed in freezing the Retirement Plan.

The following table illustrates the estimated annual benefits and equivalent lump sum cash balance payable under the plan at age 65 based on a combination of the basic pension plan and the SERP. Estimated annual pension and lump sum cash balance amounts at age 65 assume the following: (1) a 5.50% annuity rate to convert the estimated age 65 cash balance to an annual amount; (2) a rate of 5.50% used to calculate all unknown future years' interest on the Cash Balance; and (3) future compensation increasing by 4% per year to age 65.

	Estimated Cash Balance at Age 65	Estimated Annual Benefit
	<hr/>	<hr/>
Harris H. Simmons	\$ 1,237,866	109,417
David E. Blackford	314,550	27,804
A. Scott Anderson	1,209,251	106,888
Doyle L. Arnold	0	0
Stanley D. Savage	24,205	2,140

Mr. Arnold's employment commenced in December 2001. The terms of his employment stipulate that for purposes of vesting in the Value Sharing Plan and other non-qualified compensation and benefit plans, the requirement of ten years of service was replaced by a requirement that he remain employed with the Company until age fifty-nine.

Change in Control Arrangements

Effective January 18, 2002, the Company entered into change in control agreements with fourteen senior executives (*Change in Control Agreements*) and adopted a special severance plan (*Special Severance Plan*) to foster the continuous employment of certain other senior and mid-level executives and management and to reinforce and encourage their continued attention and dedication to their duties without the distraction from the possibility of a change in control of the Company.

For purposes of the Change in Control Agreements and the Special Severance Plan, unless certain members of the Board of Directors determine that a change in control has not occurred, a change in control will be deemed to have occurred if (i) any person, other than the Company or any employee benefit plan of the Company, acquires beneficial ownership of more than 20% of the combined voting power of the Company's then outstanding securities; (ii) the majority of the Board of Directors changes within any two consecutive years, unless certain conditions of Board approval are met; (iii) a merger or consolidation of the Company is consummated; (iv) the shareholders of the Company approve a plan of complete liquidation of the Company; or (v) an agreement providing for the sale or disposition by the Company of all or substantially all of the Company's assets is consummated.

Change in Control Agreements

The Company has entered into Change in Control Agreements with certain senior executives selected by the Board of Directors designed to ensure their continued services in the event of a change in control. The chief executive officer and the other four most highly compensated executives of the Company are included in this group.

The Change in Control Agreements provide that if, within the two year period immediately following a change in control, an executive's employment is terminated other than for cause or the executive terminates his employment for good reason (generally an unfavorable change in employment status, compensation or benefits or a required relocation), then the executive generally will be entitled to receive: (i) a lump sum severance payment equal to three times the sum of annual base salary plus the greater of the targeted annual bonus then in effect or the average of the executive's three annual bonuses immediately prior to the change in control; (ii) full base salary through the date of termination, any unpaid annual bonus and the targeted annual bonus pro-rated through the date of termination; (iii) continuation of medical and dental health benefits for three years; (iv) outplacement services for two years at an aggregate cost to the Company not to exceed 25% of the annual base salary; and (v) full vesting in accrued benefits under the Company's pension, profit sharing, deferred compensation or supplemental plans. If any payment or distribution to or for the benefit of the executive would be subject to excise tax imposed by Section 4999 of the Internal Revenue Code of 1986, as amended, the total payment or distribution will be reduced to such extent required to not trigger the excise tax. The executive will determine which payments or benefits to reduce.

Immediately prior to a change in control, all outstanding options granted to the executive under the Company's stock option plans, incentive plans, or other similar plans, will become fully vested and exercisable and the restricted period with respect to any restricted stock or any other equity award will lapse. Additionally, executives will be entitled to pro-rata payment of benefits available under the Value Sharing Plan.

Edgar Filing: ZIONS BANCORPORATION /UT/ - Form DEF 14A

Commencing on the date of termination of his employment, the executive agrees to not disclose any confidential information and, for one year following such date of termination, to not solicit or attempt to solicit away from the Company any of its officers or employees.

Special Severance Plan

The Special Severance Plan covers certain mid-level executives and senior management selected by the Board of Directors. The terms of the Special Severance Plan are generally the same as those of the Change in Control Agreements. There are two levels of benefits provided under the Special Severance Plan. The Special Severance Plan provides severance benefits equal to those provided under the Change in Control Agreements, except that the salary and bonus multiplier is two for the Tier 2 plan and one for the Tier 3 plan, and the period of continued medical and dental health benefits and outplacement services is equal to two years for the Tier 2 plan and one year for the Tier 3 plan.

Vesting of Stock Options

Effective January 18, 2002, the 1998 Non-Qualified Stock Option and Incentive Plan and the Key Employee Incentive Stock Option Plan were amended to provide that outstanding options under such plans will vest immediately upon a change in control (as such term is defined in the Change in Control Agreements). If any employee holding outstanding options under either plan is terminated, other than for cause, within two years following a change in control, the exercise period for such outstanding options will be extended to the full remaining term of the option.

COMPENSATION COMMITTEE REPORT

Summary of Compensation Policies for Executive Officers

The Executive Compensation Committee (the Compensation Committee) of the Board of Directors has furnished the following report on executive compensation:

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION:

All of the Compensation Committee members are independent directors of Zions Bancorporation. None of the committee's members has ever been an officer or employee of Zions Bancorporation nor has any of them had a relationship which would require disclosure under the Certain Relationships and Related Transactions captions of any of Zions Bancorporation's filings with the Commission during the past three fiscal years.

COMPENSATION COMMITTEE ACTIONS DURING 2002:

Under the supervision of the Compensation Committee, the Company has developed and implemented compensation policies, plans and programs which attempt to enhance the profitability of the Company, and thus shareholder value, by aligning closely the financial interests of the Company's senior managers with those of its shareholders. Executives are directly linked to shareholder returns through stock option grants, which have no value if the share price does not increase. In addition, executives are linked to critical financial results for the Company, earnings per share growth and return on average shareholder's equity, through long term cash incentives. The process involved in the executive compensation determination for 2002 is summarized below:

Compensation for each of the persons named in the Summary Compensation Table, as well as other senior executives, consists of a base salary, an annual bonus and long-term incentive compensation. Long-term incentives consist primarily of annual grants of units of participation under the Company's Long Term Executive Incentive Compensation Plan (the Value Sharing Plan), supplemented by grants of stock options. The Value Sharing Plan is closely tied to Company performance as measured by earnings per share and return on shareholders' equity. See Long Term Executive Incentive Compensation Plan.

The Compensation Committee determines base salaries and annual bonuses after a subjective evaluation of various factors, including salaries paid to senior managers with comparable qualifications, experience and responsibilities at other institutions, individual job performance, local market conditions and the Committee's perception of the overall financial performance of the Company (particularly operating results), without considering specific performance targets or objectives, and without assigning particular weight to individual factors. As to executive officers other than the chief executive officer, the Compensation Committee also considers the recommendations made by the chief executive officer.

Information regarding salaries paid by other financial institutions is provided every two to three years by an independent consultant (most recently for fiscal 2000 and fiscal 2002). The consultant compares the Company's compensation levels with a peer group of financial institutions. In its studies, the consultant determines competitive compensation levels for a financial institution with the Company's asset size. Both the 2000 and 2002 studies indicated that the base salary and annual bonus compensation in total for the Company's chief executive officer was below the median total compensation level for the peer group. Base salary and annual bonus compensation for the other executive officers, as a group, tends to approximate the median for peer institutions. This peer group is not the same peer group used in the Performance Graphs.

Units of participation in the Value Sharing Plan's award funds are granted on a discretionary basis, in a ladder structure reflecting the position and proportionate responsibility for overall corporate results of each executive officer in the Company. The allocation of units is not based on any measure of Company performance, but is based on a subjective evaluation of individual performance and the scope of

individual responsibilities. The Committee reviewed and approved the Value Sharing Plan's target levels of earnings per share and return on equity for the 2002-2005 award period as well as the corresponding range of potential payouts under the Value Sharing Plan for the 2002-2005 period. The Committee also reviewed the estimated payout for the 1999-2002 period that has just concluded. (The payout under the plan for the period ending in 2002 is reflected under Long Term Compensation in the Summary Compensation Table). The Company's independent consultant has reported that in comparison to the peer group selected by the consultant, the Company's compensation package, for the executive officers as a group (excluding the CEO), provides salary and bonus at approximately the median level as compared to peer levels, and that the CEO's salary and bonus are at levels below those of the peer group. Both the CEO and the other executive officers receive an appropriately competitive level of long-term incentive compensation, consisting of the Value Sharing Plan and stock options. Consultant reports are merely one factor taken into consideration by the Committee in the process of making an independent and subjective determination as to compensation.

The Compensation Committee reviews the salary of the chief executive officer and compares it to those in peer positions in companies of similar size and performance levels, using information obtained through the Company's independent compensation consultant concerning salary competitiveness, and extrapolating from information obtained in previous years when no survey has been conducted for the latest year. The Compensation Committee establishes the chief executive officer's base salary and annual bonus based on the Compensation Committee's subjective assessment of the chief executive officer's past performance, its expectation as to his future contributions in leading the Company, the information provided by the compensation consultant and its view of an appropriate base salary and bonus. A similar process is used by the Compensation Committee to determine the number of units of participation the chief executive officer receives in the Value Sharing Plan.

The Company periodically grants stock options to executives. Grants were made in April 2002. Such grants are discretionary by the Compensation Committee, and are typically made in a ladder structure reflecting the position of each executive officer in the Company and that person's proportionate responsibility for overall corporate performance. The allocation of stock options among executive officers is not based on any measure of Company performance, but is based on a subjective evaluation of individual performance and the scope of the individual's responsibilities. Information regarding the quantity and terms of stock options granted by other financial institutions has been provided by the Company's independent consultant with respect to the peer group selected by the consultant.

A total of 778,605 shares of common stock with a weighted average exercise price of \$38.17 were issuable upon exercise of options granted under plans assumed in mergers and outstanding at December 31, 2002. The Company cannot grant additional awards under these assumed plans.

(2) At January 22, 2003, there was a total of 6,690,110 shares of common stock issuable upon exercise of outstanding options having a weighted average exercise price of \$49.96 and 2,317,217 shares of common stock remaining available for future issuance excluding shares issuable upon exercise of outstanding options. These amounts reflect the annual grant of options made on that date, which consisted of options to purchase a total of 1,463,700 shares of common stock at an exercise price of \$42.00 per share.

(3) On May 26, 2000, the Company's shareholders approved an amendment to the Key Employee Incentive Stock Option Plan which automatically makes available for options under the Plan, in any one calendar year, two percent (2%) of the issued and outstanding shares

Edgar Filing: ZIONS BANCORPORATION /UT/ - Form DEF 14A

of the Company's common stock as of the first day of each calendar year for which the Plan is in effect. Any shares of common stock available in any year using the two percent (2%) formula that are not granted under the Plan are available for use under the terms of the Plan in subsequent years. The common stock available for issuance under the Plan pursuant to the two percent (2%) per year formula does not include common stock which the Company is now or may become obligated to issue as a result of an acquisition, merger or reorganization involving the Company.

- (4) The shareholders are asked to approve an increase in the number of shares available for issuance under this plan in Proposal 2. A description of the plan is included with the proposal (see page 21).

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Certain directors and executive officers and corporations and other organizations associated with them and members of their immediate families were customers of and had banking transactions, including loans, with banking subsidiaries of Zions in the ordinary course of business during 2002. Such loans were made on substantially the same terms, including interest rates and collateral, as those available at the time for similar transactions with other persons. These loans did not involve more than the normal risk of collection or have other unfavorable features.

PROPOSAL TO AMEND THE ZIONS BANCORPORATION

1998 NON-QUALIFIED STOCK OPTION AND INCENTIVE PLAN

(Proposal 2)

The Company's 1998 Non-Qualified Stock Option and Incentive Plan, informally known as the "You're the Owner Plan" (the "Plan"), was adopted on September 18, 1998 by the Board of Directors of the Company. Employees with at least one full year of employment prior to the option grant date with service of 20 hours a week or more are eligible to receive grants under the Plan. Executive officers of the Company are not entitled to participate. Stock options are granted semi-annually to eligible employees based on an internal job grade structure. All options vest at the rate of one third each year and expire four years after the date of grant. The proposed amendment to the Plan would make available for options under the Plan, 2.1 million additional shares of the Company's common stock. In October 2002, the Board of Directors approved an additional 100,000 shares which is part of the 2.1 million additional shares to be authorized by the shareholders.

The exact wording of the proposed amendment is set forth below.

The purpose of the Plan is to promote the long-term success of the Company by (1) substituting the Plan in place of the Company's employee profit sharing plan; (2) more closely associating the interests of certain key employees of the Company with the shareholders of the Company, by reinforcing the relationship between participants' rewards and shareholder gains; (3) providing such key employees with an equity ownership in the Company commensurate with Company performance, as reflected in increased shareholder value; (4) maintaining competitive compensation levels; and (5) providing an incentive to certain key employees to remain with the Company and to put forth maximum efforts for the success of its business. Executive officers and directors are not eligible to receive any grants under this Plan.

No further grants may be made under the Plan unless the additional shares are made available by approval of the shareholders. Currently, the aggregate number of common shares with respect to which options can be granted under the Plan cannot exceed 1,500,000. If adopted by the shareholders, the proposal would increase the aggregate number of shares with respect to which options could be granted to 3,600,000.

The Board of Directors believes it would be in the best interests of the Company and its shareholders to amend the Plan to provide for an increase in the aggregate number of shares available under the Plan. The amendment will allow the Plan to grow along with the growth of the Company and insure that the Company has sufficient stock available under the Plan to meet the stated purposes of the Plan.

It is proposed that Paragraph 1.5(a) of the Plan be amended to read in its entirety as follows:

1.5. Aggregate Limitation on Awards.

(a) Except as may be adjusted pursuant to Section 4.10 below, shares of stock which may be issued upon exercise of Options under the Plan shall be authorized and unissued or treasury shares of Common Stock of the Company (Common Stock). The number of shares of Common Stock the Company shall reserve for issuance

upon exercise of Options to be granted from time to time under the Plan, and the maximum number of shares of Common Stock which may be issued under the Plan, shall not exceed in the aggregate Three Million Six Hundred Thousand (3,600,000) shares of Common Stock. In the absence of an effective registration statement under the Securities Act of 1933 (the Act), all Stock Options granted and shares of Common Stock subject to their exercise will be restricted as to subsequent resale or transfer, pursuant to the provisions of Rule 144 promulgated under the Act.

The Board of Directors recommends that the shareholders vote FOR the above proposal.

Audit Committee Composition

The Audit Committee shall be composed of at least three members, each of whom is (i) independent under the rules of the Nasdaq Stock Market, Inc. (Nasdaq), (ii) does not accept, directly or indirectly, any consulting, advisory or other compensatory fee from the Company other than in his or her capacity as a member of the Board or any committee of the Board and (iii) is not an affiliated person (as defined in Rule 10A-3 under the Securities Exchange Act of 1934, as amended (the Exchange Act)) of the Company or any of its subsidiaries. One member of the Audit Committee shall be designated by the Board as its chairperson (the Chairman). The Chairman and Audit Committee members shall be appointed by the Board, after receiving recommendations from the Company's Nominating and Corporate Governance Committee, on an annual basis at its organizational meeting or at such times as the Board deems necessary, and shall serve at the pleasure of the Board and for such term or terms as the Board may determine.
