Independent Auditors Report

To the Participants and Administrator of the
Callaway Golf Company 401(k) Retirement Investment Plan

We have audited the accompanying statement of net assets available for benefits of the Callaway Golf Company 401(k) Retirement Investment Plan (the Plan), formerly the Callaway Golf Company 401(k) Profit Sharing Plan, as of December 31, 2001, and the related statement of changes in net assets available for benefits for the year ended December 31, 2001. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2001, and the changes in net assets available for benefits for the year ended December 31, 2001 in conformity with accounting principles generally accepted in the United States of America.

Our audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of the Callaway Golf Company 401(k) Retirement Investment Plan as listed in the accompanying index is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Callaway Golf Company 401(k) Retirement Investment Plan

Notes to Financial Statements

December 31, 2001 and 2000

1. Description of Plan

General

Effective January 1, 1991, Callaway Golf Company (the Company) adopted a voluntary deferred compensation and profit sharing plan, the Callaway Golf Company 401(k) Retirement Investment Plan, as amended, (the Plan), to enable eligible employees to make pre-tax savings deferrals and to share in the Company's earnings, thereby providing employees with an opportunity to accumulate funds for their retirement. Eligible employees who are age eighteen or older may participate in the Plan. Effective July 1, 2001 the name of the plan was changed to the Callaway Golf Company 401(k) Retirement Investment Plan from the Callaway Golf Company 401(k) Profit Sharing Plan.

Currently Wells Fargo Bank serves as the trustee of the Plan. However, effective July 1, 2002, The Vanguard Group (Vanguard) will become the trustee and record keeper for the Plan (see Note 8). The Plan is administered by a Plan Committee (the 401(k) Plan Committee) appointed by the Chief Executive Officer of the Company. The members of the 401(k) Plan Committee are employees of the Company. The 401(k) Plan Committee has the responsibility for the general administration and operation of the Plan.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Contributions

Participants can elect to defer on a pre-tax basis from 1% to 15% of their compensation, subject to the maximum permitted under the Internal Revenue Code (IRC). Participants also may contribute amounts representing distributions (or rollovers) from other qualified plans. During 2001 and 2000, subject to certain contribution limits, the Company made matching contributions each pay period equal to 100% of the deferral rate elected by participants for deferral rates up to 6% of annual compensation. Employees are eligible to receive matching contributions after having been employed for at least six months and having accrued 500 hours of service.

The Company also may make discretionary profit sharing contributions. During 2001 and 2000, the profit sharing contributions authorized by the Company's Board of Directors and accrued by the Plan were \$2,665,000 and \$3,786,000, respectively. These profit sharing contributions were received by the Plan in February 2002 and 2001, respectively. Plan participants do not accrue earnings on contributions until such contributions are received by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of: (a) the Company's matching and profit sharing contribution and (b) Plan earnings. Only participants who are actively employed on the last day of the Plan year and have completed more than 500 hours of service during the year will be allocated profit sharing contributions. Allocations of the Company's profit sharing contributions are based on each participant's eligible compensation in relation to total compensation of all Plan participants. Plan forfeitures totaled \$112,000 and \$350,000 for the years ended December 31, 2001 and 2000, respectively.

Vesting

Participants are fully vested in their pre-tax contributions and vest in Company matching and profit sharing contributions at a rate of 25% per year, becoming fully vested after the completion of four years of service.

Table of Contents

Distributions

Distributions to participants are payable when a participant retires, or is terminated and requests distribution of the vested value of his or her account. If the vested value of the participant's account exceeds \$5,000 at termination of employment, the participant is allowed to leave his or her account balance in the Plan. The amount left on deposit and the interest earned thereon are not forfeitable. If the vested balance of the participant's account is less than \$5,000 at termination of employment, the participant's vested balance is distributed to the participant.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions to any of the following investment options:

Wells Fargo Money Market Fund - Invests primarily in U.S. Government and corporate debt securities with an average maturity of 30 to 45 days.

Wells Fargo S&P 500 Stock Fund - Seeks to provide total returns comparable to the returns of the S&P 500 Stock Index by investing in the same stocks and in substantially the same percentages as the S&P 500 Index.

Wells Fargo Managed Investment Fund - Seeks a high level of total return consistent with reasonable risk by shifting investments among common stocks, bond and money market instruments.

T. Rowe Price Science and Technology Fund - Seeks long-term growth of capital by investing primarily in companies which are expected to benefit from the development, advancement, and use of science and technology.

Janus Flexible Income Fund - Invests in various types of income-producing securities. Effective March 31, 2001, this investment was no longer available to participants.

Strong Government Securities Fund - Invests in fixed income securities issued or guaranteed by the U.S. Government and its agencies or instrumentalities and in investment-grade corporate securities.

Templeton Foreign Fund - Invests in stocks and debt obligations of companies and governments outside of the United States.

Dreyfus Founders Discovery Fund - Seeks capital appreciation by investing primarily in equities of small, rapidly growing U.S. companies.

American Century Equity Growth Advisor Fund - Seeks capital appreciation by investing in common stocks of large publicly traded companies in the United States. This fund became available to participants as of October 2000.

PIMCO Total Return Fund - Seeks total return by investing in corporate bonds, U.S. government securities, mortgage-backed securities, and money market instruments with an average duration between three and six years. This fund became available to participants as of January 2001.

Callaway Golf Common Stock Fund - Invests in the common stock of the Company. Included in the Callaway Golf Common Stock Fund are funds held in a money market account that are used to purchase or redeem shares of the Company's common stock. Effective July 1, 2002, the plan assets will be transferred to The Vanguard Group (see note 8). Investments in the aforementioned funds will be mapped to similar investment options in Vanguard's portfolio. Additionally, investments in the T. Rowe Price Science and Technology Fund and the INVESCO Technology Fund will be transferred to a similar technology-related fund. This Vanguard technology-related fund, however, will not be open for future contributions.

Table of Contents**Plan Administrative Expenses**

Plan administrative expenses are paid by the Company or by non-participant plan assets.

2. Summary of Significant Accounting Policies**Basis of Accounting**

The financial statements are prepared on the accrual basis of accounting.

Investment Valuation

Investments are recorded at fair market value. Fair market value has been determined for mutual funds and Callaway Golf common stock using quoted market prices. Participant loans are stated at amortized cost which approximates fair value. Purchases and sales of securities are recorded on a trade-date basis.

The Plan presents the net appreciation or depreciation in the fair value of its investments which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments.

Contributions

Participant contributions and Company matching contributions are recorded in the period during which the Company makes payroll deductions from the participants' earnings. Company profit sharing contributions are recorded by the Plan when and if approved by the Company's Board of Directors.

Distributions to Participants

Distributions to participants are recorded when paid.

3. Investment Activity

The loans are secured by the balances in the participants' accounts, and bear interest equal to the current prime rate at the inception of the loan. The prime rate was 4.75% at December 31, 2001 and 9.50% at December 31, 2000.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, participants will become fully vested in their accounts.

Table of Contents**6. Income Taxes**

The Internal Revenue Service has determined, and informed the Company by a letter dated May 23, 1995, that the Plan and related trust are designed in accordance with the applicable sections of the IRC. The Plan has been amended since such determination; however, the Plan's administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Accordingly, no provision for income taxes has been reported in the accompanying financial statements. The Plan was amended and restated in November 2001 to incorporate all required amendments under the General Agreement on Tariffs and Trade (GATT), the Uruguay Round Agreements Act, the Uniformed Services Employment and Reemployment Rights Act of 1994, the Small Business Job Protection Act of 1996, the Taxpayer Relief Act of 1997, the Internal Revenue Service Restructuring and Reform Act of 1998 and the Community Renewal Tax Relief Act of 2000 (collectively known as GUST) and the Economic Growth and Tax Relief Reconciliation Act of 2001 (EGTRRA). A determination letter application was filed with the Internal Revenue Service in February 2002.
