PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS

February 16, 2007

SOLICITATION OF PROXIES

The Board of Directors of Jack in the Box Inc., a Delaware corporation (the Company, we, us, and our) solicits your proxies for the 2007 Annual Meeting of Stockholders (the Annual Meeting) to be held at 2:00 p.m. on Friday, February 16, 2007, at the Marriott Mission Valley, 8757 Rio San Diego Drive, San Diego, California, and at any postponements or adjournments of the meeting, for the purposes set forth in the Notice of Annual Meeting of Stockholders. This Proxy Statement, form of proxy, and the accompanying Jack in the Box Inc. 2006 Annual Report which included the Annual Report on Form 10-K, were mailed to stockholders on or about January 12, 2007.

The Company will pay for the cost of preparing, assembling and mailing the Notice of Annual Meeting of Stockholders, Proxy Statement, form of proxy and Annual Report. Copies of solicitation materials will be furnished to banks, brokerage houses, fiduciaries and custodians holding in their names shares of common stock beneficially owned by others to forward to such beneficial owners. The Company may reimburse persons representing beneficial owners of common stock for their costs of forwarding solicitation materials to such beneficial owners. We have engaged D.F. King & Co., Inc. (D.F. King) to assist us in the solicitation of proxies, for which the Company will pay a fee not to exceed \$5,500 plus out-of-pocket expenses. In addition to solicitation by mail, proxies may be solicited personally, by telephone or other means by D.F. King, as well as by directors, officers or employees of the Company, who will receive no additional compensation for such services.

VOTING INFORMATION

Only holders of record of common stock at the close of business on December 27, 2006, (the Record Date) will be entitled to notice of and to vote at the Annual Meeting. At the close of business on the Record Date, there were 33,896,816 shares of Jack in the Box Inc. Common Stock, \$.01 par value (the Common Stock), outstanding, excluding treasury shares. Company treasury shares will not be voted. You are entitled to one vote for each share you own on any matter that may be properly presented for consideration and action by stockholders at the meeting.

Quorum. The presence, in person or by proxy, of the holders of at least a majority of the total number of shares of Common Stock entitled to vote is necessary to have a quorum at the Annual Meeting. Abstentions and broker non-votes (described below) are counted for the purpose of determining whether a quorum is present. If there are insufficient votes to constitute a quorum at the time of the Annual Meeting, we may adjourn the Annual Meeting to solicit additional proxies.

Broker Non-Votes. A broker non-vote occurs when your broker submits a proxy card for your shares but does not indicate a vote on a particular matter because the broker has not received voting instructions from you and does not have authority to vote on that matter without such instructions. Under the rules of the New York Stock Exchange, if your broker holds shares in your name and delivers this Proxy Statement to you, the broker, in the absence of voting instructions from you, is entitled to vote your shares on Proposals 1 and 2 and other routine matters.

Voting and Revocability of Proxies. Your proxy will be voted as you direct, either in writing or by telephone or Internet. If you give no direction, your proxy will be voted **FOR** the nominees for election as directors, and **FOR** Proposal 2, the ratification of the appointment of KPMG LLP as independent registered public accountants. The enclosed proxy gives discretionary authority as to any matters not specifically

referred to therein. See Other Business. The telephone and Internet voting procedures, available only if you are a stockholder of record, are designed to authenticate your identity, to allow you to vote your shares and to confirm that your instructions have been properly recorded. The enclosed proxy card sets forth specific instructions that you must follow if you qualify to vote via telephone or Internet and wish to do so. You may revoke your proxy at any time before it is voted at the Annual Meeting by filing a written notice of revocation with the Secretary of the Company at the Company's executive offices at 9330 Balboa Avenue, San Diego, California 92123, by filing a duly executed written proxy bearing a later date or, if you qualify, by a later proxy delivered using the telephone or Internet voting procedures. Your proxy will not be voted if you are present at the Annual Meeting and elect to vote in person. Attendance at the meeting will not, by itself, revoke a proxy.

PROPOSAL ONE**ELECTION OF DIRECTORS**

All of the directors of the Company are elected annually and serve until the next Annual Meeting and until their successors are elected and qualified. The current nominees for election as directors are set forth below. Should any nominee become unavailable to serve as a director, your proxy will be voted for such other person as the Board of Directors of the Company (the Board) designates. To the best of our knowledge, all nominees are and will be available to serve. Stockholders' nominations for election of a director may be made only pursuant to the provisions of the Company's Bylaws, described under Other Business.

Your vote may be cast in favor of the proposed directors or withheld. A plurality of the votes cast at the meeting (assuming a quorum) will be sufficient to elect the directors. Accordingly, withheld votes or broker non-votes will have no effect on the election of directors.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE *FOR* ALL NOMINEES.

Committees of the Board of Directors

The authority and responsibility of each committee is summarized below. A more detailed description of the functions of the Audit, Compensation, Nominating and Governance, and Finance Committees is included in each committee charter as adopted by the Board of Directors. All committee charters can be found in the Corporate Governance section of the Company's corporate website www.jackinthebox.com.

Committee Member Independence. The Board of Directors has five standing committees: Audit, Compensation, Nominating and Governance, Finance and Executive. The Board has determined that each current and anticipated member of the Audit, Compensation, Nominating and Governance, and Finance Committees is independent as defined under the requirements of the New York Stock Exchange, as well as under the additional Independence Guidelines adopted by the Board. In addition, the members of the Audit Committee are all independent as required under Section 10A(m)(3) of the Securities Exchange Act of 1934, and the members of the Compensation Committee are independent as required under Section 162(m) of the Internal Revenue Code.

Audit Committee. As more fully described in its charter, the Audit Committee assists the Board of Directors with the following: overseeing the integrity of the Company's financial reports; the Company's compliance with legal and regulatory requirements; the independent registered public accountant's performance, qualifications and independence; and the performance of the Company's internal auditors. The Audit Committee has sole authority to select, evaluate and, when appropriate, to replace the Company's independent registered public accountants. The Audit Committee meets each quarter with the Company's independent registered public accountants, KPMG LLP (KPMG), the Company's Director of Internal Audit, and management to review the Company's annual and interim consolidated financial results before the publication of quarterly earnings press releases and the filing of quarterly and annual

reports with the Securities and Exchange Commission. The Audit Committee also meets separately each quarter with each of KPMG, management and the Director of Internal Audit. The Board of Directors has determined that all members of the Audit Committee satisfy the financial literacy requirements of the New York Stock Exchange and that each member of the Audit Committee qualifies as an audit committee financial expert as defined by Securities and Exchange Commission (SEC) rules. Independence determinations reflect upon both the membership of the above committees as presently constituted and after February 16, 2007. The Audit Committee held seven meetings in fiscal 2006.

Compensation Committee. The Compensation Committee assists the Board in discharging the Board's responsibilities relating to director and executive officer compensation and oversees the evaluation of management. The Compensation Committee is also responsible for evaluating the performance of the Chief Executive Officer; reviewing and approving the Company's compensation philosophy and compensation for the Chief Executive Officer and other executive officers of the Company; reviewing market data to assess the

Table of Contents

Company's competitive position regarding compensation; approving the adoption, amendment and administration of incentive compensation and stock-related plans including approving option guidelines and the general size of overall grants, making grants and imposing limitations, restrictions and conditions upon awards; making recommendations to the Board regarding the compensation of directors; and reviewing and making recommendations to the Board regarding long-range plans for management development and executive succession. The Compensation Committee held five meetings in fiscal 2006.

Nominating and Governance Committee. The Nominating and Governance Committee assists the Board in identifying and recommending to the Board qualified candidates to become directors, including: considering nominees properly submitted by stockholders; developing and recommending to the Board a set of corporate governance guidelines; providing oversight with respect to the annual evaluation of Board, Committee and individual director performance; and recommending to the Board director nominees for each Board committee. All nominees for election as Directors currently serve on the Board of Directors and are known to the Nominating and Governance Committee in that capacity. The Nominating and Governance Committee also assists the Board in its oversight of the Corporation's insider trading compliance program. The Nominating and Governance Committee held six meetings in fiscal 2006.

Finance Committee. The Finance Committee assists the Board in advising and consulting with management concerning financial matters of importance to the Company. Topics considered by the Committee include the Company's capital structure, financing arrangements, stock repurchase programs, capital investment policies, oversight of the Company's pension and 401(k) plans, and the financial implications of major acquisitions and divestitures. The Finance Committee held four meetings in fiscal 2006.

Executive Committee. The Executive Committee is currently composed of four directors. In February 2007, the size of the Executive Committee will be changed to three directors. The Committee is authorized to exercise all the powers of the Board in the management of the business and affairs of the Company while the Board is not in session. The Executive Committee did not meet in fiscal 2006.

Additional Information about the Board of Directors

The Board held five meetings in fiscal 2006. We expect each director to attend each meeting of the Board and the committees on which he or she serves, and also expect them to attend the annual meeting. In fiscal 2006, each director attended 100% of the meetings of the Board and the committees on which he or she served, and all of the then-sitting directors attended the 2006 Annual Meeting.

Director Compensation. Directors who are also officers of the Company or its subsidiaries receive no additional compensation for their services as directors. The Board of Directors approved changes to the compensation of the independent directors of the Company effective November 9, 2006 as follows:

SUMMARY OF DIRECTOR COMPENSATION

Annual Stock Option Grant(2)				

Table of Contents

- (1) The Board determined that commencing in November 2006, meeting fees would not be paid for telephonic Committee meetings.
- (2) Options are granted annually to each non-management director under the Jack in the Box Inc. 2004 Stock Incentive Plan. All options have exercise prices equal to the fair market value of the underlying Common Stock on the date of grant and vest six months after the date of grant. The Board has the discretion to determine the form and terms of awards to directors. The Board's practice has been to award stock options with the number of shares of the Company's stock underlying each option based on the relationship of director compensation to the fair market value of the stock, generally limited to 10,000 shares or less. The annual grant for fiscal 2006 was 4,600 shares granted on November 9, 2006. In addition, a new non-employee director will receive a grant of stock options at the beginning of such director's term. On November 9, 2006, at the commencement of his term of service, Mr. Fellows was granted an option for 9,200 shares. Because the Company inadvertently neglected to provide such a grant at the beginning of her term of service in 2003, Ms. Gust's annual grant of 4,600 shares was increased to 19,600 shares.

The Company does not provide pensions, medical benefits or other benefit programs to non-employee directors. In accordance with Section 145 of the General Corporation Law of Delaware, the Company has executed an indemnification agreement with each of its directors.

Under the Company's Amended and Restated Deferred Compensation Plan for Non-Management Directors, each non-employee director may defer any portion or all of the director's fees or retainers described above. During fiscal 2006 amounts deferred under the plan were immediately converted into stock equivalents at the then-current market price of the Company's Common Stock and matched at a 25% rate by the Company. In 2007 the Board has determined to eliminate the 25% match by the Company of such deferred amounts. Stock equivalents earn dividend equivalents as any dividends are paid on the Company's Common Stock, and these dividend equivalents are immediately converted into additional stock equivalents, as described above. The ending number of stock equivalents credited to a director's stock equivalent account is distributed in shares of the Company's Common Stock on the 60th day following termination of the director's service as a member of the Board and in any other capacity with the Company, unless the director elects a later distribution date, up to two years following the director's termination of service.

Policy Regarding Consideration of Candidates for Director. The Nominating and Governance Committee has the responsibility to identify, screen and recommend qualified candidates to the Board. The Nominating and Governance Committee will evaluate any recommendation for director candidates proposed by a stockholder. In order to be evaluated in connection with the Nominating and Governance Committee's established procedures, stockholder recommendations for candidates for the Board must be sent in writing to the following address at least 120 days prior to the anniversary of the date proxy statements were mailed to stockholders in connection with the prior year's annual meeting of stockholders:

Nominating and Governance Committee of the Board of Directors
c/o Office of the Corporate Secretary
Jack in the Box Inc.
9330 Balboa Avenue
San Diego, CA 92123

Stockholder recommendations should include the name of the candidate, age, contact information, present principal occupation or employment, qualifications and skills, background, last five year's employment and business experience, a description of previous service as a director of any corporation or organization, and other relevant biographical information. There are no stated minimum criteria for director candidates. However, in evaluating director candidates,

the Nominating and Governance Committee considers the following factors:

The appropriate size of the Board.

The needs of the Company with respect to particular talents and experience.

The knowledge, skills and experience of candidates in light of the knowledge, skills and experience already possessed by other members of the Board.

Table of Contents

Experience with accounting rules and practices, and executive compensation.

Applicable regulatory and listing requirements, including independence requirements.

The benefits of constructive working relationships among directors.

The desire to balance the considerable benefit of continuity with the periodic injection of fresh perspective provided by new members.

The Nominating and Governance Committee may also consider such other factors as it may deem are in the best interests of the Company and its stockholders. The Nominating and Governance Committee believes it appropriate for at least one member of the Board to meet the criteria for an audit committee financial expert as defined by SEC Rules, and for a majority of the Board to meet the definition of independence under the listing standards of the New York Stock Exchange. The Nominating and Governance Committee also believes it appropriate for certain key members of management to participate as members of the Board.

The Committee considers all candidates regardless of the source of the recommendation. In addition to stockholder recommendations, the Committee considers recommendations from current directors, Company personnel and others. From time to time the Committee may engage the services of outside search firms to help identify candidates. During fiscal year 2006, the Company engaged one such search firm, the Alexander Group, and paid approximately \$98,000 in connection with identification of possible candidates.

After initial screening of a potential candidate's qualifications, the Committee determines appropriate next steps, including requests for additional information, reference checks and interviews with potential candidates. All candidates must submit a completed form of the Company's Directors and Officers Questionnaire as part of the consideration process.

Corporate Governance

The Board of Directors is committed to promoting ethical business practices and believes that strong corporate governance is important to ensure that the Company is managed for the long-term benefit of its stockholders. The Company regularly monitors developments in the area of corporate governance and may modify its Principles and Practices as warranted. Any modifications are reflected on the Jack in the Box Inc. website. (www.jackinthebox.com) The following Corporate Governance documents appear on the Company's website under the Investors, Corporate Governance tabs. These materials are also available in print to any stockholder upon request.

Corporate Governance Principles and Practices

Committee Charters for the Audit, Compensation, Finance and Nominating and Governance Committees.

Code of Conduct. In 1998, the Company adopted a Code of Ethics applicable to all Jack in the Box Inc. directors, officers and employees. The Company actively promotes ethical behavior by all employees. The Company's Director of Ethics has conducted more than 300 ethics training sessions for all levels of employees and officers. The Company also provides significant vendors with its Code of Ethics, as well as procedures for the communication of any concerns. The Company intends to satisfy the disclosure requirements of SEC Regulation S-K Item 406(d) regarding any amendment to, or waiver of, a provision of the Code of Ethics that applies to the Company's principal executive officer, principal financial officer, principal accounting officer or controller or persons performing similar functions, by posting such information on the Company's website

www.jackinthebox.com. The Company has not made any such waivers and does not anticipate ever making any such waiver.

Communications with the Board of Directors. Stockholders or others who wish to communicate any concern of any nature to the Board of Directors, any Committee of the Board, any individual director or group of directors, may write to the director in care of the Office of the Corporate Secretary, Jack in the Box Inc. 9330 Balboa Avenue, San Diego, CA 92123, or telephone 1-888-613-5225.

Director Independence Guidelines. In addition to the Corporate Governance Principles and Practices, the Board has adopted Independence Guidelines, which are attached as Exhibit A.

Table of Contents

Among other matters, the Corporate Governance Principles and Practices include the following items concerning the Board:

1. *Meetings of Non-Management Directors.* The non-management directors of the Company meet separately on a regular basis in executive session. The Lead Director is responsible for setting the agenda and presiding at the meetings.
2. *Lead Director.* The non-management directors appoint a lead director each year to set the agenda for and preside at the executive sessions of the Board. The lead director acts as the primary communication channel between the Board and the CEO, and determines the format and the adequacy of information required by the Board. For fiscal 2007, the non-management directors have appointed Murray Hutchison as lead director.
3. *Limitation on Other Board Service.* The Company's Corporate Governance Principles and Practices set forth the Board's policy limiting non-management directors to simultaneous service on no more than four public companies, including Jack in the Box Inc. The Board has an approval process that generally limits each of our officers to serving on no more than one public company's board outside of Jack in the Box Inc. affiliates. The approval process considers both the time commitment and potential business conflicts and is administered by the Nominating and Governance Committee.
4. *Retirement Policy.* The Board has adopted a retirement policy under which directors may not stand for election or be appointed after age 73.
5. *Board, Committee and Individual Director Evaluations.* Each year the Directors complete an evaluation process focusing on an assessment of Board operations as a whole and the service of each director. Additionally, each of the Audit, Compensation, Finance and Nominating and Governance Committees conducts a separate evaluation of its own performance and the adequacy of its Charter. As more fully described in its charter, one of the Audit Committee's primary responsibilities is to assist the Board in its general oversight of Jack in the Box Inc.'s financial reporting, internal controls and audit functions. Management is responsible for the following: the Company's accounting and financial reporting principles; and establishing, maintaining and evaluating the effectiveness of disclosure controls and procedures as well as internal controls over financial reporting and the preparation, presentation, and integrity of the Company's consolidated financial statements. KPMG, the Company's independent registered public accountants, is responsible for performing an independent audit of the Company's consolidated financial statements in accordance with the Standards of the Public Company Accounting Oversight Board (United States) (the "PCAOB") and expressing an opinion on the conformity of those audited consolidated financial statements with U.S. generally accepted accounting principles as well as expressing an opinion on (i) management's assessment of the effectiveness of internal control over financial reporting and (ii) the effectiveness of internal control over financial reporting.

The Internal Audit Department's responsibilities include reviewing and evaluating the Company's internal controls. The function of the Audit Committee is not to duplicate the activities of management, or the internal or external auditors, but to serve a Board-level oversight role in which it provides advice, counsel, and direction to management and the auditors.

The Audit Committee has sole authority to select, evaluate, approve fees, and when appropriate, to replace the Company's independent registered public accountants. The Committee also pre-approves all audit and non-audit services performed by the independent auditors. The Audit Committee has appointed KPMG as the Company's independent registered public accountants for fiscal year 2007 and has requested stockholder ratification of its appointment.

During the course of fiscal 2006, the Committee met and discussed with representatives of management, the Internal Audit Department staff and the independent auditors the matters over which the Committee has been delegated oversight responsibility. The Committee met regularly in separate private sessions with representatives of management, the Internal Audit Department staff and the independent auditors. The Audit Committee reviewed and discussed with management and KPMG the disclosures made in "Management's Discussion and Analysis of Financial Condition and Results of Operations" and the audited consolidated financial statements included in the Company's Annual Report on Form 10-K for the fiscal year ended October 1, 2006. The Committee discussed with KPMG the matters required to be discussed by Statement on Auditing Standards No. 61, Communications with Audit Committees, as amended and PCAOB Auditing Standard No. 2, An Audit of Internal Control Over Financial Reporting Performed in Conjunction with an Audit of Financial Statements. In addition, the Audit Committee received the written disclosures and the letter from KPMG required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, and discussed with KPMG its independence from the Company.

The Audit Committee has discussed with management and KPMG such other matters and received such assurances from them as the Audit Committee deemed appropriate.

Pension Plan Table

Retirement Plans. Jack in the Box Inc. offers retirement benefits under a company-funded defined benefit plan (the Retirement Plan), which was adopted effective October 21, 1985, restated effective January 1, 2001, and amended June 7, 2002, and December 31, 2002, and through a non-tax-qualified supplemental retirement plan (the SERP) for selected officers, which was adopted in 1990 and amended and restated May 8, 2001.

Retirement Plan. The Retirement Plan is the same benefit available to other employees employed in an administrative, clerical, or restaurant hourly position who have reached age 21 and completed one year of service with at least 1,000 hours of service. The Retirement Plan provides that a participant retiring at age 65 will receive an annual benefit, as follows:

One-percent (1%) of Final Average Pay multiplied by Benefit Service

Plus

0.4% of Final Average Pay in excess of Covered Compensation multiplied by Benefit Service (maximum of 35 years of service)

Benefits are subject to grandfathered minimum benefit accruals under the previous plan as of December 31, 1988. Final Average Pay for purposes of the Retirement Plan is defined as the highest five consecutive calendar years of pay (base and bonus) out of the last ten years of eligible service. Pay excludes deferrals into the Executive Deferred

Compensation Plan (EDCP). Benefit Service is defined as the entire period of employment in calendar years and months while an eligible employee.

The Employee Retirement Income Security Act of 1974 (ERISA) and various tax laws may cause a reduction in the annual retirement benefit payable under the Retirement Plan. Although normal retirement age is 65, benefits may begin as early as age 55 if participants meet the service requirements defined in the Retirement Plan; benefits payable are reduced for early retirement.

Supplemental Retirement Plan (SERP). The SERP was established in 1990 for selected executives in response to legislation restricting qualified plan benefits for highly compensated employees. The Plan is used to attract and retain key officers and provides for a percentage of replacement income based on Service and Final Average Compensation (each as defined in SERP). The plan is unfunded and represents an unsecured claim against the Company. The target replacement income from all Company funded sources, based on a maximum of 20 full years of service, is 60% of Final Average Compensation. For eligible officers with less than 20 years of service, the target percentage of 60% is reduced by applying a factor determined by dividing the number of years of actual service (maximum of 20 years) by 20. In order to be eligible for a retirement benefit from the Plan, the participant must attain age 55 and ten years of service while employed at Jack in the Box. Benefits may begin as early as age 55 in a reduced amount.

Table of Contents

Final Average Compensation for purposes of SERP is defined as the highest five calendar years of pay (base and bonus) out of the last ten years of eligible service. Benefit Service is defined as the entire period of employment in calendar years and months while an eligible employee.

EasySaver Plus Plan. Since 1990, executive officers and certain other employees have been excluded from participation in the Jack in the Box Inc. EasySaver Plus (the E\$P Plan), which includes a cash-or-deferred arrangement under Section 401(k) of the Internal Revenue Code. Although the E\$P Plan is offered to other eligible employees, executive officers can no longer make deferrals into the E\$P Plan. However any existing cash balances as of 1989 are maintained in the E\$P Plan and have an earnings component based on the officer's selection of investment options designated by the Company.

Executive Deferred Compensation Plan (EDCP). The Plan was adopted in 1990 for all executive officers and other employees excluded from participation in the E\$P Plan and is a non-qualified deferred compensation plan. Participants may defer up to 50% of base salary and up to 100% (less applicable taxes) of bonus pay. The Company matches 100% of the first 3% of the participant's compensation that is deferred into the Plan. Participants receive full and immediate vesting of their own contributions and are fully vested in the matching contributions only after they have completed four full years of service with the Company. Benefits under this plan also include an earnings component based upon theoretical investment options designated by the Company and selected by the participant. The Plan provides for a choice of 18 funds in an array of asset classes. The plan is unfunded, and participants' accounts represent unsecured claims against the Company.

Summary of Retirement and Other Deferred Benefits. The following table shows estimated annual benefits payable to participants as a straight life annuity at age 62. The benefits are derived from some or all of the following Company funded sources: Retirement Plan, Company contributions to the E\$P, Company contributions to the Deferred Compensation Plan and Supplemental Retirement Plan.

Average Annual Earnings	Estimated Annual Benefits Based on Years of Service		
	10	15	20
\$ 100,000	\$ 30,000	\$ 45,000	\$ 60,000

1,300,000	390,000	585,000	780,000

At October 1, 2006, the number of years of service under the retirement plans for Ms. Lang and Messrs. Schultz, Rebel, Schauf and Theno were 19, 31, 3, 10 and 12, respectively, and the amount of eligible compensation for each of these individuals approximates the amounts reflected as salary and bonus in the Summary Compensation Table.

Employment Contracts and Severance Arrangements

The Company has entered into change-in-control severance agreements with certain corporate officers, including each of the Named Executive Officers. These agreements are intended to provide for continuity of management in the event of a change in control. In fiscal 2006, the Compensation Committee reviewed change-in-control agreements with its compensation consultant, Towers Perrin. In the course of its review the Committee considered elements such as eligibility with respect to the change-in-control agreements, appropriate multiples, modifications for compliance with Internal Revenue Code Section 409A, tax gross-up provisions, other terms and conditions and the appropriateness and competitiveness of the agreements generally. The Compensation Committee approved certain changes and entered into revised agreements with a number of key executives including the Named Executive Officers. The agreements provide for the payment of certain compensation and benefits in the event of termination of employment following a change in control of the Company. The agreements have a term of two years, subject to automatic extension for additional two year terms, unless either party to the agreement gives notice of intent not to renew. Generally,

Table of Contents

under the agreements, a change in control is defined to include (i) the acquisition by any person or group of 50% or more of the combined voting power of the Company (excluding acquisitions by the Company employee benefit plans or certain affiliates); (ii) individuals constituting our board of directors generally cease to constitute a majority of the board; (iii) certain mergers, consolidations, sales of assets or a shareholder-approved complete liquidation of the Company.

The agreements generally provide that if the Named Executive Officer's employment is terminated other than for cause, death or disability, or the executive terminates for good reason, the executive is generally entitled to receive (i) accrued but unpaid compensation, (ii) a specified multiple of the executive's annual base salary plus an annual bonus amount, (iii) continued welfare benefits for a specified number of months, and (iv) outplacement benefits.

The terms of award agreements for options and restricted stock granted to officers of the Company under its 1992 Employee Stock Incentive Plan, 2002 Stock Incentive Plan and 2004 Stock Incentive Plan provide that such officers will receive an acceleration of vesting to immediately prior to a change in control under certain circumstances upon a change in control as defined in such award agreements.

In addition, the executive is generally entitled to receive a payment in an amount sufficient to make her or him whole for any federal excise tax on excess parachute payments. The specified multiple is 3 for the Chairman of the Board and Chief Executive Officer, 2.5 for the President and Executive Vice Presidents and 1.5 for Qdoba President and Chief Executive Officer and Jack in the Box Senior Vice Presidents.

Compensation Philosophy

The objective of the Jack in the Box Inc. executive compensation program is to closely align the compensation paid to executive officers with the short-term and long-term performance of the Company, and to allow the Company to attract and retain key executives with the talent critical to drive long-term success and create stockholder value. To achieve these compensation objectives, we offer a total compensation program for executive officers that includes fixed and variable pay (pay-at-risk), as follows:

Fixed Pay/Benefits

Base Salary Rewards for Individual Performance

Certain other benefits

Variable Pay

Annual Cash Incentive Rewards for achievement of annual goals

Equity Incentive Compensation Rewards for longer term increases in shareholder value

Each component of the executive compensation program is determined based on external competitive conditions and internal comparisons of positions with similar scope of responsibility. The Compensation Committee reviews external benchmark information from independent executive compensation surveys relative to peer companies in the restaurant industry and companies of similar scope in general industry. Our competitive pay practice is to set our salary range midpoints, target bonus levels, and target long-term incentive award values at the median of the competitive peer and general industry groups, based on survey data. The Committee relies on its retained compensation consultant for expertise and advice in determining specific compensation components and appropriate compensation levels.

The companies that comprised our restaurant peer group for compensation purposes in 2006 included: Applebee's International, Bob Evans Farms, Brinker International, CBRL Group, CKE Restaurants, Darden Restaurants, McDonald's, Panera Bread, Papa John's International, Ruby Tuesday, Ryan's Family Steak Houses, Sonic Corporation, Steak 'n Shake, Wendy's International and YUM! Brands (the Compensation Peer Group). As noted above, we also use general industry data which is reflective of companies that best align with our sales volume, market capitalization, and the general nature of our business and workforce to establish competitive positioning of pay. The Committee periodically reviews the Compensation Peer Group's composition with its consultant and with management to ensure it remains relevant, and updates it accordingly.

To encourage executives to become long-term owners of the Company, in 2002 we implemented stock ownership guidelines for the Chairman and CEO, President and Chief Operating Officer, Executive Vice Presidents and Senior Vice Presidents, currently a total of six executive officers. The Company considered different approaches to facilitate ownership, and as detailed in the Executive Compensation Policy Decisions

Table of Contents

section, provides for awards of restricted stock that are subject to continued employment and are not distributed until retirement or termination from the Company.

Compensation-Setting Process

The Committee consults with its outside compensation consultant, Towers Perrin, and the Company's in-house compensation department regarding CEO compensation. These discussions occur in executive session without the presence of the Chairman & CEO. Decisions regarding CEO compensation are made by the Compensation Committee without the presence of Company employees. To assist it in making determinations regarding executive compensation generally, the Compensation Committee relies on competitive pay information and advice from its compensation consultant, as well as consultations with the in-house compensation department and recommendations by the Chairman and CEO.

Components of Compensation

The four major components of the Company's executive compensation are: base salary, annual incentives, long-term equity incentives, and other benefits such as health insurance and retirement programs.

Base Salary

Base salaries of executive officers are established based on scope of responsibility and competitive market compensation. The salaries of executive officers are reviewed on an annual basis, and at the time of a promotion or a significant change in responsibility. Increases in salary are based on an evaluation of the officer's individual performance and a Company merit increase system. In November 2005, the effective date of annual increases for fiscal year 2006, the salaries for executive officers were increased using the same merit increase percentages applicable to other Company employees.

Annual Cash Incentive

Annual bonuses are intended to motivate and reward the achievement of Company financial performance goals for the fiscal year. Bonus goals are reviewed and approved by the Compensation Committee at the beginning of the fiscal year. Bonuses for a fiscal year are paid in cash after the end of the fiscal year based on the level of achievement of Company financial performance goals as measured by EPS (Earnings Per Share) and ROIC (Return on Invested Capital) and as approved by the Compensation Committee. No payments are made unless the threshold level of EPS and ROIC growth is achieved. For fiscal 2006, the Committee established minimum, target, and maximum levels of EPS and ROIC growth weighted 75% and 25% respectively.

Position	Bonus Percentage Awards As % of Base Salary		
	Threshold	Target	Maximum
CEO	25%	75%	150%
Other Executive Officers	15%-22%	45%-65%	90%-135%

In fiscal 2006, as certified by the Committee, the level of achievement of the Company's performance goals was at the maximum level and the executive officers received from 90%-150% of their annualized base salary at the end of the fiscal year. The awards are shown in the Bonus column of the Summary Compensation Table.

Long-Term Equity Incentive Compensation

Stock options are granted to certain officers including the Named Executive Officers, on an annual basis to motivate and reward for increases in stockholder value and to align their personal financial interests with those of the stockholders of the Company. Determination of the amount of shares granted is based on the competitive long-term incentive value of each position based on survey data from the Compensation Peer Group and general industry. The Compensation Committee approves the amount and date of each grant. All stock options are granted with an exercise price equal to the closing price of Jack in the Box Inc. Common Stock on the date of grant. Accordingly, those stock options will have value only if the market price of the common stock increases after that date. Each stock option permits the executive, for a period of ten years, the right to purchase shares of Jack in the Box stock from the Company at the exercise price. Options vest and become exercisable at 25% each year over a four year period as set forth in the award agreements. On a normal termination, an optionee is allowed 90 days from the termination date to exercise any vested options or the options terminate. Vesting is accelerated upon terminations of employment after retirement plan

Table of Contents

eligibility, or due to total and permanent disability, death, and under certain circumstances, upon a change in control, as that term is defined in the award agreements.

Other Benefits and Perquisites

The Company provides other benefits and perquisites to its executive officers that we believe are reasonable, competitive, and consistent with our overall total compensation philosophy. We maintain a limited level of perquisites. The Company provides a car allowance, financial planning services plus a gross-up for tax purposes, and supplemental health insurance, Company-paid term life insurance with a maximum value of \$770,000 and a supplemental executive retirement plan and an executive deferred compensation plan, each of which is detailed in the Summary Compensation Table and accompanying footnotes. The Company does *not* own or lease a Company airplane, purchase country club memberships, provide officers with the use of permanent residences, home security systems or defray the cost of personal entertainment or family travel.

Review of Compensation Tally Sheets

It is intended that the design of our executive compensation program provides an appropriate balance between short-term and long-term performance of the Company, and a balance between fixed and at-risk compensation. Each year, the Committee reviews the various components of the CEO and other executive officers' compensation. In fiscal year 2006 the Committee reviewed tally sheets listing components of cash compensation, equity-based compensation, and retirement and welfare benefits. Compensation tally sheets detailing each of the compensation components were prepared and reviewed by the Committee for the Chairman & CEO, the President & COO, and the EVP, CFO. The Committee believes that executive compensation in fiscal 2006 was reasonable in its totality.

Tax Deductibility of Pay

Compensation decisions for executive officers are made with full consideration of the Internal Revenue Code Section 162(m) implications. Section 162(m) of the Internal Revenue Code places a limit of \$1.0M on the amount of compensation that Jack in the Box may deduct in any one year with respect to each of its five most highly paid executive officers, but excludes performance-based compensation from this limit. The Company's annual cash incentive compensation under the Amended and Restated Performance Bonus Plan and its stock option awards under the 2004 Stock Incentive Plan are intended to qualify as performance based compensation under section 162(m). Restricted stock awards are not considered performance-based under Section 162(m) and, accordingly, are subject to the \$1.0 Million limit on deductibility. The Company's general policy where consistent with business objectives, is to preserve the deductibility of most compensation paid to executive officers. We may authorize forms of compensation that might not be deductible if we believe they are in the best interests of the Company and its stockholders.

Executive Compensation Policy Decisions

In addition to the compensation components described above, the Company adopted the policies described below to more closely align executive officers' interest with those of our stockholders.

Policy Regarding Stock Ownership. Since 2002, Jack in the Box Inc. has maintained stock ownership guidelines for our senior executive officers to encourage retention and align the financial interests of our executives to those of stockholders. Ownership guidelines are reviewed each September. The Board has established stock ownership guidelines as the lesser of a fixed number of shares or multiple of salary, as follows:

Value as

Position	Shares	Multiple of Salary
CEO	165,000	500%
President	90,000	400%
Executive Vice President	55,000	300%
Senior Vice President	30,000	200%

Table of Contents

Both shares owned by the executive as well as unvested restricted stock awarded to an executive, as reported in the Summary Compensation Table apply toward fulfillment of stock ownership guidelines. Restricted stock is subject to continued employment and will not be distributed until retirement or termination from the Company. Upon retirement or termination, the number of restricted shares vested will be determined based on the executive's years of service as of the date of retirement or termination. Restricted stock awards are applied as an offset in the calculation of future stock option grants. Each of the Named Executive Officers meets stock ownership guidelines.

Policy Regarding Stock Option Repricings. Jack in the Box Inc. has a policy not to reprice stock options unless approved by our stockholders. We have not repriced any stock options, and we do not intend to reprice any stock options that were granted in prior years or may be granted in the future.

Expensing Stock Options

Jack in the Box Inc. began expensing options at the beginning of fiscal year 2006, October 3, 2005.

CEO Compensation

The Committee has reviewed the total compensation paid to the CEO, Ms. Lang, in fiscal year 2006 and believes it is appropriate relative to her role and performance in leading Jack in the Box Inc. toward becoming a national restaurant company and a most admired brand. To further these objectives, she has led major strategic Company initiatives, including a) transitioning to a more highly franchised restaurant concept, b) intensive new product development and enhancement of our existing product lines, and c) undertaking an extensive reimage of the restaurant environment, including the facility and people necessary to enhance the overall guest service experience. Ms. Lang has also supported and advanced the Company's culture of ethical values, best practices in corporate governance, and a formal succession planning process to ensure the Company builds and sustains a talented, high-performing management team.

Ms. Lang became Chief Executive Officer and Chairman of the Board on October 3, 2005. She had served as President and Chief Operating Officer of the Company since November 2003, and previously held other leadership positions in the Company.

Ms. Lang's compensation package includes a mix of fixed and at-risk compensation which includes short and long-term incentives. The Committee targeted Ms. Lang's compensation at the median of the competitive peer and general industry groups, based on survey data. The Committee also considered the Company's overall compensation objectives and Ms. Lang's leadership role and significant contribution to the Company's EPS and ROIC financial performance, planned growth, strategic initiatives, and people development and culture. To assist it in making its determination, the Compensation Committee relies on competitive pay information and advice from its outside compensation consultant.

Ms. Lang's compensation is determined by the Compensation Committee in executive session without the presence of Company employees. The Committee's actions were reviewed and discussed by the non-employee directors in executive session of the Board of Directors.
