Explanatory Note

This Form 10-K/A (the "Amendment") is being filed by Provident Financial Services, Inc. (the "Company") to amend its Annual Report on Form 10-K for the year ended December 31, 2010, filed with the Securities and Exchange Commission on March 1, 2011 (the "Original Report") to enhance certain information and to include additional information. In particular, this Amendment:

(i) amends references to "disclosure controls and procedures," as described in Item 9A, to remove the reference on page 112 to Rule 13a-14(c) of the Securities Exchange Act of 1934 and to include the appropriate reference to Exchange Act Rules 13a-15(e) and 15d-15(e);

(ii) revises Item 11—Executive Compensation to disclose additional information about the Company's performance metrics for awards granted under our long-term equity incentive plan by amending the third paragraph of the caption "Long-Term Equity Incentives" on page 23 of our proxy statement dated March 11, 2011 and including an additional paragraph as the new fourth paragraph of the caption "Long-Term Equity Incentives;"

(iii) amends Item 15 - Exhibits to include a written description of our 2010 Annual Incentive Plan as an additional exhibit, which is entitled "Written Description of Provident Financial Services, Inc.'s 2010 Annual Incentive Plan" and included as Exhibit 10.18; and

(iv) amends Item 15 - Exhibits to include a written description of our 2011 Cash Incentive Compensation Plan as an additional exhibit, which is entitled "Written Description of Provident Financial Services, Inc.'s 2011 Cash Incentive Compensation Plan" and included as Exhibit 10.19.

In connection with this Amendment, the Company is including as exhibits updated certifications required under Sections 302 and 906 of the Sarbanes-Oxley Act of 2002. Solely for this reason, the Company also has restated Part IV of the Original Report in Part IV of this Amendment. Except as set forth above, this Amendment does not alter or restate any of the information set forth in the Original Report and does not reflect the occurrence of any events following the filing of the Original Report. Accordingly, this Amendment should be read in conjunction with our Original Report and our other reports filed with the Securities and Exchange Commission after the filing of the Original Report, including any amendments to those filings.

Part II

Item 9A. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

Christopher Martin, the Company's Chairman, President and Chief Executive Officer, and Thomas M. Lyons, the Company's Executive Vice President and Chief Financial Officer, conducted an evaluation of the effectiveness of the Company's disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended) as of December 31, 2010. Based upon their evaluation, they each found that the Company's disclosure controls and procedures were effective to ensure that information required to be disclosed in the reports that the Company files and submits under the Exchange Act is recorded, processed, summarized and reported as and when required and that such information is accumulated and communicated to the Company's management as appropriate to allow timely decisions regarding required disclosures. There has been no change in the Company's internal control over financial reporting during the Company's fourth fiscal quarter that has materially affected, or is reasonably likely to affect, the Company's internal control over financial reporting.

Management's Report on Internal Control Over Financial Reporting

The management of Provident Financial Services, Inc. (the "Company") is responsible for establishing and maintaining adequate internal control over financial reporting. The Company's internal control system is a process designed to provide reasonable assurance to the Company's management and board of directors regarding the preparation and fair presentation of published financial statements.

The Company's internal control over financial reporting includes policies and procedures that pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect transactions and dispositions of assets; provide reasonable assurances that transactions are recorded as necessary to permit preparation of financial statements in accordance with U.S. generally accepted accounting principles, and that receipts and expenditures are being made only in accordance with authorizations of management and the directors of the Company; and provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the Company's assets that could have a material effect on its financial statements.

All internal control systems, no matter how well designed, have inherent limitations. Therefore, even those systems determined to be effective can provide only reasonable assurance with respect to financial statement preparation and presentation. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Management assessed the effectiveness of the Company's internal control over financial reporting as of December 31, 2010. In making this assessment, we used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission in Internal Control-Integrated Framework. Based on the assessment management believes that, as of December 31, 2010, the Company's internal control over financial reporting is effective based on those criteria.

The Company's independent registered public accounting firm that audited the consolidated financial statements has issued an audit report on the effectiveness of the Company's internal control over financial reporting as of December 31, 2010.

Part III

Item 11. Executive Compensation

The information required by this item is set forth under "Proposal 1 Election of Provident Directors" under the captions "Compensation Committee Matters", "Executive Compensation" and "Director Compensation" in the Proxy Statement for the Annual Meeting of Stockholders held on April 28, 2011 and is incorporated herein by reference.

Our proxy statement dated March 11, 2011, incorporated by reference herein, is amended to include the following revision to the third paragraph of the caption “Long-Term Equity Incentives” on page 23. The revised language reads:

The Compensation Committee determined that for equity grants made in 2010 under the Long-Term Equity Plan to all named executive officers other than the Chief Executive Officer, 75% of equity grants would be subject to performance-vesting, and 25% would be time-vesting over three years; and for the Chief Executive Officer, 100% of equity grants would be subject to performance-vesting. Such performance-vesting would be measured at the end of a three-year period based upon metrics approved by the Compensation Committee at the time of the equity grant. Currently the performance metrics include projections of compounded annual growth in earnings per share over a three-year period and a comparison of total stockholder return to the peer group over a three-year period. For the performance-vesting grants made in 2010 which vest in 2012, the two performance metrics at target (weighted 50% each) are compounded annual growth of eight percent in earnings per share from the base year of 2009 (or \$0.55 per share) and achievement of total shareholder return versus peers greater than fifty percent of the peers. For the performance-vesting grants made in 2011 which vest in 2013, the two performance metrics at target (weighted 50% each) are compounded annual growth of eight percent in earnings per share from the base year of 2010 (or \$0.90 per share) and achievement of total shareholder return versus peers greater than fifty percent of the peers. The performance-based grants vest at the end of three years if the pre-established performance level is met. These performance metrics are designed to encourage conduct that drives long-term strategic decisions suited to maximizing stockholder value.

In addition, our proxy statement dated March 11, 2011, incorporated by reference herein, is amended to include the following paragraph as the new fourth paragraph of the caption “Long-Term Equity Incentives” on page 23. The existing fourth paragraph in the above-referenced caption will be the fifth paragraph thereunder.

The Compensation Committee has determined that the performance metrics for awards granted under our long-term equity incentive plan are appropriately set such that participants in the plan will attain (i) the threshold level of performance if our minimum expected improvements in the performance targets are achieved, which the Committee believed was reasonably likely to be attained; (ii) the target level of performance if our projected business plan expectations are achieved, which the Committee believed had approximately an even likelihood of either being attained or not being attained; (iii) the target plus level of performance if our projected business plan expectations are exceeded, which the Committee believed would be difficult to achieve; and (iv) the maximum level of performance, which sets a cap on how much incentive compensation will be paid in the event that the ‘target plus’ level is exceeded, which the Committee believed was unlikely to be achieved.
