- The Notes will be offered from time to time in one or more negotiated transactions at varying prices to be determined at the time of each sale, which may be at prevailing market prices, at prices related to such prevailing prices, or at negotiated prices; provided, however, that such price will not be less than \$982.50 per \$1,000.00 principal amount of the Notes or more than \$1,000.00 per \$1,000.00 principal amount of the Notes. See "Additional Risk Factor—The price you pay for the Notes may be higher than the prices other investors pay for the Notes." on page PS-2 of this pricing supplement.
- The proceeds you might expect to receive if you were able to resell the Notes on the Issue Date are expected to be less than the price you pay for the Notes. This is because the price you pay for the Notes includes the Selling Agent's commission set forth above and also reflects certain hedging costs associated with the Notes. For additional information, see "Risk Factors — The issue price of the Notes has certain built-in costs, including the Selling Agent's commission and our cost of hedging, both of which are expected to be reflected in secondary market prices" on page S-3 of the accompanying prospectus supplement. The price you pay for the Notes also does not include fees that you may be charged if you buy the Notes through your registered investment advisers for managed fee-based accounts.
- The Selling Agent will receive commissions from the Issuer of up to \$17.50 per \$1,000.00 principal amount of the Notes, or up to \$8,417.50 of the aggregate principal amount of the Notes, and may retain all or a portion of these commissions or use all or a portion of these commissions to pay selling concessions or fees to other dealers. See "Supplemental Plan of Distribution" on page S-26 of the accompanying prospectus supplement.

- (4) The Issuer will receive proceeds of \$982.50 per \$1,000.00 principal amount of the Notes, or \$472,582.50 of the aggregate principal amount of the Notes. See “Supplemental Plan of Distribution” on page S-26 of the accompanying prospectus supplement.
