Item 2.03 Creation of a Direct Financial Obligation or an Obligation Under an Off-Balance Sheet Arrangement of a Registrant

In a Current Report on Form 8-K filed on October 20, 2004, Pennsylvania Real Estate Investment Trust ("PREIT" or the "Company") disclosed that on October 14, 2004, it had entered into a Purchase and Sale Agreement with The Prudential Insurance Company of America and Colonial Realty Limited Partnership, as tenants in common, to purchase the Orlando Fashion Square mall for approximately \$123.5 million. On December 1, 2004, the Company completed this acquisition.

On November 30, 2004, in order to finance the acquisition of the Orlando Fashion Square mall, PREIT borrowed an additional \$123.0 million under its \$500 million unsecured revolving Credit Facility (the "Credit Facility"). The Credit Facility contains an option to increase the Credit Facility to \$650 million under prescribed conditions. The Credit Facility bears interest at a rate between 1.5% and 2.5% per annum over LIBOR based on the Company's leverage. The availability of funds under the Credit Facility is subject to the Company's compliance with financial and other covenants and agreements, which are summarized in both the Company's Current Report on Form 8-K filed on December 4, 2003 and its Quarterly Report on Form 10-Q for the quarter ended September 30, 2004 filed on November 9, 2004. The Credit Facility, which was established on November 20, 2003, has a term of three years, with an additional one year extension, provided that there is no event of default at that time. After the borrowing on November 30, 2004, and after a recent replacement of a mortgage on one mall with an additional borrowing under the Credit Facility of approximately \$30.0 million, there was a total of \$265.0 million outstanding under the Credit Facility, with interest rates on amounts outstanding ranging from 3.74% to 3.96% per annum.

Under the Credit Facility, the Company must repay the entire principal amount outstanding at the end of the term, which is November 20, 2006, unless the term is extended in accordance with the provisions of the Credit Facility. The Company may prepay any revolving loan at any time without premium or penalty. Accrued and unpaid interest on the outstanding principal amount under the Credit Facility is payable monthly, and any unpaid amount is payable at the end of the term. There is an unused facility fee on the amount by which the aggregate of the lenders' commitments exceeds the Company's revolving loans and letter of credit liabilities. The Credit Facility contains some lender yield protection provisions related to LIBOR loans. PREIT Associates, L.P., the Company's operating partnership, and certain of its subsidiaries are guarantors of the obligations arising under the Credit Facility.

The Credit Facility includes typical and customary events of default for credit facilities of this size and type, including, without limitation, a payment default, a default in performance of certain covenants, a default on any other indebtedness with more than \$10 million in aggregate principal outstanding (or \$80 million or more in the case of nonrecourse indebtedness), a change of control, a change of management, and other typical and customary events. Upon the expiration of any applicable cure period following an event of default, the lenders may declare all obligations of the Company in connection with the Credit Facility immediately due and payable, and the commitments of the lenders to make further loans under the Credit Facility will terminate. Upon the occurrence of a voluntary or involuntary bankruptcy proceeding of the Company, PREIT Associates, L.P. or any material subsidiary, all outstanding amounts will automatically become immediately due and payable and the commitments of the lenders to make further loans will automatically terminate.

The credit facility was filed as Exhibit 10.1 to PREIT's Current Report on Form 8-K filed on December 4, 2003.
