SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

The following cautionary statements identify important factors that could cause our actual results to differ materially from those projected in the forward-looking statements made in this prospectus. Any statements about our beliefs, plans, objectives, expectations, assumptions or future events or performance are not historical facts and may be forward-looking. These statements are often, but not always, made through the use of words or phrases such as “will likely result,” “are expected to,” “will continue,” “is anticipated,” “estimated,” “intends,” “plans,” “projection” and “outlook.” forward-looking statements are based on estimates and assumptions by our management that, although we believe to be reasonable, are inherently uncertain and subject to a number of risks and uncertainties. Any forward-looking statements are qualified in their entirety by reference to the factors discussed throughout this prospectus, and particularly the risk factors described under “Risk Factors” in this prospectus. Among the significant factors that could cause our actual results to differ materially from those expressed in the forward-looking statements are:

- the useful life of our satellites, which have experienced circuit failures on their solar arrays and other component failures and are not insured;
- our dependence upon third parties, including manufacturers of SIRIUS radios, retailers, automakers and programming partners; and
- our competitive position versus XM Radio, the other satellite radio service provider in the United States, which has substantially more subscribers than we do and may have certain competitive advantages, and versus other forms of audio and video entertainment.

Because the risk factors referred to above could cause actual results or outcomes to differ materially from those expressed in any forward-looking statements made by us or on our behalf, you should not place undue reliance on any of these forward-looking statements. In addition, any forward-looking statement speaks only as of the date on which it is made, and we undertake no obligation to update any forward-looking statement or statements to reflect events or circumstances after the date on which the statement is made, to reflect the occurrence of unanticipated events or otherwise. New factors emerge from time to time, and it is not possible for us to predict which will arise or to assess with any precision the impact of each factor on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements.

If there is any inconsistency between the information in this prospectus and the applicable prospectus supplement, you should rely on the information in the prospectus supplement. You should read both this prospectus and any prospectus supplement together with the additional information described under the headings “Where You May Find Additional Available Information About Us” and “Incorporation by Reference.”

ABOUT SIRIUS

We are a leading provider of satellite radio in the United States. We currently offer more than 120 channels—65 channels of commercial-free music and over 55 channels of sports, news, talk, entertainment, traffic and weather programming to subscribers throughout the continental United States. The core of our enterprise is programming, and we are committed to creating the most unique, compelling and comprehensive entertainment experience on radio.

Our 65 channels of commercial-free music are produced principally at our national broadcast studio in New York City and cover virtually every genre of music from classic rock, pop, heavy metal and hip-hop to country, dance, jazz, Latin and classical. Each of our 65 music channels is programmed and hosted by a team of experts. Our non-music channels include programming from major national news organizations, traffic and weather for America's top 20 markets and a number of other talk and entertainment channels, many of which are exclusively heard on SIRIUS.

In October 2004, we announced that Howard Stern, one of the most widely listened to radio and entertainment personalities in the United States, will move his radio show to SIRIUS starting in January 2006.

We are also the leading satellite radio provider of live sports programming. As the exclusive Satellite Radio Partner of the NFL, we feature live play-by-play coverage of all National Football League games. This breadth of NFL programming is not available on terrestrial radio or to our satellite radio competitor. We also broadcast play-by-play coverage of NBA games, college basketball and football games and will broadcast all the games of the NCAA Division I men's basketball tournament through 2007. We are also the official satellite radio broadcaster of Barclays English Premier League soccer and have the right to broadcast NHL games. In February 2005, we entered into an exclusive agreement with NASCAR to broadcast live all NASCAR Nextel Cup Series, NASCAR Busch Series and NASCAR Craftsman Truck Series races for five years beginning in 2007.

Our primary source of revenue is subscription fees, with most of our customers subscribing to SIRIUS on either a monthly or annual basis. In addition, we derive revenue from activation fees, selling advertising on our non-music channels, and the direct sale of SIRIUS radios and accessories. As of June 30, 2005, we had 1,814,626 subscribers.

Our targeted subscriber market includes over 200 million registered vehicles, over 100 million households and over four million recreational boats in the United States.

Subscribers receive our service through SIRIUS radios, which are sold by automakers, consumer electronics retailers, mobile audio dealers and other retailers or directly by us. Subscribers can also receive our music channels and certain other channels over the Internet and through DISH satellite television.

We expect an increasing proportion of our subscribers to be generated through our relationships with automakers. In 2005, SIRIUS radios are expected to be offered as a factory or dealer-installed option in over 100 car models, of which 65 models will offer SIRIUS as a factory-installed option. In certain of these arrangements, automakers have agreed to include a SIRIUS radio and a subscription to our service in the sale or lease price of vehicles. The length of these prepaid subscriptions vary, but it is typically six months to one year. We reimburse automakers for certain costs associated with the SIRIUS radio installed in the applicable vehicle at the time the vehicle is manufactured, including hardware costs and tooling expenses. We also pay revenue share and incentive-based commissions to automakers.

We have exclusive agreements with DaimlerChrysler, Ford, Mitsubishi and BMW to offer SIRIUS radios as factory or dealer-installed equipment in Chrysler, Dodge, Jeep, Mercedes, Ford, Lincoln, Mercury, Volvo, Mazda, Jaguar, Land Rover, Mitsubishi, BMW and MINI vehicles and Freightliner and Sterling heavy trucks. We also have relationships with Nissan, Infiniti, Toyota, Lexus, Scion, Volkswagen and Audi, which permit these automakers to offer SIRIUS radios as factory or dealer-installed equipment.

SIRIUS radios are marketed and distributed under various brands through major national and regional retailers, including Best Buy, Circuit City, Wal-Mart, RadioShack, Crutchfield, Office Depot, Sears, Target and DISH Network outlets, as well as local retailers. These retailers purchase SIRIUS radios directly from the manufacturers, and we do not receive revenues from retail sales of these radios. We develop in-store merchandising materials, including end-aisle displays for several retailers, and provide training for the sales forces of major retailers. We pay incentive-based commissions and residuals to certain retailers. Residuals are monthly fees paid based upon the number of subscribers using a SIRIUS radio purchased from a retailer.

In June 2005, we announced an agreement with Sprint to provide select music channels to certain Sprint PCS subscribers.

We are developing ancillary services that we expect to offer to subscribers in the future. These services include the delivery of traffic data to vehicles equipped with navigation systems, sports scores, weather data and other telematic functions. We also plan to commence broadcasting a limited number of video channels that will be designed and programmed principally for rear-seat video systems. We are working with a number of third parties to develop and design these services.

We transmit our satellite broadcasts through our proprietary network which currently consists of three orbital satellites, 140 terrestrial repeaters that receive and retransmit our signal, and a satellite uplink facility. We also maintain a spare satellite which we can launch if necessary or desirable.

We hold one of only two licenses issued by the Federal Communications Commission to provide satellite digital audio radio service in the United States. Our broadcasts are available across North America and some parts of Mexico and the Caribbean, although currently we do not offer subscriptions outside the continental United States.

Sirius Satellite Radio Inc. was incorporated in the State of Delaware as Satellite CD Radio, Inc. on May 17, 1990. On December 7, 1992, we changed our name to CD Radio Inc., and we formed a wholly owned subsidiary, Satellite CD Radio, Inc., that is the holder of our FCC license. On November 18, 1999, we changed our name again to Sirius Satellite Radio Inc. Our executive offices are located at 1221 Avenue of the Americas, New York, New York 10020, our telephone number is (212) 584-5100 and our internet address is SIRIUS.com. RISK FACTORS

Investing in our securities involves risk, including the risks described in the accompanying prospectus supplement and in the documents incorporated by reference in this prospectus, including our Annual Report on Form 10-K for the year ended December 31, 2004, our Quarterly Reports on Form 10-Q for the quarters ended March 31, 2005 and June 30, 2005, and in any filings made with the Securities and Exchange Commission after the date of this prospectus pursuant to Sections 13(a), 13(c), 14 or 15(d) of the Securities Exchange Act. You should carefully consider the risk factors before investing in our securities.

**RATIO OF EARNINGS TO COMBINED FIXED CHARGES
AND PREFERRED STOCK DIVIDENDS**

The following table sets forth our ratios of (1) earnings to fixed charges and (2) earnings to combined fixed charges and preferred stock dividends for the periods indicated.

	Year Ended December 31,					Six Months Ended June 30,
	2000	2001	2002	2003	2004	2005
Ratio of earnings to fixed charges	—	—	—	—	—	—
Ratio of earnings to combined fixed charges and preferred stock dividends	—	—	—	—	—	—

The applicable ratio was less than 1.00 for all periods.

The ratio of earnings to fixed charges is computed by dividing our earnings, which include income before taxes (excluding the cumulative and transition effects of accounting changes), fixed charges and amortization of capitalized interest, by fixed charges. The ratio of earnings to combined fixed charges and preferred stock dividends is computed by dividing earnings by the sum of fixed charges and dividends on preferred stock. “Fixed charges” consist of interest on debt and a portion of rentals determined to be representative of interest. For the years ended December 31, 2000, 2001, 2002, 2003 and 2004, and for the six months ended June 30, 2005 our earnings were insufficient to cover our fixed charges by \$198.5 million, \$255.0 million, \$417.6 million, \$214.6 million, \$696.3 million, and \$364.2 million, respectively. Earnings were also inadequate to cover our combined fixed charges and preferred stock dividends over the same time periods by \$247.4 million, \$297.2 million, \$463.6 million, \$302.8 million, \$696.3 million and \$364.2 million, respectively.

USE OF PROCEEDS

Unless otherwise indicated in the applicable prospectus supplement, we expect to use the net proceeds from the sale of the offered securities for general corporate purposes. We may invest funds not required immediately for such purposes in short-term obligations or we may use them to reduce the future level of our indebtedness. Specific information concerning the use of proceeds from the sale of any securities will be included in the applicable prospectus supplement relating to such securities.

DESCRIPTION OF DEBT SECURITIES

The following description of the terms of the debt securities sets forth certain general terms that may apply to the debt securities. The particular terms of any debt securities will be described in the prospectus supplement relating to those debt securities. For purposes of this “Description of Debt Securities,” the term “Sirius” refers to our company but not to any of its subsidiaries.

Any senior subordinated securities will be issued in one or more series under an indenture, as supplemented or amended from time to time, between us and an institution that we will name in the related prospectus supplement, as trustee. Any subordinated debt securities will be issued in one or more series under an indenture, as supplemented or amended from time to time, between us and an institution that we will name in the related prospectus supplement, as trustee. Holders may present each series of debt securities for exchange as provided above, and for registration of transfer, with the form of transfer endorsed thereon, or with a satisfactory written instrument of transfer, duly executed, at the office of the appropriate securities registrar or at the office of any transfer agent designated by us for such purpose and referred to in the applicable prospectus supplement, without service charge and upon payment of any taxes and other governmental charges as described in the indenture. We will appoint the trustee of each series of debt securities as securities registrar for such series under the indenture. If the applicable prospectus supplement refers to any transfer agents, in addition to the securities registrar initially designated by us with respect to any series, we may at any time rescind the designation of any such transfer agent or approve a change in the location through which any such transfer agent acts, provided that we maintain a transfer agent in each place of payment for the series. We may at any time designate additional transfer agents with respect to any series of debt securities.

All moneys paid by us to a paying agent for the payment of principal, premium, if any, or interest, if any, on any debt security which remain unclaimed for two years after such principal, premium or interest has become due and payable may be repaid to us, and after such time, the holder of such debt security may look only to us for payment.

Redemption

Provisions relating to the redemption of debt securities, if any, will be set forth in the applicable prospectus supplement. In the event of any redemption, we shall not be required to (a) issue, register the transfer of or exchange debt securities of any series during a period beginning at the opening of business 15 days before the day of the mailing of a notice of redemption of debt securities of that series to be redeemed and ending at the close of business on the day of such mailing or (b) register the transfer of or exchange any debt security called for redemption, except, in the case of any debt securities being redeemed in part, any portion not being redeemed.

Book-Entry System

The provisions set forth below in this section headed “Book-Entry System” will apply to the debt securities of any series if the prospectus supplement relating to such series so indicates.

Unless otherwise indicated in the applicable prospectus supplement, the debt securities of such series will be represented by one or more global securities registered with a depositary named in the prospectus supplement relating to such series. Except as set forth below, a global security may be transferred, in whole but not in part, only to the depositary or another nominee of the depositary.

The specific terms of the depositary arrangement with respect to a series of debt securities will be described in the prospectus supplement relating to the series. We anticipate that the following provisions will generally apply to depositary arrangements.

Upon the issuance of a global security, the depositary will credit, on its book-entry registration and transfer system, the respective principal amounts of the debt securities represented by such global security to the accounts of institutions or persons, commonly known as participants, that have accounts with the depositary or its nominee. The accounts to be credited will be designated by the underwriters, dealers or agents. Ownership of beneficial interests in a global security will be limited to participants or persons that may hold interests through participants. Ownership of interests in such global security will be shown on, and the transfer of those ownership interests will be effected only through, records maintained by the depositary (with respect to participants' interests) and such participants (with respect to the owners of beneficial interests in such global security). The laws of some jurisdictions may require that certain purchasers of securities take physical delivery of the securities in definitive form. These limits and laws may impair the ability to transfer beneficial interests in a global security.

So long as the depositary, or its nominee, is the registered holder and owner of such global security, the depositary or such nominee, as the case may be, will be considered the sole owner and holder for all purposes of the debt securities and for all purposes under the applicable indenture. Except as set forth below or as otherwise provided in the applicable prospectus supplement, owners of beneficial interests in a global security will not be entitled to have the debt securities represented by such global security registered in their names, will not receive or be entitled to receive physical delivery of debt securities in definitive form and will not be considered to be the owners or holders of any debt securities under the applicable indenture or such global security. Accordingly, each person owning a beneficial interest in a global security must rely on the procedures of the depositary and, if such person is not a participant, on the procedures of the participant through which such person owns its interest, to exercise any rights of a holder of debt securities under the applicable indenture of such global security. We understand that under existing industry practice, in the event we request any action of holders of debt securities or if an owner of a beneficial interest in a global security desires to take any action that the depositary, as the holder of such global security is entitled to take, the depositary would authorize the participants to take such action, and that the participants would authorize beneficial owners owning through such participants to take such actions or would otherwise act upon the instructions of beneficial owners owning through them.

Payments of principal of and premium, if any, and interest, if any, on debt securities represented by a global security will be made to the depositary or its nominee, as the case may be, as the registered owner and holder of such global security, against surrender of the debt securities at the principal corporate trust office of the trustee. Interest payments will be made at

the principal corporate trust office of the trustee or by a check mailed to the holder at its registered address. Payment in any other manner will be specified in the prospectus supplement.

We expect that the depository, upon receipt of any payment of principal, premium, if any, of interest, if any, in respect of a global security, will credit immediately participants' accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of such global security as shown on the records of the depository. We expect that payments by participants to owners of beneficial interests in a global security held through such participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such participant. Neither Sirius nor the trustee nor any agent of Sirius or the trustee will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in a global security or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests or for any other aspect of the relationship between the depository and its participants or the relationship between such participants and the owners of beneficial interests in such global security owning through such participants.

Unless and until it is exchanged in whole or in part for debt securities in definitive form, a global security may not be transferred except as a whole by the depository to a nominee of such depository or by a nominee of such depository to such depository or another nominee of such depository.

Unless otherwise provided in the applicable prospectus supplement, debt securities represented by a global security will be exchangeable for debt securities in definitive form of like tenor as such global security in denominations of \$1,000 and in any greater amount that is an integral multiple thereof if:

- the depository notifies us and the trustee that it is unwilling or unable to continue as depository for such global security or if at any time the depository ceases to be a clearing agency registered under the Exchange Act and a successor depository is not appointed by us within 90 days;
- we, in our sole discretion, determine not to have all of the debt securities represented by a global security and notify the trustee thereof; or
- there shall have occurred and be continuing an event of default or an event which, with the giving of notice or lapse of time, or both, would constitute an event of default with respect to the debt securities.

Any debt security that is exchangeable pursuant to the preceding sentence is exchangeable for debt securities registered in such names as the depository shall instruct the trustee. It is expected that such instructions may be based upon directions received by the depository from its participants with respect to ownership of beneficial interests in such global security. Subject to the foregoing, a global security is not exchangeable except for a global security or global securities of the same aggregate denominations to be registered in the name of the depository or its nominee.

Covenants

The covenants, if any, that will apply to a particular series of debt securities will be set forth in the indenture relating to such series of debt securities. Except as otherwise specified in the applicable prospectus supplement with respect to any series of debt securities, we may remove or add covenants without the consent of holders of the securities.

Discharge and Defeasance

We may be discharged from our obligations on the debt securities of any series that have matured or will mature or be redeemed within one year if we deposit with the trustee enough cash to pay all the principal, interest and any premium due to the stated maturity date or

redemption date of the debt securities and comply with certain other conditions set forth in the applicable indenture.

In addition, each indenture contains a provision that permits us to elect either:

- to be discharged after 90 days from all of our obligations (subject to limited exceptions) with respect to any series of debt securities then outstanding (“defeasance”); and/or
- to be released from our obligations under certain covenants and from the consequences of an event of default resulting from a breach of those covenants or cross-default (“covenant defeasance”).

To make either of the above elections, we must deposit in trust with the trustee money and/or U.S. Government Obligations, if the debt securities are denominated in U.S. dollars, and/or Foreign Government Securities, if the debt securities are denominated in a foreign currency, which through the payment of principal and interest under their terms will provide sufficient money, without reinvestment, to repay in full those senior, senior subordinated or subordinated debt securities. As a condition to defeasance or covenant defeasance, we must deliver to the trustee an opinion of counsel that the holders of the debt securities will not recognize income, gain or loss for federal income tax purposes as a result of the defeasance.

If either of the above events occur, the holders of the debt securities of the series will not be entitled to the benefits of the indenture, except for registration of transfer and exchange of debt securities and replacement of lost, stolen or mutilated debt securities.

Events of Default

The following events are defined in the indentures as “Events of Default” with respect to a series of debt securities (unless such event is specifically inapplicable to a particular series as described in the applicable prospectus supplement):

- failure to pay any interest on any debt security of that series when due, which failure continues for 30 days;
- failure to pay principal of or any premium on any debt security of that series when due;
- failure to deposit any sinking fund payment, within 30 days of when due, in respect of any debt security of that series;
- with respect to each series of debt securities, failure to perform any other of our covenants applicable to that series, which failure continues for 90 days after written notice to us by the trustee or to us and the trustee by the holders of at least 25% in principal amount of the outstanding debt securities of that series specifying such failure, requiring it to be remedied and stating that such notice is a “Notice of Default”;
- certain events of bankruptcy, insolvency or reorganization involving us; and
- any other Event of Default provided with respect to debt securities of that series.

If an Event of Default for any series of debt securities occurs and continues, the trustee or holders of at least 25% in principal amount of the debt securities of that series may declare the entire principal amount of all the debt securities of that series to be due and payable immediately. Subject to certain conditions, the declaration may be annulled and past defaults (except uncured payment defaults and certain other specified defaults) may be waived by the holders of a majority of the principal amount of the outstanding debt securities of that series.

An Event of Default for a particular series of debt securities does not necessarily constitute an event of default for any other series of debt securities issued under an indenture.

Each indenture will require the trustee, within 90 days after the occurrence of a default known to it with respect to any outstanding series of debt securities, to give the holders of that series notice of the default if uncured or not waived. However, the trustee may withhold this notice if it determines in good faith that the withholding of this notice is in the interest of those holders, except that the trustee may not withhold this notice in the case of a payment default. The

term “default” for the purpose of this provision means any event that is, or after notice or lapse of time or both would become, an Event of Default with respect to debt securities of that series.

Other than the duty to act with the required standard of care during an Event of Default, a trustee is not obligated to exercise any of its rights or powers under the applicable indenture at the request or direction of any of the holders of debt securities, unless the holders have offered to the trustee reasonable indemnification. Each indenture provides that the holders of a majority in principal amount of outstanding debt securities of any series may in certain circumstances direct the time, method and place of conducting any proceeding for any remedy available to the trustee, or exercising any trust or other power conferred on the trustee.

The senior indenture will include a covenant that we will file annually with the trustee a certificate of no default, or specifying any default that exists.

Modification, Waiver and Meetings

We and the trustee may enter into supplemental indentures without the consent of the holders of debt securities for one or more of the following purposes:

- to evidence the succession of another person to us pursuant to the provisions of the applicable indenture relating to consolidations, mergers and sales of assets and the assumption by the successor of our covenants, agreements and obligations in the applicable indenture and in the debt securities;
- to surrender any right or power conferred upon us by the applicable indenture, to add to our covenants such further covenants, restrictions, conditions or provisions for the protection of the holders of all or any series of debt securities as our board of directors shall consider to be for the protection of the holders of the debt securities, and to make the occurrence, or the occurrence and continuance, of a default in any of the additional covenants, restrictions, conditions or provisions a default or an Event of Default under the applicable indenture (provided, however, that with respect to any such additional covenant, restriction, condition or provision, the supplemental indenture may provide for a period of grace after default, which may be shorter or longer than that allowed in the case of other defaults, may provide for an immediate enforcement upon the default, may limit the remedies available to the trustee upon the default, or may limit the right of holders of a majority in aggregate principal amount of any or all series of debt securities to waive the default);
- to cure any ambiguity or omission or to correct or supplement any provision contained in the applicable indenture, in any supplemental indenture or in any debt securities that may be defective or inconsistent with any other provision contained therein, to convey, transfer, assign, mortgage or pledge any property to or with the trustee, or to make such other provisions in regard to matters or questions arising under the applicable indenture, in each case as shall not adversely affect the interests of any holders of debt securities of any series in any material respect;
- to modify or amend the applicable indenture to permit the qualification of such indenture or any supplemental indenture under the Trust Indenture Act as then in effect;
- to add guarantees with respect to any or all of the debt securities or to secure any or all of the debt securities;
- to add to, change or eliminate any of the provisions of the applicable indenture with respect to one or more series of debt securities; so long as any such addition, change or elimination not otherwise permitted under the applicable indenture shall (1) neither apply to any debt security of any series created before the execution of the supplemental indenture and entitled to the benefit of the provision nor modify the rights of the holders of any debt security with respect to the provision, or (2) become effective only when there is no such debt security outstanding;

- to evidence and provide for the acceptance of appointment by a successor or separate trustee with respect to the debt securities of one or more series and to add to or change any of the provisions of the applicable indenture as shall be necessary to provide for or facilitate the administration of such indenture by more than one trustee;

- to establish the form or terms of debt securities of any series;
- to provide for uncertificated debt securities in addition to or in place of certificated debt securities (provided that the uncertificated debt securities are issued in registered form for purposes of Section 163(f) of the Internal Revenue Code or in a manner such that the uncertificated debt securities are described in Section 163(f)(2)(B) of such Code); and
- to make any change that does not adversely affect the rights of any holder.

Modifications and amendments of the applicable indenture may be made by us and the trustee with the consent of the holders of a majority in principal amount of the outstanding debt securities of each series affected by such modification or amendment; provided, however, that no such modification or amendment may, without the consent of the holder of each outstanding debt security affected thereby:

- change the stated maturity of the principal of, or any installment of principal of or interest on, any debt security;
- reduce the principal amount of, rate of interest on or any premium payable upon the redemption of any debt security;
- reduce the amount of principal of an original issue discount security payable upon acceleration of the maturity thereof;
- change the place of payment where, or the coin or currency in which, any debt security or any premium or interest thereon is payable;
- impair the right to institute suit for the enforcement of any payment on or with respect to any debt security after the stated maturity, redemption date or repayment date;
- reduce the percentage in principal amount of outstanding debt securities of any series, the consent of whose holders is required for modification or amendment of the applicable indenture or for waiver of compliance with certain provisions of such indenture or for waiver of certain defaults;
- change the optional redemption or repurchase provisions in a manner adverse to any holder; or
- modify any of the provisions set forth in this paragraph, except to increase the percentage of holders whose consent is required for modifications and amendments of the applicable indenture or to provide that certain other provisions of the applicable indenture may not be modified or waived without the consent of the holder of each outstanding debt security affected thereby.

The holders of a majority in principal amount of the outstanding debt securities of each series may, on behalf of the holders of all the debt securities of that series, waive, insofar as that series is concerned, compliance by us with certain restrictive provisions of the applicable indenture. The holders of a majority in principal amount of the outstanding debt securities of each series may, on behalf of all holders of debt securities of that series and any coupons relating to such series, waive any past default under the applicable indenture with respect to debt securities of the series, except a default (a) in the payment of principal of or any premium or interest on any debt security of such series or (b) in respect of a covenant or provision of the applicable indenture which cannot be modified or amended without the consent of each holder of outstanding debt securities of the affected series.

The indentures provide that in determining whether the holders of the requisite principal amount of the outstanding debt securities have given any request, demand, authorization, direction,

notice, consent or waiver thereunder or whether a quorum is present at a meeting of holders of debt securities:

- the principal amount of an original issue discount security that shall be deemed to be outstanding shall be the amount of the principal thereof that would be due and payable as of the date of such determination upon acceleration of the maturity thereof;
- the principal amount of a debt security denominated in other than U.S. dollars shall be the U.S. dollar equivalent, determined on the date of original issuance of such debt security, of the principal amount of such debt security (or, in the case of an original issue discount security, the U.S. dollar equivalent on the date of original issuance of such debt security of the amount determined (as provided above) of such debt security); and
- debt securities owned by us or any subsidiary of ours shall be disregarded and deemed not to be outstanding.

In addition, we and the trustees may execute, without the consent of any holder of the debt securities, any supplemental indenture for the purpose of creating any new series of debt securities.

Subordination

Except as set forth in the applicable prospectus supplement, the subordinated indenture provides that the subordinated debt securities are subordinate and junior in right of payment to all of our senior indebtedness. Except as set forth in the applicable prospectus supplement, the senior subordinated indenture provides that the senior subordinated debt securities will be subordinated and junior in right of payment to all senior indebtedness; *pari passu* with existing and future senior subordinated indebtedness; and senior to all existing and future subordinated indebtedness.

If an Event of Default occurs with respect to any senior indebtedness permitting the holders thereof to accelerate the maturity thereof and the default is the subject of judicial proceedings or written notice of such Event of Default, requesting that payments on senior subordinated debt securities or subordinated debt securities cease, is given to us by the holders of senior indebtedness, then unless and until (1) the default in payment or Event of Default shall have been cured or waived or (2) 120 days shall have passed after written notice is given and the default is not the subject of judicial proceedings, no direct or indirect payment, in cash, property or securities, by set-off or otherwise, will be made or agreed to be made on account of the senior subordinated debt securities or subordinated debt securities or interest thereon or in respect of any repayment, redemption, retirement, purchase or other acquisition of senior subordinated debt securities or subordinate debt securities.

Except as set forth in the applicable prospectus supplement, the senior subordinated indenture and the subordinated indenture provides that in the event of:

- any insolvency, bankruptcy, receivership, reorganization or other similar proceeding relating to us, our creditors or our property; or
- any proceeding for the liquidation or dissolution of Sirius,

all present and future senior indebtedness, including interest accruing after the commencement of the proceeding, will first be paid in full before any payment or distribution, whether in cash, securities or other property, will be made by us on account of senior subordinated debt securities or subordinated debt securities. In that event, any payment or distribution, whether in cash, securities or other property, other than securities of Sirius or any other corporation provided for by a plan of reorganization or a readjustment, the payment of which is subordinated, at least to the extent provided in the subordination provisions of the indenture, to the payment of all senior indebtedness at the time outstanding and to any securities issued in respect thereof under any such plan of reorganization or readjustment and other than payments made from any trust described in the “Defeasance and Covenant Defeasance” above, which would otherwise but for the subordination provisions be payable or deliverable in respect of senior subordinated debt securities or subordinated debt securities, including any such payment or distribution which may be payable or

deliverable by reason of the payment of any other indebtedness of ours being subordinated to

the payment of senior subordinated debt securities or subordinated debt securities, will be paid or delivered directly to the holders of senior indebtedness or to their representative or trustee, in accordance with the priorities then existing among such holders, until all senior indebtedness shall have been paid in full. No present or future holder of any senior indebtedness will be prejudiced in the right to enforce subordination of the indebtedness evidenced by senior subordinated debt securities or subordinated debt securities by any act or failure to act on our part.

The term “Senior Indebtedness” means:

(1) the principal, premium, if any, interest and all other amounts owed in respect of all our (A) indebtedness for money borrowed and (B) indebtedness evidenced by securities, debentures, bonds or other similar instruments;

(2) all our capital lease obligations;

(3) all our obligations issued or assumed as the deferred purchase price of property, all our conditional sale obligations and all our obligations under any title retention agreement (but excluding trade accounts payable arising in the ordinary course of business);

(4) all our obligations for the reimbursement of any letter of credit, banker's acceptance, security purchase facility or similar credit transaction;

(5) all obligations of the type referred to in clauses (1) through (4) above of other persons for the payment of which we are responsible or liable as obligor, guarantor or otherwise; and

(6) all obligations of the type referred to in clauses (1) through (5) above of other persons secured by any lien on any property or asset of ours (whether or not such obligation is assumed by us), except for in all such cases (x) any such indebtedness that is by its terms subordinated to or *pari passu* with the senior subordinated debt securities or the subordinated debt securities and (y) any indebtedness between or among us or our affiliates, including all other debt securities and guarantees in respect of those debt securities issued to any trust, or trustee of such trust, partnership or other entity affiliated with us that is, directly or indirectly, a financing vehicle of ours (a “Financing Entity”) in connection with the issuance by such Financing Entity of preferred securities or other securities that rank *pari passu* with, or junior to, the senior subordinated debt securities or the subordinated debt securities.

Except as provided in the applicable prospectus supplement, neither the senior subordinated indenture nor the subordinated indenture for a series of senior subordinated debt or subordinated debt, as the case may be, limits the aggregate amount of senior indebtedness that may be issued by us. Debt securities issued by us are structurally subordinated to all existing and future liabilities of our subsidiaries.

By reason of such subordination, in the event of a distribution of assets upon insolvency, some of our general creditors may recover more, ratably, than holders of the senior subordinated debt securities and the subordinated debt securities.

A senior subordinated indenture or a subordinated indenture may provide that the subordination provisions thereof will not apply to money and securities held in trust pursuant to the satisfaction and discharge and the legal defeasance provisions of the senior subordinated indenture or subordinated indenture, as the case may be.

If this prospectus is being delivered in connection with the offering of a series of senior subordinated debt securities or subordinated debt securities, the accompanying prospectus supplement or the information incorporated

by reference therein will set forth the approximate amount of senior indebtedness outstanding as of a recent date.

Consolidation, Merger and Sale of Assets

Except as may otherwise be provided in the prospectus supplement, each indenture provides that we may not consolidate with or merge with or into any person, or convey, transfer or lease

all or substantially all of our assets, or permit any person to consolidate with or merge into us, unless the following conditions have been satisfied:

- (a) either (1) we shall be the continuing person in the case of a merger or (2) the resulting, surviving or transferee person, if other than us (the "Successor Company"), shall be a corporation organized and existing under the laws of the United States, any State or the District of Columbia and shall expressly assume all our obligations under the debt securities and the applicable indenture;
- (b) immediately after giving effect to the transaction (and treating any indebtedness that becomes an obligation of the Successor Company or any subsidiary of ours as a result of the transaction as having been incurred by the Successor Company or the subsidiary at the time of the transaction), no default, Event of Default or event that, after notice or lapse of time, would become an Event of Default under the applicable indenture shall have occurred and be continuing; and
- (c) we shall have delivered to the trustee under each indenture an officers' certificate and an opinion of counsel, each stating that the consolidation, merger, transfer or lease complies with the provisions of the applicable indenture.

Upon completion of any such transaction, the Successor Company resulting from such consolidation or into which we are merged or the transferee or lessee to which such conveyance, transfer or lease is made, will succeed to, and be substituted for, and may exercise every right and power of, us under each indenture, and thereafter, except in the case of a lease, the predecessor (if still in existence) will be released from its obligations and covenants under each indenture and all outstanding debt securities.

Notices

Except as otherwise provided in the indentures, notices to holders of debt securities will be given by mail to the addresses of such holders as they appear in the security register.

Conversion or Exchange

If and to the extent indicated in the applicable prospectus supplement, the debt securities of any series may be convertible or exchangeable into other securities. The specific terms on which debt securities of any series may be so converted or exchanged will be set forth in the applicable prospectus supplement. These terms may include provisions for conversion or exchange, either mandatory, at the option of the holder, or at our option, in which case the number of shares of other securities to be received by the holders of debt securities would be calculated as of a time and in the manner stated in the applicable prospectus supplement.

Title

Before due presentment of a debt security for registration of transfer, we, the trustee and any agent of ours or the trustee may treat the person in whose name such debt security is registered as the owner of such debt security for the purpose of receiving payment of principal of and any premium and any interest (other than defaulted interest or as otherwise provided in the applicable prospectus supplement) on such debt security and for all other purposes whatsoever, whether or not such debt security be overdue, and neither Sirius, the trustee nor any agent of ours or the trustee shall be affected by notice to the contrary.

Replacement of Debt Securities

Any mutilated debt security will be replaced by us at the expense of the holder upon surrender of such debt security to the trustee. Debt securities that become destroyed, stolen or lost will be replaced by us at the expense of the holder upon delivery to the trustee of the debt security or evidence of the destruction, loss or theft thereof satisfactory to us and the trustee. In the case of a destroyed, lost or stolen debt security, an indemnity satisfactory to the trustee and us

may be required at the expense of the holder of such debt security before a replacement debt security will be issued.

Governing Law

The indentures and the debt securities will be governed by, and construed in accordance with, the laws of the State of New York.

Regarding the Trustee

We may appoint a separate trustee for any series of debt securities. As used herein in the description of a series of debt securities, the term “trustee” refers to the trustee appointed with respect to the series of debt securities.

The indentures contain certain limitations on the right of the trustee, should it become a creditor of ours, to obtain payment of claims in certain cases or to realize for its own account on certain property received in respect of any such claim as security or otherwise. The trustee will be permitted to engage in certain other transactions; however, if it acquires any conflicting interest and there is a default under the debt securities of any series for which the trustee serves as trustee, the trustee must eliminate such conflict or resign.

The trustee or its affiliate may provide certain banking and financial services to us in the ordinary course of business.

DESCRIPTION OF CAPITAL STOCK

Our amended and restated certificate of incorporation provides for authorized capital of 2,550,000,000 shares, consisting of 2,500,000,000 shares of common stock, par value \$0.001 per share, and 50,000,000 shares of preferred stock, par value \$0.001 per share.

The following description sets forth the terms and provisions of our common stock and preferred stock. The terms of any shares of our capital stock offered by any prospectus supplement, but not set forth below, will be described in the prospectus supplement relating to such shares of capital stock.

Common Stock

As of June 30, 2005, we had 1,326,747,936 shares of common stock outstanding beneficially held by approximately 900,000 holders, and had reserved for issuance approximately 505,000,000 shares of common stock with respect to incentive stock plans and outstanding common stock and warrants.

Holders of our common stock are entitled to cast one vote for each share held of record on all matters acted upon at any stockholder's meeting and to receive dividends if, as and when declared by our board of directors out of funds legally available therefor. There are no cumulative voting rights. If there is any liquidation, dissolution or winding-up of our company, each holder of our common stock will be entitled to participate, taking into account the rights of any outstanding preferred stock, ratably in all of our assets remaining after payment of liabilities. Holders of our common stock have no preemptive or conversion rights. All shares of our common stock, including shares of common stock issued upon the exercise of the common stock warrants and options, will be fully paid and non-assessable, when issued.

Our common stock is quoted on the NASDAQ National Market under the symbol "SIRI."

Preferred Stock

Our board of directors is authorized, subject to any limitations prescribed by law, without further stockholder approval, to issue from time to time up to an aggregate of 50,000,000 shares of our preferred stock, in one or more series. As of June 30, 2005, there were no preferred shares issued or outstanding. Each such series of preferred stock will have such number of shares, designations, preferences, powers, qualifications and special or relative rights or privileges as will be determined by our board of directors, which may include, among others, dividend rights, voting rights, redemption and sinking fund provisions, liquidation preferences, conversion rights and preemptive rights. The rights of the holders of our common stock will be subject to the rights of holders of any preferred stock issued in the future. The issuance of preferred stock, while providing desirable flexibility in connection with possible acquisitions and other corporate purposes, could have the effect of making it more difficult for a third party to acquire, or of discouraging a third party from acquiring, a majority of our outstanding voting stock.

The specific terms of any preferred stock being offered will be described in the prospectus supplement relating to that preferred stock. The following summaries of the provisions of the preferred stock are subject to, and are qualified in their entirety by reference to, the certificate of designation relating to the particular class or series of preferred stock. Reference is made to the prospectus supplement relating to the preferred stock offered with that prospectus for specific terms, including:

- the designation of the preferred stock;
- the number of shares of the preferred stock offered, the liquidation preference per share and the initial offering price of the preferred stock;

- the dividend rate(s), period(s) and/or payment date(s) or method(s) of calculating these items applicable to the preferred stock;

- the place or places where dividends will be paid, whether dividends will be cumulative or noncumulative, and, if cumulative, the date from which dividends on the preferred stock will accumulate, if applicable;
- the procedures for any auction and remarketing of the preferred stock;
- the provision of a sinking fund, if any, for the preferred stock;
- the provision for redemption, if applicable, of the preferred stock;
- any listing of the preferred stock on any securities exchange;
- the terms and conditions, if applicable, upon which the preferred stock will be convertible into or exchangeable for common stock, and whether at our option or the option of the holder;
- whether the preferred stock will rank senior or junior to or on a parity with any other class or series of preferred stock;
- the voting rights, if any, of the preferred stock;
- any other specific terms, preference, rights, limitations or restrictions of the preferred stock; and
- a discussion of United States federal income tax considerations applicable to the preferred stock.

Delaware Anti-Takeover Law and Provisions in Our Amended and Restated Certificate of Incorporation

Section 203 of the Delaware General Corporation Law (“Section 203”) generally provides that a stockholder acquiring more than 15% of the outstanding voting stock of a corporation subject to the statute (an “Interested Stockholder”) but less than 85% of this stock may not engage in some types of Business Combinations (as defined in Section 203) with the corporation for a period of three years after the time the stockholder became an Interested Stockholder. The prohibition of Section 203 does not apply under the following circumstances:

- before the time of the acquisition, the corporation's board of directors approved either the Business Combination or the transaction in which the stockholder became an Interested Stockholder; or
- the Business Combination is approved by the corporation's board of directors and authorized at a stockholders' meeting by a vote of at least two-thirds of the corporation's outstanding voting stock not owned by the Interested Stockholder.

Under Section 203, these restrictions will not apply to specific Business Combinations proposed by an Interested Stockholder following the earlier of the announcement or notification of specific extraordinary transactions involving the corporation and a person who was not an Interested Stockholder during the previous three years, who became an Interested Stockholder with the approval of the corporation's board of directors or who became an Interested Stockholder at a time when the restrictions contained in Section 203 did not apply for reasons specified in Section 203. The above exception applies if the extraordinary transaction is approved or not opposed by a majority of the directors who were directors prior to the person becoming an Interested Stockholder during the previous three years or were recommended for election or elected to succeed those directors by a majority of those directors.

Section 203 defines the term “Business Combination” to encompass a wide variety of transactions with or caused by an Interested Stockholder. These include transactions in which the Interested Stockholder receives or could receive a benefit on other than a pro rata basis with other stockholders, transactions with the corporation which increase the proportionate interest in the corporation directly or indirectly owned by the Interested Stockholder or transactions in which the Interested Stockholder receives other benefits.

The provisions of Section 203, coupled with our board of directors' authority to issue preferred stock without further stockholder action, could delay or frustrate the removal of

incumbent directors or a change in our control. The provisions could also discourage, impede or prevent a merger, tender offer or proxy contest, even if the event would be favorable to the interests of stockholders. Our stockholders, by adopting an amendment to our amended and restated certificate of incorporation, may elect not to be governed by Section 203 effective 12 months after the adoption.

DESCRIPTION OF WARRANTS

We may issue warrants for the purchase of debt securities, preferred stock, common stock or any combination thereof. Warrants may be issued independently or together with any other securities offered in an applicable prospectus supplement and may be attached to or separate from such securities. Warrants may be issued under warrant agreements (each, a “warrant agreement”) to be entered into between us and a warrant agent specified in the applicable prospectus supplement. The warrant agent will act solely as our agent in connection with the warrants of a particular series and will not assume any obligation or relationship of agency or trust for or with any holders or beneficial owners of warrants. The following sets forth certain general terms and provisions of warrants which may be offered. Further terms of the warrants and the applicable warrant agreement will be set forth in an applicable prospectus supplement.

Debt Warrants

The prospectus supplement relating to a particular issue of warrants for the purchase of debt securities (“debt warrants”) will describe the terms of the debt warrants, including the following:

- the title of the debt warrants;
- the offering price for the debt warrants, if any;
- the aggregate number of the debt warrants;
- the designation and terms of the debt securities purchasable upon exercise of the debt warrants;

Exercise of Warrants

Each warrant will entitle the holder of warrants to purchase for cash the amount of shares of preferred stock, shares of common stock or debt securities at the exercise price as shall in each case be set forth in, or be determinable as set forth in, the prospectus supplement relating to the warrants offered thereby. Warrants may be exercised at any time up to the close of business on the expiration date set forth in the prospectus supplement relating to the warrants offered thereby. After the close of business on the expiration date, unexercised warrants will become void.

Warrants may be exercised as set forth in the prospectus supplement relating to the warrants offered thereby. Upon receipt of payment and the warrant certificate properly completed and duly executed at the corporate trust office of the warrant agent or any other office indicated in the prospectus supplement, we will, as soon as practicable, forward the shares of preferred stock, shares of common stock or debt securities purchasable upon such exercise. If less than all of the warrants represented by the warrant certificate are exercised, a new warrant certificate will be issued for the remaining warrants.

PLAN OF DISTRIBUTION

We may sell the securities:

- to one or more underwriters or dealers for public offering and sale by them; and
- to investors directly or through agents.

The distribution of securities may be effected from time to time in one or more transactions at a fixed price or prices (which may be changed from time to time), at market prices prevailing at the time of sale, at prices related to such prevailing market prices or at negotiated prices. Each prospectus supplement will describe:

- the method of distribution of the securities offered thereby;
- the purchase price and the proceeds we will receive from the sale; and
- any securities exchanges on which the securities of such series may be listed.

In connection with the sale of the securities, underwriters, dealers or agents may receive compensation from us or from purchasers of the securities for whom they may act as agents, in the form of discounts, concessions or commissions. The underwriters, dealers or agents that participate in the distribution of the securities may be deemed to be underwriters under the Securities Act and any discounts or commissions received by them and any profit on the resale of the securities received by them may be deemed to be underwriting discounts and commissions thereunder. Any such underwriter, dealer or agent will be identified and any such compensation received from us will be described in the applicable prospectus supplement. Any initial public offering price and any discounts or concessions allowed or paid to dealers may be changed from time to time.

Under the agreements that may be entered into with us, underwriters, dealers and agents may be entitled to indemnification by us against certain civil liabilities, including liabilities under the Securities Act, or to contribution with respect to payments which the underwriters, dealers or agents may be required to make in respect thereof.

Each underwriter, dealer and agent participating in the distribution of any securities that are issuable in bearer form will agree that it will not offer, sell, resell or deliver, directly or indirectly, securities in bearer form to persons located in the United States or to United States persons (other than qualifying financial institutions), in connection with the original issuance of the securities.

Certain of the underwriters or agents and their associates may be customers of, engage in transactions with and perform services for us in the ordinary course of business.

Certain persons participating in an offering may engage in transactions that stabilize, maintain or otherwise affect the price of the securities, including over-allotment, stabilizing and short-covering transactions in such securities, the imposition of a penalty bid, and bidding for and purchasing shares of our common stock in the open market during and after an offering.

LEGAL MATTERS

Simpson Thacher & Bartlett LLP, New York, New York, will pass upon specific legal matters under state law with respect to the validity of the securities.

Item 15. Indemnification of Officers and Directors.

Section 145 of the DGCL permits each Delaware business corporation to indemnify its directors, officers, employees and agents against liability for each such person's acts taken in his or her capacity as a director, officer, employee or agent of the corporation if such actions were taken in good faith and in a manner which he or she reasonably believed to be in or not opposed to the best interests of the corporation, and with respect to any criminal action, if he or she had no reasonable cause to believe his or her conduct was unlawful. Article VII of our amended and restated by-laws provides that we, to the full extent permitted by Section 145 of the DGCL, shall indemnify all of our past and present directors and may indemnify all of our past or present employees or other agents. To the extent that a director, officer, employee or agent of ours has been successful on the merits or otherwise in defense of any action, suit or proceeding referred to in such Article VII, or in defense of any claim, issue or matter therein, he or she shall be indemnified by us against actually and reasonably incurred expenses in connection therewith. Such expenses may be paid by us in advance of the final disposition of the action upon receipt of an undertaking to repay the advance if it is ultimately determined that such person is not entitled to indemnification.

As permitted by Section 102(b)(7) of the DGCL, our amended and restated certificate of incorporation provides that no director shall be liable to us for monetary damages for breach of fiduciary duty as a director, except for liability:

- (i) for any breach of the director's duty of loyalty to us or our stockholders;
- (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law;
- (iii) for the unlawful payment of dividends on or redemption of our capital stock; or
- (iv) for any transaction from which the director derived an improper personal benefit.

We have obtained a policy insuring us and our directors and officers against certain liabilities, including liabilities under the Securities Act.

Item 17. Undertakings

The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

- (i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;
- (ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement;
- (iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (1)(i) and (1)(ii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the

Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each

filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Exchange Act) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(5) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to provisions described in Item 15, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
