[ECHO BAY LETTERHEAD]

-- , 2002

Dear Shareholder:

You are invited to attend a special meeting of the shareholders of Echo Bay Mines Ltd. to be held on -- , 2002 at 9:30 in the morning (eastern time) in the -- Room of the Toronto Hilton Hotel, 145 Richmond Street West, Toronto, Ontario, Canada.

At this meeting, you will be asked to consider the plan of arrangement whereby Echo Bay, Kinross Gold Corporation and TVX Gold Inc. will combine their respective businesses. The accompanying Management Information Circular and Management Information Circular Supplement constitute a single circular. The circular explains the proposed transaction and provides specific information regarding the special meeting. Please review the entire circular, including all attachments, carefully.

The Echo Bay board of directors has carefully considered the proposed transaction, which was unanimously recommended by an independent committee of the board of directors, and has determined that it is fair to, and in the best interests of, Echo Bay and its shareholders. The combined company will have a strong group of exploration and development projects that will allow for internal growth and the financial resources to compete successfully for new properties and projects in the future. The Echo Bay board of directors,

including all the independent members, recommends that you vote FOR the special resolution approving the arrangement and related matters.

In order to pass, the special resolution approving the arrangement and related matters must receive not less than 66 2/3% of the votes represented at the special meeting. Echo Bay has entered into agreements with two of its largest shareholders, Kinross and Newmont Mining Corporation of Canada Limited, together holding approximately 56% of the outstanding common shares of Echo Bay, pursuant to which these shareholders have agreed to vote all of their shares in favour of the special resolution.

Regardless of the number of shares you own, your vote is very important. Whether or not you plan to attend the special meeting, please submit your proxy as soon as possible to ensure your shares are represented at the special meeting. Additionally, by voting now, your prompt response will help to reduce proxy solicitation expenses.

Should you have any questions on information contained in the enclosed documents or require information on voting your shares, please contact N.S. Taylor & Associates, Inc., who is assisting us with this matter. They can be reached toll-free at 1-800-711-8662.

Sincerely,

Robert L. Leclerc
Chairman and Chief Executive Officer

QUESTIONS AND ANSWERS FOR SHAREHOLDERS OF ECHO BAY MINES LTD.

Q. WHAT IS BEING VOTED ON AT THE SPECIAL MEETING?	A. You are being asked to vote on a special resolution t approve a business combination whereby Echo Bay, Kinross Gold Corporation and TVX Gold Inc. will combine their respective businesses.
Q. WHAT IS REQUIRED TO PASS THE SPECIAL RESOLUTION?	A. In order to pass, the special resolution must receive less than 66 2/3% of the votes represented at the specia meeting.
Q. ARE THERE ADDITIONAL ITEMS ON THE MEETING AGENDA?	A. No. The only items on the Echo Bay special meeting ag are approval of the proposed business combination and related matters.
Q. HOW WILL THE EXCHANGE RATIO AFFECT MY ECHO BAY COMMON SHARES?	A. If the business combination proceeds, Echo Bay shareholders will receive 0.52 of a Kinross common share each Echo Bay common share that they hold. This means that Echo Bay shareholders will receive 52 common sha of Kinross for each 100 common shares of Echo Bay.
Q. IF THE KINROSS SHAREHOLDERS APPROVE THE PROPOSED SHARE CONSOLIDATION, HOW WILL THAT AFFECT THE EXCHANGE RATIO FOR MY ECHO BAY COMMON SHARES?	A. At the Kinross special meeting, Kinross will ask its shareholders to approve a consolidation of its common sh on a one for three basis. If the consolidation is approved, the exchange ratio will be adjusted to 0.17 of a Kinross common share for each Echo Bay common sh This means that Echo Bay shareholders will receive 17 common shares of Kinross for each 100 common shares o

Echo Bay plus a cash settlement for the fractional sh
The proposed Kinross consolidation is not, however, a
condition to completing the business combination. Whe
the Kinross consolidation proceeds or not will NOT af
the percentage ownership interest of the Echo Bay
shareholders in the combined company following comple
of the business combination.

Q. HOW IS THE BUSINESS COMBINATION BEING CARRIED OUT?

A. The business combination will be carried out as a pla
arrangement under the Canada Business Corporations Act.
arrangement is a corporate reorganization that is
supervised and, ultimately, approved by a court. If t
arrangement is approved at the respective special
meetings of Echo Bay and TVX shareholders, the issuan
of Kinross common shares to be exchanged in the
arrangement is approved at the Kinross special meetin
and the other conditions specified in the combination
agreement are satisfied, Echo Bay, Kinross and TVX wi
apply to the court for a final order approving the
arrangement. The court will hear evidence as to the
fairness of the arrangement to the shareholders of th
participating corporations as part of the process of
granting the final order. If the final order is grant
by the court, Echo Bay, Kinross and TVX will complete
arrangement shortly thereafter. The court having
jurisdiction is the Superior Court of Ontario (Canada
and the matter will be heard in Toronto.

Q. IF THE SPECIAL RESOLUTION PASSES, WHAT WILL HAPPEN TO ECHO BAY?

A. Once all corporate and other approvals are in place,
Bay will become a wholly-owned subsidiary of Kinross. Th
former Echo Bay shareholders (excluding Kinross and
Newmont, which currently own 10.6% and 45.2% of Echo
Bay's outstanding common shares, respectively) will o
approximately 14% of the outstanding common shares of
combined company. Newmont will own approximately 14.6
the outstanding common shares of the combined company

Q. IF THE SPECIAL RESOLUTION FAILS, WHAT WILL THAT MEAN FOR ECHO BAY?

A. Echo Bay would remain an independent company.

Q. AM I ABLE TO SELL MY ECHO BAY COMMON SHARES?

A. Yes. At this time you may continue to buy and sell Ec
Bay common shares on the American Stock Exchange, the
Toronto Stock Exchange or any European exchange where
Echo Bay common shares are listed.

Q. AFTER THE EXCHANGE, WHERE WILL KINROSS COMMON SHARES BE TRADED?

A. Subject to listing approval from the Toronto Stock
Exchange and the New York Stock Exchange, Kinross intend
maintain the listing of its common shares on the Toro
Stock Exchange and anticipates the common shares will
also be listed on the New York Stock Exchange.

Q. IF THE SPECIAL RESOLUTION IS APPROVED, WHEN WILL THE TRANSACTION BE COMPLETED?

A. We anticipate the business combination will be comple
promptly after the shareholders of all three companies h
met and approved the requisite resolutions and a

	favourable court order has been granted. We expect th to occur in the fourth quarter of 2002.
Q. WHAT DO I NEED TO DO?	A. To support your board's recommendation, please sign, and return your proxy card. Do NOT send in your share certificates. After the transaction has been complete you will receive written instructions for exchanging certificates.
Q. WHAT HAPPENS IF I RETURN A SIGNED PROXY CARD BUT DO NOT INDICATE HOW I VOTED?	A. Your vote will be considered a vote FOR the special resolution.
Q. CAN I VOTE IN PERSON?	A. Yes. If your shares are registered in your name, or i you are a beneficial owner and you have requested a lega proxy, you may attend the special meeting and cast yo vote in person.
Q. IF MY ECHO BAY COMMON SHARES ARE HELD BY MY BROKER, WILL MY BROKER AUTOMATICALLY VOTE MY SHARES FOR ME?	A. No. Specific voting instructions must be given to you broker. Information on how to give these instructions is included with these materials and should be carefully followed.

CAUTION REGARDING FORWARD-LOOKING STATEMENTS

THIS CIRCULAR INCLUDES CERTAIN "FORWARD-LOOKING STATEMENTS" WITHIN THE DEFINITION OF THE U.S. PRIVATE SECURITIES LITIGATION REFORM ACT OF 1995. STATEMENTS IN THIS CIRCULAR THAT ARE NOT STATEMENTS OF HISTORICAL FACTS AND

ADDRESS ACTIVITIES, EVENTS OR DEVELOPMENTS THAT ECHO BAY, KINROSS OR TVX EXPECT OR ANTICIPATE WILL OR MAY OCCUR IN THE FUTURE, INCLUDING SUCH THINGS AS THE ANTICIPATED EFFECTIVE DATE OF THE COMBINATION, BUSINESS STRATEGY, COMPETITIVE STRENGTHS, GOALS, EXPANSION AND GROWTH OF ECHO BAY, KINROSS OR TVX BUSINESSES, OPERATIONS, PLANS, RESERVES AND OTHER SIMILAR MATTERS ARE HEREBY IDENTIFIED AS FORWARD-LOOKING STATEMENTS. WHEN USED IN THIS CIRCULAR, STATEMENTS TO THE EFFECT THAT ECHO BAY, KINROSS OR TVX OR THEIR RESPECTIVE MANAGEMENTS "BELIEVE", "EXPECT", "PLAN", "MAY", "WILL", "PROJECT", "ANTICIPATE" OR "INTEND" OR SIMILAR STATEMENTS, INCLUDING "POTENTIAL", "OPPORTUNITY" OR OTHER VARIATIONS THEREOF, THAT ARE NOT STATEMENTS OF HISTORICAL FACT SHOULD BE CONSTRUED AS FORWARD-LOOKING STATEMENTS. THE RISK FACTORS AND CAUTIONARY STATEMENTS DISCUSSED IN THIS DOCUMENT AND THE DOCUMENTS INCORPORATED BY REFERENCE PROVIDE EXAMPLES OF RISKS, UNCERTAINTIES AND EVENTS THAT MAY CAUSE ACTUAL RESULTS TO DIFFER MATERIALLY FROM THE EXPECTATIONS DESCRIBED BY ECHO BAY, KINROSS OR TVX IN THEIR RESPECTIVE FORWARD-LOOKING STATEMENTS.

YOU ARE CAUTIONED NOT TO PLACE UNDUE RELIANCE ON FORWARD-LOOKING STATEMENTS, WHICH SPEAK ONLY AS OF THE DATE OF THIS CIRCULAR OR, IN THE CASE OF DOCUMENTS INCORPORATED BY REFERENCE, THE DATE OF THOSE DOCUMENTS. NONE OF ECHO BAY, KINROSS OR TVX UNDERTAKES ANY OBLIGATION TO RELEASE PUBLICLY ANY REVISIONS TO THESE FORWARD-LOOKING STATEMENTS TO REFLECT EVENTS OR CIRCUMSTANCES THAT OCCUR AFTER THE DATE OF THIS CIRCULAR OR TO REFLECT THE OCCURRENCE OF UNANTICIPATED EVENTS EXCEPT AS MAY BE REQUIRED UNDER APPLICABLE SECURITIES LAWS. BEFORE YOU VOTE OR GRANT YOUR PROXY AND INSTRUCT HOW YOUR VOTE SHOULD BE CAST ON ANY MATTER, YOU SHOULD BE AWARE THAT THE OCCURRENCE OF THE EVENTS DESCRIBED IN THE "RISK FACTORS" SECTION IN THIS CIRCULAR BEGINNING ON PAGE S-18 OF THIS CIRCULAR AS WELL AS THE SECTIONS ENTITLED "RISK FACTORS" IN SCHEDULES A, B AND C TO THIS CIRCULAR, COULD HAVE A MATERIAL ADVERSE EFFECT ON THE COMBINED COMPANY.

SUMMARY

This summary highlights selected information contained elsewhere in this circular. You should carefully read the entire circular and the other documents to which this circular refers you. Please see "Documents Incorporated By Reference" on pg. S-80. We have included page references in parentheses to direct you to a more complete description of the items presented in this summary.

THE COMBINATION (PAGE S-24)

Echo Bay, Kinross and TVX have entered into a combination agreement dated as of June 10, 2002, as amended as of July 12, 2002, for the purpose of combining the ownership of their respective businesses. Because the business combination contemplated by the combination agreement will be effectuated by way of a plan of arrangement under the Canada Business Corporations Act (which we refer to in this circular as the "CBCA"), we refer to this transaction as the "arrangement" in this circular.

In a separate transaction, TVX and a subsidiary of TVX have entered into agreements dated as of June 10, 2002 with a subsidiary of Newmont Mining

Corporation pursuant to which TVX has agreed to acquire Newmont's approximate 50% non-controlling interest in the TVX Newmont Americas joint venture, in accordance with an existing right of first offer and an existing right of first refusal, for $180 million. The purchase price may, at TVX's option, be paid entirely in cash or TVX may elect to satisfy up to one half of the purchase price payable under each agreement by delivery of a secured promissory note due December 13, 2002, and the balance in cash. The maximum aggregate amount of the promissory notes which may be issued is $90 million. The arrangement is conditional upon the completion of the purchase of Newmont's interest in the TVX Newmont Americas joint venture.

Upon completion of the arrangement and the purchase of Newmont's interest in the TVX Newmont Americas joint venture, Kinross will own all of the outstanding Echo Bay common shares and TVX common shares and will own, indirectly, all of the TVX Newmont Americas joint venture.

We refer to the arrangement and the purchase of Newmont's TVX Newmont Americas joint venture interest collectively as the "combination" in this circular. For more information concerning the purchase of the Newmont interest, please see "The TVX Newmont Americas Joint Venture Transaction" on page S-45.

Pursuant to the arrangement, shareholders of Echo Bay (other than Kinross) will receive 0.52 of a Kinross common share for each Echo Bay common share. Also pursuant to the arrangement, TVX will amalgamate with a newly-formed, wholly-owned subsidiary of Kinross, and each holder of TVX common shares will receive 6.5 Kinross common shares for each TVX common share. The exchange ratio for the TVX common shares reflects the one for ten consolidation of the TVX common shares which took effect on June 30, 2002. Immediately prior to the completion of the combination, and subject to shareholder approval, Kinross intends to consolidate its outstanding common shares on the basis of one Kinross common share for each three Kinross common shares. If the Kinross share consolidation is completed, each holder of Echo Bay common shares will receive 0.1733 of a Kinross common share for each Echo Bay common share and each holder of TVX common shares will receive 2.1667 Kinross common shares for each TVX common share.

The arrangement requires the approval of at least 66 2/3% of the votes cast by Echo Bay and TVX shareholders at the respective special meetings of Echo Bay and TVX, as well as the approval of the Superior Court of Ontario. The shareholders of Kinross will be asked to approve the issuance of Kinross common shares pursuant to the arrangement, as well as certain other matters discussed in this circular, at the Kinross special meeting.

No fractional Kinross common shares will be issued in connection with the arrangement. Former shareholders of Echo Bay and TVX who would otherwise receive a fraction of a Kinross common share will be paid the fair market value of the fractional interest by cheque.

Full particulars of the arrangement are contained in the combination agreement, the complete text of which is attached to this circular as Exhibit A,

and the plan of arrangement, the complete text of which is attached to this circular as Exhibit C.

The charts on page 3 set forth the approximate common share ownership of Kinross, TVX and Echo Bay immediately prior to the combination and immediately after the consummation of the combination.

THE COMPANIES

ECHO BAY

Echo Bay is a North American gold mining company which mines, processes and explores for gold. Echo Bay holds the following interests in three operating mines:

- a 50% interest in the Round Mountain mine in Nevada, United States;
- a 100% interest in the Kettle River mine in Washington, United States; and
- a 100% interest in the Lupin mine in Nunavut Territory, Canada.

Echo Bay operated a fourth mine, McCoy/Cove in Nevada, United States, until March 31, 2002, at which date mining and processing activities were completed. On June 9, 2002, Echo Bay entered into an agreement to sell its interests in McCoy/Cove to an affiliate of Newmont Mining Corporation, which transaction is conditional on completion of the combination described in this circular. For more information concerning the sale of the McCoy/Cove interests, please see "The McCoy/Cove Transaction" on page S-73.

Echo Bay's principal executive offices are located at Suite 1210, 10180 - 101 Street, Edmonton, Alberta, Canada, T5J 3S4 (telephone 780-496-9002). Additional information concerning Echo Bay, including certain recent developments, is contained in Schedule C to this circular.

KINROSS

Kinross is principally engaged in the exploration for, and acquisition, development and operation of, gold-bearing properties. At present, Kinross' primary operating properties consist of:

- a 100% interest in the Fort Knox mine near Fairbanks, Alaska, United States;
- through its 49% interest in the Porcupine joint venture, a 49% interest in the Hoyle Pond mine and a 49% interest in the Dome mine, both near Timmins, Ontario, Canada; and
- a 54.7% interest in the Kubaka mine in the Magadan Oblast situated in far east Russia.

In addition, Kinross holds an interest in the Blanket mine, situated in

Zimbabwe, and other mining properties in various stages of exploration, development, reclamation and closure.

Kinross' principal executive offices are located at Suite 5200, Scotia Plaza, 40 King Street West, Toronto, Ontario, Canada, M5H 3Y2 (telephone 416-865-5123). Additional information concerning Kinross, including the formation of the Porcupine joint venture and other recent developments, is contained in Schedule A to this circular.

TVX

TVX is principally engaged in the acquisition, financing, exploration, development and operation of precious and base metals mining properties. TVX holds interests in various operating mines around the world, including, through its approximate 50% controlling interest in the TVX Newmont Americas joint venture:

- a 25% interest in the New Britannia mine in Manitoba, Canada;
- a 25% economic interest and a 50% legal interest in the Crixas mine in Brazil;
- a 16% interest in the Musselwhite mine in Ontario, Canada;
- a 25% interest in the La Coipa mine in Chile; and
- a 24.5% interest in the Brasilia mine in Brazil.

TVX also holds a 100% interest in certain development and operating assets in Greece referred to as the Hellenic Gold Complex, which interest is subject to a 12% carried interest and a right to acquire a 12% participating interest in favour of certain third parties. The Hellenic Gold Complex is held through TVX's subsidiary, TVX Hellas A.E., and includes the Stratoni base metals operations and the Skouries development project.

TVX's principal executive offices are located at Suite 1200, 220 Bay Street, Toronto, Ontario, Canada, M5J 2W4 (telephone 416-366-8160). Additional information concerning TVX, including certain recent developments, is contained in Schedule B to this circular.

LOGO

(1) The North American assets of the TVX Newmont Americas joint venture are held through TVX Newmont Americas (Canada) Inc., which is indirectly held 50% less one voting share by Normandy Mining Limited and 50% plus one voting share by TVX. Normandy is an indirectly wholly-owned subsidiary of Newmont. The South American assets of the TVX Newmont Americas joint venture are held through TVX Newmont Americas (Cayman) Inc. which is indirectly held 50% less 100 voting shares by Normandy and 50% plus 100 voting shares by TVX. Upon the completion of the combination, Kinross will indirectly own 100% of the TVX Newmont Americas joint venture.

RECOMMENDATION OF THE BOARD OF DIRECTORS OF ECHO BAY (PAGE 12)

The board of directors of Echo Bay has recommended that its shareholders vote FOR the arrangement at the Echo Bay special meeting.

INTENTIONS OF SIGNIFICANT SHAREHOLDERS (PAGE S-24)

Kinross, which beneficially owns approximately 10.6% of the outstanding Echo Bay common shares, and Newmont, which beneficially owns approximately 45.2% of the outstanding Echo Bay common shares, have entered into lock-up agreements with Echo Bay pursuant to which Kinross and Newmont have agreed that they will vote their Echo Bay common shares in favour of the participation of Echo Bay in the arrangement. Each of Kinross and Newmont has agreed that it will only sell its interest in Echo Bay if the purchaser agrees to accept the obligation to vote the Echo Bay common shares in favour of the participation of Echo Bay in the arrangement. These lock-up agreements may be terminated if the combination agreement is terminated in accordance with its terms. In addition, the lock-up agreement with Newmont may be terminated by Newmont if the arrangement proposed to the Echo Bay shareholders does not correspond in all material respects to that contemplated by the combination agreement or if Kinross' shareholders do not authorize the termination of Kinross' shareholder rights plan at Kinross' special meeting and the arrangement cannot otherwise be structured as a tax-deferred rollover under Canadian law.

INTERESTS OF DIRECTORS AND EXECUTIVE OFFICERS OF ECHO BAY IN THE ARRANGEMENT (PAGE S-27)

In considering the recommendation of Echo Bay's board of directors that you vote to approve the arrangement, you should be aware that some of the directors and executive officers of Echo Bay have interests in the arrangement that are different from, or in addition to, the interests of other shareholders of Echo Bay generally. In particular, such directors and executive officers may, under the terms of their employment agreements or otherwise, be or become entitled, in connection with the arrangement, to severance payments and accelerated vesting of stock options. In addition, Kinross has agreed in the combination agreement that it will, at the Kinross special meeting, ask the Kinross shareholders to elect to the Kinross board of directors four additional agreed-upon directors, being Messrs. Harry S. Campbell, David Harquail, Robert L. Leclerc and George F. Michals. Mr. Harquail and Mr. Leclerc are currently directors of Echo Bay. The board of directors of Echo Bay was aware of these interests with respect to its respective directors and executive officers in determining to approve the arrangement.

MATERIAL CANADIAN FEDERAL INCOME TAX CONSIDERATIONS OF THE ARRANGEMENT (PAGE S-53)

A capital gain (or capital loss) that would otherwise be realized by a holder of Echo Bay common shares on the exchange of Echo Bay common shares for Kinross common shares will generally be deferred under the provisions of the Income Tax Act (Canada), provided that such holder does not, in the holder's return of income for the taxation year in which such exchange occurs, include in computing the holder's income any portion of the gain or loss, otherwise determined, from the disposition of the exchanged shares. A holder of Echo Bay common shares who is not eligible for the deferral in respect of the exchange of Echo Bay common shares will be deemed to have disposed of those Echo Bay common shares for proceeds of disposition equal to the fair market value of the Kinross common shares (and cash in lieu of a fractional share, if applicable) received in exchange therefor and to have acquired such Kinross common shares at a cost equal to their fair market value.

THE FOREGOING DISCUSSION ASSUMES THAT THE KINROSS SHAREHOLDER RIGHTS PLAN WILL BE TERMINATED BY KINROSS SHAREHOLDERS AT THE KINROSS SPECIAL MEETING PRIOR TO THE EFFECTIVE DATE OF THE COMBINATION SO THAT HOLDERS OF ECHO BAY COMMON SHARES WILL NOT ACQUIRE ANY RIGHTS UNDER SUCH PLAN AS A RESULT OF THE ARRANGEMENT. THE ARRANGEMENT IS NOT CONDITIONAL ON THE TERMINATION OF THE KINROSS SHAREHOLDER RIGHTS PLAN. IF HOLDERS OF ECHO BAY COMMON SHARES ACQUIRE RIGHTS UNDER THE KINROSS SHAREHOLDER RIGHTS PLAN IN THE ARRANGEMENT BECAUSE THE PLAN HAS NOT BEEN TERMINATED, SUCH HOLDERS MAY BE TREATED AS HAVING DISPOSED OF THEIR ECHO BAY COMMON SHARES FOR PROCEEDS EQUAL TO THE AGGREGATE OF THE FAIR MARKET VALUE OF THE KINROSS COMMON SHARES (AND CASH RECEIVED IN LIEU OF A FRACTIONAL SHARE, IF APPLICABLE) AND ANY RIGHTS UNDER THE KINROSS SHAREHOLDER RIGHTS PLAN RECEIVED IN EXCHANGE THEREFOR. A RECENT POSITION TAKEN BY THE CANADA CUSTOMS AND REVENUE AGENCY ON A SHAREHOLDER RIGHTS PLAN INDICATES THAT HOLDERS MAY BE ASSESSED ON THIS BASIS.

WE URGE HOLDERS OF ECHO BAY COMMON SHARES TO CONSULT THEIR OWN TAX ADVISORS FOR ADVICE REGARDING THE INCOME TAX CONSEQUENCES OF THE ARRANGEMENT AND THE EXERCISE OF DISSENT RIGHTS HAVING REGARD TO THEIR PARTICULAR CIRCUMSTANCES.

MATERIAL UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS OF THE ARRANGEMENT (PAGE S-57)

The obligation of Echo Bay to complete the transactions contemplated by the combination agreement is NOT conditioned on the receipt of an opinion of U.S. counsel that the arrangement will be treated as a tax free reorganization

for U.S. Federal income tax purposes and each Echo Bay shareholder is urged to take this factor into consideration when deciding whether to vote for the arrangement.

Echo Bay has received an opinion dated as of the date of this circular from Cravath, Swaine & Moore, U.S. counsel to Echo Bay, that assuming the arrangement is consummated in accordance with the terms of the combination agreement and as described in this circular, and based upon currently applicable law and certain factual representations made by Kinross and Echo Bay:

- the exchange of Echo Bay common shares for Kinross common shares pursuant to the arrangement will be treated for U.S. Federal income tax purposes as a reorganization under section 368(a) of the Code and Kinross and Echo Bay will each be a party to that reorganization within

the meaning of section 368(b) of the Code;

- U.S. holders of Echo Bay common shares who exchange their Echo Bay common shares solely for Kinross common shares generally will not recognize any gain or loss, provided that U.S. holders who will own or be deemed to own 5% or more of Kinross (by vote or value) after the arrangement will be required to enter into a gain recognition agreement with the IRS if they have a gain on their Echo Bay common shares in order to ensure that they do not recognize gain in connection with the arrangement; and

- Echo Bay will not recognize any gain or loss as a result of the arrangement.

In rendering such opinion, Cravath, Swaine & Moore has relied upon certain assumptions, conditions and qualifications as set forth in its opinion, including certain factual representations made by Kinross and Echo Bay in representation letters dated as of the date of this circular. The combination agreement requires Kinross to provide a customary letter of representation dated as of the effective date of the arrangement to Echo Bay. Echo Bay is not obliged under the combination agreement, but nevertheless intends, to provide a customary letter of representation to U.S. counsel. Echo Bay intends to request from Cravath a tax opinion dated as of the effective date of the arrangement. If Echo Bay does not receive a tax opinion of U.S. counsel on the effective date of the arrangement, because, for example:

- Kinross fails to provide a customary letter of representation to Echo Bay due to a change in factual circumstances or otherwise;

- Echo Bay fails to provide its customary representation letter to U.S. counsel due to a change in factual circumstances or otherwise; or

- there is a change in applicable law, which may or may not be retroactive,

holders of Echo Bay common shares cannot rely on the continuing validity of the conclusions reached in the Cravath tax opinion discussed above. In addition, if this were to occur, it is possible, but not certain, that the U.S. Federal income tax consequences to the holders of Echo Bay common shares would be materially different than those described above, including the possibility that holders of Echo Bay common shares would be required to recognize a gain or loss for U.S. Federal income tax purposes as a result of the exchange of their Echo Bay common shares for Kinross common shares pursuant to the arrangement.

WE URGE HOLDERS OF ECHO BAY COMMON SHARES TO CONSULT THEIR OWN TAX ADVISOR AS TO THE SPECIFIC TAX CONSEQUENCES OF THE ARRANGEMENT TO THEM, INCLUDING THE APPLICATION OF U.S. FEDERAL, STATE, LOCAL AND OTHER TAX LAWS AND POSSIBLE EFFECTS OF CHANGES IN U.S. FEDERAL OR OTHER TAX LAWS AND TO TAKE INTO ACCOUNT THE POSSIBILITY THAT CRAVATH, SWAINE & MOORE MIGHT NOT ISSUE THE TAX OPINION, DATED AS OF THE EFFECTIVE DATE OF THE ARRANGEMENT, THAT IS DESCRIBED ABOVE WHEN DECIDING WHETHER TO VOTE FOR THE ARRANGEMENT.

OWNERSHIP OF KINROSS AFTER THE COMBINATION (PAGE S-65)

Based on the number of common shares of each of Echo Bay, Kinross and TVX outstanding at June 30, 2002, Kinross will have a total of 296,703,265 common shares outstanding after the completion of the arrangement and the consolidation of the Kinross common shares on a one for three basis, which will be held as follows:

	PRIOR TO THE ARRANGEMENT	EXCHANGE RATIO	KINROSS COMMON SHARES	CONSOLIDATED KINROSS COMMON SHARES 1:3

ECHO BAY STOCK OPTIONS AND WARRANTS (PAGE S-41)

The combination agreement provides that the board of directors of Echo Bay is to take such actions as may be necessary to adjust the terms of all outstanding stock options granted by Echo Bay to provide that each option to acquire Echo Bay common shares outstanding on the effective date shall be deemed to constitute an option to acquire, on substantially identical terms and conditions to those applicable under such stock options and for the same aggregate consideration, the aggregate number of Kinross common shares that the holder of the options would have been entitled to receive as a result of the combination if the holder of the option had been the registered holder of the number of Echo Bay common shares which the holder was entitled to purchase on exercise of the option. According to the terms of the plans under which the outstanding Echo Bay options were granted or the terms of the options themselves, all outstanding unvested and unexercisable Echo Bay stock options will become vested and exercisable upon completion of the combination.

Holders of warrants to purchase Echo Bay common shares will, after the effective date of the combination, be entitled to exercise those warrants to acquire Kinross common shares in accordance with the terms of the agreements governing such warrants. The number of Kinross common shares for which such warrants will be exercisable will be determined on the basis of the Echo Bay exchange ratio.

THE ECHO BAY SPECIAL MEETING

SOLICITATION OF PROXIES

THIS CIRCULAR IS FURNISHED IN CONNECTION WITH THE SOLICITATION BY THE MANAGEMENT OF ECHO BAY MINES LTD. ("ECHO BAY") OF PROXIES TO BE USED AT THE SPECIAL MEETING OF THE SHAREHOLDERS OF ECHO BAY TO BE HELD AT THE TIME AND PLACE AND FOR THE PURPOSES SET FORTH IN THE ACCOMPANYING NOTICE OF SPECIAL MEETING. Echo Bay will bear all costs in connection with the printing and mailing of the enclosed materials as well as the cost of solicitation of proxies. N.S. Taylor & Associates, Inc. will solicit proxies from holders of Echo Bay shares for a fee of $ -- plus expenses. To the extent necessary to assure adequate representation at the special meeting, solicitation of proxies may be made by directors, officers and regular employees of Echo Bay directly as well as by mail and by telephone.

APPOINTMENT AND REVOCATION OF PROXIES

The persons designated in the enclosed form of proxy are officers of Echo Bay. A SHAREHOLDER HAS THE RIGHT TO APPOINT A PERSON OTHER THAN THE PERSONS DESIGNATED IN THE ACCOMPANYING FORM OF PROXY TO REPRESENT THE SHAREHOLDER AT THE SPECIAL MEETING. THE PERSON NEED NOT BE A SHAREHOLDER. This right may be exercised either by inserting in the space provided in the form of proxy the name of the other person a shareholder wishes to appoint or by completing another proper form of proxy. Shareholders who wish to be represented at the special meeting by proxy must deposit their form of proxy prior to the time of the special meeting or an adjournment thereof either at the registered office of Echo Bay, 1210 Manulife Place, 10180 -- 101 Street, Edmonton, Alberta, Canada, T5J 3S4, or at the office of Computershare Trust Company of Canada, 100 University Avenue, Toronto, Ontario, Canada, M5J 2Y1, or bring the proxy to the special meeting and deliver it to the Chairman or Secretary of Echo Bay prior to the commencement of the special meeting.

A shareholder who has given a proxy has the right to revoke it at any time by an instrument in writing executed by the shareholder or the shareholder's attorney authorized in writing or, if the shareholder is a corporation, under its corporate seal or by an officer or attorney thereof duly authorized, and deposited either at the registered office of Echo Bay, Suite 1210, 10180 -- 101 Street, Edmonton, Alberta, Canada, T5J 3S4 or at the office of Computershare Trust Company of Canada, 100 University Avenue, Toronto, Ontario, Canada, M5J 2Y1 addressed to the Secretary of Echo Bay, c/o Computershare Trust Company of Canada, at any time up to and including the close of business on the last business day preceding the day of the special meeting, or an adjournment thereof, at which the proxy is to be used, or with the chairman of the special meeting on the day of the special meeting, or an adjournment thereof.

RECORD DATE, VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

Shareholders of record at the close of business (eastern time) on -- , 2002 will be entitled to receive notice of, and to vote at, the special meeting.

On June 30, 2002, there were outstanding 541,268,375 common shares of Echo Bay, each of which carries the right to one vote. A quorum of shareholders will be established at the special meeting if the holders of a majority of the shares entitled to vote at the special meeting are present in person or represented by proxy. Abstentions will be counted for quorum but for no other purpose. The affirmative vote, in person or by proxy, of not less than 66 2/3% of the votes cast at the special meeting is required to pass the special resolution to be considered at the special meeting.

As of June 30, 2002, based upon information available to Echo Bay, the following shareholders were the beneficial owners of more than five percent of the common shares:

TITLE OF CLASS	NAME AND ADDRESS OF BENEFICIAL OWNER	AMOUNT AND NATURE OF BENEFICIAL OWNERSHIP	PER OF

(1) Certain fund accounts for which Fidelity serves as investment advisor hold these shares. Fidelity has announced that its fund and institutional account purchases have been made in the ordinary course of business for investment purposes only and not with the purpose of influencing the control or direction of Echo Bay.

Echo Bay has entered into two lock-up agreements, one with Kinross and another with Newmont and its subsidiary Newmont Mining Corporation of Canada Limited, together holding approximately 56% of the outstanding common shares of Echo Bay, pursuant to which the companies have agreed that they will continue to hold their Echo Bay common shares and will vote such shares in favour of the special resolution to be considered at the special meeting. These lock-up agreements may be terminated if the combination agreement is terminated in accordance with its terms. Please see "Intentions of Significant Shareholders" on page S-24.

VOTING OF COMMON SHARES

Common shares represented by a valid proxy in favour of the person or

persons designated in the enclosed form of proxy will be voted on any ballot which may be called for in respect of the matter referred to in the accompanying Notice of Special Meeting and, where a choice with respect to the matter to be acted upon has been specified in the proxy, the shares will be voted in accordance with the specification so made. Only those proxies that are signed and returned will be counted. THE COMMON SHARES WILL BE VOTED IN FAVOUR OF THE SPECIAL RESOLUTION TO APPROVE THE ARRANGEMENT IF NO SPECIFICATION HAS BEEN MADE.

The enclosed proxy, when properly completed and signed, confers discretionary authority upon the persons named therein with respect to amendments or variations to the special resolution identified in the Notice of Special Meeting and other matters that may properly come before the special meeting. Management is not aware of any amendments to the matter identified in the Notice of Special Meeting or of any other matters that are to be presented for action at the special meeting.

As a holder of Echo Bay common shares, you may own your shares in one or both of the following ways. If you are in possession of a physical share certificate, you are a "registered" shareholder and your name and address are maintained by Echo Bay through its transfer agent, Computershare Trust Company of Canada. If you own your shares through a bank, broker or other nominee, you are a "beneficial" shareholder and you will not have a physical share certificate. You will, of course, have an account statement from your bank or broker as evidence of your share ownership.

As a registered shareholder, you may execute a proxy card in your own name at any time and/or you may attend the special meeting and cast a ballot. Because you are known to Echo Bay and its transfer agent, your account can be confirmed and your vote recorded or changed if you have previously voted. This procedure prevents an entity from voting its shares more than once. Only your latest dated proxy card will be valid.

As a beneficial shareholder, neither Echo Bay nor its transfer agent maintain any records or account information about you. Your shares are held in the name of your bank or broker. Only your bank or broker has the authority to vote the shares held in your name and, for the purposes of this special meeting, will only vote your shares after receiving your specific instructions. There are securities law rules (Canadian, U.S. and other foreign governments) and national stock exchange rules (the Toronto Stock Exchange and American Stock Exchange) governing the granting of a proxy on your behalf and those rules differ for Canadian and foreign holders, notably United States holders. Canadian and

foreign banks and brokers (with the exception of those in the U.S.) do NOT have the authority to vote on your behalf without receiving your specific instructions. In some cases, although NOT in this case, U.S. brokers have the authority to vote on behalf of a beneficial shareholder. Every vote cast on behalf of a beneficial shareholder, either by proxy or ballot at the special meeting, will require specific instructions from the beneficial shareholder.

In addition, many banks and brokers use a service agency to mail proxy material and tabulate the responses from beneficial shareholders. The largest of these service providers in Canada is Independent Investor Communication Corporation ("IICC") and in the U.S. is ADP Investor Communications Services ("ADP"). Because IICC and ADP mail and tabulate hundreds of millions of proxies on behalf of their clients, the banks and brokers, for thousands of annual and special meetings throughout the year, IICC and ADP standardize the proxy card and reproduce the text on their own form called a Voter Instruction Form ("VIF"). A VIF is NOT a proxy card and CANNOT be used by a beneficial

shareholder to vote at the special meeting. The VIF is intended only to relay your specific voting instructions to your bank or broker so they may execute a proxy on your behalf.

If you plan to attend the special meeting and vote your shares as a beneficial shareholder, you MUST contact your bank or broker and obtain a legal proxy. This proxy is evidence of your ownership through your bank or broker and MUST be attached to your ballot cast at the special meeting. Only a legal proxy may be voted by a beneficial shareholder at the special meeting. Obtaining a legal proxy will invalidate any proxy or VIF you have previously executed, and you are urged not to request a legal proxy unless you are planning to attend the special meeting and cast a ballot.

BUSINESS OF THE SPECIAL MEETING

At the special meeting, the shareholders will be asked to consider and, if deemed appropriate, to pass a special resolution approving the plan of arrangement whereby Echo Bay, Kinross and TVX will combine their respective businesses. Details of the plan of arrangement, to be carried out in accordance with the Canada Business Corporations Act, and of the business combination generally are set forth in the attached Management Information Circular Supplement.

THE COMBINATION -- ECHO BAY

BACKGROUND TO THE COMBINATION

As part of its business strategy since Echo Bay's acquisition of the Lupin mine in 1980, Echo Bay's executive group, together with Echo Bay's board of directors, have engaged in a continual evaluation of strategic alternatives.

Echo Bay's efforts to create a meaningful strategic alternative did not, until mid-2001, advance beyond preliminary stages. There were no bona fide suitors for Echo Bay and third parties who did come forward were only interested in acquiring discrete Echo Bay assets at prices that the Echo Bay executive group and board of directors believed did not reflect the fundamental value of the assets. Potential merger and acquisition counterparties expressed concerns regarding Echo Bay's 11% $100 million aggregate principal amount of junior subordinated debentures due 2027 (the "Capital Securities"). The existence of the Capital Securities also resulted in financial constraints on Echo Bay, primarily an inability to borrow funds. The urgency of improving Echo Bay's balance sheet by restructuring the Capital Securities was the principal theme in Echo Bay's Chairman's letter to shareholders included in Echo Bay's 2001 Annual Report.

Franco-Nevada Mining Corporation Limited (now known as Newmont Mining Corporation of Canada Limited, or "Newmont Canada") accumulated approximately 72.4% of the Capital Securities and, on June 27, 2001, approached Robert L. Leclerc, Chairman and Chief Executive Officer of Echo Bay, to discuss a possible restructuring whereby holders of Capital Securities might exchange the Capital Securities for Echo Bay common shares. Mr. Leclerc agreed to pursue the restructuring possibility, subject to receiving advice from an independent committee of the board of directors. A series of meetings occurred during July and August 2001 between Echo Bay and Newmont Canada with the result that on August 27, 2001, Mr. Leclerc recommended to Echo Bay's board of directors that Echo Bay seek to implement an exchange of Capital Securities for Echo Bay common

shares. Concurrently, Mr. Leclerc approached Kinross to determine whether Kinross, which held approximately 15.8% of the Capital Securities, would agree to exchange its Capital Securities on the same terms as had been agreed with Newmont Canada. Kinross agreed in respect of its 15.8% ownership of Capital Securities. On September 5, 2001, on the recommendation of the independent

committee, the board authorized the exchange of the Capital Securities. On October 12, 2001, Goldman Sachs & Co. agreed to make its 9.85% ownership position in the Capital Securities available on the same basis.

On April 3, 2002, Echo Bay issued an aggregate 361,561,230 of Echo Bay common shares, representing approximately 72% of Echo Bay's outstanding shares after giving effect to such issuance, in exchange for all of the Capital Securities, plus accrued and unpaid interest thereon (the "Capital Securities Exchange"). Following the Capital Securities Exchange, as at April 3, 2002, the new principal holders of Echo Bay's common shares and their respective ownership positions were Newmont Canada (48.8%) and Kinross (11.4%).

Echo Bay's restructuring efforts led to a letter agreement effective February 13, 2002 for the sale by Echo Bay to Newmont of the entire McCoy/Cove complex in Nevada. The consummation of the transaction was subject to the completion of due diligence by Newmont by July 31, 2002 and called for a payment to the seller of $6 million and the assumption by Newmont of all reclamation and closure obligations at McCoy/Cove.

The rise in gold price throughout the first quarter of 2002, coupled with the Capital Securities Exchange and Echo Bay's other efforts to improve its balance sheet, enabled Echo Bay to focus again on evaluating alternative business strategies, including possible asset acquisitions and business combinations.

Late in the first quarter of 2002, Mr. Leclerc discussed with Robert M. Buchan, Chairman and Chief Executive Officer of Kinross, the desirability of exploring strategic alternatives involving Echo Bay and Kinross. While each acknowledged that discussions might lead nowhere, they considered it desirable to investigate whether asset exchanges, a business combination or some other activity might be of interest. In connection with these discussions, a confidentiality agreement between Echo Bay and Kinross was executed on March 29, 2002. The discussions never advanced beyond preliminary stages and no agreement was reached as to the nature or structure of any potential strategic transaction. No offer was made by either party regarding a possible business combination.

On May 20, 2002, John Ivany, Executive Vice President of Kinross, telephoned Mr. Leclerc and disclosed that Kinross and TVX had entered into a letter of intent pursuant to which they had agreed to pursue a possible combination of Kinross and TVX and a concurrent acquisition by TVX of Newmont's approximate 50% non-controlling interest in the TVX Newmont Americas joint venture and invited Echo Bay to join the process commenced by the letter of intent. Mr. Leclerc requested that Mr. Ivany provide an indicative proposal.

On May 21, 2002, Echo Bay received an indicative proposal from Kinross which described the merits of the combination. Echo Bay was concurrently provided with a copy of the letter of intent dated May 9, 2002 among Kinross and

TVX, a support letter of Newmont dated May 9, 2002 and a mutual confidentiality and standstill agreement executed by Kinross, TVX and Newmont. Echo Bay signed a counterpart to the confidentiality agreement on May 21, 2002. Under the terms of the indicative proposal, one Echo Bay common share would be exchanged for 0.45 to 0.48 of a Kinross common share. Mr. Leclerc immediately communicated with John Abell, an Echo Bay director, and they agreed that a special committee of independent directors of Echo Bay should be established to consider the proposed combination. The board of directors of Echo Bay established an independent committee comprised of Mr. Abell (Chairman), Peter Clarke and John Frederick McOuat, none of whom is employed by or affiliated with Echo Bay (otherwise than by their positions on the Echo Bay board of directors), Kinross, TVX or Newmont.

On May 22, 2002, Echo Bay received a combined due diligence request list from Kinross and TVX and it commenced its due diligence review of Kinross, TVX and the TVX Newmont Americas joint venture. Mr. Leclerc also received a follow-up telephone call from Mr. Buchan regarding the indicative proposal. Mr. Leclerc noted that the proposal would receive due consideration. National Bank Financial Inc. was retained to advise the Echo Bay board of directors and its independent committee with respect to the combination. Echo Bay also retained Fraser Milner Casgrain LLP as Canadian counsel and Cravath, Swaine & Moore as U.S. counsel.

On May 22, 2002, Mr. Leclerc also met with representatives of Newmont pursuant to a previously scheduled meeting to discuss the status of due diligence work being performed by Newmont with respect to the February 13, 2002 McCoy/Cove letter agreement. The Newmont representatives indicated that Newmont's interest in acquiring McCoy/Cove was conditional upon the completion of the combination and on the terms of the McCoy/Cove transaction being amended to eliminate the $6 million cash payment contemplated by the February 13, 2002 letter agreement. Newmont confirmed that it would be prepared to enter into a support agreement in respect of the combination.

Thereafter, Mr. Leclerc reviewed with Mr. Abell, the Chairman of the Echo Bay independent committee, the benefits of the proposed combination. Mr. Leclerc was instructed to discuss the matter with Mr. McOuat and seek his comments (Mr. Clarke was unavailable). The discussions with the Echo Bay independent committee continued with

opinions, comments and suggestions as to the rationale for the combination and the exchange ratio. Echo Bay's independent committee was not considering any other strategic alternatives when it received the indicative proposal from Kinross and the independent committee, in its deliberations, only considered whether to proceed with the transaction that had been proposed by Kinross on May 21, 2002 or remain an independent entity given that the Kinross proposal had Newmont's support. While other alternatives had been considered from time to time prior to completion of the Capital Securities exchange, Echo Bay did not attempt to solicit interest from others at this time. The Echo Bay independent committee authorized Mr. Leclerc to engage in further exploratory discussions with Kinross and TVX to determine if Kinross and TVX would be prepared to increase the exchange ratio for holders of Echo Bay common shares and modify other terms of the proposed combination.

From May 24, 2002 through the following week, members of senior management of Echo Bay, Kinross and TVX engaged in a series of discussions to negotiate the terms of, and evaluate alternative structures for, the combination.

On May 30 and 31, 2002, Mr. Leclerc contacted Mr. Buchan and T. Sean Harvey, President and Chief Executive Officer of TVX, to discuss the proposed exchange ratio for Echo Bay, expressing the view that the ratio would have to be improved for the Echo Bay shareholders if the proposed combination were to be supported by the Echo Bay independent committee. Mr. Leclerc proposed that the ratio be increased to 0.52 of a Kinross common share for each Echo Bay common share. Mr. Buchan and Mr. Harvey discussed this matter with their respective financial advisors and senior management and on June 4, 2002, Mr. Leclerc received confirmation that the ratio would be increased to 0.52 of a Kinross common share for each Echo Bay common share.

On June 5, 2002, the independent committee of Echo Bay met to review the combination. Also present at the meeting were, Mr. Leclerc, Lois-Ann Brodrick, Vice President and Secretary of Echo Bay, Jerry McCrank, Vice President, Operations of Echo Bay, and Tom Yip, Vice President, Finance and Chief Financial Officer of Echo Bay, and representatives from National Bank Financial to report on the status of the discussions with Kinross, TVX and Newmont. At this meeting, National Bank Financial delivered a presentation to the independent committee and an oral fairness opinion (which opinion was later confirmed by delivery of a written opinion) that the exchange ratio was fair, from a financial point of view, to the holders of Echo Bay common shares (other than Kinross). The Echo Bay independent committee discussed the Echo Bay exchange ratio and the other terms of the combination. Mr. Leclerc advised the Echo Bay independent committee that, in addition to the exchange ratios, there were many issues in respect of the combination agreement which the parties were still discussing over which the parties appeared to be at an impasse, including covenants regarding the conduct of business between signing and closing, conditions to closing, liquidated damages claims and termination rights. The Echo Bay independent committee indicated that they were not yet prepared to support the combination and instructed Mr. Leclerc to attempt further negotiations for a further increase in the Echo Bay exchange ratio and satisfy Echo Bay's other concerns in respect of the combination agreement. Mr. Leclerc expressed the view that the maximum Echo Bay exchange ratio had been achieved but he agreed to further pursue the matter.

During the period of June 5 to 7, 2002, Echo Bay's legal and financial advisors conveyed the concerns of the independent committee to Kinross' and TVX's respective legal and financial advisors while holding numerous discussions regarding the proposed terms of the combination. Mr. Leclerc received progress updates on these discussions in respect of the combination. Mr. Leclerc communicated to Mr. Buchan and to Mr. Harvey that any Kinross offer must address certain contractual areas of importance to Echo Bay before Echo Bay's independent committee would be prepared to support the combination. These contractual areas of importance included restraints on Echo Bay's freedom to operate once the combination agreement was signed and the amount of the break-up fee and its manner and timing of payment. During this period, the outstanding issues had not been satisfactorily resolved but all parties continued to work towards a resolution. Mr. Leclerc continued to communicate separately, by telephone, with Mr. Buchan and Mr. Harvey, to discuss outstanding issues. National Bank Financial was informed that Kinross and TVX were not prepared to increase the exchange ratio for one Echo Bay common share to a level greater than 0.52 of a Kinross common share.

Throughout the weekend of June 8 and 9, 2002, representatives of senior

management of Echo Bay, Kinross and TVX and their respective legal and financial advisors participated in various conference calls and meetings in an effort to resolve significant business issues and the definitive documentation for the combination. During this period, Echo Bay also participated in various calls with Newmont and Kinross to finalize the lock-up agreements with Newmont, Newmont Canada and Kinross.

On June 8, 2002, Mr. Leclerc confirmed in writing to the Echo Bay independent committee that Kinross and TVX were not prepared to increase the Echo Bay exchange ratio from 0.52 of a Kinross common share for each Echo Bay common share. On the morning of June 9, 2002, the Echo Bay independent committee convened, as scheduled, and further discussed the proposed combination. They reviewed and discussed materials presented by National Bank Financial. Mr. Leclerc, with participation from Echo Bay's other three executive officers (Ms. Brodrick, Mr. McCrank and Mr. Yip) reported to the Echo Bay independent committee and answered questions related to the combination agreement. Although the Echo Bay independent committee was encouraged by the satisfactory resolution of various issues related to the combination agreement, the Echo Bay independent committee adjourned until the afternoon to consider the information presented. The Echo Bay independent committee also asked that National Bank Financial address several matters relating to its due diligence and the fairness of the exchange ratio from a financial point of view to the Echo Bay shareholders (other than Kinross).

On the afternoon of June 9, 2002, the Echo Bay independent committee engaged in a full discussion of the terms of the proposed combination and the financial analyses and opinion of National Bank Financial with Mr. Leclerc, Ms. Brodrick, Mr. Yip and National Bank Financial. Although National Bank Financial did not make a formal presentation, it was again present at the meeting of the independent committee to review various financial analyses and to affirm its oral fairness opinion (which opinion was later confirmed by delivery of a written opinion) that the exchange ratio was fair, from a financial point of view, to the holders of Echo Bay common shares (other than Kinross). The Echo Bay independent committee then unanimously delivered its recommendation to the board of directors of Echo Bay that the board of directors approves the combination and related matters, subject to satisfactory completion of the definitive agreements. On the evening of June 9, 2002, the Echo Bay board of directors concluded that the combination was fair to and in the best interests of Echo Bay and its shareholders. Accordingly, the Echo Bay board of directors approved the combination and authorized management to proceed with the execution of the combination agreement and related documents. Of the two Newmont representatives on Echo Bay's board of directors, only David Harquail, President and Managing Director of Newmont Capital Limited, attended the meeting and he did not participate in the vote.

Also on June 9, two subsidiaries of Echo Bay entered into a new asset purchase agreement with a subsidiary of Newmont, providing for the sale of the McCoy/Cove complex. Under the February 13, 2002 letter agreement, Newmont had no obligation to complete the acquisition. Newmont indicated it was willing to proceed with the acquisition of the McCoy/Cove complex only if the business combination was completed and the cash payment was eliminated. Accordingly, a new agreement was reached expressly containing these two conditions and replacing the February 13, 2002 letter agreement. The closing of the transaction pursuant to the new agreement is subject to, among other conditions, the

completion of the combination of Echo Bay, Kinross and TVX. In consideration for the purchase of the McCoy/Cove assets, the purchaser agreed to assume all liabilities and obligations relating to the reclamation and remediation required for the McCoy/Cove complex.

On June 10, 2002, Echo Bay, Kinross, TVX and their respective financial and legal advisors finalized the combination agreement and the applicable lock-up agreements on a basis that satisfactorily resolved the outstanding issues. The parties issued a joint press release announcing the combination on June 10, 2002.

RECOMMENDATION OF THE BOARD OF DIRECTORS

The Echo Bay independent committee and board of directors has determined that the combination of Echo Bay, Kinross and TVX is fair to, and in the best interests of, Echo Bay and its shareholders and recommends that the Echo Bay shareholders vote or grant a proxy to vote FOR the special resolution to be considered at the special meeting. In arriving at its recommendation to support the combination, no negative votes were cast. All board members participated in the vote except for the two board members who are also employees of Newmont. Mr. Harquail was present at the meeting but abstained from voting. Mr. Binns did not attend the meeting.

REASONS FOR THE BOARD'S RECOMMENDATION

In reaching its decision and making its recommendation regarding the plan of arrangement and business combination, the Echo Bay board of directors considered a number of factors, including the following:

- the analysis and opinion of National Bank Financial that, as of June 10, 2002, the exchange ratio is fair, from a financial point of view, to Echo Bay shareholders (other than Kinross);

- based on the 30-day average trading prices (up to and including June 7, 2002, the last trading day prior to the announcement of the combination) on the Toronto Stock Exchange of Kinross and Echo Bay, the exchange ratio of 0.52 of a Kinross common share per share of Echo Bay implies a price of Cdn.$1.81 for each Echo Bay common share, representing a 24% premium to market as at June 7, 2002;

- the combined company will be a senior gold producer with a strong group of exploration and development projects to allow for internal growth and will also have the financial resources to be competitive in seeking properties and projects in the future;

- there may be operational synergies and cost savings;

- the unanimous recommendation of the independent committee of the board of directors; and

- the terms of the combination agreement are customary and reasonable.

The Echo Bay board of directors believes that each of the above factors generally supported its determination and recommendation. The Echo Bay board

also considered potentially negative factors, which included:

- the risk to Echo Bay shareholders that, at the completion of the business combination, the value of Kinross common shares received in the arrangement will be less than the value of the Kinross common shares at the time of the announcement of the combination agreement;

- the risk that the potential benefits sought in the combination might not be fully realized; and

- that there can be no assurance that any of the long-term prospects for increasing shareholder value or any of the other potential benefits discussed in this section will be realized.

The Echo Bay board of directors determined that the negative factors were outweighed by the potential benefits of the combination.

The foregoing discussion of the information and factors considered by the Echo Bay board of directors is not meant to be exhaustive, but is believed to include the material information and factors considered by all board members voting on the combination. In view of the complexity of those factors, both positive and negative, the Echo Bay board did not find it practical to quantify, rank or otherwise assign relative or specific weights to the factors considered in reaching its decision. In addition, individual members of the Echo Bay board may have given different weight to different factors.

FAIRNESS OPINION

Pursuant to an engagement letter dated May 23, 2002, the Echo Bay board of directors retained the services of National Bank Financial in connection with the arrangement, which services included advice and assistance to the independent committee of the Echo Bay board of directors as well as to the Echo Bay board itself and the preparation and delivery to the independent committee and the Echo Bay board of an opinion as to the fairness of the Echo Bay exchange ratio, from a financial point of view, to the Echo Bay shareholders (other than Kinross). Echo Bay has agreed to pay National Bank Financial fees totalling Cdn.$2.5 million for its services as financial adviser to Echo Bay, including the delivery of the National Bank Financial fairness opinion, Cdn.$1.5 million of which is contingent on completion of the arrangement. In addition, Echo Bay has agreed to reimburse National Bank Financial for its reasonable out-of-pocket expenses, including fees and expenses of its legal counsel, and to indemnify National Bank Financial in respect of certain liabilities that might arise out of its engagement. National Bank Financial also provided investment banking services to Echo Bay as part of the underwriting group for Echo Bay's May 2002 share issuance for which the firm was paid $524,000.

National Bank Financial is a leading Canadian investment dealer, whose business includes corporate finance, mergers and acquisitions, equity and fixed income sales and trading, and investment research. As part of its investment banking business, National Bank Financial is regularly engaged in evaluating businesses in connection with mergers and acquisitions, underwritings, secondary distributions of listed and unlisted shares and other securities. The Echo Bay board selected National Bank Financial to render a fairness opinion to the Echo Bay board and the independent committee on the basis of the firm's expertise and reputation.

National Bank Financial acts as a trader and dealer, both as principal and agent, in major financial markets and, as such, may have had and may in the

future have positions in the securities of Echo Bay, Kinross, and TVX, from time to time, and may have executed or may execute transactions for such companies and clients from whom it received or

may receive compensation. National Bank Financial, as a dealer, conducts research on securities and may, in the ordinary course of its business, provide research reports and investment advice to its clients on investment matters.

National Bank Financial made a formal presentation and provided an oral opinion to the independent committee of the board of directors of Echo Bay during a meeting held by the independent committee on June 5, which oral opinion was affirmed orally on June 9, 2002 and in writing on June 10, 2002 to the effect that, as of June 10, 2002, the Echo Bay exchange ratio is fair, from a financial point of view, to the Echo Bay shareholders (other than Kinross). The written National Bank Financial fairness opinion will be made available for inspection and copying at the registered office of Echo Bay (Suite 1210, 10180 -- 101 Street, Edmonton, Alberta, Canada, T5J 3S4) during its regular business hours by any interested holder of Echo Bay common shares or the holder's designated representative. Alternatively, upon request to Echo Bay, a copy of the opinion will be mailed by Echo Bay to any such holder or representative.

In arriving at its opinion, National Bank Financial reviewed and relied upon certain publicly available information concerning Echo Bay, Kinross and TVX, as well as non-public information made available by Echo Bay about itself and, under confidentiality agreements, about Kinross and TVX. National Bank Financial also reviewed drafts of various agreements intended to give effect to the plan of arrangement and business combination and discussed with representatives of the parties their past and current operations and financial conditions as well as the prospects for each corporation and the combined company. National Bank Financial considered financial and operating matters on a pro forma basis and took into account such other industry reports and data, other information and analyses as it considered appropriate in the circumstances.

National Bank Financial relied upon, and assumed the completeness, accuracy and fair presentation of all financial and other information, data, advice, opinions and representations obtained by National Bank Financial from public sources or information provided to National Bank Financial by Echo Bay, Kinross and TVX and their respective affiliates and advisers or otherwise pursuant to this engagement. National Bank Financial did not attempt to verify independently the accuracy or completeness of any such information, data, advice, opinions and representations. For purposes of rendering the National Bank Financial fairness opinion, National Bank Financial has assumed that, in all respects material to its analysis, the representations and warranties of Echo Bay, Kinross and TVX contained in the combination agreement were true, accurate and complete, in all material respects, Echo Bay, Kinross and TVX will each perform all of the respective covenants and agreements to be performed by it under the combination agreement and all conditions to the obligations of each of Echo Bay, Kinross and TVX as specified in the combination agreement will be satisfied without any waiver thereof. National Bank Financial has also assumed that all material governmental, regulatory, court or other approvals and consents required in connection with the consummation of the arrangement will be obtained and that in connection with obtaining any necessary governmental, regulatory, court or other approvals and consents, no limitations, restrictions or conditions will be imposed that would have a material adverse effect on Echo Bay, Kinross, TVX or the combined company.

National Bank Financial did not make or obtain any independent evaluations or appraisals of the assets or liabilities, contingent or otherwise, of Echo Bay, Kinross, TVX or affiliated entities. National Bank Financial expressed no opinion as to Echo Bay's, Kinross' and TVX's underlying valuation, future performance or long-term viability, or the price at which Kinross common shares would trade upon or after announcement or consummation of the arrangement. In connection with its engagement, National Bank Financial did not solicit third party indications of interest in the possible acquisition of all or part of Echo Bay. National Bank Financial's opinion was necessarily based on the information available to National Bank Financial and general economic, financial and stock market conditions and circumstances as they existed and could be evaluated by National Bank Financial as of the date of its opinion. Although subsequent developments may affect its opinion, National Bank Financial does not have any obligation to update, revise or reaffirm its opinion.

This summary is a materially complete description of National Bank Financial's opinion and advice and comment to the Echo Bay independent committee and the Echo Bay board of the financial analyses performed and factors considered by National Bank Financial in connection with its opinion. The preparation of a fairness opinion is a complex analytical process involving various determinations as to the most appropriate and relevant methods of financial analysis and the application of those methods to the particular circumstances and, therefore, a fairness opinion is not readily susceptible to summary description. National Bank Financial believes that its analyses and this summary must be considered as a whole and that selecting portions of its analyses and factors without considering all analyses and factors or the narrative description of the analyses, could create a misleading or incomplete view of the processes underlying National Bank Financial's analyses and opinion.

The following is a summary of the material procedures and analyses performed by National Bank Financial in assessing the financial fairness of the Echo Bay exchange ratio as of June 10, 2002:

NET ASSET VALUE ANALYSIS

The net asset value approach involves the discounting of an expected stream of future cash flows contained in a life of mine plan using a range of appropriate discount rates. National Bank Financial utilized an un-levered discounted cash flow analysis whereby pre-interest and after-tax earnings, after deducting capital expenditures, were used to calculate free cash flows. To determine a range of present value for the expected stream of cash flow, the free cash flows were discounted using discount rates of 0%, 3% and 6%, assuming an appropriate industry capital structure for each of Echo Bay and the combined company. This range of value was then adjusted for any assets or liabilities not taken into account in the determination of the free cash flows, such as investments, redundant assets or contingent liabilities, to calculate a range of values for Echo Bay and the combined company. Finally, to determine the fair market value of the common equity employed in Echo Bay and the combined company, the fair market value of their respective debt, if any, was deducted from the values calculated.

The net asset value methodology requires that certain assumptions be made regarding, among other things, life of mine plans, future cash flows, discount rates, grade, gold prices and growth rates. In performing sensitivities, National Bank Financial used a range of gold price assumptions of $275 to $350

per ounce. The possibility that some of these assumptions will prove to be inaccurate is one factor involved in the determination of the discount rates to be used and results in a range of value. National Bank Financial's estimate of free cash flows was based on Echo Bay's, Kinross' and TVX's life of mine projections, after first considering the reasonableness of the underlying assumptions and making certain adjustments to these life of mine plans. In making adjustments to the respective life of mine projections, National Bank Financial performed a range of sensitivity analyses on projected tonnes, grade, capital expenditures, and timing of probable reserves and resources coming into proven reserves, reclamation costs, and on a range of certain general and administrative and operating synergies.

Using the net asset value per share ranges for both Echo Bay and the combined company, National Bank Financial applied a price/net asset value multiple based upon multiples of other mid-tier North American gold mining companies (a list of which may be found in the section entitled "Comparable Trading Statistics" on page 17) of comparable size and quality. The analysis assumed a $300 per ounce gold price and a 3% discount rate. The selected per share equity value range for Echo Bay of $0.84 to $1.11 was compared to the implied equity value range of the combined company, after having applied the Echo Bay exchange ratio, of $0.88 to $1.16.

National Bank Financial also applied the Echo Bay exchange ratio to the June 7, 2002 closing price (the last trading day prior to the announcement of the combination) and the average trading price for the 20 trading days ending on June 7, 2002 of the Kinross common shares on the Toronto Stock Exchange and compared the resulting prices to Echo Bay's net asset value per share calculated at gold prices of $275 to $350 per ounce, resulting in implied price/net asset value multiples. The price/net asset value multiples for Echo Bay range from 3.2x to 9.9x and 3.1x to 9.6x based on the June 7 closing price and 20-day average trading price, respectively. These ranges were compared to the price/net asset value multiples of the same mid-tier North American gold mining companies referenced above and the same gold and discount assumptions which resulted in a range of price/net asset value multiples of 2.0x - 10.0x. The results of the foregoing analysis are set out below:

ACCRETION/DILUTION ANALYSIS

National Bank Financial reviewed the results of the Echo Bay financial model and life of mine plan on a stand-alone basis on an earnings, cash flow and net asset value on a per share basis to those resulting from the financial model of the combined company and life of mine plan at gold prices ranging from $275 to $350 per ounce after taking into account the arrangement and transactions contemplated thereby. National Bank Financial reviewed the results of the Echo Bay financial model and life of mine plan and the financial model of the combined company and life of mine plan after first considering the reasonableness of the underlying assumptions and making certain adjustments to these financial models and life of mine plans. In making adjustments to the respective financial models and life of mine plans, National Bank Financial performed a range of sensitivity analyses on projected tonnes, grade, capital expenditures, synergies, and timing of probable reserves and resources coming into proven reserves.

The results of the analysis set out below indicated that the transaction was accretive to Echo Bay shareholders' cash earnings, cash flow and net asset value per share. Accretion may be defined as that amount (which can be expressed in dollars and as a percent) that the combined entities' per share metrics, applying the Echo Bay exchange ratio, are above (accretive) or below (dilutive) the corresponding metric for Echo Bay on stand-alone basis.

COMPARABLE TRANSACTIONS

National Bank Financial reviewed publicly available information on selected acquisition transactions of gold companies and operating properties. National Bank Financial reviewed the following 15 selected transactions in the gold mining industry announced since 1997:

COMPANY ACQUISITIONS (ANNOUNCED 2000-2002)

ACQUIRER	TARGET
- Placer Dome Inc.	- AurionGold Ltd.
- Glamis Gold Ltd.	- Francisco Gold Corp.
- Meridian Gold Inc.	- Brancote Holdings plc
- Newmont Mining Corporation	- Normandy Mining Limited
- Delta Gold Ltd.	- Gold Fields Ltd.
- Sons of Gwalia Limited	- Pacmin Mining Corporation
- Barrick Gold Corporation	- Homestake Mining Company
- Harmony Gold Mining Company Limited	- New Hampton Goldfields Limited
- Newmont Mining Corporation	- Battle Mountain Gold Company

OPERATING PROPERTIES (ANNOUNCED 1997-2001)

ACQUIRER	TARGET
- Gold Fields Ltd.	- WMC Ltd. (Agnew & St. Ives gold operations)
- Gold Fields Ltd.	- St. Helena Gold Mines Ltd.
- AngloGold Limited	- Acacia Resources Ltd.
- Gold Fields Ltd.	- Anglogold Limited (Driefontein Consolidated)
- AngloGold Limited	- Minorco SA (Gold Assets)
- Newmont Mining Corporation	- Santa FE Pacific Gold Corp. (Various Assets)

National Bank Financial considered these transactions based on the enterprise value, calculated as equity value plus debt, preferred shares and minority interest less cash and cash equivalents, and the equity value for each of the comparable transactions compared to such acquired companies' reserves and production, where available. National Bank Financial also reviewed premiums paid to shareholders of acquired companies in these transactions as at the date of announcement of the transaction and based on the average trading prices over the preceding 10- to 20-day period. National Bank Financial then applied a range of selected enterprise value multiples from these transactions to the corresponding data of Echo Bay and the combined company. The results of the analysis are set forth below:

	COMPARABLE TRANSACTION RANGES		ECHO BAY AT MARKET*	ECHO BAY KINROSS
COMPARABLE TRANSACTIONS	LOW	HIGH		
Enterprise Value/Reserves ($/oz.)	$ 120	$ 150	$ 164	$
Enterprise Value/Production Estimate ($/oz.)	$1,000	$1,200	$1,162	$

Notes:

* Based on the closing price of Echo Bay's common stock on June 7, 2002

** Based on an implied share price of Echo Bay calculated by multiplying the closing price of Kinross' common stock on June 7, 2002 by the exchange ratio of 0.52

National Bank Financial used the foregoing results to arrive at a selected per share equity value range for Echo Bay of $0.96 to $1.17 as compared to the

implied equity value range of the combined company, after having applied the Echo Bay exchange ratio, of $1.03 to $1.27 per share.

COMPARABLE TRADING STATISTICS

National Bank Financial compared public market trading statistics of Echo Bay and Kinross to corresponding data of the following 12 selected publicly traded gold companies based in North America and elsewhere,

MID-TIER NORTH AMERICAN	SENIOR NORTH AMERICAN	AFRICAN
- Agnico-Eagle Mines Ltd.	- Barrick Gold Corp.	- AngloGold Limited
- Echo Bay Mines Ltd.	- Newmont Mining Corporation	- Gold Fields Ltd.
- Glamis Gold Ltd.	- Placer Dome Inc.	
- Kinross Gold Corporation		AUSTRALIAN
- Meridian Gold Inc.		
- TVX Gold Inc.		- Newcrest Mining Ltd.

National Bank Financial examined multiples based on the enterprise value, and the equity value for each of the comparable companies based on reserves, resources, production, cash costs, total costs, earnings, earnings before interest, taxes, depreciation and amortization (EBITDA), cash flow and net asset value at gold prices ranging from $275 to $350 per ounce, where available. National Bank Financial also reviewed industry research reports and analysis on Echo Bay, Kinross and TVX with respect to future gold prices and financial prospects. All multiples were based on closing stock prices as at June 7, 2002. Estimated financial data for the selected companies was based on publicly available research analysts' estimates and public disclosure by the selected companies. National Bank Financial then

applied a range of selected multiples to corresponding data of Echo Bay and the combined company. The results of the analysis are set forth below:

	COMPARABLE TRANSACTION RANGES		ECHO BAY AT MARKET*	ECHO BAY AT KINROSS AT
COMPARABLE TRADING STATISTICS	LOW	HIGH		
Enterprise Value/Reserves ($/oz.)	$ 160	$ 180	$ 164	$ 1

Notes:

* I.B.E.S. Estimates

National Bank Financial used the foregoing results to arrive at a selected per share equity value range for Echo Bay of $1.11 to $1.31 as compared to the implied equity value range of the combined company, after having applied the Echo Bay exchange ratio, of $1.18 to $1.46 per share.

PREMIUMS PAID ANALYSIS

National Bank Financial compared the closing prices for Echo Bay common shares and Kinross common shares on the Toronto Stock Exchange on June 7, 2002 resulting in a premium of 12% and also calculated the premiums based on the average closing Kinross share price and the average Echo Bay daily closing prices for the 20 trading day (27%) and 30 trading day (39%) periods ending June 7, 2002. Using the average share price of both Kinross and Echo Bay resulted in a premium of 23% over the 20 trading day average and 24% over the 30 day average.

CONTRIBUTION ANALYSIS

National Bank Financial reviewed the contribution attributed to each of Echo Bay, Kinross and TVX to the combined company on the basis of their relative estimated net asset value, enterprise value, reserves, estimated 2002 production, equity value, estimated 2002 and 2003 net income and estimated 2002 and 2003 cash flow. The negotiated pro forma ownership positions of the Echo Bay, Kinross and TVX shareholders were then compared to these computations based on a range of gold prices of $275 to $350 per ounce.

The Echo Bay contribution, established by the exchange ratio as 28.3% of the combined company, compared with a range of 17.8% to 33.6% measured by reference to all criteria but for 2002 cash flow and 2003 forecast net income. In the latter cases, the Echo Bay contribution was significantly lower. The full results of these analyses are set forth below:

CONTRIBUTION ANALYSIS

(Echo Bay % Contribution)

Echo Bay Contribution at 0.52 Exchange Ratio	28.3%

	LOW	HIGH
NAV	22.9%	23.4%
2002 Net Income	33.5%	33.6%
2003 Net Income	7.9%	21.3%
2002 Cash Flow	6.6%	12.1%
2003 Cash Flow	17.8%	26.5%
Enterprise Value (June 7, 2002)	26.4%	26.4%
Equity Value (June 7, 2002)	29.8%	29.8%
Reserves (Tonnes)	29.7%	29.7%
2002 Production Estimates	31.4%	31.4%

The actual results achieved by the combined companies may vary from projected results and the variations may be material. The above analysis was reviewed by National Bank Financial not as an indicator of value, but rather as a point of reference to provide an additional perspective in its evaluation of the Echo Bay exchange ratio.

THE OPINION

In the opinion of National Bank Financial, based on the scope of its review and subject to the qualifications and assumptions set forth in the fairness opinion as of the date thereof, the Echo Bay exchange ratio is fair, from a financial point of view, to the Echo Bay shareholders other than Kinross.

The directors accept the fairness opinion and they have concluded that the exchange ratio of Echo Bay common shares for Kinross common shares is fair, from a financial point of view, to Echo Bay shareholders and is in the best interest of Echo Bay.

SPECIAL RESOLUTION

The resolution is a special resolution. Accordingly, the affirmative vote, in person or by proxy, of not less than 66 2/3% of the votes cast thereon at the special meeting is required in order to pass the special resolution. Unless otherwise indicated, the persons named in the accompanying form of proxy intend to vote FOR the special resolution. The plan of arrangement is further subject to obtaining a final order of the Superior Court of Ontario.

Set forth below is the text of the special resolution:

"BE IT RESOLVED AS A SPECIAL RESOLUTION THAT:

1. The plan of arrangement, whereby the businesses of Echo Bay Mines Ltd., Kinross Gold Corporation and TVX Gold Inc. are to be combined pursuant to the Canada Business Corporations Act, as more fully described in and attached to the circular, be and is hereby approved.

2. The combination agreement among Echo Bay Mines Ltd., Kinross Gold Corporation and TVX Gold Inc., as more fully described in and attached to the circular, is hereby confirmed, ratified and approved.

3. Amendments to the plan of arrangement and combination agreement may be made pursuant to sections 6.3 and 6.1, respectively, thereof.

4. The board of directors of Echo Bay may decide to amend or not to proceed with the plan of arrangement or to revoke this special resolution prior to the time the Superior Court of Ontario makes its final order approving the plan of arrangement, notwithstanding that this special resolution has been duly passed by the shareholders of Echo Bay.

5. Any officer or director of Echo Bay is authorized and directed to execute and deliver such certificates, instruments, agreements, notices or other documents in the name of and on behalf of Echo Bay and under its corporate seal or otherwise and to do such other acts and things as, in the opinion of such person, may be necessary or desirable in connection with the plan of arrangement and with the performance by Echo Bay of its obligations pursuant thereto, and to give effect to the foregoing and facilitate the implementation of this special resolution."

SHAREHOLDER PROPOSALS

If the arrangement is not consummated, proposals of shareholders intended to be presented at the next annual meeting must be received by Echo Bay for inclusion in its management information circular for that meeting on or before February 27, 2003, after which date a proposal will be considered untimely. You should direct any proposal to Echo Bay's Vice President and Secretary at the registered office of Echo Bay, Suite 1210, 10180 -- 101 Street, Edmonton, Alberta, Canada, T5J 3S4.

APPROVAL OF DIRECTORS

DISSENTING SHAREHOLDERS' RIGHTS (PAGE S-30)

Holders of TVX common shares and Echo Bay common shares are entitled to dissent from the arrangement in the manner provided in section 190 of the CBCA as modified by the interim order of the Superior Court of Ontario made in

respect of the arrangement and by the plan of arrangement. FAILURE TO COMPLY STRICTLY WITH THE DISSENT PROCEDURES MAY RESULT IN THE LOSS OR UNAVAILABILITY OF ANY RIGHT TO DISSENT. The complete text of section 190 of the CBCA is attached to this circular as Exhibit D, the complete text of the interim order is attached as Exhibit B and the complete text of the plan of arrangement is attached as Exhibit C.

Holders of Kinross common shares are not entitled to rights of dissent under the Business Corporations Act (Ontario) (which we refer to in this circular as the "OBCA") or otherwise with respect to any matters to be considered at the Kinross special meeting.

The combination is conditional on rights of dissent not being exercised by the holders of more than 5% of the common shares of either TVX or Echo Bay.

THE COMBINATION AGREEMENT (PAGE S-33)

The following is a summary of certain of the terms and conditions of the combination agreement.

COVENANTS REGARDING NON-SOLICITATION AND SUPERIOR PROPOSALS (PAGE S-38)

The combination agreement provides that no party will, or permit its subsidiaries or material joint venture interests (to the extent that such party has the power to do so with respect to its material joint venture interests) to, directly or indirectly, solicit, initiate, facilitate or knowingly encourage the initiation of an acquisition proposal. An "acquisition proposal" is defined in the combination agreement to mean:

- any proposal or offer for a merger, amalgamation, reorganization, recapitalization or other business combination involving a party or a material subsidiary or a material joint venture interest of a party;

- any proposal or offer to acquire in any manner, directly or indirectly, assets which individually or in the aggregate exceed 10% of the consolidated assets of a party;

- any proposal or offer to acquire in any manner, directly or indirectly, any shares or securities convertible, exercisable or exchangeable for securities which exceed 10% of the outstanding voting securities of a party; or

- any sale of treasury shares, or securities convertible, exercisable or exchangeable for treasury shares, which exceed 10% of the outstanding voting securities of the party or rights or interests therein or thereto.

If the board of directors of a party receives an unsolicited bona fide acquisition proposal, such board may, however, consider, negotiate, approve or recommend the acquisition proposal to its shareholders so long as the acquisition proposal is a superior proposal. A "superior proposal" is defined in the combination agreement as an unsolicited bona fide acquisition proposal:

- in respect of which any required financing has been demonstrated to the satisfaction of such board of directors, acting in good faith, to be reasonably likely to be obtained;

- which is not subject to a due diligence access condition which allows

access to the books, records and personnel of the party subject to the acquisition proposal or any of its material subsidiaries or material joint venture interests or their representatives beyond 5:00 p.m. (eastern time) on the tenth business day after which access is afforded to the person making the acquisition proposal;

- in respect of which such board of directors receives an opinion of counsel, that is reflected in the minutes of such board of directors, that it is required to consider the acquisition proposal in order to discharge properly its fiduciary duties; and

- that such board of directors determines in good faith, after consultation with its financial advisors, would, if consummated in accordance with its terms (but not assuming away any risk of non-completion), result in a transaction:
  - more favourable to its shareholders than the combination;
  - having consideration with a value greater than the value of the consideration provided by the combination; and
  - that is reasonably capable of being completed within a reasonable period of time.

RIGHT TO MATCH SUPERIOR PROPOSAL (PAGE S-39)

The combination agreement provides that no party shall accept, approve, recommend or enter into any agreement, arrangement or understanding to implement a superior proposal without providing to each other party:

- written notice that its board of directors has received and is prepared to accept a superior proposal; and
- a copy of the superior proposal agreement as executed by the third party making the superior proposal,

as soon as possible but in any event at least five business days prior to acceptance of the superior proposal by the board of directors of that party.

Each other party must be given an opportunity (but does not have the obligation), before the expiration of the five business day period, to propose to amend the combination agreement to provide for consideration having a value and financial and other terms equivalent to or more favourable to the shareholders of the party that has received a superior proposal than those contained in such superior proposal, with the result that the superior proposal would cease to be a superior proposal.

If the other parties agree to amend the combination agreement in the manner described above, but otherwise on terms substantially the same as the terms of the combination agreement, the board of directors of the party that has received the superior proposal must consider the terms of the amendment, and if it concludes that the superior proposal is no longer a superior proposal, that party must not implement the proposed superior proposal, and must agree to amend the combination agreement.

If the other parties do not agree to amend the combination agreement, the party that has received the superior proposal may accept the superior proposal

provided that it pays the other parties an aggregate of Cdn.$28 million in liquidated damages and, if applicable, the expenses of each such other party up to a maximum of Cdn.$2.5 million. Thereafter, that party may terminate the combination agreement and enter into an agreement to implement the superior proposal.

CONDITIONS TO COMPLETION OF THE COMBINATION (PAGE S-42)

A number of conditions set forth in the combination agreement must be satisfied or waived before the combination will be completed. These include:

- the approval of the issuance of shares pursuant to the arrangement and the election of four additional, agreed-upon individuals to the Kinross board of directors by at least a majority of the votes cast by the holders of Kinross common shares at the Kinross special meeting;

- the approval of the arrangement by at least 66 2/3% of the votes cast by the holders of TVX common shares at the TVX special meeting;

- the approval of the arrangement by at least 66 2/3% of the votes cast by the holders of Echo Bay common shares at the Echo Bay special meeting;

- the completion of the purchase by TVX of Newmont's interest in the TVX Newmont Americas joint venture;

- the granting of a final order sanctioning the arrangement by the Superior Court of Ontario in form and substance acceptable to Kinross, TVX and Echo Bay, acting reasonably, which shall not have been set aside or modified in a manner unacceptable to the parties, on appeal or otherwise;

- the absence of any juridical or administrative proceeding by or before any government entity that, if successful, or any law proposed, enacted, promulgated or applied that, would make illegal or otherwise directly or indirectly restrain, enjoin or prohibit the combination or result in a judgement or assessment of

damages relating to the transactions contemplated by the combination agreement which causes a material adverse effect on the party that is the subject of the proceedings or the proposed law;

- the receipt (on terms which will not cause a material adverse effect on any of the parties) of all regulatory approvals, which, if not obtained, would cause a material adverse effect on any of the parties or materially impede the combination;

- the approval for listing of the Kinross common shares to be issued in the arrangement on the Toronto Stock Exchange and either the American Stock Exchange or the New York Stock Exchange, Kinross having agreed to use its best efforts to obtain a listing for such shares on the New York Stock Exchange;

- dissent rights not having been exercised by the holders of more than 5% of the outstanding common shares of either TVX or Echo Bay;

- representations and warranties of the parties contained in the combination agreement being true and correct as of the effective date of the combination, except for any breaches of representations and warranties which would not have a material adverse effect on any other party or materially impede the completion of the combination;

- the performance of all covenants of the parties contained in the combination agreement, except for those which, if not performed, would not have a material adverse effect on any other party or materially impede the completion of the combination; and

- the absence of any change, condition, event or occurrence with respect to any of the parties which has or is reasonably likely to have a material adverse effect on any other party, on the combination or on the combined company that will result from the combination.

LIQUIDATED DAMAGES (PAGE S-43)

Each of Kinross, TVX and Echo Bay may become liable to pay liquidated damages to the other parties if:

- the combination agreement is terminated after its board of directors changes or withdraws its recommendation with respect to the combination in a manner materially adverse to the other parties or which would materially impede the completion of the combination;

- a bona fide acquisition proposal is made to a party or its shareholders and not withdrawn, and its shareholders do not approve that party's participation in the combination or the appropriate resolutions are not submitted for their approval and, thereafter, the combination agreement is terminated and within six months after termination of the combination agreement, the party approves or enters into a change of control proposal or becomes a subsidiary of a third party. A "change of control proposal" in relation to a party is defined in the combination agreement to mean:

  - any proposal or offer for a merger, amalgamation, reorganization, recapitalization or other business combination involving it or any of its material subsidiaries or material joint venture interests;

  - any proposal or offer to acquire in any manner, directly or indirectly, assets which individually or in the aggregate exceed 50% of its consolidated assets;

  - any proposal or offer to acquire in any manner, directly or indirectly, any shares or securities convertible, exercisable or exchangeable for securities which exceed 50% of its outstanding voting securities; or

  - any sale of treasury shares or securities convertible, exercisable or exchangeable for treasury shares, which exceed 50% of its outstanding voting securities; or

- the combination agreement is terminated by a party concurrently with that party entering into an agreement, arrangement or understanding to implement a superior proposal.

The total amount of liquidated damages payable is Cdn.$28 million, although the liquidated damages payable will be reduced to Cdn.$20 million in the event

such liquidated damages become payable by any party because its board of directors withdraws or changes its recommendation with respect to the combination agreement and such withdrawal or change occurred solely because the financial advisor to the party has withdrawn or adversely amended its opinion with respect to the combination. Liquidated damages will be allocated between and paid to non-defaulting parties in equal amounts.

REIMBURSEMENT OF EXPENSES (PAGE S-44)

In the event that the shareholders of any party or parties fail to approve the arrangement or matters relating to the arrangement and the combination is not completed for any reason other than the fact that the board of directors of the non-approving party has withdrawn or changed its recommendation solely because its financial advisor has withdrawn or adversely amended its opinion with respect to the combination, then the non-approving party or parties will be required to reimburse the other parties or party whose shareholders approved the arrangement or matters relating to the arrangement for their actual third-party expenses up to a maximum of Cdn.$2.5 million payable to each approving party. In the event that the shareholders of Echo Bay do not approve the arrangement solely because Kinross fails to vote its Echo Bay common shares in favour thereof, Echo Bay shall not be required to make any payment under this provision.

TERMINATION OF THE COMBINATION AGREEMENT (PAGE S-44)

Kinross, TVX and Echo Bay may mutually agree, in writing, to terminate the combination agreement at any time prior to the effective date of the combination. Also, any party may terminate the combination agreement without the consent of any other party, before the effective date of the combination, if:

- any other party breaches a representation or warranty or fails to comply with a covenant contained in the combination agreement which breach or failure would have a material adverse effect on any other party or materially impede the completion of the combination, or a change, condition or event occurs which has or is reasonably likely to have a material adverse effect on any other party, on the combination or on the combined company that will result from the completion of the combination; provided, that the party wishing to terminate the combination agreement is not itself in breach of any representation, warranty or covenant in any material respect and provided further, that the party wishing to terminate the combination agreement has delivered notice to the other parties asserting the basis for the termination and the breach remains substantially uncured at the earlier of 30 days after notice is given and the termination date, which is November 30, 2002 unless extended as provided for in the combination agreement;

- any condition to the obligations of that party to complete the arrangement is not capable of being satisfied; provided that the party wishing to terminate the combination agreement is not itself in breach of any representation, warranty or covenant in any material respect;

- a juridical or administrative proceeding is brought, any regulatory

approval is not received, or rights of dissent are exercised by holders of more than 5% of the outstanding common shares of either TVX or Echo Bay and, as a result, these conditions to the obligations of the parties to effect the combination are incapable of being satisfied; provided that the party wishing to terminate the combination agreement is not itself in breach of any representation, warranty or covenant in any material respect;

- the shareholders of any party do not approve the participation of such party in the combination;

- a party's board of directors approves, and concurrently with the termination of the combination agreement enters into an agreement, arrangement or understanding to implement a superior proposal and has paid the applicable liquidated damages and expenses; or

- the board of directors of any other party withdraws or changes its recommendations or determinations to its shareholders in a manner materially adverse to the other parties or which would materially impede the completion of the combination; the party whose board of directors has withdrawn or changed its recommendation in a manner materially adverse to the other parties or which would materially impede the completion of the combination may also terminate the combination agreement if such withdrawal or change occurred solely because the financial advisor to that party has withdrawn or adversely amended its opinion with respect to the combination.

The combination agreement will automatically terminate on November 30, 2002 (unless extended as provided in the combination agreement) if the combination is not consummated by such date.

EFFECTIVE DATE OF THE COMBINATION (PAGE S-33)

The combination will be effective on the first business day following the fulfillment or waiver of the conditions to the completion of the combination set forth in the combination agreement, or as soon as practical thereafter.

KINROSS AFTER COMPLETION OF THE COMBINATION (PAGE S-64)

Following completion of the combination, Kinross' annual gold production is expected to be approximately two million ounces at total cash costs of less than $200 per ounce. Although global in reach, Kinross will have approximately 65% of its annual production and approximately 50% of its reserves based in the United States and Canada. Kinross will be the seventh largest primary gold producer in the world and the only senior North American-based primary gold producer with less than 5% of its reserves hedged. Kinross will operate and maintain joint venture interests in 13 gold mines and one base metal mine located on five continents, including seven underground mines, five open pit mines and two operations expected to include both open pit and underground mines.

The management team of Kinross will be led by Mr. Robert Buchan as President and Chief Executive Officer and Mr. Scott Caldwell as Executive Vice

President and Chief Operating Officer. In addition, Kinross has agreed in the combination agreement that it will, at the Kinross special meeting, ask the Kinross shareholders to elect to the Kinross board of directors four additional agreed-upon directors, being Messrs. Harry S. Campbell, David Harquail, Robert L. Leclerc and George F. Michals. Mr. Harquail and Mr. Leclerc are currently directors of Echo Bay.

STOCK EXCHANGE LISTINGS (PAGE S-73)

The Kinross common shares are listed on the Toronto Stock Exchange and the American Stock Exchange. The Toronto Stock Exchange has conditionally approved the listing of the Kinross common shares to be issued in connection with the arrangement. In addition, application has been made to the New York Stock Exchange to list the Kinross common shares, including the Kinross common shares to be issued in connection with the arrangement. Kinross has agreed to use its best efforts to have the Kinross common shares listed on the New York Stock Exchange. Upon completion of the combination and subject to the Kinross common shares being listed on the New York Stock Exchange, the Kinross common shares will cease to be listed and traded on the American Stock Exchange.

Upon completion of the arrangement, the TVX common shares and the Echo Bay common shares will each be delisted from the Toronto Stock Exchange. In addition, the TVX common shares will be delisted from the New York Stock Exchange and the Echo Bay common shares will be delisted from the American Stock Exchange and the other international exchanges on which they are currently listed. However, Echo Bay's outstanding warrants to purchase Echo Bay common shares will continue to be listed on the Toronto Stock Exchange and the American Stock Exchange, but will be exercisable for Kinross common shares. Kinross intends to apply to have TVX cease to be a reporting issuer under Canadian securities legislation and the registration of the Echo Bay common shares under the U.S. Securities Exchange Act of 1934, as amended (which we refer to in this circular as the "Exchange Act"), will be terminated.

Following the completion of the arrangement, it is expected that Kinross will continue to be a reporting company subject to the periodic reporting requirements of the Exchange Act and, as a qualifying Canadian "foreign private issuer", will continue to be eligible to use the multijurisdictional disclosure system. The multijurisdictional system permits eligible companies in the United States and Canada to use the disclosure documents prepared and reviewed under the laws and procedures of their home country.

Kinross furnishes its disclosure documents to its United States shareholders, including its annual report and interim reports, that meet only the disclosure requirements of Canadian securities regulatory authorities. The form, content and timing of reports and notices that Kinross files with the SEC differs in several respects from the reports and notices that Echo Bay currently files. For example, Kinross is required to file with the SEC an annual report on Form 40-F within 140 days after the end of each fiscal year and furnish reports on Form 6-K upon the occurrence of significant events if the events are required to be disclosed in Canada. In addition, as a "reporting issuer" under Canadian securities legislation, Kinross is subject to the reporting requirements of the various securities regulatory authorities in Canada, and is required to prepare its financial information in accordance with Canadian generally accepted accounting principles. These accounting principles differ from U.S. generally

accepted accounting principles. Subsequent to the arrangement, Kinross intends to make periodic filings with the SEC on the same basis.

Additionally, as a "foreign private issuer", Kinross is exempt from some of the requirements of the Exchange Act, including the proxy and information provisions of Section 14 of that Act and the reporting and liability provisions applicable to officers, directors and significant shareholders under Section 16 of that Act.

ACCOUNTING TREATMENT (PAGE S-73)

Kinross will account for the combination using the purchase method of accounting.

EXCHANGE OF SHARE CERTIFICATES (PAGE S-75)

As soon as practicable after the effective date of the combination, Kinross will deposit with Computershare Trust Company of Canada, as depositary, in trust for the benefit of the holders of TVX common shares and Echo Bay common shares, certificates representing the number of Kinross common shares to which the TVX common shareholders and Echo Bay common shareholders are entitled pursuant to the arrangement, and cash in lieu of fractional Kinross common shares. Promptly after the effective date of the combination, a letter of transmittal will be furnished by the depositary to former holders of TVX common shares and Echo Bay common shares for use in exchanging their certificates. Each holder of TVX common shares or Echo Bay common shares, upon surrender to the depositary of one or more certificates for cancellation with such letter of transmittal, will be entitled to receive certificates representing the number of whole Kinross common shares to be issued in respect of such shares and a cash payment in lieu of any fractional shares.

DETAILED INSTRUCTIONS, INCLUDING A LETTER OF TRANSMITTAL, WILL BE MAILED BY THE DEPOSITARY TO HOLDERS OF TVX COMMON SHARES AND ECHO BAY COMMON SHARES PROMPTLY FOLLOWING THE EFFECTIVE DATE OF THE COMBINATION AS TO THE METHOD OF EXCHANGING CERTIFICATES FORMERLY REPRESENTING TVX COMMON SHARES OR ECHO BAY COMMON SHARES FOR CERTIFICATES REPRESENTING KINROSS COMMON SHARES. HOLDERS OF TVX COMMON SHARES OR ECHO BAY COMMON SHARES SHOULD NOT FORWARD SHARE CERTIFICATES UNTIL THEY HAVE RECEIVED THE LETTER OF TRANSMITTAL FROM THE DEPOSITARY.

SELECTED UNAUDITED PRO FORMA CONSOLIDATED FINANCIAL INFORMATION

The following summary of selected unaudited pro forma consolidated financial information for Kinross is derived from and should be read in conjunction with the detailed information contained in the audited consolidated financial statements of Kinross, TVX and Echo Bay as at and for the year ended December 31, 2001; the unaudited interim consolidated financial statements of Kinross, TVX and Echo Bay as at and for the six months ended June 30, 2002; the unaudited pro forma consolidated financial statements of Kinross as at and for the six months ended June 30, 2002 and for the year ended December 31, 2001; and the accompanying notes to such financial statements, which financial statements and notes are included in this circular.

Included in this circular are the unaudited pro forma consolidated financial statements of Kinross, together with the relevant notes, assumptions and adjustments thereto, which reflect the completion of the combination, if it had occurred on January 1, 2001 for purposes of the pro forma consolidated statement of operations and as at June 30, 2002 for purposes of the pro forma consolidated balance sheet. The unaudited pro forma consolidated financial statements have been prepared using the purchase method of accounting. The unaudited pro forma consolidated financial statements are not necessarily indicative of the financial position or financial results that would have been achieved had the combination been completed as of the beginning of the periods presented and should not be construed as representative of such amounts for any future dates or periods.

All financial data presented are in millions of dollars, except per share data.

PRO FORMA SHAREHOLDERS' EQUITY UNDER U.S. GAAP.....	$1,545.7

(a) In connection with an impairment evaluation, property, plant and equipment was written down to the fair value for the year ended December 31, 2001. The adjustment of $49.9 million to the net loss in the year ended December 31, 2001 comprises an increase to the write down of $51.2 million for TVX and a reduction in the write down of $1.3 million for Echo Bay. GAAP differences arise from the requirement to discount future cash flows from impaired properties under U.S. GAAP and from using proven and probable reserves only. Under Canadian GAAP, future cash flows from impaired properties are not discounted and reserves are calculated to include current proven and probable reserves plus mineral resources expected to be converted to proven and probable reserves. The decrease to shareholders' equity of $60.5 million arises from applying the U.S. GAAP approach to write downs recognized by Kinross prior to January 1, 2001.

Under U.S. GAAP, depreciation, depletion and amortization would be reduced accordingly, as capitalized costs are amortized over proven and probable reserves only. The adjustment to the net loss comprises $3.4 million and $1.4 million in the six months ended June 30, 2002 and $6.1 million and $2.8 million in the year ended December 31, 2001 for Kinross and TVX respectively. The adjustment of $21.3 million to shareholders' equity represents the cumulative difference created by applying this policy to Kinross' property, plant and equipment at June 30, 2002.

(b) Under Canadian GAAP, convertible debentures are accounted for in accordance with their substance and, as such, are presented in the financial statements in accordance with their liability and equity component parts. Under U.S. GAAP, the entire principal amount of convertible debentures is treated as debt with interest expense based on the coupon rate of 5.5%. Adjustment to net loss to account for the interest expense amounted to $7.1 million of which $2.5 million and $4.6 million relates to Kinross and Echo Bay, respectively, for the six months ended June 30, 2002. The increased interest expense of $22.5 million of which $4.1 million, $17.3 million and $1.1 million relates to Kinross, Echo Bay and TVX, respectively, in the year ended December 31, 2001.

In addition, under Canadian GAAP (prior to January 1, 2002), the unrealized foreign exchange gains and losses on the Canadian dollar denominated debentures are deferred and amortized over the term of the debentures. Effective January 1, 2002, Canadian GAAP no longer permits the deferral of unrealized foreign exchange gains and losses on the debt component of the debentures. Under U.S. GAAP, these gains and losses are recognized in income along with exchange gains and losses related to the portion of the convertible debentures included in equity under Canadian GAAP. Adjustments to the net loss, to recognize the unrealized exchange

gains and (losses) amounts in Kinross are $(4.7) million and $6.3 million for the six months ended June 30, 2002 and the year ended December 31, 2001, respectively.

The adjustment of $104.3 million to the shareholders' equity relates to Kinross.

(c) On January 1, 2001 FASB Statement No. 133, "Accounting for Derivative Instruments and Hedging Activities" (SFAS 133), and the corresponding amendments under FASB Statement No. 138 (SFAS 138) were adopted. SFAS 133 requires that all derivative financial instruments be recognized in the financial statements and measured at fair value regardless of the purpose or intent for holding them. Changes in the fair value of derivative financial instruments are either recognized periodically in income or shareholders' equity (as a component of other comprehensive income), depending on whether the derivative is being used to hedge changes in fair value or cash flows. SFAS 138 amends certain provisions of SFAS 133 to clarify four areas causing difficulties in implementation.

For derivatives designated as cash flow hedges, the effective portions of changes in fair value of the derivative are reported in other comprehensive income and are subsequently reclassified into other income when the hedged item affects other income. Changes in fair value of the derivative instruments used as economic instruments and ineffective portions of hedges are recognized in other income in the period incurred. The decrease to the net loss of $2.0 million comprises an increase in fair value of derivative financial instruments of $6.5 million in respect of Kinross and a decrease in fair value of $3.5 million and $1.0 million for TVX and Echo Bay, respectively, in the six months ended June 30, 2002 whereas the adjustment of $8.4 million in the year ended December 31, 2001 comprises of $3.6 million, $0.8 million and $4.0 million for Kinross, TVX and Echo Bay, respectively.

At June 30, 2002, $19.3 million of other comprehensive loss would have been recognized and $7.1 million of deferred revenue would have been reclassified as both other comprehensive income ($4.5 million) and as a decrease to the deficit ($2.6 million) under U.S. GAAP in respect of Kinross derivative financial instruments.

(d) The effect of adjustments on minority interests and participation rights made to TVX Gold Inc.'s financial statements to comply with U.S. GAAP.

(e) To account for the tax impact of adjustments made by TVX to comply with U.S. GAAP. Effective January 1, 2000, the liability method of accounting for income taxes was adopted for Canadian GAAP.

(f) In accordance with Canadian GAAP, certain long-term foreign exchange contracts are considered to be hedges of the cost of goods to be purchased in foreign currencies in future periods. Gains and losses related to changes in market values of such contracts are recognized as a component of the cost of goods when the related hedged purchases occur. Under U.S. GAAP, foreign exchange contracts would be carried at market value and changes included in current earnings.

The reduction in net loss of $0.7 million relates to Echo Bay for the six months ended June 30, 2002. The increase of $3.1 million to the net loss for the year ended December 31, 2001 comprises $0.3 million and $2.8 million that relate to Kinross and Echo Bay, respectively.

(g) In accordance with Canadian GAAP, capitalized mine development costs include expenditures incurred to develop new ore bodies, to define further resources in existing ore bodies and to expand the capacity of operating mines. Under U.S. GAAP development costs are capitalized only when converting mineralized material to reserves or for further delineation of existing reserves. The development expenditures resulted in additions to mineralized material but did not add to mineral reserves. Therefore under U.S. GAAP, the expenditures would be classified as exploration expense. The adjustments of $2.1 million and $2.2 million to the net loss in the year ended December 31, 2001 relate to Echo Bay regarding the Kettle River mine.

(h) Under Canadian GAAP, unrealized gains (losses) on long-term investments and marketable securities are not recorded. Under U.S. GAAP, unrealized gains (losses) on long-term investments and marketable securities that are classified as available for sale are charged to comprehensive income or loss in the current period. The adjustment of $62.2 million as at June 30, 2002 represents the cumulative adjustment required to comply with U.S. GAAP and relates to Kinross.

(i) Under Canadian income tax legislation, a company is permitted to issue shares whereby the company agrees to incur qualifying expenditures and renounce the related income tax deductions to the investors. For U.S. GAAP, the premium paid in excess of the market value is credited to other liabilities and included in income over the period in which the Company incurs the qualified expenditures. The adjustment made accordingly to comply with U.S. GAAP amounts to $0.5 million in the six month period ended June 30, 2002 and relates to Kinross.

(j) In accordance with Canadian GAAP, the loss on the retirement of capital securities was recorded proportionately between interest expense and deficit based on the debt and equity classifications of the capital securities. Under U.S. GAAP, the entire net loss of $137.8 million relating to Echo Bay would be recorded as an extraordinary expense item in 2002.

In accordance with Canadian GAAP, the gain on conversion of the Gold

linked convertible notes of TVX was recorded as contributed surplus. Under U.S. GAAP, this gain of $34.2 million would be recorded as an extraordinary gain in 2001.

RISK FACTORS

The description of the risk factors relating to the combination set out below is materially complete. Shareholders should carefully consider the following risk factors before deciding how to vote or instruct their vote to be cast to approve the matters relating to the combination. In addition to the risk factors relating to the combination set out in this portion of the circular, shareholders should also carefully consider the risk factors set out on pages A-28, B-40 and C-21.

RISKS RELATING TO THE COMBINATION

KINROSS, TVX AND ECHO BAY MAY NOT INTEGRATE SUCCESSFULLY.

The combination would involve the integration of companies that previously operated independently. As a result, the combination will present challenges to management, including the integration of the operations, systems, technologies and personnel of the three companies, and special risks, including possible unanticipated liabilities, unanticipated costs, diversion of management's attention, operational interruptions and the loss of key employees, customers or suppliers. The difficulties Kinross' management encounters in the transition and integration processes could have a material adverse effect on the revenues, level of expenses and operating results of the combined company. As a result of these factors, it is possible that Kinross will not achieve anticipated cost

reductions and synergies or that other benefits expected from the combination will not be realized.

TVX AND ECHO BAY DIRECTORS AND EXECUTIVE OFFICERS MAY HAVE INTERESTS IN THE COMBINATION THAT ARE DIFFERENT FROM THOSE OF TVX AND ECHO BAY SHAREHOLDERS.

In considering the recommendation of the boards of directors of TVX and Echo Bay to vote for the arrangement, shareholders should be aware that members of the TVX and Echo Bay boards and management teams have agreements or arrangements that provide them with interests in the combination that differ from, or are in addition to, those of TVX or Echo Bay shareholders generally. For additional information on the interests described in this risk factor, see "Interests of Directors and Executive Officers of Kinross, TVX and Echo Bay in the Arrangement" on page S-27.

CHANGES IN THE VALUE OF KINROSS COMMON SHARES WILL AFFECT THE VALUE OF THE CONSIDERATION RECEIVED BY HOLDERS OF TVX COMMON SHARES AND ECHO BAY COMMON SHARES IN THE ARRANGEMENT.

The specific dollar value of the consideration that TVX and Echo Bay shareholders will receive in the arrangement will depend on the market price of Kinross common shares on the effective date of the combination. The exchange ratios are fixed and they will not increase or decrease due to fluctuations in the market price of Kinross common shares. If the market price of Kinross common shares increases or decreases, the market value of the Kinross common shares that TVX and Echo Bay shareholders receive will correspondingly increase or decrease. Because the date that the combination is completed may be later than the date of the special meetings of TVX and Echo Bay shareholders, the price of Kinross common shares on the effective date of the combination may be higher or lower than the price on the date of the applicable special meeting. Many of the factors that affect the market price of Kinross common shares are beyond the control of Kinross. These factors include fluctuations in the price of gold, changes in the regulatory environment, adverse political developments, prevailing conditions in the capital markets and interest rate fluctuations.

IF THE KINROSS SHAREHOLDER RIGHTS PLAN IS NOT TERMINATED PRIOR TO THE EFFECTIVE DATE OF THE ARRANGEMENT, SHAREHOLDERS OF TVX AND ECHO BAY MAY SUFFER ADVERSE CANADIAN TAX CONSEQUENCES.

It is not a condition of the combination that the Kinross shareholder rights plan be terminated prior to the effective date of the combination. If the Kinross shareholder rights plan is not so terminated and as a result the holders of TVX common shares and holders of Echo Bay common shares acquire rights under such plan under the arrangement, the arrangement may be a taxable event under Canadian law to TVX and Echo Bay shareholders. Holders of TVX common shares and holders of Echo Bay common shares may be treated as having disposed of their TVX common shares and Echo Bay common shares for proceeds equal to the aggregate of the fair market value of the Kinross common shares (and cash received in lieu of a fractional share, if applicable) and any rights under the Kinross shareholder rights plan received in exchange therefor. A recent position taken by the CCRA on a shareholder rights plan indicates that holders may be assessed on this basis. Neither the Echo Bay board of directors nor its independent committee addressed the possibility that the arrangement might be taxable to Echo Bay shareholders under Canadian tax law if the Kinross shareholder rights plan was not terminated.

As of June 10, 2002, Newmont Mining Corporation of Canada Limited, a wholly-owned subsidiary of Newmont, beneficially owned 45.2% of the Echo Bay common shares and pursuant to a lock-up agreement has agreed to vote its Echo Bay common shares in favour of Echo Bay's participation in the arrangement. The Newmont lock-up agreement provides that Newmont and Newmont Canada may terminate the lock-up agreement if Kinross' shareholders do not authorize the termination of Kinross' shareholder rights plan at Kinross' special meeting and the arrangement cannot otherwise be structured as a tax-deferred rollover under Canadian law. No assurance can be given that Newmont or Newmont Canada will terminate the lock-up agreement if Kinross' shareholder rights plan is not authorized to be terminated or that, even if the lock-up agreement is terminated, that Newmont Canada will vote against Echo Bay's participation in the arrangement.

TVX'S OBLIGATION TO COMPLETE THE TRANSACTIONS CONTEMPLATED BY THE COMBINATION AGREEMENT IS NOT CONDITIONED UPON THE RECEIPT OF A TAX OPINION OF U.S. COUNSEL.

TVX has received a tax opinion of U.S. counsel dated as of the date of this circular and does not anticipate receiving a tax opinion of U.S. counsel on the effective date of the arrangement. If factual circumstances of Kinross or TVX change after the date of the circular, or if there is a change in applicable law after the date of the circular, U.S. holders of TVX common shares may not be able to rely on the continuing validity of the opinion of Stoel Rives LLP (U.S. counsel to TVX) described under "Material United States Federal Income Tax Considerations of the Arrangement -- Tax Consequences of the Arrangement to TVX U.S. Shareholders", and the tax consequences of the arrangement may be adverse to the holders of TVX common shares, including the potential recognition by U.S. holders of TVX common shares of gain as a result of the amalgamation of TVX and the wholly-owned subsidiary of Kinross pursuant to the arrangement.

ECHO BAY'S OBLIGATION TO COMPLETE THE TRANSACTIONS CONTEMPLATED BY THE COMBINATION AGREEMENT IS NOT CONDITIONED UPON THE RECEIPT OF A TAX OPINION OF U.S. COUNSEL.

Echo Bay intends to request from Cravath, Swaine & Moore, its U.S. counsel, a tax opinion, dated as of the effective date of the arrangement, to the effect that, among other things:

- the exchange of Echo Bay common shares for Kinross common shares pursuant to the arrangement will be treated as a reorganization under Section 368(a) of the Internal Revenue Code of 1986, as amended, and

- U.S. holders of Echo Bay common shares who exchange their Echo Bay common shares solely for Kinross common shares generally will not recognize any gain or loss for U.S. Federal income tax purposes.

If Echo Bay does not receive a tax opinion of U.S. counsel on the effective date of the arrangement, U.S. holders of Echo Bay common shares cannot rely on

the continuing validity of the opinion of Cravath, Swaine & Moore described in this risk factor and under "Material United States Federal Income Tax Considerations of the Arrangement -- Tax Consequences of the Arrangement to Echo Bay U.S. Shareholders". Echo Bay intends to request from Cravath a tax opinion dated as of the effective date of the arrangement. Echo Bay may not be able to receive a tax opinion on the effective date of the arrangement because, for example:

- Kinross fails to provide a customary letter of representation to Echo Bay due to a change in factual circumstances or otherwise;
- Echo Bay fails to provide its customary representation letter to U.S. counsel due to a change in factual circumstances or otherwise; or
- there is a change in applicable law, which may or may not be retroactive.

If this were to occur, it is possible, but not certain, that the exchange of Echo Bay common shares for Kinross common shares pursuant to the arrangement would constitute a taxable, rather than a tax-deferred, transaction for U.S. Federal income tax purposes and, in such case, that the U.S. Federal income tax consequences to the holders of Echo Bay common shares would be materially different than those described above, including the possibility that holders of Echo Bay common shares would be required to recognize gain or loss for U.S. Federal income tax purposes as a result of the exchange of their Echo Bay common shares for Kinross common shares pursuant to the arrangement.

THE ACQUISITION OF THE NEWMONT INTEREST IN THE TVX NEWMONT AMERICAS JOINT VENTURE MAY BE FINANCED THROUGH THE INCURRENCE OF SHORT-TERM DEBT.

In the event that TVX elects to pay for the acquisition of Newmont's interest in the TVX Newmont Americas joint venture by incurring short-term debt represented by the promissory notes provided for in the purchase agreements, the short-term debt of the combined company would be increased by as much as $90 million and the total current liabilities of the combined company would be $229.6 million (as reflected in the unaudited pro forma financial statements attached to this circular). This short-term debt would be secured by the Newmont interest in the TVX Newmont Americas joint venture, bear interest at the rate of 15% per annum and have to be repaid or refinanced prior to its maturity on December 13, 2002. Repayment of this short-term debt through the use of cash on hand of the combined company would reduce the cash available to the combined company for operating or other purposes. If the repayment of the short-term debt is financed from the proceeds of an issuance of additional equity, shareholders of the combined company may suffer dilution of their interests. For a discussion of the terms of the short-term debt referred to in this risk factor, see page S-46.

RISKS RELATING TO KINROSS, TVX, ECHO BAY AND THE COMBINED COMPANY

This section focuses on risks that differ for Kinross, TVX and Echo Bay or that will be different for the combined company.

KINROSS, TVX AND ECHO BAY HAVE A HISTORY OF LOSSES.

Kinross had a net loss of $36.9 million in 2001, $126.1 million in 2000 and $240.7 million in 1999. TVX incurred a net loss of $227.9 million in 2001, net income of $12.4 million in 2000 and a net loss of $47.6 million in 1999. Echo Bay had a net loss of $5.7 million in 2001, net income of $18.6 million in 2000 and a net loss of $37.3 million in 1999. Following completion of the combination, Kinross' ability to operate profitably will depend on the success of its principal mines and on the price of gold. There can be no assurance that following the combination Kinross will be profitable.

KINROSS, TVX AND ECHO BAY ARE PARTIES TO MATERIAL LEGAL PROCEEDINGS.

Kinross, TVX and Echo Bay are parties to material legal proceedings. The combined company will be subject to the risks of all these material legal proceedings which, if decided adversely to the combined company, may have a material adverse effect on its financial or business position or prospects. Shareholders are urged to read the descriptions of pending legal proceedings set out in Schedules A, B and C to this circular.

THE COMBINED COMPANY WILL FACE MATERIALLY DIFFERENT RISKS RELATED TO FOREIGN INVESTMENT THAN THOSE TO WHICH KINROSS, TVX AND ECHO BAY WERE SUBJECT TO WHEN THEY WERE INDEPENDENT ENTITIES.

Kinross and TVX conduct development and mining activities outside Canada and the United States. Specifically, Kinross has significant operations in far east Russia, as well as operations in Chile and Zimbabwe. TVX has primary operations in Brazil and Chile, as well as operations in Greece. Echo Bay does not have any material development or mining activities outside Canada or the United States.

Following the completion of the combination, a significant portion of Kinross' mining operations will be located in Brazil, Chile and Russia. The combined company will be subject to materially different foreign investment risks than those to which Kinross, TVX and, in particular, Echo Bay, were subject when they were independent entities. Mining investments are subject to the risks normally associated with any conduct of business in foreign countries, including various levels of political and economic risk. The existence or occurrence of one or more of the following circumstances or events could have a material adverse impact on the combined company's profitability or the viability of the combined company's affected foreign operations, which could have a material adverse impact on the combined company's future cash flows, earnings, results of operations and financial condition. These risks include the following:

- uncertain or unpredictable political, legal and economic environments;
- delays in obtaining or the inability to obtain necessary governmental permits;
- labour disputes;
- invalidation of governmental orders;
- war and civil disturbances;

- changes in laws or policies of particular countries;
- taxation;
- government seizure of land or mining claims;
- limitations on ownership;
- restrictions on the convertibility of currencies;
- limitations on the repatriation of earnings; and
- increased financing costs.

These risks may limit or disrupt the projects, restrict the movement of funds or result in the deprivation of contract rights or the taking of property by nationalization or expropriation without fair compensation.

Investors should, in particular, consider the risks relating to an uncertain or unpredictable legal environment in Russia. While progress with legal reforms in Russia has progressed, implementation and enforcement of property rights across Russia's vast territory remain problematic. A weak bureaucracy and vested interests also remain obstacles. It is not uncommon in the context of dispute resolution in Russia for parties to use the uncertainty in the Russian legal environment as leverage in business negotiations. On September 6, 2002, one of the Russian shareholders of Omolon Gold Mining Company, Kinross' 54.7% owned Russian subsidiary through which Kinross holds its interest in the Kubaka gold mine, obtained an order from a court in the Magadan region of the Russian Federation to arrest Omolon's gold inventory at the Kubaka mine as well as Omolon's bank accounts pending the resolution of a dispute among Kinross and certain of Omolon's shareholders.

Investors should also consider the risks relating to an uncertain or unpredictable political and economic environment in Brazil and Chile. In the short term, significant macroeconomic instability in the region is expected to negatively impact the business environment and may lead to longer term negative changes in the national approaches taken to ownership by foreign companies of natural resources.

THE COMBINED COMPANY WILL BE SUBJECT TO RISKS ASSOCIATED WITH CONDUCTING ITS OPERATIONS IN NUMEROUS CURRENCIES.

Currency fluctuations may affect the costs which the combined company will incur at its operations. Gold is sold in the world market in U.S. dollars. In addition to U.S. dollars, Kinross' costs are incurred principally in Canadian dollars and Russian roubles, and TVX's costs are incurred principally in Canadian dollars, Brazilian reals, Chilean pesos and Euros. Echo Bay principally incurs costs in Canadian and U.S. dollars. The appreciation of non-U.S. dollar currencies against the U.S. dollar can increase the cost of gold production in U.S. dollar terms at the combined company's mines located outside of the United States. If the combined company determines to implement a currency hedging program to reduce the risk associated with currency fluctuations, there is no

assurance that its hedging strategies will be successful. See "Currency Presentation and Exchange Rate Information" on page S-iii for the change in value of the Canadian dollar over the last five years.

Over the last five years, the dollar has generally strengthened against the above-mentioned currencies. At present, the Brazilian real (down 150% against the dollar since December 31, 1998) and the Russian rouble (down 425% against the dollar since December 31, 1997) remain particularly volatile currencies potentially subject to significant increases or decreases in value.

KINROSS, TVX AND ECHO BAY HAVE DIFFERENT SENSITIVITIES TO CHANGES IN GOLD AND SILVER PRICES AS A RESULT OF GOLD AND SILVER HEDGING STRATEGIES.

Each of the combining companies enters into contracts with banking or financial institutions in order to hedge revenues against adverse changes in gold and silver prices. As at June 30, 2002, 461,500 ounces of Kinross' gold production was committed to spot deferred contracts and fixed forward contracts, representing 8.2% of Kinross' proven and probable reserves as at December 31, 2001. Also as at June 30, 2002, 150,00 ounces of Kinross' gold production was committed to written call options, representing 2.7% of Kinross' proven and probable reserves as at December 31, 2001. Kinross currently has no silver commodity derivative contracts outstanding. As at June 30, 2002, 700,000 ounces of TVX's gold production was protected by purchased gold put options, representing 11.5% of TVX's proven and probable reserves of gold as at December 31, 2001. Also as at June 30, 2002, 3,000,000 ounces of TVX's silver production was committed to silver call options, representing 9.2% of TVX's proven and probable reserves of silver as

at December 31, 2001. As at June 30, 2002, 30,000 ounces of Echo Bay's gold production was committed to fixed forward contracts, representing 0.8% of Echo Bay's proven and probable reserves as at December 31, 2001. Also, as at June 30, 2002, 90,000 ounces of Echo Bay's gold production was committed to written call options, representing 2.4% of Echo Bay's proven and probable reserves as at December 31, 2001.

Echo Bay has hedged a smaller portion of its gold production than Kinross or TVX. As a result, a material increase or decrease in the price of gold has a greater impact in relative terms on Echo Bay as compared with the impact of a material increase or decrease in gold prices on Kinross or TVX.

AVERAGE TOTAL CASH COSTS ARE DIFFERENT FOR KINROSS, TVX, ECHO BAY AND THE NEWMONT INTEREST IN THE TVX NEWMONT AMERICAS JOINT VENTURE.

"Average total cash costs" figures, calculated in accordance with "The Gold Institute Production Cost Standard", include mine site operating costs such as mining, processing, administration, royalties and production taxes (but are exclusive of amortization, reclamation costs, capital, development and exploration costs), divided by the ounces of gold produced. The measure is a key indicator of a company's ability to generate operating earnings and cash flow from its mining operations.

Kinross incurred average total cash costs (dollars per gold equivalent ounce) of $193 in 2001, $202 in 2000 and $196 in 1999. TVX incurred average total cash costs (dollars per gold equivalent ounce) of $180 in 2001, $178 in 2000 and $170 in 1999. Echo Bay incurred average total cash costs (dollars per gold equivalent ounce) of $233 in 2001, $204 in 2000 and $226 in 1999. After giving effect to the combination, average total cash costs of the combined company are expected to be in excess of the amount incurred by Kinross and TVX in 2001. Current shareholders of Kinross and TVX may have a greater degree of exposure to downward fluctuations in gold prices after completion of the combination as lower gold prices may make certain of the combined company's mining projects uneconomic due to the higher costs of production at those projects.

THE MEETINGS

Kinross, TVX and Echo Bay have called special meetings of their shareholders to be held on the dates and at the times and places set out below:

MEETING	DATE	TIME (LOCAL TIME)	PLACE
Kinross	--	--	--
TVX	--	--	--
Echo Bay	--	--	--

KINROSS

At the Kinross special meeting, the holders of Kinross common shares will be asked to consider and approve:

- the issuance of Kinross common shares pursuant to the arrangement, including Kinross common shares to be issued pursuant to outstanding stock options granted by TVX and Echo Bay and outstanding warrants issued by TVX and Echo Bay to purchase TVX common shares and Echo Bay common shares;

- the election of four additional, agreed-upon individuals to the Kinross board of directors;

- a consolidation of the outstanding Kinross common shares on the basis of one Kinross common share for each three Kinross common shares; and

- the termination of Kinross' shareholder rights plan.

The Kinross share issuance proposal and the election of directors to the Kinross board of directors must be approved by at least a majority of the votes cast at the Kinross special meeting. The arrangement is conditional upon approval of these matters. The consolidation of the Kinross common shares must be approved by not less than 66 2/3% of the votes cast at the Kinross special meeting and the termination of Kinross' shareholder rights plan must be approved by at least a majority of the votes cast at the Kinross special meeting. The arrangement is not conditional upon approval of the Kinross share consolidation or the termination of Kinross' shareholder rights plan.

TVX

At the TVX special meeting, the holders of TVX common shares will be asked to consider and approve a special resolution approving the participation of TVX in the arrangement. The special resolution must be approved by not less than 66 2/3% of the votes cast at the TVX special meeting.

ECHO BAY

At the Echo Bay special meeting, the holders of Echo Bay common shares will be asked to consider and approve a special resolution approving the participation of Echo Bay in the arrangement. The special resolution must be approved by not less than 66 2/3% of the votes cast at the Echo Bay special meeting.

FURTHER INFORMATION CONCERNING THE KINROSS SPECIAL MEETING, THE TVX SPECIAL MEETING OR THE ECHO BAY SPECIAL MEETING, AS APPLICABLE, IS CONTAINED IN THE NOTICE OF SPECIAL MEETING AND MANAGEMENT INFORMATION CIRCULAR WHICH ACCOMPANIES THIS MANAGEMENT INFORMATION CIRCULAR SUPPLEMENT. YOU ARE URGED TO CAREFULLY REVIEW THE PROCEDURES FOR VOTING YOUR SHARES AND THE OTHER INFORMATION SET OUT IN THESE MATERIALS.

THE COMBINATION

Kinross, TVX and Echo Bay have entered into the combination agreement dated as of June 10, 2002, as amended as of July 12, 2002, for the purpose of combining the ownership of their respective businesses by way of a plan of arrangement under the CBCA.

In a separate transaction, TVX and a subsidiary of TVX have entered into agreements dated as of June 10, 2002 with a subsidiary of Newmont pursuant to which TVX has agreed to acquire Newmont's approximate 50% non-controlling interest in the TVX Newmont Americas joint venture, in accordance with an existing right of first offer and an existing right of first refusal, for $180 million. The purchase price may, at TVX's option, be paid entirely in cash or TVX may elect to satisfy up to one half of the purchase price payable under each agreement by delivery of a secured promissory note due December 13, 2002, and the balance in cash. The maximum aggregate amount of the promissory notes which may be issued is $90 million. The arrangement is conditional upon the completion of the purchase of Newmont's interest in the TVX Newmont Americas joint venture.

Upon completion of the arrangement and purchase of the Newmont interest, Kinross will own all of the outstanding TVX common shares and Echo Bay common shares and will own, indirectly, all of the TVX Newmont Americas joint venture.

Pursuant to the plan of arrangement, TVX will amalgamate with 4082389 Canada Inc., a newly-formed, wholly-owned subsidiary of Kinross, and each holder of TVX common shares will receive 6.5 Kinross common shares for each TVX common share. The TVX share exchange ratio reflects a one for ten consolidation of its common shares which took effect on June 30, 2002. Also pursuant to the plan of arrangement, shareholders of Echo Bay (other than Kinross) will receive 0.52 of a Kinross common share for each Echo Bay common share. Immediately prior to the completion of the combination, and subject to shareholder approval, Kinross intends to consolidate its outstanding common shares on the basis of one Kinross common share for each three Kinross common shares. If the Kinross share

consolidation is completed, each holder of TVX common shares will receive 2.1667 Kinross common shares for each TVX common share and each holder of Echo Bay common shares will receive 0.1733 of a Kinross common share for each Echo Bay common share.

The arrangement requires the approval of at least 66 2/3% of the votes cast by TVX and Echo Bay shareholders at the respective special meetings of TVX and Echo Bay, as well as the approval of the Superior Court of Ontario. The shareholders of Kinross will be asked to approve the issuance of Kinross common shares pursuant to the arrangement, as well as certain other matters discussed in this circular, at the Kinross special meeting.

RECOMMENDATIONS OF DIRECTORS

The board of directors of each of TVX and Echo Bay has recommended that its shareholders vote FOR the arrangement at the TVX special meeting and the Echo Bay special meeting.

The board of directors of Kinross has recommended that its shareholders vote FOR all matters discussed in this circular in respect of the arrangement that are to be presented at the Kinross special meeting.

FURTHER DETAILS CONCERNING THE RECOMMENDATIONS OF THE BOARDS OF DIRECTORS OF KINROSS, TVX AND ECHO BAY, AS APPLICABLE, CAN BE FOUND IN THE NOTICE OF SPECIAL MEETING AND MANAGEMENT INFORMATION CIRCULAR WHICH ACCOMPANIES THIS MANAGEMENT INFORMATION CIRCULAR SUPPLEMENT. YOU ARE URGED TO READ THESE MATERIALS CAREFULLY.

INTENTIONS OF SIGNIFICANT SHAREHOLDERS

KINROSS LOCK-UP AGREEMENT

Kinross is the beneficial owner of approximately 10.6% of the outstanding Echo Bay common shares. Kinross has entered into a lock-up agreement with Echo Bay dated June 10, 2002, pursuant to which it has agreed to vote its Echo Bay common shares in favour of the arrangement at the Echo Bay special meeting.

Pursuant to the Kinross lock-up agreement, subject to the subsequent paragraph, Kinross has agreed that it will not option, sell, transfer, pledge, encumber, grant a security interest in, hypothecate or otherwise convey its Echo Bay common shares.

If, however, Kinross wishes to option, sell, transfer, pledge, encumber, grant a security interest in, hypothecate or otherwise convey all or substantially all of its Echo Bay common shares, Kinross, under the Kinross lock-up

agreement, may do so if it delivers to Echo Bay an agreement duly executed by the acquirer whereby the acquirer becomes obligated to Echo Bay on substantially similar terms to those contained in the Kinross lock-up agreement. This restriction on Kinross' ability to sell, transfer, pledge, encumber, grant a security interest in, hypothecate or otherwise convey all or substantially all of its Echo Bay common shares shall survive the termination of the Kinross lock-up agreement and stay in effect so long as Echo Bay is or may be subject to paying liquidated damages under the combination agreement.

The Kinross lock-up agreement provides that Kinross will deposit with the registrar and transfer agent of the Echo Bay common shares a duly completed and executed proxy voting its Echo Bay common shares in favour of the arrangement. Neither Kinross nor any person acting on its behalf will withdraw, amend or invalidate the proxy deposited by Kinross.

The Kinross lock-up agreement further provides that Kinross will:

- not take any action of any kind which would be inconsistent with the combination agreement, including any action to solicit, initiate, facilitate or knowingly encourage the initiation of an acquisition proposal;

- notify Echo Bay promptly upon becoming aware of any acquisition proposal; and

- use commercially reasonable efforts to assist Echo Bay and the other parties to the combination agreement to successfully complete the combination.

The Kinross lock-up agreement may be terminated by either party if the combination agreement is terminated in accordance with its terms and shall terminate automatically on the effective date of the combination.

NEWMONT LOCK-UP AGREEMENT

Newmont's wholly-owned subsidiary, Newmont Mining Corporation of Canada Limited ("Newmont Canada"), is the beneficial owner of approximately 45.2% of the outstanding Echo Bay common shares, and Newmont and Newmont Canada have entered into a lock-up agreement with Echo Bay dated June 10, 2002, pursuant to which Newmont Canada has agreed to vote its Echo Bay common shares in favour of the arrangement at the Echo Bay special meeting.

Pursuant to the Newmont lock-up agreement, subject to the subsequent paragraph, Newmont Canada has agreed that it will not option, sell, transfer, pledge, encumber, grant a security interest in, hypothecate or otherwise convey its Echo Bay common shares.

If, however, Newmont Canada wishes to option, sell, transfer, pledge, encumber, grant a security interest in, hypothecate or otherwise convey all or substantially all of its Echo Bay common shares, it may do so if in certain circumstances it delivers to Echo Bay an agreement duly executed by the acquirer whereby the acquirer becomes obligated to Echo Bay on substantially similar terms to those contained in the Newmont lock-up agreement. This restriction on Newmont's ability to sell, transfer, pledge, encumber, grant a security interest in, hypothecate or otherwise convey all or substantially all of its Echo Bay common shares shall survive the termination of the Newmont lock-up agreement and stay in effect so long as Echo Bay is or may be subject to paying liquidated damages under the combination agreement.

The Newmont lock-up agreement provides that Newmont Canada will deposit with the registrar and transfer agent of the Echo Bay common shares a duly completed and executed proxy voting its Echo Bay common shares in favour of the arrangement. Neither Newmont Canada nor any person acting on its behalf will

withdraw, amend or invalidate the proxy deposited by Newmont Canada.

The Newmont lock-up agreement further provides that Newmont and Newmont Canada will:

- not take any action of any kind which would be inconsistent with the combination agreement, including any action to solicit, initiate, facilitate or knowingly encourage the initiation of an acquisition proposal;

- notify Echo Bay promptly upon becoming aware of any acquisition proposal; and

- use commercially reasonable efforts to assist Echo Bay and the other parties to the combination agreement to successfully complete the combination.

If Newmont Canada fails to comply with its obligations to vote in favour of Echo Bay's participation in the arrangement and the Echo Bay shareholders fail to approve its participation in the combination, then Newmont and Newmont Canada have agreed to indemnify, jointly and severally, and hold harmless Echo Bay from its obligation

under the combination agreement to reimburse each of Kinross and TVX for their expenses, up to a maximum of Cdn.$2.5 million. However, Newmont and Newmont Canada are not obligated to indemnify Echo Bay if Echo Bay's board of directors has withdrawn or changed its recommendation with respect to the arrangement or recommended in favour of another acquisition proposal and the Echo Bay shareholders fail to approve Echo Bay's participation in the combination.

Additionally, if Echo Bay becomes obligated to pay liquidated damages under the combination agreement because:

- a bona fide acquisition proposal is publicly announced, proposed, offered or made and not withdrawn to Echo Bay and its shareholders;

- the Echo Bay shareholders do not approve the requisite resolutions by which Echo Bay would participate in the arrangement, and thereafter the combination agreement is terminated; and

- within six months after termination of the combination agreement, Newmont or Newmont Canada enters into or consummates a change of control proposal with respect to Echo Bay,

then Newmont and Newmont Canada have agreed to indemnify, jointly and severally, and hold harmless Echo Bay from such liquidated damages unless such change of control proposal is recommended by the Echo Bay board of directors or Echo Bay has previously become liable to pay liquidated damages under the combination agreement. All of the Newmont/Newmont Canada indemnity provisions survive the termination of the Newmont lock-up agreement.

Each of Echo Bay, Newmont and Newmont Canada may terminate the Newmont lock-up agreement if:

- the arrangement proposed to Echo Bay shareholders does not correspond in all material respects to that contemplated by the combination agreement;

- the Kinross shareholder rights plan is not authorized to be terminated at the Kinross special meeting, or is in fact not terminated prior to the effective date of the combination, and the arrangement cannot otherwise be effected on a tax-deferred rollover basis for Canadian shareholders of Echo Bay; or

- the combination agreement is terminated in accordance with its terms.

The Newmont lock-up agreement shall automatically terminate on the effective date of the combination.

BEECH LOCK-UP AGREEMENT

Beech is the beneficial owner of approximately 18.6% of the outstanding TVX common shares. Beech has entered into a lock-up agreement with TVX dated June 10, 2002, pursuant to which Beech has agreed to vote its TVX common shares in favour of the participation of TVX in the combination at the TVX special meeting.

Pursuant to the Beech lock-up agreement, subject to the subsequent paragraph, Beech has agreed that it will not sell, transfer or otherwise deal with its TVX common shares, including by way of option or granting a security interest in such shares, prior to the TVX special meeting.

Beech, however, may sell, transfer, or otherwise deal with its TVX common shares prior to the TVX special meeting, in a negotiated transaction in which the acquirer delivers to TVX an agreement which contains substantially similar terms as the Beech lock-up agreement.

Beech may terminate the Beech lock-up agreement if:

- the terms on which the combination is proposed to the TVX shareholders do not in all material respects conform with the description contained in the combination agreement in all material respects or the combination agreement is amended in any material respect;

- the required approval from the shareholders of Kinross, TVX or Echo Bay is not obtained;

- a superior proposal is made and not withdrawn;

- the combination is not completed on or before December 31, 2002;

- each of the Kinross, TVX and Echo Bay special meetings is not held on or before December 27, 2002; or

- the combination agreement terminates in accordance with its terms.

INTERESTS OF DIRECTORS AND EXECUTIVE OFFICERS OF KINROSS, TVX AND ECHO BAY IN THE ARRANGEMENT

In considering the recommendation of the board of directors of each of Kinross, TVX and Echo Bay that you vote to approve the matters discussed in this circular, you should be aware that some of the directors and executive officers of Kinross, TVX and Echo Bay have interests in the arrangement that are

different from, or in addition to, the interests of shareholders of Kinross, TVX and Echo Bay generally.

KINROSS

EMPLOYMENT AGREEMENT/SEVERANCE

Kinross has entered into severance agreements with Mr. Robert Buchan, President and Chief Executive Officer and Mr. Arthur Ditto, Vice-Chairman. Under their severance agreements, the combination will constitute a change of control. Upon the delivery of a notice of termination to Kinross following a change of control, Messrs. Buchan and Ditto will be entitled to be paid by Kinross a cash payment equal to 2.5 times their annual salary, benefits and designated annual bonus, all stock options they hold will become immediately exercisable and all reasonable legal expenses they incur as a result of their termination shall be paid by Kinross. Assuming Messrs. Buchan and Ditto experience a termination following the effective date of the combination, and calculated based on his current salary, benefits and bonus entitlement for the year 2002, Messrs. Buchan and Ditto would be entitled to a lump sum payment of approximately $1,207,360 (does not include Mr. Buchan's bonus entitlement which has not been determined yet for 2002) and $970,695 respectively.

Kinross has also entered into severance agreements with Mr. John Ivany, Executive Vice-President, Mr. Brian Penny, Vice-President, Finance and Chief Financial Officer, Mr. Gordon McCreary, Vice-President Investor Relations and Corporate Development, Mr. Scott Caldwell, Executive Vice-President and Chief Operating Officer, Mr. Christopher Hill, Vice President and Treasurer, Mr. Al Schoening, Vice-President, Human Resources and Corporate Affairs, Mr. Ron Stewart, Vice-President, Exploration, Mr. Jerry Danni, Vice-President, Environment, and Ms. Shelley Riley, Corporate Secretary.

Under their severance agreements, the combination will constitute a change of control. Upon the termination of the employment of the individual, unless such termination is because of death, disability, for cause or such individual resigns (except if such resignation by the individual follows an adverse change in his or her duties, powers, rights, salary or benefits, a diminution of title, and other specified negative changes to such individual's employment situation), following a change of control and within 18 months following such change of control, the individuals listed above will be entitled to be paid by Kinross a cash payment equal to 2 times such individual's annual salary, benefits and designated annual bonus, all stock options held by such individual will become immediately exercisable and all reasonable legal expenses incurred by such individual as a result of his or her termination shall be paid by Kinross. Assuming Messrs. Ivany, Penny, McCreary, Caldwell, Hill, Schoening, Stewart and Danni and Ms. Riley experience a termination or resign from Kinross under specified circumstances (as described above) following the effective date of the combination, and calculated based on each of their current annual salary, benefits and bonus entitlement for the year 2002, Messrs. Ivany, Penny, McCreary, Caldwell, Hill, Schoening, Stewart, Danni and Ms. Riley would be entitled to a lump sum cash payment of approximately $612,182, $515,160, $376,258, $662,456, $356,034, $395,340, $344,400, $456,000 and $194,696, respectively.

Kinross does not expect that it will be required to make the payments disclosed above as a consequence of the combination.

TVX

EMPLOYMENT AGREEMENTS/SEVERANCE

TVX has entered into employment agreements with Mr. Sean Harvey, President and Chief Executive Officer, Mr. Melvyn Williams, Chief Financial Officer, Mr. Gregory Laing, General Counsel, Vice-President and Corporate Secretary, Mr. Robert Whittall, Vice-President, Finance, Mr. John Raisbeck, Chairman and Chief Executive Officer of TVX Hellas, and Mr. William Smith, Finance and Administration Manager of TVX Hellas.

Following the combination, Mr. Harvey may, within 90 days, elect to terminate his employment agreement. If he so elects or if he is terminated without cause, he will receive severance benefits equal to two times his current annual

base salary. Based on Mr. Harvey's current annual base salary, Mr. Harvey would be entitled in either circumstance to a lump sum cash payment of approximately $900,000.

Upon termination of the employment of Mr. Williams or Mr. Laing following a change of control, each of Mr. Williams and Mr. Laing will be entitled to a severance payment equal to two times his base salary. In the event that Mr. Williams or Mr. Laing experienced a termination from TVX following the effective date of the combination, and calculated based on Mr. Williams' and Mr. Laing's respective current annual base salary, Mr. Williams and Mr. Laing would be entitled to a lump sum cash payment of approximately $370,000 and $300,000, respectively. In the event the employment of Messrs. Whittall, Raisbeck or Smith is terminated following a change of control, Mr. Whittall is entitled to a severance payment equal to six months base salary, Mr Raisbeck is entitled to a severance payment equal to 18 months base salary and Mr. Smith is entitled to a severance payment equal to 12 months base salary. Assuming Mr. Whittall, Mr. Raisbeck or Mr. Smith experienced a termination from TVX following the effective date of the combination, and calculated based on Mr. Whittall's, Mr. Raisbeck's and Mr. Smith's respective current annual base salary, Mr. Whittall, Mr. Raisbeck and Mr. Smith would be entitled to a lump sum cash payment of approximately Cdn.$87,500, $262,500 and $130,000, respectively.

Completion of the arrangement will constitute a change of control within the meaning of each of the above-mentioned TVX employment agreements. Kinross expects that it will be required to make the payments described above as a consequence of the combination.

ECHO BAY

EMPLOYMENT AGREEMENTS/SEVERANCE

Echo Bay has entered into employment agreements with Mr. Robert Leclerc, Chairman and Chief Executive Officer, Ms. Lois-Ann Brodrick, Vice-President and Secretary, Mr. Jerry McCrank, Vice-President, Operations, Mr. Tom Yip,

Vice-President, Finance and Chief Financial Officer, and Mr. David Ottewell, Controller.

Mr. Leclerc's employment agreement is for an indefinite term and provides for certain lump sum payments if Echo Bay terminates Mr. Leclerc's employment on less than two years' written notice or demotes him and he voluntarily resigns. If a change of control of Echo Bay is followed by a termination of Mr. Leclerc's employment under specified circumstances (as described below), Mr. Leclerc will be paid a cash payment equal to three times the total of his current annual salary in effect as of the time of the change of control plus bonus under the executive cash incentive plan and will receive two years of continued health coverage. Assuming Mr. Leclerc experienced a termination or resigned from Echo Bay under specified circumstances (as described below) following the effective date of the combination, and calculated based on Mr. Leclerc's current annual base salary and bonus under the executive cash incentive plan in effect for 2002, Mr. Leclerc would be entitled to a lump sum cash payment of approximately $1,950,000. If those payments and any other benefits provided to Mr. Leclerc would be subject to any excise tax imposed by Section 4999 of the Code or any interest or penalties with respect to such excise tax, then Mr. Leclerc will be entitled to receive an additional payment in an amount that will fund the payment of any excise tax on the total payments and benefits received by Mr. Leclerc following a change of control as well as all income taxes imposed on the excise tax restoration payment, any excise tax imposed on the excise tax restoration payment and any interest or penalties imposed with respect to taxes on the excise tax restoration payment or any excise tax. The specified circumstances include:

- Echo Bay's termination of Mr. Leclerc's employment within one year of a change of control; or
- a voluntary resignation by Mr. Leclerc for "good reason" within one year of a change of control. The expression "good reason" is defined to include any one of four acts of employer constructive dismissal:
  - the assignment of lower level status or responsibility;
  - a reduction in base salary;
  - a requirement to relocate; or
  - a change in employee participation in or benefits under Echo Bay's benefit plans; or
- in the final 30 days of the one-year period referred to above, Mr. Leclerc may resign for any reason, or no reason at all, and be entitled to the cash payment and benefits.

Each of the other named executive officers of Echo Bay has entered into an employment agreement for an indefinite term. If a change of control of Echo Bay is followed by termination of the individual's employment under specified circumstances (as described above as applied to the individuals), Ms. Brodrick, Mr. McCrank and Mr. Yip

will be paid a cash payment equal to three times the total of his or her annual salary in effect at the time of the change of control plus bonus under the executive cash incentive plan and will receive two years of continued health coverage. Assuming Ms. Brodrick, Mr. McCrank, and Mr. Yip experienced a termination or resigned from Echo Bay under specified circumstances (as described above as applied to the individuals) following the effective date of the combination, and calculated based on Ms. Brodrick's, Mr. McCrank's and Mr.

Yip's current annual base salary and bonus under the executive cash incentive plan in effect for 2002, Ms. Brodrick, Mr. McCrank and Mr. Yip would be entitled to a lump sum cash payment of approximately $1,125,000, $1,155,000 and $1,155,000. In all other respects, including with respect to the change of control and excise tax restoration payment provisions, the employment agreements for Ms. Brodrick and Messrs. McCrank and Yip are identical to Mr. Leclerc's agreement. Mr. Ottewell's agreement provides for a lower payout structure than the others, does not afford the right to resign in the final 30 days of the one-year period referred to above and does not contain an obligation of Echo Bay to make an excise tax restoration payment. If a change of control of Echo Bay is followed by termination of Mr. Ottewell's employment under specified circumstances (as described above as applied to Mr. Ottewell, but excluding the right to resign in the final 30 days of the one-year period referred to above), Mr. Ottewell will be paid a cash payment equal to 1.5 times the total of his annual salary in effect at the time of the change of control plus bonus under the executive cash incentive plan. Assuming Mr. Ottewell experienced a termination or resigned from Echo Bay under specified circumstances (as described above as applied to Mr. Ottewell, but excluding the right to resign in the final 30 days of the one-year period referred to above) following the effective date of the combination, and calculated based on Mr. Ottewell's current annual base salary and bonus under the cash incentive plan: controller in effect for 2002, Mr. Ottewell would be entitled to a lump sum cash payment of approximately $243,700.

Completion of the capital securities exchange on April 3, 2002, whereby Echo Bay issued common shares in exchange for all of its $100 million aggregate principal amount of 11% junior subordinated debentures due 2027 (as more fully described in Schedule C to this circular under the heading entitled "Recent Developments -- Exchange of Capital Securities"), constituted a change of control within the meaning of each of the above-mentioned Echo Bay employment agreements. In addition, completion of the arrangement will also constitute a change of control within the meaning of each of the above-mentioned Echo Bay employment agreements. Pursuant to these employment agreements severance payments are only payable once upon a change of control and Kinross expects that it will be required to make the payments described above as a consequence of the combination.

KINROSS, TVX AND ECHO BAY

VESTING OF UNVESTED OPTIONS

As of June 30, 2002, directors and executive officers of Kinross held an aggregate of 6,765,000 vested and 1,670,000 unvested stock options issued by Kinross, directors and executive officers of TVX held an aggregate of 85,777 vested and 416,046 unvested stock options issued by TVX, and directors and executive officers of Echo Bay held an aggregate of 1,109,176 vested and 341,699 unvested stock options issued by Echo Bay. In particular, as of June 30, 2002:

- in the case of Kinross, Messrs. Buchan, Caldwell, Danni, Ditto, Hill, Ivany, McCreary, Penny, Schoening and Stewart and Ms. Riley held outstanding options with respect to 2,950,000, 630,000, 120,000, 1,360,000, 450,000, 810,000, 425,000, 480,000, 410,000, 100,000 and 80,000 Kinross common shares (on a pre-consolidation basis), respectively, of which stock options with respect to 2,583,333, 466,666, 16,667, 1,151,666, 346,667, 646,666, 330,000, 376,667, 306,667, 0 and

60,000 Kinross common shares were vested and exercisable as of such date, respectively, and stock options with respect to 366,667, 163,334, 103,333, 208,334, 103,333, 163,334, 95,000, 103,333, 103,333, 100,000 and 20,000 were unvested as of such date, respectively.

- in the case of TVX, Messrs. Harvey, Williams, Laing, Whittall, Raisbeck and Smith held outstanding stock options with respect to 150,000, 81,750, 81,750, 47,500, 38,067 and 24,133 TVX common shares, respectively, of which stock options with respect to 16,667, 6,683, 29,583, 9,167, 1,400 and 800 TVX common shares were vested and exercisable as of such date, respectively, and stock options with respect to 133,333, 52,167, 67,167, 38,333, 36,667 and 23,333 TVX common shares were unvested as of such date, respectively; and

- in the case of Echo Bay, Messrs. Leclerc, McCrank, Yip and Ottewell and Ms. Brodrick held outstanding stock options with respect to 890,110; 159,203; 146,377; 25,252; and 119,133 Echo Bay common shares,

respectively, of which stock options with respect to 700,083; 108,911; 100,230; 15,252; and 73,900 Echo Bay common shares were vested and exercisable as of such date, respectively, and stock options with respect to 190,027; 50,292; 46,147; 10,000; and 45,233 Echo Bay common shares were unvested as of such date, respectively.

Upon completion of the combination, all unvested and unexercisable Kinross stock options, TVX stock options and Echo Bay stock options will vest and become exercisable either pursuant to the terms of the plan under which they were issued or the terms of such options themselves. Based on the number of Kinross common shares, TVX common shares and Echo Bay common shares subject to options and held by directors and executive officers of TVX and Echo Bay as of June 30, 2002, the directors and executive officers of Kinross, TVX and Echo Bay will hold an aggregate of 12,451,304 options to purchase Kinross common shares following completion of the combination (or 4,150,435 options to purchase Kinross common shares if the Kinross one for three share consolidation is effected).

The terms of all outstanding stock options granted by TVX and Echo Bay will be amended to provide that each holder of an option to acquire TVX common shares or Echo Bay common shares shall be entitled to acquire, on substantially identical terms and conditions to those applicable under such stock option and for the same aggregate consideration, the aggregate number of Kinross common shares that the holder of the option would have been entitled to receive as a result of the combination if the holder of the option had been the registered holder of the number of TVX common shares or Echo Bay common shares which the holder was entitled to purchase on exercise of the option.

MAINTENANCE OF INSURANCE

Kinross has covenanted in the combination agreement to maintain directors' and officers' liability insurance covering the individuals presently covered under TVX's and Echo Bay's existing insurance for a period of six years following completion of the combination.

ELECTION OF DIRECTORS

Kinross has covenanted in the combination agreement that it will, at the Kinross special meeting, ask the holders of Kinross common shares to elect four additional, agreed-upon individuals, being Messrs. Harry S. Campbell, David Harquail, Robert L. Leclerc and George F. Michals, to the board of directors of Kinross.

The board of directors of TVX was aware of the interests described above, with respect to TVX's directors and executive officers, in approving the arrangement. The board of directors of Echo Bay was aware of the interests described above, with respect to Echo Bay's directors and executive officers, in approving the arrangement.

DISSENTING SHAREHOLDERS' RIGHTS

TVX AND ECHO BAY

The plan of arrangement provides that the holders of TVX common shares and Echo Bay common shares have the right to dissent from the arrangement in the manner provided in section 190 of the CBCA as modified by the interim order of the Superior Court of Ontario made in respect of the arrangement and by the plan of arrangement. Registered holders of TVX or Echo Bay common shares who exercise their rights of dissent will be entitled, in the event the arrangement becomes effective, to be paid the fair value of the TVX common shares or the Echo Bay common shares, as appropriate, determined as of the close of business on the day before the resolution approving the arrangement is adopted at the TVX special meeting or the Echo Bay special meeting, as appropriate. The following is a summary of the rights of dissent, which shareholders are invited to read in conjunction with section 190 of the CBCA, the interim order and the plan of arrangement, which are reprinted in their entirety as Exhibits D, B and C attached to this circular.

The obligation of Kinross, TVX and Echo Bay to complete the combination is subject to the holders of not more than 5% of the issued and outstanding common shares of TVX or Echo Bay exercising their rights of dissent with respect to the arrangement.

If TVX shareholders or Echo Bay shareholders wish to exercise their rights of dissent, Kinross must receive a dissent notice at Suite 5200, 40 King Street West, Toronto, Ontario, Canada, M5H 3Y2, no later than 5:00 p.m. (eastern standard time) on the business day preceding the TVX special meeting or the Echo Bay special meeting, as applicable (or any postponement or adjournment thereof). A dissent notice may also be filed with the Chairman of the TVX special meeting or the Echo Bay special meeting, as the case may be, prior to the commencement of such meeting (or any postponement or adjournment thereof). The filing of a dissent notice does not deprive a registered shareholder of TVX or Echo Bay of the right to vote; but a shareholder who has submitted a dissent notice and who votes in favour of

the arrangement will no longer be considered a dissenting shareholder with

respect to the shares voted in favour of the arrangement. If a shareholder does not vote against the arrangement this will not constitute a waiver of rights of dissent. A vote against the arrangement or a failure to vote does not constitute a dissent notice. Similarly, the revocation of a proxy conferring authority on the proxyholder to vote in favour of the arrangement does not constitute a dissent notice; however, any proxy granted by a TVX or Echo Bay shareholder who intends to dissent, other than a proxy that instructs the proxyholder to vote against the arrangement resolution, should be validly revoked in order to prevent the proxyholder from voting such TVX or Echo Bay common shares in favour of the arrangement and thereby causing the TVX or Echo Bay shareholder to forfeit his or her right of dissent.

There is no right of partial dissent. Accordingly, a dissenting shareholder may only dissent with respect to all TVX common shares or Echo Bay common shares, as applicable, held on behalf of any one beneficial owner and registered in the name of the dissenting shareholder. One consequence of this provision is that a shareholder may only exercise the right to dissent under their rights of dissent in respect of shares which are registered in that shareholder's name. In many cases, shares are beneficially owned by their non-registered holders. Such shares are registered either:

- in the name of an intermediary that the non-registered holder deals with in respect of the shares (such as banks, trust companies, securities dealers and brokers, trustees or administrators of self-administered registered retirement savings plans (as defined under the Tax Act), registered retirement income funds (as defined under the Tax Act), registered education savings plans and similar plans, and their nominees); or

- in the name of a clearing agency (such as The Canadian Depository for Securities Limited, CDS Inc. or The Depository Trust Company) of which the intermediary is a participant.

Accordingly, a non-registered holder will not be entitled to exercise the rights of dissent directly (unless the shares are re-registered in the non-registered holder's name). A non-registered holder who wishes to exercise rights of dissent should immediately contact the intermediary with whom the non-registered holder deals in respect of the shares and either:

- instruct the intermediary to exercise the rights of dissent on the non-registered holder's behalf (which, if the shares are registered in the name of CDS Inc. or other clearing agency, would require that the shares first be re-registered in the name of the intermediary); or

- instruct the intermediary to re-register the shares in the name of the non-registered holder, in which case the non-registered holder would have to exercise the rights of dissent directly.

Kinross is required, within 10 days after the arrangement is approved by the TVX shareholders or the Echo Bay shareholders, as applicable, to notify each shareholder who has filed a dissent notice that the arrangement has been approved. Such notice is not required to be sent to any shareholder who voted

for the arrangement or who has withdrawn his or her Dissent Notice.

A dissenting shareholder who has not withdrawn his or her dissent notice must then, within 20 days after the dissenting shareholder receives notice that the arrangement has been approved or, if the dissenting shareholder does not receive such notice, within 20 days after the dissenting shareholder learns that the arrangement has been approved, send to Kinross a written notice containing his or her name and address, the number of TVX common shares or Echo Bay common shares, as the case may be, in respect of which the dissenting shareholder dissents, and a demand for payment of the fair value of such shares. Within 30 days after sending such a notice and demand for payment, the dissenting shareholder must send, to Kinross or its transfer agent, the certificates representing the TVX common shares or Echo Bay common shares in respect of which he or she dissents.

A dissenting shareholder who fails to send the certificates representing the shares in respect of which he or she dissents has no right to make a claim under the rights of dissent. The transfer agent for Kinross will endorse on share certificates received from a dissenting shareholder a notice that the holder is a dissenting shareholder and will forthwith return the share certificates to the dissenting shareholder.

On sending a notice and demand for payment to Kinross, a dissenting shareholder ceases to have any rights as a shareholder, other than the right to be paid the fair value of his or her TVX common shares or Echo Bay common shares, as determined under the rights of dissent, except where:

- the dissenting shareholder withdraws the demand for payment before Kinross makes a written offer to pay (an "Offer to Pay") fair value for the TVX common shares or the Echo Bay common shares to the dissenting shareholder pursuant to the rights of dissent;

- Kinross fails to make a timely offer to pay fair value for the TVX common shares or the Echo Bay common shares and the dissenting shareholder withdraws his or her demand for payment; or

- the board of directors of TVX or Echo Bay, as the case may be, revokes the special resolution prior to effecting the arrangement,

in all of which cases the dissenting shareholder's rights as a shareholder are reinstated as of the date the notice and demand for payment was sent and such shares shall be subject to the arrangement if it has been completed.

In addition, pursuant to the plan of arrangement, registered shareholders who duly exercise such rights of dissent and who:

- are ultimately determined to be entitled to be paid fair value for their TVX common shares or Echo Bay common shares will be deemed to have transferred their TVX common shares or Echo Bay common shares to Kinross as of the effective time of the arrangement; or

- are ultimately not entitled, for any reason, to be paid fair value for their TVX common shares or Echo Bay common shares, shall be deemed to have participated in the arrangement on the same basis as any non-dissenting and non-electing holder of TVX common shares or Echo Bay common shares and shall receive Kinross common shares in accordance with the plan of arrangement.

Kinross is required, not later than seven days after the later of the effective date of the arrangement or the date on which it received the notice and demand for payment of a dissenting shareholder, to send to each dissenting shareholder who has sent a notice and demand for payment, an offer to pay for his or her TVX common shares or Echo Bay common shares in an amount considered by the board of directors of Kinross to be the fair value thereof, accompanied by a statement showing the manner in which the fair value was determined. Every offer to pay must be on the same terms. Kinross must pay for the TVX common shares or Echo Bay common shares, as the case may be, of a dissenting shareholder within 10 days after an offer to pay has been accepted by a dissenting shareholder, but any such offer to pay lapses if Kinross does not receive an acceptance thereof within 30 days after the offer to pay has been made.

If Kinross fails to make an offer to pay for the TVX common shares or Echo Bay common shares, respectively, of a dissenting shareholder, or if a dissenting shareholder fails to accept an offer that has been made, Kinross may, within 50 days after the effective date of the arrangement or within such further period as a court may allow, apply to a court to fix a fair value for the common shares of dissenting shareholders. If Kinross fails to apply to a court to fix such fair value, a dissenting shareholder may apply to a court for the same purpose within a further period of 20 days or within such further period as a court may allow. A dissenting shareholder is not required to give security for costs in such an application.

Upon an application to a court, all dissenting shareholders whose TVX common shares or Echo Bay common shares have not been purchased by Kinross will be joined as parties and bound by the decision of the court, and Kinross will be required to notify each affected dissenting shareholder of the date, place and consequences of the application and of his or her right to appear and be heard in person or by counsel. Upon any such application to a court, the court may determine whether any person is a dissenting shareholder who should be joined as a party, and the court will then fix a fair value for the TVX common shares and the Echo Bay common shares of all dissenting shareholders. The final order of a court will be rendered against Kinross in favour of each dissenting shareholder and for the amount of the fair value of his or her TVX common shares or Echo Bay common shares as fixed by the court. The court may, in its discretion, allow a reasonable rate of interest on the amount payable to each dissenting shareholder from the effective date of the arrangement until the date of payment.

THE ABOVE IS ONLY A SUMMARY OF THE RIGHTS OF DISSENT, WHICH ARE TECHNICAL AND COMPLEX. WE URGE SHAREHOLDERS WHO WISH TO AVAIL THEMSELVES OF THEIR RIGHTS OF DISSENT TO SEEK LEGAL ADVICE AS FAILURE TO COMPLY STRICTLY WITH THE

PROVISIONS OF THE RIGHTS OF DISSENT MAY RESULT IN THE LOSS OF ALL RIGHTS THEREUNDER. FOR A GENERAL SUMMARY OF CERTAIN INCOME TAX IMPLICATIONS TO A DISSENTING SHAREHOLDER, SEE "MATERIAL CANADIAN FEDERAL INCOME TAX CONSIDERATIONS OF THE ARRANGEMENT" AND "MATERIAL UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS OF THE ARRANGEMENT". THE COMPLETE TEXT OF THE INTERIM ORDER IS ATTACHED TO THIS CIRCULAR AS EXHIBIT B, THE COMPLETE TEXT OF THE PLAN OF ARRANGEMENT IS ATTACHED TO THIS CIRCULAR AS EXHIBIT C AND SECTION 190 OF THE CBCA IS ATTACHED TO THIS CIRCULAR AS EXHIBIT D.

KINROSS

The holders of Kinross common shares will not be entitled to any rights of dissent under the OBCA or otherwise with respect to any matters to be voted upon at the Kinross special meeting.

THE COMBINATION AGREEMENT

The description of the terms and conditions of the combination agreement set out below is materially complete. The full text of the combination agreement attached as Exhibit A and is incorporated by reference in this circular. Shareholders are encouraged to read the combination agreement in its entirety.

GENERAL

The combination agreement is dated as of June 10, 2002, as amended as of July 12, 2002, and is made among Kinross, TVX and Echo Bay. The combination agreement provides for the combination of the businesses of Kinross, TVX and Echo Bay by way of a plan of arrangement effected under the CBCA.

The combination agreement also contemplates that immediately before the completion of the arrangement, TVX will acquire Newmont's interest in the TVX Newmont Americas joint venture under an existing right of first offer and an existing right of first refusal contained in the TVX Newmont Americas joint venture agreements entered into on June 11, 1999.

EXCHANGE RATIOS

Under the arrangement, TVX will amalgamate with 4082389 Canada Inc., a newly-formed, wholly-owned subsidiary of Kinross, and each holder of TVX common shares will receive 6.5 Kinross common shares for each TVX common share. The exchange ratio for the TVX common shares reflects the one for ten consolidation of the TVX common shares which took effect on June 30, 2002.

Also under the arrangement, shareholders of Echo Bay (other than Kinross) will exchange their Echo Bay common shares for Kinross common shares on the basis of 0.52 of a Kinross common share for each Echo Bay common share.

Kinross intends to seek the approval of its shareholders to the consolidation of its outstanding common shares on a one for three basis, to become effective immediately prior to completion of the combination. If the Kinross share consolidation is approved, each holder of TVX common shares will receive 2.1667 Kinross common shares for each TVX common share, and each holder of Echo Bay common shares will receive 0.1733 of a Kinross common share for each Echo Bay common share in the arrangement.

EFFECTIVE DATE

The closing of the combination will be effected on the first business day after the satisfaction or waiver of the conditions described below under "Conditions to Completion of the Combination", or as soon as practicable after that date as the parties may otherwise agree. On the effective date, the parties will take the following steps in the order specified:

- TVX will acquire Newmont's interest in the TVX Newmont Americas joint venture;

- if the share consolidation is approved at the Kinross special meeting of shareholders, Kinross will file articles of amendment with the Director under the OBCA to give effect to the consolidation of the Kinross common shares on a one for three basis;

- Kinross will cause its wholly-owned subsidiary, 4082389 Canada Inc., to file articles of arrangement with the Director under the CBCA to give effect to the plan of arrangement; and

- the resolution of the shareholders of Kinross electing a new board of directors will become effective.

REPRESENTATIONS AND WARRANTIES

The combination agreement contains generally reciprocal representations and warranties given by each of Kinross, TVX and Echo Bay to the other parties. These representations and warranties relate to:

- the recommendation of the independent committee of the board of directors of each of TVX and Echo Bay and the determination by the board of directors of each party to recommend participation by that party in the combination;

- the receipt of a fairness opinion of each party's financial advisor;

- the timely filing of, accuracy and completeness of that party's public disclosure documents;

- the accuracy and completeness of information supplied by that party for inclusion in this circular;

- the absence of a filing of any confidential material change report since December 31, 2000 which remains confidential;

- the corporate power and authority to enter into the combination agreement and to consummate the transactions contemplated by the combination agreement;

- the absence of any violation or conflict with its charter documents, legal requirements, agreements or instruments to which a party or its property is subject or bound resulting from entering into the combination agreement and consummating the transactions contemplated by the combination agreement which would have, individually or in the aggregate, a material adverse effect;

- the absence of any violation of, or conflict with, its charter documents, legal requirements, or other agreements or instruments where the consequences of such violation would have a material adverse effect;

- the accuracy and completeness of its audited and unaudited financial statements; and

- no party having taken or having agreed to take any action or knowing of any fact, agreement, plan or other circumstance that is reasonably likely to prevent the share exchange pursuant to the arrangement from qualifying as a tax-free reorganization for U.S. Federal income tax purposes.

In addition:

- Kinross has represented to the other parties that it is not a "non-Canadian" under the Investment Canada Act (Canada) and no application for review and no notification under the Investment Canada Act (Canada) is required in connection with the combination.

- each of Kinross and Echo Bay has represented to the other parties that the lock-up agreement between Kinross and Echo Bay with respect to Kinross' Echo Bay common shares is in full force and effect as regards Kinross and Echo Bay;

- Echo Bay has represented to the other parties that the lock-up agreement between Newmont and Echo Bay with respect to Newmont's Echo Bay common shares is in full force and effect as regards Echo Bay;

- Echo Bay has represented to the other parties that the definitive agreement with respect to the sale by Echo Bay to Newmont of the McCoy/Cove complex in Nevada, United States is in full force and effect as regards Echo Bay;

- TVX has represented to the other parties that the lock-up agreement between Beech and TVX with respect to Beech's TVX common shares is in full force and effect as regards TVX; and

- TVX has represented to the other parties that TVX and Newmont (or subsidiaries thereof) have entered into purchase agreements providing for the acquisition by TVX of Newmont's interest in the TVX Newmont Americas joint venture and that the purchase agreement is in full force and effect as regards TVX.

The representations and warranties of each of the parties do not survive the completion of the combination and will expire and be terminated on the effective date of the combination.

MATERIAL ADVERSE CHANGE AND MATERIAL ADVERSE EFFECT

Some of the representations, warranties and covenants made by Kinross, TVX and Echo Bay, and some conditions, are qualified by a material adverse change or material adverse effect threshold. For the purposes of the combination agreement, a material adverse change or material adverse effect means any change, effect, event, occurrence or state of facts that is, or would reasonably be expected to be, material and adverse to the business, properties, financial condition or results of operations of Kinross, TVX or Echo Bay, other than any

change, effect, event or occurrence:

- relating to the global economy or securities markets in general;

- affecting the worldwide gold mining industry in general and which does not have a materially disproportionate impact on any of Kinross, TVX or Echo Bay and their subsidiaries and material joint venture interests, taken as a whole;

- resulting from changes in the price of gold;

- relating to the relative values of the dollar and the Canadian dollar; or

- which is a change in the trading price of the publicly traded securities of any of Kinross, TVX or Echo Bay immediately following and reasonably attributable to the announcement of the combination agreement.

The combination agreement provides that any matter or thing, or series of related matters or things which would reasonably be considered to be important in making an investment decision (including matters involving an aggregate amount of $10 million) or that would significantly impede the ability of any of Kinross, TVX or Echo Bay to complete the combination, is material.

COVENANTS

KINROSS BOARD OF DIRECTORS AND CHIEF EXECUTIVE OFFICER

In the combination agreement, each party has agreed that it is its intention that as of and immediately after the effective date of the combination:

- the board of directors of Kinross will be comprised of John A. Brough, Robert M. Buchan, Harry S. Campbell, Arthur Ditto, David Harquail, John M.H. Huxley, Robert L. Leclerc, George F. Michals, Cameron A. Mingay and John E. Oliver; and

- the chief executive officer of Kinross will be Robert M. Buchan.

Kinross has also agreed that, at the Kinross special meeting, the holders of the Kinross common shares will be requested to consider and, if thought fit, to elect Messrs. Campbell, Harquail, Leclerc and Michals to the board of directors of Kinross.

MUTUAL COVENANTS

In the combination agreement each party has agreed, to the extent it is within its control (including in respect of its material joint venture interests), that, except as disclosed by it, or with the prior written consent of the other parties, which consent is not to be unreasonably withheld:

- it will, and will cause each of its subsidiaries and material joint venture interests to, conduct its and their respective businesses only in, and not take any action except in, the usual, ordinary and regular course of business and consistent with past practice;

- except as may be required to give effect to any court order or arbitral award:

- it will not and will not agree to (or permit its material subsidiaries or material joint venture interests to or to agree to) issue, sell, pledge, lease, dispose of or encumber:

  - any shares of or units in, or any options, warrants, calls, conversion privileges or rights of any kind to acquire any shares of or units in it or of its material subsidiaries or material joint venture interests, other than:

    - pursuant to the exercise of stock options, warrants or conversion or exchange rights attaching to securities outstanding as at June 10, 2002 (including Kinross' 5.5% convertible unsecured subordinated debentures issued December 5, 1996); or

    - under existing share issuance or grant plans or stock options issued consistent with past practices and share issuances in respect thereof; or

  - any material assets of it or of its material subsidiaries or material joint venture interests, except in the usual, ordinary and regular course of business and consistent with past practice;

- it will not amend or propose to amend its articles or by-laws or those (or the equivalent charter documents) of its material subsidiaries or the joint venture, partnership, management, operating or similar agreements or similar documents in respect of its material joint venture interests;

- it will not split, combine or reclassify its outstanding shares, or declare, set aside or pay any dividend or other distribution payable in cash, stock, property or otherwise with respect to its shares other than:

  - dividends or distributions made by a wholly-owned subsidiary to it or to a wholly-owned subsidiary of it;

  - regular quarterly dividends in respect of its common shares, in amounts consistent with past practice; or

  - in the case of Kinross, dividends provided for under the provisions of its preferred shares;

- it will not, and will not permit its subsidiaries to, redeem, purchase or offer to purchase any shares or other securities of it or its material subsidiaries, except:

  - as required by the terms of such securities as in effect on June 10, 2002; or

  - in the case of Kinross, the redemption of the Kinross 5.5% convertible unsecured subordinated debentures issued December 5, 1996;

- it will not, and will not permit any of its material subsidiaries to, reorganize, amalgamate or merge it or its material subsidiaries with any other person except for internal reorganizations, amalgamations or mergers involving it and/or its direct or indirect wholly-owned subsidiaries;

- it will not, and will not permit its subsidiaries or material joint venture interests to, acquire or agree to acquire any person, or acquire or agree to acquire any assets, which in each case are individually or in the aggregate material; notwithstanding this provision, if a party is required to approve a budget, operating plan or other business plan for a material joint venture interest in circumstances where it is subject to confidentiality obligations which preclude it from disclosing the subject matter of such budget or plan to the other parties and accordingly is precluded from seeking the consent of the other parties, such party is entitled to approve or refrain from approving such budget or plan without the other parties' consent so long as that party concludes, acting reasonably, that it is in the best interest of the material joint venture interest;

- it will not, and will not permit any of its subsidiaries or material joint venture interests to:

  - satisfy or settle any claims or liabilities which are individually or in the aggregate material, except such as have been reserved against in its most recent audited annual consolidated financial statements delivered to the other parties;

  - relinquish any contractual rights which are individually or in the aggregate material; or

  - enter into any interest rate, currency or commodity swaps, hedges or other similar financial instruments which individually or in the aggregate are material;

  notwithstanding this provision, if a party is required to approve a budget, operating plan or other business plan for a material joint venture interest in circumstances where it is subject to confidentiality obligations which preclude it from disclosing the subject matter of such budget or plan to the other parties and accordingly is precluded from seeking the consent of the other parties, such party is entitled to approve or refrain from approving such budget or plan without the other parties' consent so long as that party concludes, acting reasonably, that it is in the best interest of the material joint venture interest;

- it will not incur or commit to provide guarantees, incur any indebtedness for borrowed money or issue any amount of debt securities, in each case which are individually or in the aggregate material, and will not permit its subsidiaries or material joint venture interests to do any of the foregoing, except for the purpose of the renewal of or the replacement of credit facilities in existence as at June 10, 2002;

- it will not, and will cause each of its material subsidiaries and material joint venture interests not to:

  - enter into or modify any benefit plans, or grant any bonuses, salary increases, stock options, pension or supplemental pension benefits, profit sharing, retirement allowances, deferred or other compensation, incentive compensation, severance or termination pay to, or make any loan to, its directors, officers, employees, consultants, contractors or agents, except in the usual, ordinary and regular course of business and consistent with past practice or as required pursuant to benefit plans in existence as at June 10, 2002; or

  - reallocate capital expenditures among categories within its capital budgets or the capital budgets of its material subsidiaries or material joint venture interests, or incur or commit to capital

expenditures which individually or in the aggregate exceed $10 million, except as set forth in capital budgets that have been approved by its board of directors, and subject to exceptions, when it is in the best interests and necessary course of business of it and its material subsidiaries and material joint venture interests, taken as a whole; notwithstanding this provision, if a party is required to approve a budget, operating plan or other business plan for a material joint venture interest in circumstances where it is subject to confidentiality obligations which preclude it from disclosing the subject matter of such budget or plan to the other parties and

accordingly is precluded from seeking the consent of the other parties, such party is entitled to approve or refrain from approving such budget or plan without the other parties' consent so long as that party concludes, acting reasonably, that it is in the best interest of the material joint venture interest;

- it will use reasonable commercial efforts to cause its insurance policies and those of its material subsidiaries and material joint venture interests, in each case in effect on the date of the combination agreement, not to be cancelled or terminated or any coverage thereunder to lapse, unless simultaneously with such termination, cancellation or lapse, replacement policies underwritten by insurance and re-insurance companies of nationally recognized standing providing coverage equal to or greater than under the terminated, cancelled or lapsed policies for substantially similar premiums are in full force and effect;

- it will use reasonable commercial efforts, and will cause its material subsidiaries and material joint venture interests to use reasonable commercial efforts, to preserve intact its business organizations and goodwill, keep available the services of its officers and employees as a group and maintain existing relationships with suppliers, consultants, joint venture participants, partners, professional advisors, agents, distributors, customers, governmental entities and others having business relationships with it, its material subsidiaries and its material joint venture interests;

- it will not take, or permit its subsidiaries or material joint venture interests to take, any action that would or reasonably may be expected to render any representation or warranty made by it in the combination agreement that is qualified as to materiality untrue or any of such representations and warranties that are not so qualified to be untrue in any material respect;

- to the extent it has knowledge, it shall notify the other Parties of any material adverse change, or any change which could reasonably be expected to become a material adverse change, and any complaints, investigations or hearings brought by any governmental entities or third parties which are material;

- it will not, and will cause each of its subsidiaries and material joint venture interests not to, settle or compromise any claim brought by any present, former or purported holder of any of its securities in connection with the transactions contemplated by the combination agreement or the combination prior to the effective date of the combination;

- it will not, and will cause each of its subsidiaries and material joint venture interests not to, enter into or modify any contract, agreement,

commitment or arrangement which new contract would be material to it or would have a material adverse effect, except in the usual, ordinary and regular course of business and consistent with past practice, or except as required by applicable laws;

- it will not, and will not permit its subsidiaries or material joint venture interests to, take any action, or permit any action to be taken on its behalf, and it will, and will cause its subsidiaries or material joint venture interests to, refrain from taking any action which, in either case, if taken, would be inconsistent with the combination agreement or which would interfere with or be inconsistent with or would reasonably be expected to significantly impede the completion of the combination or any of the transactions contemplated by the combination agreement;

- subject to confidentiality obligations owed to third parties for which a waiver could not reasonably be obtained, to the extent it has knowledge, it shall, in all material respects, conduct itself so as to keep the other parties fully informed as to material decisions or actions made or required to be made with respect to the operation of its business and that of its material subsidiaries and material joint venture interests;

- it shall use its reasonable commercial efforts to conduct its affairs and those of its material subsidiaries and material joint venture interests so that the representations and warranties contained in the combination agreement shall be true and correct in all material respects on and as of the effective date of the combination as if made on that date (except to the extent such representations and warranties speak as of an earlier date);

- subject to fiduciary duties under applicable law or contractual obligations, it shall cause the nominees of the board of directors or management or operating committee of each material joint venture interest to perform such acts and things consistent with the foregoing covenants; and

- it will not make any change to existing accounting practices, except as its regular, independent auditors advise in writing are required by applicable laws, Canadian generally accepted accounting principles or United States generally accepted accounting principles, as applicable, or write up, down or off the book value of any assets

in an amount that in the aggregate would exceed Cdn.$1 million, except where required for compliance with Canadian generally accepted accounting principles or United States generally accepted accounting principles, as applicable.

MATERIAL SUBSIDIARIES AND MATERIAL JOINT VENTURE INTERESTS

Some of the representations, warranties and covenants made by Kinross, TVX and Echo Bay, and some conditions, relate to the material subsidiaries and material joint venture interests of those parties. For the purposes of the combination agreement:

- a material subsidiary of a party means a subsidiary of that party:

  - having total assets representing more than 10% of that party's consolidated assets; or

- having total revenues representing more than 10% of that party's consolidated revenues,

in each case as set out either in the December 31, 2001 audited annual consolidated financial statements of that party or in the March 31, 2002 unaudited quarterly consolidated financial statements of that party; and

- a material joint venture interest of a party means:

  - in respect of Kinross, the Refugio project in Chile;

  - in respect of TVX, the interest currently held by TVX in the TVX Newmont Americas joint venture and the co-ownership interests and joint ventures included therein; and

  - in respect of Echo Bay, none.

COVENANTS REGARDING NON-SOLICITATION AND SUPERIOR PROPOSALS

The combination agreement provides that no party will, or permit its subsidiaries or material joint venture interests (to the extent that such party has the power to do so with respect to its material joint venture interests) to, directly or indirectly, solicit, initiate, facilitate or knowingly encourage the initiation of an acquisition proposal. An "acquisition proposal" is defined in the combination agreement to mean:

- any proposal or offer for a merger, amalgamation, reorganization, recapitalization or other business combination involving a party or a material subsidiary or a material joint venture interest of a party;

- any proposal or offer to acquire in any manner, directly or indirectly, assets which individually or in the aggregate exceed 10% of the consolidated assets of a party;

- any proposal or offer to acquire in any manner, directly or indirectly, any shares or securities convertible, exercisable or exchangeable for securities which exceed 10% of the outstanding voting securities of a party; or

- any sale of treasury shares, or securities convertible, exercisable or exchangeable for treasury shares, which exceed 10% of the outstanding voting securities of the party or rights or interests therein or thereto.

However, the definition of "acquisition proposal" excludes the transactions contemplated by the combination agreement and certain other transactions permitted by that agreement.

If the board of directors of a party receives an unsolicited bona fide acquisition proposal, such board may, however, consider, negotiate, approve or recommend the acquisition proposal to its shareholders so long as the acquisition proposal is a superior proposal. A "superior proposal" is defined in the combination agreement as an unsolicited bona fide acquisition proposal:

- in respect of which any required financing has been demonstrated to the satisfaction of such board of directors, acting in good faith, to be reasonably likely to be obtained;

- which is not subject to a due diligence access condition which allows access to the books, records and personnel of the party subject to the acquisition proposal or any of its material subsidiaries or material joint venture interests or their representatives beyond 5:00 p.m.

(eastern time) on the tenth business day after which access is afforded to the person making the acquisition proposal (provided however that the foregoing shall not restrict the ability of such person to continue to review information properly provided to such person);

- in respect of which such board of directors receives an opinion of counsel, that is reflected in the minutes of such board of directors, that it is required to consider the acquisition proposal in order to discharge properly its fiduciary duties; and

- that such board of directors determines in good faith, after consultation with its financial advisors, would, if consummated in accordance with its terms (but not assuming away any risk of non-completion), result in a transaction:
  - more favourable to its shareholders than the combination;
  - having consideration with a value greater than the value of the consideration provided by the combination; and
  - that is reasonably capable of being completed within a reasonable period of time.

RIGHT TO MATCH SUPERIOR PROPOSAL

The combination agreement provides that no party shall accept, approve, recommend or enter into any agreement, arrangement or understanding to implement a superior proposal without providing to each other party:

- written notice that its board of directors has received and is prepared to accept a superior proposal; and
- a copy of the superior proposal agreement as executed by the third party making the superior proposal,

as soon as possible but in any event at least five business days prior to acceptance of the superior proposal by the board of directors of that party.

Each other party must be given an opportunity (but does not have the obligation), before the expiration of the five business day period, to propose to amend the combination agreement to provide for consideration having a value and financial and other terms equivalent to or more favourable to the shareholders of the party that has received a superior proposal than those contained in such superior proposal, with the result that the superior proposal would cease to be a superior proposal.

If the other parties agree to amend the combination agreement in the manner described above, but otherwise on terms substantially the same as the terms of the combination agreement, the board of directors of the party that has received the superior proposal must consider the terms of the amendment, and if it concludes that the superior proposal is no longer a superior proposal, that party must not implement the proposed superior proposal, and must agree to amend the combination agreement.

If the other parties do not agree to amend the combination agreement, the party that has received the superior proposal may accept the superior proposal provided that it pays the other parties an aggregate of Cdn.$28 million in liquidated damages and, if applicable, the expenses of each such other party up to a maximum of Cdn.$2.5 million. Thereafter, that party may terminate the

combination agreement and enter into an agreement to implement the superior proposal.

ACCESS TO INFORMATION AND CONFIDENTIALITY

The combination agreement provides that during the period before the effective date of the combination, each party will afford each other party's representatives access, during normal business hours, to all its properties, books, contracts and records as well as its management personnel. During this period, each party will furnish promptly to each other party a copy of all material filings with government entities and all other information concerning its business, properties and business personnel as the other parties may reasonably request. The parties agreed that information provided pursuant to this covenant will be subject to the provisions of the confidentiality agreement entered into among the parties.

MUTUAL STANDSTILL PROVISIONS

The combination agreement provides that each party agrees that, without the prior consent of the other parties, it will not, and will not permit any of its subsidiaries to:

- acquire, directly or indirectly, by purchase or otherwise, any voting securities or securities convertible into or exchangeable for voting securities, or direct or indirect rights or options to acquire any voting securities, of any other party;

- make, or in any way participate, directly or indirectly, in any solicitation of proxies to vote, or seek to advise or influence any other third party or entity with respect to the voting of, any voting securities of any other party;

- otherwise act, either alone or jointly or in concert with any third party, to seek to control the management, board of directors or policies of any other party; or

- discuss with any third person any proposal with respect to any other party that involves or would involve any of the foregoing.

The obligations of a party (the "first mentioned party") with respect to another party (the "second mentioned party") under the foregoing mutual standstill provisions terminate immediately upon the earliest of:

- June 10, 2003;

- the date on which the board of directors of the second mentioned party:

  - withdraws or changes its recommendations or determinations with respect to the combination in a manner materially adverse to the other parties or which would materially impede the completion of the combination or has resolved to do so for any reason other than:

    - a breach by the first mentioned party of any of its representations, warranties or covenants contained in the combination agreement in any material respect or the occurrence of a material adverse change with respect to the first mentioned party; or

    - a withdrawal or change resulting solely because the financial advisor to such party has withdrawn or adversely amended its opinion with

respect to the combination;

- agrees to a superior proposal with a third party; or
- agrees to support a superior proposal; and

- the date on which a bona fide acquisition proposal is publicly announced, proposed, offered or made to the shareholders of the second mentioned party.

COVENANTS WITH RESPECT TO THE COMBINATION

In the combination agreement, each party has agreed that in a timely and expeditious manner, it will take all necessary actions in order to enable it to participate in the combination, use commercially reasonable efforts to satisfy the conditions described below under the heading "Conditions to Completion of the Combination" and to do, or cause to be done, all things necessary, proper or advisable under applicable laws to complete the combination. This includes using commercially reasonable efforts to:

- obtain all necessary waivers, consents and approvals from third parties to contracts;
- make or cooperate as necessary in the making of all required filings and applications under applicable laws and obtaining all required consents, approvals and authorizations under any applicable laws;
- effect all necessary registrations, filings, applications and submissions of information requested by governmental entities in connection with the combination;
- oppose, lift or rescind any injunction or restraining order or other order or action to stop, or otherwise adversely affecting the ability of the parties to consummate the combination;
- cooperate with the other parties in connection with its performance of its obligations under the combination agreement;
- cause the share exchange pursuant to the arrangement to qualify as one or more reorganizations described in Section 368(a) of the Code;
- assist and cooperate in the preparation and filing with all applicable securities commissions of all applications to seek appropriate exemptions from applicable securities laws in Canada and the United States;

- mail this circular in accordance with the requirements of applicable securities laws and comply in all material respects with all securities laws in effect as of the date of mailing;

- convene its special meeting of shareholders in connection with the arrangement, provide notice to each other party of its special meeting, allow representatives of the other parties to attend the special meeting and conduct the special meeting in accordance with its articles and bylaws and as required by applicable laws and judicial orders;

- prepare, in consultation with the other parties, any amendments or supplements to this circular which are mutually agreed or otherwise required by applicable laws and mailing such amendments or supplements in accordance with applicable laws;

- in the case of Kinross, take all steps necessary or advisable to obtain a listing on the Toronto Stock Exchange and on the American Stock Exchange, and to use its best efforts to obtain a listing on the New York Stock Exchange, for the Kinross common shares to be issued in connection with the combination;

- furnish promptly each notice, report, schedule or other document or communication delivered, filed or received by, to, with or from it under applicable laws and any dealings with governmental entities, in each case, in connection with the combination;

- in the case of Kinross, subject to approval of the proposed one for three consolidation of its common shares, file its articles of amendment with the Director under the OBCA;

- in the case of Kinross, cause 4082389 Canada Inc. to carry out the terms of the final order and file its articles of arrangement with the Director under the CBCA;

- in the case of Kinross and TVX, cause the purchase of Newmont's interest in the TVX Newmont Americas joint venture to be completed; and

- in the case of Kinross, provide or cause to be provided certificates representing the appropriate number of Kinross common shares to the former holders of TVX common shares and Echo Bay common shares.

FURTHER COVENANTS

Other covenants in the combination agreement include:

- the obligation of Kinross, on the date of the filing of this circular with the U.S. Securities and Exchange Commission and on the effective date of the combination, to execute and deliver a customary letter of representation to each of TVX and Echo Bay, in form and substance satisfactory to TVX and to Echo Bay acting reasonably, in connection with the opinions being requested by TVX and Echo Bay of their respective U.S. counsel to the effect that the share exchange effected by Kinross with the TVX and Echo Bay shareholders pursuant to the plan of arrangement will not cause recognition of income or gain by TVX, Echo Bay or the U.S. shareholders of TVX or Echo Bay; and

- the obligation of Kinross to:

  - maintain directors' and officers' liability insurance policies covering individuals presently covered under TVX's and Echo Bay's existing insurance policies for a period of six years following completion of the combination;

  - assume Echo Bay's performance of its obligations under the warrant indenture dated May 9, 2002 between Echo Bay and Computershare Trust Company of Canada providing for the issue of 39,100,000 Echo Bay share purchase warrants; and

  - take all corporate action necessary to reserve for issuance a sufficient number of Kinross common shares for delivery upon exercise of the Echo Bay share purchase warrants.

TREATMENT OF STOCK OPTIONS AND WARRANTS

The combination agreement provides that the boards of directors of TVX and Echo Bay are to take such actions as may be necessary to adjust the terms of all outstanding stock options granted by TVX and Echo Bay to provide that each option to acquire TVX common shares or Echo Bay common shares outstanding on the effective date shall be deemed to constitute an option to acquire, on substantially identical terms and conditions to those applicable under such stock options and for the same aggregate consideration, the aggregate number of Kinross common shares that the holder of the options would have been entitled to receive as a result of the combination if the holder of the option had been the registered holder of the number of TVX common shares or Echo Bay common shares which the holder was entitled to purchase on exercise of the option. According to the terms of the plans under which the outstanding TVX and Echo Bay stock options were granted or the terms of the options themselves, all outstanding unvested and unexercisable TVX and Echo Bay stock options will become vested and exercisable upon completion of the combination.

Holders of warrants to purchase TVX common shares or Echo Bay common shares will, after the effective date of the combination, be entitled to exercise those warrants to acquire Kinross common shares in accordance with the terms of the agreements governing such warrants. The number of Kinross common shares for which such warrants will be exercisable will be determined on the basis of the TVX exchange ratio or the Echo Bay exchange ratio, as appropriate.

Based on the number of options and warrants to purchase common shares of TVX and Echo Bay outstanding on June 30, 2002, upon completion of the combination, and assuming the Kinross one for three share consolidation occurs,

holders of options to purchase TVX common shares and holders of options to purchase Echo Bay common shares will be entitled to purchase an aggregate of approximately 2,747,545 Kinross common shares and the current holder of warrants to purchase TVX common shares and current holders of warrants to purchase Echo Bay common shares will be entitled to purchase an aggregate of approximately 6,794,667 Kinross common shares.

COVENANTS REGARDING EMPLOYMENT

Kinross has agreed that it will, for a period of one year following the effective date of the combination, continue to provide all persons who are employees of TVX, Echo Bay or their subsidiaries immediately prior to the effective date of the combination and who continue to be employees after the effective date:

- with employment benefits comparable to the benefits to which they were entitled on the effective date of the combination; and

- with respect to benefit plans providing for the issuance of, or based on the value of, Kinross common shares, benefits comparable, in the aggregate, to the benefits provided to similarly situated employees of Kinross and its subsidiaries.

In addition, Kinross will honour, for a period of one year following the effective date of the combination or for the length of time required by an applicable agreement, if different, all TVX and Echo Bay employment, severance, change of control and termination agreements, plans and policies disclosed to Kinross. In addition, Kinross has agreed that service with TVX or Echo Bay will count as service with Kinross for all purposes under Kinross' benefit plans. These arrangements do not extend to any employees of TVX or Echo Bay who are subject to a collective agreement.

CONDITIONS TO COMPLETION OF THE COMBINATION

The obligations of Kinross, TVX and Echo Bay to complete the combination are subject to the fulfillment or waiver of the conditions set forth in the combination agreement. These are:

- the approval of the issuance of shares pursuant to the arrangement and the election of four additional, agreed-upon individuals to the Kinross board of directors by at least a majority of the votes cast by the holders of Kinross common shares at the Kinross special meeting;

- the approval of the arrangement by at least 66 2/3% of the votes cast by the holders of TVX common shares at the TVX special meeting;

- the approval of the arrangement by at least 66 2/3% of the votes cast by the holders of Echo Bay common shares at the Echo Bay special meeting;

- the completion of the purchase by TVX of Newmont's interest in the TVX Newmont Americas joint venture;

- the granting of a final order sanctioning the arrangement by the Superior Court of Ontario in form and substance acceptable to Kinross, TVX and Echo Bay, acting reasonably, which shall not have been set aside or modified in a manner unacceptable to the parties, on appeal or otherwise;

- the absence of any juridical or administrative proceeding by or before any government entity that, if successful, or any law proposed, enacted, promulgated or applied that, would make illegal or otherwise directly or indirectly restrain, enjoin or prohibit the combination or result in a

judgement or assessment of damages relating to the transactions contemplated by the combination agreement which causes a material adverse effect on the party that is the subject of the proceedings or the proposed law;

- the receipt (on terms which will not cause a material adverse effect on any of the parties) of all regulatory approvals, which, if not obtained, would cause a material adverse effect on any of the parties or materially impede the combination;

- the approval for listing of the Kinross common shares to be issued in the arrangement on the Toronto Stock Exchange and either the American Stock Exchange or the New York Stock Exchange, Kinross having agreed to use its best efforts to obtain a listing for such shares on the New York Stock Exchange; and

- dissent rights not having been exercised by the holders of more than 5% of the outstanding common shares of either TVX or Echo Bay.

The obligation of each party to complete the combination is subject to the fulfillment by each other party of the following conditions:

- representations and warranties of the parties contained in the combination agreement being true and correct as of the effective date of the combination, except for any breaches of representations and warranties which would not have a material adverse effect on any other party or materially impede the completion of the combination;

- the performance of all covenants of the parties contained in the combination agreement, except for those which, if not performed, would not have a material adverse effect on any other party or materially impede the completion of the combination; and

- the absence of any change, condition, event or occurrence with respect to any of the parties which has or is reasonably likely to have a material adverse effect on any other party, on the combination or on the combined company that will result from the combination.

AMENDMENT

The combination agreement may from time to time be amended by mutual written agreement of the parties without further notice to or authorization on the part of their respective shareholders, provided that:

- the TVX and Echo Bay exchange ratios may not be varied without the approval of the shareholders of each of the parties or as may be ordered by the Superior Court of Ontario; and

- any such change, waiver or modification does not invalidate any required shareholder approvals of the combination.

LIQUIDATED DAMAGES

Each of Kinross, TVX and Echo Bay may become liable to pay liquidated damages to the other parties if:

- the combination agreement is terminated after its board of directors withdraws or changes its recommendation with respect to the combination in a manner materially adverse to the other parties or which would materially impede the completion of the combination;

- a bona fide acquisition proposal is made to a party or its shareholders and not withdrawn, and its shareholders do not approve that party's participation in the combination or the appropriate resolutions are not submitted for their approval and, thereafter, the combination agreement is terminated and within six months after termination of the combination agreement, the party approves or enters into a change of control proposal or becomes a subsidiary of a third party. A "change of control proposal" in relation to a party is defined in the combination agreement to mean:

  - any proposal or offer for a merger, amalgamation, reorganization, recapitalization or other business combination involving it or any of its material subsidiaries or material joint venture interests;

  - any proposal or offer to acquire in any manner, directly or indirectly, assets which individually or in the aggregate exceed 50% of its consolidated assets;

  - any proposal or offer to acquire in any manner, directly or indirectly, any shares or securities convertible, exercisable or exchangeable for securities which exceed 50% of its outstanding voting securities; or

  - any sale of treasury shares or securities convertible, exercisable or exchangeable for treasury shares, which exceed 50% of its outstanding voting securities; or

- the combination agreement is terminated by a party concurrently with that party entering into an agreement, arrangement or understanding to implement a superior proposal.

Each of the above events is a "damages event" and the party involved in the damages event is referred to as the "defaulting party".

The total amount of liquidated damages payable is Cdn.$28 million subject to the following qualifications:

- a party shall not be entitled to liquidated damages if it is in default of any covenant required to be performed by it under the combination agreement in any material respect or if any representation or warranty made by it is untrue in any material respect;

- if a damages event occurs by reason of the board of directors of the defaulting party having withdrawn or changed its recommendations or determinations with respect to the combination as aforesaid and thereafter the combination agreement is terminated in accordance with its terms, then the amount of liquidated damages payable will be reduced to Cdn.$20 million if such withdrawal or change occurred solely because the financial advisor to the defaulting party has withdrawn or adversely amended its opinion with respect to the combination and written evidence is provided by the defaulting party to each other party that the damages event occurred solely for that reason;

- Echo Bay shall not be required to pay damages to Kinross if the damages

event is a bona fide acquisition proposal publicly announced, proposed, offered or made, and not withdrawn, to the shareholders of Echo Bay or to Echo Bay, Echo Bay's shareholders do not approve Echo Bay's participation in the arrangement and the sole reason that the shareholders of Echo Bay do not approve the arrangement is because Kinross fails to vote its Echo Bay common shares in favour of the arrangement (provided that TVX shall still be entitled to its share of damages payable); and

- the maximum amount of liquidated damages payable by a defaulting party under the foregoing provisions shall be Cdn.$28 million.

Liquidated damages will be allocated between and paid to non-defaulting parties in equal amounts.

REIMBURSEMENT OF EXPENSES

In the event that the shareholders of any party or parties fail to approve the arrangement or matters relating to the arrangement and the combination is not completed for any reason other than the fact that the board of directors of the non-approving party has withdrawn or changed its recommendation solely because its financial advisor has withdrawn or adversely amended its opinion with respect to the combination, then the non-approving party or parties will be required to reimburse the other parties or party whose shareholders approved the arrangement or matters relating to the arrangement for their actual third-party expenses up to a maximum of Cdn.$2.5 million payable to each approving party. In the event that the shareholders of Echo Bay do not approve the arrangement solely because Kinross fails to vote its Echo Bay common shares in favour thereof, Echo Bay shall not be required to make any payment under this provision.

TERMINATION OF THE COMBINATION AGREEMENT

Kinross, TVX and Echo Bay may mutually agree, in writing, to terminate the combination agreement at any time prior to the effective date of the combination. Also, any party may terminate the combination agreement without the consent of any other party, before the effective date of the combination, if:

- any other party breaches a representation or warranty or fails to comply with a covenant contained in the combination agreement which breach or failure would have a material adverse effect on any other party or materially impede the completion of the combination, or if a change, condition or event occurs which has or is reasonably like to have a material adverse effect on any other party, on the combination or on the combined company that will result from the completion of the combination; provided that the party wishing to terminate the combination agreement is not itself in breach of any representation, warranty or covenant in any material respect and provided further that the party wishing to terminate the combination agreement has delivered notice to the other parties asserting the basis for the termination and the breach remains substantially uncured at the earlier of 30 days after notice is given and the termination date, which is November 30, 2002 unless extended as provided for in the combination agreement;

- any condition to the obligations of that party to complete the arrangement is not capable of being satisfied; provided that the party wishing to terminate the combination agreement is not itself in breach of any representation, warranty or covenant in any material respect;

- a juridical or administrative proceeding is brought, any regulatory approval is not received, or rights of dissent are exercised by holders of more than 5% of the outstanding common shares of either TVX or Echo

Bay and,

as a result, these conditions to the obligations of the parties to effect the combination are incapable of being satisfied; provided that the party wishing to terminate the combination agreement is not itself in breach of any representation, warranty or covenant in any material respect;

- the shareholders of any party do not approve the participation of such party in the combination;

- a party's board of directors approves, and concurrently with the termination of the combination agreement enters into an agreement, arrangement or understanding to implement a superior proposal, provided that the party shall have paid the applicable liquidated damages and expenses; or

- the board of directors of any other party withdraws or changes its recommendations to its shareholders in a manner materially adverse to the other parties or which would materially impede the completion of the combination; the party whose board of directors has withdrawn or changed its recommendation in a manner materially adverse to the other parties or which would materially impede the completion of the combination may also terminate the combination agreement if such withdrawal or change occurred solely because the financial advisor to that party has withdrawn or adversely amended its opinion with respect to the combination.

The combination agreement automatically terminates on November 30, 2002 (the initial termination date) if the combination is not effective on or before that date, unless the parties agree to an extension. If the combination is not effective on or before November 30, 2002 only because a final order of the Superior Court of Ontario approving the plan of arrangement has not been granted, the initial termination date will be automatically extended to December 31, 2002 unless the parties agree to a further extension.

FRACTIONAL INTERESTS

No fractional Kinross common shares will be issued in connection with any of the transactions by which the combination is effected. Former shareholders of TVX and Echo Bay who would otherwise receive a fraction of a Kinross common share will be paid by cheque for the value of any such fractional share in an amount determined on the basis that each Kinross common share has a value equal to the volume-weighted average trading price of the Kinross common shares on the Toronto Stock Exchange on the first five trading days on which such shares trade on such exchange immediately following the effective date of the combination.

THE TVX NEWMONT AMERICAS JOINT VENTURE TRANSACTION

GENERAL

TVX and Newmont each hold an approximate 50% indirect interest in the TVX Newmont Americas joint venture. The TVX Newmont Americas joint venture was formed in June 1999 pursuant to certain agreements between TVX and its affiliates and Normandy and its affiliates. Newmont acquired its interest in the joint venture when it combined with Normandy in early 2002. The North American assets of the TVX Newmont Americas joint venture are held through TVX Newmont Americas (Canada) Inc., which is indirectly held 50% less one voting share by Normandy and 50% plus one voting share by TVX. Normandy is currently an indirect

wholly-owned subsidiary of Newmont. The South American assets of the TVX Newmont Americas joint venture are held through TVX Newmont Americas (Cayman) Inc., which is indirectly held 50% less 100 voting shares by Normandy and 50% plus 100 voting shares by TVX.

On June 10, 2002, TVX, TVX Cayman Inc., a wholly-owned subsidiary of TVX ("TVX Cayman"), and Normandy entered into the TVX Newmont Americas purchase agreements to effect the acquisition of Newmont's indirect interest in the TVX Newmont Americas joint venture, for an aggregate purchase price of $180 million. The purchase price may, at TVX's option, be paid entirely in cash or TVX may elect to satisfy up to one half of the purchase price payable under each agreement by delivery of a secured promissory note due December 13, 2002 and the balance in cash. The maximum aggregate amount of the promissory notes which may be issued is $90 million. The arrangement is conditional upon the completion of the purchase of Newmont's interest in the TVX Newmont Americas joint venture. The TVX Newmont Americas purchase agreements were entered into pursuant to an existing right of first offer and an existing right of first refusal contained in the TVX Newmont Americas joint venture agreements. All of the surplus cash flow generated by the TVX Newmont Americas joint venture for the period up to the effective date of the combination will be distributed to TVX and a wholly-owned subsidiary of Normandy in accordance with the current dividend policy of the joint venture.

The TVX Newmont Americas purchase agreements are comprised of the following agreements:

- a North American purchase agreement dated June 10, 2002 between TVX and Normandy providing for the acquisition of Newmont's interest in the North American assets of the TVX Newmont Americas joint venture; and

- a South American purchase agreement dated June 10, 2002 among TVX, TVX Cayman and Normandy providing for the acquisition of Newmont's interest in the South American assets of the TVX Newmont Americas joint venture.

Newmont, in a letter addressed to TVX dated June 10, 2002, acknowledged that it had read the terms of the TVX Newmont Americas purchase agreements and agreed not to impede completion of the transactions contemplated thereby and to take all commercially reasonable steps to ensure completion of such transactions in accordance with the terms of the purchase agreements.

THE NORTH AMERICAN PURCHASE AGREEMENT

Pursuant to the North American purchase agreement, TVX will acquire all the common shares of Newmont Americas Holdings Limited that are owned by Normandy Investments BV, an indirect wholly-owned subsidiary of Normandy. Newmont Americas Holdings in turn holds 52,213,000 common shares of TVX Newmont Americas (Canada) Inc. The purchase price under the North American purchase agreement is $37.5 million.

THE SOUTH AMERICAN PURCHASE AGREEMENT

Pursuant to the South American purchase agreement, TVX Cayman will acquire the one ordinary share of Normandy Cayman Holdco Inc. that is owned by Newmont International Holdings Pty. Ltd., an indirect wholly-owned subsidiary of

Normandy. Normandy Cayman Holdco in turns holds 93,943,500 voting preferred shares and 41,239,500 newinco preferred shares of TVX Newmont Americas (Cayman) Inc. The purchase price under the South American purchase agreement is $142.5 million.

Under the South American purchase agreement, TVX is jointly and severally liable with TVX Cayman for all the obligations of TVX Cayman under the agreement, including all indemnities provided for in the South American purchase agreement and any secured promissory note issued as part of the purchase price.

TERMS OF SECURED PROMISSORY NOTES

TVX or TVX Cayman may elect to pay half of the purchase price under the North American purchase agreement or the South American purchase agreement, or both, by way of a secured promissory note. The promissory note will be due on December 13, 2002 and will bear interest at the rate of 15% per annum with interest accruing daily and payable monthly in arrears. The promissory note may be pre-paid in whole or in part at any time, and will be secured by the transfer and assignment of the Newmont Americas Holdings shares or the Normandy Cayman Holdco shares, as applicable, until paid in full. If an event of default occurs, the principal and accrued interest shall be immediately due and payable upon demand. An event of default under a promissory note will occur if:

- the borrower fails to pay any amount due under the note and such failure continues for a period of three business days;
- any representation or warranty made by the borrower in the applicable TVX Newmont Americas purchase agreement or in any security given by the borrower is incorrect;
- the borrower (or TVX, if TVX is not the borrower) ceases to carry on business;
- the borrower (or TVX, if TVX is not the borrower) fails to pay any amount due on outstanding debt that is in excess of $10 million when such amount becomes due and payable and such failure continues after the applicable grace period, if any, applicable to such indebtedness or if any indebtedness of the borrower (or TVX, if TVX is not the borrower) is or may be accelerated or is declared due and payable prior to its stated maturity;
- any judgement or order is rendered against the borrower in excess of $10 million and either:
  - enforcement proceedings have been commenced; or
  - there is a period of 15 consecutive days when a stay of enforcement of the judgement or order is not in place; or

- the borrower (or TVX, if TVX is not the borrower) becomes insolvent or is subject to insolvency, bankruptcy, liquidation, winding-up or similar proceedings.

REPRESENTATIONS AND WARRANTIES

The North American purchase agreement contains customary representations

and warranties of Normandy including the following:

- Normandy, Normandy Investments and Newmont Americas Holdings are validly subsisting and have the requisite power to execute, deliver and perform the North American purchase agreement;

- absence of any violation or conflict with the agreements or legal requirements to which Normandy, Normandy Investments or Newmont Americas Holdings is subject or bound resulting from entering into the North American purchase agreement and consummating the purchase thereunder;

- Normandy Investments has the exclusive right and full power to transfer the Newmont Americas Holdings shares to TVX and no person has any agreement or option to purchase the Newmont Americas Holdings shares;

- Normandy Investments is the registered and beneficial owner of all of the Normandy Americas Holdings shares and Normandy Americas Holdings is the registered and beneficial owner of 52,213,000 common shares of TVX Newmont Americas Canada;

- Newmont Americas Holdings has filed all required tax returns and paid all applicable taxes;

- Newmont Americas Holdings has no assets other than the TVX Newmont Americas Canada shares and has no accrued or contingent liabilities; and

- Newmont Americas Holdings has never carried on any business except the business of owning the TVX Newmont Americas Canada shares.

The South American purchase agreement also contains customary representations and warranties of Normandy including the following:

- Normandy, Newmont International and Normandy Cayman Holdco are validly subsisting and have the requisite power to execute, deliver and perform the South American purchase agreement;

- absence of any violation or conflict with the agreements or legal requirements to which Normandy, Newmont International or Normandy Cayman Holdco is subject or bound resulting from entering into the South American purchase agreement and consummating the purchase thereunder;

- Newmont International Holdings has the exclusive right and full power to transfer the Normandy Cayman Holdco shares to TVX Cayman and no person has any right or option to purchase the Normandy Cayman Holdco shares;

- Newmont International Holdings is the registered and beneficial owner of all of the Normandy Cayman Holdco shares and Normandy Cayman Holdco is the registered and beneficial owner of 93,943,500 voting preferred shares and 41,239,500 newinco preferred shares of TVX Newmont Americas Cayman;

- Normandy Cayman Holdco has filed all required tax returns and paid all applicable taxes;

- Normandy Cayman Holdco has no assets other than the TVX Newmont Americas Cayman shares, and has no accrued or contingent liabilities; and

- Normandy Cayman Holdco has never carried on any business except the business of owning the TVX Newmont Americas Cayman shares.

The TVX Newmont Americas purchase agreements contain customary representations and warranties of TVX and TVX Cayman, as applicable, including

the following:

- TVX and TVX Cayman are validly subsisting and have the requisite power to execute, deliver and perform the TVX Newmont Americas purchase agreements;

- absence of any violation or conflict with the agreements or legal requirements to which TVX or TVX Cayman is subject or bound resulting from entering into the TVX Newmont Americas purchase agreements and consummating the purchase thereunder;

- the audited financial statements of TVX for the year ended December 31, 2001 and the unaudited financial statements of TVX for the three months ended March 31, 2002 have been prepared in accordance with Canadian generally accepted accounting principles, are true and correct in all material respects and present fairly the financial condition of TVX as at the date of such statements;

- TVX does not have any material accrued or contingent liability or obligation not reflected in its most recent publicly disclosed financial statements except for liabilities and obligations incurred in the ordinary course of business;

- there is no material litigation pending or in progress against TVX other than as publicly disclosed; and

- TVX is current in the filing of required public disclosure documents under applicable securities laws and such filings are complete and correct in all material respects and do not contain any misrepresentation.

The representations and warranties of each party to the TVX Newmont Americas purchase agreements survive the closing of the acquisition of Newmont's interest in the TVX Newmont Americas joint venture generally for a period of two years, except for the representations and warranties of Normandy respecting the ownership of shares, which survive indefinitely, and representations and warranties of Normandy relating to taxes of Newmont Americas Holdings and Normandy Cayman Holdco which survive until the expiration of the applicable assessment and re-assessment periods.

COVENANTS

The TVX Newmont Americas purchase agreements provide for a number of covenants on the part of Normandy, which include the obligation to use reasonable best efforts to obtain resignations and releases of officers and directors of Newmont Americas Holdings, Normandy Cayman Holdco and their respective subsidiaries who are nominees of Normandy or its affiliates.

The TVX Newmont Americas purchase agreements also provide for a number of covenants on the part of TVX and TVX Cayman, as applicable, which include the following covenants:

- not to seek compensation, indemnification, contribution or damages from Normandy, any of its affiliates or any of their respective directors, officers, employees or agents for losses of any kind resulting from any

breach or alleged breach of pre-emptive rights of the companies that own interests in the five operating mines partially owned by the TVX Newmont Americas joint venture, except to the extent such losses are attributable to the actions of a director, officer or employee of Normandy performed without the knowledge of TVX, the TVX Newmont Americas joint venture or their respective directors, officers and employees other than nominees of Normandy; and

- to indemnify Normandy, its affiliates and their respective directors, officers, employees and agents against:

  - any taxes imposed upon TVX Newmont Americas Canada or TVX Newmont Americas Cayman or any of their subsidiaries relating to any period ending on or before June 11, 1999, the date of the formation of the TVX Newmont Americas joint venture; and

  - losses resulting from a December 2001 tax assessment rendered by Brazilian authorities.

Also, TVX and TVX Cayman (TVX Cayman only in respect of the South American purchase agreement), on the one hand, and Normandy, on the other, each agreed to indemnify each other for losses relating to failure to perform covenants or breaches of representations and warranties under the TVX Newmont Americas purchase agreements. The maximum amount of such indemnity is $37.5 million as it relates to breaches of the representations and warranties contained in the North American purchase agreement and $142.5 million as it relates to breaches of the representations and warranties contained in the South American purchase agreement. All indemnities under the TVX Newmont Americas purchase agreements extend to the associates and affiliates of the parties and their respective directors, officers, employees and agents, and their respective successors and assigns.

CONDITIONS PRECEDENT TO THE CLOSING OF THE PURCHASE TRANSACTIONS

The closing of the transactions contemplated by each of the TVX Newmont Americas purchase agreements is subject to the following:

- all of the transactions contemplated in both the North American purchase agreement and the South American purchase agreement are completed concurrently;

- all of the pre-conditions to completion of the transactions contemplated by the combination agreement have been satisfied or waived; and

- all of the transactions contemplated by the combination agreement will be completed immediately following the completion of the purchase of Newmont's interest in the TVX Newmont Americas joint venture.

If any of the combination agreement, the North American purchase agreement or the South American purchase agreement is terminated prior to the closing of the purchase of Newmont's interest in the TVX Newmont Americas joint venture, the TVX Newmont Americas purchase agreement(s) which have not been terminated will automatically terminate.

The TVX Newmont Americas purchase agreements, as applicable, contain the following mutual conditions precedent to the closing of the transactions contemplated thereby:

- receipt of required approvals of Canadian and Brazilian competition

authorities;

- the termination of all agreements, understandings, instruments, commitments and undertakings between TVX and Normandy and their respective affiliates relating to the TVX Newmont Americas joint venture other than the environmental indemnity agreement dated June 11, 1999 between TVX and Newmont International Holdings; and

- the release of the other parties and their affiliates from any claims arising under all agreements, understandings, instruments, commitments, and undertakings relating to the TVX Newmont Americas joint venture other than the environmental indemnity agreement.

Pursuant to the environmental indemnity agreement, TVX agreed to indemnify Newmont International Holdings and its directors, officers, employees and agents for environmental claims made on or before June 11, 2005 in connection with the TVX Newmont Americas joint venture up to an aggregate maximum amount of $15 million.

The TVX Newmont Americas purchase agreements contain customary conditions of closing in favour of TVX and TVX Cayman and in favour of Normandy. In addition, the agreements contain the following conditions in favour of Normandy:

- TVX and its affiliates having released Normandy and its affiliates from certain claims relating to the operations of the TVX Newmont Americas joint venture;

- the royalty to be granted to Newmont on the Gurupi exploration property held by the TVX Newmont Americas joint venture having been fully secured on commercially reasonable terms to the satisfaction of Normandy;

- all amounts owing by TVX and its affiliates to Normandy and its affiliates having been paid in full; and

- if TVX or TVX Cayman elects to pay a portion of the purchase price by a secured promissory note, receipt of security agreements transferring and assigning all of the interest of TVX or TVX Cayman in the Newmont Americas Holdings shares or the Normandy Cayman Holdco shares, as applicable, as security for the obligations of TVX or TVX Cayman under the note.

The TVX Newmont Americas purchase agreements also contain customary conditions in favour of TVX and TVX Cayman as well as a condition that Normandy and its affiliates have released TVX and its affiliates from certain claims relating to the operations of the TVX Newmont Americas joint venture.

REGULATORY MATTERS

COMPETITION ACT

The acquisition by TVX of Newmont's interest in the TVX Newmont Americas joint venture and the arrangement, which together comprise the combination, constitute one or more "merger" transaction(s) for the purposes of the Competition Act (Canada). Under section 92 of the Competition Act, the Competition Tribunal (established pursuant to the Competition Tribunal Act (Canada) and referred to as the "Competition Tribunal" in this circular), upon the application of the Commissioner of Competition appointed pursuant to the Competition Act (the "Commissioner"), may issue an order to, among other things, dissolve a merger or prohibit a proposed merger from proceeding if the Competition Tribunal finds that such merger or proposed merger prevents or lessens, or is likely to prevent or lessen, competition substantially. In addition, pursuant to sections 100 and 104 of the Competition Act, the

Competition Tribunal, upon the application of the Commissioner, may in certain circumstances make a temporary order

(with, or in some cases without, prior notice) to, among other things, prevent a proposed merger from proceeding for a stated period of time (subject in some cases to prescribed time limits). No application may be made by the Commissioner in respect of a merger more than three years after the merger has been substantially completed, nor may the Commissioner apply to the Competition Tribunal for an order in respect of a merger in respect of which an advance ruling certificate ("ARC") has been issued under the Competition Act, solely on the basis of information that is the same or substantially the same as that upon which the ARC was issued, provided that the merger is substantially completed within one year after the ARC is issued.

Also, under the Competition Act, certain transactions require prior notification to the Commissioner. If a transaction is subject to the prior notification requirement (a "Notifiable Transaction"), notification must be made either on the basis of short-form filings (in respect of which there is a 14 day statutory waiting period) or long-form filings (in respect of which there is a 42 day statutory waiting period), unless an ARC is first issued in respect of the transaction or the notification obligation is waived pursuant to section 113(c) of the Competition Act. A Notifiable Transaction may not be completed until the applicable statutory waiting period has expired unless the Commissioner, before the expiry of the waiting period, has advised the parties that he does not at that time intend to bring an application to the Competition Tribunal under the merger provisions of the Competition Act referred to above. The purchase of Newmont's interest in the TVX Newmont Americas joint venture and the arrangement, which together comprise the combination, constitute one or more Notifiable Transaction(s).

The parties filed a request for an ARC in respect of the combination with the Commissioner on July 15, 2002. The ARC was issued on July 26, 2002.

HART-SCOTT-RODINO ANTITRUST IMPROVEMENTS ACT

Under the U.S. Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended, and the rules promulgated thereunder by the United States Federal Trade Commission ("FTC"), the combination may not be consummated until notifications and certain information have been filed with the Antitrust Division of the United States Department of Justice (the "Antitrust Division") and the FTC and all waiting period requirements have been satisfied. The combination is conditioned on the expiry or early termination of the applicable waiting period under the U.S. Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended. All filings required by the Hart-Scott Rodino Antitrust Improvements Act of 1976 have been made. The request for early termination of the waiting period was granted effective August 5, 2002.

Notwithstanding the expiration of the waiting period, at any time before or after the special meetings of the shareholders of the parties, the Antitrust Division or the FTC could take such action under the antitrust laws as it deems necessary or desirable in the public interest, including seeking to enjoin the

combination or seeking to impose conditions such as the divestiture of substantial assets of Kinross or its affiliates.

In addition, state antitrust authorities may also bring legal action under state antitrust laws. Such action could include seeking to enjoin the consummation of the combination or seeking to impose conditions such as the divestiture of certain assets of Kinross. Private parties may also seek to take legal action under the antitrust laws under certain circumstances. There can be no assurance that a challenge to the combination on antitrust grounds will not be made, or if such a challenge is made, of the result thereof.

BRAZILIAN COMPETITION LAW

Under Brazilian Law No. 8884/1994 and Resolution #15/98, certain merger and acquisition transactions are subject to notification to the Office of Economic Law, Ministry of Finance ("SDE") and to review and approval by The Administrative Council for Economic Defense ("CADE").

On June 28, 2002, a filing was submitted to SDE and CADE in relation to the Brazilian portion of the purchase of Newmont's interest in the TVX Newmont Americas joint venture. A filing to SDE and CADE will be required for the combination. The parties will make all required filings on a timely basis.

Based on advice of Brazilian antitrust counsel, TVX expects that the CADE approval will be secured in respect of the purchase of Newmont's interest in the TVX Newmont Americas joint venture. Similarly, the parties to the combination agreement have been advised by Brazilian antitrust counsel that CADE approval should be secured in respect of the combination.

GREEK COMPETITION LAW

Under Greek Law No. 703/1977, certain merger transactions are subject to pre-merger notification to the Greek Competition Committee and clearance by such committee.

TVX, indirectly through its 100% owned Greek subsidiary TVX Hellas, owns properties in northern Greece, referred to as the Hellenic Gold Complex. These properties include the Stratoni base metals operation and the Skouries development project.

Based on the information available to the parties, a pre-merger notification is required. The parties intend to make any required filings on a timely basis. Based on the information available to the parties, the parties expect that required clearance from the Greek Competition Committee will be secured in respect of the combination. However, there can be no assurance that such clearance will be secured.

EXEMPTION FROM MINORITY APPROVAL AND VALUATION REQUIREMENTS

Since Kinross holds more than 10% of the issued and outstanding Echo Bay common shares, the exchange of Echo Bay common shares for Kinross common shares which is part of the arrangement is a "going private transaction" and a "related party transaction" within the meaning of Rule 61-501 of the Ontario Securities Commission and Policy Q-27 of the Commission des Valeurs mobilieres du Quebec (collectively the "Rule"). The Rule requires that certain related party transactions must be approved by a majority of the minority shareholders and

that shareholders be furnished with a valuation (prepared by an independent valuator) of the common shares to be received by shareholders in the transaction. Certain exemptions from these requirements are set forth in the Rule. For example, a transaction which would otherwise be a going private transaction, in this case the exchange of Echo Bay common shares for Kinross common shares as part of the arrangement, except that it falls within certain exemptions from the definition of "going private transactions" as contained in the Rule, is exempted from the "related party transaction" requirements of the Rule, including the valuation and minority approval requirements. Also, a valuation need not be provided and minority approval does not need to be obtained if the "interested party", in this case Kinross, holds Echo Bay common shares that carry fewer voting rights than another Echo Bay shareholder who is not a party to the transaction, and that other Echo Bay shareholder supports the transaction, deals at arm's length with Kinross, is treated identically to all other shareholders of Echo Bay and does not receive a benefit that is not also received by all other Echo Bay shareholders.

In the present case, the parties are relying on exemptions from the formal valuation and minority approval requirements. An exemption is available because the arrangement is an exempt going private transaction on the basis that Kinross is only entitled to receive the same consideration per Echo Bay common share as are all other Echo Bay shareholders, and not any consideration of greater value or differing security, from that received by all other Echo Bay shareholders. A further exemption is available because Newmont, which holds approximately 45.2% of the Echo Bay common shares, holds more voting shares in Echo Bay than Kinross, is not a party to the arrangement and supports the arrangement. Kinross believes it is dealing at arm's length with Newmont. Pursuant to the lock-up agreement between Newmont and Echo Bay, Newmont has also acknowledged that there were no non-financial factors or other factors peculiar to Newmont considered relevant by Newmont in assessing the consideration to be received in exchange for its Echo Bay common shares pursuant to the arrangement which had the effect of reducing the consideration that would otherwise have been considered acceptable by Newmont.

COURT APPROVAL OF THE ARRANGEMENT

An arrangement under the CBCA requires court approval. Prior to the mailing of the circular, Kinross obtained, from the Superior Court of Ontario, the interim order for the arrangement providing for the calling and holding of the special meetings of shareholders of the parties and certain other procedural matters. A copy of this order is attached to this circular as Exhibit B. Pursuant to the interim order, Kinross is required to return to court for a final order approving the arrangement. As set out in the interim order, the hearing in respect of the final order is scheduled to take place on -- , 2002 at -- a.m. at -- . At this hearing, shareholders of TVX or Echo Bay who wish to participate or to be represented or to present evidence or argument may do so, subject to filing a notice of appearance and satisfying other requirements. At the hearing, the Court will be asked to approve the terms and conditions of the arrangement. In hearing the petition for the final order, the Court will consider, among other things, the fairness and reasonableness of the arrangement. The Court may approve the arrangement either as proposed or as amended in any manner the Court may direct, subject to compliance with such terms and conditions, if any, the Court thinks fit. Assuming the final order

is granted and the various other conditions precedent in the combination agreement are satisfied or waived, the combination will be completed as soon as possible thereafter.

EXEMPTIONS FROM REGISTRATION REQUIREMENTS AND RESALE RESTRICTIONS ON KINROSS

COMMON SHARES

CANADA

Kinross common shares issued in connection with the arrangement will be distributed in reliance on exemptions from the registration and prospectus requirements of Canadian securities laws and will be freely tradeable in or into Canada through appropriately registered dealers provided the following conditions are met at the time of such transaction:

- at the time of the trade, Kinross has been a reporting issuer for at least four months;

- the selling shareholder does not hold (alone or in combination with others) more than 20% of the outstanding voting securities of Kinross and does not otherwise hold a sufficient number of any securities of Kinross to affect materially the control of Kinross;

- if the selling shareholder is an insider or officer of Kinross, the selling shareholder has no reasonable grounds to believe that Kinross is in default of any requirements under applicable Canadian securities laws;

- certain disclosures are made to the applicable Canadian securities authorities (which Kinross will make promptly following the effective date of the combination);

- no unusual effort is made to prepare the market or create a demand for the Kinross common shares; and

- no extraordinary commission or consideration is paid in respect of the transaction in the Kinross common shares.

UNITED STATES

The issuance of Kinross common shares to holders of TVX common shares and Echo Bay common shares pursuant to the arrangement will not be registered under the U.S. Securities Act of 1933, as amended (which we refer to in this circular as the "Securities Act"). Such shares will instead be issued in reliance upon the exemption provided by section 3(a)(10) of the Securities Act. Section 3(a)(10) exempts from the general registration requirements securities issued in exchange for one or more outstanding securities where the terms and conditions of the issuance and exchange of such securities have been approved by any governmental authority having appropriate authority, including a court of competent jurisdiction, after a hearing upon the fairness of the terms and conditions of the issuance and exchange at which all persons to whom such securities will be issued have the right to appear. The Superior Court of Ontario is authorized to conduct a hearing to determine the fairness of the terms and conditions of the arrangement, including the proposed issuance of Kinross common shares in exchange for TVX common shares and Echo Bay common shares. The Court entered the interim order on -- , 2002 and subject to the approval of the arrangement by the TVX shareholders and Echo Bay shareholders, a hearing on the fairness of the arrangement will be held by the Court.

Kinross common shares received by holders of TVX common shares or Echo Bay common shares in the arrangement will be freely transferable, except for Kinross common shares received by persons who are deemed to be "affiliates" (as such term is defined for purposes of Rule 145 of the Securities Act) of Kinross, TVX or Echo Bay prior to the completion of the arrangement. Persons who may be deemed to be affiliates of Kinross, TVX or Echo Bay generally include individuals or entities that control, are controlled by, or are under common control with, such party and may include officers, directors and principal

shareholders.

Persons who are deemed to be affiliates of Kinross, TVX or Echo Bay may not sell Kinross common shares acquired in connection with the arrangement, except pursuant to an effective registration under the Securities Act covering such shares or in compliance with Rule 145 (or Rule 144 under the Securities Act in the case of persons who become affiliates of Kinross) or another applicable exemption from the registration requirements of the Securities Act. In general, under Rule 145, for one year following the effective date, an affiliate (together with certain related persons) would be entitled to sell Kinross common shares acquired in connection with the arrangement only through unsolicited "broker transactions" as such term is defined in Rule 144 or in transactions directly with a "market maker" as such term is defined in section 3(a)(38) of the Exchange Act. Additionally, the number of shares to be sold by an affiliate (together with certain related persons and certain persons acting in concert) within any three-month period for purposes of Rule 145 may not exceed the greater of 1% of the outstanding Kinross common shares or the average weekly trading volume of such stock during the four calendar weeks preceding such sale. Rule 145 will only remain available to

affiliates if Kinross remains current with its informational filings with the United States Securities and Exchange Commission under the Exchange Act. One year after the effective date, a former affiliate would be able to sell such Kinross common shares without regard to such sale or volume limitations provided that Kinross was current with its Exchange Act informational filings and such affiliate was not then an affiliate of Kinross. Two years after the effective date, a former affiliate would be able to sell such Kinross common shares without any restrictions so long as such affiliate had not been an affiliate of Kinross for at least three months prior thereto. Persons deemed affiliates may at any time sell such Kinross common shares outside the United States in a transaction complying with the provisions of Regulation S under the Securities Act.

This document does not constitute a registration statement covering resales of Kinross common shares by persons who are otherwise restricted from selling their shares pursuant to Rules 144 and 145 of the Securities Act.

MATERIAL CANADIAN FEDERAL INCOME TAX CONSIDERATIONS OF THE ARRANGEMENT

In the opinion of Fasken Martineau DuMoulin LLP, special counsel to TVX, and Fraser Milner Casgrain LLP, counsel to Echo Bay, the following summary describes, as of the date hereof, the material Canadian federal income tax considerations under the Tax Act of the arrangement generally applicable to holders of TVX common shares, Echo Bay common shares and Echo Bay warrants who at all relevant times and for purposes of the Tax Act:

- deal at arm's length with and are not affiliated with Kinross, TVX and Echo Bay; and

- hold their TVX common shares, Echo Bay common shares and Echo Bay warrants and will hold their Kinross common shares as capital property.

TVX common shares, Echo Bay common shares, Echo Bay warrants and Kinross common shares will generally be considered to be capital property to the holder provided that the holder does not hold such securities in the course of carrying on a business and has not acquired such securities in a transaction or transactions considered to be an adventure in the nature of trade. This summary does not take into account the "mark-to-market rules" in the Tax Act that apply

to "financial institutions", and holders that are "financial institutions" for the purposes of these rules should consult their own tax advisors.

This summary is based on the current provisions of the Tax Act, the current regulations thereunder (the "Regulations") and counsel's understanding of the current published administrative and assessing practices of the CCRA. This summary also takes into account all specific proposals to amend the Tax Act and the Regulations publicly announced by the Minister of Finance (Canada) prior to the date hereof (collectively, the "Proposed Amendments"). No assurance can be given that the Proposed Amendments will be enacted as tabled or announced. However, the Canadian federal income tax considerations applicable to holders with respect to their TVX common shares, Echo Bay common shares and Echo Bay warrants will not be different in a material adverse way if the Proposed Amendments are not enacted. This summary does not otherwise take into account or anticipate any changes to the law, whether by judicial, governmental or legislative decision or action, nor does it take into account provincial, territorial or foreign tax legislation or considerations, which may differ from the Canadian federal income tax considerations discussed herein.

THIS SUMMARY ASSUMES THAT THE KINROSS SHAREHOLDER RIGHTS PLAN WILL BE TERMINATED BY KINROSS SHAREHOLDERS AT THE KINROSS SPECIAL MEETING PRIOR TO THE EFFECTIVE DATE OF THE COMBINATION SO THAT HOLDERS OF TVX COMMON SHARES AND HOLDERS OF ECHO BAY COMMON SHARES WILL NOT ACQUIRE ANY RIGHTS UNDER SUCH PLAN AS A RESULT OF THE ARRANGEMENT. THE ARRANGEMENT IS NOT CONDITIONAL ON THE TERMINATION OF THE KINROSS SHAREHOLDER RIGHTS PLAN. IF HOLDERS OF TVX COMMON SHARES AND HOLDERS OF ECHO BAY COMMON SHARES ACQUIRE RIGHTS UNDER THE KINROSS SHAREHOLDER RIGHTS PLAN IN THE ARRANGEMENT BECAUSE THE PLAN HAS NOT BEEN TERMINATED THEN SUCH HOLDERS MAY BE TREATED AS HAVING DISPOSED OF THEIR TVX COMMON SHARES AND ECHO BAY COMMON SHARES FOR PROCEEDS OF DISPOSITION EQUAL TO THE AGGREGATE OF THE FAIR MARKET VALUE OF THE KINROSS COMMON SHARES (AND CASH RECEIVED IN LIEU OF A FRACTIONAL SHARE, IF APPLICABLE) AND ANY RIGHTS UNDER THE KINROSS SHAREHOLDER RIGHTS PLAN RECEIVED IN EXCHANGE THEREFOR. A RECENT POSITION TAKEN BY THE CCRA ON A SHAREHOLDER RIGHTS PLAN INDICATES THAT HOLDERS MAY BE ASSESSED ON THIS BASIS. HOLDERS ARE URGED TO CONSULT THEIR OWN TAX ADVISORS IN THIS REGARD.

THIS SUMMARY IS OF A GENERAL NATURE ONLY, AND IS NOT INTENDED TO BE, NOR SHOULD IT BE CONSTRUED TO BE, LEGAL OR TAX ADVICE TO ANY PARTICULAR HOLDER. ACCORDINGLY, HOLDERS OF TVX COMMON SHARES, ECHO BAY COMMON SHARES AND ECHO BAY WARRANTS ARE URGED TO CONSULT THEIR OWN TAX ADVISORS FOR ADVICE REGARDING THE INCOME TAX CONSEQUENCES OF THE ARRANGEMENT AND THE EXERCISE OF DISSENT RIGHTS HAVING REGARD TO THEIR PARTICULAR CIRCUMSTANCES.

HOLDERS RESIDENT IN CANADA

The following portion of this summary is applicable to holders of TVX common shares, Echo Bay common shares and Echo Bay warrants and those persons who become holders of Kinross common shares as a consequence of the arrangement, who, for the purposes of the Tax Act and any applicable income tax convention, at all relevant times, are resident in Canada or are deemed to be resident in Canada. Certain Canadian resident holders whose TVX common shares, Echo Bay common shares or Kinross common shares might not otherwise qualify as capital property may make an irrevocable election in accordance with subsection 39(4) of the Tax Act to deem the shares and every "Canadian security" (as defined in the Tax Act) owned by such holders to be capital property in the taxation year of

the election and in all subsequent taxation years.

HOLDERS OF TVX COMMON SHARES ON AMALGAMATION

Holders of TVX common shares (other than holders of TVX common shares who dissent from the arrangement) will realize neither a capital gain nor a capital loss on the amalgamation as a result of which the TVX common shares will be disposed of in exchange for Kinross common shares. The aggregate cost of the Kinross common shares received by a TVX shareholder on the amalgamation will be equal to the aggregate adjusted cost base to the TVX shareholder of the TVX common shares disposed of in exchange for such Kinross common shares by virtue of the amalgamation. The holder's cost of such Kinross common shares must be averaged with the adjusted cost base of any other Kinross common shares held by the holder to determine the holder's adjusted cost base of such Kinross common shares.

Under the current administrative and assessing practice of the CCRA, a holder of TVX common shares who receives cash in an amount under Cdn.$200 in lieu of a fraction of a Kinross common share on the amalgamation may ignore the computation of any gain or loss on the partial disposition and reduce the adjusted cost base of the Kinross common shares received on the amalgamation by the amount of such cash. Alternatively, the holder of TVX common shares may include the capital gain or loss arising on the disposition of the fractional share in the computation of that holder's income.

HOLDERS OF ECHO BAY COMMON SHARES ON ARRANGEMENT

A capital gain (or capital loss) that would otherwise be realized by a holder of Echo Bay common shares on the exchange of Echo Bay common shares for Kinross common shares pursuant to the arrangement will be deferred under the provisions of the Tax Act provided that:

- such holder does not, in the holder's return of income for the taxation year in which such exchange occurs, include in computing the holder's income any portion of the gain or loss, otherwise determined, from the disposition of the exchanged shares; and

- the holder, or persons with whom the holder does not deal at arm's length, or the holder together with persons with whom the holder does not deal at arm's length, do not control Kinross and do not beneficially own shares in the capital stock of Kinross having a fair market value of more than 50% of the fair market value of all of the outstanding shares of the capital stock of Kinross, immediately after the exchange.

Where a holder is entitled to the deferral, the holder will be deemed:

- to have disposed of that holder's Echo Bay common shares for proceeds of disposition equal to the adjusted cost base of the shares to the holder immediately before such exchange; and

- to have acquired the Kinross common shares at a cost equal to the adjusted cost base of the holder's Echo Bay common shares immediately before the exchange. The holder's cost of such Kinross common shares will be averaged with the adjusted cost base of any other Kinross common shares held by the holder to determine the holder's adjusted cost base of such Kinross common shares.

Under the current administrative and assessing practice of the CCRA, a holder of Echo Bay common shares who receives cash in an amount not exceeding Cdn.$200 in lieu of a fraction of a Kinross common share under the arrangement may ignore the computation of any gain or loss on the partial disposition and reduce the adjusted cost base of the Kinross common shares received under the

arrangement by the amount of such cash. Alternatively, the holder of Echo Bay common shares may include the capital gain or loss arising on the disposition of the fractional share in the computation of that holder's income.

A holder of Echo Bay common shares who is not eligible for the deferral in respect of the exchange of Echo Bay common shares will be deemed to have disposed of those Echo Bay common shares for proceeds of disposition equal to the fair market value of the Kinross common shares (and cash in lieu of a fractional share, if applicable) received in exchange therefor and to have acquired such Kinross common shares at a cost equal to their fair market value. The cost of Kinross common shares that the holder acquires must be averaged with the adjusted cost base of any other Kinross common shares held by the holder to determine the holder's adjusted cost base of such Kinross common shares. Such holder of Echo Bay common shares will realize a capital gain (or capital loss) equal to the amount by which the proceeds of disposition, net of any reasonable costs of disposition, exceed (or are less than) the adjusted cost base of the Echo Bay common shares to such holder. The income tax treatment of capital gains and losses is discussed in greater detail below under the subheading "Taxation of Capital Gains and Losses".

HOLDERS OF ECHO BAY WARRANTS ON ARRANGEMENT

While the matter is not free from doubt, counsel is of the view that holders of Echo Bay warrants will realize neither a capital gain nor a capital loss as a result of such holders becoming entitled, under the existing terms of the warrant indenture dated May 9, 2002, to acquire Kinross common shares upon the exercise of the warrants after the effective date of the combination. Holders of Echo Bay warrants who wish to avoid any uncertainty concerning the tax consequences to them of the arrangement may wish to exercise their warrants and acquire Echo Bay common shares prior to the effective date of the combination in which case they will be treated as holders of Echo Bay common shares (see discussion above under the subheading "Holders of Echo Bay Common Shares on Arrangement"). Holders of Echo Bay warrants are urged to consult their own tax advisors in this regard.

DIVIDENDS ON KINROSS COMMON SHARES

A holder who is an individual will be required to include the amount of any dividends received or deemed to be received on the Kinross common shares in computing the holder's income. The holder will be subject to the gross-up and dividend tax credit rules normally applicable to taxable dividends received from taxable Canadian corporations (as defined in the Tax Act).

A holder that is a corporation will be required to include in computing income the amount of any dividends on the Kinross common shares received or deemed to be received by the holder, but will be entitled to deduct the amount of the dividends in computing its taxable income. A holder that is a "private corporation" or a "subject corporation" (as defined in the Tax Act) may be liable under Part IV of the Tax Act to pay a refundable tax of 33 1/3% of dividends received or deemed to be received on the Kinross common shares to the extent that such dividends are deductible in computing the holder's taxable income. This tax will be refunded to the holder at the rate of Cdn.$1 for every Cdn.$3 of taxable dividends paid while it is a private corporation or a subject corporation.

DISPOSITION OF KINROSS COMMON SHARES

A holder disposing of Kinross common shares will realize a capital gain (or capital loss) to the extent that the proceeds of disposition thereof, net of any reasonable costs of disposition, exceed (or are less than) the adjusted cost base of such shares to such holder. The income tax treatment of capital gains and losses is discussed in greater detail below under the subheading "Taxation of Capital Gains and Losses".

WARRANTS TO ACQUIRE KINROSS COMMON SHARES

Exercise of Warrants

No gain or loss will be realized on the exercise of a warrant to acquire Kinross common shares. When a warrant is exercised, the holder's cost of the Kinross common shares acquired thereby will be equal to the holder's adjusted cost base of the warrant plus the exercise price paid for the Kinross common shares. The holder's cost of such Kinross common shares must be averaged with the adjusted cost base of any other Kinross common shares held by the holder to determine the holder's adjusted cost base of such Kinross common shares.

Disposition and Expiry of Warrants

A disposition or deemed disposition by a holder of warrants will generally give rise to a capital gain (or capital loss) equal to the amount by which the proceeds of disposition, net of any reasonable costs of disposition, are greater (or less) than such holder's adjusted cost base of the warrants. The expiry of unexercised warrants will constitute a disposition thereof for nil proceeds of disposition, resulting in the holder realizing a capital loss equal to such holder's

adjusted cost base of the expired warrants. The tax treatment of capital losses is discussed in greater detail below under the subheading "Taxation of Capital Gains and Losses".

TAXATION OF CAPITAL GAINS AND LOSSES

One-half of capital gains will be included in income as taxable capital gains and one-half of capital losses will be allowable capital losses that may be deducted against taxable capital gains realized in the year of disposition. Subject to the detailed rules contained in the Tax Act, any unused allowable capital loss may be applied to reduce net taxable capital gains realized by the holder in the three preceding and in all subsequent taxation years. Where the holder is an individual or a trust, other than certain trusts, the realization of a capital gain may result in a liability for alternative minimum tax under the Tax Act.

Recognition of capital losses otherwise realized may be denied in various circumstances set out in the Tax Act. The amount of any capital loss realized by a corporate holder on a disposition of TVX common shares, Echo Bay common shares or Kinross common shares may be reduced by the amount of dividends received, if any, or deemed to be received on the shares, to the extent and under the circumstances provided in the Tax Act. Similar rules may apply where a corporation is a member of a partnership or a beneficiary of a trust that owns the shares or where a trust or partnership of which a corporation is a beneficiary or a member, respectively, is a member of a partnership or a beneficiary of a trust that owns the shares.

A holder that is a Canadian-controlled private corporation throughout the relevant taxation year may be subject to an additional refundable tax of 6 2/3% on taxable capital gains. This additional tax will be refunded to the holder at

the rate of Cdn.$1 for every Cdn.$3 of taxable dividends paid while it is a private corporation.

DISSENTING SHAREHOLDERS

If the arrangement becomes effective, a holder of TVX common shares or Echo Bay common shares who dissents to the arrangement (a "Dissenting Shareholder") and, as a consequence, disposes of TVX common shares or Echo Bay common shares to Kinross, will be considered to have disposed of such shares for proceeds of disposition equal to the cash payment (exclusive of interest) received from Kinross for the fair value thereof and will realize a capital gain (or capital loss) equal to the amount by which such cash payment (exclusive of interest), net of any reasonable costs of disposition, exceeds (or is less than) the adjusted cost base of such TVX common shares or Echo Bay common shares, as the case may be, to such shareholder. The income tax treatment of capital gains and losses is discussed in greater detail above under the subheading "Taxation of Capital Gains and Losses".

A Dissenting Shareholder who receives interest on a payment received in respect of the fair value of the TVX common shares or Echo Bay common shares will be required to include the amount of such interest in computing income.

We urge any shareholder who is considering dissenting to the arrangement to consult with a tax advisor with respect to the income tax consequences of such action.

HOLDERS NOT RESIDENT IN CANADA

The following portion of the summary is generally applicable to holders of TVX common shares, Echo Bay common shares and Echo Bay warrants who, for purposes of the Tax Act and any applicable income tax convention, have not been and will not be resident or deemed to be resident in Canada at any time while they have held TVX common shares, Echo Bay common shares or Echo Bay warrants or will hold Kinross common shares and who do not use or hold and are not deemed to use or hold the TVX common shares, Echo Bay common shares, Echo Bay warrants or Kinross common shares in carrying on a business in Canada (a "Non-Resident Holder"). Special rules, which are not discussed in this summary, may apply to a non-resident that is an insurer carrying on business in Canada and elsewhere.

HOLDERS OF ECHO BAY WARRANTS

While the matter is not free from doubt, counsel is of the view that Non-Resident Holders of Echo Bay warrants will realize neither a capital gain nor a capital loss as a result of such Non-Resident Holders becoming entitled, under the existing terms of the warrant indenture dated May 9, 2002, to acquire Kinross common shares upon the exercise of the warrants after the effective date of the combination. In any event, a Non-Resident Holder will not be subject to capital gains tax under the Tax Act on the disposition of an Echo Bay warrant unless such warrant constitutes "taxable

Canadian property" of the Non-Resident Holder for purposes of the Tax Act and the Non-Resident Holder is not entitled to relief under an applicable income tax convention (see discussion below under the subheading "Capital Gains"). Non-Resident Holders of Echo Bay warrants are urged to consult their own tax advisors in this regard.

EXERCISE OF WARRANTS TO ACQUIRE KINROSS COMMON SHARES

No gain or loss will be realized on the exercise of a warrant to acquire Kinross common shares. When a warrant is exercised, the Non-Resident Holder's cost of the Kinross common shares acquired thereby will be equal to the Non-Resident Holder's adjusted cost base of the warrant plus the exercise price paid for the Kinross common shares. The Non-Resident Holder's cost of such Kinross common shares must be averaged with the adjusted cost base of any other Kinross common shares held by the Non-Resident Holder to determine the Non-Resident Holder's adjusted cost base of such Kinross common shares.

CAPITAL GAINS

A Non-Resident Holder will not be subject to capital gains tax under the Tax Act on the disposition of TVX common shares, Echo Bay common shares, Echo Bay warrants or Kinross common shares unless such securities constitute "taxable Canadian property" of the holder for purposes of the Tax Act. If such securities do constitute taxable Canadian property, the Non-Resident Holder may be exempt from tax under an applicable income tax convention.

Generally, TVX common shares, Echo Bay common shares and Kinross common shares, as the case may be, and warrants to acquire such shares, will not be taxable Canadian property at a particular time provided that such shares are listed on a prescribed stock exchange (which includes the Toronto Stock Exchange), and the holder, either alone or together with persons with whom such holder does not deal at arm's length, has not owned 25% or more of the issued shares of any class or series in the capital of TVX, Echo Bay or Kinross, as the case may be, at any time during the 60 month period that ends at the particular time. The CCRA takes the position that for these purposes a person (and persons with whom such person does not deal at arm's length) will be considered to own any shares in respect of which such person (and persons with whom such person does not deal at arm's length) had an interest or option and that interests and options held by other persons are ignored.

DIVIDENDS ON KINROSS COMMON SHARES

Dividends paid or deemed to be paid to a Non-Resident Holder on Kinross common shares will be subject to Canadian withholding tax at the rate of 25% unless the rate is reduced under the provisions of an applicable income tax convention.

Under the provisions of the Canada -- United States Income Tax Convention (1980), as amended (the "U.S. Treaty"), dividends paid or credited or deemed under the Tax Act to be paid or credited by Kinross to a Non-Resident Holder who is a resident of the United States for purposes of the U.S. Treaty generally will be subject to Canadian withholding tax at the rate of 15%. This rate will be reduced to 5% if the beneficial owner of the dividend is a company that owns at least 10% of the voting stock of Kinross.

INTEREST

Where a Non-Resident Holder receives interest consequent upon the exercise of dissent rights, such interest will be subject to Canadian withholding tax at the rate of 25% unless the rate is reduced under the provisions of an applicable income tax convention. This rate will be reduced to 10% if the beneficial owner of the interest is a resident of the United States for purposes of the U.S. Treaty.

MATERIAL UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS OF THE ARRANGEMENT

The following summary discusses the material U.S. Federal income tax consequences to the U.S. holders of Echo Bay common shares and to the U.S. holders of TVX common shares in the arrangement. This discussion is based upon the Code, its legislative history, the Treasury regulations promulgated thereunder, administrative rulings and judicial decisions currently in effect, all of which are subject to change, possibly on a retroactive basis, and certain factual representations made by Kinross, Echo Bay and TVX. Any change in currently applicable law, which may or may not be retroactive, or failure of any of the factual representations made by Kinross, Echo Bay or TVX to be true, correct and complete in all material respects could affect the continuing validity of this discussion. The discussion assumes that

U.S. holders of Echo Bay common shares and TVX common shares hold their shares as a capital asset within the meaning of Section 1221 of the Code. Further, the discussion does not address all aspects of U.S. Federal income taxation that may be relevant to a particular shareholder in light of his or her personal investment circumstances or to shareholders subject to special treatment under the U.S. Federal income tax laws such as financial institutions, insurance companies, tax-exempt organizations, qualified retirement plans, individual retirement accounts, regulated investment companies, brokers, dealers and traders in securities and currency, banks, trusts, persons that hold their Echo Bay common shares or TVX common shares as part of a straddle, a hedge against currency risk, a constructive sale or conversion transaction, persons that have a functional currency other than the U.S. dollar, U.S. expatriates, investors in pass-through entities, shareholders who acquired their Echo Bay common shares or TVX common shares through the exercise of options or otherwise as compensation or through a tax-qualified retirement plan, holders of options and performance share units granted under any benefit plan, persons subject to the alternative minimum tax or persons that, as a result of the arrangement, will own, directly or indirectly, at least 10% of the total combined voting power of Kinross. Furthermore, this discussion does not consider the potential effects of any state or local tax laws or the tax consequences in jurisdictions other than the United States.

None of Kinross, TVX or Echo Bay have requested a ruling from the IRS with respect to any of the U.S. Federal income tax consequences of the arrangement and, as a result, there can be no assurance that the IRS (or a court) will not disagree with or challenge any of the conclusions set forth herein.

HOLDERS OF ECHO BAY COMMON SHARES AND HOLDERS OF TVX COMMON SHARES ARE URGED TO CONSULT THEIR OWN TAX ADVISORS REGARDING THE SPECIFIC TAX CONSEQUENCES TO THEM OF THE ARRANGEMENT, INCLUDING THE APPLICABILITY AND EFFECT OF U.S. FEDERAL, STATE, LOCAL AND FOREIGN INCOME AND OTHER TAX LAWS IN THEIR PARTICULAR CIRCUMSTANCES.

For purposes of this discussion:

- "U.S. Holder" means:
  - a citizen or resident of the United States;
  - a corporation or other entity taxable as a corporation created or organized under the laws of the United States or any political subdivision thereof or therein;
  - a trust if a U.S. court is able to exercise primary supervision over the administration of the trust and one or more U.S. persons have the authority to control all substantial decisions of the trust; or

- an estate the income of which is includable in gross income for U.S. Federal income tax purposes regardless of its source; and

- "Non-U.S. Holder" means any person that is not a U.S. Holder.

If a partnership holds Echo Bay common shares or TVX common shares, the consequences to a partner generally will depend upon the activities of the partnership and the status of the partner. We urge a partner of a partnership that holds Echo Bay common shares or TVX common shares to consult its tax advisor regarding the specific tax consequences to the partner of the arrangement.

This summary does not address the U.S. Federal income tax consequences of the arrangement to Non-U.S. Holders, and such Non-U.S. Holders are accordingly urged to consult their own tax advisors regarding the potential U.S. Federal income tax consequences to them of the arrangement.

TAX CONSEQUENCES OF THE ARRANGEMENT TO ECHO BAY U.S. SHAREHOLDERS

The obligation of Echo Bay to complete the transactions contemplated by the combination agreement is NOT conditioned on the receipt of an opinion of U.S. counsel that the arrangement will be treated as a tax free reorganization for U.S. Federal income tax purposes and, in the event Echo Bay does not receive such opinion, it is possible that such transactions could be treated as a taxable transaction for U.S. Federal income tax purposes. Each Echo Bay shareholder is urged to take this possibility into account when deciding whether to vote for the arrangement.

Echo Bay has received an opinion from Cravath, Swaine & Moore, U.S. counsel to Echo Bay, to the effect that, as of the date of this circular, the arrangement will not cause recognition of income or gain for U.S. Federal income tax purposes by Echo Bay or by the U.S. Holders of Echo Bay common shares. Such opinion is based upon certain considerations, including those described below.

The Cravath opinion as to the material U.S. Federal income tax consequences of the arrangement to holders of Echo Bay common shares is subject to certain qualifications, assumes that the arrangement is consummated in accordance with the terms of the combination agreement and as described in this circular and is based upon currently applicable law and certain factual representations made by Kinross to Echo Bay in a representation letter dated as of the date of this circular, which representation letter was provided by Echo Bay to Cravath, and certain factual representations made by Echo Bay in a representation letter dated as of the date of this circular, which representation letter was also provided by Echo Bay to Cravath. Any change in currently applicable law, which may or may not be retroactive, or failure of any of such factual representations or assumptions to be true, correct and complete in all material respects, could affect the continuing validity of the Cravath tax opinion. The conclusions reached in the Cravath tax opinion are:

- the exchange of Echo Bay common shares for Kinross common shares pursuant to the arrangement will be treated as a reorganization within the meaning of Section 368(a) of the Code and Kinross and Echo Bay will each be a party to that reorganization within the meaning of Section 368(b) of the Code;

- no gain or loss will be recognized by U.S. Holders of Echo Bay common shares on the exchange of such shares for Kinross common shares (except as discussed below with respect to cash received in lieu of fractional Kinross common shares) if, by virtue of the arrangement, they become holders of less than 5% of the shares of Kinross, measured by either voting rights or value. No gain will be recognized by U.S. Holders of Echo Bay common shares on the exchange of such shares for Kinross common shares if, by virtue of the arrangement, they become holders of 5% or greater of the shares of Kinross measured by either voting rights or value, provided such shareholders who have a gain on their shares enter into gain
