- (1) ING Condensed Consolidated Interim Accounts for the Six Month Period ended June 30, 2007.
-

## INTERIM ACCOUNTS

### 4. Introduction

This section includes the ING Group Condensed consolidated interim accounts, prepared in accordance with International Accounting Standard 34 Interim Financial Reporting (IAS 34) and including the review report of Ernst & Young. These condensed consolidated interim accounts are prepared in accordance with International Financial Reporting Standards as adopted by the European Union ( IFRS-EU ). Other sections of this Group Statistical Supplement are presented on an underlying basis, i.e. excluding gains/losses on divestments, profit from divested units and certain special items. A reconciliation between Underlying net profit and Net profit (attributable to shareholders of parent) in accordance with IFRS-EU is provided in Section 1.1 ING Group: Income Statement of this Group Statistical Supplement.

## INTERIM ACCOUNTS

### 4.5 Notes to the condensed consolidated interim accounts\*

#### 4.5.1 Basis of preparation

These condensed consolidated interim accounts have been prepared in accordance with International Accounting Standard 34 Interim Financial Reporting . The accounting principles used to prepare these condensed consolidated interim accounts comply with International Financial Reporting Standards as adopted by the European Union and are consistent with those set out in the notes to the 2006 Consolidated Annual Accounts of ING Group except that as of 1 January 2007, the level at which the adequacy test of the provision for insurance contracts is evaluated has been aligned to the business lines, which is the level at which performance is evaluated and segments are reported.

Previously, if it was determined using a best estimate (50%) confidence level that a shortfall existed in a business unit, then this shortfall was immediately recorded in the profit and loss account. Under the new policy, if it is determined using a best estimate (50%) confidence level that a shortfall exists in a business unit, and there are no offsetting amounts within other business units in the Business Line, then this shortfall is immediately recorded in the profit and loss account. This change in accounting policy has no effect on the financial information presented in these condensed consolidated interim accounts.

IFRS 7 Financial Instruments: Disclosure became effective as of 1 January 2007. Also in the first quarter of the year, IFRIC 11 Group and treasury share transactions became effective. None of these recent standards and interpretations have had a material effect on equity or profit for the period. No other new standards became effective in the first six months of 2007 and recently issued standards that become effective after 30 June 2007 are not expected to have a material effect on equity or profit for the period. ING Group has not early adopted any new International Financial Reporting Standards in this quarter.

International Financial Reporting Standards as adopted by the EU provide several options in accounting principles. ING Group s accounting principles under International Financial Reporting Standards as adopted by the EU and its decision on the options available are set out in the section Principles of valuation and determination of results in the 2006 Consolidated Annual Accounts of ING Group.

These condensed consolidated interim accounts should be read in conjunction with the 2006 Consolidated Annual Accounts of ING Group.

Certain amounts recorded in the condensed consolidated interim accounts reflect estimates and assumptions made by management. Actual results may differ from the estimates made. Interim results are not necessarily indicative of full-year results.

The presentation of, and certain terms used in, these condensed consolidated interim accounts have been changed from the 2006 Consolidated annual accounts of ING Group to provide more relevant information. Certain comparative amounts have been reclassified to conform with the current period presentation. None of the changes are significant in nature.

## INTERIM ACCOUNTS

### 4.5.6 Acquisitions and Disposals

On 5 April 2007 ING announced the completion of the acquisition of AZL, an independent Dutch provider of pension fund management services, for EUR 65 million. The acquisition has no material impact on the capital adequacy ratios of ING Group.

On 14 May 2007 ING announced that it had reached a final agreement to sell Regio Bank to SNS REAAL for a purchase price of EUR 50.5 million. The profit on disposal is expected to be about EUR 25 million, and the sale is expected to be completed in the third quarter of 2007.

On 1 June 2007 ING announced that it completed the sale of Nationale Borg, a specialist provider of guarantee insurance. The acquisition has no material impact on the capital adequacy ratios of ING Group.

On 18 June 2007 ING announced that it had reached agreement to acquire full ownership of Landmark Investment Co Ltd, the twelfth largest asset manager in Korea. The purchase is subject to regulatory approval.

On 18 June 2007 ING announced that it had reached an agreement to acquire Oyak Bank, a top-ten Turkish Bank, for an amount of EUR 2.0 billion. The acquisition is subject to approval of the relevant authorities and is expected to occur in the second half of 2007.

On 29 June 2007 ING announced that it had reached agreement with P&V Verzekeringen to sell its Belgian Broker and Employee Benefits insurance business for EUR 750 million, resulting in a gain on disposal of approximately EUR 425 million. The sale is subject to regulatory review and the advice of the workers council and is expected in the second half of 2007.

On 27 July 2007 ING announced that it had reached agreement with Santander to acquire its Latin American pension businesses to further strengthen ING's position in this fast growing market. The mandatory pension fund management companies (AFPs), which are located in Mexico, Chile, Colombia, and Uruguay will make ING the second largest pension fund manager in Latin America. The purchase is subject to various national regulatory approvals and is expected to be completed by the end of 2007 or in early 2008.

### 4.5.7 Issuances, repurchases and repayment of debt and equity securities in issue

On 16 May 2007 ING announced a plan to adopt a buyback programme under which it plans to purchase ordinary shares, or depositary receipts for such shares, with a total value of EUR 5 billion over a period of 12 months, beginning in June 2007. In the second quarter the total number of (depositary receipts for) ordinary shares repurchased under this program is 20,431,500 at an average price of EUR 32.85, and a total consideration of EUR 671 million. This represents completion of approximately 13.4% of the repurchase programme.

To rebalance the delta hedge portfolio for employee options ING sold 3,960,000 (depositary receipt for) ordinary shares in May, at an average price of EUR 33.12. As of 30 June 2007 the hedge book holds 49.3 million (depositary receipts for) ordinary ING shares representing 2.2% of the total 2,225 million shares outstanding.

On 2 July 2007, ING announced that agreement had been reached with Fortis Insurance Netherlands to buy-back 28,172,583 A preference shares of ING at a price of EUR 3.618175 per share or EUR 101,933,335.5 in total, representing approximately 5.5% of the share capital of ING Group.

### 4.6 Review report

#### Introduction

We have reviewed the accompanying condensed consolidated balance sheet of ING Groep N.V. (the Company), Amsterdam, as at 30 June 2007, the related condensed consolidated profit and loss account for the three-month period and the six-month period then ended, and the related condensed consolidated statement of cash flows and statement of changes in equity for the six-month period then ended and explanatory notes. Management of the Company is responsible for the preparation and presentation of these condensed consolidated interim accounts in accordance with International Financial Reporting Standards as adopted by the European Union ( IAS 34 ). Our responsibility is to express a conclusion on these condensed consolidated interim accounts based on our review.

#### Scope of Review

We conducted our review in accordance with Dutch law, including Standard 2410, Review of Interim Financial Information Performed by the Independent Auditor of the Entity . A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

#### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed consolidated interim accounts are not prepared, in all material respects, in accordance with IAS 34.

Amsterdam, 7 August 2007
