**Privacy.** The Eaton Vance organization is committed to ensuring your financial privacy. Each of the financial institutions identified below has in effect the following policy ( Privacy Policy ) with respect to nonpublic personal information about its customers:

Only such information received from you, through application forms or otherwise, and information about your Eaton Vance fund transactions will be collected. This may include information such as name, address, social security number, tax status, account balances and transactions.

None of such information about you (or former customers) will be disclosed to anyone, except as permitted by law (which includes disclosure to employees necessary to service your account). In the normal course of servicing a customer's account, Eaton Vance may share information with unaffiliated third parties that perform various required services such as transfer agents, custodians and broker/dealers.

Policies and procedures (including physical, electronic and procedural safeguards) are in place that are designed to protect the confidentiality of such information.

We reserve the right to change our Privacy Policy at any time upon proper notification to you. Customers may want to review our Policy periodically for changes by accessing the link on our homepage: [www.eatonvance.com](http://www.eatonvance.com).

Our pledge of privacy applies to the following entities within the Eaton Vance organization: the Eaton Vance Family of Funds, Eaton Vance Management, Eaton Vance Investment Counsel, Boston Management and Research, and Eaton Vance Distributors, Inc.

In addition, our Privacy Policy only applies to those Eaton Vance customers who are individuals and who have a direct relationship with us. If a customer's account (i.e., fund shares) is held in the name of a third-party financial adviser/broker-dealer, it is likely that only such adviser's privacy policies apply to the customer. This notice supersedes all previously issued privacy disclosures.

For more information about Eaton Vance's Privacy Policy, please call 1-800-262-1122.

**Delivery of Shareholder Documents.** The Securities and Exchange Commission (the SEC) permits funds to deliver only one copy of shareholder documents, including prospectuses, proxy statements and shareholder reports, to fund investors with multiple accounts at the same residential or post office box address. This practice is often called householding and it helps eliminate duplicate mailings to shareholders.

**Eaton Vance, or your financial adviser, may household the mailing of your documents indefinitely unless you instruct Eaton Vance, or your financial adviser, otherwise.**

If you would prefer that your Eaton Vance documents not be householded, please contact Eaton Vance at 1-800-262-1122, or contact your financial adviser.

Your instructions that householding not apply to delivery of your Eaton Vance documents will be effective within 30 days of receipt by Eaton Vance or your financial adviser.

**Portfolio Holdings.** Each Eaton Vance Fund and its underlying Portfolio (if applicable) will file a schedule of its portfolio holdings on Form N-Q with the SEC for the first and third quarters of each fiscal year. The Form N-Q will be available on the Eaton Vance website [www.eatonvance.com](http://www.eatonvance.com), by calling Eaton Vance at 1-800-262-1122 or in the EDGAR database on the SEC's website at [www.sec.gov](http://www.sec.gov). Form N-Q may also be reviewed and copied at the SEC's public reference room in Washington, D.C. (call 1-800-732-0330 for information on the operation of the public reference room).

**Proxy Voting.** From time to time, funds are required to vote proxies related to the securities held by the funds. The Eaton Vance Funds or their underlying portfolios (if applicable) vote proxies according to a set of policies and procedures approved by the Funds' and Portfolios' Boards. You may obtain a description of these policies and procedures and information on how the Funds or Portfolios voted proxies relating to portfolio securities during the most recent 12 month period ended June 30, without charge, upon request, by calling 1-800-262-1122. This description is also available on the SEC's website at [www.sec.gov](http://www.sec.gov).

**INVESTMENT UPDATE**

Eaton Vance Municipal Income Trusts (the Trusts) are closed-end Trusts, traded on the NYSE Amex, which are designed to provide current income exempt from regular federal income tax and state personal income taxes. This income is earned by investing primarily in investment-grade municipal securities.

**Economic and Market Conditions**

During the six-month period ending May 31, 2009, investors began to see signs of hope as the capital markets generally rallied and began to stabilize. Despite continued economic weakness the U.S. economy contracted by 6.3% (annualized) in the fourth quarter of 2008 and 5.5% (annualized) in the first quarter of 2009 the Obama administration's massive spending proposals served as a catalyst for optimism. February was a particularly strong month for economic data: factory orders increased 1.8%; new home sales rose 4.7%; and existing home sales surged 5.1%. The upturn in the housing market was bolstered by historically low mortgage rates, an \$8,000 tax credit for first-time home buyers that was part of President Obama's stimulus legislation, and a plethora of distressed properties on the market. Unemployment, on the other hand, rose to 9.4% in May 2009 from 7.2% in December 2008. On February 17, 2009, President Obama signed a historic \$787 billion stimulus program into law and outlined a \$50 billion foreclosure rescue plan. These programs followed the \$700 billion financial institution rescue legislation passed last fall. Additionally, the U.S. Federal Reserve kept the federal funds rate at a range of 0.0% to 0.25%. During the period, municipals rallied strongly from extremely oversold levels reached in December 2008. As a result, returns for municipals were impressive for the six-month period, helping to make up for the losses incurred in the fall of 2008. The Barclays Capital Municipal Bond Index (the Index) a broad-based, unmanaged index of municipal bonds gained 9.0%, while many of the state Lipper categories average returns ranged from 20% to 30% for the six-month period.<sup>1</sup>

**Management Discussion**

Relative to the Index, the Trusts outperformed for the six-month period ending May 31, 2009. The six-month results reflect several factors, including strong demand for longer-maturity municipal bonds and the ebbing of negative technical factors that had plagued the municipal market throughout 2008. The period included December, an important demarcation point for the municipal market, as municipal spreads reached all-time peaks during the month amid especially high uncertainty in the markets. In the period following December, the municipal market witnessed five months of dramatic rebound as headline risk abated, demand returned from investors who had sought the relative safety of Treasury bonds in 2008 and cautious optimism spread on signs of a mildly improving economy. The renewed appetite for municipal bonds was buoyed by legislative efforts aimed at supporting the municipal market, much of which focused on reducing tax-exempt municipal supply through the Build America Bonds program and the federal stimulus provided to states through the American Recovery & Reinvestment Act of 2009. The result of these events during the period was a dramatic rally for the sector as yields fell and prices rose across the yield curve. The Trusts invest primarily in bonds with stated maturities of 10 years or longer, as longer-maturity bonds historically have provided greater tax-exempt income for investors than shorter-maturity bonds. While the price declines experienced by municipals in 2008 were most pronounced on the long end of the yield curve, longer-maturity bonds outperformed shorter maturities during the period, thus providing the basis for much of the Trusts' outperformance relative to the Index. Higher allocations to revenue bonds also contributed positively as general obligation bonds trailed revenue issues during the period.

The employment of leverage and leveraged investments in the Trusts, through which additional exposure to the municipal market is achieved, was yet another positive factor during the period. Leverage has the impact

<sup>1</sup> It is not possible to invest directly in an Index or a Lipper Classification.

The Index's total return does not reflect expenses that would have been incurred if an investor individually purchased or sold the securities represented in the Index.

**INVESTMENT UPDATE**

of enhancing returns during up markets while exacerbating performance on the downside. Given the broad rally in the municipal sector during the period, the use of leverage was a contributor to performance.

As we move ahead, we maintain our long-term perspective on the markets against the backdrop of relatively short periods of market volatility. We will continue to actively manage municipals in this environment like in all others with the same income-focused, relative value approach we have always employed. We believe that this approach, which is based on careful credit research and our decades of experience in the municipal market, has served municipal investors well over the long term. In addition, many state governments, particularly California, face significant budget deficits that are driven primarily by a steep decline in tax revenues. We will continue to monitor any new developments as state legislatures formulate solutions to address these fiscal problems.

**A Note Regarding The Use Of Leverage**

The Trusts employ leverage through the issuance of Auction Preferred Shares (APS) and the use of tender option bond (TOB) financing.<sup>1</sup> Each Trust's APS and TOB percentage leverage as of May 31, 2009 is reflected on the Trust-specific pages following this letter. The leverage created by APS and TOB investments provides an opportunity for increased income but, at the same time, creates special risks (including the likelihood of greater volatility of net asset value and share price of the common shares).

During the period, certain of the Trusts redeemed a portion of their outstanding APS to reduce the amount of the Trusts' financial leverage. Information relating to these redemptions is contained in Note 2 to the Financial Statements.

<sup>1</sup> See Note 1H to the Financial Statements for more information on TOB investments.

**Trust shares are not insured by the FDIC and are not deposits or other obligations of, or guaranteed by, any depository institution. Shares are subject to investment risks, including possible loss of principal invested.**

The Trust invests primarily in debt securities issued by California municipalities. The ability of the issuers of the debt securities to meet their obligations may be affected by economic developments in a specific industry or municipality. In order to reduce the risk associated with such economic developments, at May 31, 2009, 43.1% of total investments are backed by bond insurance of various financial institutions and financial guaranty assurance agencies. The aggregate percentage insured by an individual financial institution ranged from 0.5% to 16.1% of total investments.

- (1) Security (or a portion thereof) has been pledged to cover margin requirements on open financial futures contracts.
- (2) Security represents the underlying municipal bond of a tender option bond trust (see Note 1H).
- (3) Security (or a portion thereof) has been pledged as collateral for open swap contracts.

The Trust invests primarily in debt securities issued by Michigan municipalities. The ability of the issuers of the debt securities to meet their obligations may be affected by economic developments in a specific industry or municipality. In order to reduce the risk associated with such economic developments, at May 31, 2009, 45.3% of total investments are backed by bond insurance of various financial institutions and financial guaranty assurance agencies. The aggregate percentage insured by an individual financial institution ranged from 1.1% to 21.0% of total investments.

- (1) Security represents the underlying municipal bond of a tender option bond trust (see Note 1H).
- (2) Security (or a portion thereof) has been pledged to cover margin requirements on open financial futures contracts.

The Trust invests primarily in debt securities issued by New Jersey municipalities. The ability of the issuers of the debt securities to meet their obligations may be affected by economic developments in a specific industry or municipality. In order to reduce the risk associated with such economic developments, at May 31, 2009, 36.9% of total investments are backed by bond insurance of various financial institutions and financial guaranty assurance agencies. The aggregate percentage insured by an individual financial institution ranged from 1.5% to 10.9% of total investments.

- (1) Security represents the underlying municipal bond of a tender option bond trust (see Note 1H).
- (2) Security (or a portion thereof) has been segregated to cover payable for when-issued securities.
- (3) When-issued security.

AGC - Assured Guaranty Corp.

AMBAC - AMBAC Financial Group, Inc.

AMT - Interest earned from these securities may be considered a tax preference item for purposes of the Federal Alternative Minimum Tax.

FGIC - Financial Guaranty Insurance Company

FSA - Financial Security Assurance, Inc.

NPFG - National Public Finance Guaranty Corp.

XLCA - XL Capital Assurance, Inc.

The Trust invests primarily in debt securities issued by Ohio municipalities. The ability of the issuers of the debt securities to meet their obligations may be affected by economic developments in a specific industry or municipality. In order to reduce the risk associated with such economic developments, at May 31, 2009, 43.9% of total investments are backed by bond insurance of various financial institutions and financial guaranty assurance agencies. The aggregate percentage insured by an individual financial institution ranged from 2.4% to 16.8% of total investments.

- (1) Security (or a portion thereof) has been pledged to cover margin requirements on open financial futures contracts.
- (2) Security exempt from registration under Rule 144A of the Securities Act of 1933. These securities may be sold in transactions exempt from registration, normally to qualified institutional buyers. At May 31, 2009, the aggregate value of these securities is \$507,261 or 1.4% of the Trust's net assets applicable to common shares.
- (3) Security has been issued as a leveraged inverse floater bond. The stated interest rate represents the rate in effect at May 31, 2009.
- (4) Security is subject to a shortfall agreement which may require the Trust to pay amounts to a counterparty in the event of a significant decline in the market value of the security underlying the inverse floater. In case of a shortfall, the maximum potential amount of payments the Trust could ultimately be required to make under the agreement is \$1,455,000. However, such shortfall payment would be reduced by the proceeds from the sale of the security underlying the inverse floater.
- (5) Security represents the underlying municipal bond of a tender option bond trust (see Note 1H).
