Greenhill

Overview

Greenhill is an independent investment banking firm that (i) provides financial advice on significant mergers, acquisitions, restructurings and similar corporate finance matters as well as fund placement services for private equity and other financial sponsors and (ii) manages merchant banking funds and similar vehicles and commits capital to those funds and vehicles. We act for clients located throughout the world from offices in New York, London, Frankfurt, Toronto, Tokyo, Chicago, Dallas, Houston, Los Angeles and San Francisco.

We were established in 1996 by Robert F. Greenhill, the former President of Morgan Stanley and former Chairman and Chief Executive of Smith Barney. Since its founding, Greenhill has grown steadily, recruiting a number of managing directors from major investment banks (as well as senior professionals from other institutions), with a range of geographic, industry or transaction specialties and different sets of corporate management and other relationships. As part of this expansion, we opened a London office in 1998, raised our first merchant banking fund in 2000, opened a Frankfurt office later in 2000 and began offering financial restructuring advice in 2001. On May 11, 2004, we converted from a limited liability company to a corporation and completed an initial public offering of our common stock. We opened our Dallas office and completed the closing of our second merchant banking fund in 2005. We opened our Toronto office and completed the final closing of our first venture capital fund in 2006. In 2007, we completed the final closing of our first European merchant banking fund. We completed the initial public offering of our special purpose acquisition company, GHIL Acquisition Corp. (GHILAC), in February 2008, opened our San Francisco office in April 2008, launched our Fund Placement Advisory Group in May 2008, opened our Tokyo office in October 2008 and opened our Chicago office in December 2008. In the first nine months of 2009, we announced the formation of our Financing Advisory & Restructuring Group in New York and London, opened our Los Angeles and Houston offices and announced the recruitment of 14 managing directors who bring us additional sector expertise in financial services, infrastructure, insurance, energy, consumer and retail, and gaming and lodging. In October 2009, we announced the separation of our merchant banking business. As of September 30, 2009, we employed 69 managing directors and senior advisors globally. We expect to seek to continue to add industry-focused senior employees and to expand geographically.

Principal Sources of Revenue

Our principal sources of revenue are financial advisory services and merchant banking.

Financial Advisory Revenue

Our financial advisory business consists of mergers and acquisitions, financing advisory and restructuring, and fund placement advisory. For all of our financial advisory services, we draw on the extensive experience, corporate relationships and industry expertise of our managing directors and senior advisors.

On mergers and acquisitions engagements, we provide a broad range of advice to global clients in relation to domestic and cross-border mergers, acquisitions, and similar corporate finance matters and are generally involved at each stage of these transactions, from initial structuring to final

Table of Contents

execution. Our focus is on providing high-quality advice to senior executive management and boards of directors of prominent large and mid-cap companies in transactions that typically are of the highest strategic and financial importance to those companies. We advise clients on strategic matters, including acquisitions, divestitures, defensive tactics, special committee assignments and other important corporate events. We provide advice on valuation, tactics, industry dynamics, structuring alternatives, timing and pricing of transactions, and financing alternatives. Where requested to do so, we may provide an opinion regarding the fairness of a transaction.

In our financing advisory and restructuring practice, we advise debtors, creditors and companies experiencing financial distress as well as potential acquirors of distressed companies and assets. We provide advice on valuation, restructuring alternatives, capital structures, and sales or recapitalizations. We also assist those clients who seek court-assisted reorganizations by developing and seeking approval for plans of reorganization as well as the implementation of such plans.

In our fund placement advisory practice we assist private equity funds and other financial sponsors in raising capital from a global set of institutional and other investors.

Financial advisory revenues accounted for 66%, 98% and 92% of our revenues in the nine months ended September 30, 2009 and in fiscal years 2008 and 2007, respectively. Non-U.S. clients are a significant part of our business, generating 26%, 53% and 64% of our financial advisory revenues for the nine months ended September 30, 2009 and in fiscal years 2008 and 2007, respectively. We generate revenues from our financial advisory services by charging our clients fees consisting principally of fees paid upon the commencement of an engagement, fees paid upon the announcement of a transaction, fees paid upon the successful conclusion of a transaction or closing of a fund and, in connection principally with restructuring assignments, monthly retainer fees.

Merchant Banking and Other

Our merchant banking activities currently consist primarily of management of and investment in Greenhill's merchant banking funds, Greenhill Capital Partners I (or GCP I), Greenhill Capital Partners II (or GCP II) and, collectively with GCP I, Greenhill Capital Partners (or GCP), Greenhill SAV Partners (or GSAVP) and Greenhill Capital Partners Europe (or GCP Europe), which are families of merchant banking funds that invest in portfolio companies. Merchant banking funds are private investment funds raised from contributions by qualified institutional investors and financially sophisticated individuals. The funds generally make investments in non-public companies, typically with a view toward divesting within 3 to 5 years. We intend to separate our merchant banking business over time and in that connection have recently agreed to sell the right to launch successor funds to our merchant banking funds and certain other rights to GCP's management. See Separation from Merchant Banking Activities.

GCP typically makes controlling or influential minority investments of \$10 million to \$75 million in companies with valuations that are between \$50 million and \$500 million at the time of investment. GCP has invested a substantial portion of its capital in the energy, financial services and telecommunications industries. GSAVP typically makes smaller investments in early-growth-stage companies that offer technology-enabled or business information services. Such investments typically involve higher levels of risk and are more speculative than our GCP investments. GCP Europe typically makes controlling or influential minority investments of £10 million to £30 million in companies with valuations that are between £50 million and £250 million at the time of investment.

Merchant banking and other revenue accounted for 34%, 2% and 8% of our revenues in the nine months ended September 30, 2009 and in fiscal years 2008 and 2007, respectively. We expect these numbers will decline over the coming years as we transition out of the business. We generate merchant banking revenue from (i) management fees paid by the funds we manage, (ii) gains (or losses) on our investments in the merchant banking funds and other principal investment activities, including GHLAC, and (iii) merchant banking profit overrides. We charge

management fees in GCP II, GSAVP and GCP Europe to all investors except the firm. In GCP I, we charge management fees to all outside investors who are not employed or affiliated with us. We may also generate gains (or losses)

S-3

from our capital investment in our merchant banking funds depending upon the performance of the funds. Our investments in our merchant banking funds generate realized and unrealized investment gains (or losses) based on our allocable share of earnings generated by the funds. As the general partner of our merchant banking funds we make investment decisions for the funds and are entitled to receive an override on the profits of the funds after certain performance hurdles are met.

In 2007, we formed GH Acquisition Corp. (GHAC), a special purpose acquisition company, which completed an initial public offering in early 2008. On September 29, 2009, the firm announced that GHAC completed its acquisition of Iridium Holdings LLC. The combined company has been renamed Iridium Communications Inc. (NASDAQ: IRDM, IRDMW, IRDMU, IRDMZ) (Iridium). Following the conversion of the firm's convertible note in Iridium in the fourth quarter of 2009, the firm owns 8,924,016 shares of Iridium common stock and warrants to purchase 4,000,000 additional shares of common stock of Iridium at \$11.50 per share, each of which is restricted from sale for one year from the acquisition date (or six months in the case of a registered offering). Upon completion of the acquisition of Iridium by GHAC, the firm's fully diluted ownership in Iridium is approximately 12%.

Separation from Merchant Banking Activities

On October 28, 2009, we entered into a Memorandum of Agreement with Robert H. Niehaus (the Memorandum of Agreement) and agreed to sell to an entity newly formed by Mr. Niehaus (the NewCo) the right to raise subsequent merchant banking funds, the right to use the track record for the GCP funds, and portions of the partnership interests entitled to carried interest allocations for a purchase price of \$25.0 million, payable principally in Greenhill common stock. We also agreed to grant NewCo an exclusive license to use the name Greenhill Capital Partners in connection with certain successor funds to the GCP funds. Mr. Niehaus is an executive officer of the firm and the chairman of Greenhill Capital Partners. Existing GCP funds will continue to be managed by us through Mr. Niehaus and other current personnel until such persons are transitioned at a later date to the purchasing entity. As a result of the transaction, we will transition out of merchant banking activities over time. We will retain our portfolio of principal investments. This transaction is expected to close in the fourth quarter of 2009.

We will retain the right to collect all management, monitoring, transaction, investment and other fees payable in respect of the existing GCP funds, but it is expected that those fees will be used in their entirety to pay the costs (including compensation) of the management of the GCP funds. Newco will be entitled to collect and retain all management, monitoring, transaction, investment and other fees payable in respect of the Greenhill Capital Partners III, L.P. and Greenhill SAVP II, L.P. (collectively, the New Funds).

We will be entitled to receive carried interest payable in connection with existing or future investments made in 2009 by the existing GCP funds, and such carried interest will be allocated as follows: Carried interest allocated to the firm for the existing GCP funds in respect of all years prior to and including 2009 will remain in effect and subject to existing terms. We will also be entitled to receive 1 out of 20 points of carried interest in respect of all investments made by the existing GCP funds on or after January 1, 2010 and all investments made by the New Funds and an additional 1 point of carried interest in each such investment in which certain of our employees in the reasonable judgment of Mr. Niehaus plays a material role in originating the investment or, if requested by Mr. Niehaus, in the oversight of the investment.

Until the formal separation of GCP from Greenhill, Mr. Niehaus and all other employees engaged in the management of the existing GCP funds (the GCP Employees) will remain employees of the firm and will retain their existing rights and responsibilities.

Our principal executive offices are located at 300 Park Avenue, 23rd Floor, New York, New York 10022, and our telephone number is (212) 389-1500. We maintain a website at www.greenhill.com where general information about us is available. We are not incorporating the contents of the website into this prospectus supplement.

CERTAIN MATERIAL U.S. FEDERAL TAX CONSEQUENCES

The following discussion describes certain material U.S. federal income and estate tax consequences of the ownership and disposition of our common stock. This discussion applies only to holders that hold shares of our common stock as capital assets.

This discussion does not describe all of the tax consequences that may be relevant to a holder in light of its particular circumstances or to holders subject to special rules, such as:

- certain financial institutions;
- insurance companies;
- dealers and certain traders in securities;
- persons holding our common stock as part of a straddle, hedge, conversion or similar transaction;
- U.S. holders (as defined below) whose functional currency is not the U.S. dollar;
- holders that own, or that are deemed to own, more than 5% of our common stock;
- certain former citizens or residents of the United States;
- partnerships or other entities classified as partnerships for U.S. federal income tax purposes; or
- persons subject to the alternative minimum tax.

This discussion is based on the Internal Revenue Code of 1986, as amended (the Code), and administrative pronouncements, judicial decisions and final, temporary and proposed Treasury Regulations, changes to any of which subsequent to the date of this prospectus supplement may affect the tax consequences described herein. This discussion does not address all aspects of U.S. federal taxation that may be relevant to holders in light of their particular circumstances and does not address any tax consequences arising under the laws of any state, local or foreign jurisdiction. Prospective holders are urged to consult their tax advisors with respect to the particular tax consequences to them of owning and disposing of common stock, including the consequences under the laws of any state, local or foreign jurisdiction.

Tax Consequences to U.S. Holders

As used herein, the term U.S. holder means a beneficial owner of our common stock that is, for U.S. federal income tax purposes:

- a citizen or resident of the United States;
- a corporation, or other entity taxable as a corporation, created or organized in or under the laws of the United States or of any political subdivision thereof; or
- an estate or trust the income of which is subject to U.S. federal income taxation regardless of its source.

Taxation of Distributions on Common Stock

Distributions paid on our common stock, other than certain pro rata distributions of shares of common stock, will be treated as dividends to the extent paid out of current or accumulated earnings and profits (as determined under U.S. federal income tax principles) and will be includible in income by the U.S. holder and taxable as ordinary income when actually or constructively received. If a distribution exceeds our current and accumulated earnings and profits, the excess will be first treated as a tax-free return of the U.S. holder's investment, up to the U.S. holder's adjusted tax basis in the common stock. Any remaining excess will be treated as a capital gain. Subject to certain limitations

S-9

Table of Contents

and restrictions, dividends received by corporate U.S. holders will be eligible for the dividends received deduction. For taxable years beginning on or before December 31, 2010, dividends received by certain noncorporate U.S. holders on common stock may be subject to U.S. federal income tax at lower rates than other types of ordinary income if certain conditions are met. U.S. holders should consult their own tax advisers regarding the application of these lower rates in their particular circumstances.

Sale or Other Disposition of Common Stock

Gain or loss realized by a U.S. holder on the sale or other disposition of our common stock will be capital gain or loss for U.S. federal income tax purposes, and will be long-term capital gain or loss if the U.S. holder's holding period for the common stock is greater than one year. The amount of the U.S. holder's gain or loss will be equal to the difference between the U.S. holder's amount realized on the disposition and the adjusted tax basis in the common stock disposed of. Long-term capital gains recognized by non-corporate U.S. holders are taxed at reduced rates under current law. The deductibility of capital losses may be subject to limitations.

Tax Consequences to Non-U.S. Holders

As used herein, the term "non-U.S. holder" means a beneficial owner of our common stock that is, for U.S. federal income tax purposes:

- an individual who is classified as a nonresident alien;
- a foreign corporation; or
- a foreign estate or trust.

A non-U.S. holder does not include an individual who is present in the United States for 183 days or more in the taxable year of disposition and is not otherwise a resident of the United States for U.S. federal income tax purposes. Such an individual is urged to consult his or her own tax advisor regarding the U.S. federal income tax consequences of the sale, exchange or other disposition of common stock.

Dividends

Dividends paid by us to a non-U.S. holder of common stock generally will be subject to withholding tax at a 30% rate or a reduced rate specified by an applicable income tax treaty. In order to obtain a reduced rate of withholding, a non-U.S. holder will be required to provide an Internal Revenue Service Form W-8BEN certifying its entitlement to benefits under a treaty.

The withholding tax does not apply to dividends paid to a non-U.S. holder who provides a Form W-8ECI, certifying that the dividends are effectively connected with the non-U.S. holder's conduct of a trade or business within the United States. Instead, the effectively connected dividends will be subject to regular U.S. income tax, generally in the same manner as if the non-U.S. holder were a U.S. holder. A non-U.S. corporation receiving effectively connected dividends may also be subject to an additional "branch profits tax" imposed at a rate of 30% (or a lower treaty rate).

Gain on Disposition of Common Stock

A non-U.S. holder generally will not be subject to U.S. federal income tax on gain realized on a sale or other disposition of common stock unless:

the gain is effectively connected with a trade or business of the non-U.S. holder in the United States (in which case, the non-U.S. holder will be taxed generally in the same manner as a U.S. holder), subject to an applicable treaty providing otherwise; or

Greenhill is or has been a U.S. real property holding corporation at any time within the five-year period preceding the disposition or the non-U.S. holder's holding period, whichever period is shorter, and its common stock has ceased to be regularly traded on an established securities market.

Greenhill believes that it is not, and does not anticipate becoming in the foreseeable future, a U.S. real property holding corporation.

Federal Estate Tax

Individual Non-U.S. holders and entities the property of which is potentially includible in such an individual's gross estate for U.S. federal estate tax purposes (for example, a trust funded by such an individual and with respect to which the individual has retained certain interests or powers), should note that, absent an applicable treaty benefit, the common stock will be treated as U.S. situs property subject to U.S. federal estate tax.

Backup Withholding and Information Reporting

Information returns and reports may be filed with the Internal Revenue Service in connection with payments of dividends on the common stock and the proceeds from a sale or other disposition of the common stock. A U.S. holder may be subject to United States backup withholding on these payments if it fails to provide its taxpayer identification number to the paying agent and comply with certification procedures or otherwise establish an exemption from backup withholding. A non-U.S. holder may be subject to U.S. backup withholding on these payments if it fails to comply with certification procedures to establish that it is not a U.S. person. The amount of any backup withholding from a payment will be allowed as a credit against the holder's U.S. federal income tax liability and may entitle the holder to a refund, provided that the required information is timely furnished to the Internal Revenue Service.

UNDERWRITING

The Company, the selling stockholders and Goldman, Sachs & Co. (the underwriter) have entered into an underwriting agreement with respect to the shares being offered. Subject to certain conditions, Goldman, Sachs & Co. has agreed to purchase all of the 2,500,000 shares offered hereby.

The underwriter may receive from purchasers of the shares brokerage commissions in amounts agreed with such purchasers.

Our common stock is traded on the New York Stock Exchange under the symbol **GHL** .

The underwriter proposes to offer the shares of common stock from time to time for sale in one or more transactions on the New York Stock Exchange, in the over-the-counter market, through negotiated transactions or otherwise at market prices prevailing at the time of sale, at prices related to prevailing market prices or at negotiated prices, subject to receipt and acceptance by it and subject to its right to reject any order in whole or in part. In connection with the sale of the shares of common stock offered hereby, the underwriter may be deemed to have received compensation in the form of underwriting discounts. The underwriter may effect such transactions by selling shares of common stock to or through dealers, and such dealers (including, in certain instances, Goldman, Sachs & Co.) may receive compensation in the form of discounts, concessions or commissions from the underwriter and / or purchasers of shares of common stock for whom they may act as agents or to whom they may sell as principal.

Each of Greenhill, its directors and officers and the selling stockholders has agreed with the underwriter, subject to certain exceptions, not to dispose of, pledge or hedge any of its common stock or securities convertible into or exchangeable for shares of common stock during the period from the date of this prospectus supplement continuing through June 30, 2010, except with the prior written consent of the underwriter. This agreement does not apply to the shares of common stock underlying any of the restricted stock units received by other employees of Greenhill.

In connection with the offering, the underwriter may purchase and sell shares of common stock in the open market. These transactions may include short sales and purchases to cover positions created by short sales. Short sales involve the sale by the underwriter of a greater number of shares than it is required to purchase in the offering. The underwriter will need to close out any short sale by purchasing shares in the open market. The underwriter is likely to create a short position if it is concerned that there may be downward pressure on the price of the common stock in the open market after pricing that could adversely affect investors who purchase in the offering.

Purchases to cover a short position, as well as other purchases by the underwriter for its own account, may have the effect of preventing or retarding a decline in the market price of the common stock, and may maintain or otherwise affect the market price of the common stock. As a result, the price of the common stock may be higher than the price that otherwise might exist in the open market. If these activities are commenced, they may be discontinued at any time. These transactions may be effected on the New York Stock Exchange, in the over-the-counter market or otherwise.

The underwriter has represented and agreed that:

(a) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of section 21 of the Financial Services and Markets Act 2000 (the FSMA)) to persons who have professional experience in matters relating to investments falling within Article 19(5) of the FSMA (Financial Promotion) Order 2005 or in circumstances in which

section 21 of the FSMA does not apply to the Company; and

(b) it has complied, and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the shares in, from or otherwise involving the United Kingdom.

European Economic Area

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a Relevant Member State), the underwriter has represented and agreed that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the Relevant Implementation Date) it has not made and will not make an offer of shares to the public in that Relevant Member State prior to the publication of a prospectus in relation to the shares which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, all in accordance with the Prospectus Directive, except that it may, with effect from and including the Relevant Implementation Date, make an offer of shares to the public in that Relevant Member State at any time:

- (c) to fewer than 100 natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the underwriter for any such offer); or
- (d) in any other circumstances which do not require the publication by the company of a prospectus pursuant to Article 3 of the Prospectus Directive.

For the purposes of this provision, the expression an offer of shares to the public in relation to any shares in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the shares to be offered so as to enable an investor to decide to purchase or subscribe the shares, as the same may be varied in that Relevant Member State by any measure implementing the Prospectus Directive in that Relevant Member State, and the expression Prospectus Directive means Directive 2003/71/EC and includes any relevant implementing measure in each Relevant Member State.

The shares may not be offered or sold by means of any document other than to persons whose ordinary business is to buy or sell shares or debentures, whether as principal or agent, or in circumstances which do not constitute an offer to the public within the meaning of the Companies Ordinance (Cap. 32) of Hong Kong, and no advertisement, invitation or document relating to the shares may be issued, whether in Hong Kong or elsewhere, which is directed at, or the contents of which are likely to be accessed or read by, the public in Hong Kong (except if permitted to do so under the securities laws of Hong Kong) other than with respect to shares which are or are intended to be disposed of only to persons outside Hong Kong or only to professional investors within the meaning of the Securities and Futures Ordinance (Cap. 571) of Hong Kong and any rules made thereunder.

GREENHILL

Overview

Greenhill is an independent investment banking firm that (i) provides financial advice on significant mergers, acquisitions, restructurings and similar corporate finance matters as well as fund placement services for private equity and other financial sponsors and (ii) manages merchant banking funds and similar vehicles and commits capital to those funds and vehicles. We act for clients located throughout the world from offices in New York, London, Frankfurt, Toronto, Tokyo, Chicago, Dallas, Houston, Los Angeles and San Francisco.

We were established in 1996 by Robert F. Greenhill, the former President of Morgan Stanley and former Chairman and Chief Executive of Smith Barney. Since its founding, Greenhill has grown steadily, recruiting a number of managing directors from major investment banks (as well as senior professionals from other institutions), with a range of geographic, industry or transaction specialties and different sets of corporate management and other relationships. As part of this expansion, we opened a London office in 1998, raised our first merchant banking fund in 2000, opened a Frankfurt office later in 2000 and began offering financial restructuring advice in 2001. On May 11, 2004, we converted from a limited liability company to a corporation and completed an initial public offering of our common stock. We opened our Dallas office and completed the closing of our second merchant banking fund in 2005. We opened our Toronto office and completed the final closing of our first venture capital fund in 2006. In 2007, we completed the final closing of our first European merchant banking fund. We completed the initial public offering of our special purpose acquisition company, GHL Acquisition Corp. (GHLAC), in February 2008, opened our San Francisco office in April 2008, launched our Fund Placement Advisory Group in May 2008, opened our Tokyo office in October 2008 and opened our Chicago office in December 2008. In the first nine months of 2009, we announced the formation of our Financing Advisory & Restructuring Group in New York and London, opened our Los Angeles and Houston offices and announced the recruitment of 14 managing directors who bring us additional sector expertise in financial services, infrastructure, insurance, energy, consumer and retail, and gaming and lodging. In October 2009, we announced the separation of our merchant banking business. As of September 30, 2009, we employed 61 managing directors and senior advisors globally. We expect to seek to continue to add industry-focused senior employees and to expand geographically.

Principal Sources of Revenue

Our principal sources of revenue are financial advisory services and merchant banking.

Financial Advisory Revenue

Our financial advisory business consists of mergers and acquisitions, financing advisory and restructuring, and fund placement advisory. For all of our financial advisory services, we draw on the extensive experience, corporate relationships and industry expertise of our managing directors and senior advisors.

On mergers and acquisitions engagements, we provide a broad range of advice to global clients in relation to domestic and cross-border mergers, acquisitions, and similar corporate finance matters and are generally involved at each stage of these transactions, from initial structuring to final execution. Our focus is on providing high-quality advice to senior executive management and boards of directors of prominent large and mid-cap companies in transactions that typically are of the highest strategic and financial importance to those companies. We advise clients on strategic matters, including acquisitions, divestitures, defensive tactics, special committee assignments and other important corporate events. We provide advice on valuation, tactics, industry dynamics, structuring alternatives, timing and

pricing of transactions, and financing alternatives. Where requested to do so, we may provide an opinion regarding the fairness of a transaction.

Table of Contents

In our financing advisory and restructuring practice, we advise debtors, creditors and companies experiencing financial distress as well as potential acquirors of distressed companies and assets. We provide advice on valuation, restructuring alternatives, capital structures, and sales or recapitalizations. We also assist those clients who seek court-assisted reorganizations by developing and seeking approval for plans of reorganization as well as the implementation of such plans.

In our fund placement advisory practice we assist private equity funds and other financial sponsors in raising capital from a global set of institutional and other investors.

Financial advisory revenues accounted for 66%, 98% and 92% of our revenues in the nine months ended September 30, 2009 and in fiscal years 2008 and 2007, respectively. Non-U.S. clients are a significant part of our business, generating 26%, 53% and 64% of our financial advisory revenues for the nine months ended September 30, 2009 and in fiscal years 2008 and 2007, respectively. We generate revenues from our financial advisory services by charging our clients fees consisting principally of fees paid upon the commencement of an engagement, fees paid upon the announcement of a transaction, fees paid upon the successful conclusion of a transaction or closing of a fund and, in connection principally with restructuring assignments, monthly retainer fees.

Merchant Banking and Other

Our merchant banking activities currently consist primarily of management of and investment in Greenhill's merchant banking funds, Greenhill Capital Partners I (or GCP I), Greenhill Capital Partners II (or GCP II), and collectively with GCP I, Greenhill Capital Partners (or GCP), Greenhill SAV Partners (or GSAVP) and Greenhill Capital Partners Europe (or GCP Europe), which are families of merchant banking funds that invest in portfolio companies. Merchant banking funds are private investment funds raised from contributions by qualified institutional investors and financially sophisticated individuals. The funds generally make investments in non-public companies, typically with a view toward divesting within 3 to 5 years. We intend to separate our merchant banking business over time and in that connection have recently agreed to sell the right to launch successor funds to our merchant banking funds and certain other rights to GCP's management. See Separation from Merchant Banking Activities.

GCP typically makes controlling or influential minority investments of \$10 million to \$75 million in companies with valuations that are between \$50 million and \$500 million at the time of investment. GCP has invested a substantial portion of its capital in the energy, financial services and telecommunications industries. GSAVP typically makes smaller investments in early-growth-stage companies that offer technology-enabled or business information services. Such investments typically involve higher levels of risk and are more speculative than our GCP investments. GCP Europe typically makes controlling or influential minority investments of £10 million to £30 million in companies with valuations that are between £50 million and £250 million at the time of investment.

Merchant banking and other revenue accounted for 34%, 2% and 8% of our revenues in the nine months ended September 30, 2009 and in fiscal years 2008 and 2007, respectively. We expect these numbers will decline over the coming years as we transition out of the business. We generate merchant banking revenue from (i) management fees paid by the funds we manage, (ii) gains (or losses) on our investments in the merchant banking funds and other principal investment activities, including GHLAC, and (iii) merchant banking profit overrides. We charge management fees in GCP II, GSAVP and GCP Europe to all investors except the firm. In GCP I, we charge management fees to all outside investors who are not employed or affiliated with us. We may also generate gains (or losses) from our capital investment in our merchant banking funds depending upon the performance of the funds. Our investments in our merchant banking funds generate realized and unrealized investment gains (or losses) based on our allocable share of earnings generated by the funds. As the general partner of our merchant banking funds we make investment decisions for the funds and are entitled to receive an override on the profits of the funds after certain performance hurdles are met.

Table of Contents

In 2007, we formed GHL Acquisition Corp. (GHLAC), a special purpose acquisition company, which completed an initial public offering in early 2008. On September 29, 2009, the firm announced that GHLAC completed its acquisition of Iridium Holdings LLC. The combined company has been renamed Iridium Communications Inc. (NASDAQ: IRDM, IRDMW, IRDMU, IRDMZ) (Iridium). Following the planned conversion of the firm's convertible note in Iridium in the fourth quarter 2009, the firm will own 8,924,016 shares of Iridium common stock and warrants to purchase 4,000,000 additional shares of common stock of Iridium at \$11.50 per share, each of which is restricted from sale for one year from the acquisition date (or six months in the case of a registered offering). Upon completion of the acquisition of Iridium by GHLAC, the firm's fully diluted ownership in Iridium is approximately 12%.

Separation from Merchant Banking Activities

On October 28, 2009, we entered into a Memorandum of Agreement with Robert H. Niehaus (the Memorandum of Agreement) and agreed to sell to an entity newly formed by Mr. Niehaus (the NewCo) the right to raise subsequent merchant banking funds, the right to use the track record for the GCP funds, and portions of the partnership interests entitled to carried interest allocations for a purchase price of \$25.0 million, payable principally in Greenhill common stock. We also agreed to grant NewCo an exclusive license to use the name Greenhill Capital Partners in connection with certain successor funds to the GCP funds. Mr. Niehaus is an executive officer of the firm and the chairman of Greenhill Capital Partners. Existing GCP funds will continue to be managed by us through Mr. Niehaus and other current personnel until such persons are transitioned at a later date to the purchasing entity. As a result of the transaction, we will transition out of merchant banking activities over time. We will retain our portfolio of principal investments. This transaction is expected to close in the fourth quarter of 2009.

We will retain the right to collect all management, monitoring, transaction, investment and other fees payable in respect of the existing GCP funds, but it is expected that those fees will be used in their entirety to pay the costs (including compensation) of the management of the GCP funds. Newco will be entitled to collect and retain all management, monitoring, transaction, investment and other fees payable in respect of the Greenhill Capital Partners III, L.P. and Greenhill SAVP II, L.P. (collectively, the New Funds).

We will be entitled to receive carried interest payable in connection with existing or future investments made in 2009 by the existing GCP funds, and such carried interest will be allocated as follows: Carry allocated to the firm for the existing GCP funds in respect of all years prior to and including 2009 will remain in effect and subject to existing terms. We will also be entitled to receive 1 out of 20 points of carried interest in respect of all investments made by the existing GCP funds on or after January 1, 2010 and all investments made by the New Funds and an additional 1 point of carried interest in each such investment in which certain of our employees in the reasonable judgment of Mr. Niehaus plays a material role in originating the investment or, if requested by Mr. Niehaus, in the oversight of the investment.

Until the formal separation of GCP from Greenhill, Mr. Niehaus and all other employees engaged in the management of the existing GCP funds (the GCP Employees) will remain employees of the firm and will retain their existing rights and responsibilities.

The issuance of preferred stock

may have the effect of delaying, deferring or preventing a change in control of Greenhill without further action by the shareholders and may adversely affect the voting and other rights of the holders of common stock. At present, Greenhill has no plans to issue any of the preferred stock.

Voting

The affirmative vote of a majority of the shares of our capital stock present, in person or by written proxy, at a meeting of stockholders and entitled to vote on the subject matter will be the act of the stockholders.

Our amended and restated certificate of incorporation may be amended in any manner provided by the Delaware General Corporation Law. The Board of Directors has the power to adopt, amend or repeal our amended and restated bylaws.

Action by Written Consent

Any action required or permitted to be taken at any annual or special meeting of stockholders may be taken without a meeting, without prior notice and without a vote, if the consent to such action in writing is signed by the holders of outstanding stock having not less than the minimum number of votes that would be necessary to authorize or take such action at a meeting at which all shares entitled to vote thereon were present and voted.

Anti-Takeover Effects of Delaware Law

Greenhill is subject to the business combination provisions of Section 203 of the Delaware General Corporation Law. In general, such provisions prohibit a publicly held Delaware corporation from engaging in various business combination transactions with any interested stockholder for a period of three years after the date of the transaction in which the person became an interested stockholder, unless:

the transaction is approved by the Board of Directors prior to the date the interested stockholder obtained such status;

upon consummation of the transaction which resulted in the stockholder becoming an interested stockholder, the stockholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced; or

on or subsequent to such date, the business combination is approved by the Board of Directors and authorized at an annual or special meeting of stockholders by the affirmative vote of at least 66²/₃% of the outstanding voting stock which is not owned by the interested stockholder.

A business combination is defined to include mergers, asset sales and other transactions resulting in financial benefit to a stockholder. In general, an interested stockholder is a person who, together with affiliates and associates, owns (or within three years, did own) 15% or more of a corporation's voting stock. The statute could prohibit or delay mergers or other takeover or change in control attempts with respect to Greenhill and, accordingly, may discourage attempts to acquire Greenhill even though such a transaction may offer Greenhill's stockholders the opportunity to sell their stock at a price above the prevailing market price.

Limitation of Liability and Indemnification Matters

Our amended and restated certificate of incorporation provides that a director of Greenhill will not be liable to Greenhill or its shareholders for monetary damages for breach of fiduciary duty as a director, except in certain cases

where liability is mandated by the Delaware General Corporation Law. Our amended and restated certificate of incorporation also provides for indemnification, to the fullest extent permitted by law, by Greenhill of any person made or threatened to be made a party to, or who is involved in, any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that such person is or was a director or officer of Greenhill, or at the request of Greenhill, serves or served as a director or officer of any other enterprise,

against all expenses, liabilities, losses and claims actually incurred or suffered by such person in connection with the action, suit or proceeding.
