SOLICITATION AND REVOCATION OF PROXIES

The accompanying proxy is solicited by the Board of Directors of Capital Properties, Inc. (the Company), in connection with the annual meeting of shareholders to be held April 27, 2010. The Company will bear the cost of such solicitation. It is expected that the solicitation of proxies will be primarily by mail. Proxies may also be solicited personally by regular employees of the Company at nominal cost. The Company may reimburse brokerage houses and other custodians, nominees and fiduciaries holding stock for others in their names, or in those of their nominees, for their reasonable out-of-pocket expenses in sending proxy materials to their principals or beneficial owners and obtaining their proxies. Any shareholder giving a proxy has the power to revoke it at any time prior to its exercise, by (i) filing a written revocation of the proxy with the Secretary of the Company, (ii) submitting a signed proxy card bearing a later date or (iii) attending and voting in person at the meeting provided the shareholder is the holder of record of the underlying shares and a written revocation of the shareholder's grant of proxy has been filed with the Secretary of the Company. Notice of revocation may be delivered in writing to the Secretary at Capital Properties, Inc., 100 Dexter Road, East Providence, Rhode Island 02914, Attn: Secretary. Every properly signed proxy will be voted in accordance with the specifications made thereon.

This proxy statement and the accompanying proxy are expected to be first sent to shareholders on or about March 15, 2010.

VOTING AT MEETING

Only shareholders of record at the close of business on March 1, 2010, will be entitled to vote at the meeting. The presence in person or by proxy of the holders of a majority of the outstanding shares of the Company's Class A Common Stock shall constitute a quorum for the election of the Class A Directors. The presence in person or by proxy of the holders of a majority of the outstanding shares of the Company's Class B Common Stock shall constitute a quorum for the election of the Class B Directors. Under the Company's Restated Articles of Incorporation, the holders of the Company's Class A Common Stock, voting separately as a class, are entitled to one vote for each share held in the election of one-third (1/3) of the Board of Directors of the Company proposed to be elected at the meeting (or if the membership of the Board of Directors is not evenly divisible by three (3), the number of members equal to the whole numbers resulting from dividing the total authorized number of Directors by three (3) and rounding the result up to the nearest whole number. The holders of the Company's Class B Common Stock, voting separately as a class, are entitled to one vote for each share held in the election of the balance of the Board of Directors proposed to be elected at the meeting. The holders of the Company's Class A Common Stock and the holders of the Company's Class B Common Stock are entitled to one vote per share and vote

as a single class upon all other matters presented to the shareholders for their approval, except in connection with certain major corporate actions, including amendment of the Articles of Incorporation, sale of the Company, merger or other consolidation where there is separate class voting.

Class A directors will be elected in each case by vote of the holders of a majority of the Class A Common Stock present or represented at the meeting, and the Class B directors will be similarly elected by vote of the holders of a majority of the Class B Common Stock present or represented at the meeting.

On the record date, there were 3,662,122 shares of Class A Common Stock outstanding and 2,937,790 shares of Class B Common stock. There were no other outstanding securities of the Company entitled to vote.

Shares represented by proxies which are marked "withhold authority" with respect to the election of any particular nominee for director, or to deny discretionary authority on any other matters will be counted as shares present and entitled to vote, and accordingly any such marking of a proxy will have the same effect as a vote against the proposal to which it relates. Brokers who hold shares in street name lack authority to vote such shares for the election of directors and certain other "non-discretionary" matters, absent specific instructions from their customers. Shares subject to such "broker non-votes" will not be treated as shares entitled to vote on the matters to which they relate and therefore will be treated as not present at the meeting for those purposes, but otherwise will have no effect on the outcome of the voting on such matters. Please note that this year the rules regarding how brokers may vote shares have changed. Brokers may no longer vote on the election of directors in the absence of specific instructions from a shareholder. As such, shareholders are encouraged to provide instructions to their brokers regarding the voting of their shares.

ELECTION OF DIRECTORS

At the annual meeting, two Class A directors and four Class B directors are to be elected to hold office until the next annual meeting and until their respective successors are elected and qualified. The proxies named in the accompanying proxy, who have been designated by the Board of Directors, intend to vote, unless otherwise instructed, for the election to the Board of Directors of the persons named below, all of whom are now directors of the Company. Mr. Eder is also a director of Providence and Worcester Railroad Company.

The Board of Directors has reviewed the relationship that each director, which includes each of the nominees standing for election at the 2010 annual meeting, has with the Company and determined that all directors, other than Robert H. Eder and Todd D. Turcotte, are independent as defined under the NASDAQ listing standards.

The Board of Directors does not have a policy with respect to diversity and does not specifically consider issues of diversity, such as gender, race, origin, or sex when determining whether to nominate any person to be a director of the Company. When considering whether directors and nominees have the experience, qualifications, attributes and skills, taken as a whole, to enable the Board of Directors to satisfy its oversight responsibilities effectively in light of the Company's business and structure, the Board of Directors focuses primarily on each director's and nominee's individual background and experience as it relates to the Company's business. Historically, when vacancies have occurred, each director has been requested to suggest potential nominees and each potential nominee is vetted with the entire Board. In particular, with regard to Mr. Eder, the Board of Directors considered that he is Company's founder, he has been actively involved with the Company or its predecessors since 1966 and is the majority stockholder. With regard to Mr. Turcotte, the Board of Directors considered his strong background in engineering and insights as Vice President of the Company and President of Capital Terminal Company. With regard to Mr. Baum, the Board of Directors considered his age in relationship to the age of the other directors and experience and background in the financial sector, specifically his prior career as research and portfolio senior associate with Independence Investments of Boston, Massachusetts. With regard to Mr. Corso, the Board of Directors considered his training work experience as a partner of the Ernst & Young and his service as a controller of a publically held corporation which activities qualify him as a financial expert. With regard to Mr. Nirschel, the Board of Directors considered his career as a college administrator and now President of Roger Williams University which the Board believes provides valuable management experience. With regard to Mr. Rosen, the Board of Directors considered his history as the owner of his own business and his substantial community contacts which the Board believes assists in assessing the Company's role in the community and furthering its community contacts and relationships.

Table of Contents

Communications with the Board of Directors

The Board of Directors has established a process for shareholders to communicate with members of the board. If you have any concern, question or complaint regarding our compliance with any policy or law, or would otherwise like to contact the Board of Directors, you may reach the Company's Board of Directors by writing directly to those individuals c/o Capital Properties, Inc., 100 Dexter Road, East Providence, Rhode Island 02914.

All inquiries received shall not be screened by the Company and will be forwarded directly to the director to which such inquiry is addressed, unless it is believed that a particular inquiry may pose a security risk. The Board of Directors sits as a committee of the whole to address any inquiries made by shareholders.

Board Leadership Structure

Robert H. Eder serves as both the President and the Chairman of the Board of the Company. The Board of Directors believes that the Company's Chief Executive Officer is best situated to serve as Chairman because he is the director most familiar with the Company's business and industry and most capable of effectively identifying strategic priorities and leading the discussion and execution of strategy. Independent directors and management have different perspectives and roles in strategy development. The Company's independent directors bring experience, oversight and expertise from outside the Company and industry, while the Chief Executive Officer brings Company-specific experience and expertise. The Board of Directors believes that the combined role of Chairman and Chief Executive Officer promotes strategy development and execution and facilitates information flow between management and the Board, which are essential to effective governance.

One of the key responsibilities of the Board of Directors is to develop strategic direction and hold management accountable for the execution of strategy once it is developed. The Board of Directors believes the combined role of Chairman and Chief Executive Officer is in the best interest of shareholders because it provides the appropriate balance between strategy development and independent oversight of management.

Committees of the Board of Directors

The Board of Directors has an Audit Committee, currently comprised of Messrs. Corso, Nirschel and Rosen and a Compensation Committee currently comprised of Messrs. Baum, Corso and Nirschel, each of whom is independent as defined under applicable rules of the Securities and Exchange Commission (SEC) and NASDAQ listing requirements.¹ Each of the Audit and Compensation Committees has a written charter approved by the Board of Directors. Copies of the Audit Committee and Compensation Committee charters are attached to this proxy statement as Appendices A and B, respectively.

The Audit Committee is responsible for overseeing the establishment and maintenance of an effective financial control environment for the Company, for overseeing procedures for evaluating the system of internal accounting control and for evaluating audit performance.

¹ On December 11, 2008, the Company delisted from the AMEX and listed its shares of Class A Common Stock for trading on the OTCQX. For purposes of determining the independence of directors and members of the

Committee,

Table of Contents

The Board of Directors has determined that all three members of the Audit Committee satisfy the financial literacy requirements of the NASDAQ listing standards and are independent as defined under the NASDAQ listing requirements and applicable rules of the SEC. Additionally, the Board of Directors has determined that Mr. Corso qualifies as an audit committee financial expert as defined by the SEC rules.

The Compensation Committee assists the Board of Directors in discharging the Board's responsibilities relating to director and executive compensation. The Compensation Committee's responsibilities include establishing and reviewing the Company's executive and director compensation philosophy, strategies, plans and policies, and evaluating the performance and determining the compensation of the Chairman and Chief Executive Officer (CEO) of the Company and advising and assisting the CEO in formulating and implementing programs to facilitate the selection and development of other key managers. The Compensation Committee also reviews and approves the compensation of other executive officers of the Company.

The Company does not maintain a nominating committee or a committee performing a similar function due to the fact that Mr. Eder owns a controlling interest in the Company. The Board of Directors sits as a committee of the whole to consider any recommendations made by shareholders and/or other directors of persons to be directors of the Company. In determining whether to nominate any such person for election by the shareholders, the Board of Directors considers the experience of such person as it relates to the business of the Company, together with such person's age, reputation and ability to carry out the requirements to serve as a director of the Company. The Board of Directors does not have a policy with respect to diversity and does not specifically consider issues of diversity, such as gender, race, origin or sex when determining whether to nominate any person to be a director of the Company. During the fiscal year ended December 31, 2009, the Board of Directors held five meetings, the Audit Committee held six meetings and the Compensation Committee held one meeting. All directors attended every meeting of the Board of Directors and meetings of committees on which such director serves, other than Mr. Eder who did not attend one board meeting. The Board of Directors has adopted a policy that requires members of the Board of Directors to make every effort to attend each annual shareholders meeting. All then current members of the Board of Directors attended the 2009 annual shareholders meeting.

Risk Management

The Board of Directors has an active role, as a whole and also at the Audit Committee level, in overseeing management of the Company's risks. The Board of Directors regularly meets with management and reviews information regarding the Company's overall risks. The Audit Committee oversees management of financial and operational risks and oversees management of risks associated with regulatory, environmental, health and safety. The Board of Directors does not believe there is any high degree of risk associated with its compensation practices as the Company does not provide for any incentive-based compensation other than infrequent cash bonuses which have only been paid in connection with extraordinary events. Furthermore, salary increases for executives and employees of the Company are based primarily on increases in the cost of living.

Table of Contents*Compensation of Directors*

The Board of Directors, upon recommendation of the Compensation Committee, is responsible for determining compensation of the directors. Directors, other than directors who are employed by the Company, received a fee for attendance at each meeting of the Board of Directors, together with related transportation and living expenses. During the 2009 fiscal year, outside directors received an annual retainer fee of \$12,000 payable in quarterly installments and fees per meeting as follows: Board, \$1,000; Audit Committee, \$750 and Compensation Committee, \$500. The maximum fees payable for attendance at Board and committee meetings occurring on the same day is \$1,500. These rates were established in 2005 based on the recommendations of Effective Pay Practices, a compensation consultant retained by the Compensation Committee.

The following Director Compensation table provides information regarding the compensation paid or accrued by each director during the 2009 fiscal year.

The Company regularly monitors developments in the area of corporate governance and has implemented a number of best practices, including the following:

Code of Ethics. The Company has adopted a Code of Ethics applicable to all directors, officers and employees, which meets the requirements of a code of ethics as defined in Item 406 of Regulation S-K.
