#### CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

Certain statements in this Quarterly Report on Form 10-Q may constitute forward-looking statements as defined in Section 27A of the Securities Act of 1933 (the Securities Act ), Section 21E of the Securities Exchange Act of 1934 (the Exchange Act ), the Private Securities Litigation Reform Act of 1995 (the PSLRA ) or in releases made by the Securities and Exchange Commission (SEC), all as may be amended from time to time. Such forward-looking statements involve known and unknown risks, uncertainties and other important factors that could cause the actual results, performance or achievements of Covanta Holding Corporation and its subsidiaries ( Covanta ) or industry results, to differ materially from any future results, performance or achievements expressed or implied by such forward-looking statements. Statements that are not historical fact are forward-looking statements. Forward-looking statements can be identified by, among other things, the use of forward-looking language, such as the words plan, anticipate. believe. expect. intend. estimate. project, should. may. seeks. similar words, or the negative of these terms or other variations of these terms or comparable language, or by discussion of strategy or intentions. These cautionary statements are being made pursuant to the Securities Act, the Exchange Act and the PSLRA with the intention of obtaining the benefits of the safe harbor provisions of such laws. Covanta cautions investors that any forward-looking statements made by Covanta are not guarantees or indicative of future performance. Important assumptions and other important factors that could cause actual results to differ materially from those forward-looking statements with respect to Covanta include, but are not limited to, the risks and uncertainties affecting their businesses described in Item 1A. Risk Factors of Covanta s Annual Report on Form 10-K for the year ended December 31, 2009 and in other filings by Covanta with the SEC.

Although Covanta believes that its plans, intentions and expectations reflected in or suggested by such forward-looking statements are reasonable, actual results could differ materially from a projection or assumption in any of its forward-looking statements. Covanta s future financial condition and results of operations, as well as any forward-looking statements, are subject to change and inherent risks and uncertainties. The forward-looking statements contained in this Quarterly Report on Form 10-Q are made only as of the date hereof and Covanta does not have or undertake any obligation to update or revise any forward-looking statements whether as a result of new information, subsequent events or otherwise, unless otherwise required by law.

#### COVANTA HOLDING CORPORATION AND SUBSIDIARIES NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

#### NOTE 1. ORGANIZATION AND BASIS OF PRESENTATION

The terms we, our, ours, us and Company refer to Covanta Holding Corporation and its subsidiaries; the term Energy refers to our subsidiary Covanta Energy Corporation and its subsidiaries.

#### **Organization**

We are a leading developer, owner and operator of infrastructure for the conversion of waste to energy (known as energy-from-waste), as well as other waste disposal and renewable energy production businesses in the Americas, Europe and Asia. We conduct all of our operations through subsidiaries which are engaged predominantly in the businesses of waste and energy services. We also engage in the independent power production business outside the Americas.

We own, have equity investments in, and/or operate 65 energy generation facilities, 57 of which are in the Americas and eight of which are located outside the Americas. Our energy generation facilities use a variety of fuels, including municipal solid waste, wood waste (biomass), landfill gas, water (hydroelectric), natural gas, coal, and heavy fuel-oil. We also own or operate several businesses that are associated with our energy-from-waste business, including a waste procurement business, four landfills, which we use primarily for ash disposal, and several waste transfer stations. We have two reportable segments, Americas and International. The Americas segment is comprised of waste and energy services operations primarily in the United States and Canada. The International segment is comprised of international waste and energy services.

#### **Basis of Presentation**

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with United States generally accepted accounting principles ( GAAP ) and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all information and footnotes required by GAAP for complete financial statements. In the opinion of management, all adjustments (including normal recurring accruals) considered necessary for fair presentation have been included in our financial statements. All intercompany accounts and transactions have been eliminated. Operating results for the interim period are not necessarily indicative of the results that may be expected for the fiscal year ended December 31, 2010. This Form 10-Q should be read in conjunction with the Audited Consolidated Financial Statements and accompanying Notes in our Annual Report on Form 10-K for the year ended December 31, 2009 ( Form 10-K ).

We use the equity method to account for our investments for which we have the ability to exercise significant influence over the operating and financial policies of the investee. Consolidated net income includes our proportionate share of the net income or loss of these companies. Such amounts are classified as equity in net income from unconsolidated investments in our condensed consolidated financial statements. Investments in companies in which we do not have the ability to exercise significant influence are carried at the lower of cost or estimated realizable value. We monitor investments for other than temporary declines in value and make reductions when appropriate.

#### NOTE 2. RECENT ACCOUNTING PRONOUNCEMENTS

In October 2009, the Financial Accounting Standards Board (FASB) issued an accounting standard related to multiple-deliverable revenue arrangements which we are required to adopt by January 1, 2011, although earlier application is permitted. The standard provides amendments to criteria for separating consideration in multiple

element arrangements. As a result, multiple deliverable arrangements generally will be separated in more circumstances than under existing U.S. GAAP. We are currently evaluating the potential effects of this standard (which may be adopted either on a prospective or retrospective basis) on our condensed consolidated financial statements.

#### NOTE 3. ACQUISITIONS AND BUSINESS DEVELOPMENT

Our growth strategy includes the acquisition of waste and energy related businesses located in markets with significant growth opportunities and the development of new projects and expansion of existing projects. We will also consider acquiring or developing new technologies and businesses that are complementary with our existing renewable energy and waste services business. The results of operations reflect the period of ownership of the acquired businesses and business development projects. The acquisitions in the section below are not material to our condensed consolidated financial statements individually or in the aggregate and therefore, disclosures of pro forma financial information have not been presented.

## COVANTA HOLDING CORPORATION AND SUBSIDIARIES NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

#### Acquisitions and Business Development

#### **Americas**

#### Covanta Huntington Limited Partnership

In March 2010, for cash consideration of \$2.0 million, we acquired a nominal limited partnership interest held by a third party in Covanta Huntington Limited Partnership, our subsidiary which owns and operates an energy-from-waste facility in Huntington, New York.

#### Honolulu Energy-from-Waste Facility

We operate and maintain the energy-from-waste facility located in and owned by the City and County of Honolulu, Hawaii. In December 2009, we entered into agreements with the City and County of Honolulu to expand the facility s waste processing capacity from 2,160 tons per day (tpd) to 3,060 tpd and to increase gross electricity capacity from 57 megawatts (MW) to 90 MW. The agreements also extend the contract term by 20 years. The \$302 million expansion project is a fixed-price construction contract which will be funded and owned by the City and County of Honolulu. Environmental and other project-related permits have been received and expansion construction has commenced.

#### Veolia Energy-from-Waste Businesses

We completed the following transactions with Veolia Environmental Services North America Corp. (collectively referred to as the Veolia EfW Acquisition ). The acquired businesses have a combined capacity of 9,600 tpd. Each of the operations acquired includes a long-term operating contract with their respective municipal client. Six of the energy-from-waste facilities and the transfer station are publicly-owned facilities.

Between August 2009 and February 2010, we acquired one transfer station business and seven energy-from-waste businesses located in New York, Pennsylvania, California, Florida and British Columbia. We paid cash consideration of \$259.3 million in August 2009 for six energy-from-waste businesses and one transfer station, and in February 2010, we paid \$128.3 million for the seventh energy-from-waste business. The businesses acquired in August 2009 included a majority ownership stake in one energy-from-waste facility and in November 2009, we acquired the remaining ownership stake in that facility for cash consideration of \$23.7 million.

The cash consideration is subject to certain post-closing adjustments. The preliminary purchase price allocation included \$139.8 million of property, plant and equipment, \$329.2 million of intangible assets related to long-term operating contracts at each acquired Veolia business except for the facility which we own, \$24.7 million related to goodwill and \$113.9 million of assumed debt. The acquired intangible assets will be amortized over an average remaining useful facility life of 31 years. The preliminary purchase price allocation of the businesses acquired was based on estimates and assumptions, any changes to which could affect the reported amounts of assets and liabilities resulting from this acquisition.

#### Detroit Michigan Energy-from-Waste Facility

On June 30, 2009, our long-term operating contract with the Greater Detroit Resource Recovery Authority (GDRRA) to operate the 2,832 tpd energy-from-waste facility located in Detroit, Michigan (the Detroit Facility) expired.

Effective June 30, 2009, we entered into the following transactions, which extended our interest in the Detroit Facility:

A newly-formed Covanta subsidiary purchased an undivided 30% owner-participant interest in the Detroit Facility for total cash consideration of \$7.9 million.

We entered into an operating and maintenance agreement with owners of the Detroit Facility, pursuant to which we will operate, maintain and provide certain other services for a term of one year. Under this agreement, we will earn a fixed fee and pass through to the owners of the Detroit Facility (or pay from the project revenues) all expenses associated with operations and maintenance of the facility. After paying all expenses, excess net revenues flow to the owners.

The project company entered into a waste disposal agreement with GDRRA pursuant to which we will dispose of the waste of the City of Detroit for a term of at least one year. The term of the waste disposal agreement will automatically renew for successive one year terms unless either party provides advance written notice of termination in accordance with the provisions thereof. In addition, as an owner-participant we have the right, on one or more occasions, to call upon GDRRA to deliver the waste of the City of Detroit to the Detroit Facility at market-based rates. The call right continues for the duration of the participation agreements which expire in 2035, and the City of Detroit stands behind GDRRA s waste delivery obligation following exercise of the call until 2021.

In December 2009, we entered into a short-term steam agreement for the Detroit Facility which remains in effect until June 2010. Negotiations with all stakeholders are in progress for arrangements to continue operating the Detroit Facility beyond June 30, 2010. Securing a long-term steam agreement with appropriate pricing remains an important factor to the overall Detroit Facility long-term economic viability.

9

#### **Table of Contents**

### COVANTA HOLDING CORPORATION AND SUBSIDIARIES NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

#### Philadelphia Transfer Stations

On May 1, 2009, we acquired two waste transfer stations with combined capacity of 4,500 tpd in Philadelphia, Pennsylvania for cash consideration of \$17.5 million, inclusive of final working capital adjustments. The final purchase price allocation included \$5.9 million of identifiable intangible assets related primarily to customer relationships and goodwill of \$1.3 million.

#### Alternative Energy Technology Development

We have entered into various agreements with multiple partners to invest in the development, testing or licensing of new technologies related to the transformation of waste materials into renewable fuels or the generation of energy. Licensing fees and demonstration unit purchases aggregated \$1.6 million during the quarter ended March 31, 2010 and, \$4.7 million and \$6.5 million during the years ended December 31, 2009 and 2008, respectively.

#### Harrisburg Energy-from-Waste Facility

In February 2008, we entered into a ten year agreement to maintain and operate an 800 tpd energy-from-waste facility located in Harrisburg, Pennsylvania. Under the agreement, we have a right of first refusal to purchase the facility. We also have agreed to provide construction management services and to advance up to \$25.5 million in funding for certain facility improvements required to enhance facility performance, which are expected to be completed during 2010. The repayment of this funding is guaranteed by the City of Harrisburg, but is otherwise unsecured, and is junior to project bondholders—rights. We have advanced \$21.7 million, of which \$19.8 million is outstanding as of March 31, 2010 under this funding arrangement. The first three repayment installments under this funding arrangement have been paid, but the repayment installment of \$0.6 million which was due to us on April 1, 2010 has not been paid, and the City of Harrisburg has requested a forbearance period. We are discussing the proposed terms of the forbearance period with representatives of the City and certain other stakeholders. The City of Harrisburg is in a precarious financial condition with substantial obligations, and it has reported consideration of various future options (including seeking bankruptcy protection). We intend to work with the City of Harrisburg and other stakeholders to maintain our position in the project and to protect the recovery of our advance.

#### Hillsborough County Energy-from-Waste Facility

In 2005, we entered into agreements with Hillsborough County to implement a 600 tpd expansion of this energy-from-waste facility, and to extend the agreement under which we operate the facility through 2027. During the third quarter of 2009, construction of the expansion was successfully completed and commercial operation commenced.

#### International

#### China Joint Ventures and Energy-from-Waste Facilities

On March 24, 2009, Taixing Covanta Yanjiang Cogeneration Co., Ltd. of which we own 85%, entered into a 25 year concession agreement and waste supply agreements to build, own and operate a 350 metric tpd energy-from-waste facility for Taixing Municipality, in Jiangsu Province, People s Republic of China. The project, which will be built on the site of our existing coal-fired facility in Taixing, will supply steam to an adjacent industrial park under short-term arrangements. We will continue to operate our existing coal-fired facility. The project company has obtained Rmb

165 million in project financing which, together with available cash from existing operations, will fund construction costs. The Taixing project commenced construction in late 2009.

On April 2, 2008, our project joint venture with Chongqing Iron & Steel Company (Group) Limited received an award to build, own, and operate an 1,800 metric tpd energy-from-waste facility for Chengdu Municipality, in Sichuan Province, People s Republic of China. On June 25, 2008, the project s 25 year waste concession agreement was executed. In connection with this project, we invested \$17.1 million for a 49% equity interest in the project company. Construction of the facility has commenced and operation is expected to begin in 2011. The project company has obtained financing for Rmb 480 million for the project, of which 49% is guaranteed by us and 51% is guaranteed by Chongqing Iron & Steel Company (Group) Limited until the project has been constructed and for one year after operations commence.

#### **Dublin Joint Venture**

On September 6, 2007, we entered into agreements to build, own, and operate a 1,700 metric tpd energy-from-waste project serving the City of Dublin, Ireland and surrounding communities at an estimated cost of 350 million. The Dublin project is being developed and will be owned by Dublin Waste to Energy Limited, which we control and co-own with DONG Energy Generation A/S. Dublin Waste to Energy Limited has a 25 year tip fee type contract to provide disposal service for 320,000 metric tons of waste annually, representing approximately 50% of the facility s processing capacity. The project is expected to sell electricity into the local electricity grid. A portion of the electricity is expected to be eligible for a preferential renewable tariff. We and DONG Energy Generation A/S have committed to provide financing for all phases of the project.

10

# COVANTA HOLDING CORPORATION AND SUBSIDIARIES NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

We expect to fund construction through existing sources of liquidity, and effect project financing as the project progresses. The primary approvals and licenses for the project have been obtained and construction commenced in December 2009. The parties are working to satisfy remaining conditions and obtain remaining approvals for the balance of construction activity, pending receipt of which we expect to curtail project spending.

#### **NOTE 4. LOSS PER SHARE**

Per share data is based on the weighted average number of outstanding shares of our common stock, par value \$0.10 per share, during the relevant period. Basic earnings per share are calculated using only the weighted average number of outstanding shares of common stock. Diluted earnings per share computations, as calculated under the treasury stock method, include the weighted average number of shares of additional outstanding common stock issuable for stock options, restricted stock, rights and warrants whether or not currently exercisable. Diluted earnings per share for all the periods presented does not include securities if their effect was anti-dilutive (in thousands, except per share amounts).

Warrants excluded from the weighted average dilutive common shares outstanding because their inclusion would have been antidilutive

24,803

On May 22, 2009, we entered into privately negotiated warrant transactions in connection with the issuance of 3.25% Cash Convertible Senior Notes due 2014. These warrants could have a dilutive effect to the extent that the price of our common stock exceeds the applicable strike price of the warrants. As of March 31, 2010, the warrants did not have a dilutive effect on earnings per share.

On January 31, 2007, we issued 1.00% Senior Convertible Debentures due 2027 ( Debentures ). The Debentures are convertible under certain circumstances if the closing sale price of our common stock exceeds a specified conversion price before February 1, 2025. As of March 31, 2010, the Debentures did not have a dilutive effect on earnings per share.

#### NOTE 5. FINANCIAL INFORMATION BY BUSINESS SEGMENTS

Our reportable segments are Americas and International. The Americas segment is comprised of waste and energy services operations primarily in the United States and Canada. The International segment is comprised of waste and energy
