## **Section 1 Registrant's Business and Operations**

### **Item 1.01 Entry Into a Material Definitive Agreement**

On June 15, 2010, the Company entered into an Asset Purchase Agreement dated as of June 15, 2010 (the Agreement) among the Company, Source Loop, LLC, a Delaware limited liability company (Source Loop), and Joseph Foster, Christopher Lee, Daren Moore and Roberto Morson, who are all of the members of Source Loop (the Members). Pursuant to the Agreement, the Company agreed to acquire substantially all of the assets of Source Loop used in its enterprise telecom expense management (TEM) business, including Source Loop's accounts receivable and cash on hand as of the closing date. The aggregate purchase price to be paid by the Company for such assets is \$1.5 million, subject to adjustment as described below, plus the issuance to Source Loop of up to 500,000 shares of the Company's \$.10 par value common stock, also subject to adjustment. The purchase price was determined by arms length negotiations between the parties.

The purchase price and the payments to be made under the Agreement will be adjusted to reflect the difference between Source Loop's cash on hand at closing and accounts receivable collected by the Company after closing. The purchase price and payments are to be adjusted upward or downward based upon the amount by which the total of cash and collected accounts receivable is greater or less than \$300,000. Under the Agreement, \$300,000 plus Source Loop's cash on hand is to be paid and 100,000 shares of common stock are to be issued to Source Loop at closing. \$300,000 of Source Loop's accounts receivable, less the amount of cash on hand at closing, are to be paid to Source Loop as collected. The balance of the cash purchase price to be paid and the number of the Company's shares to be issued to Source Loop are subject to further adjustment based upon the Company's achievement of certain milestones through December 31, 2011.

Further details can be found in the Agreement, which is attached as Exhibit 2.1 to this Current Report on Form 8-K.

## **Section 2 Financial Information**

### **Item 2.01 Completion of Acquisition or Disposition of Assets**

The information set forth under Item 1.01 of this Current Report on Form 8-K is incorporated herein by reference. On June 18, 2010, pursuant to the Agreement, the Company acquired substantially all of the assets of Source Loop used in its enterprise telecom expense management (TEM) business, including its cash on hand and accounts receivable. The aggregate purchase price to be paid by the Company was \$1.5 million, subject to adjustment as described below, plus up to 500,000 shares of the Company's \$.10 par value common stock, also subject to adjustment. The purchase price was determined by arms length negotiations between the parties.

---

At closing, Source loop was paid \$433,000 and received 100,000 shares of the Company's common stock, which were issued to the Members. Source Loop will be paid the first \$167,000 of future collections of its accounts receivable, and the Company will retain any excess. If collections of Source Loop's accounts receivable are less than \$167,000, the purchase price and the payments to be made under the Agreement will be adjusted to reflect the difference. The balance of the cash purchase price to be paid, \$900,000, and 400,000 of the Company's shares to be issued to Source Loop, are to be paid or issued in installments and are subject to further adjustment based upon the Company's achievement of certain milestones through December 31, 2011. Details of future payments, stock issuances, and possible adjustment to those payments and issuances can be found in the Agreement, which is attached as Exhibit 2.1 to this Current Report on Form 8-K.

Source Loop's business acquired by the Company has been the providing to its enterprise customers a full suite of professional and managed services for Telecom Expense Management (TEM), including telecom assessments, sourcing, audits, benchmarking, and network optimization.
