FOR CUSTOMERS IN MARYLAND

MORE RESOURCES WHEN OUR CUSTOMERS NEED THEM MOST With the merger of FirstEnergy and Allegheny Energy, the combined company will have more people, equipment and other resources to respond when major storms interrupt service. By bringing together crews from other regions that share similar processes and procedures, the combined company will be able to work more effectively to repair damage and get customers back in service more quickly. **POSITIVE ENERGY BETTER RESPONSE TO STORMS**

FOR CUSTOMERS IN MARYLAND

SAVING CUSTOMERS MONEY We believe the combination of FirstEnergy and Allegheny Energy will offer customers in Maryland the benefits of a larger, stronger company. And, we're putting our money on it. Following completion of the merger, residential customers in Maryland will receive rate credits totaling approximately \$2.5 million over a two-year period. And, because the combined company is expected to result in greater efficiencies, we believe customers will have the benefit of better rates than the companies could offer separately over the long term. **POSITIVE ENERGY LOWER ELECTRIC BILLS**

HELPING MAKE COMPETITION WORK FOR CUSTOMERS When it comes to shopping for electric generation service, choice is important. It's why we've promised to take an active role in Maryland's marketplace following completion of the merger of FirstEnergy and Allegheny Energy. FirstEnergy Solutions—the competitive subsidiary of FirstEnergy—will become a certified retail supplier for residential customers in Maryland and continue to actively participate in other markets. It's part of our efforts to provide options that promote competition and better prices for customers throughout Maryland.

HOLDING THE LINE ON UTILITY JOBS Utility workers are the backbone of FirstEnergy and Allegheny Energy. The combined company will use all the resources necessary to ensure continued safe and reliable service. As a result, there will be no net reductions in employment levels at the utility operating companies for at least two years due to involuntary attrition related to the integration of the companies. And, FirstEnergy has made a commitment to honor Allegheny Energy's collective bargaining agreements following the merger of our companies. **POSITIVE ENERGY UTILITY JOBS**

FOR COMMUNITIES IN MARYLAND

LOCAL PRESENCE, LOCAL FOCUS You can't stay in touch with the local community if you're not part of the local community. That's why, after the merger is complete, FirstEnergy plans to establish a regional headquarters for Potomac Edison within the utility's Maryland service area. As part of the FirstEnergy family of companies, Potomac Edison will have a management structure that supports local authority and decision-making throughout its service territory. We think that's the best way to ensure we make the right choices for our customers and our communities. POSITIVE ENERGY REGIONAL HEADQUARTERS
