Pursuant to such registration rights, the Issuer has agreed to prepare and file with the Securities and Exchange Commission a shelf registration statement covering the resale of the Common Stock (or, if permitted by securities laws, otherwise designate an existing shelf registration statement to cover the resale of the Common Stock) as promptly as practicable after (and in any event no more than thirty (30) days after) the Lockup Termination Date.

Preemptive Rights. Subject to the Ownership Threshold, if the Issuer at any time makes any public or non-public offering or sale of any equity (including Common Stock, preferred stock and restricted stock), or any securities, options or debt that is convertible or exchangeable into equity or that include an equity component (any such security, a New Security) (other than the issuance and sale of securities (1) in connection with the Rights Offering (as defined below under "Rights Offering"), (2) upon conversion of convertible securities issued in compliance with the preemptive rights requirements set forth in the Investment Agreement, (3) to employees, officers, directors or consultants of the Issuer pursuant to employee benefit plans or compensatory arrangements approved by the Board of Directors (including upon the exercise of employee stock options granted pursuant to any such plans or arrangements), (4) pursuant to any rights plan or (5) as consideration in connection with any bona fide, arm's-length, direct or indirect merger, acquisition or similar transaction or joint venture, strategic alliance, license agreement or other similar commercial transactions), Carlyle shall first be afforded the opportunity to acquire from the Issuer for the same price (net of any underwriting discounts or sales commissions) and on the same terms (except that, to the extent permitted by law and the articles of incorporation and bylaws of the Issuer, Carlyle may elect to receive such securities in nonvoting form, convertible into shares of voting securities in a widely dispersed offering) as such securities are proposed to be offered to others, up to the amount of such New Securities to be offered in the aggregate required to enable Carlyle to maintain its proportionate equivalent interest in the Common Stock immediately prior to any such issuance of New Securities. Notwithstanding the foregoing, in no event shall Carlyle have the right to purchase New Securities to the extent that such purchase would result in Carlyle exceeding the ownership limitations set forth under "Avoidance of Control" above.

Rights Offering. As promptly as practicable following February 18, 2011, the Issuer will commence a rights offering (the Rights Offering) providing common stockholders of record as of the close of business on February 17, 2011 with transferable rights (the Rights) to purchase from the Issuer shares of Common Stock at a per share price of \$10.00. Each Right shall entitle the holder thereof to purchase a specified number of shares of Common Stock, provided that (1) no such holder shall thereby exceed, together with any other person with whom such holder may be aggregated under applicable law, 4.99% beneficial ownership of the Issuer's equity securities and (2) the aggregate purchase price of all shares of Common Stock purchased in the Rights Offering shall not exceed \$20,000,000. In the event the Rights Offering is over-subscribed, subscriptions by holders of Rights shall be reduced proportionally based on the number of shares of Common Stock such holders elect to purchase pursuant to their over-subscription privilege.
