Dear Shareholder:

We invite you to attend the Annual Meeting of Shareholders (the Annual Meeting ) of Green Bankshares, Inc. (the Company ) to be held at Tusculum College, 60 Shiloh Road, Greeneville, Tennessee 37743, on Thursday, May 12, 2011, at 9:00 a.m., local time.

The Annual Meeting has been called (i) to vote on an amendment to the Company s Amended and Restated Charter to declassify the Company s Board of Directors and provide for an annual election of directors, (ii) to elect directors, (iii) to approve the compensation of certain of the Company s executive officers, (iv) to ratify the appointment of the Company s independent registered public accounting firm and (v) to transact such other business as may properly come before the Annual Meeting or any adjournments thereof. Enclosed is a proxy statement, a proxy card and the Company s Annual Report to Shareholders for the 2010 fiscal year. Directors and officers of the Company as well as representatives of Dixon Hughes PLLC, the Company s independent registered public accounting firm for the 2010 fiscal year, will be present at the Annual Meeting to respond to any appropriate questions shareholders may have.

**Your vote is important, regardless of the number of shares you own.** On behalf of the Board of Directors, we urge you to sign, date and return the enclosed proxy card as soon as possible, even if you currently plan to attend the Annual Meeting. We also offer telephone and Internet voting, as more particularly described in the attached proxy statement. Voting by telephone, on the Internet or by returning a proxy card in the mail will not prevent you from voting in person at the Annual Meeting, but will assure that your vote is counted if you are unable to attend the Annual Meeting.

Thank you for your cooperation and your continuing support.

Sincerely,

/s/ Stephen M. Rownd  
Stephen M. Rownd  
Chairman of the Board and Chief Executive  
Officer

**Notice of Annual Meeting of Shareholders  
To Be Held on May 12, 2011**

**Notice is hereby given** that the 2011 Annual Meeting of Shareholders (the "Annual Meeting") of Green Bankshares, Inc. (the "Company") will be held on Thursday, May 12, 2011, at 9:00 a.m.), local time, at Tusculum College, 60 Shiloh Road, Greeneville, Tennessee 37743.

A Proxy Card and a Proxy Statement for the Annual Meeting are enclosed.

The Annual Meeting is for the purpose of considering and acting upon the following matters:

- (1) consider and vote upon a proposal to amend the Company's Amended and Restated Charter to declassify the Company's Board of Directors and provide for the annual election of directors;
- (2) elect three persons to serve as directors of the Company, each for a one-year term if Proposal No. 1 is approved, or, alternatively, each for a three-year term if Proposal No. 1 is not approved, those persons to serve until the end of their respective terms and until their respective successors are duly elected and qualified;
- (3) consider and vote upon a proposal to approve, on a non-binding, advisory basis, the compensation of the Company's named executive officers as disclosed in the proxy statement that accompanies this notice;
- (4) consider and vote upon a proposal to ratify the appointment of Dixon Hughes PLLC as the Company's independent registered public accounting firm for 2011; and
- (5) transact such other business as may properly come before the Annual Meeting or any adjournment thereof.

NOTE: Although the Board of Directors is not aware of any other business to come before the Annual Meeting, the proxies have been authorized to vote upon such other business as may properly come before the Annual Meeting of Shareholders.

Any action may be taken on any one of the foregoing proposals at the Annual Meeting on the date specified above or on any date or dates to which, by original or later adjournments, the Annual Meeting may be adjourned. Shareholders of record at the close of business on March 17, 2011, will be entitled to vote at the Annual Meeting and any adjournments thereof.

You are requested to fill in and sign the enclosed form of proxy which is solicited by the Board of Directors and to mail it promptly in the enclosed envelope or vote by telephone or over the Internet as described in the attached proxy statement. The proxy will not be used if you attend and choose to vote in person at the Annual Meeting.

2011 ANNUAL MEETING OF SHAREHOLDERS  
May 12, 2011**

**General**

This document is being furnished to Green Bankshares, Inc. (the Company) shareholders in connection with the solicitation of proxies by the Company's board of directors to be used at the 2011 Annual Meeting of Shareholders of the Company (the Annual Meeting), to be held on 12, 2011, at 9:00 a.m., local time, at Tusculum College, 60 Shiloh Road, Greeneville, Tennessee 37743. The accompanying Notice of Annual Meeting, proxy card and this proxy statement are first being mailed to shareholders on or about April 9, 2011.

The Company's board of directors has fixed the close of business on March 17, 2011, as the record date for determining the holders of shares of the Company's common stock, par value \$2.00 per share (the Common Stock), entitled to receive notice of and to vote at the Annual Meeting. Only holders of record of shares of the Common Stock at the close of business on that date will be entitled to vote at the Annual Meeting and at any adjournment or postponement of that meeting. At the close of business on the record date, there were 13,188,896 shares of Common Stock outstanding, held by approximately 2,600 holders of record. Each Company common shareholder will be entitled to one vote for each share held of record as of the close of business on March 17, 2011, upon each matter properly submitted at the Annual Meeting and at any adjournment or postponement of that meeting. Holders of shares of the Company's Series A Fixed Rate Cumulative Preferred Stock (the Series A Preferred Stock) will not be entitled to vote on any of the proposals to be considered at the Annual Meeting.

**Matters to be Considered**

At this Annual Meeting, holders of the Company's common stock will be asked to:

- consider and vote upon a proposal to amend the Company's Amended and Restated Charter to declassify the Company's Board of Directors and provide for the annual election of directors;
- elect three persons to serve as directors of the Company, each for a one-year term if Proposal No. 1 is approved, or, alternatively, each for a three-year term if Proposal No. 1 is not approved, those persons to serve until the end of their respective terms and until their respective successors are duly elected and qualified;
- consider and vote upon a proposal to approve, on a non-binding, advisory basis, the compensation of the Company's named executive officers as disclosed in this proxy statement;
- consider and vote upon a proposal to ratify the appointment of Dixon Hughes PLLC as the Company's independent registered public accounting firm for 2011; and
- transact such other business as may properly come before the Annual Meeting or any adjournment thereof.

## Table of Contents

### **Proxies**

Each copy of this document mailed to Company common shareholders is accompanied by a proxy card with instructions for voting by mail, by telephone or on the Internet. If voting by mail, you should complete and return the proxy card accompanying this document to ensure that your vote is counted at the Annual Meeting, or at any adjournment or postponement of the Annual Meeting, regardless of whether you plan to attend the Annual Meeting. You may also vote your shares by telephone or on the Internet. Information and applicable deadlines for voting by telephone or on the Internet are set forth in the enclosed proxy card instructions.

The presence of a shareholder at the Annual Meeting will not automatically revoke that shareholder's proxy. However, a shareholder may revoke a proxy at any time prior to its exercise by:

- submitting a written revocation prior to the meeting to James E. Adams, Corporate Secretary, Green Bankshares, Inc., 100 North Main Street, Greeneville, Tennessee 37743-4992;

- submitting another proxy by mail, internet or telephone that is dated later than the original proxy; or
- attending the Annual Meeting and voting in person.

If your shares are held by a broker or bank, you must follow the instructions on the form you receive from your broker or bank with respect to changing or revoking your proxy.

The shares represented by any proxy card that is properly executed and received by the Company in time to be voted at the Annual Meeting will be voted in accordance with the instructions that are marked on the proxy card. **If you execute your proxy card but do not provide the Company with any instructions, your shares will be voted as follows:**

- FOR** the amendment to the Company's Amended and Restated Charter to declassify the Company's Board of Directors and provide for the annual election of directors;

- FOR** the election of three persons to serve as directors of the Company, each for a one-year term if Proposal No. 1 is approved, or, alternatively, each for a three-year term if Proposal No. 1 is not approved, those persons to serve until the end of their respective terms and until their respective successors are duly elected and qualified;

- FOR** approval, on a non-binding, advisory basis, of the compensation of the Company's named executive officers as disclosed in this proxy statement;

- FOR** ratification of the appointment of Dixon Hughes PLLC as the Company's independent registered public accounting firm for 2011; and

In the best judgment of the persons appointed as proxies as to all other matters properly brought before the Annual Meeting.

Proxies that are returned to us where brokers have received instructions to vote on one or more proposals but do not vote on other proposal(s) are referred to as "broker non-votes" with respect to the proposal(s) not voted upon. Broker non-votes are included in determining the presence of a quorum.

## Table of Contents

### **Vote Required**

In order to have a lawful meeting, a quorum of shareholders must be present at the Annual Meeting. The presence, in person or by proxy, of the holders of a majority of the outstanding shares of the Company's common stock outstanding, as of the record date, will constitute a quorum at the Annual Meeting. A shareholder will be deemed to be present if the shareholder either attends the Annual Meeting or submits a properly executed proxy card that is received at or prior to the Annual Meeting (and not revoked). Under the laws of Tennessee, the Company's state of incorporation, abstentions and broker non-votes are counted for purposes of determining the presence or absence of a quorum, but are not counted as votes cast at the meeting.

*Effect of Abstentions and Broker Non-Votes.* If your shares are treated as a broker non-vote or abstention, your shares will be counted in the number of shares represented for purposes of determining whether a quorum is present. However, broker non-votes and abstentions will not be included in vote totals (neither for nor against) and therefore will not affect the outcome of the vote on any of Proposals 1-4 except as set forth below.

The affirmative vote of a plurality of the votes cast by the shareholders entitled to vote at the Annual Meeting is required for the election of directors. A properly executed proxy marked **Withhold Authority** with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted in determining whether there is a quorum. Therefore, so long as a quorum is present, withholding authority will have no effect on whether one, or more, director is elected except as set forth below.

Under Tennessee law, directors are elected by a plurality of the total number of votes cast, which means the nominees who receive the largest number of properly cast votes will be elected as directors. A vote to withhold authority for the election of one or more director nominees will be counted for quorum purposes, but because the vote required to elect directors is a plurality vote, a vote to withhold authority will not affect the outcome of the election under Tennessee law. However, as explained more fully below, a vote to withhold authority will be counted for purposes of determining whether a director nominee received the affirmative vote of holders of a majority of the shares voted as required by the Company's Amended and Restated Corporate Governance Guidelines. So long as a quorum is present, a broker non-vote will have no effect on the approval of the nominees to the Company's Board except as set forth in the following paragraph.

The Company's Board has adopted Amended and Restated Corporate Governance Guidelines, as described in more detail below, which provide that, should an incumbent director receive more Withhold Authority votes than For votes, that director shall tender his or her resignation to the Lead Director of the Board following the shareholder vote. Subsequently, the Company's Nominating/Corporate Governance Committee shall consider the relevant facts and circumstances, including the factors that may have given rise to the resulting shareholder vote and the service and qualifications of the impacted director(s), and recommend to the Board within ninety days of the shareholder vote as to whether to accept or reject the resignation of the impacted director(s). The Board shall also consider the relevant facts and circumstances as to whether to accept or reject the Nominating/Corporate Governance Committee's recommendation. Subsequently, the Company shall describe a full explanation of the above process and the decisions reached in a Form 8-K filing with the Securities and Exchange Commission. Any director who tenders his resignation pursuant to this provision shall not participate in any discussion or recommendation related to the above process.

If a quorum exists, approval of the amendment to the Company's Amended and Restated Charter to declassify the Board of Directors and provide for the annual election of directors, approval, on a non-binding, advisory basis, of the compensation of the Company's named executive officers, as disclosed in this proxy statement, and the ratification of the appointment of Dixon-Hughes as the Company's independent registered public accounting firm for 2011, requires that the number of votes cast, in person or by proxy, at the Company's Annual Meeting in favor of the proposal exceed the number of votes cast, in person or by proxy, against the proposal. Abstentions and broker non-votes are not counted as votes cast and thus have no impact on the approval of the amendment to the Company's Amended and Restated Charter to declassify the Board of Directors and provide for the annual election of directors, approval, on a non-binding, advisory basis, of the compensation of the Company's named executive officers, as disclosed in this proxy statement, and the ratification of the appointment of Dixon-Hughes as the Company's independent registered public accounting firm for 2011, because the vote required to approve these proposals is not based upon the Company's outstanding shares, but only on those shares present and voting at the Annual Meeting.

**Table of Contents**

**Solicitation of Proxies**

In addition to solicitation by mail, directors, officers and employees of the Company may solicit proxies for the Annual Meeting from Company shareholders personally or by telephone and other electronic means without additional remuneration for soliciting such proxies. We also will provide persons, firms, banks and corporations holding shares in their names or in the names of nominees, which in either case are beneficially owned by others, proxy material for transmittal to such beneficial owners and will reimburse such record owners for their expenses in taking such actions. We have engaged Morrow & Co., LLC to assist with the solicitation of proxies for an estimated fee of \$6,500 plus expenses.

**PROPOSAL 1 APPROVAL OF AMENDMENT TO THE COMPANY S AMENDED AND RESTATED CHARTER TO DECLASSIFY THE BOARD OF DIRECTORS AND PROVIDE FOR THE ANNUAL ELECTION OF DIRECTORS**

**General**

On March 21, 2011, the Board of Directors approved an amendment to the Company s Amended and Restated Charter to eliminate the classified structure of the Board of Directors and to allow for the annual election of directors. At the same meeting, the Board of Directors approved a corresponding amendment to the Company s Amended and Restated Bylaws, which will not take effect unless and until this Proposal 1 is approved by the Company s shareholders. The amendment to the Company s Amended and Restated Bylaws is not being voted upon by the shareholders.

Article 7 of the Company s Amended and Restated Charter currently divides the Company s Board of Directors into three classes of directors, each of which is elected for a three-year term. This proposal seeks approval of the amendment of our Amended and Restated Charter to provide that all directors would be elected each year at the annual meeting of shareholders. If approved by the Company s shareholders, the amendment to the Amended and Restated Charter will be filed with the Secretary of State of the State of Tennessee promptly following the vote of the shareholders at the Annual Meeting and will be in effect immediately upon approval by the Secretary of State of Tennessee. The form of the Articles of Amendment to the Amended and Restated Charter is set forth as Appendix A to this proxy statement.

If the amendment to the Amended and Restated Charter is approved, current directors would continue to serve for their elected terms. Directors who are up for reelection at the Annual Meeting shall be elected for one-year terms and would thereafter stand for election for one-year terms at each successive annual meeting. Directors who were elected for three-year terms at the 2009 annual meeting of shareholders would stand for election at the 2012 annual meeting of shareholders for one-year terms and would thereafter stand for election for one-year terms at each successive annual meeting. Directors who were elected for three-year terms at the 2010 annual meeting of shareholders would stand for election at the 2013 annual meeting of shareholders for one-year terms and would thereafter stand for election for one-year terms at each successive annual meeting. Thus, if this proposal is approved by the Company s shareholders, beginning with the annual meeting of shareholders in 2013, all directors would be elected annually to one-year terms. The Company s Board of Directors has considered the advantages and disadvantages of the classified board structure, and has unanimously voted to propose to the shareholders that the Amended and Restated Charter of the Company be amended to provide that directors be elected annually. In reaching this determination, the Company s Board of Directors noted the support for annual elections of directors among our shareholders, as evidenced by the vote at the 2010 annual meeting of shareholders in favor of a non-binding shareholder proposal calling for annual election of directors.

**Vote Required**

If a quorum exists, approval of the amendment to the Company s Amended and Restated Charter requires that the number of votes cast, in person or by proxy, at the Company s Annual Meeting, in favor of the proposal exceed the number of votes cast, in person or by proxy, at the Company s Annual Meeting, against the proposal. Abstentions and broker non-votes will have no impact on the proposal to approve the amendment to the Company s Amended and Restated Charter. If this Proposal 1 is not approved by the Company s shareholders, then the election of Messrs. Campbell, Lynch and Tolsma set forth in Proposal 2 shall proceed under the Company s Amended and Restated Charter as currently in effect. In such case, Messrs. Campbell, Lynch and Tolsma shall be elected for a term of three years.

**Table of Contents**

***THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE PROPOSAL TO AMEND THE COMPANY'S AMENDED AND RESTATED CHARTER TO DECLASSIFY THE BOARD OF DIRECTORS AND PROVIDE FOR THE ANNUAL ELECTION OF DIRECTORS.***

**PROPOSAL 2 ELECTION OF DIRECTORS**

The Company's Board of Directors is currently comprised of 10 members. The Company's Amended and Restated Charter requires that directors be divided into three classes, as nearly equal in number as possible, and that the members of each class serve for a term of three years and until their successors are elected and qualified, with one-third of the directors elected each year. The Company's Nominating/Governance Committee has nominated for election as directors Bruce Campbell, Samuel E. Lynch and John Tolsma, each of whom is currently a member of the Board of Directors. We are proposing, in Proposal 1 set out above, to amend the Company's Amended and Restated Charter to declassify the Company's Board of Directors. If this proposal is approved, the three director nominees would be elected to one year terms. Thereafter, as the term of each other class of directors expires, such class of directors will be nominated for a term of one year. Through this orderly process, our Board of Directors will be fully declassified at the 2013 annual meeting of stockholders, at which all director nominees will be nominated for election to one year terms. Each of Messrs. Campbell's, Lynch's and Tolsma's current terms will expire at the Annual Meeting. Each director has consented to serve as a director if elected. If Proposal 1 set out above is not approved at the Annual Meeting, if elected by the Company's shareholders, the nominees will be elected for three year terms.

The Company's Board has recently adopted Amended and Restated Corporate Governance Guidelines to include a majority vote standard for the election of directors. Pursuant to the Amended and Restated Corporate Governance Guidelines, should an incumbent director receive more Withhold Authority votes than For votes, that director shall tender his or her resignation to the Lead Director of the Board following the shareholder vote. Subsequently, the Company's Nominating/Governance Committee shall consider the relevant facts and circumstances, including the factors that may have given rise to the resulting shareholder vote and the service and qualifications of the impacted director(s), and recommend to the Board within ninety days of the shareholder vote as to whether to accept or reject the resignation of the impacted director(s). The Board shall also consider the relevant facts and circumstances as to whether to accept or reject the Nominating/Corporate Governance Committee's recommendation. Subsequently, the Company shall describe a full explanation of the above process and the decisions reached in a Form 8-K filing with the Securities and Exchange Commission. Any director who tenders his resignation pursuant to this provision shall not participate in any discussion or recommendation related to the above process.

It is intended that the persons named in the proxies solicited by the Board of Directors will vote for the election of each of the nominees. If any nominee is unable to serve or for good cause will not serve, the shares represented by all properly executed proxies which have not been revoked will be voted for the election of a substitute nominee as the Board of Directors may recommend. In the alternative, the Board of Directors may, in its discretion, reduce its size to eliminate the vacancy. At this time, the Board of Directors knows of no reason why any nominee might be unable or unwilling to serve.

The Company's Board of Directors has determined that each of the following directors is an independent director within the meaning of Marketplace Rule 5605(a)(2) of the Nasdaq Stock Market, LLC:

Martha M. Bachman;

Bruce Campbell;

W.T. Daniels;

Robert K. Leonard;

Samuel E. Lynch;

Bill Mooringham;

John Tolsma; and

Charles H. Whitfield, Jr.

The Company's Board of Directors has established procedures for the Company's shareholders to communicate with members of the Board of Directors. Shareholders can communicate with any of the Company's directors, including the chairperson of any of the committees of the Board of Directors, by writing to a director c/o Green Bankshares, Inc., 100 North Main Street, P.O. Box 1120, Greeneville, Tennessee 37743.

The Company encourages the members of the Board of Directors to attend the annual meeting of shareholders. All of the Company's directors attended the Annual Meeting of Shareholders held in 2010, with the exception of Messrs. Tolsma and Campbell.

The Board of Directors recommends a vote FOR election as directors of all the nominees listed below.

The following table sets forth certain information with respect to each of the Company's current directors whose term of office as a director will or, assuming re-election, is expected to continue after the Annual Meeting.

**Table of Contents**

The information describing the current position and prior business experience of each of the nominees and continuing directors below contains information regarding the person's service as a director, business experience, public reporting company director positions held currently or at any time during the last five years and the experiences, qualifications, attributes or skills that caused the Board of Directors to determine that the person should serve as a director for the Company. Each of the Company's directors also currently serves as a director of the Bank, the wholly owned subsidiary of the Company. There are no arrangements or understandings between the Company and any director pursuant to which such person has been selected as a director or nominee for director of the Company, and no director or nominee is related to any other director, nominee or executive officer by blood, marriage or adoption.

**CORPORATE GOVERNANCE**

**Board Leadership Structure**

The Board of Directors appointed the Company's Chief Executive Officer as Chairman because he is the director most familiar with the Company's business and industry, and as a result is best suited to effectively identify strategic priorities and lead the discussion and execution of strategy. The Board of Directors believes that the combined position of Chairman and Chief Executive Officer promotes a unified direction and leadership for the board of directors and gives a single, clear focus for the chain of command for our organization, strategy and business plans. The Board of Directors believes that the Company's current leadership structure with the combined Chairman/Chief Executive Officer leadership role and a strong Lead Director enhances the Chairman/Chief Executive Officer's ability to provide insight and direction on important strategic initiatives to both management and the independent directors and, at the same time, ensures that the appropriate level of independent oversight is applied to all board decisions.

**Board's Role in Risk Oversight**

While the Board of Directors has the ultimate oversight responsibility for the risk management process, various committees of the Board of Directors assist the Board of Directors in fulfilling its oversight responsibilities in certain areas of risk. In particular, the Audit Committee focuses on financial and enterprise risk exposures, including internal controls, and discusses with management, the internal auditors, and the independent registered public accountants the Company's policies with respect to risk assessment and risk management, including risks related to fraud, liquidity, credit operations and regulatory compliance. The Audit Committee also assists the Board in fulfilling its duties and oversight responsibilities relating to the Company's compliance and ethics programs, including compliance with legal and regulatory requirements. The Compensation Committee is responsible for considering the risks that may be implicated by the Company's executive compensation programs and reviews those risks with the Company's senior risk officers.

**Meetings and Committees of the Board of Directors**

The Company conducts its business through meetings of the Board of Directors, which met 11 times during 2010. Directors of the Company also are directors of the Bank, the Board of which met nine times in 2010. During 2010, each member of the Board of Directors of the Company and of the Bank attended at least 75% or more of the aggregate of (a) the total number of meetings of the Boards of Directors and (b) the total number of meetings held by all committees on which the director served.

The Nominating/Governance Committee of the Company, consisting of Bruce Campbell, Robert K. Leonard, Martha Bachman and Samuel E. Lynch, with Bruce Campbell serving as Chairman, is responsible for selecting nominees for election as directors. Nominations may also be made by shareholders, provided such nominations are made in writing and submitted to the Secretary of the Company in accordance with the requirements of the Company's Amended and Restated Charter as described below. The Nominating/Governance Committee has a written charter which sets out the duties and responsibilities of the committee, a copy of which is available on the Investor Relations section of the Company's website at [www.greenbankusa.com](http://www.greenbankusa.com). Each of the directors who serve on the Nominating Committee is independent as that term is defined under Rule 5605(a)(2) of the listing standards of the Nasdaq Stock Market, LLC. During 2010, the Nominating/Governance Committee met four times.

Under the terms of the Company's Amended and Restated Charter, shareholders of record of the Company both at the time of giving of notice and at the time of the annual meeting, may nominate persons for election to the Company's Board of Directors. For such nominations to be properly brought before an annual meeting, the shareholder must have given timely notice thereof in writing to the secretary of the Company. To be timely, a shareholder's notice shall be delivered to the secretary at the Company's principal executive office no less than 40 days nor more than 60 days prior to the scheduled date of such meeting; except that if notice of public disclosure of the meeting is given fewer than 50 days prior to the meeting, such shareholder's notice must be delivered to the secretary of the Company not later than the close of business on the 10th day following the day such notice was first mailed to the Company shareholders. In addition, each notice submitted by a Company shareholder shall set forth as to such nominee all information relating to that person that is required to be disclosed in solicitations of proxies for election of directors, or as otherwise required, in each case pursuant to Regulation 14A of the Securities Exchange Act of 1934 (Exchange Act), including that nominee's written consent to be named in the proxy statement as a nominee and to serving as a director if elected.

Also, the shareholder giving such notice and the beneficial owner, if any, on whose behalf the nomination is submitted, shall include the name and address of such shareholder as they appear on the Company's books and of such beneficial owner, and the number of shares of each class of the Company's stock which are owned beneficially and of record by such shareholder and such beneficial owner.

## **Table of Contents**

In the event that the number of directors to be elected to the Board of Directors at an annual meeting is increased and there is no public announcement by the Company naming all of the nominees for director or specifying the size of the increased board of directors at least 70 days prior to the first anniversary of the prior year's annual meeting, a shareholder's notice required by the Company's Amended and Restated Charter shall also be considered timely with respect to nominees for any such new positions, if it shall be delivered to the Secretary of the Company at the Company's principal executive offices not later than the close of business on the 10th day following the day on which public announcement of such increase is first made by the Company.

The Company's Nominating/Governance Committee is responsible for (i) annually reviewing with the board of directors the appropriate skills and characteristics required of members of the Board of Directors, which, at a minimum, include professional integrity, sound judgment, and sufficient time to devote to Board activities; (ii) annually reviewing and determining any specific qualities or skills that one or more directors must possess; (iii) identifying individuals qualified to become directors consistent with the criteria approved by the Board of Directors; (iv) evaluating and considering director candidates proposed by management, any director or any shareholder; and (v) recommending for selection by the board of directors, director nominees for the next annual meeting of shareholders. The Board of Directors will then review and approve director nominees for the annual meeting of shareholders.

Each potential director nominee is evaluated on the same basis regardless of whether he or she is recommended by management, by a director or by a shareholder. The Board of Directors has not adopted a policy with respect to minimum qualifications for directors nor has the Board of Directors adopted a formal diversity policy for nominees. Rather, the Nominating/Governance Committee annually reviews and determines the specific qualifications and skills that one or more directors must possess in the context of the needs of the Board of Directors with respect to experience, expertise and age. Each of the nominees for director to be elected at the Annual Meeting was nominated and recommended by the Nominating/Governance Committee and approved by the Board of Directors. In making recommendations for nominees to the Board of Directors, the Board of Directors seeks to include directors who, when taken together with the other nominees and continuing directors, will create a Board of Directors that offers a diversity of education, professional experience, background, age, gender, perspective, viewpoints and skill. The Company has not received director nominee recommendations from any shareholders for the terms commencing in 2011. The Board of Directors will consider nominees recommended by shareholders under the same criteria as nominees submitted by other parties, provided that such recommendations comply with the notice, timing and other requirements provided for in the Company's Amended and Restated Charter.

The Audit Committee of the Bank also serves as the Audit Committee for the Company and is a separately-designated standing audit committee established in accordance with Section 3(a)(58)(A) of the Exchange Act. The Audit Committee of the Bank consists of Messrs. Robert K. Leonard, Samuel E. Lynch, Bill Mooningham, John Tolsma and Charles Whitfield, Jr. Each of the directors who serves on the Audit Committee is independent of the Company, as the term independent is defined under Rule 5605(a)(2) of the listing standards of the Nasdaq Stock Market, LLC and the standards promulgated under the Sarbanes-Oxley Act of 2002, including Rule 10A-3 of the rules and regulations promulgated under the Exchange Act. Mr. Leonard served as the Chairman of the Audit Committee from 2007 to October 2010. In October 2010, Mr. Mooningham was appointed to serve as Chairman of the Audit Committee. The Board of Directors has determined that Mr. Mooningham qualifies as an audit committee financial expert as such term is defined by the Securities and Exchange Commission's rules and regulations, and is independent, as defined by the listing standards of the Nasdaq Stock Market, LLC and the Securities and Exchange Commission's rules and regulations. The Audit Committee meets at least quarterly to, among other things, (1) monitor the accounting and financial reporting practices of the Company, and (2) determine whether the Company has adequate administrative, operating and internal accounting control over financial reporting. This committee met seven times during 2010 in its capacity as the Audit Committee for the Company. A copy of the Audit Committee Report is set forth below. The Audit Committee has a written charter which sets out the duties and responsibilities of the Audit Committee, a copy of which is available on the Investor Relations section of the Company's website at [www.greenbankusa.com](http://www.greenbankusa.com).

## **Table of Contents**

The Bank's Compensation Committee also serves as the compensation committee for the Company. The Compensation Committee consists of Martha Bachman, W.T. Daniels, Bruce Campbell, John Tolsma and Charles Whitfield, Jr., with Mr. Tolsma serving as Chairman. Each member of the Compensation Committee is independent within the meaning of the listing standards of the Nasdaq Stock Market, LLC. The Compensation Committee meets periodically to evaluate the compensation and fringe benefits of the directors, officers and employees of the Bank and the Company and recommend compensation changes to the respective Boards of Directors. The Compensation Committee met three times during 2010. The Compensation Committee has a written charter which sets out the duties and responsibilities of the Compensation Committee, a copy of which is available on the Investor Relations section of the Company's website at [www.greenbankusa.com](http://www.greenbankusa.com).

Additionally, because the Company is participating in the Capital Purchase Program (the "CPP") established by the U.S. Department of the Treasury (the "Treasury") under the Emergency Economic Stabilization Act of 2008 ("EESA"), the Compensation Committee has additional responsibilities under the EESA as amended by the America Recovery and Reinvestment Act of 2009 (the "ARRA") and the rules, regulations and guidance issued thereunder including the interim final rule related to compensation and governance issued by the Treasury on June 15, 2009 (the "June 2009 IFR"). Those additional responsibilities include the following:

- discussing, evaluating and reviewing, at least every six months, with the Company's senior risk officers, the Company's senior executive officer compensation plans and employee compensation plans and the risks these plans pose to the Company;
- identifying and limiting the features in the Company's senior executive officer compensation plans that could lead the Company's senior executive officers to take unnecessary and excessive risks that could threaten the value of the Company;
- identifying and limiting any features in the Company's employee compensation plans that pose risks to the Company to ensure that the Company is not unnecessarily exposed to risks, including any features in these senior executive officer compensation plans or employee compensation plans that would encourage behavior focused on short-term results rather than long-term value creation;
- discussing, evaluating and reviewing, at least every six months, the terms of each Company employee compensation plan and identifying and eliminating the features in these plans that could encourage the manipulation of reported earnings of the Company to enhance the compensation of an employee;
- providing annually a narrative description of how the committee limited the risk encouraging features in the senior executive officer compensation plans and employee compensation plans; and
- certifying annually that the committee has completed its review of the senior executive officer compensation plans and employee compensation plans required under the EESA.

### **Compensation Committee Interlocks and Insider Participation**

The members of the Compensation Committee during 2010 consisted of John Tolsma, Martha Bachman, W.T. Daniels, Bruce Campbell and Charles Whitfield, Jr.

No member of the Compensation Committee of the Board of Directors of the Company during 2010 was either (i) an officer or employee of the Company or any of its subsidiaries during the fiscal year ended December 31, 2010, (ii) a former officer of the Company or any of its subsidiaries, or (iii) an insider (i.e., director, officer, director or officer nominee, greater than 5% shareholder, or immediate family member of the foregoing) of the Company or any of its subsidiaries that engaged, or is currently engaging, in transactions with the Company or any subsidiary of the Company that must be disclosed in this proxy statement under the rules and regulations of the SEC.

Except as set forth above, there are no relationships among the Company's executive officers, members of its Compensation Committee or entities whose executives serve on the board of directors or the Compensation Committee that require disclosure under applicable SEC rules or regulations.

### **Certain Transactions**

The Company and its subsidiaries have had, and expect to have in the future, transactions in the ordinary course of business with directors and executive officers and members of their immediate families, as well as with principal shareholders. All loans and deposits included in such transactions were made in the ordinary course of business on substantially the same terms, including interest rates and collateral, in the case of loans, as those prevailing for

comparable transactions with non-affiliated persons. It is the belief of management that such loans neither involved more than the normal risk of collectability nor presented other unfavorable features.

## **Table of Contents**

### **Review, Approval or Ratification of Transactions with Related Persons**

The Company has followed the practice of having the full Board of Directors, or a committee of disinterested directors, review and approve transactions in which a director has a material interest. The Company has adopted a written Related Party Transactions Review and Approval Policy, which is administered by the board of directors. The Policy covers related party transactions, including any financial transaction, arrangement or relationship or any series of similar transactions, arrangements or relationships, either currently proposed or since the beginning of the last fiscal year in which the Company was or is to be a participant, involves an amount exceeding \$120,000 and in which a director, nominee for director, executive officer or immediate family member of such person has or will have a direct or indirect material interest. The Board of Directors determines whether or not related party transactions are fair and reasonable to the Company and on terms no less favorable to the Company than those that would be available from unaffiliated third parties. The Board of Directors also determines whether any related party transaction in which a director has an interest impairs the director's independence. Approved related party transactions are subject to on-going review by the Company's management on at least an annual basis. Loans to directors and executive officers and their related interests made and approved pursuant to the terms of Federal Reserve Board Regulation O are deemed approved under this policy. Any such loans that become subject to specific disclosure in the Company's annual proxy statement will be reviewed by the Audit Committee at that time.

### **Section 16(a) Beneficial Ownership Reporting Compliance**

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's officers and directors, and persons who own more than 10% of a registered class of the Company's equity securities, to file reports of ownership and changes in ownership with the SEC. Officers, directors and greater-than-10% shareholders are required to furnish the Company with copies of all such reports. Based solely on its review of copies of such reports received by it, or written representations from certain reporting persons that no annual report of change in beneficial ownership is required, the Company believes that, during and with respect to the year ended December 31, 2010 all such filing requirements were timely satisfied.

### **Audit Committee Report**

*The following Audit Committee Report shall not be deemed filed or incorporated by reference into any other document, including the Company's filings under the Securities Act of 1933 or the Exchange Act, except to the extent the Company specifically incorporates this Report into any such filing by reference.*

The Board of Directors of the Company has appointed an Audit Committee, consisting of five independent directors, which assists the board of directors in fulfilling its responsibility for oversight of the quality and integrity of the accounting, auditing and financial reporting practices of the Company.

In discharging its oversight responsibility as to the audit process, the Audit Committee obtained from the Company's independent registered public accounting firm the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence, and has discussed with the independent registered public accounting firm the independent registered public accounting firm's independence and satisfied itself as to the independent registered public accounting firm's independence. The Audit Committee also discussed with management, the internal auditors and the independent registered public accounting firm the quality and adequacy of the Company's internal control over financial reporting and the internal audit function's organization, responsibilities, budget and staffing. The Audit Committee reviewed with both the independent registered public accounting firm and the internal auditors their audit plans, audit scope, and identification of audit risks.

The Audit Committee reviewed and discussed with the independent registered public accounting firm all matters required by generally accepted auditing standards, including those matters described in Statement on Auditing Standards No. 61, as amended, (AICPA, Professional Standards, Vol. 1 AU Section 380) as adopted by the Public Company Accounting Oversight Board in Rule 3200T, and, with and without management present, discussed and reviewed the results of the independent registered public accounting firm's examination of the financial statements and their assessment of the Company's internal control over financial reporting. The Audit Committee further discussed and reviewed with the independent registered public accounting firm, with and without management present, certain

significant deficiencies identified during the fourth quarter of 2010, that when evaluated in combination, lead to a determination that there is a material weakness in internal control as of December 31, 2010. A material weakness is a deficiency, or a combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility the Company's internal controls could fail to prevent or detect a material misstatement of the financial statements on a timely basis. The Audit Committee also reviewed with the independent registered public accounting firm, with and without management present, management's specific action plans to address the deficiencies identified as more fully discussed in the Company's 2010 Form 10-K, which accompanies this proxy statement. The Audit Committee also discussed the results of the internal audit examinations.

**Table of Contents**

The Audit Committee reviewed and discussed the audited financial statements of the Company as of and for the fiscal year ended December 31, 2010, with management and the independent registered public accounting firm. Management has the responsibility for the preparation of the Company's financial statements, and the independent registered public accounting firm has the responsibility for the examination of those statements and expressing an opinion on the conformity of those audited financial statements with accounting principles generally accepted in the United States of America. The Audit Committee held seven meetings during 2010.

Based on the above-mentioned review and discussions with management and the registered public accounting firm, the Audit Committee recommended to the Board of Directors that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2010, for filing with the Securities and Exchange Commission.

**Code of Conduct**

The Company maintains a code of conduct that is applicable to all of the Company's directors and employees, including its principal executive officer and its senior financial officers. This code, which requires continued observance of high ethical standards such as honesty, integrity and compliance with law in the conduct of the Company's business, is available for public access under the Investor Relations section of the Company's website at [www.greenbankusa.com](http://www.greenbankusa.com). The Company intends to make any legally required disclosure of any amendments to, or waivers from, the code of conduct with respect to its directors and executive officers in accordance with the rules and regulations of the SEC and the Nasdaq Stock Market, LLC. If such disclosure is made on the Company's website, it will be located on the Investor Relations section of the website at [www.greenbankusa.com](http://www.greenbankusa.com).

**COMPENSATION DISCUSSION AND ANALYSIS**

**Introduction**

The Compensation Committee of the Company's Board, which also serves as the Compensation Committee of the Bank, is presently comprised of four members of the Board of Directors and is responsible for developing and making recommendations to the full Board of Directors concerning compensation paid to all NEOs (as defined below). The Compensation Committee is further responsible for administering all aspects of the Company's executive compensation program.

Each member of the Compensation Committee is independent within the meaning of the listing standards of the Nasdaq Stock Market, LLC and is appointed annually. Members of the Compensation Committee consist of Martha Bachman, W.T. Daniels, Bruce Campbell and John Tolsma, with Mr. Tolsma serving as Chairman. The Compensation Committee meets periodically to evaluate the compensation and fringe benefits of the directors, officers and employees of the Bank and the Company and recommend compensation changes to the respective boards of directors when applicable.

The Compensation Committee has a written charter which sets out the duties and responsibilities of the Compensation Committee, a copy of which is available on the Investor Relations section of the Company's website at [www.greenbankusa.com](http://www.greenbankusa.com).

## **Table of Contents**

The Compensation Committee is involved in setting compensation philosophy and strategy for the NEOs of the Company and further reviewing the risk elements of all incentive compensation plans, if any, for both NEOs and the Company's other executive officers.

### **EXECUTIVE COMPENSATION**

We appreciate the opportunity to share this Compensation Discussion and Analysis (CD&A) with our shareholders, understanding that investors have a strong interest in executive compensation, with a specific focus on our Named Executive Officers (NEOs). The NEOs for 2010 included the following individuals:

Stan Puckett, Former Chairman and Chief Executive Officer,  
Stephen M. Rownd, Chairman and Chief Executive Officer,  
Kenneth R. Vaught, President and Chief Banking Officer,  
James E. Adams, Executive Vice President and Chief Financial Officer,  
Steve L. Droke, Senior Vice President and Chief Credit Officer, and  
William C. Adams, Jr., Senior Vice President and Chief Information Officer.

This section discusses, with respect to the compensation paid to our NEOs:

- Our compensation process and Compensation Committee procedures.

- Our executive compensation programs.

- The objectives of our executive compensation programs.

- Our recent decisions regarding compensation.

- Legislation and regulations related to compensation, including legislation and regulations applicable to financial institutions or their holding companies that are participants in the CPP.

### **Overall Compensation Philosophy and Objectives**

The Compensation Committee has designed a compensation framework that it believes drives financial performance and links executive compensation with the creation of shareholder value. The principles of this framework include:

- Pay should be competitive with the market.

- A substantial portion of pay should align with performance.

- A substantial portion of pay should be at risk to align with risk taken by our shareholders.

- Compensation must comply with legal and regulatory limits.

The Compensation Committee designs our compensation programs in an effort to accomplish the following objectives:

- Attract talented and experienced executives.

- Retain the executive management required to lead us.

- Encourage improvement in individual and business performance.

- Recognize the importance of improving shareholder value.

### **Executive Compensation Determinations and Committee Procedures**

The Compensation Committee of the Board, which we refer to in this section as the Committee, makes decisions regarding the compensation of our executives. Specifically, the Committee has strategic and administrative responsibility for a broad range of issues. These include ensuring that we compensate key management employees effectively and in a manner consistent with our stated compensation strategy and the requirements of any applicable regulatory limitations. The Committee also oversees the administration of executive compensation plans, including the design, performance measures, and award opportunities for the executive incentive programs, and certain employee benefits. The Board appoints each member of the Committee and has determined that each is an independent director.

## **Table of Contents**

The Committee reviews executive officer compensation at least annually to ensure that senior management compensation is consistent with our compensation philosophies, highlighted above, Company and personal performance, changes in market practices, and changes in an individual's responsibilities. At the Committee's first regular meeting each year, the Committee makes a more specific review which focuses on performance and awards for the most recently-completed fiscal year. This review considers corporate and individual performance, changes in an NEO's responsibilities, data regarding peer practices, and other factors.

To assist in its efforts to meet the objectives outlined above, the Committee has utilized the services of both Blanchard Chase and Pearl Meyer nationally known executive compensation and benefits consulting firms, to advise it on the executive compensation and benefit programs. The Committee engaged the consultants to provide general executive compensation consulting services and to respond to any Committee member's questions. In addition, the consultants perform special executive compensation educational projects and consulting services from time to time as directed by the Committee. Each of the consultants reports to the Committee Chairman. Pursuant to the Committee's charter, the Committee has the power to hire and fire such consultants and engage other advisors.

The Committee reviews and approves in advance the amount of each element of total compensation paid to all NEOs. The consultants used by the Committee support such reviews by providing data regarding market practices and making specific recommendations for changes to plan designs and policies consistent with our philosophies and objectives highlighted above and described in more detail below. The CEO, along with the President and Chief Banking Officer, recommend the compensation of the other NEOs to the Committee and the Committee annually reviews these recommendations for acceptance or modification. Upon satisfactory completion of the independent review by the Committee, the compensation packages may, or may not, be approved as submitted for the other NEOs. The Committee has, over the last two years, among other things, taken the following actions:

1. Oversaw a comprehensive review of all company incentive plans. This review is described in greater detail under the caption, "2010 Incentive Compensation Pay for Performance Review" in the Compensation Committee Report which follows this CD&A.
2. Revised the form of compensation for NEOs and the Company's other executive officers in order to comply with regulatory requirements applicable to participants in the CPP. Specific changes for these individuals included:
  - the elimination of bonuses and other incentive and retention compensation for certain employees during the period that the Company has an outstanding obligation to the Treasury under the CPP (the "TARP Period")
  - the elimination of golden parachute payments and other severance payments for certain employees during the TARP Period; and
  - the elimination of tax gross ups for certain employees during the TARP period.
3. Adopted, and then later strengthened, a "clawback" policy covering incentive compensation paid to NEOs and the Company's next twenty most highly-compensated employees.
4. Eliminated company sponsored country club memberships in mid-2009. Business expenses incurred are reimbursed subject to expense reimbursement policies.
5. Established share ownership and retention guidelines for executive officers and directors.
6. Made no cash incentive payments to any NEO or other executive officer based upon our 2010 performance.
7. In 2010, continued strong controls implemented in 2009 on compensation company-wide, including the continued elimination of annual merit-based salary increases in 2010 for all NEOs and the next 20 most highly compensated officers.
8. Consistent with the financial results of the Company, we did not increase base salaries for NEOs in 2010.

## **Table of Contents**

As discussed elsewhere in this Proxy Statement, recent legislation and regulation likely will be a determining factor in the future regarding the compensation of our NEOs and other executive officers for at least as long as the Company is a participant in the CPP. Consequently our executive compensation program, as a result of the new legislation and regulation, has undergone change and prior actions of the Committee may not be predictive of future action.

### **Effect of the Emergency Economic Stabilization Act of 2008 and American Recovery and Reinvestment Act of 2009**

On October 14, 2008, the Treasury announced the creation of the CPP, a program under EESA pursuant to which the Treasury would make preferred stock investments in participating financial institutions.

We participated in the CPP in 2008 by selling preferred stock and common stock purchase warrants to the Treasury on December 23, 2008. As a result, we became subject to certain executive compensation requirements under EESA, Treasury regulations, and the contract pursuant to which we sold such preferred stock. The compensation requirements were modified and strengthened in February 2009 with the passage of the American Recovery and Reinvestment Act of 2009 (ARRA) and again in June 2009 when Treasury issued regulations implementing various provisions of EESA, as modified by ARRA (the June 2009 IFR). As described in more detail below, these requirements apply to the NEOs as well as, depending on the particular limitation, the Company's five most highly-compensated employees, the Company's five next most highly-compensated employees after the NEOs and the Company's twenty next most highly-compensated employees after the NEOs. Throughout this proxy statement, we refer to EESA to mean EESA as amended by ARRA and as implemented by the June 2009 IFR.

We believe that our compensation programs and agreements with our employees fully comply with the requirements of EESA. Those requirements are:

*Prohibition on Certain Types of Compensation.* EESA prohibits us from providing incentive compensation arrangements that encourage our NEOs to take unnecessary and excessive risks that threaten the value of the financial institution. It also prohibits us from implementing any compensation plan that would encourage manipulation of our reported earnings in order to enhance the compensation of any of our employees.

*Risk Review.* EESA requires the Committee to meet with our senior risk officers at least semiannually to discuss and evaluate employee compensation plans in light of an assessment of any risk to us posed by such plans. The review is intended to better inform the Committee of the risks posed by the plans and ways to limit such risks. The Committee has performed this review, and its conclusions are included in its report which appears at the end of this CD&A. Specifically, the Committee's report includes its certifications that the plans do not encourage our NEOs to take unnecessary and excessive risks that threaten the value of our Company, and that the plans do not encourage manipulation of the reported earnings in order to enhance the compensation of any of our employees.

*Bonus Prohibition.* EESA prohibits the payment of any bonus, retention award, or incentive compensation to our five most highly-compensated employees. The prohibition includes several limited exceptions, including payments under enforceable agreements that were in existence as of February 11, 2009 and limited amounts of long-term restricted stock, discussed below, but prohibits cash incentive payments of the type the Company has previously paid to the Company's NEOs and other executive officers based on annual performance. We have performed an extensive review of our compensation arrangements and have complied with all requirements of EESA for 2010.

*Limited Amount of Long Term Restricted Stock Excluded from Bonus Prohibition.* EESA permits us to pay a limited amount of long-term restricted stock to our five most highly-compensated employees without such compensation qualifying as a prohibited bonus, or incentive or retention award. The amount is limited to one-third of the total annual compensation of the employee. EESA requires such stock to have a minimum 2-year vesting requirement, and to not be transferable by the employee until the Company has repaid specified percentages of its obligations under the CPP.

*Golden Parachutes.* EESA prohibits any severance payment to any NEO or any of the next five most highly-compensated employees upon termination of employment for any reason as well as any change in control payment. EESA provides an exception for amounts paid for services performed or benefits accrued. Under EESA, a payment, or a right to payment, generally will be treated as a payment for services performed or benefits accrued only if the payment would be made regardless of whether the employee departs or the

change in control event occurs, or if payment is due upon departure of the employee, regardless of whether the departure is voluntary or involuntary. EESA also provides exceptions for certain payments made under benefits plans or deferred compensation plans.

## **Table of Contents**

*Clawback.* EESA requires us to recover any bonus or other incentive payment paid to any of our NEOs or the next twenty most highly-compensated employees on the basis of materially inaccurate financial statements or any other materially inaccurate performance metric or criteria. Prior to EESA, we already had a similar policy in place, but strengthened it to conform to the details of EESA.

*Limit on Tax Deduction.* When we entered into the agreement with the Treasury on December 23, 2008, we contractually agreed to abide by a provision of EESA and the Treasury's regulations which limits our tax deduction for compensation paid to \$500,000 annually and eliminates the exclusion from this \$500,000 limit for performance-based compensation. This provision amended the Internal Revenue Code by adding a new Section 162(m)(5), which imposes a \$500,000 deduction limit.

*Shareholder Say-on-Pay Vote Required.* EESA requires us to include a non-binding shareholder vote to approve the compensation of executives as disclosed in the Company's proxy statement. We have included a say-on-pay proposal as Proposal 3 in this Proxy Statement.

*Policy on Luxury Expenditures.* EESA required us to implement a company-wide policy regarding excessive or luxury expenditures, including excessive expenditures on entertainment or events, office and facility renovations, aviation or other transportation services. Our Board of Directors adopted this policy effective June 18, 2009 and annually thereafter reviews and updates this policy as required.

*Reporting and Certification.* EESA requires our CEO and CFO to provide a written certification of compliance with the executive compensation restrictions in EESA in our annual report. EESA also requires certain disclosures and certifications by the Committee, which it makes in its report which is provided at the end of this CD&A.

## **Other Regulation**

On October 22, 2009, the Federal Reserve issued proposed guidance on incentive compensation. The guidance includes three principles:

Incentive compensation arrangements should balance risk and financial results in a manner that does not provide employees incentives to take excessive risks on behalf of the banking organization.

A banking organization's risk-management processes and internal controls should reinforce and support the development and maintenance of balanced incentive compensation arrangements.

Banking organizations should have strong and effective corporate governance to help ensure sound compensation practices.

The guidance was immediately effective under the Federal Reserve's power to regulate the safety and soundness of financial institutions. The Federal Reserve will apply the guidance to all U.S. financial institutions.

## **Decisions Regarding Composition of Total Compensation**

Total direct compensation for each NEO is a mix of cash and long-term incentives. Historically, total cash compensation included salary and an annual cash incentive award. However, EESA prohibits the Company from paying an annual cash incentive to our top five most highly-compensated employees. Our implementation of EESA requirements while maintaining a competitive balance has resulted in guaranteed pay constituting a larger percentage of total compensation. Historically, long-term incentives included restricted stock, stock options and stock appreciation rights. However, EESA prohibits stock options and stock appreciation rights and limits the amount of restricted stock that the Company may issue to the Company's top five most highly-compensated employees to one-third of total compensation. Salary is the only portion of compensation that is not at risk. Historically, we attempted to provide a portion of total direct compensation paid to our NEOs as non-cash and to tie total direct compensation to our performance. We did this so that shareholder returns, along with corporate, business unit and individual performance, both short and long-term, impact executive pay. The Committee has historically used long-term restricted stock, stock options and stock appreciation rights to motivate executives to align the executives' interests with shareholders' interests and to focus on the long-term performance of the business. This element of compensation is limited during the TARP Period for the Company's five most highly-compensated employees as described above by the prohibitions under EESA. The Company's emphasis on compensation elements other than salary has historically subjected its executives to downside risk related to the Company's performance, and this has significantly affected (both positively and negatively depending on the Company's performance) their overall compensation.

**Table of Contents****Effect of EESA on Components of Executive Compensation**

EESA affects the relative proportion of different types of compensation that we may pay to the NEOs and our other executive officers. The proportion of salary to total direct compensation will increase as a result of the elimination of the annual cash incentive and the limits on the amount of restricted stock that may be granted. The impact of EESA for our five most highly-compensated employees is summarized below:

<b>Compensation Element</b>	<b>Prior to EESA</b>	<b>After EESA</b>
Salary	Cash only	Cash Salary in the form of long-term restricted stock
Annual Incentive	Cash	Not allowed
Long-term Incentive	Stock options Stock appreciation rights Restricted stock	Not allowed Not allowed Restricted stock limited to one-third of total compensation and subject to vesting and transferability limitations

**Corporate and Individual Performance Measures**

For our NEOs, we tie compensation to corporate performance, peer group comparisons and individual performance. The Committee considers individual performance, long-term potential, and the other individual factors when determining the size of long-term incentive compensation grants. Among the elements of individual performance considered by the Committee are leadership, talent management, risk management, and individual contributions to our improvement in financial performance, including growing the business, efficiency and productivity.

**Market Competitiveness**

To ensure that we continue to offer competitive total compensation to our NEOs, annually the Committee reviews the marketplace in which we compete directly for executive talent utilizing a select group of historically high performing banks. From this review, we generally target total compensation salary, short-term incentives, long-term incentives, and benefits at peer median, with minor deviations to reflect individual circumstances. Each such element of total compensation is benchmarked separately, as is total compensation. As a result of the turmoil in the financial services industry, and the compensation limitations applicable to financial institutions participating in the CPP, it has become difficult to obtain timely and meaningful peer information, although we have increased our efforts to obtain such information through regular discussions with our compensation consultants.

The Committee chose these companies based on generally similar attributes of size, number of employees, product offerings, and geographic scope. In setting 2010 compensation, our peer group remained unchanged from 2009 and consisted of the following companies: Capital City Bank Group, Inc, First Bancorp, Pinnacle Financial Partners, Inc, Renasant Corporation and SCBT Financial Corporation.

We believe that our market review assists us in making executive compensation decisions that are consistent with our objectives, especially those of attracting, retaining and motivating our executive officers. Also, because the current marketplace is the most relevant, when making annual executive compensation decisions, the Committee does not take into account an individual's accumulated value from past compensation grants.

**Table of Contents**

**Executive Compensation Program Overview**

Our executive compensation program has historically consisted of four parts:

- Salary.
- Short-Term (Annual) Cash Incentives.
- Long-Term Incentives.
- Benefits.

**1. Salary**

We pay salaries to attract and retain talented executives. The level of salaries we pay depends mostly on each executive's experience, duties, and scope of responsibility. We target the level of salary at peer median to be competitive. Salary affects the level of benefits, such as the amount of pension benefits and the potential payment under our change in control agreements, discussed below. Salary also affects the amount of restricted stock that we may award to our top five most highly-compensated employees under EESA limitations.

The Committee has historically determined annual increases to NEOs base salaries in January or February after reviewing the Company's performance for the prior fiscal year and after considering an individual's performance and/or changed responsibilities. For 2010 and 2009, the Committee eliminated base salary increases for all of our NEOs. The decision to eliminate base salary increases was based on the Company's poor financial results for the 2010 and 2009 performance periods.

**2. Short-Term (Annual) Incentives**

The Company has utilized short-term annual cash incentive payments historically to reward the achievement of annual performance goals, including Return on Assets, Return on Equity, Earnings Per Share and Stock Price performance. The short-term annual incentives were designed to:

- Support our strategic business objectives.
- Promote the attainment of specific financial goals.
- Reward achievement of specific performance objectives.
- Encourage teamwork.

EESA prohibited us from paying short-term cash incentives to our five-most highly-compensated employees during the TARP Period, and accordingly the Company did not adopt an annual cash incentive plan for the NEOs in 2010 and 2009.

**3. Long-Term Incentives**

We attempt to reward effective long-term management decision-making through our long-term incentives. These incentives focus attention on long-range objectives and future returns to shareholders.

In 2010, given the Company's poor financial performance, we did not award any equity awards to our NEOs, other than Mr. Rownd. Mr. Rownd was awarded 18,382 shares of restricted stock on March 31, 2010. These restricted shares vest 100% on March 31, 2012. EESA will continue to limit the form and amount of restricted stock we can pay to our five most highly-compensated employees in 2011.

Prior to our participation in the CPP, we utilized a combination of time-based vesting restricted stock and stock options to incentivize our NEOs to achieve long-term success. Restricted stock, like stock options, aligns compensation with shareholder return since the executive receives a benefit to the extent the Company's stock price appreciates. Unlike stock options though, restricted stock always has value unless our stock price falls to zero. Restricted stock does provide less leverage to corporate performance than stock options, which is an advantage in terms of risk, and may limit an executive's incentive to engage in unnecessary or excessively risky behavior.

## **Table of Contents**

EESA permits long-term restricted stock, but only to the extent the value of the stock does not exceed one-third of the total amount of annual compensation of the employee receiving the stock. To comply with EESA, such grants must also have a minimum service requirement of at least two years and may not be transferable until after we repay specified percentages of our CPP-related obligations.

For 2010, the Committee has not made any long-term incentive awards to the NEOs or our other executive officers other than Mr. Rownd's restricted shares described above.

### **4. Benefits**

#### *A. 401(k) Plan and 401(k) Excess Plan Contributions*

We offer a qualified 401(k) Plan and a nonqualified 401(k) Deferred Compensation Plan to provide tax-advantaged savings vehicles. We have historically made contributions to the 401(k) Plan to encourage employees to save money for their retirement. These plans enhance the range of benefits we offer to executives and enhance our ability to attract and retain employees.

Under the terms of the Green Bankshares, Inc. 401(k) Profit Sharing Plan, employees may defer from 1% to 20% of their eligible pay. Historically the Company participated in the Safe Harbor Rule which guaranteed a 3% of eligible compensation contribution. Additionally, the Company would also historically provide a discretionary 3% contribution. All contributions are deposited into investment funds, including company stock, based on Plan participants' directions.

In July 2009, the Company contributions were suspended due to poor Company performance.

#### *B. Perquisites and Other Benefits*

Except as set forth on the 2010 Summary Compensation Table, we do not provide material perquisites to our NEOs.

#### *C. Post-Termination Compensation*

*Retirement Plans.* We maintain both qualified and nonqualified retirement plans that we have designed to work together to provide retirement pay to certain of our senior executives. We pay the entire administrative costs for the 401(k) Plan and the Deferred Compensation Plan, each of which encourage participants to set aside part of their current earnings to provide for their retirement.

All of the nonqualified deferred compensation plans are considered our unfunded general contractual obligations and are subject to the claims of our creditors. If we were ever to become insolvent, participants would be considered our general unsecured creditors. This status with respect to these benefits should help ensure that the interests of the officer-participants are aligned with our long-term interests of those of our shareholders.

*Employment Agreements/Change in Control Agreements.* We had previously entered into Employment Agreements, which include a change in control provision, with Mr. Puckett and Mr. Vaught. The agreement for Mr. Vaught was initially for a three year period expiring December 31, 2010, with an automatic renewal unless either party notifies the other of a termination at least 90 days prior to the end of the then current term. Mr. Vaught's Employment Agreement renewed for a new three-year term on December 31, 2010 pursuant to the automatic renewal provision discussed above. Mr. Vaught's Employment Agreement included provisions which provide for payment to the executive if his employment is terminated either without cause by the Company, or with good reason by the executive. The amount of the payment is determined by whether we or the executive terminates the agreement and whether the termination occurs before or after a change in control. As discussed below, the Employment Agreement is subject to regulations under the EESA provisions which prohibit golden parachute payments that eliminate these termination payment obligations during the TARP Period.

**Table of Contents**

Additionally, the Company had entered into Change in Control Agreements with selected members of senior management, including each of the NEOs other than Mr. Puckett, Mr. Rownd and Mr. Vaught. The Change in Control Agreements were entered into as a function of the consolidation occurring in the financial services industry and to avoid having our executives distracted by a rumored, or actual, change in control. If a change in control were to occur, we want our executives to be focused on the business and the interests of the shareholders. We believe that it is important that our executives react neutrally to a potential change in control and not be influenced by personal financial concerns. The Board believes that our Change in Control Agreements and the change in control provisions of the Employment Agreement with Mr. Vaught described above are consistent with market practices and assist us in retaining our executive talent. The level of benefits have been set at either 1.99 times or 2.99 times the participating executive's base amount within the meaning of Section 280G of the Internal Revenue Code of 1986, as amended (the

Code), and would be payable in a lump sum six months following the executive officer's termination without cause or for a good reason if the executive is terminated within eighteen months of a change in control. We believe this structure is common and necessary to remain competitive within the banking industry as a whole and, more specifically, with our peer group. In establishing the multiples of base salary and bonus that a terminated NEO would be entitled to receive following his or her termination after a change in control, the Committee considered the need to be able to competitively recruit and retain talented executive officers who often times seek protection against the possibility that they might be terminated without cause or be forced to resign without cause, particularly following a change of control. When establishing the multiples, the Committee also sought to provide benefits at a level that it believed would provide appropriate compensation for the NEO in the event of consummating a transaction that, although possibly detrimental to the individual's employment prospects with the resulting company, would be beneficial to the Company's shareholders.

The Committee believes that the protections afforded in Mr. Vaught's Employment Agreement and the Change in Control Agreements are reasonable and are an important element in retaining the Company's NEOs and certain other members of senior management.

In connection with the Company's sale of preferred stock to the Treasury in connection with the CPP, each of our NEOs executed letter agreements with the Company in 2008 in which each officer agreed that (i) the Company is prohibited from paying any golden parachute payment (as originally defined in Section 111(b)(2)(c) of the EESA) to the officer during any period that the executive is a senior executive officer of the Company and the Treasury holds any equity or debt securities of the Company issued in the CPP; (ii) any bonus or incentive compensation paid to the named executive officer during any period that the officer is a senior executive officer of the Company and the Treasury holds any equity or debt securities of the Company issued in the CPP is subject to recovery or clawback by the Company if the payments were based on materially inaccurate financial statements or performance metric criteria; and (iii) each of the Company's benefit plans were amended with respect to the named executive officer to the extent necessary to give effect to the limitations described above in this paragraph. As described above, the ARRA and the June 2009 IFR imposed additional restrictions and limits concerning executive compensation of companies that participated in the CPP, including a provision prohibiting any payment to any named executive officer for departure from a company for any reason, except for payments for services performed or benefits accrued. In December 2009, the Committee requested, and subsequently received, additional letter agreements from each of the NEOs acknowledging the additional limitations on the individual's compensation imposed under EESA, as modified by the ARRA and the June 2009 IFR during the TARP Period. Regulations or guidance by the Treasury with respect to future additional restrictions may require the Company to seek additional modifications to the agreements that it has entered into with its NEOs and certain other highly-compensated employees. As a result of these additional letter agreements, each of Mr. Vaught and the executives that are parties to the Change in Control Agreements have waived their rights to receive any change in control payments under the Change in Control Agreements that would otherwise be payable during the TARP Period.

Mr. Vaught has also entered into a Non-competition Agreement with the Company. In consideration for entering into this agreement, the Company has provided certain deferred compensation benefits which have been funded by individual insurance policies. The benefits payable range from 7 to 10 years based upon certain events occurring such as age, retirement, disability or death and are described in more detail below. If Mr. Vaught is terminated for cause,

then the Company will be released from its obligation. The Company and Mr. Puckett had similarly entered into a Non-competition Agreement that provides Mr. Puckett with similar benefits following his retirement. In 2010, the Company made payments to Mr. Puckett totaling \$100,000 under the agreement following his retirement.

*Share Ownership and Share Retention Guidelines.* Although our directors and executive officers already have a significant equity stake in our company (as reflected in the beneficial ownership information contained in this Proxy Statement), we have adopted a share ownership and retention policy for directors and for senior management to formalize these important principles of share ownership and share retention. We require our NEOs to own Company common stock worth at least 1.5 times their 2006 annual cash salary in order to be eligible to participate in the long-term incentive program in 2010 and beyond. We allow these officers five years to meet this ownership requirement, measured from the later of the date we adopted this policy in February 2006 or the date they became subject to the policy. We count unvested restricted stock and our common stock or its equivalent held in the 401(k) Plan and shares held in nonqualified plans in determining compliance with these guidelines.

## **Table of Contents**

We require non-employee members of our Board to accumulate and own a multiple of four times their average annual base retainer fee, determined over the four previous year's base retainer fees received, in our common stock. The value of these shares will be based on the greater of cost or fair market value. New Directors are required to receive their annual retainer fee in equivalent shares of Company stock until they fulfill the ownership requirements. We count restricted stock towards this requirement. We allow members of the Board four years from their election to the Board to meet this requirement.

### **Compensation Chief Executive Officer**

In connection with Mr. Rownd's appointment as the Company's and the Bank's Chief Executive Officer, the Company entered into an offer letter (the "Offer Letter") with Mr. Rownd on March 15, 2010. Pursuant to the Offer Letter, based upon the advice and counsel of the Compensation Committee's independent compensation consultant, Pearl Meyers, Mr. Rownd is entitled to an initial annual base salary of \$400,000. In addition, on March 31, 2010, Mr. Rownd was granted restricted stock in an amount equal to \$150,000 of the Company's common stock on the date of grant, subject to the restrictions and limitations of the EESA, as amended by the ARRA and as implemented by the June 2009 IFR. In accordance with the restrictions under the EESA, including the June 2009 IFR, the restricted stock grant contains a minimum service requirement of two years, meaning that the award may not vest until March 31, 2012, and is not transferable until after the Company repays specified percentages of its obligations to the Treasury under the CPP. In accordance with the EESA, as amended by the June 2009 IFR, the award vests on March 31, 2012. In addition, Mr. Rownd is eligible to participate, subject to limitations and restrictions in the EESA and the June 2009 IFR, in the Company's health insurance, 401(k) retirement plan and other broad-based benefit programs.

### **Tax Considerations**

We consider the tax treatment of various forms of compensation and the potential for excise taxes to be imposed on our NEOs which might have the effect of frustrating the purpose of such compensation. We consider several provisions of the Internal Revenue Code.

*Section 162(m).* Prior to amendments enacted by EESA, Section 162(m) provided that we may not deduct for federal income tax purposes compensation expense we incur in excess of \$1 million for any year for our CEO, CFO and the three other highest paid executive officers at the end of such year. Although this limitation was previously in effect, it did not apply to any of our covered employees due to their compensation levels.

*Effect of EESA on Section 162(m).* Beginning in 2008, as a result of our participation in the CPP, we became subject to certain executive compensation requirements under EESA. Among those was our agreement to not deduct for federal income tax purposes compensation paid to any NEO in excess of \$500,000. In addition, we are prohibited from deducting certain performance based compensation we pay under shareholder approved plans. Due to existing compensation levels, this change is not expected to have an impact on the Company in 2011.

*Section 409A.* Section 409A generally governs the form and timing of nonqualified deferred compensation payments. Section 409A imposes sanctions on participants in nonqualified deferred compensation plans that fail to comply with Section 409A rules, including accelerated income inclusion, an additional 20% income tax (in addition to ordinary income tax) and an interest penalty. We had previously amended our nonqualified deferred compensation plans to comply with Section 409A or to qualify for an exemption from Section 409A.

### **Compensation Committee Report**

#### **Compensation Discussion and Analysis**

The Compensation Committee reviewed and discussed the Compensation Discussion and Analysis included in this Proxy Statement with management. Based on such review and discussion, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement for filing with the Securities and Exchange Commission.

## **Table of Contents**

### **Risk Review**

The Committee has also reviewed the Company's review of the risks implicated by both the incentive plans in which our NEOs, who we sometimes refer to as our senior executive offices or SEOs participate, and all other compensation plans, including those in which SEOs do not participate.

#### **2010 Incentive Compensation Pay For Performance Review**

On June 15, 2009, the Treasury published the June 2009 IFR that applies additional risk review requirements to companies that participated in the CPP and which have outstanding obligations to the Treasury under the CPP. In recognition of those requirements, the Company commenced a broad review of its incentive plans. This review analyzed each plan on two dimensions—compensation risk and business risk.

#### **2010 Risk Review**

Building on the 2009 review, the Committee met with the chief risk officers at least semiannually in 2010 and discussed and reviewed all of the Company's compensation plans. No changes had been made to the plans previously reviewed.

Most revenue generating employees participate in a functional incentive plan. We use these plans to link employee compensation to the successful achievement of their business objectives. We try to structure these plans to drive behaviors that directly affect revenue or productivity.

While our plans have many common features and plan terms, they generally fall into one of two categories: commission plans or incentive plans. Commission plans pay based on production less a monthly draw. Incentive plans pay based on formulas tied to new sales and revenue growth above a threshold with appropriate risk measures designed to include asset quality characteristics.

During 2010, the Committee reviewed each of our active incentive plans including: 1) The Teller Incentive Plan which is based upon new deposit account openings and does not pose a material risk to the Company; 2) The Branch Manager Incentive Plan which is based upon overall branch performance and does not pose a material risk to the Company and 3) The GreenWealth Compensation Plan which is primarily a commissioned based plan for the sale of annuity products through a third party and was deemed not to pose a material risk to the Company.

The review of our functional incentive plans, through a risk lens, was intense during 2010 and will continue into 2011. We have made good progress in strengthening the balance between safety and soundness of the Company, risk management, and incentive compensation. We will continue to approach our work by applying the following principles:

- Balance incentive compensation arrangements with our financial results. We will review our incentive plans regularly to ensure that they do not provide incentives to take excessive and unnecessary risks.

- Use risk-management processes and internal controls to reinforce and support the development and maintenance of our incentive compensation arrangements.

- Reinforce our compensation practices with strong corporate governance.

- Use performance measures that include or adjust for risk.

### **Future Reviews**

On an ongoing basis, at least every six months, and for so long as we have any obligations outstanding to the Treasury under CPP, the Committee will discuss, evaluate, and review with the chief risk officer(s) the employee compensation plans in light of the risks posed to the Company by such plans and how to limit such risks, specifically to ensure that:

- the senior executive officer compensation plans do not encourage employees to take unnecessary and excessive risks that threaten the value of the Company,

**Table of Contents**

the employee compensation plans do not encourage the manipulation of the Company's reported earnings to enhance the compensation of any of the Company's employees, and to identify and eliminate the features in these plans that could encourage the manipulation of reported earnings of the Company to enhance the compensation of any employee.

The Company's senior executive officer annual cash-based incentive program was terminated in 2008. Once the Company returns to a sustainable level of profitability and redeems the preferred shares it sold to the Treasury under the CPP, a new annual cash-based incentive program will be designed and approved by the Committee for future implementation. The Committee will discuss, evaluate and review with the chief risk officers features in the Company's future senior executive officers compensation plans that could lead senior executive officers to take unnecessary and excessive risks and the features than existing in the employee compensation plans that pose risks to the Company, including any features in the senior executive officer compensation plans and the employee compensation plans that would encourage behavior focused on short-term results and not on long-term value creation. The Committee is required to limit these features to ensure that the senior executive officers are not encouraged to take risks that are unnecessary or excessive and that the Company is not unnecessarily exposed to risks.

**Conclusions of 2010 Risk Review**

As a result of the work performed, based upon the Committee's review, the Committee is able to certify that:

1. The Committee has discussed, evaluated and reviewed with the chief risk officers the senior executive officer compensation plans to ensure that these plans do not encourage senior executive officers to take unnecessary and excessive risks that threaten the value of the Company;
2. The Committee has discussed, evaluated and reviewed with the chief risk officers the employee compensation plans in light of the risks posed to the Company by these plans and how to limit such risks; and
3. The Committee has discussed, evaluated and reviewed the employee compensation plans to ensure that these plans do not encourage the manipulation of reported earnings of the Company to enhance the compensation of any employee.

The value of these awards is determined by multiplying the number of restricted shares granted by the stock's closing price on the grant date. On March 31, 2010, the Company awarded 18,382 shares of restricted common stock to Stephen M. Rownd, the Company's Chairman and Chief Executive Officer which will fully vest on March 31, 2012. The 2008 restricted shares were issued in the first quarter of 2008 based upon 2007 performance.

- (2) Mr. Rownd was appointed Chief Executive Officer of the Company on March, 31, 2010 and elected as Chairman of the Board of Directors on April 30, 2010.
- (3) Mr. Puckett retired as Chairman and Chief Executive Officer of the Company on March 31, 2010. From April 1, 2010 to September 30, 2010, Mr. Puckett provided consulting services to the Company in exchange for a consulting fee totaling \$81,252, which amount is included in the All Other Compensation for 2010.
- (4) The amounts shown as All Other Compensation for 2010, 2009 and 2008 include the following:

- (1) Options or cash-settled stock appreciation rights become exercisable in five equal annual installments beginning on the first anniversary of date of grant.
- (2) The expiration date of each option or cash-settled stock appreciation right occurs ten years after the date of grant for each option.
- (3) Cash-settled stock appreciation rights. These cash-settled stock appreciation rights vest in tandem with the stock options they were granted with and can only be exercised if the market price of the Company's stock is greater than the issue price of the stock appreciation right on the date of exercise of the option.
- (4) The restricted stock awards granted to Mr. Rownd will fully vest on March 31, 2012. The restricted stock awards granted in 2008 vest in five equal annual installments beginning on the first anniversary of the date of grant.
- (5) Market value is determined by multiplying the closing market price of the Company's common stock on December 31, 2010 by the number of shares.
- (6) Cash-settled stock appreciation rights. The annual vested portion of these cash-settled stock appreciation rights expire if not exercised with the vesting of the restricted stock awards they are linked to and expire in five years from grant date. These cash-settled stock appreciation rights can only be exercised if the market price of the Company's stock is greater than the issue price of the stock appreciation right on the date of vesting.

**Table of Contents****OPTIONS EXERCISED AND STOCK VESTED TABLE FOR FISCAL 2010**

The following table sets forth certain information with respect to restricted shares that vested and the value realized on these shares as of the vesting date for the Named Executive Officers in fiscal 2010:

Steve L. Droke		\$	330	\$ 2,010
William C. Adams		\$	311	\$ 1,894
R. Stan Puckett		\$	514	\$ 1,928

- (1) Equals the product of the number of shares vesting and the closing price for the Company's common stock on January 14, 2010 for Mr. Puckett and Mr. Vaught and February 27, 2010 for Messrs. James E. Adams, Steve L. Droke and William C. Adams, the vesting date.

**PENSION BENEFITS**

The Company has entered into non-compete agreements with each of Messrs. Puckett and Vaught, pursuant to which the Company has agreed to provide certain retirement benefits to each of these officers. Information regarding potential payments to Mr. Vaught and potential and actual 2010 payments to Mr. Puckett pursuant to these agreements is set forth below:

Name	Plan Name	Number of Years Credited Service (#)	Present	
			Value of Accumulated Benefit (\$)	Payments During Last Fiscal Year (\$)
R. Stan Puckett	Non-Compete Agreement	6	\$ 520,043	\$ 100,000
Kenneth R. Vaught	Non-Compete Agreement	5	347,656	

Pursuant to Mr. Puckett's non-compete agreement, he agreed not to, among other things, during the term of his employment or following termination of his employment until his sixtieth (60th) birthday, engage in the business of banking in any county of any state in which the Company has an office or branch at the time of his termination. In consideration for this agreement, the Company agreed to pay Mr. Puckett a deferred compensation benefit for a period of seven years following the termination of his employment. Mr. Puckett's non-compete agreement also provides for the payment of benefits for seven years following a change in control of the Company or Mr. Puckett becoming disabled. As Mr. Puckett retired on March 31, 2010, the Company accrued \$25,325 for the payment of the benefit under this agreement for the period of 2010 that Mr. Puckett was employed in 2010 and made payments totaling \$100,000 to him under the agreement in 2010.

Pursuant to Mr. Vaught's non-compete agreement, he has agreed that, in exchange for his receipt of a deferred compensation benefit, that during the term of his employment or following his termination by the Company without cause or his voluntary resignation, until his forty-six (46th) birthday, he would not either directly or indirectly engage in the business of banking, or any other business in which the Company directly or indirectly engages during the term of his employment with the Company in any county of any state in which the Company has an office or branch at the

time of his termination.

In consideration of his agreement not to compete, the Company agreed to pay to Mr. Vaught, upon his reaching age 50, deferred compensation benefits for a period of 10 years following the termination of his employment or upon his fiftieth (50th) birthday if still employed by the Company at that date. If Mr. Vaught dies before age 50 while still employed by the Company, the benefits will be paid to his beneficiary beginning on August 1, 2014. If he dies after his fiftieth (50th) birthday while still employed by the Company, the benefit payments will commence within ninety days following his death. The agreement also provides that Mr. Vaught can defer receipt of these payments until age 60 if he is still employed by the Company at age 50. Mr. Vaught's non-compete agreement also provides for the payment of benefits for ten years following a change in control. The Company accrued \$90,560 for the payment of the benefit under this agreement in 2010.

**Table of Contents****NONQUALIFIED DEFERRED COMPENSATION TABLE FOR FISCAL 2010**

The following table sets forth certain information with respect to deferrals made by the Company's Named Executive Officers pursuant to the Company's nonqualified deferred compensation plan described below, the earnings thereon and the aggregate balance at December 31, 2010:

<b>Name</b>	<b>Executive Contributions in Last FY(1) (\$)</b>	<b>Registrant Contributions in Last FY (1) (\$)</b>	<b>Aggregate Earnings in Last FY (1) (\$)</b>	<b>Aggregate Withdrawals/ Distributions (\$)</b>	<b>Aggregate Balance at Last FYE (\$)</b>

James E. Adams					
Steve L. Droke					
William C. Adams					
R. Stan Puckett (2)			8,968		489,971

(1) All amounts reported in the columns titled "Executive Contributions in Last FY" and "Registrant Contributions in Last FY" are also reported as compensation to such named executive officer in the Summary Compensation Table on page 23.

(2) Mr. Puckett did not defer any compensation for the year ending December 31, 2010.

During 2010, 2009 and 2008, the Bank maintained a deferred compensation plan (the "Original Plan") pursuant to which Mr. Puckett and Mr. Vaught could elect to defer receipt of a portion of their salaries by entering into deferred salary agreements with the Bank. In addition to the salary deferral, the agreements also provided for payment of benefits under certain events of disability, early retirement, termination of employment or death. The Bank is the beneficiary of life insurance acquired with respect to officers participating in the Original Plan. During 2006, the Company began using a formula which provides an annual earnings crediting rate based upon 75% of the Company's return on average stockholders' equity on balances in the plan, until the officer is separated from service, and, thereafter at an earnings crediting rate of 56.25% of the Company's return on average stockholders' equity for the year then ending. For the year ended December 31, 2008, the Company's Return on Average Equity was (1.64%) and no earnings were credited. During 2009 the Company modified the annual earning crediting rate formula as follows: The annual crediting rate will be 100% of the annual return on stockholders' equity with a 4% floor and a 12% ceiling, for the year then ended, on balances in the Plan until the director experiences a separation from services, and, thereafter, at an earnings crediting rate based on 75% of the Company's return on average stockholders' equity for the year then ending with a 3% floor and a 9% ceiling.

On September 20, 2004, the Company approved a separate deferred compensation plan for nonemployee directors (the "Nonemployee Plan") which, effective July 1, 2004, enabled nonemployee directors to defer additional board and committee meeting fees, beyond those being deferred under the Original Plan, into certain investment vehicles, including a deemed investment in the Company's common stock. Mrs. Bachman and former director Mr. Bachman are currently the only participants in the Nonemployee Plan. Mrs. Bachman deferred \$1,050 of her director fees for 2010 into the Nonemployee Plan and had an increase of value of \$10,298 on her account during 2010. On December 13, 2004, the Company amended and restated the Nonemployee Plan for the principal purpose of ensuring that it complies

with The American Jobs Creation Act of 2004. On December 16, 2005, the Company approved additional changes to its Nonemployee Plan effective January 1, 2005, which further facilitate compliance with Section 409A of the Code. On December 31, 2007, the Company entered into an employment agreement with each of R. Stan Puckett and Kenneth R. Vaught, the Company's then chief executive officer and president, respectively (the Employment Agreements), which agreements replaced the existing employment agreements with each of these individuals. Pursuant to the terms of the Employment Agreements, the Company agreed to employ Mr. Puckett and Mr. Vaught as the chief executive officer and president, respectively, of the Company for a three-year term ending December 31, 2010. Mr. Puckett retired on March 31, 2010 and his employment agreement was accordingly terminated. Pursuant to the terms of the Mr. Vaught's Employment Agreements, the term may be extended for additional three-year periods if the Company or the employee fails to notify the other of an intent to terminate the Employment Agreement upon not less than 90 days' notice prior to the end of the then current term. On December 31, 2010, Mr. Vaught's Employment Agreement was renewed for an additional three-year term ending December 31, 2013. Under the terms of the Employment Agreement, Mr. Vaught will be entitled to a beginning base salary of \$237,000 as well as director fees for service on the Company's and its subsidiaries' boards of directors, life insurance, participation in Company-sponsored benefit plans, including equity-based plans and cash incentive plans, and other fringe benefits.

**Table of Contents**

The Company may terminate Mr. Vaught's employment immediately for cause, in which event the Company shall have no further obligations to pay Mr. Vaught, as the case may be, for his services, except for any accrued and unpaid salary through the termination date. The Company may also terminate the employment of Mr. Vaught, as the case may be, without cause, in which case the Company shall pay to Mr. Vaught, not earlier than six (6) months following the date of termination, a lump sum payment equal to the sum of one year of such employee's base salary plus an amount that is the average of the employee's previous two years' bonus. Because the Company is prohibited by the terms of EESA, including the June 2009 IFR, from paying this payment to Mr. Vaught for as long as the Company has an obligation outstanding under the CPP to the Treasury, Mr. Vaught has waived his right to receive such payment during that period. Mr. Vaught may also terminate his employment under the Employment Agreement voluntarily on not less than 60 days' notice.

Cause is defined in Mr. Vaught's Employment Agreement to include (i) permanent disability of the executive; (ii) death of the executive; (iii) material breach of the Employment Agreement by the executive; (iv) failure of the executive to perform his duties in a manner that the Company requires; (v) an act of gross negligence by the executive that causes harm to the Company; (vi) the executive's conviction of, or pleading guilty (including a plea of *nole contendere*) to, a criminal act which is a felony or which is a misdemeanor involving moral turpitude; (vii) excessive absenteeism by the executive; and (viii) any misrepresentation or breach of the covenants and warranties contained in the Employment Agreement by the executive.

Under the terms of the Employment Agreement, if within 18 months following a change in control the Company or its successor terminates Mr. Vaught, without cause or Mr. Vaught voluntarily resigns following a change in position, a reduction in title or a significant reduction in the duties which he is to perform for the Company or its successor, then the Company or its successor shall pay to Mr. Vaught, as the case may be, a lump sum payment equal to 2.99 times Mr. Vaught's annual base salary and bonus for the year immediately preceding termination. This payment shall be made no earlier than six months' following the date of termination. If payments to Mr. Vaught following a change in control would create an excise tax for the employee under the excess parachute rules of Section 4999 of the Code, the Company is required to pay to the employee the amount of such excise tax and all federal and state income or other taxes with respect to any such additional amounts (the "Gross-Up Amount") and such additional amount as is necessary to offset any tax liability of the employee as a result of the Gross-Up Amount.

A "Change in Control" is defined in the Employment Agreements to include a change in the ownership of the Company, a change in the effective control of the Company or a change in the ownership of a substantial portion of the assets of the Company as provided under Section 409A of the Code and any Internal Revenue Service guidance and regulations issued in connection with Section 409A of the Code.

The Company is prohibited from paying Mr. Vaught his change in control payment under his employment agreement for so long as the Company has an obligation outstanding under the CPP to the Treasury and Mr. Vaught has waived his right to receive such payment during that period.

#### **POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL**

The following table describes the potential payments and benefits under the Company's compensation and benefit plans and arrangements to which the Named Executive Officers would be entitled upon termination of employment as of December 31, 2010, which payments have been materially limited by the Company's participation in the CPP. The amounts that would be payable under the Company's Employment Agreement with Mr. Vaught and Change in Control Agreements if the Company was not a participant in the CPP is discussed above under "Compensation Discussion and Analysis—Employment Agreements/Change in Control Agreements." In addition, if the Company was not a participant in the CPP, upon a change in control, vesting of the Company's outstanding unvested stock options (all of which were underwater at December 31, 2010) and restricted stock awards would accelerate.

**PROPOSAL 3 ADVISORY VOTE ON EXECUTIVE COMPENSATION PROGRAM  
AND PROCEDURES**

As of the date of this proxy statement, the Company is a participant in the CPP under the Trouble Asset Relief Program established by the Treasury. As a participant under the CPP, the Company is required to present the Company's shareholders with an annual non-binding, advisory vote on the compensation of the named executive officers (commonly referred to as a "say-on-pay" vote) pursuant to Section 111(e)(1) of EESA. The "say on pay" vote required by the CPP is similar to the "say on pay" vote required by the Dodd-Frank Wall Street Reform and Consumer Protection Act (the "Dodd-Frank Act") except that under the CPP this vote must occur annually, while under the Dodd-Frank Act, the Company may hold the vote every year, every other year or every three years. In deciding how frequently to hold the "say on pay" vote required under the Dodd-Frank Act, the Company is required to seek the views of its shareholders as to the frequency with which the vote shall be held at least once every six years. Because the Company is required to submit this say-on-pay vote to its shareholders annually by virtue of its participation in the CPP, it is not currently required to submit to its shareholders the say-on-pay vote or the vote regarding the frequency with which it will hold say-on-pay votes required by the Dodd-Frank Act. These votes will be required at the first annual meeting of shareholders after the Company is no longer subject to the say-on-pay requirements by virtue of its participation in the CPP.

The Company believes that the compensation for the Named Executive Officers, as described in the compensation discussion and analysis above, is based on a pay-for-performance culture and is strongly aligned with the long-term interests of the Company's shareholders. The Company believes that its culture focuses executives on prudent risk management and appropriately rewards them for performance.

The Company also believes that both the Company and its shareholders benefit from responsive corporate governance policies and consistent dialogue.

The Company also believes that the extensive disclosure of compensation information provided in this proxy statement provides the Company's shareholders the information they need to make an informed decision as they weigh the pay of the Named Executive Officers in relation to the Company's performance.

This "say-on-pay" proposal gives you as a shareholder the opportunity to endorse or not endorse the compensation the Company paid to its Named Executive Officers in 2010 through the following resolution:

**RESOLVED**, that the shareholders of Green Bankshares, Inc. approve the compensation of the named executive officers of Green Bankshares, Inc. set forth in the Summary Compensation Table of this proxy statement as described in "Compensation Discussion and Analysis" and the tabular disclosure regarding named executive officer compensation in this proxy statement for its 2011 Annual Meeting.

Because your vote is advisory, it will not be binding upon the Board. However, the Compensation Committee will take into account the outcome of the vote when considering future executive compensation arrangements.

This proposal is provided as required pursuant to Section 111(e)(1) of the EESA based on the Company's participation in the CPP.

***THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR APPROVAL OF THIS PROPOSAL.***

**Table of Contents****PROPOSAL 4 RATIFICATION OF THE APPOINTMENT OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

It is anticipated that the Audit Committee of the Company's board of directors will appoint Dixon Hughes PLLC (Dixon Hughes) as the Company's independent registered public accounting firm for 2011 at its next upcoming meeting, subject to ratification by the Company's shareholders. The decision of the Audit Committee will be based on a review of the qualifications, independence, past performance and quality controls of the independent registered public accounting firm. The decision will take into account the proposed audit scope, staffing and approach, including coordination of the independent registered public accounting firm's efforts with the Company's outsourced internal audit function, as well as audit fees for the coming year. Dixon Hughes is considered to be well qualified.

In view of the difficulty and expense involved in changing auditors on short notice, should the shareholders not ratify the selection of Dixon Hughes, it is contemplated that the appointment of Dixon Hughes for the fiscal year ending December 31, 2011, will be permitted to stand unless the board of directors finds compelling reasons for making a change. Disapproval by the shareholders will be considered a recommendation that the board select a different independent registered public accounting firm for the following year. In order for the proposal to ratify the appointment of Dixon Hughes as the Company's independent registered public accounting firm, the number of shares voted in favor of the proposal must exceed the number of shares voted against the proposal.

Representatives of Dixon Hughes are expected to be present at the Annual Meeting and will be given the opportunity to make a statement, if they desire, and to respond to appropriate questions.

During the years ended December 31, 2010 and December 31, 2009, the Company incurred (including those billed or expected to be billed) the following principal independent auditor fees from Dixon Hughes:

	<b>2010</b>	<b>2009</b>
Audit Fees(a)	\$ 406,675	\$ 328,525
Audit-Related Fees(b)	34,605	36,550
Tax Fees(c)	31,000	31,000
All Other Fees(d)		

(a) Includes fees related to the annual independent audit of the Company's consolidated financial statements and reviews of the Company's annual report on Form 10-K, review of the Company's interim financial statements, issuance of consents, Federal Deposit Insurance Corporation Improvement Act (FDICIA) attest services, Sarbanes-Oxley Section 404 attest services, review of registration statements and quarterly reports on Form 10-Q.

(b) Fees incurred were for (a) general accounting matters and related consultations and an employee benefit plan audit. The Audit Committee has considered whether the provision of these services is compatible with maintaining the independence of Dixon Hughes.

(c) Fees incurred were for income tax return preparation and compliance services. The Audit Committee has considered whether the provision of these services is compatible with maintaining the independence of Dixon Hughes.

(d) There were no additional fees billed to the Company by Dixon Hughes for 2010 and 2009.

The Audit Committee has adopted a formal policy concerning approval of audit and non-audit services to be provided by the Company's independent auditor. The policy requires that all services provided by the independent auditor, including audit services and permitted audit-related and non-audit services, be pre-approved by the Audit Committee. The Audit Committee approved all audit and non-audit services provided by the Company's independent auditor during 2010.

***THE COMPANY'S BOARD OF DIRECTORS BELIEVES THAT THE PROPOSED APPOINTMENT OF DIXON HUGHES AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM IS***

***IN THE BEST INTERESTS OF THE COMPANY AND ITS SHAREHOLDERS, HAS UNANIMOUSLY APPROVED ADOPTION OF THIS PROPOSAL AND UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR THIS PROPOSAL.***

- (1) Certain non-employee directors received 1,637 shares of restricted stock on February 22, 2010 for the \$10,000 portion of their annual \$15,000 retainer for 2009. All restrictions on these shares were released February 22, 2011. The amounts in column captioned Stock Awards reflects the dollar value of these awards by multiplying the number of restricted shares granted by the stock's closing price on the grant date. At December 31, 2010, the Company's directors denoted in the table below held the following restricted shares of the Company's Common Stock.

Name	Number of Restricted Shares
Robert K. Leonard	1,637
Samuel E. Lynch	1,637
Bill Mooningham	1,637
John Tolsma	1,637

- (2) Mr. Mayberry's term as a director expired at the 2010 Annual Meeting.

- (3) Reflects base salary paid to Mr. Mayberry for his services as an executive officer of the Company and the Bank in 2010.

Directors of the Company meet as a board on a regular scheduled basis, or more often as needed, to address matters relating to the operation and direction of the Company. Directors of the Company met 11 times in 2010.

Directors of the Company are also directors of the Bank. The Bank compensates members of its board of directors for all regular and special meetings. Directors of the Bank received \$600 for each regular monthly and specially-called board meeting attended in 2010, plus payment of such fee for up to two absences during a year. The Bank's board of directors met nine times in 2010. Each Bank director also received, in 2010, an annual retainer fee of \$15,000, of which \$10,000 was available in the form of restricted stock awards or cash and \$5,000 payable in equal quarterly cash amounts of \$1,250. Members of the Executive Committee of the Bank's board of directors also received \$450 for each twice-monthly meeting of the Executive Committee attended, and Messrs. Martha Bachman and W.T. Daniels, the two permanent members of the Committee, received an annual retainer of \$1,500. During 2010, members of the Company's Audit Committee received \$450 per each quarterly meeting and specially-called meetings, as well as an annual retainer fee of \$1,500 paid in equal quarterly amounts. In addition, the Chairman of the Audit Committee received an annual retainer of \$6,000. During 2010, members of the Company's Compensation Committee received \$300 per each meeting and specially-called meetings, as well as an annual retainer fee of \$1,500 paid in equal quarterly amounts. In addition, the Chairman of the Compensation Committee received an annual retainer of \$2,500. Compensation for all other committee meetings was \$300 per meeting during 2009.

**Table of Contents**

During 2010, pursuant to the Original Plan, all directors could elect to defer receipt of a portion of their fees by entering into deferred fee agreements with the Bank. In addition to the fee deferral, the agreements also provided for payment of benefits under certain events of disability, early retirement, termination of employment or death. The Bank is the beneficiary of life insurance acquired with respect to directors participating in the Original Plan. During 2006, the Company began using a formula which provides an annual earnings crediting rate based upon 75% of the Company's return on average stockholders' equity on balances in the plan, until the Director is separated from service, and, thereafter at an earnings crediting rate of 56.25% of the Company's return on average stockholders' equity for the year ending. During 2009, the Company modified the annual earning crediting rate formula as follows: The annual crediting rate will be 100% of the annual return on stockholders' equity with a 4% floor and a 12% ceiling, for the year then ended, on balances in the Plan until the director experiences a separation from services, and, thereafter, at an earnings crediting rate based on 75% of the Company's return on average stockholders' equity for the year then ending with a 3% floor and a 9% ceiling.

For 2011, the Company and the Bank made certain changes to the compensation paid to Directors, including reducing the annual retainer paid to Directors by 20%, reducing meeting fees by 10%, increasing the percentage of compensation paid to Directors in the form of restricted stock awards and eliminating the practice of paying Directors for up to two missed meetings. Accordingly, beginning in 2011, Directors of the Company receive \$540 for each meeting of the board of directors of the Company. Directors of the Bank also receive \$540 for each meeting of the board of directors of the Bank. Directors must be present at such meetings to be paid. Members of the Executive Committee of the Bank's board of directors receive \$400 for each twice-monthly meeting of the Executive Committee that they attend. There are four independent director members of the Executive Committee, two permanent members and two rotating members. Each of the two permanent members of the Executive Committee also receives an annual retainer of \$1,350, payable in equal quarterly installments. Members of the joint Audit Committee of the Bank's and the Company's boards of directors receive \$400 per meeting as well as an annual retainer fee of \$1,350 paid in equal quarterly installments. The chairman of the Audit Committee also receives an annual retainer of \$5,400. Members of the joint Compensation Committee of the Bank's and the Company's boards of directors receive \$270 per meeting as well as an annual retainer fee of \$1,350 paid in equal quarterly installments. The chairman of the Compensation Committee also receives an annual retainer of \$2,250. Directors receive \$270 per meeting for all other committee meetings attended. The first \$3,000 of committee meeting fees will be paid to the Directors in cash. All other fees will be paid in restricted stock awards granted quarterly based upon meeting fees accrued over the \$3,000 cash floor.

### **FUTURE SHAREHOLDER PROPOSALS**

If a shareholder wishes to have a proposal included in the Company's proxy statement for the Company's 2012 Annual Meeting of Shareholders, that proposal must be received by the Company at its executive offices in Greeneville, Tennessee by December 11, 2011. If a shareholder wishes to present a proposal at the Company's 2012 annual meeting of shareholders and the proposal is not intended to be included in the Company's proxy statement relating to that meeting, the shareholder must give advance notice to the Company prior to the deadline for such meeting determined in accordance with the Company's Amended and Restated Charter (the "Charter Deadline"). Under the Company's Amended and Restated Charter, in order to be deemed properly presented, notice must be delivered to the Company's Secretary at the Company's principal executive offices no less than forty (40) nor more than sixty (60) days prior to the scheduled date of the meeting at which such matter is to be acted upon; provided, however, that if notice or public disclosure of such meeting is given fewer than fifty (50) days before the meeting, notice by the shareholder must be delivered to the Company not later than the close of business on the tenth (10th) day following the day on which notice of the meeting was mailed to shareholders. If a shareholder gives notice of such a proposal after the Charter Deadline, the shareholder will not be permitted to present the proposal to the shareholders for a vote at the meeting. The SEC rules also establish a different deadline for submission of shareholder proposals that are not intended to be included in the Company's proxy statement with respect to discretionary voting (the "Discretionary Voting Deadline"). This deadline for the 2012 annual meeting of shareholders is February 24, 2012. If a shareholder gives notice of a proposal after this deadline, the persons named as proxies in the proxy statement for the 2012 annual meeting will be allowed to use their discretionary voting authority to vote against the shareholder proposal when, and if, the proposal is raised at the 2012 annual meeting. Because the Charter Deadline is not capable of being determined until the Company gives notice of, or publicly announces, the date for the 2012 annual meeting of shareholders, it is possible that the Charter Deadline may occur after the Discretionary Voting Deadline, in which case a proposal received after the Discretionary Voting Deadline but before the Charter Deadline would be eligible to be presented at the 2012 annual meeting of shareholders and the Company believes that the persons named as proxies in the proxy statement would be allowed to use the discretionary authority granted by the proxy card to vote against the proposal at the meeting without including any disclosures of the proposal in the proxy statement relating to the meeting.

The enclosed proxy card grants proxy holders discretionary authority to vote on any matter properly brought before the Annual Meeting, including any shareholder proposals received between the date of this proxy statement and the Charter Deadline for the Annual Meeting, which is April 2, 2011.

Shareholder proposals should be addressed to Secretary, Green Bankshares, Inc., 100 North Main Street, P.O. Box 1120, Greeneville, Tennessee 37743 and must comply with the provisions of the Company's Amended and Restated Charter. Nothing in this paragraph shall be deemed to require the Company to include in its proxy statement and form of proxy relating to the Company's 2012 Annual Meeting of Shareholders any shareholder proposal that does not satisfy the requirements for inclusion as established by the SEC at the time of receipt.

**OTHER MATTERS**

As of the date of this document, the Company's board of directors is not aware of any matters that will be presented for consideration at the Company's Annual Meeting. If any other matters come before either of the meetings or any adjournments or postponements of the meeting and are voted upon, the enclosed proxy will confer discretionary authority on the individuals named as proxies to vote the shares represented by the proxy as to any other matters. The individuals named as proxies intend to vote in accordance with their best judgment as to any other matters.

The Company's 2010 Annual Report to Shareholders (the Annual Report), including financial statements, is being mailed with this Proxy Statement to all persons who were shareholders of record as of the close of business on the record date. Any shareholder who does not receive a copy of the Annual Report may obtain a copy by writing to the Secretary of the Company. The Annual Report is not to be treated as a part of this proxy solicitation material or as having been incorporated herein by reference.

**APPENDIX A  
ARTICLES OF AMENDMENT  
TO THE CHARTER  
OF  
GREEN BANKSHARES, INC.**

In accordance with the provisions of Section 48-20-106 of the Tennessee Business Corporation Act, the undersigned corporation adopts the following Articles of Amendment (the "Articles of Amendment") to its Charter (the "Charter"):

1. Name of Corporation. The name of the Corporation is Green Bankshares, Inc.
2. Section 7B of the Charter is hereby deleted in its entirety and replaced with the following:

7B. Commencing at the annual meeting of shareholders in 2011 (the "2011 Annual Meeting"), the directors shall be elected annually for a term of office of one year, except that any director in office at the 2011 Annual Meeting whose term expires at the annual meeting of shareholders in 2012 or 2013 shall continue to hold office until the end of the term for which such director was elected and until such director's successor shall have been elected and qualified. At each annual meeting of shareholders beginning in 2013, all directors shall be elected for a term of office to expire at the next succeeding annual meeting of shareholders after their election, and shall continue to hold office until their respective successors are elected and qualified. Notwithstanding any of the foregoing, a director whose term shall expire at any annual meeting shall continue to serve until his or her successor is elected and has qualified or until the director's death, retirement, resignation or removal. Should a vacancy occur or be created, any director elected or appointed to fill such vacancy shall hold office until the next annual meeting of shareholders or until such director's death, retirement, resignation or removal if earlier.

3. Except as amended by these Articles of Amendment, the Charter of the Corporation shall remain in full force and effect.
4. Adoption. These Articles of Amendment were duly adopted by the Board of Directors on March 21, 2011, and by the shareholders of the Corporation on May \_\_\_\_, 2011.
5. Effective Date. These Articles of Amendment will be effective when filed with the Secretary of State.  
Date: \_\_\_\_, 2011
