Fund Profile

Rating Distribution⁶ (% of total investments)

The rating distribution bar chart includes the ratings of securities held by special purpose vehicles in which the Fund holds a residual interest. See Note 1 to the Fund's financial statements. Absent such securities, the Fund's rating distribution as of 3/31/11 is as follows (in %):⁶

| | | | |
|-----|------|-----|------|
| AAA | 10.6 | BBB | 11.3 |
| AA | 54.2 | BB | 0.2 |
| A | 23.0 | D | 0.7 |

See Endnotes and Additional Disclosures on page 5.

Past performance is no guarantee of future results. Returns are historical and are calculated by determining the percentage change in net asset value or market price (as applicable) with all distributions reinvested. Fund performance at market price will differ from its results at NAV due to factors such as changing perceptions about the Fund, market conditions, fluctuations in supply and demand for Fund shares, or changes in Fund distributions. Investment return and principal value will fluctuate so that shares, when sold, may be worth more or less than their original cost. Performance is for the stated time period only; due to market volatility, current Fund performance may be lower or higher than the quoted return. For performance as of the most recent month end, please refer to www.eatonvance.com.

Eaton Vance

Municipal Bond Funds

March 31, 2011

Endnotes and Additional Disclosures

1. Six-month returns are cumulative. All other returns are presented on an average annual basis. Performance reflects the effects of leverage.
2. Fund market yield is calculated by dividing the last regular dividend per common share in the period (annualized) by the market price at the end of the period.
3. Taxable-equivalent figure assumes maximum combined federal and state income tax rates, except for Municipal Bond Fund, which assumes a maximum 35.00% federal income tax rate. Lower income tax rates would result in lower tax-equivalent figures. The maximum combined income tax rates for state funds were as follows as of 3/31/11:

California 41.86%

New

York 40.83%

4. The Fund employs leverage through the use of residual interest bond (RIB) financing. Leverage provides an opportunity for increased income but, at the same time, creates special risks (including the likelihood of greater volatility of NAV and market price of common shares). See Floating Rate Notes Issued in Conjunction with Securities Held in Note 1 to the financial statements for more information on RIB investments. RIB leverage represents the amount of Floating Rate Notes outstanding as of 3/31/11 as a percentage of Fund net assets applicable to common shares plus Floating Rate Notes.
5. It is not possible to invest directly in an Index or a Lipper Classification. Total returns shown for an Index do not reflect expenses that would have been incurred if an investor individually purchased or sold the securities represented in an Index. The Barclays Capital Long (22+) Municipal Bond Index is an unmanaged index of municipal bonds traded in the U.S. with maturities of 22 years or more. The Barclays Capital Municipal Bond Index is an unmanaged index of municipal bonds traded in the U.S. The Lipper total return is the average total return, at NAV, of funds that are in the Fund's Lipper Classification. Lipper Classifications may include insured and uninsured funds, as well as leveraged and unleveraged funds. Index and Lipper returns are available as of month end only.
6. Rating Distribution is determined by dividing the total market value of Fund issues by its total investments. Ratings are based on Moody's, S&P or Fitch, as applicable. Credit ratings are based largely on the rating agency's investment analysis at the time of rating and the rating assigned to any particular security is not necessarily a reflection of the issuer's current financial condition. The rating assigned to a security by a rating agency does not necessarily reflect its assessment of the volatility of a security's market value or of the liquidity of an investment in the security. If securities are rated differently by the rating agencies, the higher rating is applied.

| | |
|-------|------------------------------------------|
| AGC | - Assured Guaranty Corp. |
| AGM | - Assured Guaranty Municipal Corp. |
| AMBAC | - AMBAC Financial Group, Inc. |
| BHAC | - Berkshire Hathaway Assurance Corp. |
| FGIC | - Financial Guaranty Insurance Company |
| NPFG | - National Public Finance Guaranty Corp. |
| PSF | - Permanent School Fund |

XLCA - XL Capital Assurance, Inc.

At March 31, 2011, the concentration of the Fund's investments in the various states, determined as a percentage of total investments is as follows:

| | |
|-------------------------------------------------|-------|
| California | 17.1% |
| Texas | 12.5% |
| Others, representing less than 10% individually | 70.4% |

The Fund invests primarily in debt securities issued by municipalities. The ability of the issuers of the debt securities to meet their obligations may be affected by economic developments in a specific industry or municipality. In order to reduce the risk associated with such economic developments, at March 31, 2011, 76.6% of total investments are backed by bond insurance of various financial institutions and financial guaranty assurance agencies. The aggregate percentage insured by an individual financial institution ranged from 1.0% to 26.8% of total investments.

- (1) Security represents the underlying municipal bond of an inverse floater (see Note 1H).
- (2) Security (or a portion thereof) has been pledged as collateral for open swap contracts. The aggregate value of such collateral is \$678,294.
- (3) Defaulted bond.
- (4) Security (or a portion thereof) has been pledged to cover margin requirements on open financial futures contracts.

See Notes to Financial Statements.

| FGIC | - Financial Guaranty Insurance Company |
| NPFG | - National Public Finance Guaranty Corp. |
| XLCA | - XL Capital Assurance, Inc. |

The Fund invests primarily in debt securities issued by California municipalities. The ability of the issuers of the debt securities to meet their obligations may be affected by economic developments in a specific industry or municipality. In order to reduce the risk associated with such economic developments, at March 31, 2011, 80.1% of total investments are backed by bond insurance of various financial institutions and financial guaranty assurance agencies. The aggregate percentage insured by an individual financial institution ranged from 2.1% to 36.0% of total investments.

- (1) Security represents the underlying municipal bond of an inverse floater (see Note 1H).
- (2) Security (or a portion thereof) has been pledged to cover margin requirements on open financial futures contracts.

See Notes to Financial Statements.

| Other Assets, Less Liabilities (68.3)% | | \$ (128,243,182) |
| Net Assets 100.0% | | \$ 187,775,807 |

The percentage shown for each investment category in the Portfolio of Investments is based on net assets.

AGC - Assured Guaranty Corp.
AGM - Assured Guaranty Municipal Corp.
AMBAC - AMBAC Financial Group, Inc.
BHAC - Berkshire Hathaway Assurance Corp.
FGIC - Financial Guaranty Insurance Company
FHA - Federal Housing Administration
NPMFG - National Public Finance Guaranty Corp.

XLCA - XL Capital Assurance, Inc.

The Fund invests primarily in debt securities issued by New York municipalities. The ability of the issuers of the debt securities to meet their obligations may be affected by economic developments in a specific industry or municipality. In order to reduce the risk associated with such economic developments, at March 31, 2011, 72.3% of total investments are backed by bond insurance of various financial institutions and financial guaranty assurance agencies. The aggregate percentage insured by an individual financial institution ranged from 1.0% to 29.7% of total investments.

- (1) Security represents the underlying municipal bond of an inverse floater (see Note 1H).
- (2) When-issued security.
- (3) Security (or a portion thereof) has been segregated to cover payable for when-issued securities.
- (4) Security (or a portion thereof) has been pledged as collateral for open swap contracts. The aggregate value of such collateral is \$111,426.
- (5) Security (or a portion thereof) has been pledged to cover margin requirements on open financial futures contracts.

Notes to Financial Statements (Unaudited)

1 Significant Accounting Policies

Eaton Vance Municipal Bond Fund, Eaton Vance California Municipal Bond Fund and Eaton Vance New York Municipal Bond Fund, (each individually referred to as the Fund, and collectively, the Funds), are Massachusetts business trusts registered under the Investment Company Act of 1940, as amended (the 1940 Act), as non-diversified, closed-end management investment companies. Each Fund seeks to provide current income exempt from regular federal income tax, including alternative minimum tax, and, in state specific funds, taxes in its specified state.

The following is a summary of significant accounting policies of the Funds. The policies are in conformity with accounting principles generally accepted in the United States of America.

A Investment Valuation Debt obligations (including short-term obligations with a remaining maturity of more than sixty days) are generally valued on the basis of valuations provided by third party pricing services, as derived from such services' pricing models. Inputs to the models may include, but are not limited to, reported trades, executable bid and asked prices, broker/dealer quotations, prices or yields of securities with similar characteristics, benchmark curves or information pertaining to the issuer, as well as industry and economic events. The pricing services may use a matrix approach, which considers information regarding securities with similar characteristics to determine the valuation for a security. Short-term obligations purchased with a remaining maturity of sixty days or less are generally valued at amortized cost, which approximates market value. Financial futures contracts are valued at the closing settlement price established by the board of trade or exchange on which they are traded. Interest rate swaps are normally valued using valuations provided by a third party pricing service. Such pricing service valuations are based on the present value of fixed and projected floating rate cash flows over the term of the swap contract. Future cash flows are discounted to their present value using swap quotations provided by electronic data services or by broker/dealers. Investments for which valuations or market quotations are not readily available or are deemed unreliable are valued at fair value using methods determined in good faith by or at the direction of the Trustees of a Fund in a manner that most fairly reflects the security's value, or the amount that the Fund might reasonably expect to receive for the security upon its current sale in the ordinary course. Each such determination is based on a consideration of all relevant factors, which are likely to vary from one pricing context to another. These factors may include, but are not limited to, the type of security, the existence of any contractual restrictions on the security's disposition, the price and extent of public trading in similar securities of the issuer or of comparable entities, quotations or relevant information obtained from broker-dealers or other market participants, information obtained from the issuer, analysts, and/or the appropriate stock exchange (for exchange-traded securities), an analysis of the entity's financial condition, and an evaluation of the forces that influence the issuer and the market(s) in which the security is purchased and sold.

B Investment Transactions and Related Income Investment transactions for financial statement purposes are accounted for on a trade date basis. Realized gains and losses on investments sold are determined on the basis of identified cost. Interest income is recorded on the basis of interest accrued, adjusted for amortization of premium or accretion of discount.

Edgar Filing: EATON VANCE MUNICIPAL BOND FUND - Form N-CSRS

C Federal Taxes Each Fund's policy is to comply with the provisions of the Internal Revenue Code applicable to regulated investment companies and to distribute to shareholders each year substantially all of its taxable, if any, and tax-exempt net investment income, and all or substantially all of its net realized capital gains. Accordingly, no provision for federal income or excise tax is necessary. Each Fund intends to satisfy conditions which will enable it to designate distributions from the interest income generated by its investments in municipal obligations, which are exempt from regular federal income tax when received by each Fund, as exempt-interest dividends.

At September 30, 2010, the following Funds, for federal income tax purposes, had capital loss carryforwards which will reduce the respective Fund's taxable income arising from future net realized gains on investment transactions, if any, to the extent permitted by the Internal Revenue Code, and thus will reduce the amount of distributions to shareholders, which would otherwise be necessary to relieve the Funds of any liability for federal income or excise tax. The amounts and expiration dates of the capital loss carryforwards are as follows:

| Expiration Date | Municipal Fund | California Fund | New York Fund |
|------------------------|-----------------------|------------------------|----------------------|
| September 30, 2012 | \$ 314,751 | \$ | \$ |
| September 30, 2013 | | | 125,998 |
| September 30, 2015 | 31,250 | | |
| September 30, 2016 | 6,857,645 | 533,889 | |
| September 30, 2017 | 18,034,628 | 4,562,453 | 7,946,914 |
| September 30, 2018 | 56,183,712 | 23,169,615 | 8,909,352 |
| | \$ 81,421,986 | \$ 28,265,957 | \$ 16,982,264 |

Additionally, at September 30, 2010, the Municipal Fund, California Fund and New York Fund had net capital losses of \$16,062,611, \$8,015,133 and \$6,739,385, respectively, attributable to security transactions incurred after October 31, 2009. These net capital losses are treated as arising on the first day of the Funds' taxable year ending September 30, 2011.

As of March 31, 2011, the Funds had no uncertain tax positions that would require financial statement recognition, de-recognition, or disclosure. Each of the Funds' federal tax returns filed in the 3-year period ended September 30, 2010 remains subject to examination by the Internal Revenue Service.

Notes to Financial Statements (Unaudited) continued

D Expense Reduction State Street Bank and Trust Company (SSBT) serves as custodian of the Funds. Pursuant to the respective custodian agreements, SSBT receives a fee reduced by credits, which are determined based on the average daily cash balance each Fund maintains with SSBT. All credit balances, if any, used to reduce each Fund's custodian fees are reported as a reduction of expenses in the Statements of Operations.

E Legal Fees Legal fees and other related expenses incurred as part of negotiations of the terms and requirement of capital infusions, or that are expected to result in the restructuring of, or a plan of reorganization for, an investment are recorded as realized losses. Ongoing expenditures to protect or enhance an investment are treated as operating expenses.

F Use of Estimates The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of income and expense during the reporting period. Actual results could differ from those estimates.

G Indemnifications Under each Fund's organizational documents, its officers and Trustees may be indemnified against certain liabilities and expenses arising out of the performance of their duties to each Fund. Under Massachusetts law, if certain conditions prevail, shareholders of a Massachusetts business trust (such as a Fund) could be deemed to have personal liability for the obligations of the Fund. However, each Fund's Declaration of Trust contains an express disclaimer of liability on the part of Fund shareholders and the By-laws provide that the Fund shall assume the defense on behalf of any Fund shareholders. Moreover, the By-laws also provide for indemnification out of Fund property of any shareholder held personally liable solely by reason of being or having been a shareholder for all loss or expense arising from such liability. Additionally, in the normal course of business, each Fund enters into agreements with service providers that may contain indemnification clauses. Each Fund's maximum exposure under these arrangements is unknown as this would involve future claims that may be made against each Fund that have not yet occurred.

H Floating Rate Notes Issued in Conjunction with Securities Held The Funds may invest in inverse floating rate securities, also referred to as residual interest bonds, whereby a Fund may sell a variable or fixed rate bond to a broker for cash. At the same time, the Fund buys a residual interest in the assets and cash flows of a Special-Purpose Vehicle (the SPV), (which is generally organized as a trust), set up by the broker, often referred to as an inverse floating rate obligation (Inverse Floater). The broker deposits a bond into the SPV with the same CUSIP number as the bond sold to the broker by the Fund, and which may have been, but is not required to be, the bond purchased from the Fund (the Bond). The SPV also issues floating rate notes (Floating Rate Notes) which are sold to third-parties. The Inverse Floater held by a Fund gives the Fund the right (1) to cause the holders of the Floating Rate Notes to generally tender their notes at par, and (2) to have the broker transfer the Bond held by the SPV to the Fund, thereby terminating the SPV. Should the Fund exercise such right, it would generally pay the broker the par amount due on the Floating Rate Notes and exchange the Inverse Floater for the underlying Bond. Pursuant to generally accepted accounting principles for transfers and servicing of financial assets and extinguishment of liabilities, the Funds account for the transaction described above as a secured borrowing by including the Bond in their Portfolio of Investments and the Floating Rate Notes as a liability under the caption Payable for floating rate notes issued in their Statement of Assets and Liabilities.

Edgar Filing: EATON VANCE MUNICIPAL BOND FUND - Form N-CSRS

The Floating Rate Notes have interest rates that generally reset weekly and their holders have the option to tender their notes to the broker for redemption at par at each reset date. Interest expense related to the Funds' liability with respect to Floating Rate Notes is recorded as incurred. The SPV may be terminated by the Fund, as noted above, or by the broker upon the occurrence of certain termination events as defined in the trust agreement, such as a downgrade in the credit quality of the underlying Bond, bankruptcy of or payment failure by the issuer of the underlying Bond, the inability to remarket Floating Rate Notes that have been tendered due to insufficient buyers in the market, or the failure by the SPV to obtain renewal of the liquidity agreement under which liquidity support is provided for the Floating Rate Notes up to one year. Structuring fees paid to the liquidity provider upon the creation of an SPV have been recorded as debt issuance costs and are being amortized as interest expense to the expected maturity of the related trust. Unamortized structuring fees related to a terminated SPV are recorded as a realized loss on extinguishment of debt. At March 31, 2011, the amounts of the Funds' Floating Rate Notes and related interest rates and collateral were as follows:

| | Municipal Fund | California Fund | New York Fund |
|------------------------------------------------|-----------------------|------------------------|----------------------|
| Floating Rate Notes Outstanding | \$ 613,800,000 | \$ 195,940,000 | \$ 143,015,000 |
| Interest Rate or Range of Interest Rates (%) | 0.25 0.55 | 0.25 0.40 | 0.23 0.26 |
| Collateral for Floating Rate Notes Outstanding | \$ 614,124,867 | \$ 193,730,980 | \$ 146,011,137 |

For the six months ended March 31, 2011, the Funds' average Floating Rate Notes outstanding and the average interest rate (annualized) including fees and amortization of deferred debt issuance costs were as follows:

| | Municipal Fund | California Fund | New York Fund |
|-----------------------------------------|-----------------------|------------------------|----------------------|
| Average Floating Rate Notes Outstanding | \$ 615,436,291 | \$ 196,364,286 | \$ 142,466,291 |
| Average Interest Rate | 0.75% | 0.76% | 0.76% |

Eaton Vance
Municipal Bond Funds

March 31, 2011

Notes to Financial Statements (Unaudited) continued

The Funds may enter into shortfall and forbearance agreements with the broker by which a Fund agrees to reimburse the broker, in certain circumstances, for the difference between the liquidation value of the Bond held by the SPV and the liquidation value of the Floating Rate Notes, as well as any shortfalls in interest cash flows. The Funds' exposure under shortfall and forbearance agreements that were entered into as of March 31, 2011 was approximately \$14,199,000, \$5,468,000 and \$1,183,000 for the Municipal Fund, California Fund and New York Fund, respectively.

The Funds may also purchase Inverse Floaters from brokers in a secondary market transaction without first owning the underlying bond. Such transactions are not required to be treated as secured borrowings. Shortfall agreements, if any, related to Inverse Floaters purchased in a secondary market transaction are disclosed in the Portfolio of Investments. The Funds' investment policies and restrictions expressly permit investments in Inverse Floaters. Inverse floating rate securities typically offer the potential for yields exceeding the yields available on fixed rate bonds with comparable credit quality and maturity. These securities tend to underperform the market for fixed rate bonds in a rising long-term interest rate environment, but tend to outperform the market for fixed rate bonds when long-term interest rates decline. The value and income of inverse floating rate securities are generally more volatile than that of a fixed rate bond. The Funds' investment policies do not allow the Funds to borrow money except as permitted by the 1940 Act. Management believes that the Funds' restrictions on borrowing money and issuing senior securities (other than as specifically permitted) do not apply to Floating Rate Notes issued by the SPV and included as a liability in the Funds' Statement of Assets and Liabilities. As secured indebtedness issued by an SPV, Floating Rate Notes are distinct from the borrowings and senior securities to which the Funds' restrictions apply. Inverse Floaters held by the Funds are securities exempt from registration under Rule 144A of the Securities Act of 1933.

I Financial Futures Contracts The Funds may enter into financial futures contracts. Upon entering into a financial futures contract, a Fund is required to deposit with the broker, either in cash or securities, an amount equal to a certain percentage of the purchase price (initial margin). Subsequent payments, known as variation margin, are made or received by the Fund each business day, depending on the daily fluctuations in the value of the underlying security, and are recorded as unrealized gains or losses by the Fund. Gains (losses) are realized upon the expiration or closing of the financial futures contracts. Should market conditions change unexpectedly, the Fund may not achieve the anticipated benefits of the financial futures contracts and may realize a loss. Futures contracts have minimal counterparty risk as they are exchange traded and the clearinghouse for the exchange is substituted as the counterparty, guaranteeing counterparty performance.

J Interest Rate Swaps Pursuant to interest rate swap agreements, a Fund makes periodic payments at a fixed interest rate and, in exchange, receives payments based on the interest rate of a benchmark industry index. During the term of the outstanding swap agreement, changes in the underlying value of the swap are recorded as unrealized gains or losses. The value of the swap is determined by changes in the relationship between two rates of interest. A Fund is exposed to credit loss in the event of non-performance by the swap counterparty. Risk may also arise from movements in interest rates.

K When-Issued Securities and Delayed Delivery Transactions The Funds may purchase or sell securities on a delayed delivery or when-issued basis. Payment and delivery may take place after the customary settlement period for that

security. At the time the transaction is negotiated, the price of the security that will be delivered is fixed. The Funds maintain security positions for these commitments such that sufficient liquid assets will be available to make payments upon settlement. Securities purchased on a delayed delivery or when-issued basis are marked-to-market daily and begin earning interest on settlement date. Losses may arise due to changes in the market value of the underlying securities or if the counterparty does not perform under the contract.

L Statement of Cash Flows The cash amount shown in the Statement of Cash Flows of a Fund is the amount included in the Fund's Statement of Assets and Liabilities and represents the cash on hand at its custodian and does not include any short-term investments.

M Interim Financial Statements The interim financial statements relating to March 31, 2011 and for the six months then ended have not been audited by an independent registered public accounting firm, but in the opinion of the Funds management, reflect all adjustments, consisting only of normal recurring adjustments, necessary for the fair presentation of the financial statements.

2 Distributions to Shareholders

Each Fund intends to make monthly distributions of net investment income to common shareholders. In addition, at least annually, each Fund intends to distribute all or substantially all of its net realized capital gains (reduced by available capital loss carryforwards from prior years, if any). Distributions are recorded on the ex-dividend date.

The Funds distinguish between distributions on a tax basis and a financial reporting basis. Accounting principles generally accepted in the United States of America require that only distributions in excess of tax basis earnings and profits be reported in the financial statements as a return of capital. Permanent differences between book and tax accounting relating to distributions are reclassified to paid-in capital. For tax purposes, distributions from short-term capital gains are considered to be from ordinary income.

3 Investment Adviser Fee and Other Transactions with Affiliates

The investment adviser fee is earned by Eaton Vance Management (EVM) as compensation for investment advisory services rendered to each Fund. The fee is computed at an annual rate of 0.65% of each Fund's average weekly gross assets and is payable monthly. Average weekly gross assets include the principal amount of any indebtedness for money borrowed, including debt securities issued by a Fund. Pursuant to a fee reduction agreement with EVM,

Eaton Vance
Municipal Bond Funds

March 31, 2011

Notes to Financial Statements (Unaudited) continued

average weekly gross assets are calculated by adding to net assets the amount payable by the Fund to floating rate note holders, such adjustment being limited to the value of the Auction Preferred Shares (APS) outstanding prior to any APS redemptions by the Fund. EVM also serves as the administrator of each Fund, but receives no compensation. For the six months ended March 31, 2011, the investment adviser fee was as follows:

| | Municipal Fund | California Fund | New York Fund |
|------------------------|-----------------------|------------------------|----------------------|
| Investment Adviser Fee | \$ 4,544,612 | \$ 1,414,934 | \$ 1,099,713 |

Except for Trustees of the Funds who are not members of EVM's organization, officers and Trustees receive remuneration for their services to the Funds out of the investment adviser fee. Trustees of the Funds who are not affiliated with the investment adviser may elect to defer receipt of all or a percentage of their annual fees in accordance with the terms of the Trustees Deferred Compensation Plan. For the six months ended March 31, 2011, no significant amounts have been deferred. Certain officers and Trustees of the Funds are officers of EVM.

4 Purchases and Sales of Investments

Purchases and sales of investments, other than short-term obligations, for the six months ended March 31, 2011 were as follows:

| | Municipal Fund | California Fund | New York Fund |
|-----------|-----------------------|------------------------|----------------------|
| Purchases | \$ 138,207,915 | \$ 41,283,512 | \$ 53,055,891 |
| Sales | \$ 145,628,393 | \$ 42,427,127 | \$ 61,679,940 |

5 Common Shares of Beneficial Interest

Common shares issued pursuant to the Funds' dividend reinvestment plan for the six months ended March 31, 2011 and the year ended September 30, 2010 were as follows:

| | Municipal Fund | California Fund | New York Fund |
|---------------------------------------------|-----------------------|------------------------|----------------------|
| Six Months Ended March 31, 2011 (Unaudited) | 77,152 | 16,212 | 16,798 |
| Year Ended September 30, 2010 | 167,055 | 29,357 | 45,987 |

6 Federal Income Tax Basis of Investments

The cost and unrealized appreciation (depreciation) of investments of each Fund at March 31, 2011, as determined on a federal income tax basis, were as follows:

| | Municipal Fund | California Fund | New York Fund |
|------------------------------------|-------------------------|------------------------|------------------------|
| Aggregate cost | \$ 828,664,454 | \$ 257,297,902 | \$ 183,181,310 |
| Gross unrealized appreciation | \$ 4,287,070 | \$ 1,628,320 | \$ 5,239,378 |
| Gross unrealized depreciation | (122,003,069) | (42,135,024) | (15,416,699) |
| Net unrealized depreciation | \$ (117,715,999) | \$ (40,506,704) | \$ (10,177,321) |

7 Financial Instruments

The Funds may trade in financial instruments with off-balance sheet risk in the normal course of their investing activities. These financial instruments may include financial futures contracts and interest rate swaps and may involve, to a varying degree, elements of risk in excess of the amounts recognized for financial statement purposes. The notional or contractual amounts of these instruments represent the investment a Fund has in particular classes of financial instruments and do not necessarily represent the amounts potentially subject to risk. The measurement of the risks associated with these instruments is meaningful only when all related and offsetting transactions are considered.

Eaton Vance
Municipal Bond Funds

March 31, 2011

Notes to Financial Statements (Unaudited) continued

A summary of obligations under these financial instruments at March 31, 2011 is as follows:

Futures Contracts

| Fund | Expiration Date | Contracts | Position | Aggregate Cost | Value | Net Unrealized Appreciation (Depreciation) |
|-------------|------------------------|--------------------------------------|-----------------|-----------------------|-----------------|---------------------------------------------------|
| Municipal | 6/11 | 62 U.S. 10-Year Treasury Note | Short | \$ (7,429,080) | \$ (7,379,938) | \$ 49,142 |
| | 6/11 | 113 U.S. 30-Year Treasury Bond | Short | (13,642,956) | (13,581,187) | 61,769 |
| California | 6/11 | 200 U.S. 10-Year Treasury Note | Short | \$ (23,777,425) | \$ (23,806,250) | \$ (28,825) |
| | 6/11 | 344 U.S. 30-Year Treasury Bond | Short | (41,273,421) | (41,344,500) | (71,079) |
| New York | 6/11 | 100 U.S. 10-Year Treasury Note | Short | \$ (11,883,244) | \$ (11,903,125) | \$ (19,881) |

**Interest Rate Swaps
Municipal Fund**

Annual Floating Effective Date/

Edgar Filing: EATON VANCE MUNICIPAL BOND FUND - Form N-CSRS

| Counterparty | Notional Amount | Fixed Rate Paid By Fund | Rate Paid To Fund | Termination Date | Net Unrealized Depreciation |
|---------------------|------------------------|--------------------------------|--------------------------|---------------------------------|------------------------------------|
| Bank of America | \$ 30,000,000 | 4.524% | 3-month USD-LIBOR-BBA | May 18, 2011/ May 20, 2041 | \$ (1,076,881) |
| JPMorgan Chase Co. | 19,525,000 | 4.425 | 3-month USD-LIBOR-BBA | June 14, 2011/ June 14, 2041 | (310,331) |
| | | | | | \$ (1,387,212) |

New York Fund

| Counterparty | Notional Amount | Annual Fixed Rate Paid By Fund | Floating Rate Paid To Fund | Effective Date/ Termination Date | Net Unrealized Depreciation |
|---------------------|------------------------|---------------------------------------|-----------------------------------|---------------------------------------------|------------------------------------|
| Bank of America | \$ 12,300,000 | 4.524% | 3-month USD-LIBOR-BBA | May 18, 2011/ May 20, 2041 | \$ (441,521) |
| JPMorgan Chase Co. | 4,637,500 | 4.425 | 3-month USD-LIBOR-BBA | June 14, 2011/ June 14, 2041 | (73,709) |
| | | | | | \$ (515,230) |

The effective date represents the date on which a Fund and the counterparty to the interest rate swap contract begin interest payment accruals.

At March 31, 2011, the Funds had sufficient cash and/or securities to cover commitments under these contracts.

Each Fund is subject to interest rate risk in the normal course of pursuing its investment objectives. Because the Funds hold fixed-rate bonds, the value of these bonds may decrease if interest rates rise. To hedge against this risk, the Municipal Fund and New York Fund entered into interest rate swap contracts. The Funds also purchase and sell U.S.

Treasury futures contracts to hedge against changes in interest rates.

The Funds enter into interest rate swap contracts that may contain provisions whereby the counterparty may terminate the contract under certain conditions, including but not limited to a decline in a Fund's net assets below a certain level over a certain period of time, which would trigger a payment by the Fund for those swaps in a liability position. At March 31, 2011, the fair value of interest rate swaps with credit-related contingent features in a net

Eaton Vance
Municipal Bond Funds

March 31, 2011

Notes to Financial Statements (Unaudited) continued

liability position was equal to the fair value of the liability derivative related to interest rate swaps included in the table below for each respective Fund. The value of securities pledged as collateral, if any, for open interest rate swap contracts at March 31, 2011 is disclosed in a note to each Fund's Portfolio of Investments.

The non-exchange traded derivatives in which a Fund invests, including swap contracts, are subject to the risk that the counterparty to the contract fails to perform its obligations under the contract. At March 31, 2011, the maximum amount of loss the Funds would incur due to counterparty risk was equal to the fair value of the asset derivative related to interest rate swaps included in the table below for each respective Fund. Counterparties may be required to pledge collateral in the form of cash, U.S. Government securities or highly-rated bonds for the benefit of a Fund if the net amount due from the counterparty with respect to a derivative contract exceeds a certain threshold. The amount of collateral posted by the counterparties with respect to such contracts would reduce the amount of any loss incurred.

The fair values of derivative instruments (not considered to be hedging instruments for accounting disclosure purposes) and whose primary underlying risk exposure is interest rate risk at March 31, 2011 were as follows:

| | Municipal Fund | California Fund | New York Fund |
|------------------------------------|-----------------------|------------------------|----------------------|
| Asset Derivative: | | | |
| Futures Contracts ⁽¹⁾ | \$ 110,911 | \$ | \$ |
| Interest Rate Swaps | | | |
| Total | \$ 110,911 | \$ | \$ |
| Liability Derivative: | | | |
| Futures Contracts ⁽¹⁾ | \$ | \$ (99,904) | \$ (19,881) |
| Interest Rate Swaps ⁽²⁾ | (1,387,212) | | (515,230) |
| Total | \$ (1,387,212) | \$ (99,904) | \$ (535,111) |

- (1) Amount represents cumulative unrealized appreciation or (depreciation) on futures contracts in the Futures Contracts table above. Only the current day's variation margin on open futures contracts is reported within the Statement of Assets and Liabilities as Receivable or Payable for variation margin, as applicable.
- (2) Statement of Assets and Liabilities location: Payable for open swap contracts; Net unrealized depreciation.

The effect of derivative instruments (not considered to be hedging instruments for accounting disclosure purposes) on the Statement of Operations and whose primary underlying risk exposure is interest rate risk for the six months ended March 31, 2011 was as follows:

| | Municipal Fund | California Fund | New York Fund |
|-----------------------------------------------------------------------------------------------------|-----------------------|------------------------|----------------------|
| Realized Gain (Loss) on Derivatives Recognized in Income ⁽¹⁾ | \$ 8,024,796 | \$ 924,357 | \$ 3,510,245 |
| Change in Unrealized Appreciation (Depreciation) on Derivatives Recognized in Income ⁽²⁾ | \$ (807,917) | \$ (195,051) | \$ (449,170) |

- (1) Statement of Operations location: Net realized gain (loss) Financial futures contracts and Swap contracts.
- (2) Statement of Operations location: Change in unrealized appreciation (depreciation) Financial futures contracts and Swap contracts.

The average notional amounts of futures contracts and interest rate swaps outstanding during the six months ended March 31, 2011, which are indicative of the volume of these derivative types, were approximately as follows:

| | Municipal Fund | California Fund | New York Fund |
|---------------------------------|-----------------------|------------------------|----------------------|
| Average Notional Amount: | | | |
| Futures Contracts | \$ 6,571,000 | \$ 29,757,000 | \$ 7,143,000 |
| Interest Rate Swaps | \$ 49,525,000 | \$ | \$ 16,938,000 |

Notes to Financial Statements (Unaudited) continued

8 Fair Value Measurements

Under generally accepted accounting principles for fair value measurements, a three-tier hierarchy to prioritize the assumptions, referred to as inputs, is used in valuation techniques to measure fair value. The three-tier hierarchy of inputs is summarized in the three broad levels listed below.

Level 1 quoted prices in active markets for identical investments

Level 2 other significant observable inputs (including quoted prices for similar investments, interest rates, prepayment speeds, credit risk, etc.)

Level 3 significant unobservable inputs (including a fund's own assumptions in determining the fair value of investments)

In cases where the inputs used to measure fair value fall in different levels of the fair value hierarchy, the level disclosed is determined based on the lowest level input that is significant to the fair value measurement in its entirety. The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities.

At March 31, 2011, the hierarchy of inputs used in valuing the Funds' investments, which are carried at value, were as follows:

| Municipal Fund Asset Description | Level 1 | Level 2 | Level 3 | Total |
|---------------------------------------------|----------------|-------------------------|----------------|-------------------------|
| Tax-Exempt Investments | \$ | \$ 1,324,748,455 | \$ | \$ 1,324,748,455 |

IMPORTANT NOTICES

Privacy. The Eaton Vance organization is committed to ensuring your financial privacy. Each of the financial institutions identified below has in effect the following policy (Privacy Policy) with respect to nonpublic personal information about its customers:

Only such information received from you, through application forms or otherwise, and information about your Eaton Vance fund transactions will be collected. This may include information such as name, address, social security number, tax status, account balances and transactions.

None of such information about you (or former customers) will be disclosed to anyone, except as permitted by law (which includes disclosure to employees necessary to service your account). In the normal course of servicing a customer's account, Eaton Vance may share information with unaffiliated third parties that perform various required services such as transfer agents, custodians and broker/dealers.

Policies and procedures (including physical, electronic and procedural safeguards) are in place that are designed to protect the confidentiality of such information.

We reserve the right to change our Privacy Policy at any time upon proper notification to you. Customers may want to review our Privacy Policy periodically for changes by accessing the link on our homepage: www.eatonvance.com.

Our pledge of privacy applies to the following entities within the Eaton Vance organization: the Eaton Vance Family of Funds, Eaton Vance Management, Eaton Vance Investment Counsel, Boston Management and Research, and Eaton Vance Distributors, Inc. Our Privacy Policy applies only to those Eaton Vance customers who are individuals and who have a direct relationship with us. If a customer's account (i.e., fund shares) is held in the name of a third-party financial adviser/broker-dealer, it is likely that only such adviser's privacy policies apply to the customer. This notice supersedes all previously issued privacy disclosures. For more information about Eaton Vance's Privacy Policy, please call 1-800-262-1122.

Delivery of Shareholder Documents. The Securities and Exchange Commission (the SEC) permits funds to deliver only one copy of shareholder documents, including prospectuses, proxy statements and shareholder reports, to fund investors with multiple accounts at the same residential or post office box address. This practice is often called *householding* and it helps eliminate duplicate mailings to shareholders. *Eaton Vance, or your financial adviser, may household the mailing of your documents indefinitely unless you instruct Eaton Vance, or your financial adviser, otherwise.* If you would prefer that your Eaton Vance documents not be householded, please contact Eaton Vance at 1-800-262-1122, or contact your financial adviser. Your instructions that householding not apply to delivery of your Eaton Vance documents will be effective within 30 days of receipt by Eaton Vance or your financial adviser.

Portfolio Holdings. Each Eaton Vance Fund and its underlying Portfolio(s) (if applicable) will file a schedule of portfolio holdings on Form N-Q with the SEC for the first and third quarters of each fiscal year. The Form N-Q will be available on the Eaton Vance website at www.eatonvance.com, by calling Eaton Vance at 1-800-262-1122 or in the

EDGAR database on the SEC's website at www.sec.gov. Form N-Q may also be reviewed and copied at the SEC's public reference room in Washington, D.C. (call 1-800-732-0330 for information on the operation of the public reference room).

Proxy Voting. From time to time, funds are required to vote proxies related to the securities held by the funds. The Eaton Vance Funds or their underlying Portfolios (if applicable) vote proxies according to a set of policies and procedures approved by the Funds' and Portfolios' Boards. You may obtain a description of these policies and procedures and information on how the Funds or Portfolios voted proxies relating to portfolio securities during the most recent 12-month period ended June 30, without charge, upon request, by calling 1-800-262-1122 and by accessing the SEC's website at www.sec.gov.

Additional Notice to Shareholders. A Fund may purchase shares of its common stock in the open market when they trade at a discount to net asset value or at other times if a Fund determines such purchases are advisable. There can be no assurance that a Fund will take such action or that such purchases would reduce the discount.

Closed-End Fund Information. The Eaton Vance closed-end funds make certain quarterly fund performance data and information about portfolio characteristics (such as top holdings and asset allocation) available on the Eaton Vance website after the end of each calendar quarter end. Certain month end fund performance data for the funds, including total returns, are posted to the website shortly after the end of each calendar month. Portfolio holdings for the most recent calendar quarter-end are also posted to the website approximately 30 days following the end of the quarter. This information is available at www.eatonvance.com on the fund information pages under Individual Investors' Closed-End Funds.

Item 2. Code of Ethics

Not required in this filing.

Item 3. Audit Committee Financial Expert

The registrant's Board has designated William H. Park, an independent trustee, as its audit committee financial expert. Mr. Park is a certified public accountant who is the Chief Financial Officer of Aveon Group, L.P. (an investment management firm). Previously, he served as the Vice Chairman of Commercial Industrial Finance Corp. (specialty finance company), as President and Chief Executive Officer of Prizm Capital Management, LLC (investment management firm), as Executive Vice President and Chief Financial Officer of United Asset Management Corporation (an institutional investment management firm) and as a Senior Manager at Price Waterhouse (now PricewaterhouseCoopers) (an independent registered public accounting firm).

Item 4. Principal Accountant Fees and Services

Not required in this filing.

Item 5. Audit Committee of Listed Registrants

Not required in this filing.

Item 6. Schedule of Investments

Please see schedule of investments contained in the Report to Stockholders included under Item 1 of this Form N-CSR.

Item 7. Disclosure of Proxy Voting Policies and Procedures for Closed-End Management Investment Companies

The Board of Trustees of the Trust has adopted a proxy voting policy and procedure (the Fund Policy), pursuant to which the Trustees have delegated proxy voting responsibility to the Fund's investment adviser and adopted the investment adviser's proxy voting policies and procedures (the Policies) which are described below. The Trustees will review the Fund's proxy voting records from time to time and will annually consider approving the Policies for the upcoming year. In the event that a conflict of interest arises between the Fund's shareholders and the investment adviser, the administrator, or any of their affiliates or any affiliate of the Fund, the investment adviser will generally refrain from voting the proxies related to the companies giving rise to such conflict until it consults with the Board's Special Committee except as contemplated under the Fund Policy. The Board's Special Committee will instruct the investment adviser on the appropriate course of action.

The Policies are designed to promote accountability of a company's management to its shareholders and to align the interests of management with those shareholders. An independent proxy voting service (Agent), currently Institutional Shareholder Services, Inc., has been retained to assist in the voting of proxies through the provision of vote analysis, implementation and recordkeeping and disclosure services. The investment adviser will generally vote proxies through the Agent. The Agent is required to vote all proxies and/or refer them back to the investment adviser pursuant to the Policies. It is generally the policy of the investment adviser to vote in accordance with the recommendation of the Agent. The Agent shall refer to the investment adviser proxies relating to mergers and restructurings, and the disposition of assets, termination, liquidation and mergers contained in mutual fund proxies. The investment adviser will normally vote against anti-takeover measures and other proposals designed to limit the ability of shareholders to act on possible transactions, except in the case of closed-end management investment companies. The investment adviser generally supports management on social and environmental proposals. The investment adviser may abstain from voting from time to time where it determines that the costs associated with voting a proxy outweighs the benefits derived from exercising the right to vote or the economic effect on shareholders interests or the value of the portfolio holding is indeterminable or insignificant.

In addition, the investment adviser will monitor situations that may result in a conflict of interest between the Fund's shareholders and the investment adviser, the administrator, or any of their affiliates or any affiliate of the Fund by maintaining a list of significant existing and prospective corporate clients. The investment adviser's personnel responsible for reviewing and voting proxies on behalf of the Fund will report any proxy received or expected to be received from a company included on that list to the personnel of the investment adviser identified in the Policies. If such personnel expects to

instruct the Agent to vote such proxies in a manner inconsistent with the guidelines of the Policies or the recommendation of the Agent, the personnel will consult with members of senior management of the investment adviser to determine if a material conflict of interests exists. If it is determined that a material conflict does exist, the investment adviser will seek instruction on how to vote from the Special Committee.

Information on how the Fund voted proxies relating to portfolio securities during the most recent 12 month period ended June 30 is available (1) without charge, upon request, by calling 1-800-262-1122, and (2) on the Securities and Exchange Commission's website at <http://www.sec.gov>.

Item 8. Portfolio Managers of Closed-End Management Investment Companies

Not required in this filing.

Item 9. Purchases of Equity Securities by Closed-End Management Investment Company and Affiliated Purchasers

No such purchases this period.

Item 10. Submission of Matters to a Vote of Security Holders

No Material Changes.

Item 11. Controls and Procedures

(a) It is the conclusion of the registrant's principal executive officer and principal financial officer that the effectiveness of the registrant's current disclosure controls and procedures (such disclosure controls and procedures having been evaluated within 90 days of the date of this filing) provide reasonable assurance that the information required to be disclosed by the registrant has been recorded, processed, summarized and reported within the time period specified in the Commission's rules and forms and that the information required to be disclosed by the registrant has been accumulated and communicated to the registrant's principal executive officer and principal financial officer in order to allow timely decisions regarding required disclosure.

(b) There have been no changes in the registrant's internal controls over financial reporting during the second fiscal quarter of the period covered by this report that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting.

Item 12. Exhibits

(a)(1) Registrant's Code of Ethics Not applicable (please see Item 2).

(a)(2)(i) Treasurer's Section 302 certification.

(a)(2)(ii) President's Section 302 certification.

(b) Combined Section 906 certification.

Signatures

Pursuant to the requirements of the Securities Exchange Act of 1934 and the Investment Company Act of 1940, the registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.
