PROXY STATEMENT

INTRODUCTION

The Board of Directors solicits your proxy for the annual meeting. Your shares will be voted as you request if your proxy voting instructions are received prior to the meeting. You may revoke your proxy at any time before it is voted at the annual meeting.

As of December 31, 2002, CMS Energy Corporation's ("CMS" or the "Corporation") outstanding Common Stock (\$.01 par value) consisted of a total of 144,088,339 shares. Each outstanding share is entitled to one vote on all matters that come before the annual meeting. All shares represented by valid proxies will be voted at the annual meeting.

CMS has received a copy of a Schedule 13G filed with the Securities and Exchange Commission (SEC) by Lord, Abnett & Co., 90 Hudson Street, Jersey City, New Jersey 07302. This schedule indicates that holdings of 10,305,255 shares,

Edgar Filing: CMS ENERGY CORP - Form DEF 14A

representing 7.2% of the outstanding shares of CMS Common Stock, were acquired in a fiduciary capacity in the ordinary course of business for investment purposes. CMS has also received a copy of a Schedule 13G filed with the SEC by Franklin Resources, Inc., One Franklin Parkway, San Mateo, California 94403. This schedule indicates that holdings of 8,559,624 shares, representing 5.9% of the outstanding shares of CMS Common Stock, were acquired in a fiduciary capacity in the ordinary course of business for investment purposes. To the knowledge of management, no other person or entity currently owns beneficially more than 5% of any class of CMS' outstanding voting securities.

The determination of approval of corporate action by the shareholders is based on votes "for" and "against". Abstentions and broker non-votes are not counted as "against" votes but are counted in the determination of a quorum.

ELECTION OF DIRECTORS

The nominees for directors of CMS and Consumers Energy Company ("Consumers") will hold office until the next annual meeting or until their successors are elected and qualified. Unless a shareholder withholds authority to vote for the election of directors as provided in the proxy, the returned proxy will be voted for the listed nominees. The Board of Directors has no reason to believe that the persons named will not be available but in the event any nominee is unable to serve, the proxy will be voted for a substitute nominee designated by the Board of Directors. All of the nominees are presently serving as directors. Due to the decision of a current director not to stand for re-election, at the end of his term immediately preceding the annual meeting, the number of directors constituting the full Board of Directors will be reduced from 13 to 12.

A Trans-Elect, Inc. subsidiary provides interstate electric transmission service to Consumers pursuant to agreements entered into at the time of the sale. The rates and other terms of the service were approved by the Federal Energy Regulatory Commission prior to the sale and remain subject to the Commissions' jurisdiction. From May 15, 2002 until June 30, 2002, S. Kinnie Smith, Jr. served as Vice Chairman of Trans-Elect, Inc. Mr. Smith served as a director of Trans-Elect, Inc. since its organization in 1998. As a result of the sale, Consumers experienced an after-tax earnings increase of approximately \$17 million in 2002 due to the recognition of a \$26 million gain on the sale. For the period from May 1, 2002 to December 31, 2002, Consumers paid a total of \$56 million to Trans-Elect, Inc's subsidiary for electric transmission services.

EXECUTIVE COMMITTEES

Members: Kenneth Whipple (Chair), John M. Deutch, William U. Parfet, Percy A. Pierre, Kenneth L. Way, and John B. Yasinsky.

Meetings during 2002: CMS 0 -- Consumers 0

The primary function of these committees is to:

- Exercise the power and authority of the Boards of Directors as may be necessary during the intervals between meetings of the Boards of Directors, subject to such limitations as are provided by law or by resolution of the Boards.

SPECIAL COMMITTEES

The standing committees listed above have ongoing, continuing duties. In addition, the Board within the past year established two special committees to address specific major issues facing CMS. Special committees do not have continuing duties; they exist only until they complete their specified duties. These two special committees are discussed below.

Special Investigative Committee

The Board established this special committee in May 2002 to investigate and evaluate the allegations and issues raised with respect to round-trip trading, including the reporting thereof and compliance with all applicable laws and regulations, and to prepare such reports and recommendations and to take such other actions in connection with its investigation as it deemed appropriate and in the best interests of the Corporation and its shareholders, in accordance

Edgar Filing: CMS ENERGY CORP - Form DEF 14A

with Michigan law. The members of the Special Investigative Committee were Kenneth L. Way, Chair; Kathleen R. Flaherty; Earl D. Holton; and Kenneth Whipple, who were wholly independent and had no personal or business connection or relationship with the Corporation other than in their capacity as directors of the Corporation, except that Mr. Whipple was elected as Chairman and Chief Executive Officer of CMS at the time of the 2002 annual meeting in May 2002, after the period during which the round-trip trading and reporting under investigation occurred. In June 2002, the Special Investigative Committee selected the law firm Winston & Strawn as independent counsel to help with the investigation.

On October 31, 2002, the committee and independent counsel completed their investigation and reported findings and recommendations to the Board of Directors. The Special Investigative Committee reported, based on extensive investigation, that the round-trip trades were undertaken to raise CMS Marketing, Services and Trading's profile as an energy marketer with the goal of enhancing its ability to market its services. The committee found no apparent

9

effort to manipulate the price of CMS Common Stock or affect energy prices. The outside directors received \$20,000 in either cash or CMS Common Stock, at their election, for their work on the Special Investigative Committee, paid in December 2002.

Special Litigation Committee

The Board established this special committee in December 2002 and confirmed its duties in January 2003. The purpose of the Special Litigation Committee is to investigate and evaluate the allegations and issues raised by a shareholder, requesting that CMS institute a derivative proceeding against certain of its directors and officers, and to prepare such reports and to take such other actions in connection with its reasonable investigation as it shall deem appropriate to make a good faith determination whether the maintenance of the derivative proceedings is in the best interests of CMS, in accordance with Michigan law.

The Special Litigation Committee was granted the full power and authority of the Board of Directors with respect to investigating, evaluating and taking action regarding the shareholder demand and the allegations and issues raised therein, including without limitation the power and authority to assert claims and to initiate and pursue litigation on behalf of CMS relating to such matters, to settle or compromise any such claim or lawsuit, and to seek dismissal of any related derivative proceeding pursuant to Michigan law. The Special Litigation Committee may make such reports of its determinations and actions to the Board of Directors or shareholders of CMS as it shall deem appropriate from time to time, but making such reports to the Board shall be at the option of the Special Litigation Committee, and all determinations made by the Special Litigation Committee pursuant to its authority shall be final, shall not be subject to review or approval by the Board of Directors and shall in all respects be binding upon CMS. The Board determined Michael T. Monahan and Joseph F. Paquette, Jr. to be disinterested directors under Michigan law and appointed Messrs. Monahan and Paquette to serve as members of the Special Litigation Committee. The Board also evidenced its expectation that Messrs. Monahan and Paquette would be designated as "independent directors" in accordance with Michigan law. The Special Litigation Committee is authorized to engage such experts and advisors, including its own independent legal counsel, as it deems necessary or desirable in order to assist it in the discharge of its responsibilities. The Special Legislative Committee selected the law firm of Jenner & Block to help with their investigation and evaluation. The Special Litigation Committee has not completed its investigation and evaluation as of

the date of this proxy statement.

10

COMPENSATION OF DIRECTORS

Directors who are not officers of CMS or Consumers received in 2002 an annual retainer fee of \$30,000, \$1,500 for attendance at each Board meeting and \$750 for attendance at each committee meeting. Committee chairs received \$1,000 for attendance at each committee meeting. These figures have remained unchanged for several years, and are relatively low by industry standards. The Board of Directors has set the same amounts for retainer and attendance fees to be paid in 2003. In 2002, all directors who were not officers of CMS or Consumers were granted 850 restricted shares of CMS Common Stock with a fair market value at time of grant of \$15,563. These restricted shares must be held for at least three years from the date of grant. In 2003, the number of restricted shares to be granted to each continuing outside director will again be 850 shares. Because of the decline in the CMS Common Stock price, this will be a significant reduction in the dollar value of shares granted to these directors from prior years. This reduction reflects CMS' and Consumers' 2002 financial performance. Mr. Monahan and Mr. Paquette, the two outside directors who joined the Boards in December 2002, will each receive a restricted stock grant with a market value at the time of grant of \$30,000. These two new directors' stock grants reflect the fact that it is increasingly difficult to attract highly qualified directors in today's business environment, especially given the relatively low retainer and fees received by CMS directors compared to comparable companies' directors. Providing these two individuals with newly issued shares of restricted stock rather than with cash helped enable CMS to attract two exceptional new directors while conserving much needed cash. Directors are reimbursed for expenses incurred in attending Board or committee meetings. Directors who are officers of CMS or Consumers do not receive retainers or meeting fees for service on the Board or as a member of any Board committee. Pursuant to the Directors' Deferred Compensation Plan, a director of CMS or Consumers who is not an officer may, at any time prior to a calendar year in which a retainer and fees are to be earned, or at any time during the year prior to the month in which a retainer and fees are earned, irrevocably elect to defer payment for that year, or a portion thereof, through written notice to CMS or Consumers, of all or half of any of the retainer and fees which would otherwise be paid to the director, to a time following the director's retirement from the Board of Directors. Any amount deferred will either (a) accrue interest at either the prime rate or the rate for 10-year Treasury Notes (whichever is greater), (b) be treated as if it were invested as an optional cash payment in CMS' Stock Purchase Plan, or (c) be treated as if it were invested in a Standard & Poor's 500 stock index fund. Accrued amounts will be distributed in a lump sum or in five or ten annual installments in cash. Outside directors who retire with five years of service on the Board will receive retirement payments equal to the retainer. These payments will continue for a period of time equal to their years of service on the Board. All benefits will cease at the death of the retired director. Outside directors are offered optional life insurance coverage, business-related travel accident insurance, and optional health care insurance, and CMS and Consumers pay the premiums associated with participation by directors. The imputed income for the life insurance coverage in 2002 was: Messrs. Duderstadt, \$741; Holton, \$2,553; Monahan, \$62; Paquette, \$200; Parfet, \$633; Pierre, \$744; Whipple, \$2,394; Yasinsky, \$756; Deutch, \$744; and Ms. Flaherty, \$369. The imputed income for health insurance coverage in 2002 was: Ms. Flaherty, \$5,267.

EMPLOYMENT ARRANGEMENTS

Agreements with the executive officers named above provide for payments equal to three times annual cash compensation if there is a change of control and adverse change of responsibilities, as well as payments equal to two times annual cash compensation if employment is terminated by the company, other than for cause, in the absence of a change of control. CMS and Consumers also provide long-term disability insurance policies for all executive officers which would provide payment of up to 60% of compensation in the event of disability. CMS does not have a "poison pill" plan and is not considering the adoption of such a plan.

(1) The present value is based on the Black-Scholes Model, a mathematical formula used to value options traded on securities exchanges. The model utilizes a number of assumptions, including the exercise price, the underlying CMS Common Stock's volatility using weekly closing prices for a four and one half year period prior to grant date, the dividend rate, the term of the option, and the level of interest rates equivalent to the yield of four-year Treasury Notes. However, the Model does not take into account a significant feature of options granted to employees under CMS' Plan, the non-transferability of options awarded. For those options above with an expiration date of 3-21-12 (granted 2-22-02), the volatility was 32.44%, the dividend rate at the time was \$0.365 per quarter, and the interest rate was 3.95%. For those options above with an expiration date of 8-30-12 (granted 7-31-02), the volatility was 40.81%, the dividend rate at the time was \$0.18 per quarter, and the interest rate was 3.16%.

ORGANIZATION AND COMPENSATION COMMITTEE REPORT

Compensation Philosophy

CMS' executive compensation program is directed by a committee composed entirely of independent outside directors. The Committee is responsible for determining and administering executive compensation policies and plans as well as reviewing and recommending officer appointments to the Board of Directors. The Committee also has the responsibility for approving both annual compensation and compensation awards under long-term stock ownership programs. Such programs seek to enhance the profitability of CMS and, hence, shareholder value by aligning the financial interests of CMS' officers with those of its shareholders. In doing so, the Committee relies to a large degree on incentive compensation including stock-related awards to attract and retain outstanding officers.

Compensation for Mr. Whipple and the other executive officers consists of (i) base salary, which is intended to be at the competitive median of the amounts paid to executives with equivalent positions at other energy companies of comparable size, and (ii) substantial annual and long-term incentive compensation closely tied to CMS' success in achieving earnings, stock appreciation and other performance goals. The incentive program is also designed to be competitive with plans of other comparable energy companies and variable "at risk" compensation is intended to be above median in years when CMS exceeds its performance goals.

Annual Compensation

The Committee reviews the base salary of Mr. Whipple and the other officers and approves annual salaries for them based on industry, peer group, and national surveys and judgment as to the past and expected future contributions of each individual.

Edgar Filing: CMS ENERGY CORP - Form DEF 14A

The annual incentive compensation (bonus) payment, if any, is based on CMS' success in meeting challenging earnings per share goals set by the Committee at the beginning of each year. In addition, individual performance goals are established for each executive officer for specific financial, operating and management achievements. Following the end of each year, the results on a corporate and individual basis are reviewed by the Committee to determine the appropriate awards. The Executive Incentive Compensation Plan has a threshold payout at 90% of the earnings per share goal and a maximum payout at 120% of goal. Under the Plan for 2002, CMS' performance did not achieve the minimum threshold of 90% of the earnings per share goal. Therefore, no payments were made under the Plan for any CMS corporate officers and the decision was made not to grant awards to any officers of subsidiary companies.

Long-Term Compensation

The last element of executive compensation considered by the Committee during each year is long-term incentive awards in the form of stock options and restricted stock awards under CMS' Performance Incentive Stock Plan, which has been approved by shareholders. The Committee believes such awards are desirable in encouraging CMS Common Stock ownership by executives, thus linking their interests directly to that of other shareholders. Therefore, in 2002, the Committee decided to grant stock options with an exercise price equal to the CMS Common Stock market price on the date of the grant to the officers, including those shown in the above charts. Options have been granted annually, usually for approximately the same number of shares. The Committee believes grants should be made annually on a generally consistent basis. In determining grants, the Committee weighed a number of factors including prior grants and corporate performance. The Performance Incentive Stock Plan has no provision for the

16

repricing of options, and CMS is not considering the adoption of such a provision. The Committee also awarded restricted stock which will vest at the rate of 25% per year after two years, with 100% vested after five years.

Compensation Deductibility

The Committee has reviewed CMS' compensation plans and the applicability of Section 162(m) of the Internal Revenue Code and regulations thereunder dealing with federal income tax deductibility for compensation in excess of \$1 million. The Committee believes that bonus awards under the Executive Incentive Compensation Plan and awards of stock options under the Performance Incentive Stock Plan are considered deductible compensation under the regulations under Section 162(m), because they are based on pre-established performance goals and the plans have been approved by shareholders. Awards of restricted stock granted in 2002 may not be deductible under Section 162(m). The committee awarded this stock in order to ensure continuity of officer tenure over the next five years.

Compensation Consultant

In connection with its ongoing independent review of executive compensation, the Committee has retained Hewitt Associates, a recognized compensation and benefit consultant, to assist the Committee in evaluating the appropriateness and competitiveness of its compensation policies and programs.

AUDIT COMMITTEE REPORT

Edgar Filing: CMS ENERGY CORP - Form DEF 14A

CMS' and Consumers' audit activities are directed by committees composed entirely of independent outside directors. The Committees are responsible for overseeing the preparation of external financial reports, the adequacy of internal audit controls, the audit process, the independence and performance of the independent auditors, and compliance with legal and regulatory requirements.

We have reviewed and discussed with management CMS' and Consumers' audited financial statements as of and for the year ended December 31, 2002.

We have discussed with the independent auditors of the 2002 financial statements, Ernst and Young, LLP, the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as amended, by the Auditing Standards Board of the American Institute of Certified Public Accountants.

We have received and reviewed the written disclosures and the letter from the independent auditors required by Independence Standard No. 1, Independence Discussions with Audit Committees, as amended, by the Independence Standards Board, and have discussed with Ernst and Young, LLP the auditors' independence.

We have considered the provision of all of Ernst and Young, LLP's services to CMS and Consumers in 2002 and the fees paid for all such services, and have concluded that all current arrangements are compatible with maintaining the independence of Ernst and Young, LLP.

Based on the reviews and discussions referred to above, we recommended to the Board of Directors that the financial statements referred to above be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2002.

17

Submitted as of March 27, 2003 by the Audit Committee: William U. Parfet (Chair), John M. Deutch, James J. Duderstadt, Michael T. Monahan, Joseph F. Paquette, Jr., Kenneth L. Way, and John B. Yasinsky.

INDEPENDENT AUDITOR

Prior to 2002, Arthur Andersen, LLP had served as the independent auditor for CMS and Consumers for many years. In early 2002, however, the Audit Committee concluded that the ability of Arthur Andersen to continue as the Company's independent auditor had been adversely affected by well publicized recent developments involving Arthur Andersen and recommended to the Board of Directors the replacement of Arthur Andersen as CMS' independent auditor. On the recommendation of the Audit Committee, and after a thorough search, the Board of Directors on May 24, 2002, appointed Ernst and Young, LLP to replace Arthur Andersen, LLP as the independent auditor for CMS and Consumers for 2002. There were no disagreements between Arthur Andersen and CMS related to accounting principles or practices, financial statement disclosures, or auditing scope or procedure, and Arthur Andersen's reports on the financial statements of CMS and Consumers had contained no adverse opinions, disclaimers of opinion, modifications, or qualifications. The decision to replace Arthur Andersen was made strictly as a result of the significant difficulties that Arthur Andersen was encountering in matters totally unrelated to CMS.

In view of the fact that under the restated Audit Committee Charter and as required by the Sarbanes-Oxley Act of 2002 and the rules and regulations of the SEC promulgated thereunder, the Audit Committee of independent directors is directly and solely responsible for the appointment and termination of the independent auditor, CMS is not requesting shareholders to ratify the Audit Committee's selection of an independent auditor for 2003.

APPENDIX A

Purpose

The Audit Committee (the "Committee") shall provide assistance to the Board of Directors (the "Board") of CMS Energy (the "Company") in fulfilling their oversight responsibility to the shareholders, potential shareholders, the investment community, and others relating to:

- the integrity of the Company's financial statements and financial information, the financial reporting process, and the system of internal accounting and financial controls;
- the performance of the Company's internal audit function and independent auditors;
- the evaluation of the independent auditor's qualifications and independence;
- the Company's compliance with its code of conduct and ethics policies and with legal and regulatory requirements; and
- the review of reports and certifications prepared by the Chief Executive Officer and Chief Financial Officer as required by the rules of the Securities and Exchange Commission (the "SEC").

Organization

This charter governs the operations of the Committee. The Committee shall review and reassess the charter at least annually and obtain the approval of the charter by the Board.

The Committee shall be members of, and appointed by, the Board upon the recommendation of the Nominating and Corporate Governance Committee and shall comprise at least three directors, each of whom are independent of management and the Company. Members of the Committee shall be considered independent as long as they do not accept any consulting, advisory or other compensatory fee from the Company and are not an affiliated person of the Company or its subsidiaries, and meet the independence requirements of the stock exchange listing standards, the Sarbanes-Oxley Act of 2002 and the regulations of the SEC.

All committee members shall be financially literate, and at least one member shall be an "audit committee financial expert," as defined by the SEC regulations. The Committee shall have the authority to provide the proper educational programs for its members to ensure the financial and accounting expertise that is expected of each committee member.

The Chairman of the Committee shall designate a person, who need not be a member, to act as secretary and to record the minutes of its proceedings, which

Edgar Filing: CMS ENERGY CORP - Form DEF 14A

shall be kept in accordance with the Bylaws of the Company. The agenda of each meeting will be prepared by the secretary at the direction of the Chair and, whenever reasonably practicable, delivered to each member before the meeting.

Meetings

The Committee shall meet at least quarterly and shall have the authority to call meetings at its discretion and to invite officers and employees of the Company and independent auditors to attend.

22

As part of its responsibility to foster open and frank communications, the Committee shall meet with management, the Director of Internal Audit, and the independent auditors in separate private sessions to discuss any matters, issues or concerns that the Committee or any of these groups believe should be discussed.

The Committee will report its findings and conclusions at the next regularly scheduled meeting of the full Board. Any member may add relevant matters to the agenda by timely notice to the Chair.

Duties and Responsibilities

The Committee, in carrying out its responsibilities, believes its policies and procedures should remain flexible, in order to best react to changing conditions and circumstances. The Committee should take appropriate actions to set the overall corporate "tone" for quality financial reporting, sound internal controls and business risk practices, and ethical behavior. The following shall be the principal duties and responsibilities of the Committee. These are set forth as a guide with the understanding that the Committee may supplement them as appropriate.

The Committee shall oversee the Company's financial reporting process on behalf of the Board and report the results of their activities to the Board. While the Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Audit Committee to design internal controls or to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and are in accordance with generally accepted accounting principles. Rather, the Committee should maintain a healthy skepticism and pursue issues until the Committee is satisfied that they have received adequate information to make an informed judgment. In this regard, management is responsible for the preparation, presentation, and integrity of the Company's financial information, the design and implementation of an effective system of internal controls and the appropriateness of the accounting principles and reporting policies used by the Company. The independent auditor is responsible for auditing the Company's annual financial statements and for reviewing the Company's unaudited interim financial statements.

The Committee shall be directly responsible for the appointment and termination (subject, if applicable, to shareholder ratification), compensation, and oversight of the work of the independent auditors, including resolution of disagreements between management and the independent auditor regarding financial reporting. The independent auditors shall report directly to the Committee. The Committee shall pre-approve all audit and non-audit services provided by the independent auditors and shall approve all fees for such services and shall not engage the independent auditors to perform the specific non-audit services proscribed by law or regulation.

The Committee shall meet with the independent auditor prior to the audit to review the planning and staffing of the audit as well as compliance with

Edgar Filing: CMS ENERGY CORP - Form DEF 14A

appropriate audit standards.

The Committee shall receive regular reports from the independent auditor on the Company's critical accounting policies and practices, and all alternative accounting treatments permitted by generally accepted accounting principles.

At least annually, the Committee shall obtain and review the report by the independent auditors describing:

- The Company's financial reporting and accounting standards and principles.
- The Company's internal quality control procedures and an assessment of the effectiveness of the internal control structure and procedures for financial reporting.

23

- Any material issues raised by the most recent internal quality control review of the firm, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, with respect to one or more independent audits carried out by the firm, and any steps taken to deal with any such issues.
- The auditor's independence with respect to the Company. The Committee will discuss such reports with the independent auditor, consider whether the provision of non-audit services is compatible with maintaining the auditor's independence and, if so determined by the Audit Committee, recommend that the Board take appropriate action to satisfy itself of the independence of the auditor.
- The independent auditor's required communications contained within Statement on Auditing Standards No. 61 relating to the conduct of the audit.

In addition, the Committee shall review the experience and qualifications of the senior members of the independent auditor's team and set clear hiring policies for employees or former employees of the independent auditors that meet the SEC regulations and stock exchange listing standards.

The Committee shall review the appointment, organizational placement, compensation and replacement of the Director of Internal Audit and the effectiveness and the appropriateness of the annual audit plan, the department's budget and the staffing of the Internal Audit Department. Additionally, the Chairman of the Committee shall be consulted before the appointment or removal of the Director of Internal Audit and the Committee shall approve the responsibilities and the reporting relationship of the Director of Internal Audit.

The Committee shall review significant Internal Audit Department reports or summary reports to management and management's responses. The Committee shall also review with the Director of Internal Audit any problems or difficulties the Internal Audit Department may have encountered or any restrictions on the scope of audit activities.

The Committee shall assess the extent to which the planned audit scopes of the Internal Audit Department and the independent auditors can be relied on to identify material or significant internal control weaknesses or fraud. The Committee shall review management's assessment of the effectiveness of financial reporting internal controls as of the end of the most recent fiscal year and the independent auditor's attestation report on management's assertion, all as required by Section 404 of the Sarbanes-Oxley Act of 2002 and the regulations of the SEC. Also, the Committee shall discuss with management, the internal
