REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Benefit Plan Administrative Committee
Expedia Retirement Savings Plan

We have audited the accompanying statement of net assets available for benefits of the Expedia Retirement Savings Plan as of December 31, 2005, and the related statement of changes in net assets available for benefits for the period from August 9, 2005 to December 31, 2005. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2005, and the changes in its net assets available for benefits for the period from August 9, 2005 to December 31, 2005, in conformity with U.S. generally accepted accounting principles.

Our audit was performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2005 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audit of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

Expedia Retirement Savings Plan
Notes to Financial Statements
December 31, 2005

1. Description of the Plan

The following description of the Expedia Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan s provisions.

General

The Plan was established on August 9, 2005 and is a defined contribution plan covering substantially all U.S. employees of Expedia, Inc. and its subsidiaries (the Company) who have reached the age of 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Spin-Off From IAC/InterActiveCorp

On December 21, 2004, IAC/InterActiveCorp (IAC) announced its plan to separate into two independent public companies to allow each company to focus on its individual strategic objectives. We refer to this transaction as the Spin-Off. A new company, Expedia, Inc., was incorporated under Delaware law to hold substantially all of IAC s travel and travel-related businesses. On August 9, 2005, the Spin-Off was completed. On August 15, 2005, IAC transferred the net assets of the Company s participating employees from the InterActiveCorp Retirement Savings Plan (IAC Plan) to the Plan. The fair value of net assets transferred from the IAC Plan to the Plan related to these participants was \$61,164,078.

Contributions

Participants can make pre-tax deferrals ranging from 1% to 16%, and after-tax contributions ranging from 1% to 10% of their compensation (as defined in the Plan document) through payroll deductions. Participants can direct their contributions to any of the Plan s investment fund options and may change their investment options at any time.

The Company makes matching contributions in an amount equal to 50% of the first 6% of pre-tax compensation deferred by participants in each payroll period, subject to regulatory limitations. The Company may also make discretionary contributions, which are determined annually by the Company s Board of Directors. During the period from August 9, 2005 to December 31, 2005, no discretionary contributions were made to the Plan. Participants can direct Company contributions to any of the Plan s investment fund options in the same manner as they direct their own contributions.

Expedia Retirement Savings Plan
Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Vesting

Participant contributions are fully vested at the time of contribution. Generally, participants are 100% vested in the Company contributions in their accounts plus actual earnings thereon after two years of credited service. Certain participants have different vesting periods for the Company contributions in their accounts.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Company's contributions and Plan earnings. Allocations are determined in accordance with the provisions of the Plan document. The benefit to which a participant is entitled is the vested portion of the participant's account.

Forfeitures

Forfeitures of terminated participants' nonvested account balances are first made available to reinstate previously forfeited account balances of qualifying participants who have left the Company and subsequently returned. The remaining amount, if any, is used to reduce the Company's future contributions and to pay Plan expenses. Cumulative forfeited accounts were \$97,708 at December 31, 2005.

Participant Loans

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the highest outstanding loan balance within the last 12 months or 50% of their vested account balances. With the exception of loans used to purchase a primary residence, which can have terms up to 15 years, loan terms are limited to a maximum of five years. Loans are secured by the balance in the participant's account and bear interest at a rate commensurate with commercial prevailing rates as determined in accordance with the terms of the Plan. Principal and interest are paid ratably through regular payroll deductions.

Payment of Benefits

Upon participants' retirement, death, disability or termination of employment, they may elect to withdraw their entire vested account balances in the form of a lump sum payment. Participants reaching the age of 59½ may elect to withdraw some or all of their vested account balances while still employed. In the event of hardship (as defined by the Plan) participants may withdraw some or all of the vested portion of their vested account balances, subject to the requirements of the Plan. Participants may withdraw some or all of their rollover contributions at any time.

Expedia Retirement Savings Plan
Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Administrative Expenses

Administrative expenses include fees to administer the Plan and the investment funds. Substantially all costs of administering the Plan, including professional and other expenses, are paid by the Company.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of applicable law. In the event of Plan termination, participants will become 100 percent vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Benefit Payments

Benefit payments are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates that affect amounts reported in the financial statements and the accompanying notes. Actual results could differ from those estimates.

Investments

The Plan's investments are stated at fair value. The shares of registered investment companies are valued at quoted market prices, which represent the net asset values of shares held by the Plan at year end. The units of the common collective trust funds are valued at the quoted redemption value on the last business day of the plan year. Securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the Plan year. The participant loans are valued at their outstanding balances, which approximate fair value.

Purchases and sales of securities are recorded as of their trade-date. Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date.

Expedia Retirement Savings Plan
Notes to financial Statements (continued)

3. Investments

The Plan's investments (including investments purchased, sold, and held during the period) appreciated in fair value as determined by quoted market prices for the period from August 9, 2005 to December 31, 2005 as follows:

	Net Realized and Unrealized Appreciation in Fair Value of Investments
Registered investment companies	\$ 379,601
Common stock	17,851
Expedia, Inc. common stock	73,490
	\$ 470,942

The following investments represent 5% or more of the fair value of the Plan's net assets at December 31, 2005:

Fidelity Diversified International Fund	\$ 9,055,623
Fidelity Low-Priced Stock Fund	7,832,160
Fidelity Dividend Growth Fund	5,704,495
Fidelity ContraFund	5,609,656
Spartan U.S. Equity Index Fund	5,588,345
Fidelity Blue Chip Growth Fund	5,287,017
Fidelity Investment Grade Bond Fund	4,377,191
Fidelity Mid-Cap Stock Fund	3,489,236
Lord Abbett Mid-Cap Value Fund A	3,432,339

4. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

5. Income Tax Status

In accordance with new determination letter program procedures set forth by the Internal Revenue Service (IRS), the Plan will be able to apply for a determination letter from the IRS stating that the Plan's terms conform to the requirements of Section 401(a) of the Internal Revenue Code (the Code) in 2008. The plan administrator believes that the Plan has been designed to comply with the requirements of Section 401(a) of the Code and has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with these requirements.

Expedia Retirement Savings Plan
Notes to Financial Statements (continued)

6. Subsequent Events

Effective January 1, 2006, employees must be 18 years of age or older to be eligible for the Plan. In addition, also effective January 1, 2006, employees will be automatically enrolled in the Plan upon satisfying its eligibility requirements and will be deemed to enter into a pre-tax salary reduction agreement with the Company to contribute 3% of compensation (as defined in the Plan) unless an employee affirmatively changes his or her pre-tax salary deferral election.
