ITEM 1.01 Entry into a Material Definitive Agreement

On May 12, 2006 (the *Effective Date*), Integrated Electrical Services, Inc. (*IES* or the *Company*) and all of its domestic subsidiaries consummated the transactions contemplated by the Second Amended Joint Plan of Reorganization (the *Plan*), as confirmed on April 26, 2006 by the United States Bankruptcy Court for the Northern District of Texas, Dallas Division (the *Bankruptcy Court*), pursuant to Chapter 11 of Title 11 of the United States Code (the *Bankruptcy Code*). A copy of the press release announcing our emergence from Chapter 11 is filed as Exhibit 99.1 hereto.

Described below are a number of material agreements entered into in connection with the *Company*'s emergence from Chapter 11.

Revolving Exit Facility

As previously described in the *Company*'s current report on Form 8-K, filed on February 15, 2006, in connection with the commencement of Chapter 11 proceedings, the *Company* accepted a financing commitment letter from Bank of America, N.A. (*BofA*) for a senior secured post-confirmation exit credit facility (the *Revolving Exit Facility*). The obligation of *BofA*, and any other lenders who choose to participate in the *Revolving Exit Facility*, was subject to certain conditions, including, without limitation, the completion of definitive documentation.

On the *Effective Date*, all of the conditions to the provision of the *Revolving Exit Facility* were satisfied, and the *Company* and its subsidiaries entered into the Loan and Security Agreement, dated May 12, 2006, with *BofA*, as collateral and administrative agent, and the other lenders party thereto (the *Loan and Security Agreement*). The *Loan and Security Agreement* provides for an aggregate credit amount of up to \$80 million, with a \$72 million sub-limit for letters of credit, for the purpose of refinancing the debtor-in-possession credit facility (the *DIP Facility*) and providing letters of credit and financing subsequent to effectiveness of the *Plan*.

Loans under the *Loan and Security Agreement* will bear interest at LIBOR plus 3.5% or the base rate plus 1.5% on the terms set forth therein. In addition, the *Company* will be charged monthly in arrears (i) an unused line fee of either 0.5% or 0.375% depending on the utilization of the credit line, (ii) a letter of credit fee equal to 3.5% times the amount of all outstanding letters of credit and (iii) certain other fees and charges as specified in the *Loan and Security Agreement*.

The *Loan and Security Agreement* will mature two years after the closing date. The *Loan and Security Agreement* will be secured by first priority liens on substantially all of the *Company*'s and its subsidiaries' existing and future acquired assets, exclusive of collateral provided to sureties, on the terms set forth in the *Loan and Security Agreement*. Each of the *Company* and its subsidiaries is obligated as a borrower or guarantor under the *Loan and Security Agreement*. The *Loan and Security Agreement* contains customary affirmative and negative covenants and certain financial covenants binding on the *Company* and its subsidiaries as described therein.

The *Loan and Security Agreement* is attached hereto as Exhibit 10.1 and is incorporated herein by reference. The Pledge Agreement, dated May 12, 2006, by and among the *Company*, its subsidiaries, *BofA* and the other parties thereto (the *Pledge Agreement*), is attached hereto as Exhibit 10.2 and is incorporated herein by reference. The foregoing summary does not purport to be complete and is qualified in its entirety by reference to the *Loan and Security Agreement* and the *Pledge Agreement*.

Term Exit Facility

As previously described in the *Company*'s current report on Form 8-K, filed on February 15, 2006, in connection with the commencement of Chapter 11 proceedings, the *Company* accepted a commitment letter (the *Term Exit Commitment Letter*) from Eton Park Fund, L.P. and an affiliate and Flag Street Partners LP and affiliates (collectively, the *Term Exit Lenders*) for a senior secured term loan in the amount of \$53 million (the *Term Exit Facility*) for the purpose of refinancing the *Company*'s 6.5% senior convertible notes due 2014 (the

Table of Contents

Senior Convertible Notes). The obligation of the Term Exit Lenders to provide the Term Exit Facility, was subject to certain conditions, including, without limitation, the completion of definitive documentation.

On the Effective Date, all of the conditions to the provision of the Term Exit Facility were satisfied, and the Company entered into the Term Loan Agreement, dated May 12, 2006 (the Term Loan Agreement), with the Term Exit Lenders. The loan under the Term Loan Agreement will bear interest at 10.75% per annum, subject to adjustment as set forth in the Term Loan Agreement. Interest will be payable in cash, in arrears, quarterly, provided that, until the third anniversary of the closing date, the Company, in its sole discretion, shall have the option to direct that interest be paid by capitalizing such interest as additional loans under the Term Loan Agreement. The Company has elected to capitalize interest for the initial interest period through December 31, 2006 and estimates that the initial adjusted interest rate will be 12.30% per annum. Subject to the Term Exit Lenders' right to demand repayment in full on or after the fourth anniversary of the closing date, obligations under the Term Loan Agreement will mature on the seventh anniversary of the closing date.

The Term Loan Agreement contains customary affirmative and negative covenants and certain financial covenants binding on the Company and its subsidiaries, including, without limitation, a limitation on indebtedness of \$90 million under the Revolving Exit Facility and its subsidiaries with a sublimit on funded outstanding indebtedness of \$25 million, as more fully described in the Term Loan Agreement. Additionally, the Term Loan Agreement includes provisions for optional and mandatory prepayments on the conditions set forth in the Term Loan Agreement. The Term Loan Agreement will be secured by substantially the same collateral as the Revolving Exit Facility, and will be second in priority to the liens securing the Revolving Exit Facility. Each of the Company's domestic subsidiaries is a guarantor of the obligations under the Term Loan Agreement.

The Term Loan Agreement is attached hereto as Exhibit 10.3 and is incorporated herein by reference. The foregoing summary does not purport to be complete and is qualified in its entirety by reference to the Term Loan Agreement.

The CHUBB Surety Agreement

The Company is party to that certain Underwriting, Continuing Indemnity, and Security Agreement, dated January 14, 2005, as amended (the Surety Agreement), and related documents, with Federal Insurance Company and its affiliates (collectively, CHUBB), which provides for CHUBB's issuance of surety bonds to support the Company's contracts with certain of its customers. In connection with the commencement of the Chapter 11 proceedings, the Company entered into the Term Sheet for Surety Support, dated February 3, 2006 (the CHUBB DIP Agreement), to provide surety bonding during the pendency of the Chapter 11 proceedings.

On the Effective Date, the Company entered into the Restated Underwriting, Continuing Indemnity, and Security Agreement with CHUBB (the Restated Surety Agreement). The Restated Surety Agreement restates the Surety Agreement and provides for post-Effective Date bonding, subject to the satisfaction of standard closing conditions prior to June 1, 2006. Under the Restated Surety Agreement, CHUBB, in its sole and absolute discretion, during the period from June 1, 2006 through December 31, 2006, may issue up to an aggregate of \$70 million in new surety bonds, with not more than \$10 million in new surety bonds to be issued in any given month. The Company will be charged a bond premium of \$17.50 per \$1,000 of the contract price related to any new surety bond.

The Restated Surety Agreement is attached hereto as Exhibit 10.4 and is incorporated herein by reference. The foregoing summary does not purport to be complete and is qualified in its entirety by reference to the Restated Surety Agreement.

Registration Rights Agreement

Pursuant to the Plan, in connection with the issuance of common stock of reorganized IES, as described in Item 3.02 Unregistered Sales of Equity Securities below, each holder of an allowed claim with respect to our 9-3/8% senior subordinated notes due 2009 (the Senior Subordinated Notes) that becomes the owner of at least 10% of the common stock of the Company on the Effective Date (the Registrable Securities), shall become a party to the registration rights agreement. As a result, the Company entered into the Registration Rights Agreement, dated

Table of Contents

May 12, 2006, with Tontine Capital Partners, L.P. and certain of its affiliates, and Southpoint Master Fund, L.P. (the Registration Rights Agreement).

The Registration Rights Agreement requires the Company to file a shelf registration statement upon the written request of the holders of at least 10% of the Registrable Securities and to use commercially reasonable efforts to cause such registration statement to be declared effective by the Securities and Exchange Commission within 120 days of such request. At any time that a shelf registration statement is not effective, the holders of at least 10% of the Registrable Securities may require that the Company effect a registration of such securities (a Demand Registration); provided, however, that the Company will not be required to effect more than two Demand Registrations unless the Company is eligible to effect such registrations on Form S-3, in which event there are no limitations on the number of Demand Registrations that may be requested. In the event that the Company proposes to file a registration statement on its own behalf or on behalf of its security holders for the general registration of securities, the holders of Registrable Securities will have an opportunity to have their Registrable Securities included in such registration statement.

The Registration Rights Agreement is attached hereto as Exhibit 10.5 and is incorporated herein by reference. The foregoing summary does not purport to be complete and is qualified in its entirety by reference to the Registration Rights Agreement.
