Item 4.02 (a) Non-Reliance on Previously Issued Financial Statements or a Related Audit Report or Completed Interim Review

On March 3, 2008, the Audit Committee of the Board of Directors of Sterling Chemicals, Inc. (*Sterling*), in conjunction with Sterling's management, concluded that Sterling's previously filed consolidated financial statements and other financial information and the related reports of its independent registered public accounting firm as contained in our Annual Reports on Form 10-K for the fiscal years ended December 31, 2006, 2005, 2004 and 2003 and our condensed consolidated financial statements contained in our Quarterly Reports on Form 10-Q for the previously mentioned fiscal years and for the quarter ended September 30, June 30 and March 31, 2007 (collectively, the Financial Statements) should no longer be relied upon and should be restated due to the following errors:

Paid-in-kind dividends on our Series A Preferred Stock were incorrectly recorded as 4% of the Series A Preferred Stock's liquidation value versus the fair value of the dividends. As a result of this error, redeemable preferred stock was understated and additional paid-in capital was overstated by approximately \$32 million, \$29 million and \$27 million as of September 30, June 30, and March 31 2007, respectively, and by approximately \$26 million, \$22 million, \$12 million, and \$5 million as of December 31, 2006, 2005, 2004 and 2003, respectively, and preferred stock dividends and net loss attributable to common shareholders was understated by approximately \$3 million, \$2 million and \$1 million for the three months ended September 30, 2007, June 30, 2007 and March 31 2007, respectively, and by \$4 million, \$10 million, \$7 million and \$5 million for the fiscal years ended December 31, 2006, 2005, 2004 and 2003, respectively.

Disputed revenues were inappropriately recognized resulting in a gross up of the consolidated statements of operations for the fiscal year ended December 31, 2006 and for the quarterly periods ended September 30, June 30, and March 31 2007. Revenue and selling, general and administrative expenses were overstated by \$1.0 million, \$1.0 million, \$1.0 million and \$1.6 million for the three months ended September 30, 2007, June 30, 2007, March 31 2007 and the fiscal year ended December 31, 2006, respectively. Accounts receivable and allowance for doubtful accounts were both overstated by approximately \$2.5 million, \$2.0 million, \$1.5 million and \$1.6 million as of September 30, 2007, June 30, 2007, March 31, 2007 and December 31, 2006.

These errors did not impact Sterling's previously reported cash and cash equivalents or cash flows. As part of the restatement process, Sterling is continuing to assess the estimated adjustments identified above and will assess any other potential items for correction as needed. Further, Sterling is evaluating the impact of these errors on our internal control over financial reporting and disclosure controls.

Sterling has concluded that the restatement of the Financial Statements will be reflected in Sterling's 2007 Annual Report on Form 10-K expected to be filed by March 31, 2008. Sterling will restate the affected condensed consolidated financial statements within our quarterly reports on Form 10-Q on a prospective basis.

The Audit Committee of the Board of Directors of Sterling discussed the matters disclosed in this Item 4.02(a) with Sterling's independent registered public accounting firm.
