Item 6. Selected Financial Data

The data presented below with respect to the Company should be read in conjunction with the Consolidated Financial Statements and related Notes thereto of the Company included elsewhere in this Report and Item 7--"Management's Discussion and Analysis of Financial Condition and Results of Operations."

During the periods presented below, the Company completed certain acquisitions that were accounted for as poolings-of-interests (including a merger in September 1998 with U.S. Rentals) and others that were accounted for as purchases. The selected financial data presented below has been restated for all periods presented to include the accounts of the businesses acquired in

Edgar Filing: UNITED RENTALS INC /DE - Form 10-K/A

transactions accounted for as poolings-of-interests (excluding one such transaction which was not material) as if the Company and these businesses acquired were combined for all periods presented. The accounts of businesses acquired in transactions accounted for as purchases are included from their respective acquisition dates. In view of the fact that the Company's operating results for the periods presented below were impacted by acquisitions that were accounted for as purchases, the Company believes that its results of operations for the years presented are not directly comparable. See Note 3 of the Notes to the Consolidated Financial Statements of the Company included elsewhere in this Report.

Our previously outstanding Series A Perpetual Convertible Preferred Stock and Series B Perpetual Convertible Preferred Stock were exchanged for Series C Perpetual Convertible Preferred Stock and Series D Perpetual Convertible Preferred Stock, respectively. This exchange was effected subsequent to June 30, 2001. The balance sheet data under the heading "Pro Forma" adjusts the historical balance sheet data to give effect to the exchange, as if it had occurred on December 31, 2000. For additional information concerning the exchange, see note 2 to the audited consolidated financial statements of our company included herein.

-
- (1) The Company recorded an extraordinary item (net of income taxes) of \$1.5 million in 1997 and an extraordinary item (net of income taxes) of \$21.3 million in 1998. Such charge in 1997 resulted from the prepayment of certain debt by U.S. Rentals. Such charge in 1998 resulted from the early extinguishment of certain debt and primarily reflected prepayment penalties on certain debt of U.S. Rentals.
 - (2) U.S. Rentals was taxed as a Subchapter S Corporation until its initial public offering in February 1997, and another company acquired in a pooling-of-interests transaction was taxed as a Subchapter S Corporation until being acquired by the Company in 1998. In general, the income or loss of a Subchapter S Corporation is passed through to its owners rather than being subjected to taxes at the entity level. Pro forma provision for income taxes before extraordinary items and pro forma income before extraordinary items reflect a provision for income taxes as if all such companies were liable for federal and state income taxes as taxable corporate entities for all periods presented.
 - (3) The Company's earnings during 1997 were impacted by \$20.3 million of expenses relating to the termination of certain deferred compensation expenses in connection with U.S. Rentals' initial public offering, a \$7.5 million charge to recognize deferred tax liabilities of U.S. Rentals and an extraordinary item (net of income taxes) of \$1.5 million. The Company's earnings during 1998 were impacted by merger-related expenses of \$47.2 million (\$33.2 million net of taxes), a \$4.8 million charge to recognize deferred tax liabilities of a company acquired in a pooling-of-interests transaction and an extraordinary item (net of income taxes) of \$21.3 million. The Company's earnings during 1999 were impacted by \$18.2 million (\$10.8 million net of taxes) of expenses incurred related to a terminated tender offer. Excluding such amounts, (i) basic earnings per share for the years ended 1997, 1998 and 1999 would have been \$0.70, \$1.10 and \$2.15, respectively, and (ii) diluted earnings per share for the years ended 1997, 1998 and 1999 would have been \$0.66, \$1.00 and \$1.65, respectively.
 - (4) EBITDA is defined as net income (excluding (i) non-operating income and expense, (ii) a \$20.3 million non-recurring charge incurred by U.S. Rentals in 1997 arising from the termination of deferred compensation agreements

Edgar Filing: UNITED RENTALS INC /DE - Form 10-K/A

with certain executives, (iii) \$47.2 million in merger-related expenses in 1998 related to the three acquisitions accounted for as poolings-of-interests, including the merger with U.S. Rentals, and (iv) \$8.3 million of expenses that are included in selling, general and administrative expenses for 1999 and which related to a terminated tender offer), plus interest expense, income taxes and depreciation and amortization. EBITDA data is presented to provide additional information concerning the Company's ability to meet its future debt service obligations and capital expenditure and working capital requirements. However, EBITDA is not a measure of financial performance under generally accepted accounting principles. Accordingly, EBITDA should not be considered an alternative to net income or cash flows as indicators of the Company's operating performance or liquidity.

(5) We issued series A and B perpetual convertible preferred stock in 1999 and included such preferred in stockholders' equity. In July 2001, the SEC issued guidance to all public companies as to when redeemable preferred stock may be classified as stockholders' equity. Under this guidance, the series A and B preferred would not be included in stockholders' equity because this stock would be subject to mandatory redemption on a hostile change of control. On September 28, 2001, we entered into an agreement effecting the exchange of new series C and D perpetual convertible preferred for the series A and B preferred. The series C and D preferred stock is not subject to mandatory redemption on a hostile change of control, and will be included in stockholders' equity under the recent SEC guidance. The effect of the foregoing is that our perpetual convertible preferred stock is included in stockholders' equity as of September 28, 2001 and thereafter, but is outside of stockholders' equity for earlier dates. In all other respects, the financial statements remain unchanged, including total assets and liabilities, revenues, operating income, net income and earnings per share.

United Rentals, Inc.

We have audited the accompanying consolidated balance sheets of United Rentals, Inc. as of December 31, 2000 and 1999 and the related consolidated statements of operations, stockholders' equity, and cash flows for each of the three years in the period ended December 31, 2000. These consolidated financial statements are the responsibility of the management of United Rentals, Inc. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. UNITED RENTALS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. Organization and Basis of Presentation

United Rentals, Inc. is principally a holding company ("Holdings") and conducts its operations primarily through its wholly owned subsidiary United Rentals (North America), Inc. ("URI") and subsidiaries of URI. Holdings was incorporated in July 1998 and became the parent of URI on August 5, 1998, pursuant to the reorganization of the legal structure of URI described in Note 9. Prior to such reorganization, the name of URI was United Rentals, Inc. References herein to the "Company" refer to Holdings and its subsidiaries, with

Edgar Filing: UNITED RENTALS INC /DE - Form 10-K/A

respect to periods following the reorganization, and to URI and its subsidiaries, with respect to periods prior to the reorganization. As a result of the reorganization, Holdings' primary asset is its sole ownership of all issued and outstanding shares of common stock of URI. URI's various credit agreements and debt instruments place restrictions on its ability to transfer funds to its shareholder.

The Company rents a broad array of equipment to a diverse customer base that includes construction industry participants, industrial companies, homeowners and others in the United States, Canada and Mexico. The Company also engages in related activities such as selling rental equipment, acting as a distributor for certain new equipment and selling related merchandise and parts. The nature of the Company's business is such that short-term obligations are typically met by cash flow generated from long-term assets. Therefore, the accompanying balance sheets are presented on an unclassified basis.

The accompanying consolidated financial statements include the accounts of the Company and its wholly owned subsidiaries, giving retroactive effect for the reorganization for all periods presented. All significant intercompany accounts and transactions have been eliminated. The accompanying consolidated financial statements for the year ended December 31, 1998 include the accounts of certain acquisitions completed in 1998 that were accounted for as poolings-of-interests, as described in Note 3.

2. Summary of Significant Accounting Policies

Cash Equivalents

The Company considers all highly liquid instruments with a maturity of three months or less when purchased to be cash equivalents.

Inventory

Inventory consists of equipment, tools, parts, fuel and related supply items. Inventory is stated at the lower of cost or market and is net of a reserve for obsolescence and shrinkage of \$15.5 million and \$16.8 million at December 31, 2000 and 1999, respectively. Cost is determined on either a weighted average or first-in, first-out method.

Rental Equipment

Rental equipment is recorded at cost and depreciated over the estimated useful lives of the equipment using the straight-line method. The range of estimated useful lives for rental equipment is two to ten years. Rental equipment is depreciated to a salvage value of zero to ten percent of cost. Ordinary repair and maintenance costs are charged to operations as incurred.

UNITED RENTALS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS--(Continued)

Property and Equipment

Property and equipment are recorded at cost and depreciated over their estimated useful lives using the straight-line method. The range of estimated useful lives for property and equipment is two to thirty-nine years. Ordinary repair and maintenance costs are charged to operations as incurred. Leasehold

Edgar Filing: UNITED RENTALS INC /DE - Form 10-K/A

improvements are amortized using the straight-line method over their estimated useful lives or the remaining life of the lease, whichever is shorter.

Intangible Assets

Intangible assets consist of the excess of cost over the fair value of identifiable net assets of businesses acquired and non-compete agreements. The non-compete agreements are being amortized on a straight-line basis for a period ranging from three to eight years. The remaining intangible assets are being amortized on a straight-line basis over forty years.

Long-Lived Assets

Long-lived assets are recorded at the lower of amortized cost or fair value. As part of an ongoing review of the valuation of long-lived assets, the Company assesses the carrying value of such assets if facts and circumstances suggest they may be impaired. If this review indicates that the carrying value of these assets may not be recoverable, as determined by a nondiscounted cash flow analysis over the remaining useful life, the carrying value would be reduced to its estimated fair value. There have been no material impairments recognized in these financial statements.

Derivative Financial Instruments

Derivative financial instruments, which are periodically used by the Company in the management of its interest rate and foreign currency exposures, are accounted for on an accrual basis. Income and expense are recorded in the same category as that arising from the related asset or liability. The fair value of these agreements are not recognized in the financial statements. Derivative financial instruments are not used for trading purposes.

Fair Value of Financial Instruments

The carrying amounts reported in the balance sheets for accounts receivable, accounts payable, accrued expenses and other liabilities approximate fair value due to the immediate to short-term maturity of these financial instruments. The fair values of the Credit Facility, Term Loan B, Term Loan C, Term Loan D, receivables securitization and certain other debt are determined using current interest rates for similar instruments as of December 31, 2000 and 1999 and approximate the carrying value of these financial instruments due to the fact that the underlying instruments include provisions to adjust interest rates to approximate fair market value. The estimated fair value of the Company's other financial instruments at December 31, 2000 and 1999 are based upon available market information and are as follows:

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS--(Continued)

Preferred Stock

The Company issued Series A Perpetual Convertible Preferred Stock ("Series A Preferred") and Series B Perpetual Convertible Preferred Stock ("Series B Preferred") in 1999 and included such preferred in stockholders' equity. In July 2001, the SEC issued guidance to all public companies as to when redeemable preferred stock may be classified as stockholders' equity. This guidance indicates that preferred stock that would be subject to redemption on the occurrence of an event outside the control of the issuer may not be classified as equity and that the probability of the event occurring is not a factor to be considered. Under this guidance, the Series A Preferred and Series B Preferred would not be included in stockholders' equity because this stock would be subject to mandatory redemption on a hostile change of control. On September 28, 2001, the Company entered into an agreement effecting the exchange of new Series C Perpetual Convertible Preferred Stock ("Series C Preferred") for the Series A Preferred and new Series D Perpetual Convertible Preferred Stock ("Series D Preferred") for the Series B Preferred (see note 17). The Series C Preferred and Series D Preferred stock is not subject to mandatory redemption on a hostile change of control, and will be classified as stockholders' equity under the recently issued SEC guidance.

The effect of the foregoing is that the Company's perpetual convertible preferred stock will be classified as stockholders' equity as of September 28, 2001 and thereafter, but will be classified outside of stockholders' equity for earlier dates. Accordingly, the Company has restated the accompanying balance sheets to show its \$430.8 million of perpetual convertible preferred stock under "Series A and B Preferred Stock" rather than under "Stockholders' Equity." The Company has also made a corresponding change to the related Consolidated Statements of Stockholders' Equity. In all other respects, the financial statements remain unchanged, including total assets and liabilities, revenues, operating income, net income and earnings per share. The Company's balance sheets for dates after September 28, 2001, will include the perpetual convertible preferred stock in stockholders' equity.

The pro forma amounts on the accompanying balance sheet gives effect to the above-referenced exchange, as if it had occurred on December 31, 2000.

Revenue Recognition

Revenue related to the sale of equipment and merchandise is recognized at the time of delivery to, or pick-up by, the customer. Revenue related to rental equipment is recognized over the contract term.

Advertising Expense

The Company advertises primarily through trade publications and yellow pages. Advertising costs are expensed as incurred and totaled \$23.8 million, \$19.0 million and \$13.5 million for the years ended December 31, 2000, 1999 and 1998, respectively.

Income Taxes

The Company uses the liability method of accounting for income taxes. Under this method, deferred tax assets and liabilities are determined based on the differences between financial statement and tax bases of assets and liabilities

Edgar Filing: UNITED RENTALS INC /DE - Form 10-K/A

and are measured using the enacted tax rates and laws that are expected to be in effect when the differences are expected to reverse. Recognition of deferred tax assets is limited to amounts considered by management to be more likely than not realized in future periods.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

UNITED RENTALS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS--(Continued)

Concentrations of Credit Risk

Financial instruments that potentially subject the Company to significant concentrations of credit risk consist principally of cash investments and accounts receivable. The Company maintains cash and cash equivalents with high quality financial institutions.

Concentration of credit risk with respect to accounts receivable are limited because a large number of geographically diverse customers make up the Company's customer base. No single customer represents greater than 10% of total accounts receivable. The Company controls credit risk through credit approvals, credit limits, and monitoring procedures.

Stock-Based Compensation

The Company accounts for its stock based compensation arrangements under the provisions of Accounting Principles Board ("APB") Opinion No. 25, "Accounting for Stock Issued to Employees". Since stock options are granted by the Company with exercise prices at or greater than the fair value of the shares at the date of grant, no compensation expense is recognized.

Insurance

The Company is insured for general liability, workers' compensation, and group medical claims up to a specified claim and aggregate amounts (subject to a deductible of one million dollars). Insured losses subject to this deductible are accrued based upon the aggregate liability for reported claims incurred and an estimated liability for claims incurred but not reported. These liabilities are not discounted.

Impact of Recently Issued Accounting Standards

In June 1999, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standards ("SFAS") No. 137, "Accounting for Derivative Instruments and Hedging Activities--Deferral of the Effective Date of FASB Statement No. 133". This standard delays the effective date of SFAS No. 133, "Accounting for Derivative Instruments and Hedging Activities", for one year, to fiscal years beginning after June 15, 2000. SFAS No. 133 establishes a new model for accounting for derivatives and hedging activities. The adoption of SFAS No. 133 on January 1, 2001 is not expected to have a material effect on

Edgar Filing: UNITED RENTALS INC /DE - Form 10-K/A

the Company's consolidated financial position or results of operations.

In June 2000, the FASB issued SFAS No. 138, "Accounting for Certain Derivative Instruments and Certain Hedging Activities". This standard amends SFAS No. 133 and addresses a limited number of issues causing implementation difficulties. The Company will adopt SFAS No. 138 on January 1, 2001 and it is not expected to have a material effect on the Company's consolidated financial position or results of operations.

In September 2000, the FASB issued SFAS No. 140, "Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities--a replacement of FASB Statement No. 125". This standard revises the standards for accounting for securitizations and other transfers of financial assets and collateral and requires certain disclosures. This standard is effective for transfers and servicing of financial assets and extinguishments of liabilities occurring after March 31, 2001 and for disclosures relating to securitization transactions and collateral for fiscal years ending after December 15, 2000. The adoption of SFAS No. 140 is not expected to have a material effect on the Company's consolidated financial position or results of operations.

3. Acquisitions

Acquisitions Accounted for as Poolings-of-Interests

On August 24, 1998, the Company issued 2,744,368 shares of its common stock for all of the outstanding shares of common stock of Rental Tools.

On September 24, 1998, the Company issued 1,456,997 shares of its common stock for all of the outstanding shares of common stock of Wynne Systems, Inc. This transaction was accounted for as a pooling-of-interests; however, this transaction was not material to the Company's consolidated operations and financial position and, therefore, the Company's financial statements have not been restated for this transaction but have been combined beginning July 1, 1998.

On September 29, 1998, a merger (the "Merger") of United Rentals, Inc. and U.S. Rentals was completed. The Merger was effected by having a wholly owned subsidiary of United Rentals, Inc. merge with and into U.S. Rentals. Following the Merger, United Rentals, Inc. contributed the capital stock of U.S. Rentals to URI, a wholly owned subsidiary of United Rentals, Inc. Pursuant to the Merger, each outstanding share of common stock of U.S. Rentals was converted into the right to receive 0.9625 of a share of common stock of United Rentals, Inc. An aggregate of approximately 29.6 million shares of United Rentals, Inc. common stock were issued in the Merger in exchange for the outstanding shares of U.S. Rentals common stock.

The table below shows the separate revenue and net income (loss) of the Company prior to the above mergers ("United"), U.S. Rentals and Rental Tools

The purchase prices for all acquisitions accounted for as purchases have been allocated to the assets acquired and liabilities assumed based on their respective fair values at their respective acquisition dates. However, the Company has not completed its valuation of all of its purchases and, accordingly, the purchase price allocations are subject to change when additional information concerning asset and liability valuations are completed. The preliminary purchase price allocations that are subject to change primarily consists of rental and non-rental equipment valuations. These allocations are finalized within 12 months of the acquisition date and are not expected to result in significant differences between the preliminary and final allocations.

Credit Facility. The Company has a credit facility (the "Credit Facility") which enables URI to borrow up to \$827.5 million on a revolving basis and permits a Canadian subsidiary of URI (the "Canadian Subsidiary") to directly borrow up to \$40.0 million under the Credit Facility (provided that the aggregate borrowings of URI and the Canadian Subsidiary do not exceed \$827.5 million). Up to \$50.0 million (\$1.4 million outstanding at December 31, 2000) of the Credit Facility is available in the form of letters of credit. The agreement governing the Credit Facility requires that the aggregate commitment shall be reduced on the last day of each calendar quarter, beginning September 30, 2001 and continuing through June 30, 2003, by an amount equal to \$20.7 million. The Credit Facility terminates on September 26, 2003, at which time all outstanding indebtedness is due.

Borrowings by URI under the Credit Facility accrue interest at URI's option, at either (a) the Base Rate (which is equal to the greater of (i) the Federal Funds Rate plus 0.5% or (ii) Bank of America's reference rate) or (b) the Eurodollar Rate (which for borrowings by URI is equal to Bank of America's reserve adjusted eurodollar rate) plus a margin ranging from 1.200% to 1.875% per annum. Borrowings by the Canadian Subsidiary under the Credit Facility accrue interest, at such subsidiary's option, at either (x) the Prime Rate (which is equal to Bank of America Canada's prime rate), (y) the BA Rate (which is equal to Bank of America Canada's BA Rate) plus a margin ranging from 1.200% to 1.875% per annum or (z) the Eurodollar Rate (which for borrowing by the

Edgar Filing: UNITED RENTALS INC /DE - Form 10-K/A

Canadian Subsidiary is equal to Bank of America Canada's reserve adjusted Eurodollar Rate) plus a margin ranging from 1.200% to 1.875% per annum. If at any time an event of default (as defined in the agreement governing the Credit

19

UNITED RENTALS, INC.

Facility) exists, the interest rate applicable to each loan will increase by 2% per annum. The Company is also required to pay the banks an annual facility fee equal to 0.375% of the banks' \$827.5 million aggregate lending commitment under the Credit Facility (which fee may be reduced to 0.300% for periods during which the Company maintains a specified funded debt to cash flow ratio).

The obligations of URI under the Credit Facility are (i) secured by substantially all of its assets, the stock of its United States subsidiaries and a portion of the stock of URI's Canadian subsidiaries and (ii) guaranteed by Holdings and secured by the stock of URI. The obligations of the Canadian Subsidiary under the Credit Facility are guaranteed by URI and secured by substantially all of the assets of the Canadian Subsidiary and the stock of the subsidiaries of the Canadian Subsidiary.

The Credit Facility contains certain covenants that require the Company to, among other things, satisfy certain financial tests relating to: (a) maximum leverage, (b) the ratio of senior debt to cash flow, (c) minimum interest coverage ratio, (d) the ratio of funded debt to cash flow, and (e) the ratio of senior debt to tangible assets. The agreements governing the Credit Facility also contain various other covenants that restrict the Company's ability to, among other things, (i) incur additional indebtedness, (ii) permit liens to attach to its assets, (iii) pay dividends or make other restricted payments on its common stock and certain other securities and (iv) make acquisitions unless certain financial conditions are satisfied. In addition, the agreement governing the Credit Facility (a) requires the Company to maintain certain financial ratios and (b) provides that failure by any two of certain of the Company's executive officers to continue to hold executive positions with the Company for a period of 30 consecutive days constitutes an event of default unless replacement officers satisfactory to the lenders are appointed.

Term Loan B. URI obtained a \$250.0 million term loan (the "Term Loan B") from a group of financial institutions. The Term Loan B matures on June 30, 2005. Prior to maturity, quarterly installments of principal in the amount of \$0.6 million are due on the last day of each calendar quarter, commencing September 30, 1999. The amount due at maturity is \$235.6 million. The Term Loan B accrues interest, at URI's option, at either (a) the Base Rate (as defined above with respect to the Credit Facility) plus a margin of 0.375% per annum, or (b) the Eurodollar Rate (as defined above with respect to the Credit Facility for borrowings by the Company) plus a margin of 2.25% per annum. The Term Loan B is secured pari passu with the Credit Facility and the agreement governing the Term Loan B contains restrictive covenants substantially similar to those provided under the Credit Facility.

Term Loan C. URI obtained a \$750.0 million term loan from a group of financial institutions (the "Term Loan C"). The Term Loan C matures in June 2006. or (b) the Eurodollar Rate (as defined above with respect to the Credit Facility) plus a margin of 2.50% per annum. The Term Loan C is secured pari passu with the Credit Facility and the agreement governing the Term Loan C contains restrictive covenants substantially similar to those provided under the Credit Facility.

annum. The Term Loan D is secured pari passu with the Credit Facility, and the agreement governing the Term Loan D contains restrictive covenants substantially similar to those provided under the Credit Facility.

At December 31, 2000, the Company had interest rate protection in the form of swap agreements with an aggregate notional amount of \$200.0 million. The effect of these agreements is to limit the interest rate exposure to 8.75% on \$200.0 million of Term Loan B. The overall weighted average interest rate on the Term Loan B was 8.80% at December 31, 2000. While it is not the Company's intention to terminate the interest rate swap agreements, the fair values were estimated by obtaining quotes from brokers which represented the amounts that the Company would receive or pay if the agreements were terminated. These fair values indicated that termination of the agreements at December 31, 2000, would have resulted in a pretax loss of \$4.3 million.

9 1/2% Senior Subordinated Notes. URI issued \$200.0 million aggregate principal amount of 9 1/2% senior subordinated notes, (the "9 1/2 Notes") which are due June 1, 2008. The indenture governing the 9 1/2% Notes contains certain restrictive covenants, including (i) limitations on additional indebtedness, (ii) limitations on restricted payments, (iii) limitations on liens, (iv) limitations on dividends and other payment restrictions, (v) limitations on preferred stock of certain subsidiaries, (vi) limitations on transactions with affiliates, (vii) limitations on the disposition of proceeds of asset sales and (viii) limitations on the ability of the Company to consolidate, merge or sell all or substantially all of its assets.

Receivables Securitization. In December 2000, the Company obtained \$100.0 million through the securitization of certain of its accounts receivable. In the securitization, the Company transferred \$203.0 million of its accounts receivable to a special purpose subsidiary (the "SPV") which in turn pledged those receivables to secure \$100.0 million of borrowings that the SPV incurred to finance its acquisition of those receivables from the Company. These borrowings accrue interest at Credit Lyonnais' blended commercial paper rate plus a margin of 0.75% per annum. These borrowings are an obligation of the SPV and not of Holdings or URI, and the lenders' recourse in respect of the borrowings is generally limited to collections that the SPV receives on the receivables. Collections on the receivables are used to service the borrowings. Subject to certain conditions, collections from the receivables may also be used by the SPV from time to time until December 2003 to acquire additional accounts receivables from the Company that the SPV will pledge to the lenders to secure the borrowings.

The current and deferred tax assets and liabilities at December 31, 2000 include the effects of certain reclassifications related to differences between the income tax provisions and tax returns for prior years. These reclassifications had no effect on net income.

For financial reporting purposes, income before income taxes and extraordinary items for the Company's foreign subsidiaries was \$15.6 million and \$19.9 million for the years ended December 31, 2000 and 1999, respectively. At December 31, 2000 and 1999, unremitted earnings of foreign subsidiaries were approximately \$22.9 million and \$13.8 million, respectively. Since it is the Company's intention to indefinitely reinvest these earnings, no United States taxes have been provided. Determination of the amount of unrecognized deferred tax liability on these unremitted taxes is not practicable.

The Company has net operating loss carryforwards ("NOL's") of \$138.2 million for federal income tax purposes that expire through 2018.

9. Holding Company Reorganization

URI was formerly named United Rentals, Inc. On August 5, 1998, a reorganization was effected pursuant to which (i) URI became a wholly owned subsidiary of Holdings, a newly formed holding company, (ii) the name of URI was changed from United Rentals, Inc. to United Rentals (North America), Inc., (iii) the name of the new holding company became United Rentals, Inc., (iv) the outstanding common stock of URI was automatically converted, on a share-for-share basis, into common stock of Holdings and (v) the common stock of Holdings commenced trading on the New York Stock Exchange under the symbol

Edgar Filing: UNITED RENTALS INC /DE - Form 10-K/A

"URI" instead of the common stock of URI. The purpose of the reorganization was to facilitate certain financings. The business operations of the Company did not

change as a result of the new legal structure. The stockholders of Holdings have the same rights, privileges and interests with respect to Holdings as they had with respect to URI immediately prior to the reorganization.

10. Company-Obligated Mandatorily Redeemable Convertible Preferred Securities of a Subsidiary Trust and Series A and B Preferred Stock

Trust Securities. In August 1998, a subsidiary trust (the "Trust") of Holdings issued and sold in a private offering (the "Preferred Securities Offering") \$300.0 million of 30 year, 6 1/2% Convertible Quarterly Income Preferred Securities (the "Preferred Securities"). The net proceeds from the Preferred Securities Offering were approximately \$290.0 million. The Trust used the proceeds from the Preferred Securities Offering to purchase 6 1/2% convertible subordinated debentures due 2028 (the "Debentures") from Holdings which resulted in Holdings receiving all of the net proceeds of the Preferred Securities Offering. Holdings in turn contributed the net proceeds of the Preferred Securities Offering to URI. The Preferred Securities are non-voting securities, carry a liquidation value of \$50 per security and are convertible into the Company's common stock at an initial rate of 1.146 shares per security (equivalent to an initial conversion price of \$43.63 per share). They are convertible at any time at the holders' option and are redeemable, at the Company's option, after three years, subject to certain conditions.

Holders of the Preferred Securities are entitled to preferential cumulative cash distributions from the Trust at an annual rate of 6 1/2% of the liquidation value, accruing from the original issue date and payable quarterly in arrears beginning February 1, 1999. The distribution rate and dates correspond to the interest rate and payments dates on the Debentures. Holdings may defer interest payments on the Debentures for up to twenty consecutive quarters, but not beyond the maturity date of the Debentures. If interest payments on the Debentures are deferred, so are the payments on the Preferred Securities. Under this circumstance, Holdings will be prohibited from paying dividends on any of its capital stock or making payments with respect to its debt that rank *pari passu* with or junior to the Debentures.

Holdings has executed a guarantee with regard to payment of the Preferred Securities to the extent that the Trust has sufficient funds to make the required payments.

Series A Preferred. On January 7, 1999, Holdings sold 300,000 shares of its Series A Preferred. Subject to certain thresholds related to the aggregate number of shares issuable upon conversion of Series A Preferred, the holders of the Series A Preferred, voting separately as a single class, have the right, on an as-converted basis, to elect up to two directors. Currently, holders of the Series A Preferred may elect two directors. Except for the election of directors, the holders of the Series A Preferred have the same voting rights as those belonging to holders of Holdings common stock. The net proceeds from the sale of the Series A Preferred were approximately \$287.0 million. Holdings contributed such net proceeds to URI. The Series A Preferred is convertible into 12,000,000 shares of Holdings common stock at \$25 per share based upon a

Edgar Filing: UNITED RENTALS INC /DE - Form 10-K/A

liquidation preference of \$1,000 per share of Series A Preferred, subject to adjustment. The Series A Preferred has no stated dividend. However, in the event Holdings declares or pays any dividends on, or distributions of, its common stock, it must (subject to certain exceptions) also declare and pay to the holders of Series A Preferred the dividends and distributions which would have been declared and paid upon conversion of the Series A Preferred. See note 2 for additional information on the Series A Preferred.

Series B Preferred. On September 30, 1999, Holdings sold 150,000 shares of its Series B Preferred. The Series B Preferred is divided into two classes designated as Class B-1 and Class B-2. Other than voting rights, the classes are substantially the same. The holders of the 105,252 shares of Class B-1 are entitled to the same voting rights, on an as-converted basis, as those belonging

24

UNITED RENTALS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS--(Continued)

to holders of Holdings common stock. The holders of the 44,748 shares of Class B-2 have no such voting rights. The net proceeds from the sale of the Series B Preferred were approximately \$143.8 million. Holdings contributed such net proceeds to URI. The Series B Preferred is convertible into 5,000,000 shares of Holding's common stock at \$30 per share based upon a liquidation preference of \$1,000 per share of Series B Preferred, subject to adjustment. The Series B Preferred has no stated dividend. However, in the event Holdings declares or pays any dividends on, or distributions of, its common stock, it must (subject to certain exceptions) also declare and pay to the holders of Series B Preferred the dividends and distributions which would have been declared and paid upon conversion of the Series B Preferred. See note 2 for additional information on the Series B Preferred.

During 2000, the Company approved a share repurchase program to acquire up to \$200 million of its issued and outstanding common stock. Share repurchases under the program may be made from time to time, continuing through May 2002. During 2000, the Company repurchased and retired 1,785,015 shares of common stock.

1997 Stock Option Plan. The Company's 1997 Stock Option Plan provides for the granting of options to purchase not more than an aggregate of 5,000,000 shares of common stock. Edgar Filing: UNITED RENTALS INC /DE - Form 10-K/A

As of December 31, 2000 and 1999, options to purchase an aggregate of 4,200,000 shares of common stock were outstanding pursuant to this plan to executive officers and directors. NOTES TO CONSOLIDATED FINANCIAL STATEMENTS--(Continued)

The Company applies APB Opinion No. 25, "Accounting for Stock Issued to Employees" in accounting for stock-based employee compensation arrangements whereby no compensation cost related to stock options is deducted in determining net income. Had compensation cost for the Company's stock option plans been determined pursuant to SFAS No. 123, "Accounting for Stock-Based Compensation", the Company's net income and earnings per share would have differed. The weighted average fair value of options granted was \$7.70, \$10.99

Edgar Filing: UNITED RENTALS INC /DE - Form 10-K/A

and \$11.94 during 2000, 1999 and 1998, respectively. The fair value is estimated on the date of grant using the Black-Scholes option pricing model which uses subjective assumptions which can materially affect fair value estimates and, therefore, does not necessarily provide a single measure of fair value of options. Using the Black-Scholes option pricing model and a risk-free interest rate average of 5.15%, 6.29% and 4.6% in 2000, 1999 and 1998, respectively, a volatility factor for the market price of the Company's common stock of 69%, 52% and 85% in 2000, 1999 and 1998, respectively, and a weighted-average expected life of options of approximately three years in 2000, 1999 and 1998, the Company's net income (loss), basic earnings (loss) per share and diluted earnings (loss) per share would have been \$156.4 million, \$2.20 and \$1.69, respectively, for the year ended December 31, 2000, \$104.3 million, \$1.46 and \$1.12, respectively, for the year ended December 31, 1999, and \$(13.3 million), \$(0.20) and \$(0.20), respectively, for the year ended December 31, 1998. For purposes of these pro forma disclosures, the estimated fair value of options is amortized over the options' vesting period. Since the number of options granted and their fair value may vary significantly from year to year, the pro forma compensation expense in future years may be materially different.

At December 31, 2000 there are (i) 7,094,296 shares of common stock reserved for the exercise of warrants, (ii) 17,338,256 shares of common stock reserved for issuance pursuant to options granted and that may be granted in the future under the Company's stock option plans, (iii) 6,875,580 shares of common stock reserved for the issuance of outstanding preferred securities of a subsidiary trust, (iv) 17,000,000 shares of common stock reserved for the issuance of Series A and Series B preferred stock and (v) 232,586 shares of common stock reserved for the conversion of convertible debt.

the full time employees of its Canadian subsidiaries. Under these plans, the Company matches a percentage of the participants contributions up to a specified amount. The Company had accrued \$7.6 million and \$13.7 million at December 31, 2000 and 1999, respectively, to cover the uninsured portion of possible costs arising from these pending claims and other potential unasserted claims.

Certain indebtedness of URI, a wholly owned subsidiary of Holdings (the "Parent"), is guaranteed by URI's United States subsidiaries (the "guarantor subsidiaries") and, in certain cases, also by Parent. unconditional (subject to subordination provisions and subject to a standard limitation which provides that the maximum amount guaranteed by each guarantor will not exceed the maximum amount that can be guaranteed without making the guarantee void under fraudulent conveyance laws). Separate consolidated financial statements of the guarantor subsidiaries have not been presented because management believes that such information would not be material to investors. However, condensed consolidating financial information as of December 31, 2000 and 1999, and for each of the three years in the period ended December 31, 2000, are presented. NOTES TO CONSOLIDATED FINANCIAL STATEMENTS--(Continued)

17. Subsequent Events

New Preferred Stock. On September 28, 2001, the Company entered into an agreement effecting an exchange of the Company's outstanding Series A Preferred for an equal number of shares of Series C Preferred and the exchange of the Company's Series B Preferred for an equal number of shares of Series D Preferred. Except as described below, the material terms of the new Series C Preferred are the same as the old Series A Preferred and the material terms of the new Series D Preferred are the same as the old Series B Preferred.

The certificates of designation for the Series A Preferred and Series B Preferred (the "Prior Preferred") provide that, upon the occurrence of a Change of Control (as defined in these certificates of designation), the Company is required to redeem the Prior Preferred. The term "Change of Control," as defined in these certificates of designation, would have included certain transactions that were disapproved by the Company's board. The certificates of designation for Series C Preferred and Series D Preferred (the "New Preferred") change these provisions by excluding from the definition of "Change of Control" transactions that are defined as "Non-Approved Changes of Control." In general, a Non-Approved Change of Control transaction is a change of control transaction that the board has disapproved and which the board has not facilitated by such actions as weakening or eliminating the Company's Stockholder Rights Plan.

If a Non-Approved Change of Control occurs, the holders of the New Preferred obtain the following additional rights, but only if, prior to the

Edgar Filing: UNITED RENTALS INC /DE - Form 10-K/A

transaction, the board does not elect to offer the holders of the New Preferred essentially the same redemption rights that apply to an approved Change of Control transaction:

- . The holder of the Series C Preferred would elect a majority of the board for a specified period and, during such period, the unanimous vote of the board would be required to approve any optional redemption of the New Preferred or to declare, pay, or change the accrual rate of, any dividends on the New Preferred.
- . Upon liquidation, the holders of the New Preferred would receive, in addition to the liquidation preference and accrued dividends, an amount equal to 6.25% of the liquidation preference, compounded annually from the date the Series A Preferred was issued, in the case of the Series C Preferred, or the date the Series B was issued, in the case of the Series D Preferred, and ending on the date of the Non Approved Change of Control. In addition, after holders of the Common Stock have received the equivalent amount, the holders of the New Preferred would participate with the holders of the Common Stock in any remaining amounts available for distribution (based upon the number of shares of Common Stock into which such Preferred shares would then be convertible).
- . Dividends would begin to accrue on the New Preferred. Accrued dividends would not be payable until liquidation or sale of the Company, unless the board by unanimous vote approves earlier payment. The dividend rate would be 10% per annum of the liquidation preference, compounded annually. If these dividends are not paid quarterly, additional dividends would accrue at the rate of 8% per annum of the liquidation preference, compounded annually. Any regular or additional dividends that are not paid quarterly would be added to the liquidation preference.

Stockholders Rights Plan. The Company adopted a Stockholders Rights Plan on September 28, 2001 (with a record date of October 19, 2001). This plan and other provisions of the Company's charter and bylaws may have the effect of deferring hostile takeovers or delaying or preventing changes in control or management of the Company, including transactions in which the shareholders of the Company might otherwise receive a premium for their shares over then current market prices. The rights expire on September 27, 2011.

UNITED RENTALS (NORTH AMERICA), INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. Basis of Presentation

United Rentals (North America), Inc., ("URI") and subsidiaries is a wholly owned subsidiary of United Rentals, Inc., which is principally a holding company ("Holdings" or "Parent"). Holdings was incorporated in July 1998 and became the parent of URI on August 5, 1998, pursuant to the reorganization of the legal structure of URI. Prior to such reorganization, the name of URI was United Rentals, Inc. References herein to the "Company" refer to URI and its subsidiaries.

Certain footnotes are not provided for the accompanying financial statements as the information in Notes 1 through 9, 11 and 13 through 15 to the consolidated financial statements of United Rentals, Inc. included elsewhere in this report is substantially equivalent to that required for the consolidated financial statements of URI and its subsidiaries. Earnings per share data is not provided for the operating results of URI and subsidiaries, as they are wholly owned subsidiaries of Holdings. URI's various credit agreements and debt instruments place restrictions on its ability to transfer funds to its shareholder.

Holdings provides certain services to URI in connection with its operations. These services principally include: (i) senior management services, (ii) finance related services and support, (iii) information technology systems and support and (iv) acquisition related services. In addition, Holdings leases certain equipment and real property that are made available for use by URI and its subsidiaries. URI has made, and expects to continue to make, certain payments to Holdings in respect of the services provided by Holdings to the Company. The expenses relating to URI's payments to Holdings are reflected on URI's financial statements as selling, general and administrative expenses. In addition, although not legally obligated to do so, URI has in the past, and expects that it will in the future, make distributions to Holdings for, among other things, enabling Holdings to pay dividends on its preferred securities.

Edgar Filing: UNITED RENTALS INC /DE - Form 10-K/A

2. Capital Stock and Contributions

At December 31, 2000, the Company has authorized 3,000 shares of its \$0.01 par value common stock of which 1,000 shares are issued and outstanding. All of the issued and outstanding common shares are owned by its Parent.

Pursuant to the reorganization described in Note 1, the net proceeds from the Company's initial public offering completed in December 1997 and the public offering completed in March 1998 have been reflected as Contributed Capital from the Parent in the accompanying statement of stockholder's equity. Holdings also contributed the net proceeds from the issuance of redeemable convertible preferred securities in August 1998 to URI. During 1999, Holdings contributed the net proceeds from the issuance of common stock in a public offering and the net proceeds from the issuance of perpetual convertible preferred stock to URI.

3. Condensed Consolidating Financial Information of Guarantor Subsidiaries

Certain indebtedness of URI is guaranteed by URI's United States subsidiaries (the "guarantor subsidiaries") but is not guaranteed by URI's foreign subsidiaries (the "non-guarantor subsidiaries"). The guarantor subsidiaries are all wholly-owned and the guarantees are made on a joint and several basis and are full and unconditional (subject to subordination provisions and subject to a standard limitation which provides that the maximum amount guaranteed by each guarantor will not exceed the maximum amount that can be guaranteed without making the guarantee void under fraudulent

conveyance laws). All expenses incurred by URI have been charged by URI to its guarantor and non-guarantor subsidiaries. Separate consolidated financial statements of the guarantor subsidiaries have not been presented because management believes that such information would not be material to investors. However, condensed consolidating financial information as of December 31, 2000 and 1999, and for each of the three years in the period ended December 31, 2000, are presented. The condensed consolidating financial information of URI and its subsidiaries are as follows:
