You should understand that the following important factors and assumptions could affect our future results and could cause actual results to differ materially from those expressed in such forward-looking statements:

terrorist attacks, such as the September 11, 2001 terrorist attacks on New York City and Washington, D.C., other attacks, acts of war, or measures taken by governments in response thereto may negatively affect the travel industry, our financial results and could also result in a disruption in our business;

the effect of economic or political conditions or any outbreak or escalation of hostilities on the economy on a national, regional or international basis and the impact thereof on our businesses;

the effects of a decline in travel, due to political instability, adverse economic conditions or otherwise, on our travel related businesses;

the effects of a decline in the volume or value of U.S. existing home sales, due to adverse economic changes or otherwise, on our real estate related businesses;

the effects of changes in current interest rates, particularly on our real estate franchise, real estate brokerage and mortgage businesses;

the final resolution or outcome of our unresolved pending litigation relating to the previously announced accounting irregularities and other related litigation;

our ability to develop and implement operational, technological and financial systems to manage growing operations and to achieve enhanced earnings or effect cost savings;

competition in our existing and potential future lines of business and the financial resources of, and products available to, competitors;

failure to reduce quickly our substantial technology costs and other overhead costs in response to a reduction in revenue, particularly in our computer reservations, global distribution systems, car rental and real estate brokerage businesses;

Edgar Filing: CENDANT CORP - Form 424B3

our failure to provide fully integrated disaster recovery technology solutions in the event of a disaster;

our ability to integrate and operate successfully acquired and merged businesses and risks associated with such businesses, including the acquisitions of Trendwest Resorts, Inc. and substantially all of the domestic assets of Budget Group, Inc., the compatibility of the operating systems of the combining companies, and the degree to which our existing administrative and back-office functions and costs and those of the acquired companies are complementary or redundant;

our ability to obtain financing on acceptable terms to finance our growth strategy and to operate within the limitations imposed by financing arrangements and to maintain our credit ratings;

competitive and pricing pressures in the travel industry, including the car rental and global distribution services industries;

changes in the vehicle manufacturer repurchase arrangements in our Avis and Budget car rental businesses;

filing of bankruptcy by or the loss of business of any of our significant customers, including our airline customers and the ultimate disposition of UAL Corporation's bankruptcy reorganization; and

changes in laws and regulations, including changes in accounting standards, global distribution services rules, telemarketing and timeshare sales regulations, state and federal tax laws and privacy policy regulation.

Other factors and assumptions not identified above were also involved in the derivation of these forward-looking statements, and the failure of such other assumptions to be realized as well as other factors may also cause actual results to differ materially from those projected. Most of these factors are difficult to predict accurately and are generally beyond our control.

You should consider the areas of risk described above in connection with any forward-looking statements that may be made by us and our businesses generally. Except for our ongoing obligations to disclose material information under the federal securities laws, we undertake no obligation to release publicly any revisions to forward-looking statements, to report events or to report the occurrence of unanticipated events unless required by law. You are advised, however, to consult any additional disclosures we make in our Quarterly Reports on Form 10-Q, Annual Report on Form 10-K and Current Reports on Form 8-K, and any amendments thereto, to the Securities and Exchange Commission (the Commission). See *Where You Can Find More Information*. Also note that we provide a cautionary discussion of risks and uncertainties under *Risk Factors* on page S-8 of this prospectus supplement. These are factors that we think could cause our actual results to differ materially from expected results. Other factors besides those listed here could also adversely affect us. For any forward-looking statements contained in any document, we claim the protection of the safe harbor for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995.

Weighted average shares (Diluted)	1,045	978	1,043	917

Our fourth quarter and full year 2002 results are discussed in detail in our Annual Report on Form 10-K, which we filed with the Commission on March 5, 2003 and is incorporated by reference in this prospectus supplement.

Credit Agreement. On December 11, 2002, we entered into a \$2.9 billion three-year revolving credit facility replacing \$2.4 billion of credit facilities scheduled to expire in August 2003 and February 2004. The new facility represents a \$500 million increase in our credit facilities. Borrowings under the facility bear interest at LIBOR plus a margin of 107.5 basis points. The terms of the new facility are substantially similar to the terms of our former \$1.75 billion revolving credit facility. As of December 31, 2002, approximately \$600 million of borrowings were outstanding under this facility. Such amounts were repaid in January 2003 with a portion of the proceeds received from the January 13, 2003 issuance of \$2.0 billion of senior unsecured notes discussed below.

Debt Issuances. On January 13, 2003, we issued \$2.0 billion of senior unsecured notes, of which \$1.2 billion will mature in January 2013 and bear interest at 7.375% per annum and \$800 million will mature in January 2008 and bear interest at 6.25% per annum, for net proceeds of \$1.97 billion in cash. These notes are senior unsecured obligations and rank equally in right of payment with all our existing and future senior unsecured indebtedness.

On February 19, 2003, our PHH subsidiary issued \$1.0 billion of senior unsecured notes (debt related to management and mortgage programs), of which \$600 million will mature in February 2013 and bear interest at 7.125% per annum and \$400 million will mature in February 2008 and bear interest at 6% per annum, for net proceeds of \$988 million in cash.

Debt Repurchases. During the fourth quarter of 2002, we repurchased (i) \$143 million carrying amount of our zero coupon convertible debentures for \$141 million in cash, (ii) \$76 million carrying amount of our 7¾% notes for \$77 million in cash and (iii) \$24 million carrying

Edgar Filing: CENDANT CORP - Form 424B3

amount of our Avis 11% senior subordinated notes for \$17 million in cash. During January and February 2003, we repurchased (i) \$717 million carrying amount of our 7¾% notes for \$750 million in cash pursuant to a tender offer, (ii) \$20 million carrying amount of our 7¾% notes for \$21 million in cash, (iii) \$338 million carrying amount of our zero coupon convertible debentures for \$339 million in cash and (iv) \$37 million carrying amount of our Avis 11% senior subordinated notes for \$37 million in cash.

Share Repurchases. During the fourth quarter of 2002, we repurchased approximately 6.9 million shares of our CD common stock at an average price of \$11.42 per share for a total of \$79 million in cash. During January and February 2003, we repurchased approximately 6.7 million shares of our CD common stock at an average price of \$11.50 per share for a total of \$77 million in cash.

Budget Acquisition. On November 22, 2002, we acquired substantially all of the domestic assets of the vehicle rental business of Budget Group, Inc., as well as selected international operations, for approximately \$153 million in cash, including \$44 million of transaction costs and expenses. As part of the acquisition, we also assumed approximately \$2.4 billion of Budget's asset-backed vehicle related debt, which was repaid with the proceeds from our subsequent issuance of \$2.0 billion of asset-backed debt (in November 2002) and approximately \$400 million of borrowings under our \$2.9 billion revolving credit facility. We believe that Budget is a complementary fit with other leisure travel services we provide through our hotel, timeshare, and travel distribution companies. Budget has been included within our consolidated results of operations, financial position and cash flows since November 23, 2002. Budget is now a component of our Vehicle Services segment.

FFD Development Company LLC Acquisition. On February 3, 2003, we acquired the common interests of FFD for approximately \$27 million in cash. As part of the acquisition, we also assumed approximately \$58 million of FFD's debt. Accordingly, FFD has been included within our consolidated results of operations, financial position and cash flows since February 4, 2003.

* * *

We continually review and evaluate our portfolio of existing businesses to determine if they continue to meet our business objectives. As part of our ongoing evaluation of such businesses, we intend from time to time to explore and conduct discussions with regard to joint ventures, divestitures and related corporate transactions. However, we can give no assurance with respect to the magnitude, timing, likelihood or financial or business effect of any possible transaction. We also cannot predict whether any divestitures or other transactions will be consummated or, if consummated, will result in a financial or other benefit to us. We intend to use a portion of the proceeds from any such dispositions and cash from operations to retire indebtedness, make acquisitions and for other general corporate purposes.

Table of Contents

RISK FACTORS

You should carefully consider the following factors and other information included or incorporated by reference in this prospectus supplement and the accompanying prospectus before deciding to purchase any notes.

Our holding company structure results in structural subordination and may affect our ability to make payments on the notes.

The notes are obligations exclusively of Cendant. We are a holding company and, accordingly, substantially all of our operations are conducted through our subsidiaries. As a result, our cash flow and our ability to service our debt, including the notes, depends upon the earnings of our subsidiaries. In addition, we depend on the distribution of earnings, loans or other payments by our subsidiaries to us.

Our subsidiaries are separate and distinct legal entities. Our subsidiaries have no obligation to pay any amounts due on the notes or to provide us with funds for our payment obligations, whether by dividends, distributions, loans or other payments. In addition, any payment of dividends, distributions, loans or advances by our subsidiaries to us could be subject to statutory or contractual restrictions. Certain of our subsidiaries' debt instruments contain such restrictions which could prevent us from receiving dividends and distributions from those subsidiaries. Payments to us by our subsidiaries will also be contingent upon our subsidiaries' earnings and business considerations.

Our right to receive any assets of any of our subsidiaries upon their liquidation or reorganization, and therefore the right of the holders of the notes to participate in those assets, will be effectively subordinated to the claims of that subsidiary's creditors, including trade creditors. In addition, even if we were a creditor of any of our subsidiaries, our rights as a creditor would be subordinate to any security interest in the assets of our subsidiaries and any indebtedness of our subsidiaries senior to that held by us.

At December 31, 2002, our subsidiaries had \$13.2 billion of indebtedness (consisting of approximately \$12.7 billion of debt related to management and mortgage programs and approximately \$0.5 billion of our Avis 11% senior subordinated notes) and \$375 million of mandatorily redeemable preferred securities outstanding, in addition to other liabilities, to which the notes would have been structurally subordinated.

An active trading market for the notes may not develop.

We cannot assure you that an active trading market for the notes will develop or as to the liquidity or sustainability of any such market, the ability of the holders to sell their notes or the price at which holders of the notes will be able to sell their notes. Future trading prices of the notes will depend on many factors, including, among other things, prevailing interest rates, the market for similar securities, our performance and other factors.

We have had accounting irregularities and related litigation.

Edgar Filing: CENDANT CORP - Form 424B3

Cendant was created in December 1997, through the merger of HFS Incorporated into CUC International, Inc. with CUC surviving and changing its name to Cendant Corporation. On April 15, 1998, Cendant announced that in the course of transferring responsibility for Cendant's accounting functions from Cendant personnel associated with CUC prior to the merger to Cendant personnel associated with HFS before the merger and preparing for the report of first quarter 1998 financial results, Cendant discovered accounting irregularities in some of the CUC business units.

Following the April 15, 1998 announcement of the discovery of accounting irregularities in the former business units of CUC, approximately 70 lawsuits claiming to be class actions and various individual lawsuits and arbitration proceedings were commenced in various courts and other forums against Cendant and other

S-8

Table of Contents

defendants by or on behalf of persons claiming to have purchased or otherwise acquired securities or options issued by CUC or Cendant between May 1995 and August 1998.

While we have settled the principal class action against us, the settlement of this class action does not encompass all litigation asserting claims against us associated with the accounting irregularities. We do not believe that it is feasible to predict or determine the final outcome or resolution of these unresolved proceedings. An adverse outcome from such unresolved proceedings could be material with respect to earnings in any given reporting period. However, we do not believe that the impact of such unresolved proceedings should result in a material liability to us in relation to our financial position or liquidity.

Table of Contents**RATIO OF EARNINGS TO FIXED CHARGES**

The table below sets forth the ratio of earnings to fixed charges of Cendant and its consolidated subsidiaries on a historical basis for each of the periods indicated:

Fiscal Year Ended December 31,				
2002	2001	2000	1999	1998
2.91x	1.66x	2.55x	*	1.27x

* Earnings were inadequate to cover fixed charges for the year ended December 31, 1999 (deficiency of \$688 million) as a result of unusual charges of \$3,032 million, partially offset by \$1,109 million related to net gains on dispositions of businesses. Excluding such charges and net gain, the ratio of earnings to fixed charges was 2.92x.

The ratio of earnings to fixed charges is computed by dividing (i) income (loss) before income taxes, minority interest and, in 2001, equity in Homestore.com, plus fixed charges, less equity income (loss) in unconsolidated affiliates and minority interest by (ii) fixed charges. Fixed charges consist of interest expense on all indebtedness (including amortization of deferred financing costs) and the portion of operating lease rental expense that is representative of the interest factor (deemed to be one-third of operating lease rentals.)

USE OF PROCEEDS

We estimate that the net proceeds from the sale of the % notes and the % notes in this offering will be approximately \$595 million, after deducting the underwriters' discount and estimated offering expenses payable by us. We will use the net proceeds from this offering to repay (i) any portion of \$519.4 million principal amount at maturity of our zero coupon convertible debentures, which bear interest at a rate of 3% per annum through May 4, 2003, that we may repurchase in the open market or that are put to us at a purchase price of par by the holders in May 2003 (the next put date), and which do not mature until 2021 and (ii) all or a portion of \$228.9 million of our 7³/₄% notes due December 2003, which bear interest at a rate of 7³/₄% per annum that we may repurchase in the open market or redeem at maturity. We will use the remaining net proceeds, if any, for general corporate purposes.

Table of Contents**CAPITALIZATION**

The following table sets forth cash and cash equivalents, current portion of long-term debt and our capitalization as of December 31, 2002 on a historical and pro forma basis giving effect to:

Net proceeds of \$595 million (gross proceeds of \$600 million) from this offering of notes, which will be used to repay (i) any portion of our zero coupon convertible debentures that we may repurchase in the open market or that may be put to us by the holders in May 2003 (the next put date) and (ii) our 7³/₄% notes due December 2003 that we may repurchase in the open market or redeem at maturity.

Net proceeds of \$1.97 billion (gross proceeds of \$2.0 billion) from the January 2003 offering of \$800 million of five-year senior unsecured notes bearing interest at 6.25% per annum and \$1.2 billion of ten-year senior unsecured notes bearing interest at 7.375% per annum.

Repayment of the following outstanding debt with the proceeds from the January 2003 issuance of notes described above: (i) \$37 million of our 11% senior subordinated notes for \$37 million in cash; (ii) \$338 million of our zero coupon convertible debentures for \$339 million in cash; (iii) \$737 million of our 7³/₄% notes for \$771 million in cash and (iv) \$600 million of borrowings under our \$2.9 billion revolving credit facility. The remainder of the proceeds from the January 2003 issuance are reflected as cash within the table presented below.

Repurchase of approximately 6.7 million shares of CD common stock for \$77 million in cash during January and February 2003.

This table should be read in conjunction with the financial statements and related notes thereto included in our Annual Report on Form 10-K for the year ended December 31, 2002, which is incorporated herein by reference. This table does not give effect to any borrowings or repayments under our various credit facilities or commercial paper programs since December 31, 2002, except as noted above.

DESCRIPTION OF NOTES

General

The following description supplements the description of the general terms and provisions of the debt securities contained in the accompanying prospectus. The following description does not purport to be complete and is subject to, and is qualified in its entirety by reference to, the description in the accompanying prospectus and to the indenture, a copy of which is filed or incorporated by reference as an exhibit to the registration statement on Form S-3 of which the accompanying prospectus is a part. In this section, references to Cendant, we, our or us refer solely to Cendant Corporation and not its subsidiaries.

We will issue the % notes and the % notes as separate series of debt securities under the indenture, dated as of January 13, 2003, between us and The Bank of Nova Scotia Trust Company of New York, as trustee. We have filed a copy of the indenture with the Commission. The % notes will be initially limited to \$ in aggregate principal amount and will mature on March , 2010. The % notes will be initially limited to \$ in aggregate principal amount and will mature on March , 2015. Each series of notes will bear interest from March , 2003, or from the most recent date to which interest has been paid or provided for, at the annual rate of % in the case of the % notes and % in the case of the % notes. Interest will be payable semiannually on March and September of each year, commencing September , 2003, to the persons in whose names the notes are registered at the close of business on the preceding March or September, whether or not such day is a business day. All payments of interest and principal will be payable in United States dollars. We may from time to time, without notice to or consent of the holders, issue additional notes of the same tenor, coupon and other terms as the notes, so that such notes and the notes offered hereby will form a single series.

Ranking

The notes will be senior unsecured obligations and will rank equally with all of our existing and any future senior unsecured indebtedness.

We currently conduct substantially all our operations through our subsidiaries, and our subsidiaries generate substantially all of our operating income and cash flow. As a result, distributions or advances from our subsidiaries are the principal source of funds necessary to meet our debt service obligations. Contractual provisions or laws, as well as our subsidiaries' financial condition and operating requirements, may limit our ability to obtain cash from our subsidiaries that we require to pay our debt service obligations, including payments on the notes. Certain of our subsidiaries' debt instruments contain restrictions on the payment of dividends or distributions which could prevent us from receiving cash from those subsidiaries. In addition, holders of the notes will have a subordinate position to the claims of creditors of our subsidiaries on their assets and earnings. At December 31, 2002, our subsidiaries had \$13.2 billion of indebtedness (consisting of approximately \$12.7 billion of debt related to management and mortgage programs and approximately \$0.5 billion of our Avis 11% senior subordinated notes) and \$375 million of mandatorily redeemable preferred securities outstanding, in addition to other liabilities, to which the notes would have been structurally subordinated.

As of December 31, 2002, after giving effect to the issuance of the notes and the January 2003 offering of \$2 billion of our senior notes and the application of the proceeds received therefrom, we would have had approximately \$6.7 billion of indebtedness outstanding (including \$863 million of Upper DECS and excluding subsidiary indebtedness), which would have ranked equally with the notes.

Make-Whole Redemption

We may redeem the notes at any time, in whole or in part, at a make-whole redemption price equal to the greater of (1) the principal amount being redeemed or (2) the sum of the present values of the remaining scheduled payments of the principal and interest (other than accrued interest) on the notes being redeemed,

S-12

Table of Contents

discounted to the redemption date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Rate plus _____ basis points, in the case of the _____ % notes, and _____ basis points in the case of the _____ % notes, plus in each case accrued interest to the redemption date.

Treasury Rate means, for any redemption date, the rate per annum equal to the semi-annual equivalent yield to maturity of the Comparable Treasury Issue, assuming a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for the redemption date.

Comparable Treasury Issue means the United States Treasury security selected by an Independent Investment Banker as having a maturity comparable to the remaining term of the notes being redeemed that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate notes of comparable maturity to the remaining term of such notes.

Independent Investment Banker means one of the Reference Treasury Dealers appointed by the trustee after consultation with Cendant.

Comparable Treasury Price means, for any redemption date, (1) the average of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) on the third business day preceding the redemption date, as set forth in the daily statistical release (or any successor release) published by the Federal Reserve Bank of New York and designated Composite 3:30 p.m. Quotations for U.S. Government Securities or (2) if that release (or any successor release) is not published or does not contain those prices on that business day, (A) the average of the Reference Treasury Dealer Quotations for the redemption date, after excluding the highest and lowest Reference Treasury Dealer Quotations for that redemption date, or (B) if we obtain fewer than four Reference Treasury Dealer Quotations, the average of all the Reference Treasury Dealer Quotations obtained.

Reference Treasury Dealer Quotations means, for each Reference Treasury Dealer and any redemption date, the average, as determined by the trustee, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the trustee by the Reference Treasury Dealer at 5:00 p.m. New York City time on the third business day preceding the redemption date for the relevant series of notes being redeemed.

Reference Treasury Dealer means (1) each of Salomon Smith Barney Inc. and UBS Warburg LLC, and, in each case, their respective successors; provided, however, that if either of them ceases to be a primary U.S. Government securities dealer in the United States, we will appoint another primary U.S. Government securities dealer as a substitute and (2) any other U.S. Government securities dealers that we select.

If we elect to redeem less than all of the notes of any series, and such notes are at the time represented by a global security, then the trustee will select the notes to be redeemed by lot, or on a pro rata basis or by another method the trustee considers fair and appropriate. If we elect to redeem less than all of the notes of any series, and such notes are not represented by a global security, then the trustee will select the particular notes to be redeemed in a manner it deems appropriate and fair.

Notice of any redemption will be mailed at least 30 days but not more than 60 days before the date of redemption to each holder of the notes to be redeemed. Unless we default in payment of the redemption price, on and after the date of redemption, interest will cease to accrue on such notes or the portions called for redemption.

Sinking Fund

The notes will not be subject to a sinking fund.

Merger, Consolidation or Sale or Conveyance of Assets

We may not (1) consolidate with or merge into any other person or sell, lease, convey or transfer our properties and assets substantially as an entirety to any person, (2) permit any person to consolidate with or merge into us or (3) permit any person to sell, lease, convey or transfer that person's properties or assets substantially as an entirety to us, unless:

in the case of (1) and (2) above, either (i) Cendant is the surviving corporation or (ii) if Cendant no longer exists, the person formed by the consolidation or into which we are merged or the person to which our properties and assets are so conveyed, transferred, sold or leased, shall be a corporation, limited liability company, partnership or trust organized and existing under the laws of the United States, any State within the United States or the District of Columbia and assumes the payment of the principal of and interest on the notes and the performance of our other covenants under the indenture, and

in all cases, immediately after giving effect to the transaction, no Event of Default, and no event that, after notice or lapse of time or both, would become an Event of Default, will have occurred and be continuing.

In the case of any consolidation, merger, conveyance or transfer in which Cendant is not the surviving corporation, the successor person will succeed to and be substituted for Cendant as obligor on the notes, with the same effect as if it had been named in the indenture as Cendant.

Events of Default and Remedies

Each of the following is an event of default with respect to each series of notes:

- (1) default for 30 days in the payment of interest due and payable on the applicable series of notes;
- (2) default in the payment of the principal amount of the applicable series of notes at maturity;
- (3) default in our performance of any covenant or agreement in the indenture or the applicable series of notes for a period of 90 days after written notice is provided to us by the trustee or to us and the trustee by the holders of at least 25% in aggregate principal amount of the then outstanding applicable notes;
- (4) default by us under any instrument or instruments under which there is or may be secured or evidenced any of our indebtedness (other than the notes) having an outstanding principal amount of \$50,000,000 (or its equivalent in any other currency or currencies) or more, individually or in the aggregate, that has caused the holders thereof to declare such indebtedness to be due and payable prior to its stated maturity, unless such declaration has been rescinded within 30 days;
- (5) default in the payment of the principal or premium, if any, of any bond, debenture, note or other evidence of our indebtedness, in each case for money borrowed, or in the payment of principal or premium, if any, under any mortgage, indenture, agreement or instrument under which there may be issued or by which there may be secured or evidenced any indebtedness of ours for

Edgar Filing: CENDANT CORP - Form 424B3

money borrowed, which default for payment of principal or premium, if any, is in an aggregate principal amount exceeding \$50,000,000 (or its equivalent in any other currency or currencies) when such indebtedness becomes due and payable (whether at maturity, upon redemption or acceleration or otherwise), if such default shall continue unremedied or unwaived for more than 30 business days after the expiration of any grace period or extension of the time for payment applicable thereto;

- (6) certain events of bankruptcy, insolvency and reorganization with respect to us.

If an event of default occurs and is continuing, the trustee or the holders of not less than 25% in aggregate principal amount of the outstanding applicable notes may declare the principal of, and accrued but unpaid interest on, all the notes to be due and payable immediately; however, in the case of events of default specified in clauses (1) through (5) upon certain conditions such declarations may be annulled and past defaults may be waived

S-14

Table of Contents

(except for defaults in the payment of principal of, or any interest on, the applicable notes) by the holders of a majority of the aggregate principal amount of applicable notes then outstanding.

If an event of default relating to certain events of bankruptcy, insolvency or reorganization occurs, the principal amount plus accrued but unpaid interest on the notes will become immediately due and payable without any action on the part of the trustee or any holder.

Subject to certain limitations, the holders of a majority in principal amount of the outstanding applicable notes are given the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee or of exercising any trust or power conferred on the trustee. The trustee, however, may, upon the advice of counsel refuse to follow any direction that conflicts with the law or the indenture or that the trustee determines is unduly prejudicial to the holders or that would involve the trustee in personal liability.

The indenture provides that if an uncured default is known to the trustee, the trustee must give to each holder notice of the default within 90 days after it occurs, except that with respect to an Event of Default described in clause (3) above, no such notice shall be given until at least 90 days after the occurrence of such default. However, except in the case of default in the payment of principal of, or interest on, any note, the trustee may withhold notice if it in good faith determines that withholding notice is in the interest of the holders. In addition, we are required to deliver to the trustee, within 120 days after the end of each fiscal year, a certificate indicating that to the best of the knowledge of the signatory we are not in default in the performance and observance of the terms of the indenture or, if we are in default, specifying such default.

Defeasance

The indenture provides that we will be discharged from all obligations in respect of each series of notes (except for, among other things, certain obligations to register the transfer or exchange of the notes, replace stolen, lost or mutilated notes, maintain paying agencies and old moneys or payment in trust) if we have irrevocably deposited with the trustee, in trust for the benefit of the holders of the applicable series of notes, cash in U.S. dollars, non-callable Governmental Securities, or a combination thereof, in such amounts as will be sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of and interest and additional interest, if any, on the applicable outstanding notes on the stated maturity date selected by us.

The defeasance and discharge will become effective after we, among other things, have delivered to the trustee an opinion of counsel confirming that the deposit and related defeasance will not cause the holders of the notes to recognize gain or loss for federal income tax purposes, or a copy of a ruling or other formal statement or action to such effect received from or published by the Internal Revenue Service.

Book-Entry, Delivery and Form

The notes will be represented by one or more permanent global notes in registered, global form without interest coupons. These global notes will be deposited upon issuance with the trustee as custodian for The Depository Trust Company (DTC) in New York, New York, and registered in the name of DTC or its nominee, in each case for credit to an account of a direct or indirect participant as described below. Except as set forth below, the global notes may be transferred, in whole and not in part, only to DTC, a nominee of DTC or to a successor depository or its nominee. Beneficial interests in the global notes may not be exchanged for notes in certificated form except in the limited circumstances described below. The trustee will act as registrar.

Certain Book-Entry Procedures for the Global Notes

The descriptions of the operations and procedures of DTC set forth below are provided solely as a matter of convenience. These operations and procedures are solely within the control of DTC and are subject to change by

S-15

Table of Contents

them from time to time. Neither we nor the underwriters take any responsibility for these operations or procedures, and investors are urged to contact DTC or its participants directly to discuss these matters.

DTC has advised us that it is (i) a limited purpose trust company organized under the laws of the State of New York, (ii) a banking organization within the meaning of the New York Banking Law, (iii) a member of the Federal Reserve System, (iv) a clearing corporation within the meaning of the Uniform Commercial Code, as amended, and (v) a clearing agency registered pursuant to Section 17A of the Exchange Act. DTC was created to hold securities for its participants (the participants) and facilitates the clearance and settlement of securities transactions between participants through electronic book-entry changes to the accounts of its participants, thereby eliminating the need for physical transfer and delivery of certificates. DTC's participants include securities brokers and dealers (including the underwriters), banks and trust companies, clearing corporations and certain other organizations. Indirect access to DTC's system is also available to other entities such as banks, brokers, dealers and trust companies (collectively, the indirect participants) that clear through or maintain a custodial relationship with a participant, either directly or indirectly. Investors who are not participants may beneficially own securities held by or on behalf of DTC only through participants or indirect participants.

We expect that pursuant to procedures established by DTC (i) upon deposit of each global note, DTC will credit the accounts of participants designated by the underwriters with an interest in the global note and (ii) ownership of the notes will be shown on, and the transfer of ownership thereof will be effected only through, records maintained by DTC (with respect to the interests of participants) and the records of participants and the indirect participants (with respect to the interests of persons other than participants).

The laws of some jurisdictions may require that certain purchasers of securities take physical delivery of such securities in definitive form. Accordingly, the ability to transfer interests in the notes represented by a global note to such persons may be limited. In addition, because DTC can act only on behalf of its participants, who in turn act on behalf of persons who hold interests through participants, the ability of a person having an interest in notes represented by a global note to pledge or transfer such interest to persons or entities that do not participate in DTC's system, or to otherwise take actions in respect of such interest, may be affected by the lack of a physical definitive security in respect of such interest.

So long as DTC or its nominee is the registered owner of a global note, DTC or such nominee, as the case may be, will be considered the sole owner or holder of the notes represented by the global note for all purposes under the indenture. Except as provided below, owners of beneficial interests in a global note will not be entitled to have notes represented by such global note registered in their names, will not receive or be entitled to receive physical delivery of certificated notes, and will not be considered the owners or holders thereof under the indenture for any purpose, including with respect to the giving of any direction, instruction or approval to the trustee thereunder. Accordingly, each holder owning a beneficial interest in a global note must rely on the procedures of DTC and, if such holder is not a participant or an indirect participant, on the procedures of the participant through which such holder owns its interest, to exercise any rights of a holder of notes under the indenture or such global note. We understand that under existing industry practice, in the event that we request any action of holders of notes, or a holder that is an owner of a beneficial interest in a global note desires to take any action that DTC, as the holder of such global note, is entitled to take, DTC would authorize the participants to take such action and the participants would authorize holders owning through such participants to take such action or would otherwise act upon the instruction of such holders. Neither we nor the trustee will have any responsibility or liability for any aspect of the records relating to or payments made on account of notes by DTC, or for maintaining, supervising or reviewing any records of DTC relating to such notes.

Payments with respect to the principal of, and interest on, any notes represented by a global note registered in the name of DTC or its nominee on the applicable record date will be payable by the trustee to or at the direction of DTC or its nominee in its capacity as the registered holder of the global note representing such notes under the indenture. Under the terms of the indenture, we and the trustee may treat the persons in whose names

Table of Contents

the notes, including the global notes, are registered as the owners thereof for the purpose of receiving payment thereon and for any and all other purposes whatsoever. Accordingly, neither we nor the trustee has or will have any responsibility or liability for the payment of such amounts to owners of beneficial interests in a global note (including principal and interest). Payments by the participants and the indirect participants to the owners of beneficial interests in a global note will be governed by standing instructions and customary industry practice and will be the responsibility of the participants or the indirect participants and DTC.

Transfers between participants in DTC will be effected in accordance with DTC's procedures, and will be settled in same-day funds.

Although DTC has agreed to the foregoing procedures to facilitate transfers of interests in the global notes among its participants, it is under no obligation to perform or to continue to perform such procedures, and such procedures may be discontinued at any time. Neither we nor the trustee will have any responsibility for the performance by DTC or its respective participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

Certificated Notes

If (i) DTC notifies us that it is no longer willing or able to act as a depository or DTC ceases to be registered as a clearing agency under the Exchange Act and a successor depository is not appointed within 90 days of such notice or cessation, (ii) we, at our option, notify the trustee in writing that we elect to cause the issuance of notes in definitive form under the indenture or (iii) upon the occurrence of certain other events as provided in the indenture, then, upon surrender by DTC of the global notes, certificated notes will be issued to each person that DTC identifies as the beneficial owner of the notes represented by the global notes. Upon any such issuance, the trustee is required to register such certificated notes in the name of such person or persons (or the nominee of any thereof) and cause the same to be delivered thereto.

Neither we nor the trustee shall be liable for any delay by DTC or any participant or indirect participant in identifying the beneficial owners of the related notes and each such person may conclusively rely on, and shall be protected in relying on, instructions from DTC for all purposes (including with respect to the registration and delivery, and the respective principal amounts, of the notes to be issued).

Trustee

The Bank of Nova Scotia Trust Company of New York is the trustee, registrar and paying agent.

If an Event of Default occurs and is continuing, the trustee will be required to use the degree of care and skill of a prudent person in the conduct of its own affairs. The trustee will become obligated to exercise any of its powers under the indenture at the request of any of the holders of any notes only after those holders have offered the trustee indemnity reasonably satisfactory to it.

If the trustee becomes one of our creditors, it will be subject to limitations in the indenture on its rights to obtain payment of claims or to realize on some property received for any such claim, as security or otherwise. The trustee is permitted to engage in other transactions with us. If, however, it acquires any conflicting interest, it must eliminate that conflict or resign. The Bank of Nova Scotia Trust Company of New York is

Edgar Filing: GENDANT CORP - Form 424B3

currently serving as the trustee under other indentures governing our debt issuances. The Bank of Nova Scotia serves as a co-documentation agent and is a lender under our new revolving credit facility.

UNDERWRITING

We and the underwriters have entered into an underwriting agreement, dated the date of this prospectus supplement, relating to the offering. In the underwriting agreement, we have agreed to sell to the underwriters, and the underwriters have agreed to purchase from us, the respective principal amounts of notes set forth opposite the names of the underwriters in the chart below:

Underwriters	Principal Amount of % Notes	Principal Amount of % Notes
Salomon Smith Barney Inc.	\$	\$
UBS Warburg LLC		
Banc of America Securities LLC		
Credit Suisse First Boston Corporation		
J.P. Morgan Securities Inc.		
Wachovia Securities, Inc.		
Total	\$	\$

The obligations of the underwriters under the underwriting agreement, including their agreement to purchase notes from us are several and not joint. Those obligations are also subject to various conditions in the underwriting agreement being satisfied. The underwriters will agree to purchase all of the notes if any of them are purchased.

The underwriters propose to offer some of the % notes and the % notes directly to the public at the public offering prices set forth on the cover page of this prospectus supplement and some of the notes to dealers at the public offering price less a concession not to exceed % of the principal amount in the case of the % notes and % of the principal amount in the case of the % notes. The underwriters may allow, and the dealers may reallow, a concession not to exceed % of the principal amount in the case of both the % notes and the % notes on sales to other dealers. After the initial offering of the notes to the public, the underwriters may change the public offering prices and other selling terms.

The following table shows the underwriting discounts and commission that we are to pay to the underwriters in connection with this offering (expressed as a percentage of the principal amount of the notes):

	Paid by Cendant
Per % note	%
Per % note	%

Edgar Filing: CENDANT CORP - Form 424B3

In the underwriting agreement, we have agreed to indemnify the underwriters against some liabilities, including liabilities under the Securities Act.

The notes are new issues of securities, and there is currently no established trading market for the notes. We do not intend to apply for the notes to be listed on any securities exchange or to arrange for the notes to be quoted on any quotation system. The underwriters have advised us that they intend to make a market in the notes, but they are not obligated to do so. The underwriters may discontinue any market making in the notes at any time in their sole discretion. Accordingly, neither we nor the underwriters can assure that a liquid trading market will develop for the notes, that the notes will be able to be sold at a particular time or that the prices received when the notes are sold will be favorable.

S-18

Table of Contents

In connection with the offering, the underwriters may engage in overallotment, stabilizing transactions and syndicate covering transactions. Overallotment involves sales in excess of the offering size, which creates a short position for the initial purchasers. Stabilizing transactions involve bids to purchase the notes in the open market for the purpose of pegging, fixing or maintaining the price of the notes. Syndicate covering transactions involve purchases of the notes in the open market after the distribution has been completed in order to cover short positions. Stabilizing transactions and syndicate covering transactions may cause the price of the notes to be higher than it would otherwise be in the absence of those transactions. If the underwriters engage in stabilizing or syndicate covering transactions, they may discontinue them at any time.

In the ordinary course of their businesses, the underwriters and their affiliates have in the past performed and may from time to time perform in the future certain investment banking, commercial banking and financial advisory services for us and our affiliates. Some of the underwriters or their affiliates are lenders under our revolving credit facility.

We estimate that we will spend approximately \$1 million for printing, rating agencies, trustee and legal fees and other expenses related to the offering.

LEGAL MATTERS

Certain legal matters with respect to the offering of the notes will be passed upon for us by Eric J. Bock, Esq., Executive Vice President, Law and Secretary of Cendant, and by Skadden, Arps, Slate, Meagher & Flom LLP, New York, New York. The validity of the notes will be passed upon for the underwriters by Shearman & Sterling, New York, New York. Mr. Bock holds shares of CD common stock and options to acquire shares of CD common stock.

Forward-looking statements in this prospectus about Cendant are subject to known and unknown risks, uncertainties and other factors that may cause our actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. These forward-looking statements were based on various factors and were derived utilizing numerous important assumptions that could cause actual results to differ materially from those in the forward-looking statements. Forward-looking statements include the information concerning our future financial performance, business strategy, projected plans and objectives.

Statements preceded by, followed by or that otherwise include the words believes, expects, anticipates, intends, project, estimates, plans, increase, may fluctuate and similar expressions or future or conditional verbs such as will, should, would, may and could are generally forward-looking in nature and not historical acts. You should understand that the following important factors and assumptions could affect the future results of Cendant and could cause actual results to differ materially from those expressed in such forward-looking statements:

the effect of economic conditions and interest rate changes on the economy on a national, regional or international basis and the impact thereof on our businesses;

the effects of changes in current interest rates, particularly on our real estate franchise and mortgage businesses;

(formerly known as Fairfield Communities, Inc.), the compatibility of the operating systems of the combining companies, and the degree to which existing administrative and back-office functions and costs and those of the acquired companies are complementary or redundant;

our ability to obtain financing on acceptable terms to finance our growth strategy and to operate within the limitations imposed by financing arrangements and rating agencies;

competitive and pricing pressures in the vacation ownership and travel industries, including the car rental industry;

changes in laws and regulations, including changes in accounting standards and privacy policy regulation.

Other factors and assumptions not identified above were also involved in the derivation of these forward-looking statements, and the failure of such other assumptions to be realized as well as other factors may also cause actual results to differ materially from those projected. Most of these factors are difficult to predict accurately and are generally beyond our control.

Our businesses provide a wide range of consumer and business services which are intended to complement one another and create cross-marketing opportunities both within each segment and between segments. Our Real Estate Services segment franchises real estate brokerage businesses, provides home buyers with mortgages and assists in employee relocations. Our Hospitality segment franchises hotel businesses and facilitates the sale and exchange of vacation ownership interests. Our Vehicle Services segment operates and franchises car rental businesses, provides fleet management services to corporate clients and government agencies and operates parking facilities in the United Kingdom.
