2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

This section should be read in conjunction with the more detailed information regarding the Company's significant accounting policies contained in the Company's Annual Report on Form 10-K for the year ended December 31, 2003.

ADOPTION OF NEW ACCOUNTING STANDARD

EITF 03-1. At the March 17-18, 2004 meeting, consensus was reached by the FASB Emerging Issues Task Force on EITF 03-1, "The Meaning of Other-Than-Temporary Impairment and Its Application to Certain Investments." The Consensus applies to investments in debt and equity securities within the scope of SFAS Nos. 115, "Accounting for Certain Investments in Debt and Equity Securities," and 124, "Accounting for Certain Investments Held by Not-for-Profit Organizations." It also applies to investments in equity securities that are both outside SFAS No. 115's scope and not accounted for under the equity method. The Task Force reached a consensus that certain quantitative and qualitative disclosures should be required for securities that are impaired at the balance sheet date but for which an other-than-temporary impairment has not been recognized. The new impairment guidance creates a model that calls for many judgments and

9

CRESCENT REAL ESTATE EQUITIES COMPANY NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

additional evidence gathering in determining whether or not securities are other-than-temporarily impaired and lists some of these impairment indicators. The impairment accounting guidance is effective for periods beginning after June 15, 2004 and the disclosure requirements for annual reporting periods are effective for periods ending after June 15, 2004. The Company adopted EITF 03-1 effective July 1, 2004 and expects no impact on the Company's financial condition or its results of operations.

SIGNIFICANT ACCOUNTING POLICIES

CONSOLIDATION OF VARIABLE INTEREST ENTITIES. On January 15, 2003, the FASB approved the issuance of Interpretation 46, "Consolidation of Variable Interest Entities," ("FIN 46"), an interpretation of Accounting Research Bulletin No. 51, "Consolidated Financial Statements." In December 2003, the FASB issued FIN 46R, "Consolidation of Variable Interest Entities" ("FIN 46R"), which amended FIN 46. Under FIN 46R, consolidation requirements are effective immediately for new Variable Interest Entities ("VIEs") created after January 31, 2003. The consolidation requirements apply to existing VIEs for financial periods ending after March 15, 2004, except for special purpose entities which had to be consolidated by December 31, 2003. VIEs are generally a legal structure used for business enterprises that either do not have equity investors with voting rights, or have equity investors that do not provide sufficient financial resources for the entity to support its activities. The objective of the new guidance is to improve reporting by addressing when a company should include in its financial statements the assets, liabilities and activities of other entities such as VIEs. FIN 46R requires VIEs to be consolidated by a company if the company is subject to a majority of the expected losses of the VIE's activities or entitled to receive a majority of the entity's expected residual returns or both.

The adoption of FIN 46R did not have a material impact to the Company's financial condition or results of operations. Due to the adoption of this Interpretation and management's assumptions in application of the guidelines stated in the Interpretation, the Company has consolidated GDW LLC, a subsidiary

of DMDC, as of December 31, 2003 and Elijah Fulcrum Fund Partners, L.P. ("Elijah") as of January 1, 2004. Elijah is a limited partnership whose purpose is to invest in the SunTx Fulcrum Fund, L.P. SunTx Fulcrum Fund, L.P.'s objective is to invest in a portfolio of acquisitions that offer the potential for substantial capital appreciation. While it was determined that one of the Company's unconsolidated joint ventures, Main Street Partners, L.P., and its investments in Canyon Ranch Las Vegas, L.L.C., CR License, L.L.C. and CR License II, L.L.C. ("Canyon Ranch Entities") are VIEs under FIN 46R, the Company is not the primary beneficiary and is not required to consolidate these entities under other GAAP. The Company's maximum exposure to loss is limited to its equity investment of approximately \$52.0 million in Main Street Partners, L.P. and \$5.1 million in the Canyon Ranch Entities at June 30, 2004.

In connection with the Hughes Center acquisition, the Company entered into two separate exchange agreements with a third party intermediary. The first exchange agreement includes two parcels of undeveloped land and the second exchange agreement includes the 3930 Hughes Parkway Office Property. Both agreements were for a maximum term of 180 days and allow the Company to pursue favorable tax treatment on other properties sold by the Company within this period. During the 180-day periods, which will end on August 28, 2004 and November 6, 2004, respectively, the third party intermediary is the legal owner of the properties, although the Company controls the properties, retains all of the economic benefits and risks associated with these properties and indemnifies the third party intermediary and, therefore, the Company fully consolidates these properties. The Company will take legal ownership of the properties no later than on the expiration of the 180-day period.

Further, in connection with the Hughes Center acquisition, the Company entered into an exchange agreement with a third party intermediary for six of the Office Properties and the nine retail parcels. This agreement was for a maximum term of 180 days and allowed the Company to pursue favorable tax treatment on other properties sold by the Company within this period. During the 180-day period, which ended on June 28, 2004, the third party intermediary was the legal owner of the properties, although the Company controlled the properties, retained all of the economic benefits and risks associated with these properties and indemnified the third party intermediary and, therefore, the Company fully consolidated these properties. On June 28, 2004, the Company took legal ownership of the Office Properties and the nine retail parcels.

STOCK-BASED COMPENSATION. Effective January 1, 2003, the Company adopted the fair value expense recognition provisions of SFAS No. 123, "Accounting for Stock-Based Compensation," on a prospective basis as permitted by SFAS No. 148, "Accounting for Stock-Based Compensation - Transition and Disclosure," which requires that the fair value of stock options at the date of grant be amortized ratably into expense over the appropriate vesting period. During the six months ended June 30, 2004, the Company granted stock options and recognized compensation expense that was not significant to its results of operations. With respect to the Company's stock options which were granted prior to 2003, the Company accounted for stock-based compensation using the intrinsic value method prescribed in Accounting Principles Board Opinion No. 25, "Accounting for Stock Issued to Employees," and related Interpretations ("APB No. 25"). Had compensation cost

MARKETABLE SECURITIES. The Company has classified and recorded its marketable securities in accordance with SFAS No. 115, "Accounting for Certain Investments in Debt and Equity Securities." Realized gains or losses on the sale of securities are recorded based on specific identification. When a decline in the fair value of marketable securities is determined to be other-than-temporary, the cost basis is written down to fair value and the amount of the write-down is included in earnings for the applicable period. Investments in securities with no readily determinable market value are reported at cost, as they are not considered marketable under SFAS No. 115, and total \$5.5 million at June 30, 2004 and December 31, 2003.

The following tables present the cost, fair value and unrealized gains and losses as of June 30, 2004 and December 31, 2003 and the realized gains and change in Accumulated Other Comprehensive Income ("OCI") for the six months ended June 30, 2004 and 2003 for the Company's marketable securities.

In July 2004, Fresh Choice, Inc., in which the Company owns \$5.5 million Series B Preferred shares reported at cost at June 30, 2004 and December 31, 2003, filed for protection under Chapter 11 of the U.S. Bankruptcy Court in order to facilitate a reorganization and restructuring. At June 13, 2004, the accrued liquidation preference on the Series B Preferred shares was \$9.1 million. Based on the Company's evaluation of its preferred interest in Fresh Choice, the Company estimates the value of its shares at a minimum to be equal to the investment balance of \$5.5 million.

EARNINGS PER SHARE. SFAS No. 128, "Earnings Per Share," ("EPS") specifies the computation, presentation and disclosure requirements for earnings per share.

Basic EPS is computed by dividing net income available to common stockholders by the weighted average number of shares outstanding for the period. Diluted EPS reflects the potential dilution that could occur if securities or other contracts to issue common stock were exercised or converted into common stock, where such exercise or conversion would result in a lower EPS amount. The Company presents both basic and diluted earnings per share.

The following tables present reconciliations for the three and six months ended June 30, 2004 and 2003 of basic and diluted earnings per share from "Loss before discontinued operations and cumulative effect of a change in accounting principle" to "Net loss available to common shareholders." The table also includes weighted average shares on a basic and diluted basis, which for the periods presented, are the same.

3. SEGMENT REPORTING

For purposes of segment reporting as defined in SFAS No. 131, "Disclosures about Segments of an Enterprise and Related Information," the Company currently has four major investment segments based on property type: the Office Segment; the Resort/Hotel Segment; the Residential Development Segment; and the Temperature-Controlled Logistics Segment. Management utilizes this segment structure for making operating decisions and assessing performance.

The Company uses funds from operations ("FFO") as the measure of segment profit or loss. FFO, as used in this document, is based on the definition adopted by the Board of Governors of the National Association of Real Estate Investment Trusts ("NAREIT") and means:

- o Net Income (Loss) - determined in accordance with GAAP;
- o excluding gains (losses) from sales of depreciable operating property;
- o excluding extraordinary items (as defined by GAAP);
- o plus depreciation and amortization of real estate assets; and
- o after adjustments for unconsolidated partnerships and joint ventures.

The Company calculates FFO available to common shareholders - diluted in the same manner, except that Net Income (Loss) is replaced by Net Income (Loss) Available to Common Shareholders and the Company includes the effect of Operating Partnership unitholder minority interests.

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

CRESCENT REAL ESTATE EQUITIES COMPANY NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NAREIT developed FFO as a relative measure of performance of an equity REIT to recognize that income-producing real estate historically has not depreciated on the basis determined under GAAP. The Company considers FFO available to common shareholders - diluted and FFO appropriate measures of performance for an equity REIT and for its investment segments. However, FFO available to common shareholders - diluted and FFO should not be considered as alternatives to net income determined in accordance with GAAP as an indication of the Company's operating performance.

The Company's measures of FFO available to common shareholders - diluted and FFO may not be comparable to similarly titled measures of other REITs if those REITs apply the definition of FFO in a different manner than the Company.

Selected financial information related to each segment for the three and six months ended June 30, 2004 and 2003, and total assets, consolidated property level financing, consolidated other liabilities, and minority interests for each of the segments at June 30, 2004 and December 31, 2003, are presented below:

6. OTHER TRANSACTIONS

On June 28, 2004, the Company completed a transaction related to the Fountain Place Office Property with Crescent FP Investors, L.P., ("FP Investors"), a limited partnership that is owned 99.9% by LB FP L.L.C., an affiliate of Lehman Brothers Holding, Inc., (the affiliate is referred to as "Lehman"), and 0.1% by the Company. In the transaction, the Fountain Place Office Property was, for tax purposes, sold to FP Investors for \$168.2 million, including the assumption by FP Investors of a new \$90.0 million loan from Lehman Capital. The Company received net proceeds of approximately \$78.2 million. This transaction resulted in the completion of a reverse Section 1031 like-kind exchange associated with the Company's prior purchase of a portion of the Hughes Center office portfolio.

Included in the terms of this transaction is a provision which provides Lehman the unconditional right to require the Company to purchase Lehman's interest in FP Investors for an agreed upon fair value of \$79.9 million at any time until November 30, 2004. For GAAP purposes, under SFAS No. 66, "Accounting for Sales of Real Estate," this unconditional right, or contingency, results in the transaction requiring accounting associated with a financing transaction. As a result, no gain has been recorded on the transaction and the Company's accompanying financial statements continue to include the Office Property, related debt and operations until expiration of the contingency. The fair value of the contingency, \$79.9 million, is included in the "Accounts payable, accrued expenses and other liabilities" line item in the Company's Consolidated Balance Sheet at June 30, 2004.

Also on June 28, 2004, the Company paid off the \$220.0 million Deutsche Bank - CMBS loan with proceeds from the Fountain Place Office Property transaction and a draw on the Company's revolving credit facility. See Note 9, "Notes Payable and Borrowings Under Credit Facility," for further information relating to the \$90.0 million loan with Lehman Capital, secured by the Fountain Place Office Property.

7. TEMPERATURE-CONTROLLED LOGISTICS SEGMENT

TEMPERATURE-CONTROLLED LOGISTICS PROPERTIES

AmeriCold Logistics, a limited liability company owned 60% by Vornado Operating L.P. and 40% by a subsidiary of Crescent Operating, Inc. ("COPI"), as sole lessee of the Temperature-Controlled Logistics Properties, leases the Temperature-Controlled Logistics Properties from the Temperature-Controlled Logistics Corporation under three triple-net master leases, as amended. The Company has no interest in COPI or AmeriCold Logistics. On March 2, 2004, the Temperature-Controlled Logistics Corporation and AmeriCold Logistics amended the leases to further extend the deferred rent period to December 31, 2005, from December 31, 2004. The parties previously extended the deferred rent period to December 31, 2004 from December 31, 2003, on March 7, 2003.

Under terms of the leases, AmeriCold Logistics elected to defer \$26.9 million of the total \$78.9 million of rent payable for the six months ended June 30, 2004. The Company's share of the deferred rent was \$10.8 million. The Company recognizes rental income from the Temperature-Controlled Logistics Properties when earned and collected and has not recognized the \$10.8 million of deferred rent in equity in net income of the Temperature-Controlled Logistics Properties for the six months ended June 30, 2004. As of June 30, 2004, the Temperature-Controlled Logistics Corporation's deferred rent and valuation allowance from AmeriCold Logistics were \$109.3 million and \$101.2 million, respectively, of which the Company's portions were \$43.7 million and \$40.5 million, respectively.

As a result of the continuing inability of AmeriCold Logistics to pay the full amount of the rent due under the leases without deferral elections, the Company anticipates that the Temperature-Controlled Logistics Corporation may restructure the leases in 2004, although it is under no obligation to do so.

On February 5, 2004, the Temperature-Controlled Logistics Corporation completed a \$254.4 million mortgage financing with Morgan Stanley Mortgage Capital Inc., secured by 21 of its owned and seven of its leased temperature-controlled logistics properties. The loan matures in April 2009, bears interest at LIBOR plus 295 basis points (with a LIBOR floor of 1.5% with respect to \$54.4 million of the loan) and requires principal payments of \$5.0 million annually. The net proceeds to the Temperature-Controlled Logistics Corporation were approximately \$225.0 million, after closing costs and the repayment of approximately \$12.9 million in existing mortgages. On February 6, 2004, the Temperature-Controlled Logistics Corporation distributed cash of approximately \$90.0 million to the Company.

For information regarding the planned sale of COPI's interest in AmeriCold Logistics, see Note 16, "COPI."

VORNADO CRESCENT CARTHAGE AND KC QUARRY, L.L.C.

On January 20, 2004, VCQ purchased \$6.1 million of trade receivables from AmeriCold Logistics at a 2% discount. VCQ used cash from a \$6.0 million contribution from its owners, of which approximately \$2.4 million represented the Company's contribution for the purchase of the trade receivables. The receivables were collected during the first quarter of 2004. On March 29, 2004, VCQ purchased an additional \$4.1 million of receivables from AmeriCold Logistics at a 2% discount. VCQ used cash from collection of the trade receivables

previously purchased. The remaining \$2.0 million was distributed to its owners, of which \$0.8 million was received by the Company on April 1, 2004. On July 2, 2004, VCQ purchased an additional \$6.0 million of receivables from AmeriCold Logistics at a 2% discount. VCQ used cash from collection of the trade receivables previously purchased.

The cash flow from the defeasance investments (principal and interest) will match the total debt service payments of this loan.

- (4) The Company's obligations under this loan were transferred to FP Investors L.L.C. as part of the transaction in connection with the Fountain Place Office Property. See Note 6, "Other Transactions," for further information

regarding this transaction.

- (5) The Company assumed these loans in connection with the Hughes Center acquisitions. The following table lists the premium associated with the assumption of above market interest rate debt which is included in the balance outstanding at June 30, 2004 and the effective interest rate of the debt including the premium.

The \$7.7 million was recorded as an increase in the carrying amount of the underlying debt and is being amortized as a reduction of interest expense through maturity of the underlying debt.

- (6) This facility is a \$37.6 million line of credit secured by certain DMDC land and asset improvements ("revolving credit facility"), notes receivable ("warehouse facility") and additional land ("short-term facility"). The line restricts the revolving credit facility to a maximum outstanding amount of \$26.0 million and is subject to certain borrowing base limitations and bears interest at prime (at June 30, 2004, the interest rate was 4.0%). The warehouse facility bears interest at prime plus 100 basis points (at June 30, 2004, the interest rate was 5.0%) and is limited to \$10.0 million. The short-term facility bears interest from prime plus 50 basis points to prime plus 100 basis points (at June 30, 2004, the interest rates were 4.5% to 5.0%) and is limited to \$1.6 million. The blended rate at June 30, 2004, for the revolving credit facility, the warehouse facility and the short-term facility was 4.3%.
- (7) The Company's joint venture partner, which owns a 19.9% interest in the Sonoma Mission Inn & Spa, had funded \$10.0 million of renovations at the Sonoma Mission Inn & Spa through a mezzanine loan. The Net Operating Income Hurdle Date, as defined in the loan agreement, is the date as of which the Sonoma Mission Inn & Spa has achieved an aggregate Adjusted Net Operating Income, as defined in the loan agreement, of \$12 million for a period of 12 consecutive calendar months.
- (8) In July 2010, the interest rate will adjust based on current interest rates at that time. It is the Company's intention to repay the note in full at such time (July 2010) by making a final payment of approximately \$6.1 million.
- (9) Includes \$14.6 million of fixed rate debt ranging from 2.9% to 10.5% and \$61.1 million of variable rate debt ranging from 3.4% to 4.5%.

coverage, minimum tangible net worth, and specific mix of office and hotel assets and average occupancy of Office Properties. At June 30, 2004, the maximum borrowing capacity under the credit facility was \$392.0 million. The outstanding balance excludes letters of credit issued under the Company's credit facility of \$7.6 million which reduce the Company's maximum borrowing capacity.

On June 28, 2004, the Company paid off the \$220.0 million Deutsche Bank-CMBS loan with proceeds from the Fountain Place transaction and a draw on the Company's credit facility. See Note 6, "Other Transactions," for additional information regarding the Fountain Place transaction. The loan was secured by the Funding X Properties and Spectrum Center. In July 2004, the Company unwound the \$220.0 million interest rate cap with JP Morgan Chase that corresponded to this loan.

The following table shows information about the Company's consolidated fixed and variable rate debt and does not take into account any extension options, hedging arrangements or the Company's anticipated payoff dates.

- (2) Excludes effect of extension options on Bank of America Fund XII Term Loan and expected early payment of LaSalle Note I, JP Morgan Mortgage Note, or the Nomura Funding VI Note.
- (3) Including the effect of hedge arrangements, the overall weighted average interest rate would have been 6.82%.

- (1) Excludes effect of extension options on Bank of America Fund XII Term Loan and expected early payment of LaSalle Note I, JP Morgan Mortgage Note, or the Nomura Funding VI Note.

The Company is generally obligated by its debt agreements to comply with financial covenants, affirmative covenants and negative covenants, or some combination of these types of covenants. Failure to comply with covenants generally will result in an event of default under that debt instrument. Any uncured or unwaived events of default under the Company's loans can trigger an increase in interest rates, an acceleration of payment on the loan in default, and for the Company's secured debt, foreclosure on the property securing the debt. In addition, a default by the Company or any of its subsidiaries with respect to any indebtedness in excess of \$5.0 million generally will result in a default under the Credit Facility, 2007 Notes, 2009 Notes, the Bank of America Fund XII Term Loan, the Fleet Fund I Term Loan and the Fleet Term Loan after the notice and cure periods for the other indebtedness have passed. As of June 30, 2004, no event of default had occurred, and the Company was in compliance with all covenants related to its outstanding debt. The Company's debt facilities generally prohibit loan pre-payment for an initial period, allow pre-payment with a penalty during a following specified period and allow pre-payment without penalty after the expiration of that period. During the six months ended June 30, 2004, there were no circumstances that required prepayment or increased collateral related to the Company's existing debt.

DEFEASANCE OF LASALLE NOTE II

In January 2004, the Company released the remaining properties in Funding II by reducing the Fleet Fund I and II Term Loan by \$104.2 million and purchasing an additional \$170.0 million of U.S. Treasury and government sponsored agency securities with an initial weighted average yield of 1.76%. The Company placed those securities into a collateral account for the sole purpose of funding payments of principal and interest on the remainder of the LaSalle Note II. The cash flow from the securities is structured to match the cash flow (principal and interest payments) required under the LaSalle Note II. The retirement of the Fleet loan and the purchase of the defeasance securities were funded through the \$275 million Bank of America Fund XII Term Loan. The collateral for the Bank of America loan is 10 of the 11 properties previously in the Funding II collateral pool, which are now held in Funding XII. The Bank of America loan is structured to allow the Company the flexibility to sell, joint venture or long-term finance these 10 assets over the next 36 months. The final Funding II property, Liberty Plaza, was moved to the Operating Partnership and subsequently sold in April 2004.

In addition to the subsidiaries listed in Note 1, "Organization and Basis of Presentation," certain other subsidiaries of the Company were formed primarily for the purpose of obtaining secured and unsecured debt or joint venture financings. These entities, all of which are consolidated and are

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

grouped based on the Properties to which they relate, are: Funding I Properties (CREM Holdings, LLC, Crescent Capital Funding, LLC, Crescent Funding Interest, LLC, CRE Management I Corp.); Funding III Properties (CRE Management III Corp.); Funding IV Properties (CRE Management IV Corp.); Funding V Properties (CRE Management V Corp.); Funding VI Properties (CRE Management VI Corp.); Funding VIII Properties (CRE Management VIII, LLC); 707 17th Street (Crescent 707 17th Street, LLC); Funding X Properties (CREF X Holdings Management, LLC, CREF X Holdings, L.P., CRE Management X, LLC); Funding XII Properties (CREF XII Parent GP, LLC, CREF XII Parent L.P., CREF XII Holding GP, LLC, CREF Holdings, L.P., CRE Management XII, LLC); Spectrum Center (Spectrum Mortgage Associates, L.P., CSC Holdings Management, LLC, Crescent SC Holdings, L.P., CSC Management, LLC), The BAC-Colonnade (CEI Colonnade Holdings, LLC), and Crescent Finance Company.

10. CASH FLOW HEDGES

The Company uses derivative financial instruments to convert a portion of its variable rate debt to fixed rate debt and to manage its fixed to variable rate debt ratio. As of June 30, 2004, the Company had three cash flow hedge agreements which are accounted for in conformity with SFAS No. 133, "Accounting for Derivative Instruments and Hedging Activities," as amended by SFAS No. 138, "Accounting for Certain Derivative Instruments and Certain Hedging Activities - an Amendment of FASB Statement No. 133."

The following table shows information regarding the Company's interest rate swaps designated as cash flow hedge agreements during the six months ended June 30, 2004, and additional interest expense and unrealized gains (losses) recorded in Accumulated Other Comprehensive Income ("OCI").

EFFECTIVE DATE	NOTIONAL AMOUNT	MATURITY DATE	REFERENCE RATE	FAIR MARKET VALUE	ADDITIONAL INTEREST EXPENSE
(in thousands)					
4/18/00	\$ 100,000	4/18/04	6.76%	\$ --	\$ 1,712
2/15/03	100,000	2/15/06	3.26%	(775)	1,082
2/15/03	100,000	2/15/06	3.25%	(771)	1,081
9/02/03	200,000	9/01/06	3.72%	(2,749)	2,649
				\$ (4,295)	\$ 6,524

In addition, two of the Company's unconsolidated companies have cash flow hedge agreements of which the Company's portion of change in unrealized gains reflected in OCI was approximately \$0.4 million for the six months ended June 30, 2004.

The Company has designated its cash flow hedge agreements as cash flow hedges of LIBOR-based monthly interest payments on a designated pool of variable rate LIBOR indexed debt that re-prices closest to the reset dates of each cash flow hedge agreement. The cash flow hedges have been and are expected to remain

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

highly effective. Changes in the fair value of these highly effective hedging instruments are recorded in OCI. The effective portion that has been deferred in OCI will be reclassified to earnings as interest expense when the hedged items impact earnings. If a cash flow hedge falls outside 80%-125% effectiveness for a quarter, all changes in the fair value of the cash flow hedge for the quarter will be recognized in earnings during the current period. If it is determined based on prospective testing that it is no longer likely a hedge will be highly effective on a prospective basis, the hedge will no longer be designated as a cash flow hedge in conformity with SFAS No. 133, as amended. The Company had no ineffectiveness related to its cash flow hedges, resulting in no earnings impact due to ineffectiveness for the six months ended June 30, 2004.

INTEREST RATE CAP

In March 2004, in connection with the Bank of America Fund XII Term Loan, the Company entered into a LIBOR interest rate cap struck at 6.00% for a notional amount of approximately \$206.3 million through August 31, 2004, \$137.5 million from September 1, 2004 through February 28, 2005, and \$68.8 million from March 1, 2005 through March 1, 2006. Simultaneously, the Company sold a LIBOR interest rate cap with the same terms. Since these instruments do not reduce the Company's net interest rate risk exposure, they do not qualify as hedges and changes to their respective fair values are charged to earnings as the changes occur. As the significant terms of these arrangements are the same, the effects of a revaluation of these instruments are expected to offset each other.

11. COMMITMENTS AND CONTINGENCIES

GUARANTEE COMMITMENTS

The FASB issued Interpretation 45, "Guarantors' Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others" ("FIN 45"), requiring a guarantor to disclose its guarantees. The Company's guarantees in place as of June 30, 2004 are listed in the table below. For the guarantees on indebtedness, no triggering events or conditions are anticipated to occur that would require payment under the guarantees and management believes the assets associated with the loans that are guaranteed are sufficient to cover the maximum potential amount of future payments and therefore, would not require the Company to provide additional collateral to support the guarantees. The Company has not recorded a liability associated with these guarantees as they were entered into prior to the adoption of FIN 45.

OTHER COMMITMENTS

In 2003, the Company entered into a one year option agreement for the future sale of approximately 1.5 acres of undeveloped investment land located in Houston, Texas, for approximately \$7.8 million. The Company received \$0.01 million of consideration in 2003. The option agreement may be extended up to four years on a yearly basis at the option of the prospective purchaser for additional consideration.

See Note 16, "COPI," for a description of the Company's commitments related to the agreement with COPI, executed on February 14, 2002.

CONTINGENCIES

See Note 6, "Other Transactions," for information on the Company's \$79.9 million contingent obligation included in the "Accounts payable, accrued expenses and other liabilities" line item in the Company's Consolidated Balance Sheet at June 30, 2004, related to the Fountain Place Office Property transaction.

The Company has a contingent obligation of approximately \$0.9 million related to a construction warranty matter. The Company believes it is probable that a significant amount would be recovered through reimbursements from third parties.

12. MINORITY INTEREST

Minority interest in the Operating Partnership represents the proportionate share of the equity in the Operating Partnership of limited partners other than the Company. The ownership share of limited partners other than the Company is evidenced by Operating Partnership units. The Operating Partnership pays a regular quarterly distribution to the holders of Operating Partnership units.

Each Operating Partnership unit may be exchanged for either two common shares of the Company or, at the election of the Company, cash equal to the fair market value of two common shares at the time of the exchange. When a unitholder exchanges a unit, the Company's percentage interest in the Operating Partnership increases. During the six months ended June 30, 2004, there were 9,036 units exchanged for 18,072 common shares of the Company.

CRESCENT REAL ESTATE EQUITIES COMPANY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Minority interest in real estate partnerships represents joint venture or preferred equity partners' proportionate share of the equity in certain real estate partnerships. The Company holds a controlling interest in the real estate partnerships and consolidates the real estate partnerships into the financial statements of the Company. Income in the real estate partnerships is allocated to minority interest based on weighted average percentage ownership during the year.

The following table summarizes the minority interest as of June 30, 2004 and December 31, 2003:

SERIES A PREFERRED OFFERING

On January 15, 2004, the Company completed an offering (the "January 2004 Series A Preferred Offering") of an additional 3,400,000 Series A Convertible Cumulative Preferred Shares (the "Series A Preferred Shares") at a \$21.98 per share price and with a liquidation preference of \$25.00 per share for aggregate total offering proceeds of approximately \$74.7 million. The Series A Preferred Shares are convertible at any time, in whole or in part, at the option of the holders into common shares of the Company at a conversion price of \$40.86 per common share (equivalent to a conversion rate of 0.6119 common shares per Series A Preferred Share), subject to adjustment in certain circumstances. The annual fixed dividend on the Series A Preferred Shares is \$1.6875 per share.

Net proceeds to the Company from the January 2004 Series A Preferred Offering were approximately \$71.0 million after underwriting discounts, offering costs and dividends accrued on the shares up to the issuance date. The Company used the net proceeds to pay down the Company's credit facility.

14. INCOME TAXES

TAXABLE CONSOLIDATED ENTITIES

Deferred income taxes reflect the net effects of temporary differences between the carrying amounts of assets and liabilities of taxable consolidated entities for financial reporting purposes and the amounts used for income tax purposes. For the six months ended June 30, 2004, the taxable consolidated

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

entities were comprised of the taxable REIT subsidiaries of the Company.

The Company intends to maintain its qualification as a REIT under Section 856 of the U.S. Internal Revenue Code of 1986, as amended (the "Code"). As a REIT, the Company generally will not be subject to federal corporate income taxes as long as it satisfies certain technical requirements of the Code, including the requirement to distribute 90% of REIT taxable income to its shareholders. Accordingly, the Company does not believe that it will be liable for current income taxes on its REIT taxable income at the federal level or in most of the states in which it operates. The Company consolidates certain taxable REIT subsidiaries, which are subject to federal and state income tax. For the six months ended June 30, 2004 and 2003, the Company's federal income tax benefit from continuing operations was \$6.6 million and \$5.5 million, respectively. The Company's \$6.6 million income tax benefit at June 30, 2004 consists primarily of \$5.2 million for the Residential Development Segment and \$3.3 million for the Resort/Hotel Segment partially offset by \$0.8 million tax expense for the Office Segment and \$1.1 million expense for other taxable REIT subsidiaries.

The Company's total net tax asset of approximately \$27.9 million at June 30, 2004 includes \$17.3 million of net deferred tax assets. SFAS No. 109, "Accounting for Income Taxes," requires a valuation allowance to reduce the deferred tax assets reported if, based on the weight of the evidence, it is more likely than not that some portion or all of the deferred tax assets will not be realized. There was no change in the valuation allowance during the six months ended June 30, 2004.

15. RELATED PARTY TRANSACTIONS

LOANS TO EMPLOYEES AND TRUST MANAGERS OF THE COMPANY FOR EXERCISE OF STOCK OPTIONS AND UNIT OPTIONS

As of June 30, 2004, the Company had approximately \$38.0 million loan balances outstanding, inclusive of current interest accrued of approximately \$0.2 million, to certain employees and trust managers of the Company on a recourse basis pursuant to the Company's stock incentive plans and unit incentive plans pursuant to an agreement approved by the Board of Trust Managers and the Executive Compensation Committee of the Company. The proceeds of these loans were used by the employees and the trust managers to acquire common shares of the Company pursuant to the exercise of vested stock and unit options. Pursuant to the loan agreements, these loans bear interest at a rate of 2.52% per year, payable quarterly, and mature on July 28, 2012 and may be repaid in full or in part at any time without premium or penalty. Mr. Goff had a loan representing \$26.4 million of the \$38.0 million total outstanding loans at June 30, 2004. No conditions exist at June 30, 2004 which would cause any of the loans to be in default. Effective July 29, 2002, the Company ceased offering to its employees and trust managers the option to obtain loans pursuant to the Company's stock and unit incentive plans.

OTHER

On June 28, 2002, the Company purchased the home of an executive officer of the Company to facilitate the hiring and relocation of this executive officer. The purchase price was approximately \$2.6 million, consistent with a third-party appraisal obtained by the Company. Shortly after the purchase of the home, certain changes in the business environment in Houston resulted in a weakened housing market. In May 2004, the Company completed the sale of the home

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

for proceeds, net of selling costs, of approximately \$1.8 million. The Company previously recorded an impairment charge of approximately \$0.6 million, net of taxes, during the year ended December 31, 2003. The purchase was part of the officer's relocation agreement with the Company.

16. COPI

On February 14, 2002, the Company and COPI entered into an agreement (the "Agreement") pursuant to which COPI and the Company agreed to jointly seek approval by the bankruptcy court of a pre-packaged bankruptcy plan for COPI. The Company agreed to fund certain of COPI's costs, claims and expenses relating to the bankruptcy and related transactions. From February 14, 2002 through June 30, 2004, the Company loaned to COPI, or paid directly on COPI's behalf, approximately \$13.2 million to fund these costs, claims and expenses, \$2.1 million of which was funded in the six months ended June 30, 2004. The Company also agreed to issue common shares with a dollar value of approximately \$2.2 million to the COPI stockholders.

In addition, the Company agreed to use commercially reasonable efforts to assist COPI in arranging COPI's repayment of its \$15.0 million obligation to Bank of America, together with any accrued interest. COPI obtained the loan from Bank of America primarily to participate in investments with the Company. As a condition to making the loan, Bank of America required Richard E. Rainwater, the Chairman of the Board of Trust Managers of the Company, and John C. Goff, Vice-Chairman of the Board of Trust Managers and Chief Executive Officer of the Company, to enter into a support agreement with COPI and Bank of America, pursuant to which Messrs. Rainwater and Goff agreed to make additional equity investments in COPI under certain circumstances. The Company and COPI are assessing other alternatives for the sale of COPI's 40% interest in the tenant of the Temperature-Controlled Logistics properties, AmeriCold Logistics. At this time, the Company does not expect to spin-off to its shareholders a new entity that would purchase COPI's interest in AmeriCold Logistics. COPI has agreed that it will use the proceeds of the sale of its interest in AmeriCold Logistics to repay Bank of America in full.

On March 10, 2003, COPI filed a plan under Chapter 11 of the United States Bankruptcy Code in the United States Bankruptcy Court for the Northern District of Texas. On June 22, 2004, the bankruptcy court confirmed the bankruptcy plan, as amended. Effectiveness of the pre-packaged bankruptcy plan for COPI is contingent upon a number of conditions, including the sale of COPI's interest in AmeriCold Logistics, the repayment of COPI's obligation to Bank of America prior to October 21, 2004 and the issuance by the Company of common shares to the COPI stockholders.

17. SUBSEQUENT EVENTS

ASSET ACQUISITIONS

On August 6, 2004, the Company acquired Alhambra Plaza, a 318,000 square foot Class A Office Property, located in the Coral Gables submarket of Miami, Florida. The Company acquired the Office Property for approximately \$72.3 million, funded by the Company's assumption of a \$45.0 million loan from Wachovia Bank and a draw on the Company's credit facility. The Office Property is wholly-owned and will be included in the Company's Office Segment.

ASSET DISPOSITIONS

On July 2, 2004, the Company completed the sale of the 5050 Quorum Office Property in Dallas, Texas. The sale generated proceeds, net of selling costs, of approximately \$8.9 million and a loss of approximately \$0.1 million, net of minority interests. The Company previously recorded an impairment charge of approximately \$0.8 million, net of minority interests, during the quarter

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

ended March 31, 2004. The proceeds from the sale were used primarily to pay down the Company's credit facility. This property was wholly-owned. The Company will continue to provide management and leasing services for this property.

On July 29, 2004, the Company completed the sale of the 12404 Park Central Office Property in Dallas, Texas. The sale generated proceeds, net of selling costs, of approximately \$9.3 million. During the three months ended June 30, 2004, the Company recorded an impairment charge of approximately \$0.4 million, net of minority interests. The Company previously recorded impairment charges totaling approximately \$3.6 million, net of minority interests, \$2.9 million during the year ended December 31, 2003 and \$0.7 million during the quarter ended March 31, 2004. The proceeds from the sale were used primarily to pay down the Bank of America Fund XII Term Loan. This property was wholly-owned. The Company will continue to provide management and leasing services for this property.

FORWARD-LOOKING STATEMENTS

You should read this section in conjunction with the consolidated interim financial statements and the accompanying notes in Item 1, "Financial Statements," of this document and the more detailed information contained in the Company's Form 10-K for the year ended December 31, 2003. In management's

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

opinion, all adjustments (consisting of normal and recurring adjustments) considered necessary for a fair presentation of the unaudited interim financial statements are included. Capitalized terms used but not otherwise defined in this section have the meanings given to them in the notes to the consolidated financial statements in Item 1, "Financial Statements."

This Form 10-Q contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. These statements are generally characterized by terms such as "believe," "expect," "anticipate" and "may."

Although the Company believes that the expectations reflected in such forward-looking statements are based upon reasonable assumptions, the Company's actual results could differ materially from those described in the forward-looking statements.

The following factors might cause such a difference:

- o The Company's ability, at its office properties, to timely lease unoccupied square footage and timely re-lease occupied square footage upon expiration on favorable terms, which continue to be adversely affected by existing real estate conditions (including vacancy rates in particular markets, decreased rental rates and competition from other properties) and may be adversely affected by general economic downturns;
- o The continuation of relatively high vacancy rates and reduced rental rates in the Company's office portfolio as a result of the conditions within the Company's principal markets;
- o Adverse changes in the financial condition of existing tenants, in particular El Paso Energy and its affiliates which provide 4.6% of the Company's annualized office revenues;
- o Further deterioration in the resort/business-class hotel markets or in the market for residential land or luxury residences, including single-family homes, townhomes and condominiums, or in the economy generally;
- o Financing risks, such as the Company's ability to generate revenue sufficient to service and repay existing or additional debt, increases in debt service associated with increased debt and with variable-rate debt, the Company's ability to meet financial and other covenants and the Company's ability to consummate financings and refinancings on favorable terms and within any applicable time frames;
- o The ability of the Company to dispose of its investment land, and other non-core assets, on favorable terms and within anticipated time frames;
- o The ability of the Company to reinvest available funds at anticipated returns and consummate anticipated office acquisitions and within anticipated time frames;
- o Further or continued adverse conditions in the temperature-controlled logistics business (including both industry-specific conditions and a general downturn in the economy) which may further jeopardize the ability of the tenant to pay all current and deferred rent due;
- o The ability of the Company and COPI to satisfy the remaining conditions to achieve effectiveness of the COPI bankruptcy plan, including COPI's sale of the temperature-controlled logistics tenant, its repayment of the loan from Bank of America prior to October 21,

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

2004, and the Company's issuance of Company common shares to the COPI stockholders;

- o The concentration of a significant percentage of the Company's assets in Texas;
- o The existence of complex regulations relating to the Company's status as a REIT, the effect of future changes in REIT requirements as a result of new legislation and the adverse consequences of the failure to qualify as a REIT; and
- o Other risks detailed from time to time in the Company's filings with the Securities and Exchange Commission.

Given these uncertainties, readers are cautioned not to place undue reliance on such statements. The Company is not obligated to update these forward-looking statements to reflect any future events or circumstances.

36

OVERVIEW

The Company is a REIT with assets and operations divided into four investment segments: Office, Resort/Hotel, Residential Development and Temperature-Controlled Logistics. The primary business of the Company is its Office Segment, which consisted of 75 Office Properties and represented 67% of gross assets as of June 30, 2004.

Capital flows in the real estate industry have changed significantly over the last few years. Institutions as well as other investors, principally U.S. pension funds, have increased their allocation to real estate and it appears that this will continue for the foreseeable future. This inflow of capital has created a uniquely attractive environment for the sale of assets as well as joint ventures. Likewise, the acquisition environment is highly competitive, making it more difficult to provide returns to common equity that are comparable to those achieved in acquisitions made during the 1990's.

The Company has adapted its strategy to align itself with institutional partners, with the goal of transitioning towards being a real estate investment management company. Rather than competing with the substantial inflow of capital into the acquisition market, the Company is focusing on acquiring assets jointly with these institutional investors, moving existing assets into joint-venture arrangements with these investors, and capitalizing on its award-winning platform in office management and its leasing expertise to continue to provide these services, for a fee, for the properties in the ventures. Where possible, the Company will strive to negotiate performance based incentives that allow for additional equity to be earned if return targets are exceeded.

Consistent with this strategy, the Company continually evaluates its existing portfolio for potential joint-venture opportunities. In the near to mid-term, the Company could more than double its existing level of joint ventures to over \$2 billion by contributing existing assets to ventures. As with previous ventures, the Company would be a minority partner but would continue to provide leasing and management services to the ventures. In addition, the Company is targeting the sale of an additional \$200 million in non-core assets by the end of 2004, including land holdings that are currently not contributing to the Company's earnings. Also included in these sales, are two business class hotels which the Company believes it can sell at attractive gains, and at the same time further simplify its business model. As these ventures and sales are completed, the Company will assess the potential benefits of utilizing a portion of the net proceeds to repurchase Company shares consistent with the

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

requirements of its existing debt.

OFFICE SEGMENT

The following table shows the performance factors used by management to assess the operating performance of the Office Segment.

	2004
Economic Occupancy (at June 30 and December 31)	86.1%
Leased Occupancy (at June 30 and December 31)	87.2%
In-Place Weighted Average Full-Service Rental Rate (at June 30 and December 31)	\$23.08
Tenant Improvement and Leasing Costs per Sq. Ft. (three months ended June 30)	\$ 3.46
Tenant Improvement and Leasing Costs per Sq. Ft. (six months ended June 30)	\$ 3.14
Average Lease Term (three months ended June 30)	5.9 years
Average Lease Term (six months ended June 30)	6.4 years
Same-Store NOI(3) (Decline) (three months ended June 30)	(2.9)%
Same-Store NOI(3) (Decline) (six months ended June 30)	(3.5)%
Same-Store Average Occupancy (three months ended June 30)	86.1%
Same-Store Average Occupancy (six months ended June 30)	85.8%

-
- (1) Economic occupancy reflects the occupancy of all tenants paying rent. Excluding held for sale properties, economic occupancy is 87.0% and 84.8% at June 30, 2004 and December 31, 2003, respectively.
 - (2) Leased occupancy reflects the amount of contractually obligated space, whether or not commencement has occurred. Excluding held for sale properties, leased occupancy is 88.1% and 87.3% at June 30, 2004 and December 31, 2003, respectively.
 - (3) Same-store NOI (net operating income) represents office property net income excluding depreciation, amortization, interest expense and non-recurring items such as lease termination fees for Office Properties owned for the entirety of the comparable periods.
 - (4) Includes held for sale properties.
 - (5) Excludes held for sale properties.

The Company continues to expect that 2004 will be a year of stabilization in the Office Segment rather than meaningful growth, with projected average and year end occupancy remaining relatively flat compared to 2003. Tenant improvement and leasing costs in 2004 are expected to be in line with 2003. Same-store NOI is expected to decline by 3% to 6% in 2004, which is a lower rate of decline than that experienced in 2003.

37

The Company's tenant base continues to be diversified, with the top five tenants accounting for approximately 11.2% of total Office Segment rental revenues for the six months ended June 30, 2004. The loss of one or more of the Company's major tenants, in particular El Paso Energy and its affiliates which provide 4.6% of the Company's annualized Office Segment revenues, would have a temporary adverse effect on the Company's financial condition and results of operations until the Company is able to re-lease the space previously leased to these tenants.

RESORT/HOTEL SEGMENT

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

The following table shows the performance factors used by management to assess the operating performance of the Resort/Hotel Segment, excluding held-for-sale properties.

	FOR THE THREE MONTHS ENDED JUNE 30,			
	AVERAGE OCCUPANCY RATE		AVERAGE DAILY RATE	
	2004	2003	2004	2003
Upscale Business Class Hotels	64%	67%	\$ 109	\$ 114
Luxury and Destination Fitness Resorts	64	68	489	444
Total/Weighted Average for Resort/Hotel Properties	64%	67%	\$ 328	\$ 305

	FOR THE SIX MONTHS ENDED JUNE 30,			
	AVERAGE OCCUPANCY RATE		AVERAGE DAILY RATE	
	2004	2003	2004	2003
Upscale Business Class Hotels	64%	71%	\$ 116	\$ 116
Luxury and Destination Fitness Resorts	66	69	523	490
Total/Weighted Average for Resort/Hotel Properties	65%	70%	\$ 354	\$ 329

Decreases in occupancy at the Company's upscale business class hotels are primarily attributable to increased competition in the convention business causing major cities to compete for conventions that have historically gone to secondary markets and new convention style hotels adding approximately 1,200 rooms in the Houston market and approximately 800 rooms in the Austin market. The occupancy decrease at the Company's luxury and destination fitness resorts is partially driven by decreased occupancy at Sonoma Mission Inn (from 74% in the second quarter 2003 to 62% in the second quarter 2004) as a result of the renovation of 97 rooms which were taken out of service in November 2003. Renovation was completed in the second quarter of 2004 and the 97 rooms were put back into service. In addition, occupancy decreased 25 percentage points (from 81% in the second quarter 2003 to 56% in the second quarter 2004) at Ventana Inn as a result of the renovation of 12 suites which were taken out of service in April 2004. The Company anticipates a minimal change in occupancy and a modest increase in revenue per available room in 2004 at the Resort/Hotel Properties as the economy and the travel industry continue to recover offset by the financial impact of Sonoma Mission Inn and Ventana Inn renovations in 2004.

RESIDENTIAL DEVELOPMENT SEGMENT

The following tables show the performance factors used by management to

assess the operating performance of the Residential Development Segment. Information is provided for the Desert Mountain Residential Development Property and the CRDI Residential Development Properties, which represent the Company's significant investments in this Segment as of June 30, 2004.

Desert Mountain is in the latter stages of development and has primarily its premier lots remaining in inventory. An increase in lot sales, combined with higher average sales prices in 2004 compared to 2003, is expected to result in improved results in 2004.

CRDI, which invests primarily in mountain resort residential real estate in Colorado and California and residential real estate in downtown Denver, Colorado, is highly dependent upon the national economy and customer demand. In 2004, management expects that CRDI will be primarily affected by product mix available at its Residential Development Properties as product inventory is developed in 2004 for delivery in 2005.

LIQUIDITY

The Company's primary sources of liquidity are cash flows from operations, its credit facility, return of capital from the Residential Development segment, and proceeds from asset sales and joint ventures. The Company believes cash flows from operations will be sufficient to offset normal operating expenses, as well as capital requirements (including property improvements, tenant improvements and leasing commissions) in 2004. The cash flow from the Residential Development segment is cyclical in nature and primarily focused in the last quarter of each year. The Company expects to meet any interim short falls in operating cash flow caused by this cyclicity through working capital draws under the credit facility. As of June 30, 2004, the Company had \$151.9 million in borrowing capacity remaining under its credit facility. However, net cash flows from operations are not anticipated to fully cover the projected dividends on the Company's common stock for the next 18 months. The Company expects to use return of capital from the Residential Development Segment, estimated at approximately \$85 million for 2004, and business initiatives including investment land sales and other income to cover the shortfall.

Through the sale of the Woodlands in December 2003, the issuance of preferred shares and additional financing of Temperature-Controlled Logistics this year, and planned additional leverage on Hughes Center assets, the Company has an additional \$260 million in liquidity to make new investments throughout 2004, of which \$63 million has been invested through June 30, 2004. Additionally, the Company continues to execute on its capital recycling program and has sold six office properties generating proceeds, net of selling costs, of \$94.2 million which were used to pay down a portion of the Bank of America Fund XII Term Loan and to reduce the amount outstanding under the credit facility.

OFFICE PROPERTIES

During January and February 2004, in accordance with the original purchase contract, the Company acquired an additional five Class A Office Properties and seven retail parcels located within Hughes Center in Las Vegas, Nevada from the Rouse Company. One of these Office Properties is owned through a joint venture in which the Company acquired a 67% interest. The remaining four Office Properties are wholly-owned by the Company. The Company acquired these five Office Properties and seven retail parcels for approximately \$175.3 million, funded by the Company's assumption of approximately \$85.4 million in mortgage loans and by a portion of the proceeds from the sale of the Company's interests in The Woodlands on December 31, 2003. The Company recorded the loans assumed at their fair value of approximately \$93.2 million, which includes \$7.8 million of premium. The five Office Properties are included in the Company's Office Segment.

On March 31, 2004, the Company acquired Dupont Centre, a 250,000 square foot Class A office property, located in the John Wayne Airport submarket of Irvine, California. The Company acquired the Office Property for approximately \$54.3 million, funded by a draw on the Company's credit facility and subsequently placed a \$35.5 million non-recourse first mortgage loan on the property. This Office Property is wholly-owned and included in the Company's Office Segment.

On May 10, 2004, the Company completed the purchase of the remaining Hughes Center Office Property in Las Vegas, Nevada for approximately \$18.3 million. ASSET DISPOSITIONS

On March 23, 2004, the Company completed the sale of the 1800 West Loop South Office Property in Houston, Texas. In the transaction, the Fountain Place Office Property was, for tax purposes, sold to FP Investors for \$168.2 million,

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

including the assumption by FP Investors of a new \$90.0 million loan from Lehman Capital. The Company received net proceeds of approximately \$78.2 million. This transaction resulted in the completion of a reverse Section 1031 like-kind exchange associated with the Company's prior purchase of a portion of the Hughes Center office portfolio.

Included in the terms of this transaction is a provision which provides Lehman the unconditional right to require the Company to purchase Lehman's interest in FP Investors for an agreed upon fair value of \$79.9 million at any time until November 30, 2004. For GAAP purposes, under SFAS No. 66, "Accounting for Sales of Real Estate," this unconditional right, or contingency, results in the transaction requiring accounting associated with a financing transaction. As a result, no gain has been recorded on the transaction and the Company's accompanying financial statements continue to include the Office Property, related debt and operations until expiration of the contingency. The fair value of the contingency, \$79.9 million, is included in the "Accounts payable, accrued expenses and other liabilities" line item in the Company's Consolidated Balance Sheet at June 30, 2004.

Also on June 28, 2004, the Company paid off the \$220.0 million Deutsche Bank - CMBS loan with proceeds from the Fountain Place Office Property transaction and a draw on the Company's revolving credit facility. See Note 9, "Notes Payable and Borrowings Under Credit Facility," included in Item 1, "Financial Statements," for further information relating to the \$90.0 million loan with Lehman Capital, secured by the Fountain Place Office Property.

COMPARISON OF THE THREE MONTHS ENDED JUNE 30, 2004 TO THE THREE MONTHS ENDED JUNE 30, 2003

PROPERTY REVENUES

Total property revenues increased \$7.6 million, or 3.5%, to \$227.6 million for the three months ended June 30, 2004, as compared to \$220.0 million for the three months ended June 30, 2003. The primary components of the increase in total property revenues are discussed below.

- o Office Property revenues increased \$13.0 million, or 10.9%, to \$131.8 million, primarily due to:
 - o an increase of \$12.0 million from the acquisitions of The Colonnade in August 2003, the Hughes Center Properties in December 2003 through May 2004, and Dupont Centre in March 2004;
 - o an increase of \$5.0 million in net lease termination fees; and
 - o an increase of \$0.6 million primarily resulting from third party management services and related direct expense reimbursements; partially offset by
 - o a decrease of \$4.7 million from the 54 consolidated Office Properties (excluding 2003 and 2004 acquisitions and properties held for sale) that the Company owned or had an interest in, primarily due to a decrease in full service weighted average rental rates, a decrease in recoveries due to expense reductions, and a decline in net parking revenue, partially offset by a 0.4 point increase in same-store average occupancy (from 85.7% to 86.1%).
- o Resort/Hotel Property revenues increased \$1.0 million, or 2.5%, to \$40.3 million, primarily due to:
 - o an increase of \$1.2 million at the Luxury and Destination Fitness Resorts, primarily Canyon Ranch Tucson and Canyon Ranch Lenox, related to a 3% increase in revenue per available room (from \$290 to \$299) as a result of a 10% increase in average daily rate (from \$444 to \$489).
- o Residential Development Property revenues decreased \$6.4 million, or 10.3%, to \$55.6 million, primarily due to:
 - o a decrease of \$17.3 million in CRDI revenues related to product mix in lots and units available for sale in 2004 versus 2003, primarily at the One Vendue project in Charleston, South Carolina which had sales in 2003, but none in 2004 as the project sold out in 2003; partially offset by
 - o an increase of \$8.9 million in real estate sales primarily due to increased lot sales at DMDC of 12 lots (from 11 to 23) and increased lot sales at MVDC of 10 lots (from 3 to 13 lots); and
 - o an increase of \$1.8 million in club revenue at DMDC and CRDI primarily due to increased membership levels at DMDC and the full impact in 2004 of the sale of Tahoe Club memberships at

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

the Tahoe Mountain Resorts Property, which began selling memberships in mid-2003.

PROPERTY EXPENSES

Total property expenses increased \$0.5 million, or 0.3%, to \$148.0 million for the three months ended June 30, 2004, as compared to \$147.5 million for the three months ended June 30, 2003. The primary components of the variances in property expenses are discussed below.

- o Office Property expenses increased \$1.8 million, or 3.1%, to \$60.4 million, primarily due to:
 - o an increase of \$4.1 million from the acquisition of The Colonnade in August 2003, the Hughes Center Properties in December 2003 through May 2004 and Dupont Centre in March 2004; and
 - o an increase of \$0.4 million related to the cost of providing third party management services to joint venture properties, which is offset by increased third party fee income and direct expense reimbursements; partially offset by
 - o a decrease of \$2.6 million from the 54 consolidated Office Properties (excluding 2003 and 2004 acquisitions and properties held for sale) that the Company owned or had an interest in, primarily due to:
 - o \$1.9 million decrease in property taxes and insurance;
 - o \$1.5 million decrease in utilities expense; partially offset by
 - o \$0.4 million increase in administrative expenses.

- o Resort/Hotel Property expenses increased \$2.5 million, or 7.5%, to \$35.8 million, due to:
 - o an increase of \$1.9 million in operating expenses, general and administrative costs, and advertising at the Destination Fitness Resorts primarily related to increases in employee health insurance costs and an increase in occupancy of 5 percentage points at Canyon Ranch Tucson; and
 - o an increase of \$0.6 million in operating expenses at the resorts.

- o Residential Development Property expenses decreased \$3.8 million, or 6.8%, to \$51.8 million, primarily due to:
 - o a decrease of \$15.6 million primarily due to a reduction in cost of sales related to product mix in lots and units available for sale in 2004 versus 2003 at CRDI, primarily at the One Vendue project in Charleston, South Carolina which had sales in 2003, but none in 2004 as the project sold out

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

in 2003; partially offset by

- o an increase of \$6.8 million in DMDC and MVDC cost of sales due to increased lot sales compared to 2003;
- o an increase of \$2.4 million in marketing expenses at certain CRDI projects; and
- o an increase of \$2.0 million in club operating expenses due to an increase in membership and restaurant addition at CRDI and the golf course additions at DMDC.

OTHER INCOME/EXPENSE

Total other expenses increased \$20.2 million, or 26.0%, to \$97.8 million for the three months ended June 30, 2004, compared to \$77.6 million for the three months ended June 30, 2003. The primary components of the increase in total other expenses are discussed below.

OTHER INCOME

Other income decreased \$6.3 million, or 87.7%, to \$1.0 million for the three months ended June 30, 2004, as compared to \$7.3 million for the three months ended June 30, 2003. The primary components of the decrease in other income are discussed below.

- o Interest and other income increased \$1.8 million primarily due to \$0.7 million of interest on U.S. Treasury and government sponsored agency securities purchased in December 2003 and January 2004 related to debt defeasance, \$0.5 million of dividends received on other marketable securities and a \$0.3 million increase in interest on certain notes resulting from note amendments in December 2003.
- o Equity in net income of unconsolidated companies decreased \$7.4 million, or 164.4%, to a \$2.9 million loss, primarily due to:
 - o a decrease of \$3.0 million in equity in net income (\$1.9 million attributable to Residential Development Properties and \$1.1 million to Office Properties) primarily due to net income recorded in 2003 for the Company's interests in the entities through which the Company held its interests in The Woodlands, which were sold in December 2003;
 - o a decrease of \$2.3 million in Temperature-Controlled Logistics Properties equity in net income primarily due to a decrease in rental revenues net of deferred rent and an increase in interest expense primarily attributable to the \$254.4 million financing with Morgan Stanley Mortgage Capital, Inc. in February 2004; and
 - o a decrease of \$1.4 million in Resort/Hotel Properties equity in net income primarily due to net income recorded in 2003 for the Company's interest in the Ritz-Carlton Hotel Property, which was sold in November 2003, and included a \$1.1 million payment which the Company received from the operator of the Resort/Hotel Property pursuant to the terms of the operating agreement because the property did not achieve the specified net operating income level.

OTHER EXPENSES

Other expenses increased \$13.9 million, or 16.4%, to \$98.8 million for the three months ended June 30, 2004, as compared to \$84.9 million for the three months ended June 30, 2003. The primary components of the increase in other expenses are discussed below.

- o Depreciation expense increased \$9.5 million, or 28.9%, to \$42.4 million, primarily due to:
 - o \$7.6 million increase in Office Property depreciation expense, attributable to:
 - o \$3.2 million from the acquisitions of The Colonnade in August 2003 and the Hughes Center Properties in December 2003 through May 2004, and Dupont Centre in March 2004; and
 - o \$4.4 million due to an increase in leasehold improvements, lease commissions, building improvements, and accelerated depreciation of leasehold improvements and lease commissions upon lease terminations;
 - o \$1.5 million increase in Residential Development Property depreciation expense; and
 - o \$0.6 million increase in Resort/Hotel Property depreciation expense.
- o Interest expense increased \$2.4 million, or 5.6%, to \$45.4 million due to an increase of approximately \$273.0 million in the weighted average debt balance, partially offset by a 0.76 percentage point decrease in the weighted average interest rate (from 7.18% to 6.42%) primarily due to the refinancing and new financings of fixed rate debt at lower interest rates and the termination of \$400.0 million in cash flow hedges, which were replaced with \$400.0 million of cash flow hedges resulting in a 3.1 percentage point reduction in strike prices (from 6.6% to 3.5%).
- o Corporate general and administrative expense increased \$1.1 million, or 19.3%, to \$6.8 million primarily due to salary merit increases, cost increases of employee benefits and restricted stock compensation recorded in 2004.
- o Extinguishment of debt increased \$1.0 million due to the write off of deferred financing costs associated with the reduction of the Bank of America Fund XII Term Loan funded by proceeds from the sale of the Ptarmigan Place Office Property and adjacent land and the payoff of the \$220.0 million Deutsche Bank-CMBS Loan in June 2004 funded with proceeds from the Fountain Place Office Property transaction and a draw on the credit facility.
- o Amortization of deferred financing costs increased \$0.5 million, or 19.2%, to \$3.1 million primarily due to the addition of deferred financing costs related to debt restructuring and refinancing associated with the \$275.0 million secured loan with Bank of America and Deutsche Bank in January 2004.

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

DISCONTINUED OPERATIONS

Income from discontinued operations on assets sold and held for sale decreased \$2.5 million, or 69.4%, to \$1.1 million, primarily due to:

- o a decrease of \$0.9 million, net of minority interests, due to the reduction of net income associated with properties held for sale in 2004 compared to 2003;
- o a decrease of \$0.4 million, net of minority interests, due to the impairment of one Office Property in 2004; partially offset by
- o an increase of \$0.8 million, net of minority interests, due to impairments recorded in 2003 on behavioral healthcare properties.

OFF-BALANCE SHEET ARRANGEMENTS - GUARANTEE COMMITMENTS

The FASB issued Interpretation 45, "Guarantors' Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others," requiring a guarantor to disclose its guarantees. The Company's guarantees in place as of June 30, 2004 are listed in the table below. For the guarantees on indebtedness, no triggering events or conditions are anticipated to occur that would require payment under the guarantees and management believes the assets associated with the loans that are guaranteed are sufficient to cover the maximum potential amount of future payments and therefore, would not require the Company to provide additional collateral to support the guarantees. The Company has not recorded a liability associated with these guarantees as they were entered into prior to the adoption of FIN 45.

See "Recent Developments" in this Item 2, for information on the Company's \$79.9 million contingent obligation related to the Fountain Place Office Property transaction.

The Company has a contingent obligation of approximately \$0.9 million related to a construction warranty matter. The Company believes it is probable that a significant amount would be recoverable through reimbursements from third parties.

CAPITAL EXPENDITURES

As of June 30, 2004, the Company had unfunded capital expenditures of approximately \$34.5 million relating to capital investments that are not in the ordinary course of operations of the Company's business segments. - (6) The Company has a \$2.4 million construction loan with the purchaser of the land, which will be secured by 9 developed lots and a \$0.4 million letter of credit.
- (7) The Sonoma Mission Inn rooms remodel was completed and all rooms were returned to service in July 2004.
- (8) This commitment is related to the Company's investment in a private equity fund and its general partner. The commitment is based on cash contributions and distributions and does not consider equity gains or losses.
- (9) The Company and COPI are assessing other alternatives for the sale of COPI's 40% interest in the tenant of the Temperature-Controlled Logistics properties, AmeriCold Logistics. At this time, the Company does not expect to spin-off to its shareholders a new entity that would purchase COPI's interest in AmeriCold Logistics.

In April 2004, the Company entered into agreements with Ritz-Carlton Hotel Company, L.L.C. to develop the first Ritz-Carlton hotel and condominium project in Dallas, Texas with development to commence upon reaching an acceptable level of pre-sales for the residences. The development plans include a Ritz-Carlton with approximately 216 hotel rooms and 70 residences. Construction on the development is anticipated to begin in the first quarter of 2005.

LIQUIDITY OUTLOOK

The Company expects to fund its short-term capital requirements of approximately \$30.7 million through a combination of net cash flow from operations and borrowings under the Company's credit facility or additional debt facilities. As of June 30, 2004, the Company had maturing debt obligations of \$547.0 million through June 30, 2005, consisting primarily of its credit facility, Fleet Fund I Term Loan and the Lehman Capital Note. The Company plans to refinance the credit facility and the Fleet Fund I Term Loan in 2004. The Lehman Capital Note is also expected to be refinanced. The remaining maturities consist primarily of normal principal amortization and will be met with cash flow from operations. In addition, \$38.1 million of debt relating to the

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

Residential Developments is maturing within the next 12 months and will be retired with the sales of the corresponding land or units or will be refinanced.

The Company expects to meet its other short-term liquidity requirements, consisting of normal recurring operating expenses, principal and interest payment requirements, non-revenue enhancing capital expenditures and revenue enhancing capital expenditures (such as property improvements, tenant improvements and leasing costs), distributions to shareholders and unitholders, and unfunded expenses related to the COPI bankruptcy, primarily through cash flow provided by operating

52

activities. The Company expects to fund the remainder of these short-term liquidity requirements with borrowings under the Company's credit facility, return of capital from Residential Development Properties, proceeds from the sale of non-core investments, other business initiatives or the joint venture of Properties, and borrowings under additional debt facilities.

The Company's long-term liquidity requirements as of June 30, 2004 consist primarily of \$2.2 billion of debt maturing after June 30, 2005. The Company also has \$3.8 million of long-term capital expenditure requirements. The Company anticipates meeting these long-term maturity obligations primarily through refinancing maturing debt with long-term secured and unsecured debt and through other debt and equity financing alternatives as well as cash proceeds received from the sale or joint venture of Properties.

Debt and equity financing alternatives currently available to the Company to satisfy its liquidity requirements and commitments for material capital expenditures include:

- o Additional proceeds from the Company's Credit Facility under which the Company had up to \$151.9 million of borrowing capacity available as of June 30, 2004;
- o Additional proceeds from the refinancing of existing secured and unsecured debt;
- o Additional debt secured by existing underleveraged properties;
- o Issuance of additional unsecured debt; and
- o Equity offerings including preferred and/or convertible securities or joint ventures of existing properties.

The following factors could limit the Company's ability to utilize these financing alternatives:

- o The reduction in the operating results of the Properties supporting the Company's Credit Facility to a level that would reduce the availability of funds under the Credit Facility;
- o A reduction in the operating results of the Properties could limit the Company's ability to refinance existing secured and unsecured debt, or extend maturity dates or could result in an uncured or unwaived event of default;
- o The Company may be unable to obtain debt or equity financing on favorable terms, or at all, as a result of the financial condition of the Company or market conditions at the time the Company seeks

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

additional financing;

- o Restrictions under the Company's debt instruments or outstanding equity may prohibit it from incurring debt or issuing equity on terms available under then-prevailing market conditions or at all; and
- o The Company may be unable to service additional or replacement debt due to increases in interest rates or a decline in the Company's operating performance.

The Company's portion of unconsolidated debt maturing through June 30, 2005 is \$74.4 million. The Company's portion of unconsolidated debt maturing after June 30, 2005 is \$410.0 million. Unconsolidated debt is the liability of the unconsolidated entity, is typically secured by that entity's property, and is non-recourse to the Company except where a guarantee exists.

EQUITY AND DEBT FINANCING

SERIES A PREFERRED OFFERING

On January 15, 2004, the Company completed an offering (the "January 2004 Series A Preferred Offering") of an additional 3,400,000 Series A Convertible Cumulative Preferred Shares (the "Series A Preferred Shares") at a \$21.98 per share price and with a liquidation preference of \$25.00 per share for aggregate total offering proceeds of approximately \$74.7 million. The Series A Preferred Shares are convertible at any time, in whole or in part, at the option of the holders, into common shares of the Company at a conversion price of \$40.86 per common share (equivalent to a conversion rate of 0.6119 common shares per Series A Preferred Share), subject to adjustment in certain circumstances. The Series A Preferred Shares have no stated maturity and are not subject to sinking fund or mandatory redemption. At any time, the Series A Preferred Shares may be redeemed, at the Company's option, by paying \$25.00 per share plus any accumulated accrued and unpaid distributions. Dividends on the additional Series A Preferred Shares are cumulative from November 16, 2003, and are payable quarterly in arrears on the fifteenth of February, May, August and November, commencing February 16, 2004. The annual fixed dividend on the Series A Preferred Shares is \$1.6875 per share.

Net proceeds to the Company from the January 2004 Series A Preferred Offering were approximately \$71.0 million after underwriting discounts, offering costs and dividends accrued on the shares up to the issuance date. The Company used the net proceeds to pay down the Company's credit facility.

AVERAGE REMAINING TERM

- (1) For more information regarding the terms of the Company's debt financing arrangements, including properties securing the Company's secured debt and the method of calculation of the interest rate for the Company's variable rate debt, see Note 9, "Notes Payable and Borrowings under the Credit Facility," included in Item 1, "Financial Statements."
- (2) In December 2003, the Company defeased approximately \$8.7 million of this loan to release one of the Funding II Properties securing the loan by purchasing \$9.6 million in U.S. Treasuries and government sponsored agency securities to substitute as collateral. On January 15, 2004, the Company defeased approximately \$150.7 million to release the remainder of the Funding II properties by purchasing \$170.0 million in U.S. Treasuries and government sponsored agency securities. The earnings and principal maturity from these investments will pay the principal and interest associated with the LaSalle Note II.
- (3) Includes a portion of total premiums of \$7.7 million reflecting market value of debt acquired with purchase of Hughes Center portfolio.
- (4) This loan has one one-year extension option.
- (5) The outstanding balance excludes letters of credit issued under the credit facility of \$7.6 million.
- (6) The overall weighted average interest rate does not include the effect of the Company's cash flow hedge agreements. Including the effect of these agreements, the overall weighted average interest rate would have been 6.82%.

54

The Company is generally obligated by its debt agreements to comply with financial covenants, affirmative covenants and negative covenants, or some combination of these types of covenants. The financial covenants to which the Company is subject include, among others, leverage ratios, debt service coverage ratios and limitations on total indebtedness. The affirmative covenants to which the Company is subject under its debt agreements include, among others, provisions requiring the Company to comply with all laws relating to operation of any Properties securing the debt, maintain those Properties in good repair and working order, maintain adequate insurance and provide timely financial information. The negative covenants under the Company's debt agreements generally restrict the Company's ability to transfer or pledge assets or incur additional debt at a subsidiary level, limit the Company's ability to engage in transactions with affiliates and place conditions on the Company's or a subsidiary's ability to make distributions.

Failure to comply with covenants generally will result in an event of default under that debt instrument. Any uncured or unwaived events of default under the Company's loans can trigger an increase in interest rates, an acceleration of payment on the loan in default, and for the Company's secured debt, foreclosure on the property securing the debt, and could cause the credit facility to become unavailable to the Company. In addition, an event of default by the Company or any of its subsidiaries with respect to any indebtedness in excess of \$5.0 million generally will result in an event of default under the Credit Facility, 2007 Notes, 2009 Notes, Bank of America Fund XII Term Loan, the Fleet Fund I Term Loan and the Fleet Term Loan after the notice and cure periods for the other indebtedness have passed. As a result, any uncured or unwaived event of default could have an adverse effect on the Company's business, financial condition, or liquidity.

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

The Company's debt facilities generally prohibit loan prepayment for an initial period, allow prepayment with a penalty during a following specified period and allow prepayment without penalty after the expiration of that period. During the six months ended June 30, 2004, there were no circumstances that required prepayment penalties or increased collateral related to the Company's existing debt.

On June 28, 2004, the Company paid off the \$220.0 million Deutsche Bank-CMBS loan with proceeds from the Fountain Place transaction and a draw on the Company's credit facility. See "Recent Developments," in this Item 2, for additional information regarding the Fountain Place transaction. The loan was secured by the Funding X Properties and Spectrum Center. In July 2004, the Company unwound the \$220.0 million interest rate cap with JP Morgan Chase that corresponded to this loan.

DEFEASANCE OF LASALLE NOTE II

In January 2004, the Company released the remaining properties in Funding II by reducing the Fleet Fund I and II Term Loan by \$104.2 million and purchasing an additional \$170.0 million of U.S. Treasury and government sponsored agency securities with an initial weighted average yield of 1.76%. The Company placed those securities into a collateral account for the sole purpose of funding payments of principal and interest on the remainder of the LaSalle Note II. The cash flow from the securities is structured to match the cash flow (principal and interest payments) required under the LaSalle Note II. The retirement of the Fleet loan and the purchase of the defeasance securities were funded through the \$275 million Bank of America Fund XII Term Loan. The collateral for the Bank of America loan is 10 of the 11 properties previously in the Funding II collateral pool, which are now held in Funding XII. The Bank of America loan is structured to allow the Company the flexibility to sell, joint venture or long-term finance these 10 assets over the next 36 months. The final Funding II property, Liberty Plaza, was moved to the Operating Partnership and subsequently sold in April 2004.

UNCONSOLIDATED DEBT ARRANGEMENTS

As of June 30, 2004, the total debt of the unconsolidated joint ventures and equity investments in which the Company has ownership interests was \$1.3 billion, of which the Company's share was \$484.4 million. The Company had guaranteed \$6.4 million of this debt as of June 30, 2004. Additional information relating to the Company's unconsolidated debt financing arrangements is contained in Note 8, "Investments in Unconsolidated Companies," of Item 1, "Financial Statements."

55

DERIVATIVE INSTRUMENTS AND HEDGING ACTIVITIES

The Company uses derivative financial instruments to convert a portion of its variable rate debt to fixed rate debt and to manage its fixed to variable rate debt ratio. As of June 30, 2004, the Company had three cash flow hedge agreements which are accounted for in conformity with SFAS No. 133, "Accounting for Derivative Instruments and Hedging Activities," as amended by SFAS No. 138, "Accounting for Certain Derivative Instruments and Certain Hedging Activities - an Amendment of FASB Statement No. 133."

The following table shows information regarding the Company's interest rate swaps designated as cash flow hedge agreements during the six months ended

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

June 30, 2004, and additional interest expense and unrealized gains (losses) recorded in Accumulated Other Comprehensive Income ("OCI").

EFFECTIVE DATE	NOTIONAL AMOUNT	MATURITY DATE	REFERENCE RATE	FAIR MARKET VALUE	ADDITIONAL INTEREST EXPENSE	CHANGE IN UNREALIZED GAINS (LOSSES)

				\$ (4,295)	\$ 6,524	\$

In addition, two of the Company's unconsolidated companies have cash flow hedge agreements of which the Company's portion of change in unrealized gains reflected in OCI was approximately \$0.4 million for the six months ended June 30, 2004.

INTEREST RATE CAP

In March 2004, in connection with the Bank of America Fund XII Term Loan, the Company entered into a LIBOR interest rate cap struck at 6.00% for a notional amount of approximately \$206.3 million through August 31, 2004, \$137.5 million from September 1, 2004 through February 28, 2005, and \$68.8 million from March 1, 2005 through March 1, 2006. Simultaneously, the Company sold a LIBOR interest rate cap with the same terms. Since these instruments do not reduce the Company's net interest rate risk exposure, they do not qualify as hedges and changes to their respective fair values are charged to earnings as the changes occur. As the significant terms of these arrangements are the same, the effects of a revaluation of these instruments are expected to offset each other.

TEMPERATURE-CONTROLLED LOGISTICS SEGMENT

AmeriCold Logistics, a limited liability company owned 60% by Vornado Operating L.P. and 40% by a subsidiary of Crescent Operating, Inc. ("COPI"), as sole lessee of the Temperature-Controlled Logistics Properties, leases the Temperature-Controlled Logistics Properties from the Temperature-Controlled Logistics Corporation under three triple-net master leases, as amended. The Company has no interest in COPI or AmeriCold Logistics. On March 2, 2004, the Temperature-Controlled Logistics Corporation and AmeriCold Logistics amended the leases to further extend the deferred rent period to December 31, 2005, from December 31, 2004. The parties previously extended the deferred rent period to December 31, 2004 from December 31, 2003, on March 7, 2003.

Under terms of the leases, AmeriCold Logistics elected to defer \$26.9 million of the total \$78.9 million of rent payable for the six months ended June 30, 2004. The Company's share of the deferred rent was \$10.8 million. The Company recognizes rental income from the Temperature-Controlled Logistics Properties when earned and collected and has not recognized the \$10.8 million of deferred rent in equity in net income of the Temperature-Controlled Logistics Properties for the six months ended June 30, 2004. As of June 30, 2004, the Temperature-Controlled Logistics Corporation's deferred rent and valuation allowance from AmeriCold Logistics were \$109.3 million and \$101.2 million,

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

respectively, of which the Company's portions were \$43.7 million and \$40.5 million, respectively.

As a result of the continuing inability of AmeriCold Logistics to pay the full amount of the rent due under the leases without deferral elections, the Company anticipates that the Temperature-Controlled Logistics Corporation may restructure the leases in 2004, although it is under no obligation to do so.

On February 5, 2004, the Temperature-Controlled Logistics Corporation completed a \$254.4 million mortgage financing with Morgan Stanley Mortgage Capital Inc., secured by 21 of its owned and seven of its leased temperature-controlled logistics properties. The loan matures in April 2009, bears interest at LIBOR plus 295 basis points (with a LIBOR floor of 1.5% with respect to \$54.4 million of the loan) and requires principal payments of \$5.0 million annually. The net proceeds to the Temperature-Controlled Logistics Corporation were approximately \$225.0 million, after closing costs and the repayment of approximately \$12.9 million in existing mortgages. On February 6, 2004, the Temperature-Controlled Logistics Corporation distributed cash of approximately \$90.0 million to the Company.

SIGNIFICANT ACCOUNTING POLICIES

CRITICAL ACCOUNTING POLICIES

The Company's discussion and analysis of financial condition and results of operations is based on its consolidated financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States. The preparation of these financial statements requires the Company to make estimates and judgments that affect the reported amounts of assets, liabilities, and contingencies as of the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. The Company evaluates its assumptions and estimates on an ongoing basis. The Company bases its estimates on historical experience and on various other assumptions that it believes to be reasonable under the circumstances. These estimates form the basis for making judgments about the carrying values of assets and liabilities where that information is available from other sources. Certain estimates are particularly sensitive due to their significance to the financial statements. Actual results may differ significantly from management's estimates.

The Company believes that the most significant accounting policies that involve the use estimates and assumptions as to future uncertainties and, therefore, may result in actual amounts that differ from estimates are the following:

- o Impairments,
- o Acquisition of operating properties,
- o Relative sales method and percentage of completion (Residential Development entities),
- o Gain recognition on sale of real estate assets,
- o Consolidation of variable interest entities, and
- o Allowance for doubtful accounts.

IMPAIRMENTS. Real estate and leasehold improvements are classified as long-lived assets held for sale or long-lived assets to be held and used. In accordance with SFAS No. 144, the Company records assets held for sale at the lower of carrying value or sales price less costs to sell. For assets classified as held and used, these assets are tested for recoverability when events or changes in circumstances indicate that the estimated carrying amount may not be recoverable. An impairment loss is recognized when expected undiscounted future cash flows from a Property is less than the carrying value of the Property. The Company's estimates of cash flows of the Properties requires the Company to make

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

assumptions related to future rental rates, occupancies, operating expenses, the ability of the Company's tenants to perform pursuant to their lease obligations and proceeds to be generated from the eventual sale of the Company's Properties. Any changes in estimated

58

future cash flows due to changes in the Company's plans or views of market and economic conditions could result in recognition of additional impairment losses.

If events or circumstances indicate that the fair value of an investment accounted for using the equity method has declined below its carrying value and the Company considers the decline to be "other than temporary," the investment is written down to fair value and an impairment loss is recognized. The evaluation of impairment for an investment would be based on a number of factors, including financial condition and operating results for the investment, inability to remain in compliance with provisions of any related debt agreements, and recognition of impairments by other investors. Impairment recognition would negatively impact the recorded value of our investment and reduce net income.

ACQUISITION OF OPERATING PROPERTIES. The Company allocates the purchase price of acquired properties to tangible and identified intangible assets acquired based on their fair values in accordance with SFAS No. 141, "Business Combinations."

In making estimates of fair value for purposes of allocating purchase price, management utilizes sources, including, but not limited to, independent value consulting services, independent appraisals that may be obtained in connection with financing the respective property, and other market data. Management also considers information obtained about each property as a result of its pre-acquisition due diligence, marketing and leasing activities in estimating the fair value of the tangible and intangible assets acquired.

The aggregate value of the tangible assets acquired is measured based on the sum of (i) the value of the property and (ii) the present value of the amortized in-place tenant improvement allowances over the remaining term of each lease. Management's estimates of the value of the property are made using models similar to those used by independent appraisers. Factors considered by management in its analysis include an estimate of carrying costs such as real estate taxes, insurance, and other operating expenses and estimates of lost rentals during the expected lease-up period assuming current market conditions. The value of the property is then allocated among building, land, site improvements, and equipment. The value of tenant improvements is separately estimated due to the different depreciable lives.

The aggregate value of intangible assets acquired is measured based on the difference between (i) the purchase price and (ii) the value of the tangible assets acquired as defined above. This value is then allocated among above-market and below-market in-place lease values, costs to execute similar leases (including leasing commissions, legal expenses and other related expenses), in-place lease values and customer relationship values.

Above-market and below-market in-place lease values for acquired properties are calculated based on the present value (using a market interest rate which reflects the risks associated with the leases acquired) of the difference between (i) the contractual amounts to be paid pursuant to the in-place leases and (ii) management's estimate of fair market lease rates for the corresponding in-place leases, measured over a period equal to the remaining

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

non-cancelable term of the lease for above-market leases and the initial term plus the term of the below-market fixed rate renewal option, if any, for below-market leases. The Company performs this analysis on a lease by lease basis. The capitalized above-market lease values are amortized as a reduction to rental income over the remaining non-cancelable terms of the respective leases. The capitalized below-market lease values are amortized as an increase to rental income over the initial term plus the term of the below-market fixed rate renewal option, if any, of the respective leases.

Management estimates costs to execute leases similar to those acquired at the property at acquisition based on current market conditions. These costs are recorded based on the present value of the amortized in-place leasing costs on a lease by lease basis over the remaining term of each lease.

The in-place lease values and customer relationship values are based on management's evaluation of the specific characteristics of each customer's lease and the Company's overall relationship with that respective customer. Characteristics considered by management in allocating these values include the nature and extent of the Company's existing business relationships with the customer, growth prospects for developing new business with the customer, the customer's credit quality, and the expectation of lease renewals, among other factors. The in-place lease value and customer relationship value are both amortized to expense over the initial term of the respective leases and projected renewal periods, but in no event does the amortization period for the intangible assets exceed the remaining depreciable life of the building.

Should a tenant terminate its lease, the unamortized portion of the in-place lease value and the customer relationship value and above-market and below-market in-place lease values would be charged to expense.

RELATIVE SALES METHOD AND PERCENTAGE OF COMPLETION. The Company uses the accrual method to recognize earnings from the sale of Residential Development Properties when a third-party buyer had made an adequate cash down payment and has attained the attributes of ownership. If a sale does not qualify for the accrual method of recognition,

deferral methods are used as appropriate including the percentage-of-completion method. In certain cases, when the Company receives an inadequate cash down payment and takes a promissory note for the balance of the sales price, revenue recognition is deferred until such time as sufficient cash is received to meet minimum down payment requirements. The cost of residential property sold is defined based on the type of product being purchased. The cost of sales for residential lots is generally determined as a specific percentage of the sales revenues recognized for each Residential Development project. The percentages are based on total estimated development costs and sales revenue for each Residential Development project. These estimates are revised annually and are based on the then-current development strategy and operating assumptions utilizing internally developed projections for product type, revenue and related development costs. The cost of sale for residential units (such as townhomes and condominiums) is determined using the relative sales value method. If the residential unit has been sold prior to the completion of infrastructure cost, and those uncompleted costs are not significant in relation to total costs, the full accrual method is utilized. Under this method, 100% of the revenue is recognized, and a commitment liability is established to reflect the allocated estimated future costs to complete the residential unit. If the Company's estimates of costs or the percentage of completion is incorrect, it could result in either an increase or decrease in cost of sales expense or revenue recognized

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

and therefore, an increase or decrease in net income.

GAIN RECOGNITION ON SALE OF REAL ESTATE ASSETS. The Company performs evaluations of each real estate sale to determine if full gain recognition is appropriate in accordance with SFAS No. 66, "Accounting for Sales of Real Estate." The application of SFAS No. 66 can be complex and requires the Company to make assumptions including an assessment of whether the risks and rewards of ownership have been transferred, the extent of the purchaser's investment in the property being sold, whether the Company's receivables, if any, related to the sale are collectible and are subject to subordination, and the degree of the Company's continuing involvement with the real estate asset after the sale. If full gain recognition is not appropriate, the Company accounts for the sale under an appropriate deferral method.

CONSOLIDATION OF VARIABLE INTEREST ENTITIES. On January 15, 2003, the FASB approved the issuance of Interpretation 46, "Consolidation of Variable Interest Entities," ("FIN 46"), an interpretation of Accounting Research Bulletin No. 51, "Consolidated Financial Statements." In December 2003, the FASB issued FIN 46R, "Consolidation of Variable Interest Entities" ("FIN 46R"), which amended FIN 46. Under FIN 46R, consolidation requirements are effective immediately for new Variable Interest Entities ("VIEs") created after January 31, 2003. The consolidation requirements apply to existing VIEs for financial periods ending after March 15, 2004, except for special purpose entities which had to be consolidated by December 31, 2003. VIEs are generally a legal structure used for business enterprises that either do not have equity investors with voting rights, or have equity investors that do not provide sufficient financial resources for the entity to support its activities. The objective of the new guidance is to improve reporting by addressing when a company should include in its financial statements the assets, liabilities and activities of other entities such as VIEs. FIN 46R requires VIEs to be consolidated by a company if the company is subject to a majority of the expected losses of the VIE's activities or entitled to receive a majority of the entity's expected residual returns or both.

The adoption of FIN 46R did not have a material impact to the Company's financial condition or results of operations. Due to the adoption of this Interpretation and management's assumptions in application of the guidelines stated in the Interpretation, the Company has consolidated GDW LLC, a subsidiary of DMDC, as of December 31, 2003 and Elijah Fulcrum Fund Partners, L.P. ("Elijah") as of January 1, 2004. Elijah is a limited partnership whose purpose is to invest in the SunTx Fulcrum Fund, L.P. SunTx Fulcrum Fund, L.P.'s objective is to invest in a portfolio of acquisitions that offer the potential for substantial capital appreciation. While it was determined that one of the Company's unconsolidated joint ventures, Main Street Partners, L.P., and its investments in Canyon Ranch Las Vegas, L.L.C., CR License, L.L.C. and CR License II, L.L.C. ("Canyon Ranch Entities") are VIEs under FIN 46R, the Company is not the primary beneficiary and is not required to consolidate these entities under other GAAP. The Company's maximum exposure to loss is limited to its equity investment of approximately \$52.0 million in Main Street Partners, L.P. and \$5.1 million in the Canyon Ranch Entities at June 30, 2004.

In connection with the Hughes Center acquisition, the Company entered into two separate exchange agreements with a third party intermediary. The first exchange agreement includes two parcels of undeveloped land and the second exchange agreement includes the 3930 Hughes Parkway Office Property. Both agreements were for a maximum term of 180 days and allow the Company to pursue favorable tax treatment on other properties sold by the Company within this period. During the 180-day periods, which will end on August 28, 2004 and November 6, 2004, respectively, the third party intermediary is the legal owner of the properties, although the Company controls the properties, retains all of the economic benefits and risks associated with these properties and indemnifies the third party intermediary and, therefore, the Company fully consolidates

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

these properties. The Company will take legal ownership of the properties no later than on the expiration of the 180-day period.

Further, in connection with the Hughes Center acquisition, the Company entered into an exchange agreement with a third party intermediary for six of the Office Properties and the nine retail parcels. This agreement was for a maximum term

60

of 180 days and allowed the Company to pursue favorable tax treatment on other properties sold by the Company within this period. During the 180-day period, which ended on June 28, 2004, the third party intermediary was the legal owner of the properties, although the Company controlled the properties, retained all of the economic benefits and risks associated with these properties and indemnified the third party intermediary and, therefore, the Company fully consolidated these properties. On June 28, 2004, the Company took legal ownership of the Office Properties.

ALLOWANCE FOR DOUBTFUL ACCOUNTS. The Company's accounts receivable balance is reduced by an allowance for amounts that may become uncollectible in the future. The Company's receivable balance is composed primarily of rents and operating cost recoveries due from its tenants. The Company also maintains an allowance for deferred rent receivables which arise from the straight-lining of rents. The allowance for doubtful accounts is reviewed at least quarterly for adequacy by reviewing such factors as the credit quality of the Company's tenants, any delinquency in payment, historical trends and current economic conditions. If the assumptions regarding the collectibility of accounts receivable prove incorrect, the Company could experience write-offs in excess of its allowance for doubtful accounts, which would result in a decrease in net income.

ADOPTION OF NEW ACCOUNTING STANDARD

EITF 03-1. At the March 17-18, 2004 meeting, consensus was reached by the FASB Emerging Issues Task Force on EITF 03-1, "The Meaning of Other-Than-Temporary Impairment and Its Application to Certain Investments." The Consensus applies to investments in debt and equity securities within the scope of SFAS Nos. 115, "Accounting for Certain Investments in Debt and Equity Securities," and 124, "Accounting for Certain Investments Held by Not-for-Profit Organizations." It also applies to investments in equity securities that are both outside SFAS No. 115's scope and not accounted for under the equity method. The Task Force reached a consensus that certain quantitative and qualitative disclosures should be required for securities that are impaired at the balance sheet date but for which an other-than-temporary impairment has not been recognized. The new impairment guidance creates a model that calls for many judgments and additional evidence gathering in determining whether or not securities are other-than-temporarily impaired and lists some of these impairment indicators. The impairment accounting guidance is effective for periods beginning after June 15, 2004 and the disclosure requirements for annual reporting periods are effective for periods ending after June 15, 2004. The Company adopted EITF 03-1 effective July 1, 2004 and expects no impact on the Company's financial condition or its results of operations.

FUNDS FROM OPERATIONS

FFO, as used in this document, means:

- o Net Income (Loss) - determined in accordance with GAAP;
- o excluding gains (or losses) from sales of depreciable operating property;
- o excluding extraordinary items (as defined by GAAP);
- o plus depreciation and amortization of real estate assets; and
- o after adjustments for unconsolidated partnerships and joint ventures.

The Company calculates FFO available to common shareholders - diluted in the same manner, except that Net Income (Loss) is replaced by Net Income (Loss) Available to Common Shareholders and the Company includes the effect of operating partnership unitholder minority interests.

The National Association of Real Estate Investment Trusts ("NAREIT") developed FFO as a relative measure of performance and liquidity of an equity REIT to recognize that income-producing real estate historically has not depreciated on the basis determined under GAAP. The Company considers FFO available to common shareholders - diluted and FFO appropriate measures of performance for an equity REIT and for its investment segments. However, FFO available to common shareholders - diluted and FFO should not be considered an alternative to net income determined in accordance with GAAP as an indication of the Company's operating performance.

The aggregate cash distributions paid to common shareholders and unitholders for the six months ended June 30, 2004 and 2003 were \$87.8 million and \$87.7 million, respectively. The Company reported FFO available to common shareholders before impairments charges related to real estate assets - diluted of \$58.6 million and \$77.9 million, for the six months ended June 30, 2004 and 2003, respectively. The Company reported FFO available to common shareholders after impairments charges related to real estate assets - diluted of \$55.7 million and \$59.8 million, for the six months ended June 30, 2004 and 2003, respectively.

An increase or decrease in FFO available to common shareholders - diluted does not necessarily result in an increase or decrease in aggregate distributions because the Company's Board of Trust Managers is not required to increase distributions on a quarterly basis unless necessary for the Company to maintain REIT status. However, the Company must distribute 90% of its REIT taxable income (as defined in the Code). Therefore, a significant increase in FFO available to common shareholders - diluted will generally require an increase in distributions to shareholders and unitholders although not necessarily on a proportionate basis.

Accordingly, the Company believes that to facilitate a clear understanding of the consolidated historical operating results of the Company, FFO available to common shareholders - diluted should be considered in conjunction with the Company's net income and cash flows reported in the consolidated financial statements and notes to the financial statements. However, the Company's measure of FFO available to common shareholders - diluted may not be comparable to similarly titled measures of other REITs because these REITs may apply the definition of FFO in a different manner than the Company.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

No material changes in the Company's market risk occurred from December 31, 2003 through June 30, 2004. Information regarding the Company's market risk at December 31, 2003 is contained in Item 7A, "Quantitative and Qualitative Disclosures About Market Risk," in the Company's Annual Report on Form 10-K for the year ended December 31, 2003.

ITEM 4. CONTROLS AND PROCEDURES

The Company maintains disclosure controls and procedures that are designed to ensure that information required to be disclosed in the Company's reports under the Securities Exchange Act of 1934, as amended (the "Exchange Act") is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms, and that such information is accumulated and communicated to the Company's management, including its Chief Executive Officer and its Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure based closely on the definition of "disclosure controls and procedures" in Rule 13a-15(e) promulgated under the Exchange Act. In designing and evaluating the disclosure controls and procedures, management recognized that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives, and management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

As of June 30, 2004, the Company carried out an evaluation, under the

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

supervision and with the participation of the Company's management, including its Chief Executive Officer and its Chief Financial Officer, of the effectiveness of the design and operation of the Company's disclosure controls and procedures. Based on the foregoing, the Company's Chief Executive Officer and its Chief Financial Officer concluded that the Company's disclosure controls and procedures were effective at the reasonable assurance level.

During the three months ended June 30, 2004, there was no change in the Company's internal control over financial reporting that has materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting.

The Company has registered the resale of such common shares under the Securities Act.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

The annual meeting of shareholders of the Company was held on June 28, 2004.

Two proposals were submitted to a vote of shareholders as follows:

- (1) The shareholders approved the election of the following individuals as trust managers of the Company:
