### Segments

Our assets and operations consisted of four investment segments at September 30, 2005, as follows:

Office Segment;

Resort Residential Development Segment;

Resort/Hotel Segment; and

Temperature-Controlled Logistics Segment.

Within these segments, we owned in whole or in part the following operating real estate assets, which we refer to as the Properties, as of September 30, 2005:

**Office Segment** consisted of 76 office properties, which we refer to as the Office Properties, located in 26 metropolitan submarkets in seven states, with an aggregate of approximately 31.3 million net rentable square feet. Fifty-three of the Office Properties are wholly-owned and 23 are owned through joint ventures, two of which are consolidated and 21 of which are unconsolidated.

**Resort Residential Development Segment** consisted of our ownership of common stock representing interests of 98% to 100% in four Resort Residential Development Corporations and two limited partnerships. These Resort Residential Development Corporations, through partnership arrangements, owned in whole or in part 27 upscale resort residential development properties, which we refer to as the Resort Residential Development Properties.

**Resort/Hotel Segment** consisted of five luxury and destination fitness resorts and spas with a total of 1,034 rooms/guest nights and three upscale business-class hotel properties with a total of 1,376 rooms, which we refer to as the Resort/Hotel Properties. Five of the Resort/Hotel Properties are wholly-owned, one is owned through a joint venture that is consolidated and two are owned through joint ventures that are unconsolidated.

**Temperature-Controlled Logistics Segment** consisted of our 31.7% interest in AmeriCold Realty Trust, or AmeriCold, a REIT. As of September 30, 2005, AmeriCold operated 100 facilities, of which 84 were wholly-owned, one was partially-owned and fifteen were managed for outside owners. The 85 owned facilities, which we refer to as the Temperature-Controlled Logistics Properties, had an aggregate of approximately 437.2 million cubic feet (17.4 million square feet) of warehouse space. AmeriCold also owned one quarry and the related land.

See Note 3, Segment Reporting, for a table showing selected financial information for each of these investment segments for the nine months ended September 30, 2005 and 2004, and total assets, consolidated property level financing, consolidated other liabilities, and minority interests for each of these investment segments at September 30, 2005 and December 31, 2004.

**Basis of Presentation**

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with generally accepted accounting principles for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the nine month period ended September 30, 2005, are not necessarily indicative of the results that may be expected for the year ended December 31, 2005.

The consolidated balance sheet at December 31, 2004, has been derived from the audited consolidated financial statements at that date but does not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements.

You should read these consolidated financial statements in conjunction with the consolidated financial statements and footnotes thereto in our annual report on Form 10-K for the year ended December 31, 2004.

Certain amounts in prior period financial statements have been reclassified to conform to current period.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Adoption of New Accounting Standards**

**SFAS No. 123R.** In December 2004, the Financial Accounting Standards Board, or FASB, issued Statement of Financial Accounting Standards, or SFAS, No. 123R (Revised 2004), *Share-Based Payment*. The new FASB rule requires that the compensation cost relating to share-based payment transactions be recognized in financial statements. That cost will be measured based on the fair value of the equity or liability instruments issued. We will be required to apply SFAS No. 123R beginning January 1, 2006. The scope of SFAS No. 123R includes a wide range of share-based compensation arrangements including share options, restricted share plans, performance-based awards, share appreciation rights, and employee share purchase plans. SFAS No. 123R replaces SFAS No. 123, *Accounting for Stock-Based Compensation*, and supersedes Accounting Principles Board, or APB, Opinion No. 25, *Accounting for Stock Issued to Employees*. SFAS No. 123, as originally issued in 1995, established as preferable a fair-value-based method of accounting for share-based payment transactions with employees. However, that statement permitted entities the option of continuing to apply the guidance in Opinion No. 25, as long as the footnotes to the financial statements disclosed what net income would have been had the preferable fair-value-based method been used. Effective January 1, 2003, we adopted the fair value expense recognition provisions of SFAS No. 123 on a prospective basis. We intend to adopt SFAS No. 123R using the modified prospective application method which requires, among other things, that we recognize compensation cost for all awards outstanding at January 1, 2006, for which the requisite service has not yet been rendered. We are continuing to evaluate the impact of the adoption of

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**

**SFAS No. 154.** In May 2005, the FASB issued SFAS No. 154, *Accounting Changes and Error Corrections*. This new standard replaces APB Opinion No. 20, *Accounting Changes*, and SFAS No. 3, *Reporting Accounting Changes in Interim Financial Statements*. Among other changes, SFAS No. 154 requires that a voluntary change in accounting principle be applied retrospectively with all prior period financial statements presented on the new accounting principle, unless it is impracticable to do so. SFAS No. 154 also provides that (1) a change in method of depreciating or amortizing a long-lived nonfinancial asset be accounted for as a change in estimate (prospectively) that was effected by a change in accounting principle, and (2) correction of errors in previously issued financial statements should be termed a restatement. The new standard is effective for accounting changes and correction of errors made in fiscal years beginning after December 15, 2005. Early adoption of this standard is permitted for accounting changes and correction of errors made in fiscal years beginning after June 1, 2005. We do not believe there will be an impact to our financial condition or results of operations from the adoption of SFAS No. 154.

**EITF 04-5.** At its June 2005 meeting, the Emerging Issues Task Force, or EITF, reached a consensus regarding Issue No. 04-5 (EITF 04-5), *Determining Whether a General Partner, or the General Partners as a Group, Controls a Limited Partnership or Similar Entity When the Limited Partners Have Certain Rights*. EITF 04-5 is effective immediately for all newly-formed limited partnerships and for existing limited partnership agreements that are modified. The guidance will be effective for existing limited-partnership agreements that are not modified no later than the beginning of the first reporting period in fiscal years beginning after December 15, 2005. The guidance provides a framework for addressing the question of when a general partner, as defined in EITF 04-5, should consolidate a limited partnership. The EITF has concluded that the general partner of a limited partnership should consolidate a limited partnership unless (1) the limited partners possess substantive kick-out rights as defined in paragraph B20 of FIN 46(R), *Consolidation of Variable Interest Entities*, or (2) the limited partners possess substantive participating rights similar to the rights described in Issue 96-16, *Investor's Accounting for an Investee When the Investor has a Majority of the Voting Interest but the Minority Shareholder or Shareholders have Certain Approval or Veto Rights*. The FASB has amended Statement of Position 78-9, *Accounting for Investments in Real Estate Ventures*, and EITF 96-16, to conform and align with the guidelines set forth in EITF 04-5. We do not believe there will be an impact to our financial condition or results of operations from the adoption of EITF 04-5 in the current year. We are continuing to evaluate the impact of EITF 04-5, when applicable, to all existing partnerships.

**Significant Accounting Policies**

**Stock-Based Compensation.** Effective January 1, 2003, we adopted the fair value expense recognition provisions of SFAS No. 123 on a prospective basis as permitted by SFAS No. 148, *Accounting for Stock-Based Compensation Transition and Disclosure*, which requires that the fair value of stock options at the date of grant be amortized ratably into expense over the appropriate vesting period. With respect to our stock options which were granted prior to 2003, we accounted for stock-based compensation using the intrinsic value method prescribed in APB Opinion No. 25, and related Interpretations. Had compensation cost been determined based on the fair value at the grant dates for awards under the plans consistent with SFAS No. 123, our net loss and loss per share would have been reduced to the following pro forma amounts:

**Earnings Per Share.** SFAS No. 128, *Earnings Per Share*, or EPS, specifies the computation, presentation and disclosure requirements for earnings per share.

Basic EPS is computed by dividing net income available to common shareholders by the weighted average number of shares outstanding for the period. Diluted EPS reflects the potential dilution that could occur if securities or other contracts to issue common shares were exercised or converted into common shares, where such exercise or conversion would result in a lower EPS amount. We present both basic and diluted earnings per share.

The following tables present the reconciliation for the three and nine months ended September 30, 2005 and 2004, of basic and diluted earnings per share from Loss before discontinued operations and cumulative effect of a change in accounting principle to Net income (loss) available to common shareholders. The tables also include weighted average shares on a basic and diluted basis.

**3. SEGMENT REPORTING**

For purposes of segment reporting as defined in SFAS No. 131, we have four major investment segments based on property type: the Office Segment; the Resort Residential Development Segment; the Resort/Hotel Segment and the Temperature-Controlled Logistics Segment. Management utilizes this segment structure for making operating decisions and assessing performance.

We use funds from operations, or FFO, as the measure of segment profit or loss. FFO, as used in this document, is based on the definition adopted by the Board of Governors of the National Association of Real Estate Investment Trusts, or NAREIT, and means:

Net Income (Loss) determined in accordance with GAAP;

excluding gains (losses) from sales of depreciable operating property;

excluding extraordinary items (as defined by GAAP);

plus depreciation and amortization of real estate assets; and

after adjustments for unconsolidated partnerships and joint ventures.

We calculate FFO available to common shareholders diluted in the same manner, except that Net Income (Loss) is replaced by Net Income (Loss) Available to Common Shareholders and we include the effect of Operating Partnership unitholder minority interests.

NAREIT developed FFO as a relative measure of performance of an equity REIT to recognize that income-producing real estate historically has not depreciated on the basis determined under GAAP. We consider FFO available to common shareholders diluted and FFO appropriate measures of performance for an equity REIT and for

its investment segments. However, FFO available to common shareholders diluted and FFO should not be considered as alternatives to net income determined in accordance with GAAP as an indication of our operating performance.

Our measures of FFO available to common shareholders diluted and FFO may not be comparable to similarly titled measures of other REITs if those REITs apply the definition of FFO in a different manner than we apply it.

As of September 30, 2005, El Paso was current on all rental obligations.

**7. JOINT VENTURES****Canyon Ranch®**

On January 18, 2005, we contributed Canyon Ranch Tucson, our 50% interest and our preferred interest in CR Las Vegas, LLC and our 30% interest in CR License, L.L.C., CR License II, L.L.C., CR Orlando LLC and CR Miami LLC, to two newly formed entities, CR Spa, LLC and CR Operating, LLC. In exchange, we received a 48% common equity interest in each new entity. The remaining 52% interest in these entities is held by the founders of Canyon Ranch, who contributed their interests in CR Las Vegas, LLC, CR License II, L.L.C., CR Orlando LLC and CR Miami LLC and the resort management contracts. In addition, we sold Canyon Ranch Lenox to a subsidiary of CR Operating, LLC. The founders of Canyon Ranch sold their interest in CR License, L.L.C. to a subsidiary of CR Operating, LLC. As a result of these transactions, the new entities own the following assets: Canyon Ranch Tucson, Canyon Ranch Lenox, Canyon Ranch SpaClub at the Venetian Resort in Las Vegas, Canyon Ranch SpaClub on the Queen Mary 2 ocean liner, Canyon Ranch Living Community in Miami, Florida, Canyon Ranch SpaClub at The Gaylord Palms Resort in Kissimmee, Florida, and the Canyon Ranch trade names and trademarks.

In addition, the newly formed entities completed a private placement of Mandatorily Redeemable Convertible Preferred Membership Units for aggregate gross proceeds of approximately \$110.0 million. In this private placement, Richard E. Rainwater, Chairman of our Board of Trust Managers, and certain of his family members purchased approximately \$27.1 million of these units on terms identical to those extended to all other investors. The units are convertible into a 25% common equity interest in CR Spa, LLC and CR Operating, LLC and pay distributions at the rate of 8.5% per year in years one through seven, and 11% in years eight through ten. At the end of ten years, or upon earlier redemption by us, the holders of the units are entitled to receive a premium in an amount sufficient to result in a cumulative return of 11% per year. The units are redeemable after seven years at our option. Also on January 18, 2005, the new entities completed a \$95.0 million financing with Bank of America. The loan has an interest-only term

until maturity in February 2015, bears interest at 5.94% and is secured by the Canyon Ranch Tucson and Canyon Ranch Lenox Destination Resort Properties. As a result of these transactions, we received proceeds of approximately \$91.9 million, which was used to pay down or defease debt related to our previous investment in the Properties and to pay down our credit facility. No gain or loss was recorded in connection with the above transactions. Following these transactions, we account for our interests in CR Spa, LLC and CR Operating, LLC under the equity method.

 <b>Total Notes Payable</b>	 <b>\$ 2,307,104</b>

(1) This note consists of a \$110.0 million senior loan, a \$40.0 million first mezzanine loan and a \$15.0 million second mezzanine loan. In connection with this loan, we entered into LIBOR interest rate caps struck at 6.00% on a notional amount corresponding to each loan of \$165.0 million

through  
June 2008.  
Simultaneously,  
we sold a LIBOR  
interest rate cap  
with the same  
terms.

- (2) In  
September 2005,  
we entered into a  
new \$65 million  
loan agreement  
with JP Morgan  
Chase, secured  
by the Datran  
Center Office  
Property. A  
portion of the  
proceeds were  
used to payoff  
the Metropolitan  
Life Note V,  
previously  
secured by the  
Datran Center  
Office Property.

- (3) We assumed  
these loans in  
connection with  
the Hughes  
Center  
acquisitions. The  
following table  
lists the  
unamortized  
premium  
associated with  
the assumption of

which is included  
in the balance

September 30,  
2005, the  
effective interest  
rate of the debt  
including the  
premium and the

outstanding  
principal balance  
at maturity:

(dollars in thousands)

Loan	Unamortized Premium	Effective Rate	Balance at Maturity
Mass Mutual Note	\$ 1,184	3.47%	\$ 32,692
Allstate Note	1,260	5.19%	20,882
Metropolitan Life Note VI	1,611	5.68%	19,295
Northwestern Life Note II	556	3.80%	8,689
Total	\$ 4,611		\$ 81,558

The premium was recorded as an increase in the carrying amount of the underlying debt and is being amortized using the effective interest rate method as a reduction of interest expense through maturity of the underlying debt.

- (4) This facility is fully guaranteed by our partner. The partnership has entered into an interest rate swap agreement with Bank of America to fix the interest rate at 3.74% for a portion of the loan.
- (5) Our joint venture partner, which owns a 19.9% interest

in the Sonoma Mission Inn & Spa, had funded \$10.0 million of renovations at the Sonoma Mission Inn & Spa through a mezzanine loan.

The Net Operating Income Hurdle Date, as defined in the loan agreement, is the date as of which the Sonoma Mission Inn & Spa has achieved an aggregate Adjusted Net Operating Income, as defined in the loan agreement, of \$12 million for a period of 12 consecutive calendar months.

- (6) This facility is fully guaranteed by our partner. In October 2005, the partnership elected the LIBOR plus 175 basis points rate.
- (7) This facility is an \$18.0 million line of credit secured by certain DMDC land and asset improvements (revolving credit

facility) and notes receivable (warehouse facility). The line restricts the revolving credit facility to a maximum outstanding amount of \$12.0 million and is subject to certain borrowing base limitations and bears interest at prime (at September 30, 2005, the interest rate was 6.75%). The warehouse facility bears interest at prime plus 100 basis points (at September 30, 2005, the interest rate was 7.75%) and is limited to \$6.0 million. The blended rate at September 30, 2005, for the revolving credit facility and the warehouse facility was 7.75%.

- (8) Includes \$4.3 million of fixed rate debt ranging from 2.9% to 13.75% and \$33.6 million of variable rate debt ranging from 5.83% to

7.75%.

- (9) We have purchased U.S. Treasuries and government sponsored agency securities, or defeasance investments, to substitute as collateral for these loans. The cash flow from the defeasance investments matches the debt service payments for each loan.
- (10) At our option, these notes can be called beginning in April 2006 for 104.6%, in April 2007 for 102.3% and beginning April 2008 and thereafter for par.
- (11) In February 2005, we entered into a new \$300 million credit facility which replaces the previous facility. All outstanding amounts under the previous facility were repaid in full using cash on hand and

proceeds from an initial borrowing under the new facility. Availability under the line of credit is subject to certain covenants including limitations on total leverage, fixed charge ratio, debt service coverage ratio, minimum tangible net worth, and a specific mix of office and hotel assets and average occupancy of Office Properties. At September 30, 2005, the maximum borrowing capacity under the credit facility was \$300.0 million. The outstanding balance excludes letters of credit issued under our credit facility of \$14.2 million which reduces our maximum borrowing capacity.

(2) Including the effect of hedge arrangements, the overall weighted average interest rate would have been 6.86%.

(1) Based on contractual maturity and does not include extension options on Bank of America Funding XII Term Loan, Bank of America Note, Wells Fargo Bank Loan, Bank of America Loan, Key Bank Construction Loan, the Societe Generale Construction Loan, the Guaranty Bank Construction Loan or the GACC note.

(2) Borrowings under the credit facility.

We are generally obligated by our debt agreements to comply with financial covenants, affirmative covenants and negative covenants, or some combination of these types of covenants. Failure to comply with covenants generally will result in an event of default under that debt instrument. Any uncured or unwaived events of default under our loans can trigger an increase in interest rates, an acceleration of payment on the loan in default, and for our secured debt, foreclosure on the property securing the debt. In addition, a default by us or any of our subsidiaries with respect to any indebtedness in excess of \$5.0 million generally will result in a default under the Credit Facility, the 2007 Notes, 2009 Notes, the Bank of America Funding XII Term Loan, the Key Bank Construction Loan and the Societe Generale Construction Loan after the notice and cure periods for the other indebtedness have passed. As of September 30, 2005, no event of default had occurred, and we were in compliance with all covenants related to our outstanding debt. Our debt facilities generally prohibit loan pre-payment for an initial period, allow pre-payment with a penalty during a following specified period and allow pre-payment without penalty after the expiration of that period. During the nine months ended September 30, 2005, there were no circumstances that required prepayment penalties or increased collateral related to our existing debt.

In addition to the subsidiaries listed in Note 1, Organization and Basis of Presentation, certain other of our subsidiaries were formed primarily for the purpose of obtaining secured and unsecured debt or joint venture

financings. These entities, all of which are consolidated and are grouped based on the Properties to which they relate, are: Funding III Properties (CRE Management III Corp.); Funding V Properties (CRE Management V Corp.); Funding VIII Properties (CRE Management VIII, LLC); Funding X Properties (CREF X Holdings Management, LLC, CREF X Holdings, L.P., CRE Management X, LLC); Funding XII Properties (CREF XII Parent GP, LLC, CREF XII Parent, L.P., CREF XII Holding GP, LLC, CREF Holdings, L.P., CRE Management XII, LLC); Spectrum Center (Spectrum Mortgage Associates, L.P., CSC Holdings Management, LLC, Crescent SC Holdings, L.P., CSC Management, LLC), The BAC-Colonnade Building (CEI Colonnade Holdings, LLC); Crescent BT I Investor, L.P. (CBT I Management Corp.) and Crescent Finance Company.

**Defeasance of LaSalle Note I**

In January 2005, we released the remaining properties in Funding I that served as collateral for the LaSalle Note I by purchasing an additional \$115.7 million of U.S. Treasury and government sponsored agency securities with an initial weighted average yield of 3.20%. We placed those securities into a collateral account for the sole purpose of funding payments of principal and interest on the remainder of LaSalle Note I. The cash flow from these securities is structured to match the cash flow (principal and interest payments) required under the LaSalle Note I. This transaction was accounted for as an in-substance defeasance, therefore, the debt and the securities purchased remain on our Consolidated Balance Sheets.

**Junior Subordinated Notes**

In June and July 2005, we completed two separate private offerings of \$50.0 million and \$25.0 million, respectively, of trust preferred securities through Crescent Real Estate Statutory Trust I and Crescent Real Estate Statutory Trust II, or the Trusts, each of which is a Delaware statutory trust that is our subsidiary. The securities pay holders cumulative cash distributions at an annual rate of 3-month LIBOR plus 200 basis points. The securities mature in June and July 2035 and are callable at no premium after June and July 2010. In addition, we invested \$1.5 million and \$0.8 million in the Trusts' common securities, representing 3% of the total capitalization of each of the Trusts.

The Trusts used the proceeds from the offerings and our investments to loan us \$51.5 million and \$25.8 million in junior subordinated notes with payment terms that mirror the distribution terms of the Trusts' securities. The costs of the Trusts' preferred offerings totaled approximately \$1.5 million and \$0.8 million of underwriting commissions and other expenses and are being amortized over a 30-year period. The proceeds from the sales of the notes, net of the costs of the Trusts' preferred offerings and our investments in the Trusts, were \$48.5 million and \$24.2 million. We used the net proceeds to pay down the Fleet Term loan.

Under FIN 46 guidance, we have determined the Trusts are variable interest entities of which we are not the primary beneficiary, therefore, we do not consolidate the Trusts. Our consolidated financial statements present the notes issued to the Trusts in the Junior subordinated notes and our investments in the Trusts in the Investments in unconsolidated companies line items in our consolidated Balance Sheets. The interest on the notes is recorded as interest expense in our Consolidated Statements of Operations.

We own all of the Series B Preferred Stock of Fresh Choice, Inc., which is included in Other assets, net in the accompanying Consolidated Balance Sheets. Based on our evaluation of our preferred interest in Fresh Choice at September 30, 2005, we have recorded a \$1.5 million valuation reserve, of which \$0.5 million was recorded during the nine months ended September 30, 2005, bringing our net investment balance to \$4.0 million. See Note 11,

Commitments and Contingencies, for information regarding the Fresh Choice plan of reorganization filed under Chapter 11 of the U.S. Bankruptcy Code and our agreement to co-sponsor the recapitalization of Fresh Choice pursuant to the terms of the plan.

**11. COMMITMENTS AND CONTINGENCIES****Guarantee Commitments**

The FASB issued Interpretation 45, *Guarantors Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others* (FIN 45), requiring a guarantor to disclose its guarantees. For our guarantees on indebtedness, no triggering events or conditions are anticipated to occur that would require payment under the guarantees and management believes the assets associated with the loans that are guaranteed are sufficient to cover the maximum potential amount of future payments and therefore, would not require us to provide additional collateral to support the guarantees. We have not recorded a liability associated with these guarantees as they were entered into prior to the adoption of FIN 45. Our guarantees in place as of September 30, 2005 are listed in the table below.

#### **Other Commitments**

In July 2005, we purchased comprehensive insurance that covers us, contactors and other parties involved in the construction of the Ritz-Carlton hotel and condominium project in Dallas, Texas. Our insurance carrier, which will pay the associated claims as they occur under this program and will be reimbursed by us within our deductibles, required us to provide a \$2.1 million letter of credit supporting payment of claims. In November, the letter of credit was reduced to \$1.7 million. We believe there is a remote likelihood that payment will be required under the letter of credit.

In connection with the Canyon Ranch transaction, we have agreed to indemnify the founders regarding the tax treatment of the transaction, not to exceed \$2.5 million, and certain other matters. We believe there is a remote likelihood that payment will ever be made related to these indemnities.

In June 2005, Fresh Choice, Inc. filed a plan of reorganization under Chapter 11 of the U.S. Bankruptcy Code. The plan is expected to become effective in the fourth quarter 2005. In connection with the Fresh Choice bankruptcy filing, we, together with Cedarlane Natural Foods, Inc., or Cedarlane, entered into an agreement with Fresh Choice and its unsecured creditors to sponsor the recapitalization of Fresh Choice pursuant to the terms of the plan. Under the plan, our Series B Preferred Stock will be converted into \$5.5 million of Series B Preferred Interests. We will acquire 40% of the remaining equity interests in Fresh Choice, consisting of Series A Preferred Interests and Common Interests, in exchange for a cash contribution of \$1.2 million, and an affiliate of Cedarlane will acquire 60% of the remaining equity interests, in exchange for a cash contribution of \$1.8 million. In addition, Fresh Choice is expected to obtain a \$5.0 million secured, senior loan in order to finance its obligations under the plan. We have agreed to guarantee \$1.0 million, and the Cedarlane affiliate has agreed to guarantee \$1.5 million, of this loan. We have also agreed to fund, if necessary, our 40% share, with the Cedarlane affiliate funding the remaining 60%, of a loan to Fresh Choice of up to \$2 million. The loan would be secured, subordinated to the \$5.0 million senior loan and bear interest at 12%.

**12. MINORITY INTERESTS**

Minority interests in the Operating Partnership represent the proportionate share of the equity in the Operating Partnership of limited partners other than Crescent. The ownership share of limited partners other than Crescent is evidenced by Operating Partnership units. Of the total outstanding amount of Operating Partnership units, 360,500 vested restricted units (721,000 common share equivalents) are subject to redemption for cash as part of the 2004 Unit Plan. See Note 14, Stock and Unit Based Compensation, for a description of the plan. The Operating Partnership pays a regular quarterly distribution to the holders of Operating Partnership units.

Each Operating Partnership unit generally may be exchanged for either two common shares of Crescent or, at the election of Crescent, cash equal to the fair market value of two common shares at the time of the exchange. When a unitholder exchanges a unit, Crescent's percentage interest in the Operating Partnership increases. During the nine months ended September 30, 2005, there were 611,050 units exchanged for 1,222,100 common shares of Crescent.

Minority interests in real estate partnerships represent joint venture or preferred equity partners' proportionate share of the equity in certain real estate partnerships. We hold a controlling interest in the real estate partnerships and consolidate the real estate partnerships into our financial statements. Income in the real estate partnerships is allocated to minority interests based on weighted average percentage ownership during the year.

The following table summarizes minority interests as of September 30, 2005 and December 31, 2004:

(2) Does not include dividends on unvested restricted units, which will be paid in arrears upon vesting.

(3) Includes dividends paid on August 17, 2005, for restricted units that vested August 3, 2005.

**14. STOCK AND UNIT BASED COMPENSATION****2004 Unit Plan**

The 2004 Unit Plan provides for the issuance by the Operating Partnership of up to 1,802,500 restricted units (3,605,000 common share equivalents) to our officers. Restricted units granted under the 2004 Unit Plan vest in 20% increments when the average closing price of Crescent common shares on the New York Stock Exchange for the immediately preceding 40 trading days equals or exceeds \$19.00, \$20.00, \$21.00, \$22.50 and \$24.00. The 2004 Unit Plan also gives discretion to the General Partner to establish one or more alternative objective annual performance targets for us. Any restricted unit that is not vested on or prior to June 30, 2010 will be forfeited. Each vested restricted unit will be exchangeable, beginning on the second anniversary of the date of grant, for cash equal to the value of two Crescent common shares based on the closing price of the common shares on the date of exchange, and subject to a six-month hold period following vesting, unless, prior to the date of the exchange, Crescent requests and obtains shareholder approval authorizing it, at its discretion, to deliver instead two common shares in exchange for each such restricted unit. Regular quarterly distributions accrue on unvested restricted units and are payable upon vesting of the restricted units. As a requirement to participate in the plan, officers were required to cancel 2,413,815 of their existing stock or unit options. Effective December 1, 2004, the Operating Partnership granted a total of 1,703,750 Partnership Units (3,407,500 common share equivalents) under the 2004 Unit Plan. During the nine months ended September 30, 2005, the Operating Partnership granted, net of forfeitures, an additional 88,750 Partnership Units (177,500 common share equivalents). We obtained a third-party valuation to determine the fair value of the restricted units issued under the 2004 Unit Plan. The third-party, utilizing a series of methods including binomial and trinomial lattice-based models, probabilistic analysis and models to estimate the implied long-term dividend growth rate, determined the fair value of the restricted units granted to be approximately \$25.1 million, which is being amortized on a straight-line basis over the related service period. For the nine months ended September 30, 2005, approximately \$5.5 million was recorded as compensation expense related to this grant.

On August 3, 2005, the 40-day average closing price of Crescent's common shares reached the first performance target and 360,500 units (721,000 common share equivalents) granted under the 2004 Unit Plan vested. Of this amount, 336,000 units (672,000 common share equivalents) may be exchanged for cash beginning in 2006 and 24,500 units (49,000 common share equivalents) in 2007 unless, prior to the date of exchange, Crescent obtains shareholder approval authorizing it, in its discretion, to deliver instead two common shares for each such restricted unit.

**2005 Unit Plan**

The 2005 Unit Plan provides for the issuance by the Operating Partnership of up to 1,275,000 restricted Units (2,550,000 Common Share equivalents). Restricted units granted under the 2005 Unit Plan vest in 20% increments when the average closing price of Crescent Common Shares on the New York Stock Exchange for the immediately preceding 40 trading days equals or exceeds \$21.00, \$22.50, \$24.00, \$25.50 and \$27.00. The 2005 Unit Plan also gives discretion to the General Partner to establish one or more alternative objective annual performance targets for us. Any restricted unit that is not vested on or prior to June 30, 2010 will be forfeited. Each vested restricted unit will be exchangeable, beginning on the second anniversary of the date of grant, for cash equal to the value of two Crescent common shares based on the closing price of the common shares on the date of exchange, and subject to a six-month hold period following vesting, unless, prior to the date of the exchange, Crescent requests and obtains shareholder approval authorizing it, at its discretion, to deliver instead two common shares in exchange for each such restricted unit. Regular quarterly distributions on unvested restricted units are payable upon vesting.

During the nine months ended September 30, 2005, the Operating Partnership granted, net of forfeitures, a total of 1,078,750 Partnership Units (2,157,500 common share equivalents) under the 2005 Unit Plan. We obtained a third-party valuation to determine the fair value of the restricted units issued under the 2005 Unit Plan. The third-party, utilizing a series of methods including binomial and trinomial lattice-based models, probabilistic analysis and models to estimate the implied long-term dividend growth rate, determined the fair value of the restricted units granted to be approximately \$13.0 million, which is being amortized on a straight-line basis over the related service period. For the nine months ended September 30, 2005, approximately \$0.9 million was recorded as compensation expense related to this grant.

**15. INCOME TAXES**

Deferred income taxes reflect the net tax effect of temporary differences between the financial reporting carrying amounts of assets and liabilities of the taxable consolidated entities and the income tax basis. For the nine months ended September 30, 2005, the taxable consolidated entities were comprised of our taxable REIT subsidiaries.

We intend to maintain our qualification as a REIT under Section 856 of the U.S. Internal Revenue Code of 1986, as amended (the Code). As a REIT, we generally will not be subject to federal corporate income taxes as long as we satisfy certain technical requirements of the Code, including the requirement to distribute 90% of our REIT taxable income to our shareholders. Accordingly, we do not believe that we will be liable for current income taxes on our REIT taxable income at the federal level or in most of the states in which we operate. We consolidate certain taxable REIT subsidiaries, which are subject to federal and state income tax. For the nine months ended September 30, 2005 and 2004, our income tax benefit from continuing operations was \$2.3 million and \$13.5 million, respectively. Our \$2.3 million income tax benefit at September 30, 2005, consists primarily of \$6.9 million for the Resort Residential Development Segment and \$2.4 million for the Resort/Hotel Segment, partially offset by \$3.2 million tax expense for the Office Segment and \$3.8 million expense for other taxable REIT subsidiaries.

Our total net tax asset of approximately \$16.8 million at September 30, 2005, includes \$6.2 million of net deferred tax assets. SFAS No. 109, *Accounting for Income Taxes*, requires a valuation allowance to reduce the deferred tax assets reported if, based on the weight of the evidence, it is more likely than not that some portion or all of the deferred tax assets will not be realized. The change in the valuation allowance was not significant for the nine months ended September 30, 2005.

**16. RELATED PARTY TRANSACTIONS**

We have a policy which allows employees to purchase our residential properties marketed and sold by our subsidiaries in the ordinary course of business. This policy requires the individual to purchase the property for personal use or investment and requires the property to be held for at least two years. In addition this policy requires, among other things, that the prices paid by affiliates must be equivalent to the prices paid by unaffiliated third parties for similar properties in the same development and that the other terms and conditions of the transaction must be at least as beneficial to us as the terms and conditions with respect to the other properties in the same development. In the first quarter of 2005, two executive officers entered into binding contracts to purchase three condominium units at

two of our resort residential development projects.

**17. COPI**

On February 14, 2002, we entered into an agreement with Crescent Operating, Inc., or COPI, pursuant to which we and COPI agreed to jointly seek approval by the bankruptcy court of a pre-packaged bankruptcy plan for COPI. On January 19, 2005, the bankruptcy plan became effective upon COPI's providing notification to the bankruptcy court that all conditions to effectiveness had been satisfied. Following the effectiveness of the bankruptcy plan, we issued 184,075 common shares to the stockholders of COPI in satisfaction of our final obligation under the agreement with COPI. The common shares were valued at approximately \$3.0 million in accordance with the terms of our agreement with COPI and the provisions of the bankruptcy plan, and the issuance of the shares was recorded as a reduction to the liability recorded in 2001. As stockholders of COPI, certain of our trust managers and executive officers, as a group, received an aggregate of approximately 25,000 common shares.

**Forward-Looking Statements**

You should read this section in conjunction with the consolidated interim financial statements and the accompanying notes in Item 1, Financial Statements, of this document and the more detailed information contained in our Form 10-K for the year ended December 31, 2004. In management's opinion, all adjustments (consisting of normal and recurring adjustments) considered necessary for a fair presentation of the unaudited interim financial statements are included. Capitalized terms used but not otherwise defined in this section have the meanings given to them in the notes to the consolidated financial statements in Item 1, Financial Statements.

This Form 10-Q contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. These statements are generally characterized by terms such as believe, expect, anticipate, will and may.

Although we believe that the expectations reflected in such forward-looking statements are based upon reasonable assumptions, our actual results could differ materially from those described in the forward-looking statements.

The following factors might cause such a difference:

Our ability, at our office properties to timely lease unoccupied square footage and timely re-lease occupied square footage upon expiration on favorable terms, which continue to be adversely affected by existing real estate conditions (including the vacancy levels in particular markets, decreased rental rates and competition from other properties) and may also be adversely affected by general economic downturns;

The continuation of relatively high vacancy rates and reduced rental rates in our office portfolio as a result of conditions within our principal markets;

Our ability to reinvest available funds at anticipated returns and consummate anticipated office acquisitions on favorable terms and within anticipated time frames;

Adverse changes in the financial condition of existing tenants;

The ability of El Paso Energy to satisfy its obligations to pay rent and termination fees in accordance with the terms of its agreement with us;

Financing risks, such as our ability to generate revenue sufficient to service and repay existing or additional debt, increases in debt service associated with increased debt and with variable-rate debt, our ability to meet financial and other covenants and our ability to consummate financings and refinancings on favorable terms and within any applicable time frames;

The ability to develop, sell and deliver residential units and lots within anticipated time frames;

Deterioration in the market or in the economy generally and increases in construction costs associated with development of residential land or luxury residences, including single-family homes, town homes and condominiums;

The ability to generate additional income through the development and expansion of the Canyon Ranch brand;

Deterioration in our resort/business-class hotel markets or in the economy generally;

The concentration of a significant percentage of our office assets in Texas;

The existence of complex regulations relating to our status as a REIT, the effect of future changes in REIT requirements as a result of new legislation and the adverse consequences of the failure to qualify as a REIT;

and

Other risks detailed from time to time in our filings with the SEC.

Given these uncertainties, readers are cautioned not to place undue reliance on such statements. We are not obligated to update these forward-looking statements to reflect any future events or circumstances.

## **Table of Contents**

### **Overview**

We are a REIT with assets and operations divided into four investment segments: Office, Resort Residential Development, Resort/Hotel and Temperature-Controlled Logistics. Our strategy with respect to each investment segment is outlined below.

#### **Office Segment**

The gross book value of our office real estate assets (unleveraged) total approximately \$2.5 billion, or 59%. Institutional investors continue to increase their allocation to direct ownership of real estate. Our strategy is to align ourselves with these institutional partners and become a significant manager of this institutional capital. We believe this partnering makes us more competitive in acquiring new properties, and it enhances our return on equity by 300 to 500 basis points when compared to the returns we receive as a 100% owner. Where possible, we strive to negotiate performance based incentives that allow for additional equity to be earned if return targets are exceeded.

Consistent with this strategy, we continually evaluate our existing portfolio for potential joint venture opportunities. We currently hold 49% of our office portfolio in joint ventures, and we will continue to joint venture more assets in our portfolio, which will enable us to further increase our return on equity as well as gain access to equity for reinvestment.

Further, two additional aspects of our office strategy are selective developments and mezzanine investments. We started construction in the third quarter of 2005 on a new 255,000 square foot office building as an addition to the Hughes Center complex in Las Vegas, Nevada. We recently entered into a joint venture with Hines to develop a 260,000 square foot office building in Irvine, California and we also entered into a joint venture with JMI Realty to co-develop a 231,000 square foot, three-building office complex in San Diego, California. In addition, we have entered into approximately \$112 million of mezzanine financing investments, of which approximately \$79 million relates to Office Properties, since the end of 2004 and currently anticipate making equity investments of up to \$200 million in mezzanine investments.

#### **Resort Residential Development Segment**

The gross book value of our real estate assets (unleveraged) in the upscale resort residential development business is approximately \$850.5 million, or 20%. We have 27 different projects under development or planned, with the most significant project in terms of future cash flow being our investment in Tahoe Mountain Resorts in California. This development is a partnership with East West Partners which encompasses more than 2,500 total lots and units either started or scheduled for development over the next 8 to 12 years and is expected to generate in excess of \$4.2 billion in sales. We expect our investment in Tahoe to be a long-term source of earnings and cash flow growth as new projects are designed and developed. We view our resort residential developments as a business and believe that, beyond the net present value of existing projects, there is substantial enterprise value in our exclusive relationships with the development teams and our collective ability to identify and develop new projects.

#### **Resort/Hotel Segment**

We have approximately \$428.6 million, or 10% of gross book value of real estate assets (unleveraged), in three resorts, three upscale business-class hotels and our 48% common equity interest in Canyon Ranch (which includes two destination health and fitness resorts and other spa operations). We recently completed the recapitalization of our Canyon Ranch investment. We believe Canyon Ranch is well positioned for significant growth, with a large portion of this growth coming from the addition of several Canyon Ranch Living communities. The focal point of these communities is a large, comprehensive wellness facility. Canyon Ranch will partner with developers on these projects and earn fees for the licensing of the brand name, design and technical services, and the ongoing management of the facilities. Canyon Ranch currently has one such development under construction in Miami Beach and others are under consideration.

#### **Temperature-Controlled Logistics Segment**

Temperature-Controlled Logistics consists of our 31.7% ownership in AmeriCold Realty Trust, a REIT. AmeriCold is the largest operator of temperature-controlled warehouse space in North America. We are, and expect to continue, experiencing increased returns on our investment through improved operations due to both the (1) simplification of the AmeriCold structure, which in fourth quarter 2004 entailed merging the operating company (AmeriCold Logistics) and the real estate company (AmeriCold Realty Trust) into one organization, and (2) sale of

20.7% of AmeriCold's common shares to affiliates of The Yucaipa Companies, a private equity firm with significant expertise in the food distribution, logistics and retail industries. Yucaipa provides assistance in the day-to-day management of AmeriCold's operations.

**Table of Contents****Other**

One of our ongoing strategies has also been to dispose of Office Properties and other investments that do not meet our investment return requirements. We sold \$411.7 million of non-core assets in 2004 and 2005, and expect to sell an additional \$59.9 million in the near term, including land holdings that currently do not contribute to our earnings. As the expected sales are completed, we plan to use the proceeds to acquire real estate assets and pay down consolidated debt and other obligations.

**Office Segment**

The following table shows the performance factors on stabilized properties, excluding properties held for sale, used by management to assess the operating performance of the Office Segment:

	<b>2005</b>	<b>2004</b>

full-service  
rental rate over  
the shortened  
term and  
excludes the  
impact of the  
net lease  
termination fee  
being  
recognized  
ratably to  
income through  
December 31,  
2007.

(4) Reflects leases

Properties  
owned for the  
entirety of the  
comparable  
periods.

For the remainder of 2005, we expect continued improvement in the economy. This allows us to remain cautiously optimistic about economic occupancy gains in 2005. We expect that year-end 2005 economic occupancy for our portfolio will increase to approximately 88% - 89%.

#### **Resort Residential Development Segment**

The following tables show the performance factors used by management to assess the operating performance of the Resort Residential Development Segment. Information is provided for the CRDI Resort Residential Development Properties and the Desert Mountain Resort Residential Development Properties, which represent our significant investments in this Segment as of September 30, 2005.

CRDI, which invests primarily in mountain residential real estate in Colorado and California and residential real estate in downtown Denver, Colorado, is highly dependent upon the national economy and customer demand. For the remainder of 2005, management expects that unit sales will continue to increase over 2004, but the average sales price will decrease at CRDI due to product mix, with approximately 96% closed or pre-sold as of October 24, 2005. In addition, lot sales are expected to increase in 2005 over 2004.

*Desert Mountain*

(dollars in thousands)	For the three months ended September 30,

Desert Mountain is in the latter stages of development and management anticipates minor additions to its decreasing available inventory. While a higher average lot sales price is projected in 2005, total sales are expected to be lower as a result of reduced inventory availability.

**Resort/Hotel Segment**

The following table shows the performance factors used by management to assess the operating performance of our Resort/Hotel Properties.

	Same-Store NOI <sup>(1)</sup> % Change		Average Occupancy Rate		Average Daily Rate		Revenue Per Available Room/Guest Night

	36%	(18%)	74%	69%	\$ 122	\$ 115	\$ 90	\$ 80

<sup>(1)</sup> Same-Store NOI (net operating income) represents net income excluding depreciation and amortization, interest expense and rent expense for Resort/Hotel Properties owned for the entirety of the comparable periods.

We anticipate an 8% to 10% increase in revenue per available room in 2005 at the Resort/Hotel Properties and a 3 to 5 percentage point increase in occupancy, driven by the continued recovery of the economy and travel industry and improvement from Sonoma Mission Inn and Spa and Ventana Inn and Spa, which had rooms under renovation in 2004.

**Table of Contents****Recent Developments****Joint Ventures***Canyon Ranch®*

On January 18, 2005, we contributed Canyon Ranch Tucson, our 50% interest and our preferred interest in CR Las Vegas, LLC and our 30% interest in CR License, L.L.C., CR License II, L.L.C., CR Orlando LLC and CR Miami LLC, to two newly formed entities, CR Spa, LLC and CR Operating, LLC. In exchange, we received a 48% common equity interest in each new entity. The remaining 52% interest in these entities is held by the founders of Canyon Ranch, who contributed their interests in CR Las Vegas, LLC, CR License II, L.L.C., CR Orlando LLC and CR Miami LLC and the resort management contracts. In addition, we sold Canyon Ranch Lenox to a subsidiary of CR Operating, LLC. The founders of Canyon Ranch sold their interest in CR License, L.L.C. to a subsidiary of CR Operating, LLC. As a result of these transactions, the new entities own the following assets: Canyon Ranch Tucson, Canyon Ranch Lenox, Canyon Ranch SpaClub at the Venetian Resort in Las Vegas, Canyon Ranch SpaClub on the Queen Mary 2 ocean liner, Canyon Ranch Living Community in Miami, Florida, Canyon Ranch SpaClub at The Gaylord Palms Resort in Kissimmee, Florida, and the Canyon Ranch trade names and trademarks.

In addition, the newly formed entities completed a private placement of Mandatorily Redeemable Convertible Preferred Membership Units for aggregate gross proceeds of approximately \$110.0 million. In this private placement, Richard E. Rainwater, Chairman of our Board of Trust Managers, and certain of his family members purchased approximately \$27.1 million of these units on terms identical to those extended to all other investors. The units are convertible into a 25% common equity interest in CR Spa, LLC and CR Operating, LLC and pay distributions at the rate of 8.5% per year in years one through seven, and 11% in years eight through ten. At the end of ten years, or upon earlier redemption by us, the holders of the units are entitled to receive a premium in an amount sufficient to result in a cumulative return of 11% per year. The units are redeemable after seven years at our option. Also on January 18, 2005, the new entities completed a \$95.0 million financing with Bank of America. The loan has an interest-only term until maturity in February 2015, bears interest at 5.94% and is secured by the Canyon Ranch Tucson and Canyon Ranch Lenox Destination Resort Properties. As a result of these transactions, we received proceeds of approximately \$91.9 million, which was used to pay down or defease debt related to our previous investment in the Properties and to pay down our credit facility. No gain or loss was recorded in connection with the above transactions. Following these transactions, we account for our interests in CR Spa, LLC and CR Operating, LLC under the equity method.

**Office***Fulbright Tower*

On February 24, 2005, we contributed Fulbright Tower, subject to the Morgan Stanley Mortgage Capital Inc. Note of \$73.4 million, and an adjacent parking garage, to Crescent 1301 McKinney, L.P., a limited partnership in which we have a 23.85% interest, a fund advised by JPMorgan Asset Management, or JPM, has a 60% interest and GE Asset Management, or GE, has a 16.15% interest. The property was valued at \$106.0 million and the transaction generated net proceeds to us of approximately \$33.4 million which were used to pay down our credit facility. The joint venture was accounted for as a partial sale of the Office Property, resulting in a net gain of approximately \$0.5 million. None of the mortgage financing at the joint venture level is guaranteed by us. We manage this property on behalf of the joint venture. We account for our interest in Crescent 1301 McKinney, L.P. under the equity method.

*Von Karman Office Development in Irvine*

In addition, we have committed to co-develop a 260,000 square-foot Class A office property on the acquired site. Hines owns a 60% interest and we own a 40% interest in the joint venture. The initial cash equity contribution to the joint venture was \$12.2 million, of which our portion was \$4.9 million. Development is expected to begin in the first quarter of 2006. We account for our interest in Crescent Irvine LLC under the equity method.

*One Buckhead Plaza*

On June 29, 2005, we contributed One Buckhead Plaza, subject to the Morgan Stanley Note of \$85.0 million, to Crescent One Buckhead Plaza, L.P., a limited partnership in which we have a 35% interest and Metzler US Real Estate Fund L.P. has a 65% interest. The property was valued at \$130.5 million and the transaction generated net

proceeds to us of approximately \$28.0 million, which were used to pay down our credit facility. The joint venture was accounted for as a partial sale of the Office Property, resulting in a net gain of approximately \$0.4 million. None of the mortgage financing at the joint venture level is guaranteed by us. We manage the property on behalf of the joint venture. We account for our interest in Crescent One Buckhead Plaza, L.P. under the equity method.

**Table of Contents***Paseo del Mar*

On September 21, 2005, we entered into a joint venture arrangement, Crecent-JMIR Paseo Del Mar LLC, with JMI Realty. The joint venture has committed to co-develop a 231,000 square-foot, three-building office complex in the Del Mar Heights submarket of San Diego, California. The venture is structured such that we own an 80% interest and JMI Realty owns the remaining 20% interest. In connection with the joint venture, Crescent-JMIR Paseo Del Mar LLC entered into a maximum \$53.1 million construction loan with Guaranty Bank. Affiliates of JMI Realty manage the joint venture, guarantee the loan, and have provided a completion guarantee to the joint venture. The initial cash equity contribution to the joint venture was \$28.6 million, of which our portion was \$22.9 million. The development, which is currently underway, is scheduled for delivery in August 2006. Upon completion, we will manage the property on behalf of the joint venture. We consolidate Crescent-JMIR Paseo Del Mar LLC.

**Redtail Capital Partners, L.P.**

On May 10, 2005, we entered into an agreement with Capstead Mortgage Corporation pursuant to which we formed a joint venture to invest up to \$100 million in equity in select mezzanine loans on commercial real estate over a two-year period. Total investments in mezzanine loans, assuming leverage, could exceed \$300 million. The agreement also provides that we and Capstead may form a second joint venture to invest up to an additional \$100 million in equity. Capstead is committed to 75% of the capital of each of the two partnerships, or up to \$150.0 million, and we are committed to 25%, or up to \$50.0 million. We will be responsible for identifying investment opportunities and managing the portfolios and will earn a management fee and incentives based on portfolio performance. As of September 30, 2005, we have made capital contributions of \$1.2 million. We account for our interest in Redtail Capital Partners, L.P. under the equity method.

**Acquisitions of Office Properties**

During the nine months ended September 30, 2005, we completed the following acquisitions:

(1) The acquisitions were funded by draws on our credit facility. The properties are wholly-owned.

(2) In June 2005, we contributed One Buckhead Plaza to Crescent One Buckhead Plaza L.P., a limited partnership in which we have a 35% interest and Metzler US

Real Estate
