Table of Contents

Solicitation of Proxies

The Company will bear the entire cost of solicitation of proxies, including preparation, assembly, printing and mailing of this proxy statement, the proxy and any additional information furnished to stockholders. Copies of solicitation materials will be furnished to banks, brokerage houses, fiduciaries and custodians holding in their names shares of the Company's Common Stock beneficially owned by others to forward to such beneficial owners. The Company may reimburse persons representing beneficial owners of Common Stock for their costs of forwarding solicitation materials to such beneficial owners. Proxies may also be solicited by certain of the Company's directors, officers and regular employees, without additional compensation, personally or by telephone or facsimile.

Voting Via the Internet or by Telephone

Stockholders may grant a proxy to vote their shares by means of the telephone or on the Internet. The laws of the State of Delaware, under which the Company is incorporated, specifically permit electronically transmitted proxies, provided that each such proxy contains or is submitted with information from which the Inspector of Elections can determine that such proxy was authorized by the stockholder.

The telephone and Internet voting procedures below are designed to authenticate stockholders' identities, to allow stockholders to grant a proxy to vote their shares and to confirm that stockholders' instructions have been recorded properly. Stockholders granting a proxy to vote via the Internet should understand that there may be costs associated with electronic access, such as usage charges from Internet access providers and telephone companies, which must be borne by the stockholder.

For Shares Registered in Your Name

Stockholders of record may go to <http://www.proxyvoting.com/cytk> to grant a proxy to vote their shares by means of the Internet. They will be required to provide the Company's number and control number contained on their proxy cards. The voter will then be asked to complete an electronic proxy card. The votes represented by such proxy will be generated on the computer screen and the voter will be prompted to submit or revise them as desired. Any stockholder using a touch-tone telephone may also grant a proxy to vote shares by calling 1-866-540-5760 and following the recorded instructions.

For Shares Registered in the Name of a Broker or Bank

Most beneficial owners whose stock is held in street name receive instruction for granting proxies from their banks, brokers or other agents, rather than the Company's proxy card.

A number of brokers and banks are participating in a program provided through ADP Investor Communication Services that offers the means to grant proxies to vote shares by means of the telephone and Internet. If your shares are held in an account with a broker or bank participating in the ADP Investor Communications Services program, you may grant a proxy to vote those shares telephonically by calling the telephone number shown on the instruction form received from your broker or bank, or via the Internet at ADP Investor Communication Services' web site at <http://www.proxyvote.com>.

General Information for All Shares Voted Via the Internet or By Telephone

Votes submitted via the Internet or by telephone must be received by 11:59 p.m., eastern time on May 24, 2006. Submitting your proxy via the Internet or by telephone will not affect your right to vote in person should you decide to attend the Annual Meeting.

Quorum; Abstentions; Broker Non-Votes

Votes cast by proxy or in person at the Annual Meeting (Votes Cast) will be tabulated by the Inspector of Elections (the Inspector) who will be a representative from Mellon Investor Services LLC, the Company's Transfer Agent and Registrar. The Inspector will also determine whether or not a quorum is present. Except in certain specific circumstances, the affirmative vote of a majority of shares present in person

Table of Contents

or represented by proxy at a duly held meeting at which a quorum is present is required under Delaware law for approval of proposals presented to stockholders. In general, Delaware law provides that a quorum consists of a majority of shares entitled to vote and present or represented by proxy at the meeting.

The Inspector will treat shares that are voted WITHHELD or ABSTAIN as being present and entitled to vote for purposes of determining the presence of a quorum but will not be treated as votes in favor of approving any matter submitted to the stockholders for a vote. When proxies are properly dated, executed and returned, or if instructions are properly carried out for Internet or telephone voting, the shares represented by such proxies will be voted at the Annual Meeting in accordance with the instructions of the stockholder. If no specific instructions are given, the shares will be voted (i) for the election of the nominees for directors set forth herein; (ii) for the ratification of PricewaterhouseCoopers LLP; (iii) for the approval of the amendment to the 2004 Employee Stock Purchase Plan and (iv) upon such other business as may properly come before the Annual Meeting or any adjournment thereof, but will not be voted in the election of directors other than as provided in (i) above.

If a broker indicates on the enclosed proxy or its substitute, that such broker does not have discretionary authority as to certain shares to vote on a particular matter (broker non-votes), those shares will be considered as present with respect to establishing a quorum for the transaction of business. The Company believes that the tabulation procedures to be followed by the Inspector are consistent with the general statutory requirements in Delaware concerning voting of shares and determination of a quorum.

In a 1988 Delaware case, *Berlin v. Emerald Partners*, the Delaware Supreme Court held that while broker non-votes may be counted for purposes of determining the presence or absence of a quorum for the transaction of business, broker non-votes should not be counted for purposes of determining the number of votes cast with respect to the particular proposal on which the broker has expressly not voted. Broker non-votes with respect to proposals set forth in this Proxy Statement will therefore not be considered Votes Cast and, accordingly, will not affect the determination as to whether the requisite majority of Votes Cast has been obtained with respect to a particular matter.

Deadline for Receipt of Stockholder Proposals

Stockholders are entitled to present proposals for action at a forthcoming meeting if they comply with the requirements of the Company's bylaws and the rules established by the Securities and Exchange Commission (the SEC), under the Securities Exchange Act of 1934, as amended (the Exchange Act). Under these requirements, proposals of stockholders of the Company that are intended to be presented by such stockholders at the Company's 2007 Annual Meeting of Stockholders must be received by the Company no later than December 6, 2006. A copy of the relevant bylaws provisions relating to stockholder proposals is available upon written request to Cytokinetics, Incorporated, 280 East Grand Avenue, South San Francisco, California 94080, Attention: Corporate Secretary.

**PROPOSAL ONE
ELECTION OF TWO CLASS II DIRECTORS**

Nominees

The Company's Board of Directors currently has seven authorized directors and consists of seven members. The Company has a classified Board of Directors, which is divided into three classes of directors whose terms expire at different times. The three classes are currently comprised of the following directors:

Class I consists of A. Grant Heidrich and James H. Sabry, who will serve until the 2008 Annual Meeting of Stockholders;

Class II consists of James A. Spudich and Charles Homcy, who will serve until the 2006 Annual Meeting of Stockholders, and stand for re-election as Class II Directors at such meeting; and

Class III consists of Stephen Dow, Mark McDade and Michael Schmertzler, who will serve until the 2007 Annual Meeting of Stockholders.

At each annual meeting of stockholders, the successors to directors whose terms will then expire will be elected to serve from the time of election and qualification until the third annual meeting following election and until their successors have been duly elected and qualified. Any additional directorships resulting from an increase in the number of directors will be distributed among the three classes so that, as nearly as possible, each class will consist of an equal number of directors.

Unless otherwise instructed, the proxy holders will vote the proxies received by them for the Company's two nominees named below, who are currently directors of the Company. The nominees have consented to be named as nominees in the proxy statement and to continue to serve as directors if elected. If either nominee becomes unable or declines to serve as a director or if additional persons are nominated at the meeting, the proxy holders intend to vote all proxies received by them in such a manner as will assure the election of the nominees listed below if possible (or, if new nominees have been designated by the Board of Directors, in such a manner as to elect such nominees), and the specific nominees to be voted for will be determined by the proxy holders.

The nominees for the Class II Directors and their biographical information are as follows:

James A. Spudich's biographical information can be found below in the Board of Directors section.

Charles Homcy's biographical information can be found below in the Board of Directors section.

The Company is not aware of any reason that either nominee will be unable or will decline to serve as a director. The term of office of each person elected as a director will continue until the Company's Annual Meeting of Stockholders held in 2009 or until a successor has been elected and qualified. There are no arrangements or understandings between any director or executive officer and any other person pursuant to which he is or was to be selected as a director or officer of the Company.

Vote Required

Directors will be elected by a plurality vote of the shares of the Company's Common Stock present or represented and entitled to vote on this matter at the meeting. Accordingly, the candidates receiving the highest number of affirmative votes of shares represented and voting on this proposal at the meeting will be elected directors of the Company. Votes withheld from a nominee and broker non-votes will be counted for purposes of determining the presence or absence of a quorum but, because directors are elected by a plurality vote, will have no impact once a quorum is present. See Quorum; Abstentions; Broker Non-Votes.

STOCKHOLDERS VOTE FOR THE CLASS II NOMINEES LISTED ABOVE.**

ENDING DECEMBER 31, 2006

The Audit Committee of the Board of Directors has selected PricewaterhouseCoopers LLP, an independent registered public accounting firm, to audit the financial statements of the Company for the fiscal year ending December 31, 2006, and recommends that the stockholders vote for ratification of such selection. Notwithstanding the selection or ratification, the Audit Committee, in its discretion, may direct the selection of a new independent registered public accounting firm at any time during the year, if the Audit Committee determines that such a change would be in the best interest of the Company.

**PROPOSAL THREE
APPROVAL OF AMENDMENT TO THE COMPANY'S
2004 EMPLOYEE STOCK PURCHASE PLAN**

We are asking our stockholders to approve an amendment to the Company's 2004 Employee Stock Purchase Plan (the ESPP) to increase by 1,000,000 the number of shares of Common Stock that may be issued under the ESPP (Shares). Our Board of Directors has approved the addition of Shares to the ESPP, subject to approval from our stockholders at the 2006 Annual Meeting of Stockholders.

Prior to taking into account the additional 1,000,000 Shares requested for issuance under the ESPP pursuant to this Proposal Three, a total of 500,000 Shares were available for issuance under the ESPP. During 2005, 179,520 Shares were purchased under the ESPP at a price of \$4.25 per Share. During 2004, 69,399 Shares were purchased under the ESPP at a price of \$8.03 per Share. As of March 31, 2006, only 251,081 Shares remained available for issuance under the ESPP. Our Board of Directors believes that the number of Shares that remain available for issuance will be insufficient to achieve the purposes of the ESPP over the term of the plan unless the additional Shares are authorized and approved by the stockholders.

We believe strongly that the approval of the additional Shares to the ESPP is essential to our continued success. Our employees are our most valuable assets. The incentives provided by the ESPP are vital to our ability to attract and retain outstanding and highly skilled individuals in the extremely competitive labor markets in which we must compete.

Description of the Employee Stock Purchase Plan

The following paragraphs provide a summary of the principal features of the ESPP and its operation. The ESPP, as amended by the Board of Directors and subject to stockholder approval as described in this Proposal Three, is set forth in its entirety as Appendix A to this Proxy Statement. The following summary is qualified in its entirety by reference to Appendix A.

Purpose

The Board of Directors previously adopted the ESPP on January 21, 2004 and it became effective on May 3, 2004 in connection with the Company's initial public offering of its common stock. Employees have participated in the ESPP since May 3, 2004. The purpose of the ESPP is to provide eligible employees of the Company with the opportunity to purchase Shares through payroll deductions. The ESPP is intended to qualify as an employee stock purchase plan under Section 423 of the Internal Revenue Code of 1986, as amended (the Code).

Eligibility to Participate

An employee is eligible to participate in the ESPP if he or she is a common law employee and is customarily employed for at least 20 hours per week and more than five months in any calendar year, however no employee shall be granted an option under the ESPP to the extent that immediately after the grant the employee would own capital stock possessing 5% or more of the total combined voting power or value of all classes of the Company's capital stock or to the extent that his or her right to purchase stock under all employee stock purchase plans of the Company (or any parent or subsidiary of the Company) would exceed \$25,000 worth of stock for each calendar year in which such option is outstanding. The maximum number of Shares purchasable in any one purchase period by any individual is 1,250 Shares.

As of March 31, 2006, approximately 149 employees were eligible to participate in the ESPP.

Administration, Amendment and Termination

The Board of Directors or a committee of the members of the Board of Directors (collectively referred to as the Administrator) administers the ESPP. Subject to the terms of the ESPP, the Administrator shall have full and exclusive discretionary authority to construe, interpret and apply the terms of the ESPP, to

Table of Contents

determine eligibility, to adjudicate claims under the ESPP and to establish such procedures that it deems necessary for the administration of the ESPP. The Administrator may delegate one or more of ministerial duties in the administration of the ESPP.

The Administrator may amend or terminate the ESPP at any time and for any reason. However, to the extent necessary to comply with Section 423 of the Code, the Company shall obtain stockholder approval of any changes to the extent required.

The ESPP will continue in effect until it is terminated by the Administrator.

Number of Shares of Common Stock available under the ESPP

Prior to taking into account the increase by 1,000,000 Shares requested pursuant to this Proposal Three, a total of 500,000 Shares were authorized for issuance under the ESPP. In the event that any dividend or other distribution, recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase, or exchange of the Company's common stock, or other change in the corporate structure of the Company such that an adjustment is determined by the Administrator (in its sole discretion) to be appropriate to prevent a dilution or enlargement of the benefits to be available under the ESPP, appropriate adjustments may be made to (a) adjust the number and class of common stock issuable under the ESPP, and (b) to adjust the purchase price per Share and the number of Shares covered by each outstanding option under the ESPP.

Should the total number of Shares to be purchased pursuant to outstanding options on any particular date exceed either (a) the number of Shares that were available for sale under the ESPP on the enrollment date of the applicable offering period or (b) the number of Shares then available for issuance under the ESPP on such exercise date, then the Administrator, in its sole discretion, may provide that the Company shall make a pro rata allocation of the Shares available for purchase on such enrollment date or exercise date, as applicable, in as uniform a manner as shall be practicable and then choose to either terminate or continue the offering period then in effect.

Offering Period and Purchase Rights

Shares are offered under the ESPP through a series of consecutive overlapping offering periods of approximately 24 months. The Administrator may change the duration of an offering period in its sole discretion. The ESPP currently provides that such offering periods will begin on the first trading day on or after May 1 and on the first trading day on or after November 1 each year over the term of the ESPP. Accordingly, two separate offering periods will begin in each calendar year.

Each offering period will consist of a series of one or more successive purchase periods. Currently, purchase periods run from the first trading day on or after May 1 to the first trading day on or after November 1.

If the fair market value per Share on any exercise date within a particular offering period is less than the fair market value per Share on the enrollment date of that offering period, then the participants in that offering period will automatically be transferred from that offering period after the exercise of their option on such exercise date and re-enrolled in the immediately following offering period.

Purchase of Shares

On the exercise date, the Company uses the payroll deductions of each participating employee to purchase Shares for such employees. The purchase price of the Shares purchased on behalf of each participant on each exercise date will be equal to 85% of the lower of (i) the fair market value per Share on the start date of the offering period in which the participant is enrolled or (ii) the fair market value on the exercise date. The fair market value under the ESPP generally means the closing sales price for the Company's common stock on the NASDAQ National Market System for the day in question.

Table of Contents**Withdrawal Rights and Termination of Employment**

A participant may withdraw from the ESPP at any time, and his or her accumulated payroll deductions will be refunded. Upon the participant's cessation of employment or loss of eligible employee status, payroll deductions will automatically cease. Any payroll deductions the participant may have made for the offering period in which such cessation of employment or loss of eligibility occurs will be refunded as promptly as practicable.

Change in Ownership

In the event of a change of control, each outstanding option will be assumed or substituted for by the successor corporation (or a parent or subsidiary of such successor corporation). If the successor corporation refuses to assume or substitute for such outstanding option, the purchase period then in progress will be shortened and all outstanding options will automatically be exercised immediately prior to the effective date of such change. Any offering periods then in effect will end on such shortened date.

Number of Shares Purchased by Certain Individuals and Groups

Given that the number of Shares that may be purchased under the ESPP is determined, in part, on the stock's market value on the first and last day of the enrollment period and given that participation in the ESPP is voluntary on the part of employees, the actual number of Shares that may be purchased by any individual is not determinable. For illustrative purposes, the following table sets forth (a) the number of Shares that were purchased during fiscal 2005 under the ESPP, and the (b) average price per Share purchase price paid for such Shares.

Name of Individual or Group	Number of Shares Purchased	Average per Share Purchase Price
James H. Sabry, M.D., Ph.D. Chief Executive Officer		\$
Robert I. Blum President	1,250	\$ 4.25
Andrew Wolff, M.D., F.A.C.C. Senior Vice President, Clinical Research and Development and Chief Medical Officer		\$
Sharon A. Surrey-Barbari Senior Vice President, Finance and Chief Financial Officer	2,500	\$ 4.25
David J. Morgans, Jr., Ph.D. Senior Vice President, Preclinical Research and Development		\$
All directors who are not executive officers, as a group(1)		\$
All employees who are executive officers, as a group	6,483	\$ 4.25
All employees who are not executive officers, as a group	173,037	\$ 4.25

(1) Directors who are not employees of the Company are not eligible to participate in the ESPP.

Tax Aspects

Based on management's understanding of current federal income tax laws, the tax consequences of the purchase of Shares under the ESPP are as follows.

An employee will not have taxable income when the Shares are purchased for him or her, but the employee generally will have taxable income when the employee sells or otherwise disposes of Shares purchased through the ESPP.

Table of Contents

For Shares that the employee does not dispose of until more than 24 months after the applicable enrollment date and more than 12 months after the purchase date (the holding period), gain up to the amount of the discount (if any) from the market price of the Shares on the enrollment date (or re-enrollment date) is taxed as ordinary income. Any additional gain above that amount is taxed at long-term capital gain rates. If, after the holding period, the employee sells the Shares for less than the purchase price, the difference is a long-term capital loss. Shares sold within the holding period are taxed at ordinary income rates on the amount of discount received from the Share's market price on the purchase date. Any additional gain (or loss) is taxed to the stockholder as long-term or short-term capital gain (or loss). The purchase date begins the period for determining whether the gain (or loss) is short-term or long-term.

The Company may deduct for federal income tax purposes an amount equal to the ordinary income the employee must recognize when he or she disposes of Shares purchased under the ESPP within the holding period. The Company may not deduct any amount for Shares disposed of after the holding period.

Summary

We believe strongly that the approval of the additional Shares to the ESPP is essential to our continued success. The ESPP constitutes an important incentive for employees of the Company and helps us to attract, retain and motivate people whose skills and performance are critical to our success. Our employees are our most valuable assets. We strongly believe that the addition of the requested Shares to the ESPP is essential for us to compete for talent in the very difficult labor markets in which we operate.

Vote Required

The Approval of the amendment to the Company's 2004 Employee Stock Purchase Plan requires the affirmative vote of a majority of the Votes Cast on the proposal at the meeting.

The Executive Employment Agreements provide for such officers to remain at-will employees of the Company and to receive salary, bonus and benefits as determined at the discretion of the Board of Directors of the Company. **REPORT OF THE COMPENSATION COMMITTEE
OF THE BOARD OF DIRECTORS**

The following is the report of the Compensation Committee of the Board of Directors with respect to the compensation paid to the Company's executive officers during the fiscal year ended December 31, 2005. Actual compensation earned and calculable during fiscal 2005 by the named executive officers is shown in the Summary Compensation Table above under Executive Compensation.

Introduction

The Compensation Committee of the Board of Directors establishes the general compensation policies of the Company, approves and evaluates the compensation plans and specific compensation levels for executive officers. One of the Committee's goals is to ensure that the Company's executive compensation programs are competitive with those of regional companies in our industry. The Company's executive compensation philosophy is to attract and retain executive officers capable of leading the Company to fulfillment of its business objectives by offering competitive compensation opportunities that reward individual contributions as well as corporate performance. In addition, long-term equity compensation is awarded to align the interests of management and stockholders.

Compensation Programs

Base Salary. The Committee approves and evaluates base salaries for executive officers, and reviews such salaries on an annual basis. In general, the salaries of executive officers are based upon a review of surveys of publicly held companies in our industry and of a similar size to the Company. Base pay increases vary according to individual contributions to the Company's success and comparisons to similar positions within the Company and at other comparable companies.

Bonuses. The Committee approves and evaluates bonuses for executive officers to the Board of Directors. Each executive officer is evaluated individually to determine a bonus for the fiscal year based on performance criteria, including, among other criteria, progress towards or achievement of business milestones in such executive's area of responsibility and with respect to the Company's financial and operating performance generally.

At the beginning of each year, the Board of Directors approves specific corporate goals for the upcoming year, along with associated weightings, for purposes of the bonus plan. After the end of the year, the Compensation Committee approves the percent of goal achieved for each corporate goal, along with the overall percent of corporate goal achievement for purposes of bonus plan payouts.

For Senior Vice Presidents and Executive Vice Presidents, 75% of the annual bonus is based on the Company's performance and 25% is based a combination of the performance of the individual and the business unit directed by such individual.

Stock Options. The Committee believes that stock options provide additional incentive to officers to work towards maximizing stockholder value. The Committee views stock options as one of the more important components of the Company's long-term, performance-based compensation philosophy. These options are provided through initial grants at or near the date of hire and through subsequent periodic grants. The Company generally grants options that become exercisable over forty eight months as a means of encouraging executives and other employees to remain with the Company and to promote its success. Options granted by the Company to its executive officers and other employees have exercise prices equal to the fair market value at the time of grant. This approach is designed to focus executives on the enhancement of stockholder value over the long term and encourage equity ownership in the Company. Options vest and become exercisable at such time as determined by the Board of Directors. The initial option grant is designed to be competitive with those of comparable companies for the level of the job that the executive holds and motivate the executive to make the kind of decisions and implement strategies and programs that will contribute to an increase in the Company's stock price over time. Periodic additional stock options within the comparable range for the job are

Table of Contents

granted to reflect the executives' ongoing contributions to the Company, to create an incentive to remain at the Company and to provide a long-term incentive to achieve or exceed the Company's financial goals.

Compensation Limitations

The Company has considered the potential future effects of Section 162(m) of the Internal Revenue Code on the compensation paid to the Company's executive officers. Under Section 162(m) of the Internal Revenue Code, adopted in August 1993, and regulations adopted thereunder by the Internal Revenue Service, publicly-held companies may be precluded from deducting certain compensation paid to an executive officer in excess of \$1.0 million in a year. The regulations exclude from this limit performance-based compensation and stock options provided certain requirements, such as stockholder approval, are satisfied. The Company plans to take actions, as necessary, to ensure that its stock option plans and executive annual cash bonus plans qualify for exclusion.

Compensation for the Chief Executive Officer

James H. Sabry is the Chief Executive Officer of the Company. The Committee uses the performance criteria described above in setting the base salary and bonus for Dr. Sabry, except that his salary is adjusted and bonus is awarded according to whether overall corporate, rather than individual, objectives were met. The Committee evaluated market data for similar positions and considered overall performance in determining Dr. Sabry's total compensation. The Committee and the Board of Directors determined that it was appropriate to increase Dr. Sabry's base salary from \$415,000 to \$435,000 effective March 2006. At the recommendation of the Compensation Committee, the Board of Directors awarded Dr. Sabry a cash bonus of \$132,800 relative to 2005 performance and granted Dr. Sabry stock options to purchase 150,000 shares of Common Stock for fiscal 2005.

forgivable over the course of Dr. Sabry's employment with us. Accrued interest was forgiven on November 12, 2002, 2003, 2004 and 2005. Collaboration and Facilities Agreement with Portola Pharmaceuticals

In August 2004, the Company entered into a Collaboration and Facilities Agreement with Portola Pharmaceuticals, Inc. (Portola) to have Portola provide the Company with research and related services and access to a portion of Portola's facilities and personnel to support such services. Charles J. Homcy, M.D., is the President and CEO of Portola, a member of the Company's Board of Directors and a consultant to the Company. On March 24, 2005, such agreement was amended to extend the term of the agreement to December 31, 2005, to provide for the purchase and installation of certain equipment by Portola and use of such equipment in connection with Portola providing the Company with research services under the agreement, and to make certain changes to other terms and conditions. The Company incurred equipment related expenses under the agreement of \$285,000 during the year ended December 31, 2005, which the Company will pay to Portola in eight quarterly payments from January 2006 through October 2007. On March 17, 2006, a second amendment to the agreement was executed to extend the term of the agreement to December 31, 2006 and to make certain changes to the terms and conditions of the research services and the related fees for such services.

Amendment of Collaboration and License Agreement with GlaxoSmithKline

On September 26, 2005, the Company and GlaxoSmithKline (GSK), an affiliate of Glaxo Group Limited which owns in excess of 5% of the outstanding Common Stock of the Company, executed an Amendment to the Collaboration and License Agreement (the Amendment), with such Amendment effective as of September 21, 2005, which amended certain provisions of the Collaboration and License Agreement, by and among the Company and GSK, dated as of June 20, 2001 (the Collaboration Agreement).

Pursuant to the Collaboration Agreement, the Company formed a strategic alliance with GSK to discover, develop and commercialize novel small molecule drugs targeting kinesin spindle protein, also known as KSP, and certain other cytoskeletal proteins involved in cell proliferation, called mitotic kinesins, for applications in the treatment of cancer and other diseases. Under the Collaboration Agreement, GSK is generally responsible for worldwide development of drug candidates and commercialization of drugs arising from the strategic alliance, but we retain a product-by-product option to co-fund certain later-stage development activities in exchange for a higher royalty rate and a further option to secure co-promotion rights in North America. If we exercise a co-promotion option for a product, we are entitled to receive from GSK reimbursement of certain sales force costs that we may incur in support of our commercial activities. We are eligible to receive pre-commercialization milestone payments ranging from \$30.0 million to \$50.0 million for products directed toward each mitotic kinesin target. In addition, our royalty rate increases based on our level of participation in funding of certain later-stage development activities and as total worldwide sales escalate for each drug developed and commercialized under the strategic alliance. We expect that the royalties to be paid on future sales of ispinesib, SB-743921 and GSK-923295 could potentially increase to a percentage rate in the upper-teens based on our anticipated level of co-funding of certain later-stage development activities of the drug candidates and increasing product sales.

Under the terms of the Collaboration Agreement, as modified by the Amendment, the Company will lead and fund activities for the development of its second cancer drug candidate, SB-743921, in the treatment of non-Hodgkin's lymphoma, Hodgkin's lymphoma and multiple myeloma, subject to the option for GSK to resume responsibility for development and commercialization activities for SB-743921 in these indications during a defined period. The Company's development activities will be conducted in parallel with GSK's conduct of development activities for SB-743921 in other indications.

Table of Contents

The Amendment also modifies the Collaboration Agreement to provide for the early formation of a Joint Development Committee to oversee the conduct of all development activities conducted by the Company and GSK for SB-743921 and for the Company to co-fund certain later stage development costs for this drug candidate. It further provides for the Company to receive pre-commercialization payments from GSK, in addition to those previously set forth in the Collaboration Agreement, based on the achievement of certain milestones for SB-743921 for the additional indications described above and increased royalties from GSK on net sales of products containing SB-743921 under certain scenarios.

Investor Rights Agreement

Certain former holders of Preferred Stock, certain shares of Common Stock sold to an affiliate of GlaxoSmithKline in connection with the Company's initial public offering, and certain shares of Common Stock issuable upon the exercise of warrants or their permitted transferees are entitled to rights with respect to registration of these shares under the Securities Act of 1933, as amended. These rights are provided under the terms of the Company's agreement with the holders of registrable securities. Under these registration rights, holders of the then outstanding registrable securities may require on two occasions that the Company register their shares for public resale. The first such registration requires the election of the holders of registrable securities holding at least 51% of the registrable securities, and the second such registration requires the election of the holders of registrable securities holding at least 25% of such registrable securities. The Company is obligated to register these shares only if the requesting holders request the registration of at least 20% of the registrable securities held by such requesting holders. In addition, twelve months after the effective date of the first registration of the Company's securities, holders of at least 30% of the registrable securities resulting from the conversion in connection with the Company's initial public offering of shares of the Company's formerly outstanding Series C Preferred Stock may require on two occasions that the Company register their shares for public resale. The Company is obligated to register these shares resulting from the conversion of the Company's formerly outstanding Series C Preferred Stock only if the requesting holders request the registration of at least 30% of the registrable securities held by such requesting holders that resulted from the conversion of the Company's formerly outstanding Series C Preferred Stock. In addition, holders of registrable securities may require that the Company register their shares for public resale on Form S-3 or similar short-form registration, if the Company is eligible to use Form S-3 or similar short-form registration, and the value of the securities to be registered is at least \$500,000. If the Company elects to register any of its shares of Common Stock for any public offering, the holders of registrable securities are entitled to include shares of Common Stock in the registration. However the Company may reduce the number of shares proposed to be registered in view of market conditions. The Company will pay all expenses in connection with any registration, other than underwriting discounts and commissions. These rights terminate on the earlier of five years after the effective date of the Company's initial public offering or when a holder is able to sell all its shares pursuant to Rule 144 under the Securities Act in any three-month period.

4. Offering Periods. The Plan shall be implemented by consecutive, overlapping Offering Periods with a new Offering Period commencing on the first Trading Day on or after May 1 and November 1 of each year, or on such other date as the Administrator shall determine, and continuing thereafter until terminated in accordance with Section 20; provided, however, that the first Offering Period under the Plan shall commence with the first Trading Day on or after the date on which the Securities and Exchange Commission declares the Company's Registration Statement effective and ending on the first Trading Day on or after the earlier of (i) May 1, 2006 or (ii) twenty-seven (27) months from the beginning of the first Offering Period; and provided, further, that the second Offering Period under the Plan shall commence on May 1, 2004. The Administrator shall have the power to change the duration of Offering Periods (including the commencement dates thereof) with respect to future offerings without stockholder approval if such change is announced prior to the scheduled beginning of the first Offering Period to be affected thereafter.

5. Participation.

(a) First Offering Period. An Employee who has become a participant in the first Offering Period under the Plan pursuant to Section 3(a) shall be entitled to continue his or her participation in such Offering Period only if he or she submits to the Company's payroll office (or its designee) a properly completed subscription agreement authorizing payroll deductions in the form provided by the Administrator for such purpose (i) no earlier than the effective date of the filing of the Company's Registration Statement on Form S-8 with respect to the shares of Common Stock issuable under the Plan (the Effective Date) and (ii) no later than five (5) business days from the Effective Date or such other period of time as the Administrator may determine (the Enrollment Window). A participant's failure to submit the subscription

Table of Contents

agreement during the Enrollment Window pursuant to this Section 5(a) shall result in the automatic termination of his or her participation in the first Offering Period under the Plan.

(b) Subsequent Offering Periods. An Employee who is eligible to participate in the Plan pursuant to Section 3(b) may become a participant by (i) submitting to the Company's payroll office (or its designee), on or before a date prescribed by the Administrator prior to an applicable Enrollment Date, a properly completed subscription agreement authorizing payroll deductions in the form provided by the Administrator for such purpose, or (ii) following an electronic or other enrollment procedure prescribed by the Administrator.

6. Payroll Deductions.

(a) At the time a participant enrolls in the Plan pursuant to Section 5, he or she shall elect to have payroll deductions made on each payday during the Offering Period in an amount not exceeding 15% of the Compensation which he or she receives on each such payday.

(b) Payroll deductions authorized by a participant shall commence on the first payday following the Enrollment Date and shall end on the last payday in the Offering Period to which such authorization is applicable, unless sooner terminated by the participant as provided in Section 10; provided, however, that for the first Offering Period under the Plan, payroll deductions shall commence on the first payday on or following the end of the Enrollment Window.

(c) All payroll deductions made for a participant shall be credited to his or her account under the Plan and shall be withheld in whole percentages only. A participant may not make any additional payments into such account.

(d) A participant may discontinue his or her participation in the Plan as provided in Section 10, or may change the rate of his or her payroll deductions during the Offering Period by (i) properly completing and submitting to the Company's payroll office (or its designee), on or before a date prescribed by the Administrator prior to an applicable Exercise Date, a new subscription agreement authorizing the change in payroll deduction rate in the form provided by the Administrator for such purpose, or (ii) following an electronic or other procedure prescribed by the Administrator; provided, however, that a participant may only make one payroll deduction change during each Purchase Period. If a participant has not followed such procedures to change the rate of payroll deductions, the rate of his or her payroll deductions shall continue at the originally elected rate throughout the Offering Period and future Offering Periods (unless terminated as provided in Section 10). The Administrator may, in its sole discretion, limit the nature and/or number of payroll deduction rate changes that may be made by participants during any Offering Period. Any change in payroll deduction rate made pursuant to this Section 6(d) shall be effective as of the first full payroll period following five (5) business days after the date on which the change is made by the participant (unless the Administrator, in its sole discretion, elects to process a given change in payroll deduction rate more quickly).

(e) Notwithstanding the foregoing, to the extent necessary to comply with Section 423(b)(8) of the Code and Section 3(c), a participant's payroll deductions may be decreased to zero percent (0%) at any time during a Purchase Period. Payroll deductions shall recommence at the rate originally elected by the participant effective as of the beginning of the first Purchase Period which is scheduled to end in the following calendar year, unless terminated by the participant as provided in Section 10.

(f) At the time the option is exercised, in whole or in part, or at the time some or all of the Company's Common Stock issued under the Plan is disposed of, the participant must make adequate provision for the Company's federal, state, or other tax withholding obligations, if any, which arise upon the exercise of the option or the disposition of the Common Stock. At any time, the Company may, but shall not be obligated to, withhold from the participant's compensation the amount necessary for the Company to meet applicable withholding obligations, including any withholding required to make available to the Company any tax deductions or benefits attributable to the sale or early disposition of Common Stock by the Employee.

7. Grant of Option. On the Enrollment Date of each Offering Period, each Employee participating in such Offering Period shall be granted an option to purchase on each Exercise Date during such Offering Period (at the applicable Purchase Price) up to a number of shares of Common Stock determined by dividing

Table of Contents

such participant's payroll deductions accumulated prior to such Exercise Date and retained in the participant's account as of the Exercise Date by the applicable Purchase Price; provided that in no event shall a participant be permitted to purchase during each Purchase Period more than 1,250 shares of Common Stock (subject to any adjustment pursuant to Section 19), and provided further that such purchase shall be subject to the limitations set forth in Sections 3(c) and 13. The Employee may accept the grant of such option (i) with respect to the first Offering Period under the Plan, by submitting a properly completed subscription agreement in accordance with the requirements of Section 5(a) on or before the last day of the Enrollment Window, and (ii) with respect to any future Offering Period under the Plan, by electing to participate in the Plan in accordance with the requirements of Section 5(b). The Administrator may, for future Offering Periods, increase or decrease, in its absolute discretion, the maximum number of shares of Common Stock that a participant may purchase during each Purchase Period of such Offering Period. Exercise of the option shall occur as provided in Section 8, unless the participant has withdrawn pursuant to Section 10. The option shall expire on the last day of the Offering Period.

8. Exercise of Option.

(a) Unless a participant withdraws from the Plan as provided in Section 10, his or her option for the purchase of shares of Common Stock shall be exercised automatically on the Exercise Date, and the maximum number of full shares subject to option shall be purchased for such participant at the applicable Purchase Price with the accumulated payroll deductions in his or her account. No fractional shares of Common Stock shall be purchased; any payroll deductions accumulated in a participant's account which are not sufficient to purchase a full share shall be retained in the participant's account for the subsequent Purchase Period or Offering Period, subject to earlier withdrawal by the participant as provided in Section 10. Any other monies left over in a participant's account after the Exercise Date shall be returned to the participant. During a participant's lifetime, a participant's option to purchase shares hereunder is exercisable only by him or her.

(b) Notwithstanding any contrary Plan provision, if the Administrator determines that, on a given Exercise Date, the number of shares of Common Stock with respect to which options are to be exercised may exceed (i) the number of shares of Common Stock that were available for sale under the Plan on the Enrollment Date of the applicable Offering Period, or (ii) the number of shares of Common Stock available for sale under the Plan on such Exercise Date, the Administrator may in its sole discretion (x) provide that the Company shall make a pro rata allocation of the shares of Common Stock available for purchase on such Enrollment Date or Exercise Date, as applicable, in as uniform a manner as shall be practicable and as it shall determine in its sole discretion to be equitable among all participants exercising options to purchase Common Stock on such Exercise Date, and continue all Offering Periods then in effect, or (y) provide that the Company shall make a pro rata allocation of the shares of Common Stock available for purchase on such Enrollment Date or Exercise Date, as applicable, in as uniform a manner as shall be practicable and as it shall determine in its sole discretion to be equitable among all participants exercising options to purchase Common Stock on such Exercise Date, and terminate any or all Offering Periods then in effect pursuant to Section 20. The Company may make pro rata allocation of the shares of Common Stock available on the Enrollment Date of any applicable Offering Period pursuant to the preceding sentence, notwithstanding any authorization of additional shares of Common Stock for issuance under the Plan by the Company's shareholders subsequent to such Enrollment Date.

9. Delivery. As soon as administratively practicable after each Exercise Date on which a purchase of shares of Common Stock occurs, the Company shall arrange the delivery to each participant, as appropriate, the shares purchased upon exercise of his or her option in a form determined by the Administrator (in its sole discretion) and pursuant to rules established by the Administrator. No participant shall have any voting, dividend, or other shareholder rights with respect to shares of Common Stock subject to any option granted under the Plan until such shares have been purchased and delivered to the participant as provided in this Section 9.

Table of Contents

10. Withdrawal.

(a) Under procedures established by the Administrator, a participant may withdraw all but not less than all the payroll deductions credited to his or her account and not yet used to exercise his or her option under the Plan at any time by (i) submitting to the Company's payroll office (or its designee) a written notice of withdrawal in the form prescribed by the Administrator for such purpose, or (ii) following an electronic or other withdrawal procedure prescribed by the Administrator. All of the participant's payroll deductions credited to his or her account shall be paid to such participant as promptly as practicable after the effective date of his or her withdrawal and such participant's option for the Offering Period shall be automatically terminated, and no further payroll deductions for the purchase of shares shall be made for such Offering Period. If a participant withdraws from an Offering Period, payroll deductions shall not resume at the beginning of the succeeding Offering Period unless the participant re-enrolls in the Plan in accordance with the provisions of Section 5.

(b) A participant's withdrawal from an Offering Period shall not have any effect upon his or her eligibility to participate in any similar plan which may hereafter be adopted by the Company or in succeeding Offering Periods which commence after the termination of the Offering Period from which the participant withdraws.

11. Termination of Employment. Upon a participant's ceasing to be an Employee, for any reason, he or she shall be deemed to have elected to withdraw from the Plan and the payroll deductions credited to such participant's account during the Offering Period but not yet used to purchase shares of Common Stock under the Plan shall be returned to such participant or, in the case of his or her death, to the person or persons entitled thereto under Section 15, and such participant's option shall be automatically terminated. The preceding sentence notwithstanding, a participant who receives payment in lieu of notice of termination of employment shall be treated as continuing to be an Employee for the participant's customary number of hours per week of employment during the period in which the participant is subject to such payment in lieu of notice.

12. Interest. No interest shall accrue on the payroll deductions of a participant in the Plan.

13. Stock.

(a) Subject to adjustment upon changes in capitalization of the Company as provided in Section 19, the maximum number of shares of Common Stock which shall be made available for sale under the Plan shall be 1,500,000 shares of Common Stock.

(b) Shares of Common Stock to be delivered to a participant under the Plan shall be registered in the name of the participant or in the name of the participant and his or her spouse.

14. Administration. The Board or a committee of members of the Board who shall be appointed from time to time by, and shall serve at the pleasure of, the Board, shall administer the Plan. The Administrator shall have full and exclusive discretionary authority to construe, interpret and apply the terms of the Plan, to determine eligibility, to adjudicate all disputed claims filed under the Plan and to establish such procedures that it deems necessary for administration of the Plan (including, without limitation, to adopt such procedures and sub-plans as are necessary or appropriate to permit the participation in the Plan by employees who are foreign nationals or employed outside the United States). The Administrator, in its sole discretion and on such terms and conditions as it may provide, may delegate to one or more individuals all or any part of its authority and powers under the Plan. Every finding, decision and determination made by the Administrator (or its designee) shall, to the full extent permitted by law, be final and binding upon all parties.

15. Designation of Beneficiary.

(a) A participant may designate a beneficiary who is to receive any shares of Common Stock and cash, if any, from the participant's account under the Plan in the event of such participant's death subsequent to an Exercise Date on which the option is exercised but prior to delivery to such participant of such shares and cash. In addition, a participant may designate a beneficiary who is to receive any cash from the participant's account under the Plan in the event of such participant's death prior to exercise of the option. If a participant

Table of Contents

is married and the designated beneficiary is not the spouse, spousal consent shall be required for such designation to be effective.

(b) Such designation of beneficiary may be changed by the participant at any time. In the event of the death of a participant and in the absence of a beneficiary validly designated under the Plan who is living at the time of such participant's death, the Company shall deliver such shares and/or cash to the executor or administrator of the estate of the participant, or if no such executor or administrator has been appointed (to the knowledge of the Company), the Company, in its discretion, may deliver such shares and/or cash to the spouse or to any one or more dependents or relatives of the participant, or if no spouse, dependent or relative is known to the Company, then to such other person as the Company may designate.

(c) All beneficiary designations under this Section 15 shall be made in such form and manner as the Administrator may prescribe from time to time.

16. Transferability. Neither payroll deductions credited to a participant's account nor any rights with regard to the exercise of an option or to receive shares of Common Stock under the Plan may be assigned, transferred, pledged or otherwise disposed of in any way (other than by will, the laws of descent and distribution or as provided in Section 15) by the participant. Any such attempt at assignment, transfer, pledge or other disposition shall be without effect, except that the Company may treat such act as an election to withdraw from an Offering Period in accordance with Section 10.

17. Use of Funds. All payroll deductions received or held by the Company under the Plan may be used by the Company for any corporate purpose, and the Company shall not be obligated to segregate such payroll deductions. Until shares of Common Stock are issued under the Plan (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company), a participant shall only have the rights of an unsecured creditor with respect to such shares.

18. Reports. Individual accounts shall be maintained for each participant in the Plan. Statements of account shall be given to participating Employees at least annually, which statements shall set forth the amounts of payroll deductions, the Purchase Price, the number of shares of Common Stock purchased and the remaining cash balance, if any.

19. Adjustments, Dissolution, Liquidation or Change of Control.

(a) Adjustments. In the event that any dividend or other distribution (whether in the form of cash, Common Stock, other securities, or other property), recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase, or exchange of Common Stock or other securities of the Company, or other change in the corporate structure of the Company affecting the Common Stock such that an adjustment is determined by the Administrator (in its sole discretion) to be appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan, then the Administrator shall, in such manner as it may deem equitable, adjust the number and class of Common Stock which may be delivered under the Plan, the Purchase Price per share and the number of shares of Common Stock covered by each option under the Plan which has not yet been exercised, and the numerical limits of Sections 7 and 13.

(b) Dissolution or Liquidation. In the event of the proposed dissolution or liquidation of the Company, the Offering Period then in progress shall be shortened by setting a new Exercise Date (the New Exercise Date), and shall terminate immediately prior to the consummation of such proposed dissolution or liquidation, unless provided otherwise by the Board. The New Exercise Date shall be before the date of the Company's proposed dissolution or liquidation. The Board shall notify each participant in writing, at least ten (10) business days prior to the New Exercise Date, that the Exercise Date for the participant's option has been changed to the New Exercise Date and that the participant's option shall be exercised automatically on the New Exercise Date, unless prior to such date the participant has withdrawn from the Offering Period as provided in Section 10.

(c) Change of Control. In the event of a Change of Control, each outstanding option shall be assumed or an equivalent option substituted by the successor corporation or a Parent or Subsidiary of the successor

corporation. In the event that the successor corporation refuses to assume or substitute for the option, any Purchase Periods then in progress shall be shortened by setting a new Exercise Date (the New Exercise Date) and any Offering Periods then in progress shall end on the New Exercise Date. The New Exercise Date shall be before the date of the Company s proposed Change of Control. The Board shall notify each participant in writing, at least ten (10) business days prior to the New Exercise Date, that the Exercise Date for the participant s option has been changed to the New Exercise Date and that the participant s option shall be exercised automatically on the New Exercise Date, unless prior to such date the participant has withdrawn from the Offering Period as provided in Section 10.

20. Amendment or Termination.

(a) The Administrator may at any time and for any reason terminate or amend the Plan. Except as provided in Section 19, no such termination can affect options previously granted under the Plan, provided that an Offering Period may be terminated by the Administrator on any Exercise Date if the Administrator determines that the termination or suspension of the Plan is in the best interests of the Company and its stockholders. Except as provided in Section 19 and this Section 20, no amendment may make any change in any option theretofore granted which adversely affects the rights of any participant. To the extent necessary to comply with Section 423 of the Code (or any successor rule or provision or any other applicable law, regulation or stock exchange rule), the Company shall obtain stockholder approval in such a manner and to such a degree as required.

(b) Without stockholder consent and without regard to whether any participant rights may be considered to have been adversely affected, the Administrator shall be entitled to change the Offering Periods, limit the frequency and/or number of changes in the amount withheld during an Offering Period, establish the exchange ratio applicable to amounts withheld in a currency other than U.S. dollars, permit payroll withholding in excess of the amount designated by a participant in order to adjust for delays or mistakes in the Company s processing of properly completed withholding elections, establish reasonable waiting and adjustment periods and/or accounting and crediting procedures to ensure that amounts applied toward the purchase of Common Stock for each participant properly correspond with amounts withheld from the participant s Compensation, and establish such other limitations or procedures as the Administrator determines in its sole discretion advisable which are consistent with the Plan.

(c) In the event the Administrator determines that the ongoing operation of the Plan may result in unfavorable financial accounting consequences, the Board may, in its discretion and, to the extent necessary or desirable, modify or amend the Plan to reduce or eliminate such accounting consequence including, but not limited to:

(i) altering the Purchase Price for any Offering Period including an Offering Period underway at the time of the change in Purchase Price;

(ii) shortening any Offering Period so that Offering Period ends on a new Exercise Date, including an Offering Period underway at the time of the Board action; and

(iii) allocating shares.

Such modifications or amendments shall not require stockholder approval or the consent of any Plan participants.

21. Notices. All notices or other communications by a participant to the Company under or in connection with the Plan shall be deemed to have been duly given when received in the form specified by the Company at the location, or by the person, designated by the Company for the receipt thereof.

22. Conditions Upon Issuance of Shares. Shares of Common Stock shall not be issued with respect to an option under the Plan unless the exercise of such option and the issuance and delivery of such shares pursuant thereto shall comply with all applicable provisions of law, domestic or foreign, including, without limitation, the Securities Act of 1933, as amended, including the rules and regulations promulgated thereunder, the Exchange Act and the requirements of any stock exchange upon which the shares may then be

listed, and shall be further subject to the approval of counsel for the Company with respect to such compliance.

As a condition to the exercise of an option, the Company may require the person exercising such option to represent and warrant at the time of any such exercise that the shares are being purchased only for investment and without any present intention to sell or distribute such shares if, in the opinion of counsel for the Company, such a representation is required by any of the aforementioned applicable provisions of law.

23. Term of Plan. The Plan shall become effective upon the earlier to occur of its adoption by the Board or its approval by the stockholders of the Company. It shall continue in effect until terminated under Section 20.

24. Automatic Transfer to Low Price Offering Period. To the extent permitted by any applicable laws, regulations, or stock exchange rules if the Fair Market Value of the Common Stock on any Exercise Date in an Offering Period is lower than the Fair Market Value of the Common Stock on the Enrollment Date of such Offering Period, then all participants in such Offering Period shall be automatically withdrawn from such Offering Period immediately after the exercise of their option on such Exercise Date and automatically re-enrolled in the immediately following Offering Period.
