**Proxy Statement  
for the  
Annual Meeting Of Stockholders  
To Be Held On June 7, 2006  
Devon Energy Corporation  
20 North Broadway  
Oklahoma City, Oklahoma 73102**

We are furnishing you this Proxy Statement in connection with the solicitation of proxies by our Board of Directors to be used at the Annual Meeting and any adjournment thereof. The Annual Meeting will be held on Wednesday, June 7, 2006 at 8:00 a.m. (local time). We are first sending this Proxy Statement to our stockholders on or about April 28, 2006.

All references in this Proxy Statement to we, our, us, the Company or Devon refer to Devon Energy Corporation, including our predecessors and subsidiary corporations.

**ABOUT THE ANNUAL MEETING**

**What is the purpose of the Annual Meeting?**

At our Annual Meeting, stockholders will act upon the matters outlined in the Notice of Annual Meeting in this Proxy Statement, including the election of Directors, ratification of the Company's independent auditors and consideration of an amendment to the Company's long-term incentive plan.

**Who is entitled to vote?**

Stockholders as of the close of business on April 10, 2006 (the Record Date) are eligible to vote their shares. As of the Record Date, there were 440,010,680 shares of Devon common stock outstanding. Each share of common stock is entitled to one vote at the meeting.

**How do I vote?**

Other than attending the meeting and casting your vote in person, you may:

Dial the toll-free number listed on the enclosed proxy card or voting instruction form from the United States or Canada. Easy-to-follow voice prompts allow you to vote your shares and confirm that your instructions have been properly recorded. Telephone voting facilities for stockholders of record will be available 24 hours a day, and will close at 8:00 p.m. Central Daylight Time on June 6, 2006; or

Go to the following website on the Internet: <http://proxy.georgeson.com>. As with telephone voting, simply follow the instructions on the screen and you can confirm that your instructions have been properly recorded. If you vote on the Internet, you can request electronic delivery of future proxy materials. Internet voting facilities for stockholders of record will be available 24 hours a day, and will close at 8:00 p.m. Central Daylight Time on June 6, 2006; or

Mark your selection on the enclosed proxy card, date and sign the card, and return the card in the pre-addressed, postage-paid envelope provided.

**Table of Contents**

**If I vote by telephone or Internet, do I need to return my proxy card?**

No.

**How do I vote the shares held in my 401(k) Plan?**

If you are a current employee participating in the Devon Energy Incentive Savings Plan (the Plan ), please follow the instructions you received via email from Devon s proxy solicitor, Georgeson Shareholder Communications Inc.

( Georgeson ).

If you are a former employee participating in the Plan and have shares of Devon common stock credited to your Plan account as of the record date, such shares are shown on the enclosed proxy card. You have the right to direct Fidelity Management Trust Company (the Plan Trustee ) regarding how to vote those shares.

The Plan Trustee will vote your account shares in the Plan account in accordance with your instructions. If you do not send instructions (by voting your shares as provided above in How do I vote? ) or if your proxy card is not received by June 5, 2006, the shares credited to your account will be voted by the Trustee in the same proportion as it votes shares for which it did receive timely instructions.

**Will each stockholder in our household receive a Proxy Statement and Annual Report?**

No. Only one Proxy Statement and Annual Report will be delivered to multiple stockholders sharing an address unless you notified us to the contrary. Any stockholder at a shared address to which a single copy of the Proxy Statement and Annual Report has been sent who would like an additional copy of this Proxy Statement and Annual Report or future copies of Proxy Statements and Annual Reports may write Devon Energy Corporation, Attention: Corporate Secretary, 20 North Broadway, Oklahoma City, Oklahoma 73102, email: [janice.dobbs@dvn.com](mailto:janice.dobbs@dvn.com) or call 405-235-3611.

**What is the difference between voting via telephone or the Internet or returning a proxy card versus voting in person?**

Voting by proxy, regardless of whether it is via telephone or the Internet or by returning your proxy card by mail, appoints J. Larry Nichols, John Richels and Marian J. Moon as your proxies. They will be required to vote on the proposal exactly as you specified. However, if any other matter requiring a stockholder vote is properly raised at the meeting and you are not present to cast your vote, then Messrs. Nichols and Richels and Ms. Moon are authorized to use their discretion to vote on the issues on your behalf.

**How does discretionary authority apply?**

If you sign your proxy card, but do not make any selections, you give authority to Messrs. Nichols and Richels and Ms. Moon to vote on the proposals and any other matter that may arise at the Annual Meeting.

**If I vote via telephone or the Internet or by mailing my proxy card, may I still attend the meeting?**

Yes.

**What if I want to change my vote?**

You can revoke your proxy before it is voted by submitting a new proxy with a later date (by mail, telephone or Internet), by voting at the meeting, or by filing a written revocation with Devon s Corporate Secretary. Your attendance at the Annual Meeting will not automatically revoke your proxy.

**Is my vote confidential?**

Yes, only Georgeson and certain employees of Devon will have access to voting information submitted by registered or beneficial stockholders. Georgeson will also act as our inspector of election. All comments will remain confidential, unless you ask that your name be disclosed.

In addition, special procedures have been established to maintain the confidentiality of shares voted in the Company s 401(k) Plan. No employee of Devon will have access to voting information for shares in the 401(k) Plan.

**Who will count the votes?**

Georgeson will tabulate the votes.

**What does it mean if I get more than one proxy card?**

Your shares are probably registered differently or are in more than one account. Vote all proxy cards

**Table of Contents**

to ensure that all your shares are voted. Contact our transfer agent, American Stock Transfer & Trust Company, to have your accounts registered in the same name and address.

**How many shares of stock are outstanding and entitled to vote at the Devon Annual Meeting?**

As of the Record Date, there were 440,010,680 shares of Devon common stock outstanding.

**What constitutes a quorum?**

A majority of the shares entitled to vote, present in person or represented by proxy, constitutes a quorum. If you vote by telephone or the Internet or by returning your proxy card, you will be considered part of the quorum. The inspector of election will treat shares represented by a properly executed proxy as present at the meeting. Abstentions and broker non-votes will be counted for purposes of determining a quorum. A broker non-vote occurs when a nominee holding shares for a beneficial owner submits a proxy but does not vote on a particular proposal because the nominee does not have discretionary voting power for that item and has not received instructions from the beneficial owner.

**How many votes will be required to approve a proposal?**

Election of Directors at the meeting will be by a plurality of votes cast at the meeting. Votes may be cast in favor of the election of each Director nominee or withheld.

Our Corporate Governance Guidelines contain a majority voting policy which provides that any nominee for Director in an uncontested election who receives a greater number of votes withheld from his or her election than votes for such election shall submit his or her offer of resignation to the Governance Committee within 90 days from the date of the election. The Governance Committee shall consider all of the relevant facts and circumstances and recommend to the Board the action to be taken with respect to such offer of resignation.

With respect to other matters, the affirmative vote of the holders of a majority of the shares, present in person or by proxy and entitled to vote at the meeting is required to take any other action.

Shares cannot be voted at the meeting unless the holder of record is present in person or by proxy.

**Can brokers who hold shares in street name vote those shares with respect to the election of Directors if they have received no instructions?**

We believe that brokers that are member firms of the New York Stock Exchange (the NYSE), and who hold common stock in street name for customers, but have not received instructions from a beneficial owner, have the authority under the rules of the NYSE to vote those shares with respect to the election of Directors.

**How will you treat abstentions and broker non-votes?**

We will (i) count abstentions and broker non-votes for purposes of determining the presence of a quorum at the meeting; (ii) treat abstentions as votes not cast but as shares represented at the meeting for determining results on actions requiring a majority of shares present and entitled to vote at the meeting; (iii) not consider broker non-votes for determining actions requiring a majority of shares present and entitled to vote at the meeting; and (iv) consider neither abstentions nor broker non-votes in determining results of plurality votes.

**Who pays the solicitation expenses?**

The Company will bear the cost of solicitation of proxies. Proxies may be solicited by mail or personally by our Directors, officers or regular employees, none of whom will receive additional compensation therefor. We have also retained Georgeson to assist in the solicitation of proxies at an estimated cost of \$9,000, plus reasonable expenses. Those holding shares of common stock of record for the benefit of others, or nominee holders, are being asked to distribute proxy soliciting materials to, and request voting instructions from, the beneficial owners of such shares. We will reimburse nominee holders for their reasonable out-of-pocket expenses.

**Where can I find the voting results of the meeting?**

We will announce voting results at the meeting, and we will publish final results in our quarterly report on Form 10-Q for the second quarter of 2006. We will file that report with the United States Securities and Exchange Commission. You can get

**Table of Contents**

a copy of this and other reports free of charge on the Company's website at [www.devonenergy.com](http://www.devonenergy.com), or by contacting either our Investor Relations Department at 405-552-4570 or the United States Securities and Exchange Commission at 1-800-732-0330 or [www.sec.gov](http://www.sec.gov).

**Will your independent auditors be available to respond to stockholder questions?**

Yes. The Audit Committee of the Board of Directors has selected KPMG LLP to serve as our independent auditors for the fiscal year ending December 31, 2006. Representatives of KPMG LLP are expected to be present at the meeting. They will have an opportunity to make a statement, if they desire to do so, and will be available to respond to stockholder questions.

**AGENDA ITEM 1. ELECTION OF DIRECTORS**

Pursuant to provisions of our Restated Certificate of Incorporation and Bylaws, the Board of Directors shall consist of not less than three nor more than 20 Directors. Currently, the Board is comprised of nine Directors. Our Restated Certificate of Incorporation and Bylaws provide for three classes of Directors. These three classes of Directors serve staggered three-year terms, with Class I having three Directors, Class II having four Directors and Class III having two Directors.

The Board of Directors has nominated Robert L. Howard, Michael M. Kanovsky, J. Todd Mitchell and J. Larry Nichols for re-election as Directors for terms expiring at the Annual Meeting in the year 2009, and, in each case, until their successors are elected and qualified. The four nominees are presently Directors whose terms expire at the meeting. Other Directors who are remaining on the Board of Directors will continue in office in accordance with their previous elections until the expiration of their terms at the 2007 or 2008 Annual Meeting, as the case may be.

**The Board of Directors recommends a vote FOR each of the nominees for election to the Board of Directors.**

It is the intention of the persons named in the proxy to vote proxies **FOR** the election of the four nominees. In the event that any of the nominees should fail to stand for election, the persons named in the proxy intend to vote for substitute nominees designated by the Board of Directors, unless the Board of Directors reduces the number of Directors to be elected. Proxies cannot be voted for a greater number of persons than the number of nominees named.

**CORPORATE GOVERNANCE**

**Board of Directors Information**

Our Board of Directors met five times in 2005. All Directors attended 75 percent or more of the total meetings of the Board of Directors and Committees on which they served. Devon's policy requires that a majority of the Directors be in attendance at the annual meetings of stockholders. All Directors attended the 2005 Annual Meeting.

The Board is governed by the laws of the State of Delaware, the Company's Certificate of Incorporation as restated on March 7, 2005, Bylaws, Corporate Governance Guidelines, charters of the Board's standing committees and various federal laws. Copies of the following governance documents are available on the Company's website at [www.devonenergy.com](http://www.devonenergy.com) and are available in print to any stockholder upon request:

Certificate of Incorporation

Bylaws

Corporate Governance Guidelines

Code of Business Conduct and Ethics

Code of Ethics for the Chief Executive Officer (CEO), Chief Financial Officer (CFO) and Chief Accounting Officer (CAO)

Amendments to and waivers from any provision of the Code of Ethics will be posted on the foregoing website.

Also, on the Devon website is information on Environmental, Health and Safety programs, including the Corporate Global Climate Change Position and Strategy.

**Director Compensation**

All Directors are reimbursed travel expenses, lodging and out-of-pocket expenses incurred in connection with service on the Board.

Non-management Directors of Devon receive:

an annual retainer of \$50,000, payable quarterly.

\$2,000 for each Board meeting attended. Directors participating in a telephonic Board meeting receive a fee of \$1,000.

an additional \$10,000 per year for each Director serving as Chairman of the Compensation Committee, the Governance Committee and the Reserves Committee of the Board.

an additional \$15,000 per year for the Director serving as Chairman of the Audit Committee of the Board.

an additional \$2,000 per year for all Audit Committee members.

\$2,000 for each Committee meeting attended. Directors participating in a telephonic Committee meeting receive a fee of \$1,000.

an annual grant of 3,000 stock options.

an annual award of 2,000 shares of restricted stock.

Stock awards to Non-Management Directors are granted immediately following each Annual Meeting of Stockholders. Stock options are granted at an exercise price equal to the fair market value of the common stock on that date. Unexercised stock options will expire eight years from the date of grant. Restricted stock awards vest 25 percent on each anniversary of the date of grant. Cash dividends on shares of restricted stock are paid at the same times and in the same amounts as on other shares of common stock.

**Director Independence**

The Company's Corporate Governance Guidelines, including a definition of director independence, complies with the NYSE listing standards. The full text of the guidelines may be found on the Company's website at [www.devonenergy.com](http://www.devonenergy.com).

Pursuant to the Company's guidelines, the Board considered transactions and relationships between each Director or any member of his immediate family and the Company and its subsidiaries and affiliates. The Board affirmatively determined that each of the current Directors, with the exception of the sole management Director, J. Larry Nichols, has no material relationship with Devon that would interfere with the exercise of independent judgment and, therefore, is independent under the Company's guidelines and the listing standards of the NYSE. The Board did note that the father of Director J. Todd Mitchell owns indirectly a majority interest in a company whose services Devon utilizes. However, the Board determined that this relationship was not material to Devon, the Director or to the other company. See Related Party Transactions .

**Lead Director**

The Board has a Lead Director whose primary responsibility is to preside over executive sessions of the Board in which management Directors and other members of management do not participate. The Lead Director also performs other duties that the Board may from time to time delegate to assist the Board in the fulfillment of its responsibilities. In 2005, following the retirement of Director Michael E. Gellert, the Board designated David M. Gavrin to serve as Lead Director until his successor is named.

**Director Communication**

Any stockholder or other interested party may contact the Company's Lead Director or any of the Non-Management Directors by (i) U.S. mail to Lead Director or to Non-Management Directors, c/o Office of the Corporate Secretary, Devon Energy Corporation, 20 North Broadway, Oklahoma City, Oklahoma 73102; (ii) calling Devon's Non-Management Director access line 866-888-6179; or (iii) sending an email to [nonmanagement.directors@dvn.com](mailto:nonmanagement.directors@dvn.com). J. Larry Nichols, the sole management Director may be contacted by (i) U.S. mail to J. Larry Nichols, Devon Energy Corporation, 20 North Broadway, Oklahoma City, Oklahoma 73102; (ii) contacting the Office of the Corporate Secretary at 405-235-3611; or (iii) sending an email to [larry.nichols@dvn.com](mailto:larry.nichols@dvn.com). All calls or correspondence are anonymous and confidential. All such communications, other than advertisements or commercial solicitations, will be forwarded to the appropriate Director(s) for review.

**GOVERNANCE COMMITTEE REPORT**

The Governance Committee is responsible for proposing qualified candidates to fill vacancies on the Board of Directors. The Committee will review with the Board any special director qualifications, taking into account the composition and skills of the entire Board. The Committee will consider nominees recommended by stockholders and give appropriate consideration in the same manner as given to other nominees. Stockholders who wish to submit director nominees for election at our 2007 Annual Meeting of Stockholders may do so by submitting in writing such nominee's name in compliance with the procedures, along with the other information required by our Bylaws, to the Governance Committee of the Board of Directors, Attention: Chairman, c/o Office of the Corporate Secretary, Devon Energy Corporation, 20 North Broadway, Oklahoma City, Oklahoma 73102. The Board will take reasonable steps to ensure that a diverse group of qualified persons are in the pool from which the Board member nominees are chosen. The Governance Committee may, at its discretion, seek third-party resources to assist in the process and will make final director candidate recommendations to the Board. The basic qualifications the Committee looks for in director candidates, which are identified in our Corporate Governance Guidelines, are:

independence;

high ethical standards and integrity;

willingness to act on and remain accountable for boardroom decisions;

high intelligence and wisdom that can be applied to decision-making;

ability to communicate persuasively; and

a history of achievement that reflects high standards.

Following election to the Board, the Corporate Governance Guidelines provide for:

mandatory retirement at the Annual Meeting following the 73rd birthday of a Director;

a recommendation that a director not serve on more than five public company boards in addition to serving on the Devon Board;

majority voting which requires a nominee for Director in an uncontested election to submit an offer of resignation to the Governance Committee within 90 days of the date of the election if the Director receives a greater number of withheld votes than for votes. The Governance Committee shall consider all of the relevant facts and circumstances and recommend to the full Board the action to be taken with respect to the offer to resign; and

approval of the Governance Committee to serve as a director, officer or employee of a competitor of Devon.

The Governance Committee also plays a leadership role in shaping Devon's corporate governance. It undertakes an annual corporate governance self-assessment, consisting of a thorough review of Devon's corporate governance practices. The Committee reviews Devon's practices and best practices followed by other companies. The goal is to maintain a corporate governance framework for Devon that is effective and functional and that adequately and fully addresses the interests of the Company's stakeholders. The Committee determined that Devon operates under many best corporate governance practices. The Committee may from time to time recommend enhanced corporate governance standards to the Board. The Board voted to approve these standards which are reflected in:

the Corporate Governance Guidelines;

the charters for the Board's Audit, Compensation, Governance and Reserves Committees; and

an expanded Code of Business Conduct and Ethics for all Directors, officers and employees.

These documents, along with the Committee's written charter as amended and approved by the Board in 2005, implement and strengthen Devon's corporate governance practices. They are available on Devon's website at [www.devonenergy.com](http://www.devonenergy.com).

The Committee intends to continue to require an annual evaluation of the effectiveness of the Board and its Committees. In addition, each Board member completes an annual self-assessment of his performance and effectiveness on the Board.

**Table of Contents**

With Devon's fundamental corporate governance practices firmly in place, the Committee is prepared to respond quickly to new regulatory requirements and emerging best practices. The Committee intends to continue the self-assessment process and its work will be updated periodically to enable Devon to maintain its position at the forefront of corporate governance best practices.

**AUDIT COMMITTEE REPORT**

The Board of Directors maintains an Audit Committee which in 2005 was comprised of three outside Directors. The Board of Directors and the Audit Committee believe that the Audit Committee's current member composition satisfies the rules of the NYSE that govern audit committee composition, including the requirement that audit committee members all be independent directors as that term is defined under NYSE rules. The Audit Committee operates under a written charter approved by the Board of Directors. The charter is available on Devon's website at [www.devonenergy.com](http://www.devonenergy.com).

The Audit Committee oversees our financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the preparation of the financial statements and the establishment and maintenance of the system of internal controls. This system is designed to provide reasonable assurance regarding the achievement of objectives in the areas of reliability of financial reporting, effectiveness and efficiency of operations and compliance with applicable laws and regulations. In fulfilling its oversight responsibilities, the Audit Committee reviewed with management internal controls over financial reporting in accordance with the standards of the Public Company Accounting Oversight Board, and the audited financial statements in the Annual Report. This review included a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

In fulfilling its duties in the 2005 fiscal year, the Audit Committee completed each of the following:

reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of our audited financial statements with accounting principles generally accepted in the United States of America and our assessment and the effectiveness of our internal controls over financial reporting, their judgments as to the quality, not just the acceptability, of our accounting principles and other matters;

discussed with the independent auditors other matters under generally accepted auditing standards, including Statement on Auditing Standards No. 61, *Communications with Audit Committee*;

discussed with the independent auditors the auditors' independence from management, including the matters in the written disclosures and the letter from the independent auditors required by the Independence Standards Board Standard No. 1;

discussed with our independent auditors the overall scope and plans for their audit; and

met with the independent auditors, with and without management present, to discuss the results of their audit and the overall quality of our financial reporting.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board has approved, that the audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2005 for filing with the United States Securities and Exchange Commission. The Audit Committee has approved KPMG LLP as our independent auditors for the fiscal year ending December 31, 2006.

**Table of Contents****Independent Auditors Fees**

Under the terms of its charter, the Audit Committee approves fees paid by Devon to our independent auditors. For the fiscal years ended December 31, 2005 and December 31, 2004, we paid the following fees to KPMG LLP:

|                    | <b>2005</b>  | <b>2004</b>  |
|--------------------|--------------|--------------|
| Audit fees         | \$ 2,904,000 | \$ 3,066,500 |
| Audit related fees | \$ 375,000   | \$ 362,051   |
| Tax fees           | \$ 274,000   | \$ 386,476   |
| All other fees     |              |              |

Audit fees included services for the audits of the financial statements and management's assessment and the effectiveness of the Company's internal controls over financial reporting. Audit related fees consisted principally of audits of financial statements of employee benefit plans and certain affiliates and subsidiaries and certain accounting consultation. Tax fees consisted of tax compliance and tax consulting fees. The Audit Committee has considered whether the provisions of audit related services and tax services are compatible with maintaining KPMG LLP's independence and determined the auditors' independence is not impaired.

**Audit Committee Pre-Approval Policies and Procedures**

The 2005 and 2004 audit and non-audit services provided by KPMG LLP were approved by the Audit Committee. The non-audit services which were approved by the Audit Committee were also reviewed to ensure compatibility with maintaining the auditors' independence.

The Audit Committee implemented pre-approval policies and procedures related to the provision of audit and non-audit services. Under these procedures, the Audit Committee pre-approves both the type of services to be provided by KPMG LLP and the estimated fees related to these services. During the approval process, the Audit Committee considers the impact of the types of services and the related fees on the independence of the auditors. The services and fees must be deemed compatible with the maintenance of the auditors' independence, including compliance with United States Securities and Exchange Commission rules and regulations.

**COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION**

The Compensation Committee operates under a written charter that was approved by the Board in 2003. The charter may be viewed on the Devon website at [www.devonenergy.com](http://www.devonenergy.com).

The Compensation Committee establishes the general compensation policies of the Company and the specific compensation levels for the CEO. With regard to compensation of executive officers other than the CEO, the Committee and the CEO, in consultation, determine their compensation.

**Compensation Philosophy**

The executive compensation program is intended to reflect a pay-for-performance culture and closely align the interests of the executives of the Company with the interests of the Company's stockholders. The Committee's goals in setting executive compensation are to:

motivate, reward and retain management talent who support the Company's goals of increasing shareholder value on both an absolute and per share basis;

provide the opportunity for the CEO and other executive officers to earn total cash compensation, based on performance, which is competitive with similarly situated executives of peer group public companies within the oil and gas industry. This includes setting base salaries at or slightly above the median and providing the opportunity to earn above median short- and long-term incentive compensation when performance warrants; and

tie a significant portion of the complete compensation package to the Company's success in achieving long-term growth in per share earnings, cash flow, reserves, production and stock price.

**Program Overview**

The elements of the executive compensation program in 2005 consisted of (i) base salaries, (ii) annual cash incentive payments under the annual incentive plan, (iii) long-term incentives in the form of stock options and restricted stock grants, and (iv) employee benefits. The mix of compensation for executive officers is weighted more heavily toward performance-based incentives rather than base salaries.

*Base Salary.* A competitive base salary is considered vital to support the continuity of management and is consistent with the long-term nature of the oil and gas business. The Committee believes that the base salaries of the executive officers should be similar to the base salaries of executive officers of similar companies within the oil and gas industry with whom Devon competes for executive personnel.

In December 2004, the Committee reviewed market data for cash compensation and long-term incentive awards for all of the senior officers prepared for the Committee's use by an independent consulting firm. The consultant's analysis was based on data from a peer group comprised of eight oil and gas companies that were similar to Devon in terms of revenues and market capitalization. The companies in the peer group are included in the industry group index found in the Performance Graph included in this Proxy Statement. The independent consultant's analysis revealed that the base compensation of the CEO was slightly above the market median salaries for the eight companies in the independent consultant's group. As a result of this finding, the Committee decided to maintain the base salary of the CEO at the same level for 2005, consistent with the Company's compensation philosophy.

The Committee advised the CEO that a similar process, using the information from the independent survey, should be used in evaluating the base salaries of the other executive officers of the Company. As a result, the base salaries of the other named executive officers were maintained at the 2004 level for 2005, consistent with the Company's compensation philosophy.

*Annual Cash Bonuses.* The Committee believes that the officers' cash bonuses should be tied to Devon's success in achieving its corporate goals and budgets and in positioning the Company for long-term growth. The Company's approach in administering its annual incentive program is non-formulaic. That is, specific targets for individual performance measures include both objective and subjective measures. The Committee takes into consideration the Company's progress toward

**Table of Contents**

meeting its key performance goals, which include not only financial and operating performance goals, but also goals in the areas of stakeholder relations, business process improvement and employee development, in order to position the Company for long-term, enduring stockholder returns. In addition to evaluating the degree of attainment of these goals, the Committee assesses the Company's accomplishments against the Company's historical performance and in the context of the broader industry trends.

The Committee has had numerous discussions of the relative merits of its present non-formulaic approach to executive compensation versus a formula-based approach and has concluded that the present approach has been successful, has resulted in an effective, focused management team and has provided the necessary flexibility to appropriately incentivize the management team in changing market and industry conditions. The Committee will continue to evaluate this approach and will make changes as it deems necessary to appropriately link executive compensation with Company performance.

Cash bonuses for 2005 were set at a December 2005 Committee meeting. In setting the cash bonus for the CEO for 2005 the Committee reviewed the corporate goals established by the Company's management for 2005 and management's success in achieving those goals. The Committee concluded that the CEO and other senior executives had been very successful in achieving the internal goals of the Company for 2005, had delivered improved year over year financial and operating results, and had delivered improved year over year results in relation to the peer group. The Committee also referred to an analysis of compensation data from a peer group comprised of eight oil and gas companies that were similar to Devon in terms of revenues and market capitalization. This analysis was prepared by an independent consultant for the Committee. The independent consultant's data, which included cash bonuses paid for 2004, revealed that the Company's CEO and other executive officers' cash bonuses for 2004 were above the median for the peer group for 2004. Based upon their analysis of results for 2005 and a review of the market data, the Committee determined that the senior executives of the Company had achieved results that were comparable to the excellent results for 2004 and that they had made additional significant strides in positioning the Company for long-term, sustained growth. Based upon this analysis the Committee awarded the CEO a cash bonus of \$2,200,000 to recognize the Company's sustained high performance for 2005 and its future growth opportunities.

Similar criteria were used in establishing cash bonuses for the other executive officers.

*Long-Term Incentives.* A key component of the Company's compensation philosophy is to reward key management and professional employees for long-term strategic management practices and enhancement of stockholder value with long-term incentives. The Committee uses a combination of stock options and restricted stock to provide the motivation and reward for achievement of that long-term stockholder value.

The Committee has established long-term incentive targets for each level of responsibility within the Company. The Committee may consider corporate financial performance in determining the number of stock options and restricted stock awards to grant. The Committee encourages executives to maintain ownership of Company stock and/or to hold unexercised options after vesting, although no specific ownership criteria have been adopted.

The Committee considered long-term incentive awards at its meeting in December 2005. At this meeting, the Committee reviewed information from the independent survey data prepared by an independent consultant. The survey data revealed that the value of the CEO's long-term incentive awards for 2004 was materially lower than the market median for other CEOs in the survey group. As a result, the CEO's long-term incentive awards were increased significantly, with approximately one-half of that value delivered in the form of stock options and one-half in the form of restricted stock. The number of shares of restricted stock was determined using the current share price and the number of shares of stock options was determined using an option valuation model.

The Committee's review of long-term incentive awards for the other senior officers revealed that the value of their long-term incentive awards for 2004 were generally at or above the median for the peer group. Based on this information the Committee maintained the dollar value of the long-term incentives for the senior officers at the 2004 level.

**Table of Contents**

The restricted stock awards vest ratably over a four-year period beginning on the first anniversary of the grant. The stock options are granted at an option price equal to the fair market value of the common stock on the grant date and vest 20 percent on the date of grant and 20 percent annually on each of the next four anniversary dates of the original grant. The ultimate value of the awards will depend on the continued success of the Company, thereby creating a continuing incentive for executive officers to perform long after the initial grant.

**Run Rate and Dilution Management**

The Committee generally seeks to award no more than two percent of the outstanding shares in any one year. The number of shares awarded in December 2005, including restricted stock awards and shares under option, was 0.88 percent of the outstanding shares. As of December 31, 2005 there were 16,732,203 shares under option (including options on 2,824,300 shares granted by PennzEnergy Company, Santa Fe Snyder Corporation, Mitchell Energy & Development Corp. and Ocean Energy, Inc. that were assumed by Devon) and 26,349,645 shares available for grants of stock awards from the 2005 Long-Term Incentive Plan. The shares under option and shares available for future grant were 3.8 percent and 5.9 percent, respectively, of total shares outstanding as of year-end 2005 on a fully-diluted basis.

**Perquisites and Personal Benefits**

The Company provides senior executives the same benefits that it provides to all full-time employees. The Company also provides a limited amount of additional perquisites and benefits to senior executives, including the CEO and the other named executives. These perquisites and benefits consist of luncheon club memberships and, in addition to pension benefits that cover all employees, participation in the Company's supplemental executive retirement programs. The CEO and President are also entitled to limited personal use of the corporate aircraft.

**Policy on Deductibility of Compensation**

Section 162(m) of the Internal Revenue Code limits the tax deduction for public companies to \$1 million for compensation paid to a company's CEO or any of the other four most highly compensated executive officers. Qualifying performance-based compensation is not subject to the deduction limit if Internal Revenue Code requirements are met. The Compensation Committee's intent is to structure compensation awards that will be deductible without limitation where doing so will further the purpose of the Company's executive compensation programs. The Committee may award compensation that is not deductible under Section 162(m) if it believes that such awards would be in the best interest of the Company or its stockholders.

The Committee believes that stock options granted under the Company's long-term incentive plan would qualify as performance-based compensation. Restricted stock awards, on the other hand, do not qualify as performance-based compensation. The Committee also determined not to qualify annual cash bonus awards as performance-based compensation for exemption. This was done to provide flexibility in administering the bonus program and to optimize effectiveness by allowing the Committee to interpret results in the context of broader industry trends.

**Conclusion**

The Compensation Committee believes that the Company has an appropriate compensation structure that properly rewards and motivates its executive officers to build stockholder value.

**Compensation Committee Interlocks**

The Compensation Committee is composed of three independent, non-employee Directors, Messrs. Gavrin, Howard and Fluor. These Directors have no interlocking relationships as defined by the United States Securities and Exchange Commission.

- (1) Final average compensation consists of the average of the highest three consecutive years salary, wages and bonuses out of the last 10 years.
- (2) The benefit amounts shown do not reflect the smaller Benefit Restoration Plan benefit that is payable to Supplement Retirement Plan participants who voluntarily terminate with less than 10 years of service.
- (3) The benefit amounts shown are based on credited service under the Supplemental Retirement Plan. Service under the Basic Plan does not affect the total estimated retirement benefit.

**Table of Contents**

*Basic Plan.* The Basic Plan is a qualified defined benefit retirement plan which provides benefits based upon employment service with Devon. Each eligible employee who retires is entitled to receive annual retirement income, computed as a percentage of final average compensation (which consists of the average of the highest three consecutive years' salaries, wages, and bonuses out of the last 10 years, excluding employee contributions into the Devon Energy Deferred Compensation Savings Plan), and credited years of service. Contributions by employees are neither required nor permitted under the Basic Plan. Benefits are computed based on straight-life annuity amounts and are reduced by Social Security benefits. Benefits under the Basic Plan are reduced for certain highly compensated employees, including all of the five individuals named in the Summary Compensation Table, in order to comply with certain requirements of the Employee Retirement Income Security Act of 1974 and the Internal Revenue Code.

*Benefit Restoration Plan.* The Benefit Restoration Plan is a non-qualified retirement benefit plan, the purpose of which is to restore retirement benefits for certain selected key management and highly compensated employees because their benefits under the Basic Plan are reduced in order to comply with certain requirements of the Employee Retirement Income Security Act of 1974 and the Internal Revenue Code or because their final average earnings are reduced as a result of contributions into the Devon Energy Deferred Compensation Savings Plan. An employee must be selected by the Compensation Committee in order to be eligible for participation in the Benefit Restoration Plan. All other provisions of the Benefit Restoration Plan essentially mirror those of the Basic Plan. The Benefit Restoration Plan is informally funded through a rabbi trust arrangement.

*Supplemental Retirement Plan.* The Supplemental Retirement Plan is another non-qualified retirement plan for a small group of executives, the purpose of which is to provide additional retirement benefits for long-service executives. The plan vests after 10 years of service, and provides retirement income equal to 65 percent of the executive's final average compensation less any benefits due to the participant under Social Security, multiplied by a fraction, the numerator of which is his credited years of service (not to exceed 20) and the denominator of which is 20 (or less, if so determined by the Compensation Committee). The Supplemental Retirement Plan benefit is reduced based on benefits payable under the Basic Plan.

In general, non-qualified plan benefits will be paid under the Supplemental Retirement Plan when the participant retires from the Company, unless the participant voluntarily terminates with less than 10 years of service, in which case non-qualified benefits will be paid under the Benefit Restoration Plan.

In the event that the executive's employment with the Company is terminated under conditions that qualify him or her to a severance benefit under an employment agreement, then the executive will be 100 percent vested in his or her Supplemental Retirement Plan benefit and entitled to receive the actuarial equivalent of such benefit earned as of the date of termination of employment. If the executive is terminated within two years following a change of control, his or her benefit will be paid in a single lump sum payment. Otherwise, the benefit will be paid monthly for the life of the executive. Change of control is defined as the date on which one of the following occurs (i) an entity or group acquires 30 percent or more of the Company's outstanding voting securities, (ii) the incumbent board ceases to constitute at least a majority of the Company's board, or (iii) a merger, reorganization or consolidation is consummated, after shareholder approval, unless (a) substantially all of the shareholders prior to the transaction continue to own more than 50 percent of the voting power after the transaction, (b) no person owns 30 percent or more of the combined voting securities, and (c) the incumbent board constitutes at least a majority of the board after the transaction. The Supplemental Retirement Plan is informally funded through a rabbi trust arrangement.

**Table of Contents**

The following table sets forth the credited years of service as of December 31, 2005 under Devon's Retirement Plans for each of the five individuals named in the Summary Compensation Table.

| Name of Individual | Credited Years of Service |  | Credited Years of Service Supplemental Retirement Plan |

| Darryl G. Smette   | 19                        |  | 19   |

\* Devon provides defined benefits and defined contribution plans to its employees in Canada. Prior to 2004, Mr. Richels accrued benefits from these plans. However, in his role as President and subsequent relocation to the United States, Mr. Richels now is covered under the U.S. plans, which are qualified under the Internal Revenue Code of 1986. However, Mr. Richels has a separate non-qualified supplemental retirement plan which is intended to provide benefits similar to those provided under the Benefit Restoration Plan and the Supplemental Retirement Plan.

**Employment Agreements**

A small number of senior executives, including the five individuals named in the Summary Compensation Table, are covered by employment agreements and are entitled to certain additional compensation under the following events: employment with the Company is involuntarily terminated other than for cause; or

employee voluntarily terminates for good reason, as those terms are defined in each of the senior executive's employment agreements.

In either case, the payment due to the executive would be equal to three times the annual compensation of the executive. In addition, the employment agreement provides for the executive to receive the same basic health and welfare benefits that the executive would otherwise be entitled to receive if the executive were an employee of the Company for three years after termination. If the executive is terminated within two years of a change in control, the executive is also entitled to an additional three years of service credit and age in determining eligibility for retiree medical and supplemental retirement benefits. Change of control is defined in the employment agreements the same as in the Retirement Plans described above.

**RESERVES COMMITTEE REPORT**

The Board of Directors established a Reserves Committee in 2004, comprised of three independent Directors, Messrs. Howard, Johnson and Mitchell.

The Reserves Committee operates under a charter approved by the Board and oversees on behalf of the Board, the evaluation and reporting process of the Company's oil, gas and natural gas liquids reserves data. Management and the independent engineering consultants have the primary responsibility for the preparation of the reserves reports. In fulfilling its oversight responsibilities, the Committee reviewed with management the internal procedures relating to the disclosure in the Annual Report of reserves, having regard to industry practices and all applicable laws and regulations. In fulfilling its duties in the 2005 fiscal year, the Reserves Committee has completed each of the following:

reviewed with the independent engineering consultants the scope of the annual review of the Company's reserves;

met with the independent engineering consultants, with and without management, to review and consider the evaluation of the reserves and any other matters of concern in respect of the evaluation of the reserves;

reviewed and approved any statement of reserves data or similar reserves information, and any report of the independent engineering consultants regarding such reserves to be filed with any securities regulatory authorities or to be disseminated to the public;

reviewed the internal procedures relating to the disclosure of reserves; and

ensured that the independent engineering consultants were independent prior to their appointment and throughout their engagement.

In reliance on the reviews and discussions referred to above, the Reserves Committee recommended to the Board of Directors, and the Board has approved, that the reserves reports be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2005 for filing with the United States Securities and Exchange Commission. The Reserves Committee has approved Ryder Scott Company, L.P., AJM Petroleum Consultants and LaRoche Petroleum Consultants, Ltd., as our independent engineering consultants for the fiscal year ending December 31, 2006.

**RELATED PARTY TRANSACTIONS**

George Mitchell, the beneficial owner of approximately 5.42 percent of Devon's common stock and the father of J. Todd Mitchell, one of our Directors, owns, indirectly, a majority interest in Rock Solid Images ( RSI ), which provides seismic data and analysis software. Devon utilizes several RSI software packages and also utilized RSI for specific reservoir analysis. Devon has, as part of a consortium, sponsored research and development by RSI in the areas of seismic attenuation and lithology and fluids prediction. J. Todd Mitchell serves as non-executive Chairman of RSI. Devon paid RSI \$105,600 in 2004 and \$161,800 in 2005 for the foregoing products and services.

**AGENDA ITEM 2. RATIFICATION OF INDEPENDENT AUDITORS FOR 2006**

The Audit Committee has appointed KPMG LLP, as the Company's independent auditors for 2006. Representatives of KPMG LLP will be present at the Annual Meeting and will have the opportunity to make a statement if so desired and will be available to respond to appropriate questions from stockholders. In order to enhance its corporate governance practices, the Board of Directors is submitting the selection of KPMG LLP to the stockholders for ratification. If the appointment of KPMG LLP is not ratified by the stockholders, the Board of Directors will consider appointing another independent accounting firm for 2007.

**The Board of Directors recommends a vote FOR the ratification of KPMG LLP as the Company's independent auditors for 2006.**

**AGENDA ITEM 3. APPROVAL OF AN AMENDMENT TO THE  
DEVON ENERGY CORPORATION 2005 LONG-TERM INCENTIVE PLAN**

On June 6, 2005 the Company's stockholders approved the Devon Energy Corporation 2005 Long-Term Incentive Plan (the "2005 Plan"). The 2005 Plan authorizes the Compensation Committee of Devon's Board of Directors to grant non-qualified and incentive stock options, restricted stock awards, Canadian restricted stock units, performance units and performance bonuses to selected employees. The 2005 Plan also authorizes the grant of non-qualified stock options and restricted stock awards to Directors.

A total of 32,000,000 shares of Devon common stock were authorized for award under the 2005 Plan of which 26,349,645 shares remain available as of December 31, 2005 and the Company's total outstanding options were 16,732,203. As a result of various stock option exercises and cancellations during the first quarter of 2006, the Company's total outstanding options as of March 31, 2006 were 15,806,360 which have a weighted average exercise price of \$33.06, with a five year weighted average term of 4.5 years.

The Compensation Committee and the Board of Directors have reviewed and approved an amendment to the 2005 Plan (the "Amendment") to submit to the stockholders for approval. The Amendment will authorize the Compensation Committee to grant stock appreciation rights to an eligible employee or Director and to grant cash-out rights to eligible employees. The amendment is designed to provide the Compensation Committee additional flexibility to respond to compensation trends and market survey data by making available a wider variety of award types. **The Company is not seeking to increase the number of shares of common stock available under the 2005 Plan.**

The full text of the Amendment, as proposed, is presented in Appendix A to the Proxy Statement. The following is a summary of the provisions of the Amendment:

*Cash-Out Rights*

The Amendment provides that the Compensation Committee may grant Cash-Out Rights to eligible employees which allows the option holder to either exercise the option or to surrender the option and request a cash-out amount equal to the fair market value of the exercised shares in excess of the exercise price of such shares.

*Stock Appreciation Rights*

The Amendment also authorizes the Compensation Committee to award Stock Appreciation Rights ("SARs") either in tandem with a stock option or independent of any option to eligible employees or Directors. Subject to the limits of the 2005 Plan, the Compensation Committee may grant SARs for such number of shares and having such terms as the Compensation Committee designates. A SAR provides the grantee with the right to exercise all or a portion of the SAR and receive a payment in cash or common stock equal to the excess of the fair market value of the exercised shares on the date of exercise over the aggregate exercise price of such shares. SARs shall be exercisable at such times and be subject to such restrictions and conditions as the Committee shall approve. **As with similar awards in the 2005 Plan, shares available for grant will be reduced by 2.2 shares for each share subject to a SAR award.**

SARs granted in tandem with the grant of an option may be exercised for all or part of the shares subject to the related option upon the surrender of the right to exercise the equivalent portion of the related option and may be exercised only with respect to the shares for which the related option is then exercisable. SARs granted independently from the grant of an option may be exercised upon the terms and conditions specified by the Compensation Committee.

At the Annual Meeting, the stockholders will vote on the approval of an Amendment to the 2005 Plan. **Devon's Board of Directors recommends Devon stockholders vote FOR the adoption of the Amendment to the Devon Energy Corporation 2005 Long-Term Incentive Plan.**

**Purpose and Key Features of the 2005 Plan**

The purpose of the 2005 Plan is to create incentives designed to motivate selected employees to significantly contribute toward the growth and profitability of Devon. The shares under the 2005 Plan will enable Devon to attract and retain experienced employees who, by their positions,

## **Table of Contents**

abilities and diligence, are able to make important contributions to Devon's success.

The 2005 Plan will be administered by the Compensation Committee of the Company's Board of Directors and is designed to provide flexibility to meet the needs of Devon over three to four years in a changing and competitive environment while attempting to minimize dilution to stockholders. Devon does not intend to use all incentive awards at all times for each participant but will selectively grant awards primarily to achieve long-term goals. Awards will be granted in such a way as to align the interests of participants with those of Devon's stockholders. Generally, maximum individual awards, as designated by the 2005 Plan, will only be awarded if individual and company results are such that exceptional stockholder value is achieved. The 2005 Plan has an adjustment provision for all awards, other than stock options, that reduces the number of shares available for grant by 2.2 shares for each share awarded.

### **Eligibility for Participation**

Employees of Devon and its subsidiaries and affiliated entities are eligible to participate in the 2005 Plan. Subject to the provisions of the 2005 Plan, the Compensation Committee has exclusive power in selecting participants from among the eligible employees. In addition, non-employee directors are eligible to receive grants of non-qualified stock options and restricted stock awards under the 2005 Plan.

### **Types of Awards**

The 2005 Plan provides that any or all of the following types of awards may be granted:

- non-qualified stock options and stock options intended to qualify as incentive stock options under Section 422 of the Internal Revenue Code;

- restricted stock;

- Canadian restricted stock units;

- performance units; and

- performance bonuses.

*Stock Options.* The Compensation Committee may grant awards under the 2005 Plan in the form of options to purchase shares of Devon common stock. The Compensation Committee will have the authority to determine the terms and conditions of each option, the number of shares subject to the option, and the manner and time of the option's exercise

The exercise price of an option may not be less than the fair market value of Devon common stock on the date of grant. The fair market value of shares of common stock subject to options is determined by the closing price as reported on the NYSE. As of March 31, 2006, the closing price of Devon's common stock as reported on the NYSE was \$61.17. A participant may pay the exercise price of an option in cash, in shares of Devon's common stock or a combination of both provided that, the exercise price (including required withholding taxes) is paid using shares of Devon common stock only to the extent such exercise would not result in a compensation expense to Devon for financial accounting purposes. The Compensation Committee may permit the exercise of stock options through a broker-dealer acting on a participant's behalf if in accordance with procedures adopted by Devon to ensure that the arrangement will not constitute a personal loan to the participant. The Compensation Committee may also permit participants to surrender their options, once vested, in exchange for payment of an amount equal to the difference between the fair market value and the exercise price of the shares on the date surrendered. Unless sooner terminated, the stock options granted under the 2005 Plan expire eight years from the date of the grant.

*Restricted Stock Awards.* Shares of restricted stock awarded under the 2005 Plan will be subject to the terms, conditions, restrictions and/or limitations, if any, that the Compensation Committee deems appropriate, including restrictions on continued employment. The Compensation Committee may also restrict vesting to the attainment of specific performance targets it establishes that are based upon one or more of the following criteria:

*Operational Criteria:* reserve additions/replacements, finding and development costs, production volume, and production costs.

*Financial Criteria:* earnings (net income, EBITDA, earnings per share), cash flow, operating income, general and administrative

**Table of Contents**

expenses, debt to equity ratio, debt to cash flow, debt to EBITDA, EBITDA to interest, return on assets, return on equity, return on invested capital, profit returns/ margins, and midstream margins.

*Stock Performance Criteria:* stock price appreciation, total stockholder return, and relative stock price performance. If vesting is based upon continued employment, the restricted stock award must vest over a minimum restriction period of at least three years from the date of grant. If vesting is based on performance, the restricted stock award must have a minimum restriction period of at least one year.

*Canadian Restricted Stock Units.* The Compensation Committee may authorize the establishment of a trust for purposes of administering the grant of Canadian restricted stock units to employees of Devon's Canadian subsidiaries and affiliated entities who perform the majority of their employment duties in Canada. The restricted stock units will have substantially the same after-tax effect for Canadian employees as the restricted stock awards described above have on United States employees. Cash contributions will be made to the trust in amounts that approximate the value of units awarded to participants. The trust will be authorized to purchase shares of Devon's common stock on the open market for use in settling the Canadian restricted stock units granted under the 2005 Plan. Upon vesting, the trustee of the trust would distribute the shares of Devon common stock which have been allocated to a participant's account. Due to restrictions in the Canadian Income Tax Act, the term of a Canadian restricted stock unit must be limited to three years.

*Performance Units.* The 2005 Plan permits grants of performance units, which are rights to receive cash or common stock based upon the achievement of performance goals established by the Compensation Committee. Such awards are subject to the fulfillment of conditions that may be established by the Compensation Committee including, without limitation, the achievement of performance targets based upon the factors described above relating to restricted stock awards.

*Performance Bonus.* The 2005 Plan permits grants of performance bonuses, which may be paid in cash, Devon common stock or a combination thereof, as determined by the Compensation Committee. The maximum value of performance awards granted under the 2005 Plan shall be established by the Compensation Committee at the time of the grant. An employee's receipt of such amount will be contingent upon achievement of performance targets during the performance period established by the Compensation Committee. The performance targets will be determined by the Compensation Committee based upon the factors described above relating to restricted stock awards. Following the end of the performance period, the Compensation Committee will determine the achievement of the performance targets for such performance period. Payment will be made within 60 days of such determination. Any payment made in shares of Devon common stock will be based upon the fair market value of the common stock on the payment date. The maximum amount of performance bonus awarded to a participant in any calendar year is \$2,500,000.

*Award Limitations.* Subject to certain adjustment provisions, the Compensation Committee cannot grant options with respect to more than 800,000 shares of Devon common stock to any participant in any calendar year. In addition, and subject to certain adjustment provisions, no more than 400,000 shares of Devon common stock can be awarded to a participant under the 2005 Plan as restricted stock awards or performance units in any calendar year.

**Termination of Employment**

The Compensation Committee will determine the treatment of a participant's award in the event of death, disability, retirement or termination of employment for an approved reason. If a participant's employment is terminated for any other reason, all unvested awards will terminate (unless the participant's award agreement provides otherwise) and the Compensation Committee will provide in the award agreement the terms of exercise/payment of vested awards.

**Amending the 2005 Plan**

Devon's Board of Directors may amend the 2005 Plan at any time. Devon's Board of Directors may not, however, without Devon stockholder approval, (i) adopt any amendment that would increase the maximum number of shares that may be granted under the 2005 Plan (except for certain anti-

**Table of Contents**

dilution adjustments), (ii) materially modify the 2005 Plan's eligibility requirements or (iii) materially increase the benefits provided to participants under the 2005 Plan. Amendments to award agreements that would have the effect of repricing participants' options are prohibited.

**Change of Control Event**

The Compensation Committee is authorized to provide in the award agreements for the acceleration of any unvested portion of any outstanding awards under the 2005 Plan upon a change of control event.

**Automatic Adjustment Features**

The 2005 Plan provides for the automatic adjustment of the number and kind of shares available under it, and the number and kind of shares subject to outstanding awards in the event Devon common stock is changed into or exchanged for a different number or kind of shares of stock or other securities of Devon or another corporation, or if the number of shares of Devon common stock is increased through a stock dividend. The 2005 Plan also provides that the Compensation Committee may adjust the number of shares available under the 2005 Plan and the number of shares subject to any outstanding awards if, in the Compensation Committee's opinion, any other change in the number or kind of shares of outstanding Devon common stock equitably requires such an adjustment.

**U.S. Federal Tax Treatment**

*Incentive Stock Option Grant/Exercise.* A participant who is granted an incentive stock option does not realize any taxable income at the time of grant or at the time of exercise (except for alternative minimum tax). Similarly, Devon is not entitled to any deduction at the time of grant or at the time of exercise. If the participant makes no disposition of the shares acquired pursuant to an incentive stock option before the later of two years from the date of grant of such option and one year from the date of the exercise of such shares by the participant, any gain or loss realized on a subsequent disposition of the shares will be treated as a long-term capital gain or loss. Under such circumstances, Devon will not be entitled to any deduction for federal income tax purposes.

*Non-Qualified Stock Option Grant/Exercise.* A participant who is granted a non-qualified stock option does not have taxable income at the time of grant. Taxable income occurs at the time of exercise in an amount equal to the difference between the exercise price of the shares and the market value of the shares on the date of exercise. Devon is entitled to a corresponding deduction for the same amount.

*Restricted Stock Award.* A participant who has been granted an award in the form of restricted stock will not realize taxable income at the time of grant, and Devon will not be entitled to a deduction at the time of grant, assuming that the restrictions constitute a substantial risk of forfeiture for U.S. income tax purposes. When such restrictions lapse, the participant will receive taxable income (and have tax basis in the shares) in an amount equal to the excess of the fair market value of the shares at such time over the amount, if any, paid for such shares, and Devon will be entitled to a corresponding deduction. The participant may elect to include the value of his restricted stock award as income at the time it is granted under Section 83(b) of the Code, and Devon will take a corresponding income tax deduction at such time.

*Section 162(m) of the Code.* Section 162(m) of the Code precludes a public corporation from taking a deduction for annual compensation in excess of \$1 million paid to its chief executive officer or any of its four other highest-paid officers. However, compensation that qualifies under Section 162(m) of the Code as performance-based is specifically exempt from the deduction limit. Based on Section 162(m) of the Code and the regulations thereunder, Devon's ability to deduct compensation income generated in connection with the exercise of stock options granted under the 2005 Plan should not be limited by Section 162(m) of the Code. Further, Devon believes that compensation income generated in connection with performance awards granted under the 2005 Plan should not be limited by Section 162(m) of the Code. The 2005 Plan has been designed to provide flexibility with respect to whether restricted stock awards or performance bonuses will qualify as performance-based compensation under Section 162(m) of the Code and, therefore, be exempt from the deduction limit. If the vesting restrictions relating to such awards are based solely upon the satisfaction of one of the performance goals set forth in the 2005 Plan, then Devon believes that the compensation expense

relating to such an award will be deductible by Devon if the awards become vested. However, compensation expense deductions relating to such awards will be subject to the Section 162(m) deduction limitation if such awards become vested based upon any other criteria set forth in such award (such as the occurrence of a change in control or vesting based upon continued employment with Devon).

**Canadian Tax Treatment**

*Stock Options.* A participant who is granted a stock option does not have taxable income on the date of grant. Instead, tax liability is deferred until the time that the stock option is exercised. At the time of exercise, the participants are subject to tax on the difference between the value of the underlying shares acquired on the exercise of the stock option and the exercise price paid to acquire the shares. Generally, the participant will only be taxed on 50 percent of the difference in value. However, in certain circumstances, participants may also defer the recognition of this income until disposition of the shares.

*Canadian Restricted Stock Units.* A participant who is granted a Canadian restricted stock unit will not have taxable income at the time of grant. Taxable income will instead occur as the participant becomes vested and shares of Devon's common stock are distributed to the participant. Devon will be entitled to a deduction for the payments made to the trust. However, the deduction will be deferred to the year in which the shares are vested and distributed to the participants.

**SUBMISSION OF STOCKHOLDER PROPOSALS AND NOMINEES**

Any stockholder desiring to present a proposal for inclusion in our Proxy Statement for our 2007 Annual Meeting of Stockholders must present the proposal to our Corporate Secretary not later than December 29, 2006. Only those proposals that comply with the requirements of Rule 14a-8 promulgated under the Securities Exchange Act of 1934 will be included in our Proxy Statement for the 2007 Annual Meeting. Written notice of stockholder proposals submitted outside the process of Rule 14a-8 for consideration at the 2007 Annual Meeting of Stockholders, but not included in our Proxy Statement, must be received by our Corporate Secretary between February 7, 2007 and March 9, 2007 in order to be considered timely, subject to any provisions of our Bylaws. The Chairman of the meeting may determine that any proposal for which we did not receive timely notice shall not be considered at the meeting.

**OTHER MATTERS**

Our Board of Directors knows of no other matter to come before the meeting other than those set forth herein and in the accompanying Notice of Annual Meeting of Stockholders. However, if any other matters should properly come before the meeting, it is the intention of the persons named in the accompanying proxy to vote such proxies, as they deem advisable in accordance with their best judgment.

Your cooperation in giving this matter your immediate attention and in returning your proxy promptly will be appreciated.

**AMENDMENT TO THE  
DEVON ENERGY CORPORATION  
2005 LONG-TERM INCENTIVE PLAN**

Pursuant to the authority granted to the Board of Directors of Devon Energy Corporation in Section 11.1 of the Devon Energy Corporation 2005 Long-Term Incentive Plan (the "Plan"), the Plan is hereby amended as follows:

I.

The Plan is hereby amended by adding a new Section 5.3 to Article 5 which provides as follows:

**SECTION 5.3 *Cash-Out Rights.*** With respect to any Options granted to Eligible Employees pursuant to Section 5.1, the Committee may grant the Eligible Employee the right to surrender the Option once vested. In the event that such a surrender right is granted to the Eligible Employee, the Award Agreement shall provide that, upon the vesting of an Option, the holder thereof shall be entitled to, at his or her option:

- (a) Exercise such Option, in whole or in part, in accordance with the procedures specified in Section 5.2; or
- (b) Surrender such Option, in whole or in part, by notice to the Secretary of such surrender stating the election to surrender in the form and manner determined by the Committee and a request for payment of the Cash-Out Amount where:

**Cash-Out Amount** means an amount of cash equal to the amount by which the aggregate Fair Market Value of the Common Stock subject to the Option exceeds the aggregate Exercise Price under the Option.

Payment of the Cash-Out Amount shall be made in shares of Common Stock or cash as established by the Committee in the Award Agreement.

II.

The Plan is hereby amended by adding a new Article 12 which provides as follows:

**ARTICLE 12  
STOCK APPRECIATION RIGHTS**

**SECTION 12.1 *Grant of SARs.*** The Committee may from time to time, in its sole discretion, subject to the provisions of the Plan and subject to other terms and conditions as the Committee may determine, grant a Stock Appreciation Right ( "SAR" ) to any Eligible Employee or Eligible Director. Any SAR granted under this Article 12 shall be deemed to be an Award under this Plan as such term is defined in Section 2.3. SARs may be granted as an independent Award separate from an Option or granted in tandem with an Option (subject to the limitations of Section 12.3). Each grant of a SAR shall be evidenced by an Award Agreement executed by the Company and the Participant and shall contain such terms and conditions and be in such form as the Committee may from time to time approve, subject to the requirements of the Plan. The exercise price of the SAR shall not be less than the Fair Market Value of a share of Common Stock on the Date of Grant of the SAR. Subject to Article X, the aggregate number of shares of Common Stock made subject to the grant of SARs to any Eligible Employee in any calendar year may not exceed 800,000.

**Table of Contents**

SECTION 12.2 *Exercise and Payment.* SARs granted under the Plan shall be exercisable in whole or in installments and at such times as shall be provided by the Committee in the Award Agreement. Exercise of a SAR shall be by notice to the Secretary of such exercise stating the election to exercise in the form and manner determined by the Committee. The amount payable with respect to each SAR shall be equal in value to the excess, if any, of the Fair Market Value of a share of Common Stock on the exercise date over the exercise price of the SAR. Payment of amounts attributable to a SAR shall be made in shares of Common Stock or cash as established by the Committee in the Award Agreement.

SECTION 12.3 *Tandem Awards.* SARs may be granted in tandem with an Option, in which event, the Participant has the right to elect to exercise either the SAR or the Option. Upon the Participant's election to exercise one of these Awards, the other Tandem Award is automatically terminated. In the event a SAR is granted in tandem with an Incentive Stock Option, the Committee shall subject the SAR to restrictions necessary to ensure satisfaction of the requirements under Section 422 of the Code.

Except as otherwise provided in this Amendment, the Devon Energy Corporation 2005 Long-Term Incentive Plan is ratified and confirmed in all respects.
