EX-99.1 PRESS RELEASE DATED AUGUST 21, 2006

Table of Contents

Item 1.01. Entry into a Material Definitive Agreement.

On August 15, 2006, Altus Pharmaceuticals Inc. (Altus) and Althea Technologies, Inc. (Althea) entered into a Drug Product Production and Clinical Supply Agreement (the Clinical Supply Agreement). Under the Clinical Supply Agreement, Althea will produce supplies of ALTU-238, using Altus proprietary manufacturing process, for Altus use in its planned Phase III clinical trials of ALTU-238.

Either party may terminate the Clinical Supply Agreement for breach by the other party if such breach is not cured within 30 days of notice of such breach. Either party may immediately terminate the Clinical Supply Agreement in the event the other party makes a general assignment for the benefit of its creditors or proceedings of a case are commenced by or against such party seeking such party s reorganization, liquidation, dissolution, winding up and/or the readjustment of its debts and/or similar relief, and such proceedings continue undismissed for a period of more than 60 days.

The Clinical Supply Agreement also provides that, upon written request by Altus, the parties shall negotiate in good faith an agreement under which Althea would manufacture and supply Altus needs for commercial supply of ALTU-238.

The foregoing is a summary description of certain terms of the Clinical Supply Agreement. Altus intends to file the Clinical Supply Agreement as an exhibit to its Quarterly Report on Form 10-Q for the quarter ending on September 30, 2006.

Item 9.01. Financial Statements and Exhibits.

(d) The following exhibits are furnished with this report:
