PROXY STATEMENT

GENERAL INFORMATION CONCERNING THE ANNUAL GENERAL MEETING

General

The enclosed proxy is solicited on behalf of SkillSoft Public Limited Company (the Company) for use at the Annual General Meeting of Shareholders to be held on September 28, 2006 at the offices of Maples and Calder, Solicitors, 40 Lower Baggot Street, Dublin 2, Ireland at 8:30 a.m., local time, or at any adjournment of the Annual General Meeting, for the purposes set forth in the accompanying Notice of Annual General Meeting.

These proxy solicitation materials are being mailed on or about August 30, 2006 to ADS holders and to all ordinary shareholders entitled to attend and vote at the Annual General Meeting as of such date. A copy of the Company's Annual Report on Form 10-K for the fiscal year ended January 31, 2006, as filed with the Securities and Exchange Commission is being furnished with this proxy statement. Exhibits will be provided upon written request and payment of an appropriate processing fee to SkillSoft PLC, 107 Northeastern Boulevard, Nashua, New Hampshire 03062, Attn: Investor Relations.

Record Date

Record Date for Holders of the Company's Ordinary Shares. Holders of the Company's ordinary shares, or Members, whose names appear in the Register of Members maintained by the Company's registrars, Computershare Investor Services (Ireland) Limited, on the date the proxy statement is mailed to Members are entitled to receive notice of the Annual General Meeting or any adjournment of the Annual General Meeting. In addition, any person who is a Member on the date of the Annual General Meeting is entitled to attend and vote at the Annual General Meeting and any adjournment of the Annual General Meeting.

Record Date for Holders of the Company's ADSs. The Bank of New York, as the registrar and transfer agent for the Company's ADSs, as well as the depository for the Company's ordinary shares represented by the ADSs, has fixed the close of business on August 1, 2006, which date is the same as the record date set by the Company, as the record date for determining the ADS holders entitled to give instructions for the exercise of voting rights at the Annual General Meeting and any adjournment of the Annual General Meeting.

As of August 1, 2006, there were 108,149,659 of the Company's ordinary shares, par value 0.11 per share, issued and outstanding held by approximately 11 holders of record. As of August 1, 2006, there were 108,139,627 of the Company's ADSs issued and outstanding. Each ADS represents one ordinary share. The ADSs are quoted on the

NASDAQ National Market under the symbol SKIL. As of August 1, 2006, there were approximately 371 registered holders of the Company's ADSs. The ordinary shares represented by the ADSs are owned of record by BNY (Nominees) Limited on behalf of The Bank of New York.

Table of Contents

Quorum

To conduct business at the Annual General Meeting, a quorum must be present. The Company's Articles of Association provide that the presence at an Annual General Meeting, either in person or by proxy, of three (3) persons entitled to vote at the Annual General Meeting, and who together hold not less than one-third of the Company's voting share capital in issue, each being a Member or a proxy for a Member or a duly authorized representative of a corporate Member, constitutes a quorum for the transaction of business. The Company will treat ordinary shares represented by a properly signed and returned proxy (including holders of shares who abstain or do not vote with respect to one or more of the matters presented for a vote) as present at the meeting for the purposes of determining the presence or absence of a quorum for the transaction of business.

Voting of Ordinary Shares

Generally. Votes may be given at the Annual General Meeting either personally or by proxy. Voting at the Annual General Meeting will be by a show of hands, unless a poll (a count of the number of shares voted) is duly demanded. On a show of hands, each shareholder present in person and every proxy shall have one vote, provided, that no individual shall have more than one vote, and, on a poll, each shareholder shall have one vote for each share of which he, she or it is the holder. Where there is a tie, whether on a show of hands or on a poll, the chair of the meeting is entitled to a casting vote in addition to any other vote he may have. A poll may, subject to the provisions of the Irish Companies Acts, be demanded by: (i) the chair of the meeting; (ii) at least three Members present (in person or by proxy) having the right to attend and vote at the meeting; (iii) any Member or Members present (in person or by proxy) representing in the aggregate not less than one-tenth of the total voting rights of all the Members having the right to attend and vote at the meeting; or (iv) a Member or Members present (in person or by proxy) holding the Company's shares conferring the right to attend and vote at the meeting being shares on which an aggregate sum has been paid up equal to not less than one-tenth of the total sum paid up on all the shares conferring that right. On a poll, a person entitled to more than one vote need not use all his, her or its votes or cast all the votes he, she or it uses in the same way.

Proxies. Ordinary shares represented by a properly signed and dated proxy will be voted at the Annual General Meeting in accordance with instructions indicated on the proxy. Proxies that are properly signed and dated but which do not contain voting instructions will be voted **FOR** approval of each of the proposals presented at the Annual General Meeting as more fully described in this proxy statement. Subject to any limitations imposed by law, a proxy holder may vote the proxy in his or her discretion as to any other matter which may properly come before the Annual General Meeting.

Abstentions. The Company will count a properly executed proxy marked **ABSTAIN** as present for purposes of determining whether a quorum is present, but the shares represented by that proxy will not be voted at the Annual General Meeting. An abstention will not have an effect on the vote for any of the proposals to be voted upon at the meeting. Shares held by shareholders who abstain from voting as to a particular matter, and shares held in street name by brokers or nominees who indicate on their proxies that they do not have discretionary authority to vote such shares as to a particular matter, will not be counted as votes in favor of such matter and will also not be counted as votes cast on such matter. Accordingly, abstentions and broker non-votes will have no effect on proposals one through six to be acted on at the Annual General Meeting.

Voting of ADSs

Generally. Holders of ADSs may not vote at the Annual General Meeting. The Bank of New York has the right, subject to certain limitations set forth in the Deposit Agreements among the Company, The Bank of New York and the owners and beneficial owners of ADSs, to vote all of the Company's ordinary shares represented by ADSs. Under the terms of the Deposit Agreements, however, The Bank of New York is required to cast its votes with

Table of Contents

respect to those ordinary shares for which it receives instructions from the holders of the ADSs representing such ordinary shares in accordance with the instructions received.

Record Date; Notice of Annual General Meeting. Under the terms of the Deposit Agreements, whenever The Bank of New York receives notice of any meeting of holders of ordinary shares, The Bank of New York is required to fix a record date, which shall be the record date, if any, established by the Company for the purpose of such meeting or, if different, as close to the date established by the Company as practicable, for the determination of the owners of ADSs who will be entitled to give instructions for the exercise of voting rights at any such meeting, subject to the provisions of the Deposit Agreements.

Upon receipt of notice of any of the Company's meetings or the solicitation for consents or proxies from the holders of ordinary shares, The Bank of New York is required, if so requested in writing by the Company, as soon as practicable thereafter, to mail to all owners of ADSs a notice, the form of which shall be in the sole discretion of The Bank of New York, containing:

the information contained in the notice of meeting received by The Bank of New York from the Company;

a statement that the owners of ADSs at the close of business on a specified record date are entitled, subject to any applicable provisions of Irish law and of the Company's Articles of Association, to instruct The Bank of New York as to the exercise by The Bank of New York of the voting rights, if any, pertaining to the number of ordinary shares represented by their respective ADSs;

a statement that owners of ADSs who instruct The Bank of New York as to the exercise of their voting rights will be deemed to have instructed The Bank of New York or its authorized representative to call for a poll with respect to each matter for which instructions are given, subject to any applicable provisions of Irish law and of the Company's Articles of Association; and

a statement as to the manner in which the instructions may be given, including an express indication that instructions may be given or deemed to be given in accordance with the next paragraph, and if no instruction is received, to The Bank of New York to give a discretionary proxy to a person designated by the Company.

Voting of Ordinary Shares Underlying ADSs. Upon the written request of an owner of ADSs on the record date, received on or before the date established by The Bank of New York for the purpose of such meeting, The Bank of New York will, insofar as practicable, vote or cause to be voted the number of ordinary shares represented by such ADSs in accordance with the instructions set forth in such request. Accordingly, pursuant to the Company's Articles of Association and applicable Irish law, The Bank of New York will cause its authorized representative to attend each meeting of holders of ordinary shares and call for a poll as instructed for the purpose of effecting such vote. The Bank of New York will not vote or attempt to exercise the rights to vote that attach to the ordinary shares other than in accordance with such instructions or deemed instructions.

ADSs purchased by the Company or its subsidiaries under the current share purchase program cannot be voted.

Discretionary Proxies. The Deposit Agreements provide that if no instructions are received by The Bank of New York from any owner of ADSs with respect to any of the ordinary shares represented by the ADSs on or before the date established by The Bank of New York for the purpose of such meeting, The Bank of New York will deem such owner of ADSs to have instructed The Bank of New York to give a discretionary proxy to a person designated by the Company with respect to such ordinary shares and The Bank of New York will give a discretionary proxy to a person designated by the Company to vote such ordinary shares, under circumstances and according to the terms as set forth in the Deposit Agreements. However, no such instructions will be deemed given and no such discretionary

Table of Contents

proxy will be given if the Company notifies The Bank of New York, and the Company has agreed to provide such notice as promptly as practicable in writing, that the matter to be voted upon is one of the following:

a matter not submitted to shareholders by means of a proxy statement comparable to that specified in Schedule 14A promulgated by the U.S. Securities and Exchange Commission (the SEC) pursuant to the U.S. Securities Exchange Act of 1934, as amended (the Exchange Act);

the subject of a counter-solicitation, or is part of a proposal made by a shareholder which is being opposed by the Company's management (i.e., a contest);

relates to a merger or consolidation in limited circumstances involving a merger between the Company and a wholly-owned subsidiary;

involves rights of appraisal;

authorizes mortgaging of property;

authorizes or creates indebtedness or increases the authorized amount of indebtedness;

authorizes or creates preference shares or increases the authorized amount of existing preference shares;

alters the terms or conditions of any shares then outstanding or existing indebtedness;

involves the waiver or modification of preemptive rights, except when the Company's proposal is to waive such rights for ordinary shares being offered under share option or purchase plans involving the additional issuance of not more than 5% of the Company's outstanding ordinary shares;

alters voting provisions or the proportionate voting power of a class of shares, or the number of its votes per share, except where cumulative voting provisions govern the number of votes per share for election of directors and the Company's proposal involves a change in the number of the Company's directors by not more than 10% or not more than one;

changes existing quorum requirements for shareholder meetings;

authorizes the issuance of ordinary shares, or options to purchase ordinary shares, to the Company's directors, officers, or employees in an amount which exceeds 5% of the total amount of the class outstanding. However, when a plan is amended to extend its duration, the Company shall factor into the calculation the number of ordinary shares that remain available for issuance, the number of ordinary shares subject to outstanding options and any ordinary shares being added. Should there be more than one plan being considered at the same meeting, all ordinary shares will be aggregated;

authorizes (a) a new profit-sharing or special remuneration plan, or a new retirement plan, the annual cost of which will amount to more than 10% of the Company's average annual income before taxes for the preceding five years, or (b) the amendment of an existing plan which would bring the annual costs above 10% of such average annual income before taxes. Should there be more than one plan being considered at the same meeting, all costs are aggregated; exceptions may be made in cases of: (1) retirement plans based on agreement or negotiations with labor unions or which have been or are to be approved by such unions, and (2) any related retirement plan for the benefit of non-union employees having terms substantially equivalent to the terms of such union-negotiated plan, which is submitted for action of shareholders concurrently with such

union-negotiated plan;

changes the Company's purposes or powers to an extent which would permit the Company to change to a materially different line of business and the Company's stated intention is to make such a change;

Table of Contents

authorizes the acquisition of property, assets or a company, where the consideration to be given has a fair value of 20% or more of the market value of the Company's previously outstanding ADSs and ordinary shares;

authorizes the sale or other disposition of 20% or more of the Company's assets or earning power as measured prior to the closing of the transactions;

authorizes a transaction which is not in the ordinary course of business in which an officer, director or substantial security holder of the Company has a direct or indirect interest; or

reduces the Company's earned surplus by 51% or more, or reduces earned surplus to an amount less than the aggregate of three years' ordinary share dividends computed at the current dividend rate.

Proposals one through five to be acted upon at the Annual General Meeting, which are (1) consideration of the consolidated financial statements of the Company for the fiscal year ended January 31, 2006 and the Report of the Directors and Auditor thereon, (2) voting on the re-election of a director, (3) authorization of the Audit Committee to fix the remuneration of the Company's auditor, (4) approval of the increase in the number of shares reserved for issuance under the 2002 Plan and (5) authorization of directors to allot shares, are matters for which The Bank of New York may deem that instruction has been given for The Bank of New York to give a discretionary proxy to a person designated by the Company where no instruction is received. Therefore, The Bank of New York will give a discretionary proxy to a person designated by the Company to vote such ordinary shares for which no instruction has been given.

The sixth proposal to be acted upon at the Annual General Meeting, which relates to the disapplication of statutory pre-emption provisions is not a matter for which The Bank of New York may deem that instruction has been given for The Bank of New York to give a discretionary proxy to a person designated by the Company where no instruction is received. Therefore, with respect to this proposal, The Bank of New York will not give a discretionary proxy to a person designated by the Company to vote such ordinary shares unless it receives instructions to give such discretionary proxy.

Inspection of Reports. The Bank of New York will make available for inspection by the owners of ADSs at its Corporate Trust Office any reports and communications, including any proxy soliciting material, received from the Company, which are both (a) received by The Bank of New York as the holder of the ordinary shares and (b) generally made available to the holders of ordinary shares by the Company. The Bank of New York will also send to the owners of ADSs copies of such reports when furnished by the Company pursuant to the Deposit Agreements.

Expenses of Solicitation of Proxies

The Company will pay the cost of preparing, assembling, printing and mailing the proxy statement, the Notice of Annual General Meeting of Shareholders and the enclosed form of proxy, as well as the cost of soliciting proxies relating to the Annual General Meeting. Following the original mailing of the proxies and other solicitation materials, the Company will request banks, brokers, dealers and voting trustees or other nominees, including The Bank of New York in the case of the ADSs, to solicit their customers who are owners of shares listed of record and names of nominees, and will reimburse them for reasonable out-of-pocket expenses of such solicitation.

In addition to solicitation by mail, directors, officers and key employees of the Company may solicit proxies in person or by telephone, telegram or other means of communications. These persons will receive no additional compensation for solicitation of proxies but may be reimbursed for reasonable out-of-pocket expenses.

Security Ownership of Certain Beneficial Owners and Management

The following table sets forth certain information as of July 31, 2006 with respect to the beneficial ownership of the Company's ADSs by:

each person known to the Company to own beneficially more than 5% of its outstanding securities;

each director;

our chief executive officer and the four most highly compensated executive officers who were serving as executive officers on January 31, 2006 (the "Named Executive Officers"); and

the current directors and executive officers of the Company as a group.

The number of ADSs beneficially owned by each 5% shareholder, director or executive officer is determined under rules of the SEC. Under such rules, beneficial ownership includes any shares as to which the individual or entity has sole or shared voting power or investment power and includes any ADSs representing the ordinary shares which the individual has the right to acquire on or before September 29, 2006 through the exercise of share options, and any reference in the footnotes to this table to shares subject to share options refers only to share options that are so exercisable. For purposes of computing the percentage of outstanding ADSs held by each person or entity, any shares which that person or entity has the right to acquire on or before September 29, 2006, are deemed to be outstanding but

are not deemed to be outstanding for the purpose of computing the percentage ownership of any other person. Unless otherwise indicated, each person or entity has sole investment and voting power (or shares such power with his or her spouse) with respect to the shares set forth in the following table. The inclusion herein of any shares deemed beneficially owned does not constitute an admission of beneficial ownership of those shares.

As of July 31, 2006, the Company had approximately 108,122,290 ordinary shares outstanding. The Company's shareholders may elect to hold the outstanding securities of the Company in the form of ordinary

Table of Contents

shares or ADSs. In addition, holders of options to purchase ordinary shares of the Company may, upon exercise of their options, elect to receive such ordinary shares in the form of ADSs. The 5% shareholders, directors and executive officers identified in the following table hold their outstanding securities in the form of ADSs.

carrying out the responsibilities of a director. Under the Corporate Governance Guidelines adopted by the Company in connection with the settlement of its securities class action litigation, the Board must propose nominees for election such that, should the shareholders elect those nominees, two-thirds of the members of the Company's Board will be independent directors. The Corporate Governance Guidelines also include a heightened definition of independence for purposes of that requirement. The Company's Board has determined that each of Messrs. Gross, Krzywicki and Meagher and Dr. von Prondzynski is an independent director as defined under Rule 4200(a)(15) of the NASDAQ Stock Market, Inc. Marketplace Rules and the Corporate Governance Guidelines. Messrs. Moran, Edelstein and Priest are not independent. Mr. Priest, who retires as a director of the Company by rotation at the 2006 Annual General Meeting, has informed the Company's Board of Directors that he will not seek re-election and will retire from the board of directors effective as of the date of the 2006 Annual General Meeting.

Director Nomination Process

The process followed by the Nominating and Corporate Governance Committee to identify and evaluate director candidates includes requests to Board members and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates and interviews of selected candidates by members of the Nominating and Corporate Governance Committee and the Board of Directors.

In considering whether to recommend any particular candidate for inclusion in the Board of Director's slate of recommended director nominees, the Nominating and Corporate Governance Committee will apply the criteria set forth in the Company's Corporate Governance Guidelines. These criteria include the candidate's integrity, business acumen, knowledge of the Company's business and industry, age, experience, diligence, conflicts of interest and the ability to act in the interests of all shareholders. In addition, the candidate must have experience in one of more of the following core competencies: business or management of complex and large consolidated companies or institutions; accounting or finance for complex and large consolidated companies or institutions; leadership, strategic planning or crisis response for complex and large consolidated companies or institutions; software development and e-learning industries; and other relevant areas identified by the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee does not assign specific weights to particular criteria and no particular criterion is a prerequisite for recommendation. The Company believes that the backgrounds and qualifications of its directors, considered as a group, should provide a composite mix of experience, knowledge and abilities that will allow the Board of Directors to fulfill its responsibilities.

Shareholders may recommend an individual to the Nominating and Corporate Governance Committee for consideration as a potential director by submitting the following information in writing to the Nominating and Corporate Governance Committee (i) the nominating shareholder's name, address and number of ordinary shares or ADSs beneficially owned by the nominating shareholder, (ii) a description of any arrangements between the nominating shareholder and the recommended candidate, (iii) such information regarding the candidate as would be required to be included in a proxy statement regarding a director candidate, (iv) confirmation that the candidate is an independent director under the requirements set forth in the Company's Corporate Governance Guidelines, (v) the consent of the recommended candidate to serve as a director if elected and (vi) a representation signed by the candidate that if elected, he or she will represent all shareholders in accordance with all applicable laws and the Company's Memorandum and Articles of Association and will comply with all rules generally applicable to directors.

Nominating shareholders who wish to recommend any particular candidate for consideration must provide such written information to the Nominating and Corporate Governance Committee, c/o Investor Relations, SkillSoft Public Limited Company, 107 Northeastern Boulevard, Nashua, New Hampshire 03062 no less than 90 and no more than 150 days before the first anniversary of the Company's preceding year's Annual General Meeting. If the date of the next Annual General Meeting is advanced by more than 30 days from the preceding

year's Annual General Meeting, then such written information must be provided no earlier than 150 days prior to such annual general meeting date and not later than the close of business on the later of the 90th day prior to such annual general meeting date and the 10th day following the day on which notice of the date of the annual general meeting was mailed or public disclosure of the date was made.

Assuming that appropriate biographical and background material has been provided on a timely basis, the Nominating and Corporate Governance Committee will evaluate shareholder-recommended candidates by following substantially the same process, and applying substantially the same criteria, as it follows and applies for candidates submitted by others.

Shareholder Communications

The Board of Directors will give appropriate attention to written communications that are submitted by shareholders, and will respond if and as appropriate. The Chair of the Nominating and Corporate Governance Committee is primarily responsible for monitoring communications from shareholders and for providing copies or summaries of such communications to the other directors as he considers appropriate.

Under procedures approved by a majority of the independent directors, communications are forwarded to all directors if they relate to important substantive matters and include suggestions or comments that the Chair of the Nominating and Corporate Governance Committee considers to be important for the directors to know. In general, communications relating to corporate governance and long-term corporate strategy are more likely to be forwarded than communications relating to ordinary business affairs, personal grievances and matters as to which the Company tends to receive repetitive or duplicative communications.

Shareholders who wish to send communications on any topic to the Board should address such communications to the Board of Directors, c/o Investor Relations, SkillSoft Public Limited Company, 107 Northeastern Boulevard, Nashua, New Hampshire 03062.

At an Extraordinary General Meeting of shareholders held on March 23, 2006, the Company's shareholders approved an ordinary resolution pursuant to the Company's Articles of Association that fixed the annual fees to be paid to each director who is not an employee of the Company (each, an Outside Director) for their ordinary services as directors in each fiscal year of the Company. Pursuant to such ordinary resolution, no such annual ordinary remuneration shall be paid to directors who are also employees of the Company for their services as directors. Beginning with the fiscal year ending January 31, 2007, each Outside Director is paid cash compensation as follows:

each Outside Director receives an annual retainer of \$30,000;

the chairman of each of the Audit Committee and the Compensation Committee receives an additional annual retainer of \$7,500; and

each Outside Director who is a member of any standing committee (a Committee) of the Board receives a payment of \$2,000 per Board or Committee meeting attended up to a maximum of six meetings per year (including by conference telephone) beyond regularly scheduled meetings (i.e. a maximum additional payment

of \$12,000), provided that only one meeting payment would be made in the event such additional meetings of the Board and one or more Committee were held on the same day.

Table of Contents

Any director who is in office only for a portion of a fiscal year shall only be entitled to be paid a pro-rated portion of such remuneration reflecting such portion of the year during which he held office.

The Company reimburses directors for expenses in attending meetings of the Board and Committees. On December 22, 2005, the Company made a one-time payment in the amount of \$500,000 to Howard Edelstein, a director of the Company, in recognition of Mr. Edelstein's contributions in connection with the settlement of the Company's litigation with NETg and its securities class action litigation. As a result of the payment to Mr. Edelstein, the Board determined that Mr. Edelstein is no longer an independent director as defined under Rule 4200(a)(15) of the NASDAQ Stock Market, Inc. Marketplace Rules and the Board accepted Mr. Edelstein's resignation from each of the Compensation Committee and the Nominating and Corporate Governance Committee.

The Company currently has five Outside Directors, each of whom is eligible for cash remuneration as described above: P. Howard Edelstein, Stewart K.P. Gross, James S. Krzywicki, William F. Meagher, Jr. and Dr. Ferdinand von Prondzynski. Mr. Meagher is the chair of the Audit Committee and Mr. Gross is the chair of the Compensation Committee. As such, Messrs. Meagher and Gross will each be eligible to receive the additional \$7,500 retainer described above.

In addition to the annual retainer and the payments referred to above, the Company grants Outside Directors compensation in the form of share options for their services as members of the Board of Directors. On initial election to the Board of Directors, each new non-employee director receives an option to purchase 25,000 ordinary shares (the Initial Grant) under the Company's 2001 Outside Director Option Plan (the Director Plan). Each non-employee director who has been a director for at least six months receives an option to purchase 10,000 ordinary shares on January 1st of each year (the Annual Grant). All options granted under the Director Plan have a term of ten years and an exercise price equal to the fair market value of the ordinary shares on the date of grant. The Initial Grant becomes exercisable as to one-third of the shares subject to the option on each of the first three anniversaries of the date of grant, provided the non-employee director remains a director on such dates. The Annual Grant becomes fully exercisable on the first anniversary of the date of grant, provided the non-employee director remains a director on such date. Upon exercise of an option, the non-employee director may elect to receive his ordinary shares in the form of ADSs. After termination as a non-employee director, an optionee may exercise an option during the period set forth in his option agreement. If termination is due to death or disability, the option will remain exercisable for 12 months. In all other cases, the option will remain exercisable for a period of three months. However, an option may never be exercised later than the expiration of its ten-year term. A non-employee director may not transfer options granted under the Director Plan other than by will or the laws of descent and distribution. Only the non-employee director may exercise the option during his lifetime. In the event of the Company's merger with or into another corporation or a sale of substantially all of the Company's assets, the successor corporation may assume, or substitute a new option in place of, each option. If such assumption or substitution occurs, the options will continue to be exercisable according to the same terms as before the merger or sale of assets. Following such assumption or substitution, if a non-employee director is terminated other than by voluntary resignation, the option will become fully exercisable and generally will remain exercisable for a period of three months. If the outstanding options are not assumed or substituted for, the Board of Directors will notify each non-employee director that he has the right to exercise the option as to all shares subject to the option for a period of 30 days following the date of the notice. The option will terminate upon the expiration of the 30-day period. Unless terminated sooner, the Director Plan will automatically terminate in 2011. The Board of Directors has the authority to amend, alter, suspend, or discontinue the Director Plan, but no such action may adversely affect any grant previously made under the Director Plan.

On January 1, 2006, Messrs. Meagher, Edelstein, Gross and Krzywicki and Dr. von Prondzynski were each granted an option to purchase 10,000 ordinary shares at an exercise price of \$5.50 per share. Each such option was in accordance with the terms of the Director Plan described above.

A description of the material terms of the 1996 Plan, the ForeFront 1996 Director Plan, the ForeFront 1996 Plan, the Knowledge Well 1998 Plan and the Knowledge Well Group 1998 Plan is included in Note 9 to the Company's consolidated financial statements filed as part of the Company's Annual Report on Form 10-K for the fiscal year ended January 31, 2006 and is incorporated herein by reference.

As indicated in the table above, as of January 31, 2006 under existing non-shareholder approved employee share plans, the Company had in excess of 5,100,000 shares available for future issuance. For ease of administration, and to avoid the loss of available shares under certain of the existing non-shareholder approved plans, some of which will expire by their terms in the near future, the Company decided to amend such plans to reduce the number of shares available for future issuance under those plans by an aggregate of 5,100,000 shares. In connection with such reduction, on March 23, 2006 at the Extraordinary General Meeting of Shareholders, the Company's shareholders approved an amendment to the 2002 Plan increasing the number of shares reserved for issuance thereunder by 5,100,000 ordinary shares. This amendment did not increase the total number of shares that the Company has reserved for future grants under its equity plans.

The Company is proposing another amendment to the 2002 Plan to increase the shares reserved for issuance thereunder by an additional 1,400,000 ordinary shares to 8,850,000 ordinary shares. This amendment will not increase the total number of shares that the Company has reserved for future grants under its equity plans. As of July 31, 2006, the Company had in excess of 1,400,000 ordinary shares currently available for future issuance under its 1996 Supplemental Stock Plan. For ease of administration, and to avoid the loss of available shares under such plan upon its expiration in October 2006, the Company decided to amend such plan to reduce the number of shares available for future issuance under the 1996 Supplemental Stock Plan by an aggregate of 1,400,000, contingent on the approval of the amendment to the 2002 Plan (Resolution 4) by the shareholders. The amendment (Resolution 4) will be voted on by the Company's shareholders at the Company's Annual General Meeting to be held on September 28, 2006.

Compensation Committee Interlocks and Insider Participation

During the fiscal year ended January 31, 2006, the members of the Compensation Committee of the Company's Board of Directors were Messrs. Krzywicki, Edelstein and Gross (Chair). Mr. Edelstein resigned from the Compensation Committee in December 2005. No executive officer of the Company has served as a director or member of the compensation committee of any other entity whose executive officers served as a director or member of the Company's Compensation Committee.

Report of the Compensation Committee of the Board of Directors on Executive Compensation

This report is submitted by the Compensation Committee of the Board of Directors. During the fiscal year ended January 31, 2006, the Compensation Committee was responsible for reviewing and approving compensation matters concerning the executive officers and key employees of the Company and administering and granting options to the Company's executive officers and employees under the Company's stock plans and reviewing and approving compensation matters concerning the executive officers and key employees of the Company.

Overview and Philosophy. The Company uses its compensation program to achieve the following objectives:

- to provide compensation that attracts, motivates and retains the talented, high caliber officers and employees necessary to achieve the Company's strategic objectives, as determined by the Board of Directors;
- to align the interest of officers with the success of the Company;
- to align the interest of officers with shareholders by including long-term equity incentives; and
- to increase the long-term profitability of the Company and, accordingly, increase shareholder value.

Compensation under the executive compensation program is comprised of cash compensation in the form of base salary, bonuses, and long-term incentive awards, generally in the form of share options. In addition, the compensation program includes various other benefits, including medical and insurance plans, the Company's 401(k) Plan, the 2004 Employee Share Purchase Plan and other employee benefit plans, which plans are generally available to all employees of the Company.

The principal factors which the Compensation Committee considered with respect to each officer's compensation package for the fiscal year ended January 31, 2006 are summarized below. The Board of Directors or the Compensation Committee may, however, in its discretion, apply different or additional factors in making decisions with respect to executive compensation in future years.

Base Salary. Compensation levels for each of the Company's officers, including the Chief Executive Officer, are generally set within the range of salaries that the Compensation Committee believes are paid to officers with comparable qualifications, experience and responsibilities at similar companies. In setting compensation levels, the

Compensation Committee takes into account such factors as (i) the Company's past performance and future expectations, (ii) individual performance and experience, (iii) past salary levels, which includes salaries paid historically by two different companies (SkillSoft PLC, formerly SmartForce PLC, and SkillSoft Corporation), and (iv) minimum salary levels set by employment agreements. The Compensation Committee does not assign relative

Table of Contents

weights or ranking to these factors, but instead makes a determination based upon the consideration of all of these factors as well as the progress made with respect to the Company's long-term goals and strategies.

Base salary, while reviewed annually, is only adjusted as deemed necessary by the Compensation Committee in determining total compensation for each officer. Base salary levels for each of the Company's officers, other than the Chief Executive Officer, were also based in part upon evaluations and recommendations made by the Chief Executive Officer.

Equity Incentives. The Compensation Committee believes that share ownership aligns officers' interests with those of the shareholders. In addition, the Compensation Committee believes that equity ownership by officers helps to balance the short term focus of annual incentive compensation with a longer term view and may help to retain key executive officers. Long term incentive compensation, generally granted in the form of options, allows the officers to share in any appreciation in the value of the Company's ADSs.

In making option grants, the Compensation Committee considers general corporate performance, individual contributions to the Company's financial, operational and strategic objectives, the Chief Executive Officer's recommendations, level of seniority and experience, existing levels of share ownership, previous grants of options, vesting schedules of options and the current share price.

Effective January 13, 2006, the Board of Directors approved the full acceleration of the vesting of all outstanding share options held by the Company's employees, other than executive officers and directors. The decision to accelerate vesting of these options was made to avoid recognizing compensation cost related to these options in the Company's future statements of operations upon the adoption of Statement of Financial Accounting Standards No. 123(R) Share Based Payment (SFAS 123(R)). The Board of Directors and the Compensation Committee continue to evaluate the optimal manner in which to use equity incentive compensation in the future in light of SFAS 123(R) and the Company's personnel needs.

No options have been granted to executives since 2002. The Compensation Committee is contemplating making equity grants to executives during the current fiscal year.

Incentive Bonuses. In the fiscal year ended January 31, 2006, the Compensation Committee approved executive compensation plans for each of Messrs. Moran, Nine, Darcy, Townsend and McDonald pursuant to which the executive management team were eligible to receive bonuses on a quarterly and annual basis based on the Company's financial and operational performance. Executive management had the opportunity to earn bonuses on a quarterly basis during the fiscal year ended January 31, 2006 based on the Company achieving specified financial targets related to revenue and earnings per share objectives, and had an annual bonus opportunity tied to the Company achieving specified annual revenue and bookings targets. For the fiscal year ended January 31, 2006, the executive officers received bonuses ranging from 144% to 150% of their target bonuses. Please see Executive Compensation Summary Compensation Table for the bonuses paid to the Company's Named Executive Officers for the fiscal year ended January 31, 2006.

Other Benefits. The Company also has various broad-based employee benefit plans. Executive officers may participate in these plans on the same terms as eligible, non-executive employees, subject to any legal limits on the amounts that may be contributed or paid to executive officers under these plans. The Company offers a share incentive plan and a 401(k) plan (including matching contributions by the Company), which allows employees to invest in a wide array of funds on a pre-tax basis. The Company also maintains insurance and other benefit plans for its employees, including executive officers of the Company.

Executive Compensation and Compensation of the Chief Executive Officer for the Fiscal Year Ended January 31, 2006. Executive compensation for the fiscal year ended January 31, 2006 included base salary and the bonus opportunities set forth in the executive compensation plans. The Company's President and Chief Executive Officer since September 6, 2002, Charles E. Moran, received an annual base salary of \$250,000 during

Table of Contents

the fiscal year ended January 31, 2006 and bonuses under the 2006 Executive Incentive Compensation Program totaling \$395,314, or approximately 144% of his target bonus for the fiscal year ended January 31, 2006. The base salary is believed by the Compensation Committee to be at or below the range of salary levels received by executives in a similar capacity in companies of comparable size and stage of development.

Tax Deductibility of Executive Compensation. Section 162(m) of the Internal Revenue Code of 1986, as amended, generally disallows a tax deduction to public companies for certain compensation in excess of \$1 million paid to the company's Chief Executive Officer and the four other most highly compensated executive officers. Certain compensation, including qualified performance-based compensation, will not be subject to the deduction limit if certain requirements are met. In general, the Company structures and administers its option plans in a manner intended to comply with the performance-based exception to Section 162(m). Nevertheless, there can be no assurance that compensation attributable to awards granted under the stock option plans will be treated as qualified performance-based compensation under Section 162(m). In addition, the Compensation Committee reserves the right to use its judgment to authorize compensation payments that may not be deductible when the Compensation Committee believes such payments are appropriate and in the best interests of the Company and its shareholders, after taking into consideration changing business conditions and the performance of its employees.

**PROPOSAL FOUR INCREASE IN NUMBER OF SHARES UNDER
THE 2002 SHARE OPTION PLAN**

General

On August 1, 2006, the Board of Directors adopted, subject to shareholder approval at the Annual General Meeting, an amendment to the 2002 Plan increasing the total number of shares reserved for issuance by an additional 1,400,000 ordinary shares of 0.11 each (the Additional Shares) to an aggregate of 8,850,000 ordinary shares of 0.11 each. This amendment to reserve the Additional Shares will not increase the total number of shares that the Company has reserved for future grants under its equity plans and will enable the Company to continue to grant options to employees under the terms and conditions of the 2002 Plan. As of July 31, 2006, options to purchase 856,511 ordinary shares were outstanding under the 2002 Plan.

Under the Company's 1996 Supplemental Stock Plan (the 1996 Plan), the Company has in excess of 1,400,000 shares (the 1996 Plan Available Share Pool) currently available for future issuance. For ease of administration, and to avoid the loss of available shares under the 1996 Plan which will expire by its terms in October 2006, the Company has decided to amend the 1996 Plan to reduce the 1996 Plan Available Share Pool by an aggregate of 1,400,000 shares, contingent upon shareholder approval of this amendment to the 2002 Plan.

On March 23, 2006, at the Extraordinary General Meeting of shareholders, the Company's shareholders approved an amendment to the 2002 Plan increasing the number of shares reserved for issuance thereunder by 5,100,000 ordinary shares. This amendment did not increase the total number of shares reserved for future grants under the Company's equity plans. The amendment was effected through a reallocation of shares available for grant under the Company's other existing share option plans, resulting in amendments to the other plans to reduce the shares issuable thereunder by an aggregate of 5,100,000 ordinary shares.

The Board of Directors believes that the amendment proposed is necessary for the Company to remain competitive in its ability to attract and retain highly skilled employees, including executive officers. Accordingly, the Board of Directors believes that the amendment is essential to the Company's continued growth and success. The Board of Directors believes that it is in the best interests of the Company and of the Company's shareholders to approve the amendment to the 2002 Plan so that the Company may continue to provide ongoing incentives to its employees.

Proposal Four Vote Required

The affirmative vote of the holders of a majority of the ordinary shares represented, in person or by proxy, and voting on the proposal at the Annual General Meeting is required to approve the amendment to the 2002 Plan. **Unless otherwise instructed, the proxies will vote FOR this resolution.**

**THE BOARD OF DIRECTORS RECOMMENDS
THAT YOU VOTE FOR PROPOSAL FOUR**

Summary of the 2002 Plan

The 2002 Plan was adopted by the Company's Board of Directors in June 2002 and approved by its shareholders in July 2002. The 2002 Plan will terminate in June 2012, unless earlier terminated according to its terms.

Table of Contents

The following summary of the 2002 Plan is qualified in its entirety by the specific language of the 2002 Plan, a copy of which is available to any shareholder upon written request to the Company's Secretary.

Purpose of the 2002 Plan. The purpose of the 2002 Plan is to attract and retain the best available personnel for positions of responsibility with the Company and to provide an additional incentive to the Company's employees, including executive officers, and consultants.

Shares Subject to the 2002 Plan. Prior to this amendment, the Board of Directors had reserved a maximum of 7,450,000 of the Company's ordinary shares for issuance under the 2002 Plan. In the event that an option is not exercised within the periods set forth in an employee's option agreement after such employee's termination of employment, the ordinary shares covered by such option will revert to the pool.

Administration. The 2002 Plan may be administered by the Board of Directors or a committee appointed by the Board of Directors (as applicable, the Administrator).

Eligibility. The 2002 Plan provides for the grant of nonstatutory share options to employees (including directors who are also employees), and consultants of the Company and any parent or subsidiary of the Company. Incentive share options may be granted under the 2002 Plan only to employees (including directors who are also employees) of the Company or any parent or subsidiary of the Company. The Administrator, in its discretion, selects the employees, directors and consultants to whom options may be granted, the time or times at which options will be granted, and the number of shares subject to each such option.

Terms and Conditions of the Options. Each option is evidenced by a share option agreement between the Company and the optionee, and is subject to the following additional terms and conditions:

(a) *Term.* The term of an incentive share option may be no more than ten (10) years from the date of grant; provided that in the case of an incentive share option granted to a 10% shareholder, the term of the option may be no more than five (5) years from the date of grant. No option may be exercised after the expiration of its term.

(b) *Exercise Price.* The Administrator determines the exercise price of options at the time the options are granted. The exercise price of an incentive share option may not be less than 100% of the fair market value of the ordinary shares on the date such option is granted; provided, however, the exercise price of an incentive share option granted to a 10% shareholder may not be less than 110% of the fair market value of the ordinary shares on the date such option is granted. The fair market value of the ordinary shares is generally determined with reference to the closing sale price for the ordinary shares (or the closing bid if no sales were reported) on the last market trading day prior to the date the option is granted.

(c) *Exercise.* The Administrator determines when options become exercisable and may, in its discretion, accelerate the vesting of any outstanding option. Share options granted under the 2002 Plan generally vest and become exercisable over four years.

(d) *Forms of Consideration.* Payment for ordinary shares issued upon exercise of an option may, depending on the terms of the option agreement, consist of cash, check, promissory note, cashless exercise, a reduction in the amount of any company liability to the optionee, any other form of consideration permitted by applicable law, or any combination thereof.

(e) *Termination of Employment.* If an optionee's employment or consulting relationship terminates for any reason (other than death or disability), then all options held by the optionee under the 2002 Plan expire on the earlier of (i) the date set forth in his or her option agreement, which is generally 30 days following such termination and (ii) the

expiration date of such option. To the extent the option is exercisable at the time of such termination, the optionee may exercise all or part of his or her option at any time before termination.

Table of Contents

(f) *Death or Disability.* If an optionee's employment or consulting relationship terminates as a result of death or disability, then all options held by such optionee under the 2002 Plan expire on the earlier of (i) the date set forth in his or her option agreement, which is generally 12 months following such termination or (ii) the expiration date of such option. The optionee (or the optionee's estate or the person who acquires the right to exercise the option by bequest or inheritance), may exercise all or part of the option at any time before such expiration to the extent that the option was exercisable at the time of such termination.

(g) *Nontransferability.* Options granted under the 2002 Plan are not transferable other than by will or the laws of descent and distribution, and may be exercised during the optionee's lifetime only by the optionee.

(h) *Other Provisions.* The share option agreement may contain other terms, provisions and conditions not inconsistent with the 2002 Plan as may be determined by the Administrator.

Adjustments Upon Changes in Capitalization

If the Company's shares change by reason of any share split, reverse share split, share dividend, combination, reclassification or other similar change in the Company's capital structure effected without the receipt of consideration, appropriate adjustments will be made in the number and class of shares of ordinary shares subject to the 2002 Plan, the number and class of shares of ordinary shares subject to any option outstanding under the 2002 Plan, and the exercise price of any such outstanding option.

In the event of a liquidation or dissolution of the Company, unexercised options will terminate. The Administrator may, in its discretion, provide that each optionee shall have the right to exercise all of the optionee's options including those not otherwise exercisable, until the date ten (10) days prior to the consummation of the liquidation or dissolution.

In connection with any merger, consolidation, acquisition of assets or like occurrence involving the Company, each outstanding option will be assumed or an equivalent option substituted by the successor corporation. If the successor corporation refuses to assume the options or to substitute substantially equivalent options the optionee will have the right to exercise the option as to all the optioned shares, including shares not otherwise exercisable. In such event, the Administrator will notify the optionee that the option is fully exercisable for fifteen (15) days from the date of such notice and that the option terminates upon expiration of such period.

Amendment of the 2002 Plan

The Board may amend, alter, suspend or terminate the 2002 Plan, or any part thereof, at any time and for any reason. However, the Company must obtain shareholder approval for any amendment to the 2002 Plan to the extent necessary to comply with Section 162(m) and Section 422 of the Internal Revenue Code, or any similar rule or statute. No such action by the Board of Directors or shareholders may impair any option previously granted under the 2002 Plan without the written consent of the optionee.

United States Federal Income Tax Consequences

The following is a summary of the United States federal income tax consequences that generally will arise with respect to options granted under the 2002 Plan. This summary is based on the United States federal tax laws in effect as of the date of this proxy statement. In addition, this summary assumes that all options are exempt from, or comply with, the rules under Section 409A of the Internal Revenue Code of 1986, as amended (the Code) regarding nonqualified deferred compensation. Changes to these laws could alter the tax consequences described below.

Incentive Share Options. A participant will not have income upon the grant of an incentive share option. Also, except as described below, a participant will not have income upon exercise of an incentive share option if the participant has been employed by the Company or its corporate parent or 50% or more-owned corporate subsidiary

Table of Contents

at all times beginning with the option grant date and ending three months before the date the participant exercises the option. If the participant has not been so employed during that time, then the participant will be taxed as described below under Nonstatutory Share Options. The exercise of an incentive share option may subject the participant to the alternative minimum tax.

A participant will have income upon the sale of the share acquired under an incentive share option at a profit (if sales proceeds exceed the exercise price). The type of income will depend on when the participant sells the share. If a participant sells the share more than two years after the option was granted and more than one year after the option was exercised, then all of the profit will be long-term capital gain. If a participant sells the share prior to satisfying these waiting periods, then the participant will have engaged in a disqualifying disposition and a portion of the profit will be ordinary income and a portion may be capital gain. This capital gain will be long-term if the participant has held the share for more than one year and otherwise will be short-term. If a participant sells the share at a loss (sales proceeds are less than the exercise price), then the loss will be a capital loss. This capital loss will be long-term if the participant held the share for more than one year and otherwise will be short-term.

Nonstatutory Share Options. A participant will not have income upon the grant of a nonstatutory share option. A participant will have compensation income upon the exercise of a nonstatutory share option equal to the value of the share on the day the participant exercised the option less the exercise price. Upon sale of the share, the participant will have capital gain or loss equal to the difference between the sales proceeds and the value of the share on the day the option was exercised. This capital gain or loss will be long-term if the participant has held the share for more than one year and otherwise will be short-term.

Tax Consequences to the Company. There will be no tax consequences to the Company except that the Company will be entitled to a deduction when a participant has compensation income. Any such deduction will be subject to the limitations of Section 162(m) of the Code.

Plan Benefits

As of July 31, 2006, approximately 950 persons were eligible to receive options under the 2002 Plan, including the Company's five executive officers, its employee directors and consultants. The granting of options under the 2002 Plan is discretionary, and the Company cannot now determine the number or type of options to be granted in the future to any particular person or group.

On July 31, 2006, the last reported sale price of the Company's ADSs on the NASDAQ National Market was \$5.79.

PROPOSAL SIX APPROVAL OF DISAPPLICATION OF STATUTORY PRE-EMPTION PROVISIONS

General

Unless disapplied, the board of directors' authority under Section 20 to allot and issue securities is also subject to the requirement of Section 23 of the 1983 Act that any new equity shares to be allotted for cash must first be offered to existing shareholders on a pre-emptive basis. Section 24 of the 1983 Act authorizes the shareholders to disapply the Section 23 pre-emption requirement. Any such disapplication may only be for a period of five years. The Company's shareholders have previously disapplied the Section 23 pre-emption requirement until September 5, 2007. Accordingly, with respect to Resolution six, the Bank of New York will not give a discretionary proxy to a person designated by the Company to vote such ordinary shares unless it receives instructions to give such discretionary proxy from the owners of ADSs.

(B) shall be made after an independent auditing firm has performed three consecutive audits of the Company's annual financial statements, beginning with the audit for the fiscal year ending January 31, 2005; and

(C) shall be repeated and documented every five years thereafter.

2. **Independence.** The Audit Committee shall take, or recommend that the full Board take, appropriate action to oversee the independence of the independent auditor. The Audit Committee shall review at least annually the independent auditor's compensation. The Audit Committee is empowered, without further action by the Board, to cause the Company to pay the compensation of the independent auditor established by the Audit Committee.
