VOTING MATTERS

The representation in person or by Proxy of a majority of the outstanding shares of common stock of the Company, par value \$.01 per share (the Common Stock), entitled to vote at the Meeting is necessary to provide a quorum for the transaction of business at the Meeting. Shares represented by Proxy will be voted in accordance with your instructions. You may specify how you want your shares to be voted by marking the appropriate box on the Proxy card. If your Proxy card is signed and returned without specifying how you want your shares to be voted, your shares will be voted in favor of the proposals made by the Board, and as the individuals named as Proxy holders on the Proxy deem advisable on all other matters as may properly come before the Meeting.

Any stockholder returning the enclosed Proxy has the power to revoke such Proxy prior to its exercise either by voting by ballot at the Meeting, by executing a later dated Proxy or by delivering a signed written notice of the revocation to the office of the Secretary of the Company before the Meeting begins. The Proxy will be voted at the Meeting if the signer of the Proxy was a stockholder of record on March 20, 2007 (the Record Date).

Representatives of the Company's independent registered public accounting firm, PricewaterhouseCoopers LLP, are expected to be present at the Meeting. They will have the opportunity to make statements if they desire to do so and

Required Vote: Recommendation of the Board of Directors

With respect to the election of Directors of the Company, a nominee for director shall be elected to the Board by a majority vote (i.e. the votes cast for such nominee's election exceed the votes cast against such nominee's election), except that, Directors will be elected by plurality vote at any meeting of stockholders for which the number of nominees exceeds the number of directors to be elected. If an incumbent director fails to be re-elected by a majority vote when such a vote is required and offers to resign, and if that resignation is not accepted by the Board, such director shall continue to serve until the next annual meeting and until his or her successor is duly elected, or his or her earlier resignation or removal. If an incumbent director's resignation is accepted by the Board, or if a nominee for director is not elected and the nominee is not an incumbent director, then the Board, in its sole discretion, may fill any resulting vacancy. Shares for which authority to vote for the election of a nominee is withheld (so-called abstentions) will be counted as present for the purpose of determining whether a quorum is present but not be treated as shares voted for any nominee.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR EACH NOMINEE FOR DIRECTOR SET FORTH ABOVE.

PROPOSAL 2. RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board has selected PricewaterhouseCoopers LLP, an independent registered public accounting firm, to audit the books, records and accounts of the Company for the fiscal year ending December 31, 2007. The affirmative vote of the majority of the shares present at the Meeting in person or represented by Proxy, and entitled to vote on the matter is required to approve the proposal. Abstentions will be counted as present for the purpose of determining whether a quorum is present and will be treated as shares present and entitled to vote but will not be treated as an affirmative vote in favor of the proposal and therefore will have the effect of a vote against the proposal. Ratification by stockholders is not required. If the proposal is not approved by the stockholders, the Board does not plan to change the appointment for fiscal 2007, but will consider the stockholder vote in selecting an independent registered public accounting firm for fiscal 2008.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE PROPOSAL TO RATIFY THE SELECTION OF PRICEWATERHOUSECOOPERS LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.

PROPOSAL 3. OTHER BUSINESS

DIRECTORS MEETINGS

The Board held five meetings during the year ended December 31, 2006. The Board has determined that each Director other than Mr. Berthiaume, the Company's Chairman, President and Chief Executive Officer, has no material relationship with the Company and otherwise qualifies as independent under applicable listing standards of the New York Stock Exchange. Mr. Berthiaume has certified to the New York Stock Exchange as of May 24, 2006 that he is not aware of any violation by the Company of the New York Stock Exchange's Corporate Governance Listing Standards.

The Nominating and Corporate Governance Committee currently consists of Dr. Michael J. Berendt (Chairman), Dr. Laurie H. Glimcher, and Mr. Thomas P. Salice. The responsibilities of the Nominating and Corporate Governance Committee include the recruitment and recommendation of candidates for the Board. The Nominating and Corporate Governance Committee may, as it deems appropriate, give consideration to any candidates suggested by the stockholders of the Company. The Nominating and Corporate Governance Committee also develops and recommends to the Board the Corporate Governance Guidelines for the Company. The charter of the Nominating and Corporate Governance Committee, which sets forth all of the committee's functions, is available at the Company's website at <http://www.waters.com> under the caption About Waters > Corporate Information > Corporate Governance.

The Audit Committee, which currently consists of Mr. Thomas P. Salice (Chairman), Mr. Edward Conard, Mr. William J. Miller and Ms. JoAnn A. Reed, oversees the activities of the Company's independent registered public accounting firm, PricewaterhouseCoopers LLC. The Audit Committee recommends the engagement of the independent registered public accounting firm, and performs certain other functions pursuant to its charter, a copy of which is available at the Company's website at <http://www.waters.com> under the caption About Waters > Corporate Information > Corporate Governance.

The Compensation and Management Development Committee, which currently consists of Mr. William J. Miller (Chairman), Mr. Joshua Bekenstein, Mr. Christopher A. Kuebler and Mr. Thomas P. Salice, approves the compensation of executives of the Company, makes recommendations to the Board with respect to standards for setting compensation levels and administers the Company's incentive plans, consistent with its charter, which is available at the Company's website at <http://www.waters.com> under the caption About Waters > Corporate Information > Corporate Governance.

During fiscal year 2006, each of the Company's Directors attended in excess of 75% of the aggregate of the meetings of the Board and the meetings of committees of the Board of which such Director was a member. During fiscal year 2006, the Compensation and Management Development Committee met three times, the Audit Committee met seven times and the Nominating and Corporate Governance Committee met two times. The Company does not have a formal policy, but encourages Director attendance at annual stockholder meetings. All Directors attended the 2006 annual meeting.

CORPORATE GOVERNANCE

During 2006, the Nominating and Corporate Governance Committee of the Board again implemented a comprehensive evaluation of the Board and each of its Committees. The evaluation, in the form of a questionnaire, was circulated to all members of the Board and Committees in November 2006. The Company's General Counsel received all of the questionnaires, compiled the results and circulated them to the Board and each Committee for discussion and analysis in January and February 2007. It is the intention of the Nominating and Corporate Governance Committee to engage in this process annually.

Increasingly, shareholders of public companies are focusing on the amount of equity ownership by directors and officers of the companies in which they invest. In order to more closely align the interests of the Company's shareholders with those of management, during 2004 the Nominating and Corporate Governance Committee considered and recommended to the Board minimum stock ownership guidelines for members of the Board and the Company's executive officers. These guidelines, which were approved by the Board in February, 2004, provide for the accumulation by the Chief Executive Officer of common stock of the Company equal to five (5) times his base salary over a three year period, which requirement would also apply to any successor to the Chief Executive Officer.

Table of Contents

Additionally, members of the Company's Executive Committee, Messrs. Caputo, Ornell, Beaudouin and Ms. Rae, are each required to accumulate common stock of the Company equal to two (2) times their base salary over a five year period. Pursuant to the guidelines, members of the Board are required to accumulate a minimum of 5,000 shares of common stock of the Company over a five (5) year period. For purposes of accumulation of minimum stock ownership, grants of restricted stock by the Company to such executives or to members of the Board shall apply towards satisfaction of the guidelines.

Also, in 2004, the Nominating and Corporate Governance Committee voted to recommend that the Board adopt a lead director to preside over executive sessions of the non-management Directors of the Board and to provide a focal point for and to facilitate communication among non-management Directors, Company management and Company shareholders. In May, 2004, the Board accepted the recommendation of the Nominating and Corporate Governance Committee and elected Thomas P. Salice as the Company's lead director.

During 2006, the Nominating and Corporate Governance Committee continued to review the Company's corporate governance practices, Board committee charters and overall governance structure in light of the Sarbanes-Oxley Act of 2002 and rules and regulations adopted by the Securities and Exchange Commission (SEC) and the New York Stock Exchange.

During 2006, the Nominating and Corporate Governance Committee undertook a review of the subject of majority voting with respect to the election of directors to the Board. This review was in response to the growing national sentiment of investors and corporate governance experts for public companies to adopt majority voting as a best practice of their corporate governance structures.

Throughout 2006, the Nominating and Corporate Governance Committee and the Board were informed, on multiple occasions, by both the Company's General Counsel and Secretary as well as its outside counsel on current developments with respect to the adoption of majority voting provisions by other public companies. The briefings provided to the Nominating and Corporate Governance Committee and the Board included a review of the various forms of majority voting provisions, specific actions taken by other public companies to adopt such provisions and a review of the position of the American Bar Association as well as of Delaware law with respect to this topic.

On December 13, 2006, the recommendation by the Nominating and Corporate Governance Committee to adopt majority voting for Directors of the Company was accepted and approved by the Board and the by-laws of the Company were appropriately amended as of that date. The description of the Company's majority voting provisions can be found under Proposal 1. Election of Directors herein.

Previously, in September 2003, the Board approved a number of new or revised corporate governance documents in order to ensure the Company's continued compliance with applicable law, rules and regulations. In particular, the Board adopted a revised Audit Committee charter, which is available at the Company's website at <http://www.waters.com> under the caption About Waters >Corporate Information > Corporate Governance, and revised charters for its Compensation and Management Development Committee and its Nominating and Corporate Governance Committee. The Board also adopted Corporate Governance Guidelines, a Code of Business Conduct and Ethics for employees, executive officers and Directors and a whistleblower policy regarding the treatment of complaints on accounting, internal accounting controls and auditing matters. All of these documents are available on the Company's website at <http://www.waters.com> under the caption About Waters >Corporate Information > Corporate Governance and a copy of any of them may be obtained, without charge, upon written request to the Company, c/o Secretary, 34 Maple Street, Milford, MA 01757.

The Nominating and Corporate Governance Committee is currently comprised of three members: Dr. Michael J. Berendt, Chairman; Thomas P. Salice; and Dr. Laurie H. Glimcher. Each of the members of the Nominating and

Corporate Governance Committee is independent, as such term is defined in the listing standards of the New York Stock Exchange.

With respect to potential candidates to serve on the Board, the Nominating and Corporate Governance Committee considers suggestions from a variety of sources, including stockholders. Any nominations of candidates, together with appropriate biographical information, should be submitted to the Company, c/o Secretary, 34 Maple Street, Milford, MA 01757.

Table of Contents

The Nominating and Corporate Governance Committee believes that candidates for service as a Director of the Company should meet certain minimum qualifications. In selecting Directors, the Board seeks individuals who are highly accomplished in their respective fields, with superior educational and professional credentials. Candidates should satisfy the independence requirements of the SEC and the New York Stock Exchange and should have demonstrated experience in organizational leadership and management. Candidates for Director should also be of the highest moral and ethical character and integrity, consistent with the standards established by the Company.

The Company has a process for identifying and selecting candidates for Board membership. Initially, the Chairman/CEO, the Nominating and Corporate Governance Committee or other Board members identifies a need to either expand the Board with a new member possessing certain specific characteristics or to fill a vacancy on the Board. A search is then undertaken by the committee, working with recommendations and input from Board members, members of senior management, professional contacts, external advisors, nominations by stockholders and/or the retention of a professional search firm if necessary. An initial slate of candidates is identified that will satisfy the criteria for Board membership and is presented to the committee for review. Upon review by the Committee, a series of interviews of one or more candidates is conducted by the Chairman/CEO and at least one member of the committee. During this process, the full Board is informally apprised of the status of the search and its input is solicited.

Upon identification of a final candidate, the entire Nominating and Corporate Governance Committee will meet to consider the credentials of the candidate and thereafter, if approved, submits the candidate for approval by the full Board.

During 2005, the Nominating and Corporate Governance Committee undertook a search to identify new candidates for Board membership. The Committee retained the firm SpencerStuart to assist in the process of identifying potential candidates who would meet the criteria for Board membership at set forth above. The Committee received and reviewed the profiles of many candidates during the process and, based on the quality of the individuals identified, determined to expand its search and seek to nominate two members to the Board rather than the one originally contemplated. At a Special Meeting of the Nominating and Corporate Governance Committee held on January 6, 2006, the Committee unanimously voted to recommend that each of Christopher A. Kuebler and JoAnn A. Reed be nominated to serve as members of the Company's Board of Directors. This recommendation was approved by the Company's full Board of Directors at a regular meeting of the Board held on February 28, 2006 and each of Mr. Kuebler's and Ms. Reed's names were placed in nomination as candidates for election as directors of the Company by the Company's stockholders at the Meeting on May 11, 2006 and each was elected as a director at that meeting.

With respect to communications with the Board on general matters, stockholders and interested parties may communicate directly with the lead director or with the non-management Directors as a group by writing to Waters Corporation, c/o Secretary, 34 Maple Street, Milford, Massachusetts 01757. Any such communication should include the name and return address of the stockholder, the specific Director or Directors to whom the contact is addressed and the nature or subject matter of the contact.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

Report of the Committee

During 2006, the Audit Committee of the Board, in conjunction with management and PricewaterhouseCoopers LLP, the Company's independent registered public accounting firm, focused on the following items:

1. Compliance with Section 404 of the Sarbanes-Oxley Act of 2002 (the Act) and the adequacy of Company internal controls;
2. The appropriateness of Company financial reporting and accounting processes;
3. The independence and performance of the Company's independent registered public accounting firm;
4. Company compliance with laws and regulations; and
5. Review of the Company's independent registered public accounting firm's quality control procedures.

During 2006, the Company continued its comprehensive efforts with respect to on-going compliance with the internal controls requirements of Section 404 of the Act. The initial phases of the project commenced during 2003 and required the allocation of unprecedented resources, both human and financial, to scope, implement and review the Section 404 compliance plan. In 2006, in addition to PricewaterhouseCoopers LLP, the Company again retained Ernst & Young LLP to assist in elements of continuing compliance with Section 404 of the Act. The compliance project itself was managed primarily by the Company's Director of Internal Audit in conjunction with the Company's Chief Financial Officer and its Corporate Controller. During 2006, the Audit Committee received regular and detailed briefings from the Company's Director of Internal Audit, Ernst & Young LLP and PricewaterhouseCoopers LLP on the progress of the Company's efforts to comply with Section 404 and on developments within the SEC and the Public Company Accounting Oversight Board with respects to modifications to Section 404. On February 27, 2007 PricewaterhouseCoopers LLP reported to the Audit Committee that it had identified no material weaknesses in the Company's internal controls over financial reporting as of December 31, 2006.

The Board has adopted a written charter setting out more specifically the functions that the Audit Committee is to perform. The charter is reviewed on an annual basis by the Committee and the Committee is advised as to any corporate governance developments which may warrant charter amendments. No such charter amendments were made in 2006. The charter is available at the Company's website at <http://www.waters.com> under the caption About Waters >Corporate Information > Corporate Governance.

During 2006, the Stockholders of the Company elected two new members of the Board. One of these new Directors, JoAnn A. Reed, was appointed to the Audit Committee in October, 2006.

The Audit Committee held seven meetings during the fiscal year ended December 31, 2006. The Committee reviewed on a quarterly basis, with members of the Company's management team, the Company's quarterly financial results prior to the release of earnings and the filing of the Company's quarterly financial statements with the SEC. The Board has determined that each of the four current members of the Audit Committee—Mr. Salice (Chairman), Mr. Conard, Mr. Miller and Ms. Reed—is an audit committee financial expert as defined under applicable rules and regulations of the SEC and is independent as defined under the listing standards of the New York Stock Exchange and applicable rules and regulations of the SEC. Company management has primary responsibility for the financial statements and

reporting processes. The Company's independent registered public accounting firm, PricewaterhouseCoopers LLP, audits the annual financial statements and is responsible for expressing an opinion on their conformity with generally accepted accounting principles.

The Audit Committee has adopted the following guidelines regarding the engagement of PricewaterhouseCoopers LLP to perform non-audit services for the Company:

Company management will submit to the Audit Committee for approval the list and budgeted fees of non-audit services that it recommends the Committee engage its independent registered public accounting firm to provide for the fiscal year. Company management and the Company's independent registered public accounting firm will each confirm to the Audit Committee that each non-audit service on the list is permissible under all applicable legal

requirements. The Audit Committee will, in its discretion, either approve or disapprove both the list of permissible non-audit services and the budgeted fees for such services. The Audit Committee will be informed routinely as to the non-audit services actually provided by the Company's independent registered public accounting firm pursuant to this pre-approval process as well as new non-audit services requesting approval.

To ensure prompt handling of unexpected matters, the Audit Committee delegates to its Chairman the authority to amend or modify the list of approved permissible non-audit services and fees. The Chairman will report action taken to the Audit Committee at the next Audit Committee meeting.

PricewaterhouseCoopers LLP must ensure that all audit and non-audit services provided to the Company have been pre-approved by the Audit Committee.

The Committee hereby reports for the fiscal year ended December 31, 2006 that:

1. It has reviewed and discussed the Company's audited financial statements for the fiscal year ended December 31, 2006 with Company management;
2. It has discussed with PricewaterhouseCoopers LLP those matters required to be discussed by Statement on Auditing Standards No. 61, Codification of Statement on Auditing Standards, AU §380;
3. It has received from PricewaterhouseCoopers LLP its written disclosures and a letter required by Independence Standards Board Standard No. 1, Independence Discussions with the Audit Committee, and has discussed with PricewaterhouseCoopers LLP its independence;
4. It has considered whether, and determined that, the provision of non-audit services to the Company by PricewaterhouseCoopers LLP as set forth below, was compatible with maintaining auditor independence; and
5. It has reviewed and discussed with PricewaterhouseCoopers LLP its internal quality control procedures, and any material issues raised by the most recent internal quality control review, or peer review, or by any inquiry or investigation by governmental or professional authorities within the preceding five years.

Based on the items reported above, on February 27, 2007 the Audit Committee recommended to the Board that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2006 for filing with the SEC. The recommendation was accepted by the Board on the same date.

COMPENSATION OF DIRECTORS AND EXECUTIVE OFFICERS

Compensation Discussion and Analysis

Objectives of Waters Executive Compensation Program

It is the philosophy of the Board's Compensation and Management Development Committee (the Committee) that Waters executive compensation program be both performance and market-based, and that a significant portion of the compensation program should be allocated to variable performance-based compensation instruments. The objectives of the Company's executive compensation program are aligned with the Committee's philosophy and are as follows:

To focus senior management on achieving financial and operating objectives which provide long-term shareholder value.

To align the interests of senior management with the Company's shareholders.

To attract and retain senior executive talent.

What is the Waters Executive Compensation Program designed to reward?

The compensation program is designed to motivate and reward executives for sustained high levels of achievement of the Company's financial and operating objectives. It is the Company's general intent to provide base salaries that are less than the market median for similarly situated executives in comparable firms, and to provide annual incentive opportunities that are greater than the market median. In aggregate, these two components, less than median base salaries and greater than median incentives, provide a total target cash compensation opportunity that approximates the median of the market. Actual base salaries may vary from this generally targeted position based on the performance, tenure, experience and contributions of the individual. Actual incentives will vary with the performance of the Company. Actual total cash can be less than or greater than the median of the market, based on these factors. We believe that the structure of our total cash compensation effectively aligns executives with shareholders by placing emphasis on the achievement of annual earnings per share growth objectives.

Sustained high levels of annual achievement of earnings per share growth goals drives long-term shareholder value and the Waters' compensation program is designed to reward the creation of shareholder value through the use of stock options. Stock options align executive compensation with shareholder interests because options only have value to the executive if the stock price increases over time. The value of Waters' stock option grants enhance the competitive position of the executive's total direct compensation (base salary, annual bonus and stock options) and further increases the orientation of total compensation toward performance-based instruments.

What are the elements of executive compensation?

There are three key elements of executive compensation: base salary, senior management incentive bonus (annual incentive), and long-term performance-based awards.

Base Salary

The base salaries for senior executives are reviewed annually by the Committee. Individual salaries are based upon a combination of factors including past individual performance and experience, Company performance, scope of

responsibility, competitive salary levels and an individual's potential for making contributions to future Company performance. The Committee considers all these factors in determining base salary increases and does not assign a specific weighting to any individual factor.

Base salary increases for senior executives for fiscal year 2006, which were approved by the Committee in December 2005, ranged between 0% and 3.3%. These increases were determined by the Committee based on the above factors, including the Company's 2005 actual earnings per share growth which fell below the target set by the Committee for fiscal 2005. Mr. Douglas Berthiaume declined a base salary increase for 2006.

At the end of fiscal 2006, the Committee considered the factors listed above in determining the 2007 salary levels for executive officers, including the Company's above target earnings per share growth performance for fiscal 2006. The competitive analysis, the details of which are described in a later section of this Proxy Statement,

Table of Contents

indicated that on average the base salaries for executive officers fell at the 25th percentile of the competitive market for their respective positions. All base salaries for executive officers were below the market median for their respective positions. For 2007, the Committee recommended base salary increases for executive officers that ranged between 7.7% and 9.3%. Mr. Berthiaume's annual salary of \$650,000, which was in effect since January 1, 2004, was increased 7.7% to \$700,000 as of January 1, 2007. The 2007 base salaries for all executive officers remain below the market median for their respective positions which is consistent with our philosophy to emphasize performance-based pay.

Annual Incentive

The Management Incentive Plan is the annual incentive plan for officers and other senior executives of the Company. The Committee establishes performance targets at the beginning of each fiscal year. Achievement of 100% of the performance target is required for an incentive payout equal to 100% of the executive's incentive plan target. The Committee evaluates the results of the Company's performance against previously established targets in order to determine the individual bonuses for executive officers under the Management Incentive Plan.

For the 2006 fiscal year, the Committee established a 15% diluted earnings per share (E.P.S.) growth target excluding certain charges (non-GAAP) such as restructuring, litigation, asset impairment and the effect of the adopting Statement of Financial Accounting Standard 123(R) (SFAS 123(R)) Share-Based Payment, as well as a minimum threshold operating income performance requirement. The Committee excluded the effect of SFAS 123(R) because 2006 was the initial year of adoption. Other charges were excluded from the 2006 growth targets as the Committee believes these charges are not directly related to ongoing operations. In fiscal 2006, the Company exceeded the threshold operating income requirement. The Company's 2006 E.P.S. growth as reported on a non-GAAP basis grew 22% to \$2.44 from \$2.00 in fiscal 2005. This above target Company performance resulted in above target payouts for the senior executives under the Management Incentive Plan for fiscal year 2006. The Committee has established E.P.S. and operating income measures for fiscal year 2007.

Long-Term Performance-Based Awards

Stock options are granted to executive officers and other members of senior management to align the interests of executives with those of Waters' shareholders. We believe that stock options provide strong alignment between shareholders and executives because the value of a stock option to an executive is directly related to the stock price appreciation delivered to shareholders over time. Conversely, poor stock price performance provides no stock option value to the executive.

In 2005, the Committee reviewed and evaluated in detail various long-term incentive instruments with a compensation consultant, Pearl Meyer & Partners. Based on this analysis, the Committee determined that non-qualified stock options most effectively meet Waters' objectives for using performance oriented equity instruments for executive officers and senior executives. Below the senior management level, the Company's primary objective for long-term equity compensation is the retention of key talent. Relying in part on advice from Pearl Meyer & Partners, the Committee also determined that restricted stock units were the most effective long-term incentive instrument to meet its objective of retention for employees below the senior management level. Waters has chosen not to employ restricted stock units for the senior management group to date.

Consistent with the Company's strong financial and operational performance in 2006, it was the intention of the Committee to grant 150,000 non-qualified stock options to Mr. Berthiaume. While appreciative of the Committee's intention to recognize the Company's and Mr. Berthiaume's performance in 2006, Mr. Berthiaume did not feel that it was necessary to grant additional equity participation to him at this time and declined to be considered for an option grant in 2006. The Committee will continue to consider Mr. Berthiaume for future stock option grants.

The Committee considered the strong operational and financial performance of the Company during fiscal year 2006, individual performance and competitive market data in determining non-qualified stock option grants for Messrs. Ornell, Caputo, Beaudouin and Ms. Rae. These factors were considered collectively without a specific weighting assigned to any one factor. The non-qualified stock options were granted under the Waters Corporation 2003 Equity Incentive Plan based on the closing price of the Common Stock on the grant date, December 13, 2006.

Table of Contents

These options will vest at 20% per year for five years, and have a ten-year term. The five-year vesting schedule supports both the long-term focus of this element of compensation and Waters' objective to retain senior executives.

Other Compensation

The Company does not offer any perquisites for the exclusive benefit of executive officers. Senior executives are eligible to participate in other compensation and benefit plans that are generally offered to other employees, such as the Waters Employee Investment Plan (the regular 401(k) plan), Waters Retirement Plan, and employee stock purchase, health and insurance plans. They are also eligible to participate in the Waters Retirement Restoration Plan and the Waters 401(k) Restoration Plan that are available to all employees who meet certain minimum earnings eligibility criteria. A detailed description of the Waters Retirement Restoration Plan can be found in the Pension table and accompanying narrative section of this Proxy Statement. In addition, the Waters 401(k) Restoration Plan is described in detail in the Non-Qualified Deferred Compensation table and narrative section of this Proxy Statement.

Stock Ownership Guidelines

The importance of ownership in Waters' stock by the executive officers is further emphasized through the ownership guidelines that require the Chief Executive Officer to acquire and retain Common Stock equal to five times his base salary over a three-year period. Additionally, members of the Company's Executive Committee, Messrs. Caputo, Ornell, Beaudouin and Ms. Rae, are required to accumulate and retain Common Stock equal to two times their base salary over a five-year period. These guidelines were approved by the Board in February, 2004. The ownership guidelines have been met by Mr. Berthiaume and Mr. Caputo. Mr. Ornell, Mr. Beaudouin, and Ms. Rae are comparatively new to their respective positions and are in the process of achieving their ownership requirement.

Stock Option Grant Practices

It has been the consistent practice of the Committee to grant stock options to senior management annually at the Committee's December meeting. Grant prices are established based on the closing price of the Common Stock on the date of grant.

Why does Waters choose to pay each element?

Each element of compensation addresses specific objectives of the program and together they meet the overall objectives of the Waters' executive compensation program. The mix of short-term cash incentives and long-term equity incentives focuses executives on achievement of annual financial and operating objectives that drive long-term shareholder value. The Company does not target a specific mix of compensation between short-term and long-term vehicles. The Company does consider multiple factors, including the competitive market, Company and individual performance.

Base salaries are important in attracting and retaining senior executives. It is Waters' general intent to set base salaries slightly below market median levels relative to the market for comparable positions and to consider the base salary amount in conjunction with the annual target incentive bonus amount.

The purpose of the Management Incentive Plan is to motivate executive officers to achieve the annual E.P.S. growth and operating targets established at the beginning of the fiscal year. This element of compensation is important in meeting the objective of allocating a significant portion of annual compensation to variable performance-based compensation.

Long-term equity based compensation awards are designed to motivate senior executives and other key employees to contribute to the Company's long-term growth of shareholder value and to align executives' compensation with the growth in Waters' stock price.

How does Waters determine the amount of each compensation element?

The Committee considers a range of factors in determining the amount of each compensation element for each executive officer. As mentioned previously, the range of factors includes Company performance, individual performance and experience, competitive compensation levels, scope of responsibility and an individual's potential for making future contributions to the Company. The Committee also considers the overall structure of the compensation elements and insures that the total compensation package emphasizes performance based compensation.

Table of Contents

Competitive Market Assessment

Competitive market data is an important component in determining the amount of compensation for each element and each executive. The Committee utilizes an outside external consultant, Pearl Meyer & Partners, to provide advice on the structure of executive compensation as well as competitive data on base salary, total cash compensation, and long-term incentives. In addition, the Committee reviews the total compensation package for an executive from the perspective of total direct compensation which includes base, actual bonus and the value of the long-term incentive grant.

Pearl Meyer & Partners and the Committee utilize multiple sources to review the competitive marketplace for each executive. Sources include surveys such as the Hewitt Executive Compensation Survey and the CHiPS Executive and Senior Management Total Compensation Survey, as well as a core peer group of 14 publicly traded firms within the life sciences and analytical instrument industry with generally similar revenues as Waters. The peer group includes the following companies: Agilent, Applera Applied Biosystems Group, Beckman Coulter, Bio-Rad Laboratories, Dade Behring Holdings, Fisher Scientific, Invitrogen Corp., Mettler-Toledo, Millipore Corp., Pall, Perkin Elmer, Thermo Electron, Varian Inc., and Varian Medical Systems. Data from the survey sources and the peer companies are combined to develop a primary market composite. In addition, the Committee considers data from a broader group of 21 high technology companies with revenues and market capitalization similar to Waters. The high technology group includes the following 21 companies: Activision, Applera-Applied Biosystems Group, Autodesk, C.R. Bard, Barr Pharmaceuticals, Beckman Coulter, Biomet, BMC Software, Cadence Design Systems, Citrix Systems, Cognos, Dade Behring Holdings, Invitrogen Corp., King Pharmaceuticals, McAfee, Millipore Corp., Mylan Laboratories, ResMed, Respiroics, Sepracor, Varian Medical Systems. The Committee, with management, reviews the appropriateness of the peer group and the high technology group each year.

Management's Role in Executive Compensation

The Committee approves all compensation decisions for the executive officers. In discharging their responsibility with regard to the compensation of the Company's CEO and other senior executives, the Committee utilizes the services of Pearl Meyer & Partners as an outside compensation consultant. The Vice President of Human Resources also provides the Committee with information and analysis on the Company's executive compensation programs, as requested. Mr. Berthiaume provides the Committee with his assessment of the performance of the Company and other executive officers, and makes recommendations for the compensation of other executive officers. The Committee makes all decisions with respect to the compensation of the CEO and executive officers. No executive officer makes any decision on any element of his/her own compensation.

Role of the Compensation Consultant:

The Committee utilizes the services of Pearl Meyer & Partners as an outside compensation consultant. Pearl Meyer & Partners participates in Compensation and Management Development Committee meetings and executive sessions and provides the Committee with information and advice on executive and director compensation such as competitive market assessments, trends, best practices and plan design.

Tax and Accounting Implications

Waters considers all the tax and accounting aspects of the compensation instruments utilized by it in determining the most efficient method to use in delivering executive compensation. This includes but is not limited to SFAS 123(R) and Section 162(m) of the Internal Revenue Code of 1986. Section 162(m) generally limits the tax deduction available to public companies for annual compensation paid to senior executives in excess of \$1 million unless the

compensation qualify as performance-based. The Committee believes that payments under the Management Incentive Plan and stock option grants under the 2003 Equity Incentive Plan qualifies as performance-based compensation. It is the Company's intent to qualify plans for full deductibility to the extent that it is consistent with the Company's overall compensation objectives.

How does each element and Waters' decision regarding that element fit into the Company's overall compensation objectives and affect decisions regarding other elements?

The Committee considers the effectiveness of each element of compensation in meeting the Company's overall objectives for executive compensation as well as the competitive marketplace for each element of compensation. In addition, the Committee reviews the combined total of all compensation elements, or total direct compensation, in

Table of Contents

order to appropriately position total direct compensation relative to both the marketplace and the Company's objectives. The Committee has also reviewed tally sheets as prepared by Pearl Meyer & Partners to ensure a full understanding of the actual and potential compensation being provided to executive officers. The Committee also believes that it is important to provide meaningful reward and recognition opportunities to executive officers irrespective of the potential gains the executive may realize from prior awards.

Certain Relationships and Related Transactions and Director Independence

Related Party Transaction Approval and Disclosure Policy

The Company does not currently have a policy with respect to approving and disclosing related party transactions. The Board has determined that each Director other than Mr. Berthiaume, the Company's Chairman, President and Chief Executive Officer, has no material relationship with the Company and otherwise qualifies as independent under applicable listing standards of the New York Stock Exchange.

Loans to Executive Officers

At December 31, 2006 there were no loans outstanding due from executive officers. In compliance with the Sarbanes-Oxley Act of 2002, the Company no longer makes loans to its executive officers.

Indemnification of Directors and Officers

The Company provides indemnification for its Directors and executive officers in addition to the indemnification provided for in the Company's Second Amended and Restated Certificate of Incorporation, as amended, and Amended and Restated Bylaws.

Compensation and Management Development Committee Report

The Compensation and Management Development Committee of the Company has reviewed and discussed with management the Compensation Discussion and Analysis as required by Item 402(b) of Regulation S-K promulgated by the SEC. Based on these discussions, the Compensation and Management Development Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

Narrative Disclosure to the Summary Compensation Table and the Grants of Plan Based Awards Table

The non-equity incentive plan award payment, column (g) of the Summary Compensation Table, was earned under the Company's Management Incentive Plan during fiscal 2006. This incentive payment which is above the target payout as disclosed in column (d) in the Grants of Plan-Based Awards Table was based on exceeding the threshold requirement for operating income and the over achievement of the fiscal year earnings per share goals versus target. The estimated future payouts under the non-equity incentive plan awards in columns (c), (d) and (e) of the Grants of Plan-Based Awards Table represent the threshold, target and maximum payouts respectively for fiscal year 2006 under the Company's Management Incentive Plan. The threshold payouts are 25% of base salary for Messrs. Berthiaume, Caputo, Ornell, and Beaudouin and 20% for Ms. Rae and would be payable upon achievement of threshold performance. Performance below the threshold level would result in a \$0 payout under the Management Incentive Plan for all executive officers. The target payouts for Messrs. Berthiaume, Caputo, Ornell, Beaudouin and Ms. Rae are 100%, 90%, 60%, 60% and 40% of base salary, respectively, and are payable upon attainment of 15% earnings per share growth (non-GAAP) over 2005. The maximum payout would require 27.5% earnings per share growth. The plan also provides for a maximum payout amount of \$5,000,000 which was established to comply with the maximum payout requirements of Section 162(m) of the Internal Revenue Code of 1986.

The non-qualified stock option awards listed in column (j) of the Grants of Plan-Based Awards Table were granted pursuant to the Waters Corporation 2003 Equity Incentive Plan. These 2006 stock option awards were granted at a meeting of the Compensation and Management Development Committee held on December 13, 2006. The exercise price of \$49.31 is equal to the closing market price of the Common Stock on December 13, 2006. All stock option grants to Messrs. Caputo, Ornell, and Beaudouin and Ms. Rae vest at 20% per year for five years and have a ten-year term. There have been no re-pricings or modifications of stock option awards for executive officers.

Consistent with the performance-oriented compensation philosophy outlined in the Compensation Discussion and Analysis, performance-based compensation instruments comprise more than 70% of the total compensation for all named executive officers as outlined in the Summary Compensation Table. There were no discretionary or guaranteed bonus payments (column d) to executive officers in 2006.

Messrs Berthiaume, Caputo, Ornell, Beaudouin and Ms. Rae do not have employment agreements with the Company. However, each is a party to an Executive Change of Control/Severance Agreement with the Company as discussed in the Payments Upon Termination or Change of Control section of this Proxy Statement.

The present value of the accumulated benefit is calculated in accordance with SFAS 87-Employers Accounting for Pensions. Please refer to footnotes in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2006 for the Company's policy and assumptions made in the valuation of this accumulated benefit.

The Company sponsors the Waters Retirement Plan, a defined benefit cash balance plan, for all U.S. employees. The Waters Retirement Restoration Plan is an unfunded, non-qualified plan which restores the benefits under the Waters Retirement Plan that are limited by IRS benefit and compensation maximums. As a cash balance plan, each participant's benefit is determined based on annual pay credits and interest credits which are made to each participant's notional account.

Pay credits range from 4.0% to 9.5% of eligible compensation, depending on a participant's amount of compensation and length of service with the Company. Eligible compensation includes base salary, incentive and bonus payments, commissions, and pre-tax deferrals, but excludes compensation related to stock option exercises, stock awards, and other compensation such as relocation expenses or employer contributions to retirement plans. Interest credits are based on the one-year constant maturity Treasury Bill rate on the first business day in November of the preceding plan year plus 0.5%, subject to a 5.0% minimum and a 10.0% maximum rate. A participant is not vested in the Retirement Plan until completion of five years of service at which time the employee becomes 100% vested. The normal retirement age under the plan is age 65. The valuation method and material assumptions used in calculating the benefit reported in column (d) are disclosed in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2006.

Messrs. Berthiaume and Caputo are currently eligible for early retirement under the Waters Retirement Plan and Waters Retirement Restoration Plan (the Plans). Under the Plans, early retirement is defined as attainment of age 62 with at least 10 years of service. However, former participants of the Millipore Retirement Plan are eligible for early retirement upon attainment of age 55 with at least 10 years of service. Messrs. Berthiaume and Caputo are former Millipore Retirement Plan participants.

All non-qualified deferred compensation contributions made by the executive officer, or by the Company on behalf of the executive officer, are made pursuant to the Waters 401(k) Restoration Plan (the Restoration Plan). The purpose of the Restoration Plan is to allow certain management and highly- compensated employees to defer wages to a non-qualified retirement plan in addition to the amount permitted to be deferred under the Waters Employee Investment Plan (the regular 401(k) plan) (\$15,000 in 2006). The Restoration Plan is also intended to permit participants to receive the additional matching contributions that they would have been eligible to receive under the regular 401(k) plan if the IRS limit on compensation for such plan (\$220,000 in 2006) did not apply.

Table of Contents**Payments Upon Termination or Change of Control**

Messrs Berthiaume, Caputo, Ornell, Beaudouin and Ms. Rae do not have employment agreements with the Company. However, each is party to an Executive Change of Control/Severance Agreement dated February 24, 2004. Under the terms of the agreements, if any such officer's employment is terminated without cause during the period beginning 9 months prior to, and ending 18 months following, a change of control of the Company (as defined in the agreements), or such officer terminates his or her employment for good reason (as defined in the agreements) during the 18 month period following a change of control of the Company, such officer would be entitled to receive (i) a lump sum cash payment equal to 12 months of his or her monthly salary plus the target bonus that would have been payable to him or her during the 12-month period following termination, (ii) accelerated vesting of stock options, restricted stock grants and capital accumulation benefits, and (iii) 12 months of continued insurance benefit coverage (life, accident, health and dental) substantially similar to the coverage he or she had been receiving prior to any such termination. The agreements further provide that the benefits will be supplemented by an additional payment to gross up such officer for any excise tax under the parachute payment tax provisions of the Internal Revenue Code.

In the event that a triggering event occurred on December 31, 2006 under the Executive Change of Control/Severance Agreements for Messrs. Berthiaume, Beaudouin, Caputo, Ornell and Ms. Rae, cash severance payments of \$1,300,000, \$496,000, \$712,500, \$496,000, and \$259,000 would be paid, respectively. Benefits continuation under the Executive Change of Control/Severance Agreements including life, accident, health and dental insurance benefits valued at the employer's cost for Messrs. Berthiaume, Beaudouin, Caputo, Ornell and Ms. Rae, would be \$13,823, \$13,337, \$10,391, \$13,337 and \$12,097, respectively. Under the Executive Change of Control/Severance Agreements a triggering event that vested all previously unvested stock options on December 31, 2006 with a stock price of \$48.97 would result in a potential gain for Messrs. Berthiaume, Beaudouin, Caputo, Ornell and Ms. Rae \$1,177,500, \$1,270,262, \$1,942,111, \$932,500, and \$423,462, respectively. Messrs. Berthiaume, Caputo, Ornell and Ms. Rae are vested for the benefits under the Waters Retirement Plan and Retirement Restoration Plan as disclosed in the Pension Benefits Table. In the event of a triggering event on December 31, 2006 in which Mr. Beaudouin became fully vested for the benefits under the Waters Retirement Plan and Retirement Restoration Plan as disclosed in the Pension Benefits Table, the present value of benefits that would become available to Mr. Beaudouin would be \$76,844.
