The following is a letter that will be sent to Wachovia shareholders.

[SUNTRUST LOGO]

June 14, 2001

Dear Wachovia Shareholder:

SunTrust has proposed a business combination with Wachovia that we believe is superior to Wachovia's proposed merger with First Union. You will soon be receiving information from Wachovia and First Union about their proposed merger. WE URGE YOU TO DO NOTHING WITH THEIR PROXY MATERIALS UNTIL YOU HAVE READ THE SUNTRUST PROXY MATERIALS, WHICH YOU WILL BE RECEIVING SHORTLY, AND HAVE CONSIDERED THE SUNTRUST MERGER PROPOSAL.

Under our proposal, Wachovia and SunTrust would combine in a merger in which each Wachovia share would be converted into 1.081 shares of SunTrust. SunTrust also would increase its annual dividend to \$2.22 per share so that Wachovia shareholders would receive on a pro forma basis the same \$2.40 annual per share dividend that they currently enjoy. WE BELIEVE THE SUNTRUST PROPOSAL IS A BETTER DEAL FOR ALL OF WACHOVIA'S CONSTITUENCIES: SHAREHOLDERS, CUSTOMERS, EMPLOYEES AND THE COMMUNITIES WACHOVIA SERVES.

SUNTRUST'S VISION:  
A SUPERIOR DEAL, A SUPERIOR BANK

We believe that our merger proposal is superior to the First Union proposal in a number of respects, including the stronger currency - SUNTRUST SHARES - that we are offering. Consider the following:

- o PERFORMANCE. Through March 31, 2001, SunTrust produced one-year, five-year and ten-year total returns to stockholders (with reinvestment of dividends) of 15.3%, 98.2% and 493.0%, respectively. For the same periods, First Union produced returns of NEGATIVE 6.2% and 31.1% and 376.5%. The numbers speak for themselves.
- o DIVIDEND. SunTrust has a history of consistent growth in its dividend. WE HAVE INCREASED OUR PER SHARE DIVIDEND EVERY YEAR FROM 1996 TO 2001. Over that period (annualizing our first quarter 2001 dividends), our dividend increases represent a compounded annual growth rate of 14%. In sharp

## Edgar Filing: WACHOVIA CORP/ NC - Form DFAN14A

contrast, First Union recently CUT its per share dividend by 50% in the first quarter of this year.

- o FINANCIAL STRENGTH AND SUPERIOR CREDIT QUALITY. As of March 31, 2001, SunTrust had a tangible common equity ratio, an important measure of capital strength, of 6.8%, well above First Union's tangible common equity ratio of

5.0%. As of March 31, 2001, SunTrust's net charge-off ratio and non-performing asset ratio, two key measures of credit quality, were .38% and .52%, respectively - markedly superior to First Union's .53% and 1.3%.

- o GROWTH. Based on historical results and consensus analyst estimates for 2001, SunTrust's core EPS reflects a compounded annual growth rate of 12% from 1996-2001 (adjusted for stock splits and excluding restructuring and merger-related charges and other non-recurring items). In contrast, First Union's core EPS has a five-year compounded annual growth rate of NEGATIVE 4% on the same basis.

When we envision the combination of SunTrust and Wachovia, we see the premier financial services franchise in the Southeast, with a strong, vibrant presence in seven contiguous, high-growth states, including #1 MARKET POSITIONS IN GEORGIA, SOUTH CAROLINA AND VIRGINIA based on customer deposits. The foundation for this vision is the three pillars of our business - our customers, our employees and our communities - all of whom we believe will come out ahead under our proposal.

We also strongly believe our merger proposal is better for North and South Carolina. A COMBINED SUNTRUST/WACHOVIA WILL ELIMINATE 3,000 FEWER JOBS THAN FIRST UNION AND CLOSE 125 TO 150 FEWER BRANCHES THAN FIRST UNION INCLUDING NO MERGER-RELATED BRANCH CLOSINGS IN NORTH AND SOUTH CAROLINA. We believe that fewer job losses and fewer branch closings unquestionably provide a solid foundation for our goal of building the premier financial services franchise in the Southeast.

We strongly believe that the proposed First Union/Wachovia transaction is not in your financial best interest. We will soon send you proxy materials that will provide you with additional information about our merger proposal, accompanied by a BLUE proxy card. We will be soliciting proxies to vote AGAINST the proposed First Union/Wachovia merger at the Wachovia Annual Meeting. Defeat of the First Union merger proposal is a CRITICAL FIRST STEP TOWARD PROVIDING YOU WITH THE OPPORTUNITY TO CONSIDER THE SUNTRUST MERGER PROPOSAL.

DON'T EXPECT FIRST UNION OR YOUR BOARD OF DIRECTORS  
TO PROTECT YOUR INTERESTS

With the active support of Wachovia's management, First Union recently engineered an eleventh-hour change to North Carolina law in an attempt to disadvantage SunTrust's merger proposal. This change will have the effect of preventing the shareholders of Wachovia from ever having the ability to call a special meeting of shareholders, including for the purpose of electing directors who support a transaction that is superior to the First Union merger, unless first approved by Wachovia's Board of Directors. Rather than improving the terms of its proposal, First Union, with the active support of Wachovia, has used its political advantage to disenfranchise Wachovia shareholders in an attempt to coerce you to support the First Union proposal.

So don't be misled by Wachovia management's attempts to characterize our

Edgar Filing: WACHOVIA CORP/ NC - Form DFAN14A

merger proposal as "hostile." Our merger proposal is designed to provide you with a superior alternative to the proposed merger with First Union. How can that be "hostile" to you?

-----

YOUR VOTE AGAINST THE FIRST UNION/WACHOVIA MERGER IS THE CRUCIAL FIRST STEP TO SECURING THE BENEFITS OF THE SUNTRUST MERGER PROPOSAL. Send a strong message to the Wachovia board by voting AGAINST the First Union merger proposal. Your vote is important no matter how many or how few shares you may own.

Thank you for your support.

Sincerely,

/s/ L. Phillip Humann
