L-3 COMMUNICATIONS CORPORATION

NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(DOLLARS IN THOUSANDS, EXCEPT PER SHARE DATA)

1. DESCRIPTION OF BUSINESS

L-3 Communications Holdings, Inc. derives all its operating income and cash flow from its wholly owned subsidiary L-3 Communications Corporation ("L-3 Communications"). L-3 Communications Holdings, Inc. ("L-3 Holdings" and together with its subsidiaries, "L-3" or "the Company") is a merchant supplier of sophisticated ISR (Information, Surveillance and Reconnaissance) products, secure communications systems and products, aviation and ocean products, telemetry, instrumentation, space and guidance products and microwave components. These systems and products are critical elements of virtually all major communication, command and control, intelligence gathering and space systems. The Company's systems and products are used to connect a variety of airborne, space, ground and sea-based communication systems and are used in transmission, processing, recording, monitoring and dissemination functions of these communication systems. The Company also provides training devices and motion simulators, a wide range of engineering development and integration support, communication support services, a full range of teaching, training, logistics and training, simulation and support services, aircraft modernization services, fuzing products, and custom ballistic targets. The Company's customers include the U.S. Department of Defense ("DoD"), certain U.S. Government intelligence agencies, major aerospace and defense contractors, foreign governments, commercial customers and certain other U.S. federal, state and local government agencies.

As a result of recently completed acquisitions, including Aircraft Integration Systems, a division of Raytheon Company, on March 8, 2002, and Spar, Analytics, BT Fuze and SY Technologies in November and December of 2001 and their effect on the Company's management and operations, effective January 1, 2002, the Company will present its businesses in the following four reportable segments: (1) Secure Communications & ISR, (2) Training, Simulation & Support Services; (3) Aviation Products & Aircraft Modernization; and (4) Specialized Products. Prior to December 31, 2001, the Company had two reportable segments: Secure Communications Systems and Specialized Products. Prior year segment data have been reclassified to conform to the current year presentation of segments.

Secure Communications & ISR. This segment provides products and services for the global ISR market, specializing in signals intelligence (SIGINT) and communications intelligence (COMINT) systems, which provide the unique ability to collect and analyze unknown electronic signals from command centers, communication nodes and air defense systems for real-time situation awareness and response in real-time to the warfighter. This segment also provides secure, high data rate communications systems for military and other U.S. Government and foreign government reconnaissance and surveillance applications. The major secure communication programs and systems include:

- o secure data links for airborne, satellite, ground and sea-based remote platforms for real time information collection and dissemination to users;
- o highly specialized fleet management and support including procurement, systems integration, sensor development, modifications and maintenance for SIGINT and ISR special mission aircraft, and airborne surveillance systems;
- o strategic and tactical signal intelligence systems that detect, collect,

Edgar Filing: L 3 COMMUNICATIONS HOLDINGS INC - Form 10-Q

identify, analyze and disseminate information;

- o secure telephone and network equipment and encryption management; and
- o communication systems for surface and undersea vessels and manned space flights.

Training, Simulation & Support Services. This segment provides training, simulation and support services, including a wide range of engineering development and integration support, a full range of teaching, training, logistic services and communication software support and information services. These services include:

4

L-3 COMMUNICATIONS HOLDINGS, INC. AND L-3 COMMUNICATIONS CORPORATION

NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS-- CONTINUED

(DOLLARS IN THOUSANDS, EXCEPT PER SHARE DATA)

- o services designed to meet customer training requirements for aircrews, navigators, mission operators, gunners and maintenance technicians for virtually any platform, including military fixed and rotary wing aircraft, air vehicles and various ground vehicles;
- o high-end engineering and information support services used for Command, Control, Communications, Computers, Intelligence, Surveillance and Reconnaissance (C4ISR) architectures, as well as for air warfare modeling and simulation tools for applications used by the DoD and U.S. Government intelligence agencies, including missile and space systems, Unmanned Aerial Vehicles (UAVs), and military aircraft;
- o developing and managing extensive programs in the United States and internationally, focusing on training and education, strategic planning, organizational design, democracy transition and leadership development; and
- o design, prototype development and production of ballistic missile targets for present and future threat scenarios.

Aviation Products & Aircraft Modernization. This segment provides aviation products and aircraft modernization services including:

- o airborne traffic and collision avoidance systems (TCAS);
- o commercial, solid-state, crash-protected cockpit voice recorders, flight data recorders and cruise ship hardened voyage recorders;
- o ruggedized displays for military and high-end commercial applications;
- o turnkey aviation life cycle management services that integrate custom developed and commercial off-the-shelf products for various military and commercial wide-body and rotary wing aircraft, including heavy maintenance and structural modifications and Head-of-State and commercial interior completions; and
- o engineering, modification maintenance, logistics and upgrade for U.S.

Edgar Filing: L 3 COMMUNICATIONS HOLDINGS INC - Form 10-Q

Special Operations Command aircraft, vehicles and personal equipment.

Specialized Products. This segment supplies products to military and commercial customers, in several niche markets. The products include:

- o ocean products, including acoustic undersea warfare products for mine hunting, dipping sonars and anti-submarine, and naval power distribution, conditioning, switching and protection equipment for surface and undersea platforms;
- o telemetry, instrumentation, space and guidance products including tracking and flight termination;
- o premium fuzing products;
- o microwave components;
- o explosive detection systems for checked baggage at airports;
- o high performance antennas and ground based radomes; and
- o training devices and motion simulators which produce advanced virtual reality simulation and high-fidelity representations of cockpits and mission stations for aircraft and land vehicles.

2. BASIS OF PRESENTATION

The accompanying unaudited condensed consolidated financial statements comprise the unaudited condensed consolidated financial statements of L-3 Holdings and L-3 Communications. L-3 Holdings'

5

L-3 COMMUNICATIONS HOLDINGS, INC. AND L-3 COMMUNICATIONS CORPORATION

NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS-- CONTINUED

(DOLLARS IN THOUSANDS, EXCEPT PER SHARE DATA)

only asset is its investment in L-3 Communications. The only obligations of L-3 Holdings are the 5 1/4% Convertible Senior Subordinated Notes due 2009 (the "Convertible Notes") and the 4% Senior Subordinated Convertible Contingent Debt Securities due 2011 ("CODES"). L-3 Holdings has also guaranteed the borrowings under the senior credit facilities of L-3 Communications. Because the debt obligations of L-3 Holdings have been jointly, severally, fully and unconditionally guaranteed by L-3 Communications and certain of its domestic subsidiaries, such debt obligations have been reported as debt of L-3 Communications in its unaudited condensed consolidated financial statements in accordance with the Securities and Exchange Commission's Staff Accounting Bulletin No. 54. In addition, all issuances of equity securities including grants of stock options and restricted stock by L-3 Holdings to employees of L-3 Communications have also been reported in the unaudited condensed consolidated financial statements of L-3 Communications. As a result, the unaudited condensed consolidated financial positions, results of operations and cash flows of L-3 Holdings and L-3 Communications are substantially the same.

L-3 Holdings has no independent assets or operations other than through

Edgar Filing: L 3 COMMUNICATIONS HOLDINGS INC - Form 10-Q

its wholly owned subsidiary L-3 Communications. L-3 Communications and all of the guarantor subsidiaries of L-3 Communications are guarantor subsidiaries of L-3 Holdings. All of the non-guarantor subsidiaries of L-3 Communications are indirect non-guarantor subsidiaries of L-3 Holdings. Financial information of the subsidiaries of L-3 Communications is presented in Note 12.

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X of the Securities and Exchange Commission; accordingly, they do not include all of the information and notes required by accounting principles generally accepted in the United States of America for a complete set of financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation of the results for the interim periods presented have been included. The results of operations for the interim periods are not necessarily indicative of results for the full year.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of sales and costs and expenses during the reporting period. The most significant of these estimates and assumptions relate to contract estimates of sales and estimated costs to complete contracts in process, estimates of market values for inventories reported at lower of cost or market, estimates of pension and postretirement benefit obligations, recoverability of recorded amounts of fixed assets and goodwill, income taxes, litigation and environmental obligations. Changes in estimates are reflected in the periods during which they become known. Actual results could differ from these estimates.

Certain reclassifications have been made to conform prior period amounts to the current period presentation.

These interim financial statements should be read in conjunction with the Consolidated Financial Statements of L-3 Holdings and L-3 Communications for the fiscal year ended December 31, 2001, included in their Annual Report on Form 10-K for fiscal year ended December 31, 2001.

3. ACQUISITIONS AND DIVESTITURES

Aircraft Integration Systems. On March 8, 2002, the Company acquired the assets of Aircraft Integration Systems ("AIS"), a division of Raytheon Company, for \$1,149,320 in cash which includes

L-3 COMMUNICATIONS HOLDINGS, INC. AND
L-3 COMMUNICATIONS CORPORATION

NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS--
CONTINUED

(DOLLARS IN THOUSANDS, EXCEPT PER SHARE DATA)

Edgar Filing: L 3 COMMUNICATIONS HOLDINGS INC - Form 10-Q

\$1,130,000 for the original contract purchase price, an increase to the contract purchase price of \$18,700 related to additional assets contributed by Raytheon to AIS and other acquisition costs. The purchase price is subject to adjustment based on the AIS closing date net tangible book value, as defined. The acquisition was financed using approximately \$229,000 of cash on hand, borrowings under the Company's senior credit facilities of \$420,000 and a \$500,000 senior subordinated bridge loan. (See Note 5.) The Company acquired AIS because it is a long-standing, sole-source business provider of critical COMINT, SIGINT and unique sensor systems for special customers within the U.S. Government. The Company believes that AIS has excellent operating prospects as its major customers increasingly focus on intelligence gathering and information distribution to the battlefield. The Company also believes there are significant opportunities to apply its proven business integration and cost control skills to further enhance AIS's operating and financial performance. The Company also believes that AIS also creates significant pull-through opportunities for the sale of the Company's secure communications and aviation products, including communication links, signal processing, antennas, data recorders, displays and traffic control and collision avoidance systems. The table below presents a summary of the preliminary estimates of fair values of the assets acquired and liabilities assumed on the acquisition date.

Contracts in process	\$ 360,567
Other current assets	1,678
Property, plant and equipment	182,307
Goodwill	663,215
Other non-current assets	54,852

Total assets acquired	1,262,619

Current liabilities	17,020
Long-term liabilities	96,279

Total liabilities assumed	113,299

Net assets acquired	\$1,149,320
	=====

Based on the preliminary purchase price allocation for AIS, goodwill, of which approximately \$611,000 is expected to be deductible for income tax purposes, in the amount of \$464,250 was assigned to the Secure Communications & ISR segment and \$198,965 was assigned to the Aviation Products & Aircraft Modernization segment.

Detection Systems. On January 2, 2002, the Company agreed to acquire the detection systems business of PerkinElmer for \$100,000 in cash plus acquisition costs. The acquisition is subject to customary closing conditions, including clearance under the Hart-Scott-Rodino Antitrust Improvements Act and is expected to close by the end of the second quarter of 2002.

Spar Aerospace. At December 31, 2001, the Company had acquired 70.3% of the outstanding common stock of Spar Aerospace Limited ("Spar"), a leading provider of high-end aviation product modernization, for \$105,078 in cash and acquired control of Spar and the ability to require the remaining stockholders to tender their shares. During January 2002, the Company completed the acquisition and paid \$43,641 for the remaining outstanding common stock of Spar.

SY Tech, BT Fuze and Emergent. During the fourth quarter of 2001, the

Edgar Filing: L 3 COMMUNICATIONS HOLDINGS INC - Form 10-Q

Company acquired three other businesses for an aggregate purchase price of \$139,090 in cash plus acquisition costs, subject to adjustment based on the closing date net assets or net working capital of the acquired business and, in one case, additional purchase price contingent upon the post-acquisition performance of the acquired company. The Company acquired:

7

L-3 COMMUNICATIONS HOLDINGS, INC. AND L-3 COMMUNICATIONS CORPORATION

NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS-- CONTINUED

(DOLLARS IN THOUSANDS, EXCEPT PER SHARE DATA)

- (1) the net assets of SY Technology, Inc. ("SY"), a provider of air warfare simulation services, on December 31, 2001. This acquisition is subject to additional purchase price not to exceed \$3,000 which is contingent upon the financial performance of SY for the years ending December 31, 2002 and 2003;
- (2) the net assets of Bulova Technologies, a producer of military fuzes that prevent the inadvertent firing and detonation of weapons during handling, on December 19, 2001. Bulova Technology was later renamed BT Fuze Products ("BT Fuze"); and
- (3) the common stock of Emergent Government Services Group ("Emergent"), a provider of engineering and information services to the U.S. Air Force, Army, Navy and intelligence agencies, on November 30, 2001. Following the acquisition, the Company changed Emergent's name to L-3 Communications Analytics.

KDI and EER. On May 4, 2001, the Company acquired all of the outstanding common stock of KDI Precision Products ("KDI") for \$79,432 in cash including acquisition costs. On May 31, 2001, the Company acquired all of the outstanding common stock of EER Systems ("EER") for \$119,533 in cash including acquisition costs, and additional purchase price not to exceed \$5,000 which is contingent upon the financial performance of EER for the year ending December 31, 2002.

All of the Company's acquisitions have been accounted for as purchase business combinations and are included in the Company's results of operations from their respective effective dates. The assets and liabilities recorded in connection with the purchase price allocations for the acquisitions of KDI, EER, Spar, Emergent, BT Fuze, SY and AIS are based upon preliminary estimates of fair values for contracts in process, estimated costs in excess of billings to complete contracts in process, inventories, identifiable intangibles and deferred taxes. Actual adjustments will be based on the final purchase prices and final appraisals and other analyses of fair values which are in process. The Company has valued acquired contracts in process at their estimated contract selling prices less the estimated costs to complete and the Company's normal profit allowance for the Company's effort to complete such contracts. With the exception of the AIS acquisition, the Company does not expect the differences between the preliminary and final purchase price allocations for the acquisitions to be material. Material differences between the preliminary and final purchase price allocations for the AIS acquisition could result from the valuation of contracts in process, estimated costs in excess of billings to

Edgar Filing: L 3 COMMUNICATIONS HOLDINGS INC - Form 10-Q

complete contracts in process, identifiable intangibles, deferred income taxes and pension and postretirement benefits and other items.

Had the acquisition of AIS and the related financing transactions occurred on January 1, 2002, the unaudited pro forma sales, net income and diluted earnings per share for the three months ended March 31, 2002, would have been approximately \$910,200, \$26,000 and \$0.63. Had the acquisitions of KDI, EER, SY, BT Fuze, Emergent, Spar and AIS and the related financing transactions occurred on January 1, 2001, the unaudited pro forma sales, net income and diluted earnings per share for the three months ended March 31, 2001, would have been approximately \$789,800, \$16,700 and \$0.41. The pro forma results are based on various assumptions and are not necessarily indicative of the result of operations that would have occurred had the acquisitions and the related financing transactions occurred on January 1, 2001 and 2002.

In March 2001, the Company settled certain items with a third party provider related to a services agreement. In connection with the settlement, L-3 received a net cash payment of \$14,200. The payment represents a credit for fees paid over the term of the services agreement and incremental costs incurred by the Company over the same period arising from performance deficiencies under the services

8

L-3 COMMUNICATIONS HOLDINGS, INC. AND L-3 COMMUNICATIONS CORPORATION

NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS-- CONTINUED

(DOLLARS IN THOUSANDS, EXCEPT PER SHARE DATA)

agreement. These incremental costs included additional operating costs for material management, vendor replacement, rework, warranty, manufacturing and engineering support, and administrative activities. The credit was amortized in 2001 as a reduction to costs and expenses over the period in which the services were provided.

4. CONTRACTS IN PROCESS

The components of contracts in process are presented in the table below.

	MARCH 31, 2002	DECEMBER 31, 2001
Billed receivables, less allowances of \$11,099 and \$11,649.....	\$ 419,379	\$ 330,795

	=====	=====

5. DEBT

The components of long-term debt and a reconciliation of the principal amounts to the carrying amount of long-term debt are presented in the table below.

	MARCH 31, 2002	DECEMBER 31,
	-----	-----
Borrowings under Bridge Loan Facility	\$ 500,000	\$ --
Borrowings under Senior Credit Facilities	350,000	--
10 3/8% Senior Subordinated Notes due 2007	225,000	225,000
8 1/2% Senior Subordinated Notes due 2008	180,000	180,000
8% Senior Subordinated Notes due 2008	200,000	200,000
5 1/4% Convertible Senior Subordinated Notes due 2009	300,000	300,000
4% Senior Subordinated Convertible Contingent Debt Securities due 2011 (CODES)	420,000	420,000
	-----	-----
Principal amount of long-term debt	2,175,000	1,325,000
Less: Unamortized discount on CODES	2,438	2,502
Fair value of interest rate swap agreements	11,303	7,246
	-----	-----
Carrying amount of long-term debt	\$2,161,259	\$1,315,252
	=====	=====

Available borrowings under the Company's senior credit facilities at March 31, 2002 were \$233,436, after reductions for outstanding borrowings of \$350,000 and letters of credit of \$166,564.

On February 26, 2002, the Company's lenders approved a \$150,000 increase in the amount of the senior credit facilities. The five-year revolving credit facility, maturing on May 15, 2006, was increased by

Edgar Filing: L 3 COMMUNICATIONS HOLDINGS INC - Form 10-Q

NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS-- CONTINUED

(DOLLARS IN THOUSANDS, EXCEPT PER SHARE DATA)

\$100,000 to \$500,000 and the 364-day revolving credit facility increased by \$50,000 to \$250,000. Additionally, the maturity date of the \$200,000 364-day revolving credit facility was extended to February 26, 2003.

On March 8, 2002, L-3 Communications borrowed \$500,000 under a senior subordinated Bridge Loan Facility to finance a portion of the purchase price of AIS and related expenses. The Bridge Loan Facility is subordinated in right of payment to all of L-3 Communications' existing and future senior debt. Borrowings under the Bridge Loan Facility bear interest through March 8, 2003, at L-3 Communications' option, at either the one-month or three month LIBOR rate plus a spread equal to 350 basis points. The Bridge Loan Facility matures on May 15, 2009, but if the loans under the facility are not repaid by March 8, 2003, each lender's loan will be automatically converted into an exchange note with terms substantially similar to those of the Company's other senior subordinated indebtedness, and will bear interest at a fixed rate equal to the yield to maturity on the Company's highest yielding existing subordinated indebtedness at the time of exchange plus 100 basis points. Subject to the exceptions set forth in the Bridge Loan Facility, L-3 Communications is required to prepay the Bridge Loan Facility with the net cash proceeds from:

- o any debt offerings by L-3 Holdings or its subsidiaries, including L-3 Communications;
- o issuances of any equity interests in L-3 Holdings or L-3 Communications;
- o incurrences of any other indebtedness of L-3 Holdings or any of its subsidiaries, including L-3 Communications (other than under the senior credit facilities and certain permitted indebtedness); and
- o any sale of assets or stock of any subsidiaries of L-3 Communications.

6. COMPREHENSIVE INCOME

Comprehensive income for the three months ended March 31, 2002 and 2001 is presented in the table below.

	THREE MONTHS ENDED MARCH 31,	
	2002	2001
Net income	\$29,279	\$14,158

7. L-3 HOLDINGS EARNINGS PER SHARE

A reconciliation of basic and diluted earnings per share ("EPS") is presented in the table below.

	THREE MONTHS ENDED MARCH 31,	
	-----	-----
	2002	2001
	-----	-----

Basic:

Edgar Filing: L 3 COMMUNICATIONS HOLDINGS INC - Form 10-Q

Net income	\$ 29,279	\$ 14,158
Weighted average common shares outstanding	39,450	34,082
	-----	-----
Basic earnings per share	\$ 0.74	\$ 0.42
	=====	=====
Diluted:		
Net income	\$ 29,279	\$ 14,158
	-----	-----
Common and potential common shares:		
Weighted average common shares outstanding	39,450	34,082
Assumed exercise of stock options	3,972	3,887
Assumed purchase of common shares for		
treasury	(2,245)	(2,216)
	-----	-----
Common and potential common shares	41,177	35,753
	=====	=====
Diluted earnings per share	\$ 0.71	\$ 0.40
	=====	=====

The 3,680,982 shares of L-3 Holdings' common stock that are issuable upon conversion of the Convertible Notes were not included in the computation of diluted EPS for the three month periods ended March 31, 2002 and 2001 because, the effect of the assumed conversion would have been anti-dilutive.

The 3,902,439 shares of L-3 Holdings' common stock that are issuable upon conversion of the CODES were not included in the computation of diluted EPS for the three months ended March 31, 2002 because the conditions required for the CODES to become convertible were not satisfied.

On April 23, 2002, the Company announced that its Board of Directors has authorized a two-for-one- stock split on all shares of L-3 Holdings common stock. The stock split will entitle all shareholders of record at the close of business on May 6, 2002 to receive one additional share of L-3 Holdings common stock for every share held on that date. The additional shares will be distributed to shareholders in the form of a stock dividend on May 20, 2002. Upon completion of the stock split, L-3 Holdings will have approximately 80 million shares of common stock outstanding. Additionally, all of L-3 Holdings' historical as reported EPS data will be restated to give effect to the stock split.

8. TRANSITIONAL DISCLOSURES REQUIRED BY SFAS NO. 142

In July 2001, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standards ("SFAS") No. 142, Goodwill and Other Intangible Assets, which supersedes Accounting Principles Board ("APB") Opinion No. 17, Intangible Assets. SFAS No. 142 revised the standards for

Edgar Filing: L 3 COMMUNICATIONS HOLDINGS INC - Form 10-Q

accounting for goodwill and other intangible assets. SFAS No. 142 requires that goodwill and indefinite lived identifiable intangible assets shall no longer be amortized, but be tested for impairment at least annually. The provisions of SFAS No. 142 became effective on January 1, 2002, with full implementation of the impairment measurement provisions required to be completed by December 31, 2002. Effective January 1, 2002, the Company is not recording goodwill amortization expense. Based on a preliminary internal assessment and analysis of the estimated fair values of the Company's reporting units based on discounted cash flows, the Company does not believe that the cumulative effect of the accounting change resulting from the adoption of the transitional impairment measurement provisions of SFAS No. 142 will be material. The Company expects to complete its impairment assessment by the end of the second quarter of 2002.

The following table presents net income for the three month periods ended March 31, 2002 and 2001, adjusted to exclude goodwill amortization expense, net of any related tax effects, recognized in 2001 related to goodwill that is no longer being amortized.

	FOR THE THREE MONTHS ENDED MARCH 31,	
	2002	2001
Reported net income	\$ 29,279	\$ 14,158
Add: Goodwill amortization expense, net of tax	--	7,373
	-----	-----
Adjusted net income	\$ 29,279	\$ 21,531
	=====	=====
BASIC EPS:		
Reported net income	\$ 0.74	\$ 0.42
Goodwill amortization expense, net of tax	--	0.21
	-----	-----
Adjusted basic EPS	\$ 0.74	\$ 0.63
	=====	=====
DILUTED EPS:		
Reported net income	\$ 0.71	\$ 0.40
Goodwill amortization expense, net of tax	--	0.20
	-----	-----
Adjusted diluted EPS	\$ 0.71	\$ 0.60
	=====	=====

9. CONTINGENCIES

The Company is engaged in providing products and services under contracts with the U.S. Government and to a lesser degree, under foreign government contracts, some of which are funded by the U.S. Government. All such contracts are subject to extensive legal and regulatory requirements, and, from time to time, agencies of the U.S. Government investigate whether such contracts were and are being conducted in accordance with these requirements. Under U.S. Government procurement regulations, an indictment of the Company by a federal grand jury could result in the Company being suspended for a period of time from eligibility for awards of new government contracts. A conviction could result in debarment from contracting with the federal government for a specified term. Additionally, in the event that U.S. Government expenditures for products and services of the type manufactured and provided by the Company are reduced, and not offset by greater commercial sales or other new programs

Edgar Filing: L 3 COMMUNICATIONS HOLDINGS INC - Form 10-Q

or products, or acquisitions, there may be a reduction in the volume of contracts or subcontracts awarded to the Company.

Management continually assesses the Company's obligations with respect to applicable environmental protection laws. While it is difficult to determine the timing and ultimate cost to be incurred by the Company in order to comply with these laws, based upon available internal and external assessments, with respect to those environmental loss contingencies of which management is aware, the Company believes

12

L-3 COMMUNICATIONS HOLDINGS, INC. AND L-3 COMMUNICATIONS CORPORATION

NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS-- CONTINUED

(DOLLARS IN THOUSANDS, EXCEPT PER SHARE DATA)

that even without considering potential insurance recoveries, if any, there are no environmental loss contingencies that, individually or in the aggregate, would be material to the Company's results of operations. The Company accrues for these contingencies when it is probable that a liability has been incurred and the amount of the loss can be reasonably estimated.

The Company has been periodically subject to litigation, claims or assessments and various contingent liabilities incidental to its business. With respect to those items of litigation, claims or assessments of which they are aware, management of the Company is of the opinion that the probability is remote that, after taking into account certain provisions that have been made with respect to these matters, the ultimate resolution of any such items of litigation, claims or assessments will have a material adverse effect on the financial position or results of operations of the Company.

10. SEGMENT INFORMATION

The Company has four reportable segments: (1) Secure Communications & ISR, (2) Training, Simulation & Support Services, (3) Aviation Products & Aircraft Modernization and (4) Specialized Products, which are described in Note 1. The Company evaluates the performance of its operating segments and reportable segments based on their sales and operating income.

The table below presents sales, operating income and assets by reportable segment.

11. NEW ACCOUNTING PRONOUNCEMENTS

Edgar Filing: L 3 COMMUNICATIONS HOLDINGS INC - Form 10-Q

In August of 2001, the FASB issued SFAS No. 143, Accounting for Asset Retirement Obligations. SFAS No. 143 applies to legal obligations associated with the retirement of tangible long-lived assets that result from the acquisition, construction, development or normal operation of a long-lived asset, except for certain obligations of lessees. This statement does not apply to obligations that arise solely from a plan to dispose of a long-lived asset. SFAS No. 143 requires that estimated asset retirement costs be measured at their fair values and recognized as assets and depreciated over the useful life of the related asset. Similarly, liabilities for the present value of asset retirement obligations are to be recognized and accreted as interest expense each year to their estimated future value until the asset is retired. These provisions will be applied to existing asset retirement obligations as of the adoption date as a cumulative-effect of a change in accounting policy. SFAS No. 143 is effective for the Company's fiscal years beginning January 1, 2003. SFAS No. 143 will not have a material effect on the Company's consolidated results of operations and financial position.

In October of 2001, the FASB issued SFAS No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets. SFAS No. 144 addresses financial accounting and reporting for the impairment or disposal of long-lived assets. This statement supersedes SFAS No. 121, Accounting for the Impairment of Long-lived Assets and for Long-lived Assets to Be Disposed Of, and the accounting and reporting provisions of APB Opinion No. 30, Reporting the Results of Operations -- Reporting the Effects of Disposal of a Segment of a Business, and Extraordinary, Unusual and Infrequently Occurring Events and Transactions (APB No. 30), for the disposal of a segment of a business (as previously defined in that Opinion). SFAS No. 144 expands the scope of accounting for disposals to include all components of an entity, including reportable segments and operating segments, reporting units, subsidiaries and certain asset groups. It requires the gain or loss on disposal to be measured as the difference between (1) the fair value less the costs to sell and (2) the carrying value of the component, and such gain or loss cannot include the estimated future operating losses of the component, which were included in the gain or loss determination under APB No. 30. SFAS No. 144 also amends Accounting Research Bulletin No. 51, Consolidated Financial Statements, to eliminate the exception to consolidation for a subsidiary for which control is likely to be temporary. The provisions of SFAS No. 144 became effective on January 1, 2002. SFAS No. 144 did not have a material effect on the Company's consolidated results of operations and financial position.

In May 2002, the FASB issued SFAS No. 145, Rescission of SFAS Nos. 4, 44 and 64, Amendment of SFAS No. 13, and Technical Corrections as of April 2002. SFAS No. 145 rescinds SFAS No. 4, Reporting Gains and Losses from Extinguishment of Debt, and SFAS No. 64, Extinguishments of Debt Made to Satisfy Sinking-Fund Requirements. Under the provisions of SFAS No. 145, gains and losses from extinguishment of debt can only be classified as extraordinary items if they meet the criteria in APB Opinion No. 30. The provisions of this Statement related to the rescission of SFAS No. 4 shall be applied in fiscal years beginning after May 15, 2002. Earlier application is permitted. This statement also amends SFAS No. 13, Accounting for Leases, to eliminate an inconsistency between the required accounting for sale-leaseback transactions and the required accounting for certain lease modifications that have economic effects that are similar and is effective for transactions occurring after May 15, 2002. This Statement also amends other existing authoritative pronouncements to make various technical corrections, clarify meanings, or describe their applicability under changed conditions and are effective for financial statements issued on or after May 15, 2002. SFAS No. 145 will not have a material effect on the Company's consolidated results of operations, financial position or cash flows.

L-3 COMMUNICATIONS HOLDINGS, INC. AND
L-3 COMMUNICATIONS CORPORATION

NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS--
CONTINUED

(DOLLARS IN THOUSANDS, EXCEPT PER SHARE DATA)

12. UNAUDITED FINANCIAL INFORMATION OF L-3 COMMUNICATIONS AND ITS SUBSIDIARIES

L-3 Communications is a wholly owned subsidiary of L-3 Holdings. The debt of L-3 Communications, including the Senior Subordinated Notes, the Bridge Loan Facility and borrowings under amounts drawn against the senior credit facilities are guaranteed, on a joint and several, full and unconditional basis, by certain of its wholly owned domestic subsidiaries (the "Guarantor Subsidiaries"). The foreign subsidiaries and certain domestic subsidiaries of L-3 Communications (the "Non-Guarantor Subsidiaries") do not guarantee the debt of L-3 Communications. None of the debt of L-3 Communications has been issued by its subsidiaries. There are no restrictions on the payment of dividends from the Guarantor Subsidiaries to L-3 Communications.

In lieu of providing separate unaudited interim financial statements for the Guarantor Subsidiaries, the Company has included the accompanying condensed combining financial statement data based on Rule 3-10 of SEC Regulation S-X. The Company does not believe that separate financial statements of the Guarantor Subsidiaries are material to users of the financial statements.

The following unaudited condensed combining financial information present the results of operations, financial position and cash flows of (i) L-3 Communications excluding its consolidated subsidiaries (the "Parent") (ii) the Guarantor Subsidiaries, (iii) the Non-Guarantor Subsidiaries and (iv) the eliminations to arrive at the information for L-3 Communications on a consolidated basis.

ITEM 2.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF
RESULTS OF OPERATIONS AND FINANCIAL CONDITION

GENERAL

We are a leading merchant supplier of sophisticated ISR (Information, Surveillance and Reconnaissance) products, secure communications systems and products, aviation products and aircraft modernization, ocean products, telemetry, instrumentation, space and guidance products and microwave components. We believe our systems and products are critical elements of virtually all major communication, command and control, intelligence gathering and space systems. Our systems and products are used to connect a variety of airborne, space, ground and sea-based communication systems and are used in transmission, processing, recording, monitoring and dissemination functions of these communication systems. We also provide training, simulation and support services. Our customers include the DoD, certain U.S. Government intelligence agencies, major aerospace and defense contractors, foreign governments, commercial customers and certain other U.S. federal, state and local government agencies. As a result of our recently completed acquisitions, including Aircraft Integration Systems, a division of Raytheon Company, on March 8, 2002, and Spar, Analytics, BT Fuze and SY Technologies in November and December of 2001 and their effect on our management and operations, effective January 1, 2002, we will present our businesses in the following four reportable segments: (1) Secure Communications & ISR; (2) Training, Simulation & Support Services; (3) Aviation Products & Aircraft Modernization; and (4) Specialized Products. Prior to December 31, 2001, we had two reportable segments: Secure Communications Systems and Specialized Products.

Our Secure Communications & ISR segment provides products and services for the global ISR market as well as secure, high data rate communications systems for military and other U.S. Government reconnaissance and surveillance applications. Our Training, Simulation & Support Services segment produces training systems and related support services, and provides a wide range of engineering development and integration support, a full range of teaching, training, logistic and communication software support services and custom ballistic targets. Our Aviation Products & Aircraft Modernization segment provides our TCAS products, cockpit voice, flight data and cruise ship hardened voyage recorders, displays and specialized aircraft modernization services. Our Specialized Products segment provides ocean products, telemetry, instrumentation, space and guidance products, premium fuzing products, explosive detection systems, training devices and microwave components.

In recent years, domestic and worldwide political and economic developments have significantly affected the markets for defense systems, products and services. Two events in 2001 had a dramatic impact on the domestic and international political and economic landscape. They impacted L-3 and the defense industry generally. First, the events of September 11 created uncertainty and exposed vulnerabilities in security and the overall defense of our homeland. Second, in the conclusions of the U.S. Quadrennial Defense Review (QDR) there was a fundamental and philosophical shift in focus from a "threat-based" model to one that emphasizes the capabilities needed to defeat a full spectrum of adversaries. Transforming the nation's defense posture to a

Edgar Filing: L 3 COMMUNICATIONS HOLDINGS INC - Form 10-Q

capabilities-based approach involves creating the ability for a more flexible response, with greater force mobility, stronger space capabilities, missile defense, improved communications, intelligence and information systems security and an increased emphasis on homeland defense.

The current U.S. defense budget and the proposed U.S. defense budgets for fiscal years 2003 through 2006 have each been increased by approximately 20% over their previous budgets. These increases in U.S. defense budgets were preceded by a period of declining defense budgets from the mid-1980s to the late 1990s precipitated by ongoing U.S. federal budget pressures and adjustments in political roles and missions to reflect changing strategic and tactical threats wherein the U.S. defense budget experienced a decline in real dollars. This declining trend was reversed by an increase in defense spending in 1999, followed by current dollar increases in fiscal 2000, 2001 and 2002 with an anticipated increase in fiscal 2003 to \$379.0 billion. The proposed U.S. defense budget increases include larger allocations to command,

17

control, communications, intelligence, surveillance and reconnaissance (C3ISR), precision-guided weapons, unmanned aerial vehicles (UAVs), communications networks and missile defense. We believe we are well positioned to benefit from increased spending in those areas. In addition, increased emphasis on homeland defense may increase demand for our capabilities in areas such as airport security systems, information security, crisis management, preparedness and prevention services, and civilian security operations. While there is no assurance that the proposed increased DoD budget levels will be approved by Congress, after over a decade of downward trends, the current outlook is one of increased spending, which we believe should positively affect our future sales and could potentially favorably affect our future operating profits because of increased sale volumes.

All of our domestic government contracts and subcontracts are subject to audit and various cost controls, and include standard provisions for termination for the convenience of the U.S. Government. Multiyear U.S. Government contracts and related orders are subject to cancellation if funds for contract performance for any subsequent year become unavailable. Foreign government contracts generally include comparable provisions relating to termination for the convenience of the relevant foreign government.

We believe that the U.S. defense industry structure contains three tiers of defense contractors. The first tier is dominated by five prime system contractors: The Boeing Company, Lockheed Martin Corporation, Northrop Grumman Corporation, Raytheon Company and General Dynamics Corporation, all of whom compete for major platform programs. The second tier defense contractors are smaller products and niche subsystems contractors and are comprised of traditional aerospace and defense companies, as well as, the non-core aerospace and defense sectors of certain industrial conglomerates and include L-3, Honeywell Inc., Rockwell Collins Inc., Harris Corporation, TRW Inc., ITT Industries, Inc., Alliant Techsystems Inc., United Technologies Corporation, and United Defense Industries Inc. The third tier, which represents the vendor base and supply chain for niche products, is comprised of numerous smaller publicly and privately owned contractors.

We believe we are the aerospace and defense "merchant supplier" with the broadest and most diverse product portfolio. We supply our products to all of the five prime system contractors and in some cases directly to the end customer. We primarily compete with third tier contractors and certain of the second tier contractors and to a lesser extent with the prime system contractors in certain niche areas. Some of the second tier contractors are

Edgar Filing: L 3 COMMUNICATIONS HOLDINGS INC - Form 10-Q

larger than we are and have greater resources than we have available to us. We are larger than all of the third tier contractors and believe we have greater resources than all of them. We believe that most of our businesses enjoy the number one or number two competitive position in their respective market niches. We believe that the primary competitive factors for our businesses are: technology, quality, cost, market position and past performance. In addition, our ability to compete for non "sole source" contracts often requires us to "team" with one or more of the prime system contractors that bids and competes for major platform programs. Furthermore, our ability to "team" with a prime system contractor is often dependent upon the outcome of a competitive process.

ACQUISITIONS

The table below summarizes the material acquisitions that we have completed during the year ended December 31, 2001 and the three month period ended March 31, 2002.

ACQUIRED COMPANY	DATE ACQUIRED	PURCHASE PRICE (1)
-----	-----	-----
KDI Precision Products	May 4, 2001	\$ 78.9
EER Systems	May 31, 2001	\$ 119.4 (2)
Spar Aerospace Limited	November 23, 2001	\$ 146.8 (3)
Emergent Government Services Group	November 30, 2001	\$ 39.8 (4) (5)
BT Fuze Products	December 19, 2001	\$ 49.5 (4)
SY Technology	December 31, 2001	\$ 49.8 (4) (6)
Aircraft Integration Systems	March 8, 2002	\$ 1,148.7 (4) (7)

18

-
- (1) Purchase price represents the contractual consideration for the acquired business excluding adjustments for net cash acquired and acquisition costs.
 - (2) Excludes additional purchase price, not to exceed \$5.0 million, which is contingent upon the financial performance of EER for the year ending December 31, 2002.
 - (3) Includes \$43.6 million for the remaining 29.7% of the outstanding common stock of Spar that we acquired and paid for in January 2002.
 - (4) Purchase price is subject to adjustment based on actual closing date net assets or net working capital of the acquired business.
 - (5) Following the acquisition we changed Emergent Government Services Group's name to L-3 Communications Analytics.
 - (6) Excludes additional purchase price, not to exceed \$3.0 million, which is contingent upon the financial performance of SY for the years ending December 31, 2002 and 2003.
 - (7) Includes \$18.7 million related to additional assets contributed by Raytheon Company to AIS. Following the acquisition, we changed AIS's name to L-3 Integrated Systems.

Edgar Filing: L 3 COMMUNICATIONS HOLDINGS INC - Form 10-Q

 On January 2, 2002, we agreed to acquire the detection systems business of PerkinElmer for \$100.0 million in cash plus acquisition costs. The acquisition is subject to customary closing conditions, including clearance under the Hart-Scott-Rodino Antitrust Improvements Act and is expected to close by the end of the second quarter of 2002.

Additionally, we purchased other businesses during 2001 and 2002, which individually and in the aggregate were not material to our consolidated results of operations, financial position or cash flows in the year acquired.

All of our acquisitions have been accounted for as purchase business combinations and are included in our consolidated results of operations from their respective effective dates.

We regularly evaluate potential acquisitions and joint venture transactions, but we have not entered into any agreements with respect to any material transactions at this time other than our acquisition of PerkinElmer.

RESULTS OF OPERATIONS

The following information should be read in conjunction with our unaudited condensed consolidated financial statements as of March 31, 2002. Our results of operations for the periods presented are impacted significantly by our acquisitions. See Note 3 to the unaudited condensed consolidated financial statements for a discussion of our acquisitions, including pro forma sales, net income and diluted earnings per share data. The tables below provide our selected statement of operations data for the three-month period ended March 31, 2002, which we refer to as the 2002 First Quarter and the three-month period ended March 31, 2001, which we refer to as the 2001 First Quarter. Prior year reportable segment information has been restated to conform to the 2002 presentation of reportable segments.

19

Net increase (decrease) in cash	\$ (315.0)	\$ 6.3
	=====	=====

 (1) Sales are after intersegment eliminations. See Note 10 to the Unaudited Condensed Consolidated Financial Statements.

(2) Adjusting 2001 First Quarter results on a pro forma basis to exclude goodwill amortization expense, 2001 First Quarter operating income would have been \$7.3 million for the Secure Communications & ISR segment, \$10.5 million for the Training, Simulation & Support Services segment, \$24.6 million for the Aviation Products & Aircraft Modernization segment and \$14.4 million for the Specialized Products segment.

(3) EBITDA is defined as operating income plus depreciation expense and amortization expense. EBITDA is not a substitute for operating income, net income or cash flows from operating activities as determined in accordance with generally accepted accounting principles in the United States or a measure of profitability or liquidity. EBITDA is presented as additional information because we believe it to be a useful indicator of an entity's debt capacity and an entity's ability to service its debt. EBITDA is not a cash flow measure and is not available for an entity's discretionary use because EBITDA does not take into account an entity's obligation to service its debt, fund its working capital and capital expenditures and pay income taxes. EBITDA as we defined it may differ from similarly named measures used by other entities and, consequently EBITDA comparisons between other entities and us could be misleading unless all entities calculate and define EBITDA in the same manner as we do. EBITDA is not an indicator of an entity's profitability or cash flows.

 THREE MONTHS ENDED MARCH 31, 2002 COMPARED WITH THREE MONTHS ENDED MARCH 31, 2001

Edgar Filing: L 3 COMMUNICATIONS HOLDINGS INC - Form 10-Q

Sales increased \$234.9 million to \$696.8 million in the 2002 First Quarter compared with the 2001 First Quarter. The AIS, Analytics, SY, Spar, BT Fuze, KDI and EER acquisitions contributed

20

\$203.2 million of the sales increase in the 2002 First Quarter. The remaining sales increase in the 2002 First Quarter was primarily attributable to volume increases of (1) \$36.3 million on secure telephone equipment and secure data links, (2) \$12.6 million on training devices and services and (3) \$9.3 million on guidance systems. These sales increases were partially offset by declines of \$13.6 million on naval power equipment arising from lower shipments caused by production capacity diverted to fixing quality control problems and volume declines of \$12.9 million on aviation products due to reduced demand and customer-deferred delivery schedules stemming from the downturn in the commercial aircraft industry that began in 2001. Costs and expenses increased \$210.5 million to \$625.5 million in 2002 from \$415.0 million in 2001 consistent with the increase in sales. Operating income increased by 24.4 million to \$71.3 million in the 2002 First Quarter compared with the 2001 First Quarter primarily because of higher sales. Operating income as a percentage of sales ("operating margin") improved slightly to 10.2% compared to 10.1% in the 2001 First Quarter. Adjusting 2001 First Quarter results on a pro forma basis to exclude goodwill amortization expense for SFAS No. 142, 2001 First Quarter costs and expenses would have been \$405.1 million, operating income would have been \$56.8 million and operating margin would have been 12.3%. The decline in operating margin on a pro forma basis was due to declines in our Aviation Products & Aircraft Modernization segment and our Specialized Products segment, which were partially offset by increases in our Secure Communications & ISR segment and our Training, Simulation & Support Services segment, the details of which are discussed below.

Depreciation and amortization expenses decreased \$5.1 million to \$15.2 million in the 2002 First Quarter primarily due to a \$9.9 million decrease in goodwill amortization, due to the implementation of SFAS No. 142 effective January 1, 2002. The decrease was partially offset by a \$3.2 million increase in depreciation expense related to our capital expenditures and acquired businesses. Our EBITDA for the 2002 First Quarter increased \$19.3 million to \$86.5 million, which indicates that our borrowing capacity increased.

Interest expense increased \$1.7 million to \$26.1 million in the 2002 First Quarter. The increase is because of the higher average outstanding debt during the 2002 First Quarter, partially offset by savings of \$2.9 million from the interest rate swap agreements we entered into in July 2001 and November 2001 and lower interest rates on our variable rate debt. Interest and other income increased \$0.5 million to \$1.0 million because of higher average cash and cash equivalents balances during the 2002 First Quarter compared to the 2001 First Quarter.

The income tax provision for the 2002 First Quarter is based on our estimated effective income tax rate for 2002 of 35.3%, compared with the effective tax rate of 38.3% for the 2001 First Quarter. The decrease in the 2002 First Quarter effective income tax rate is primarily due to the exclusion of goodwill amortization expense, that is deductible for income tax purposes, from our results of operations.

Basic earnings per share ("EPS") grew 76.2% to \$0.74 in the 2002 First Quarter and diluted EPS grew 77.5% to \$0.71 in the 2002 First Quarter. Adjusting 2001 First Quarter results on pro forma basis to exclude goodwill amortization expense, 2001 First Quarter diluted earnings per share would have

Edgar Filing: L 3 COMMUNICATIONS HOLDINGS INC - Form 10-Q

been \$0.60 per share, resulting in a 18.3% increase in the 2002 First Quarter when compared to the 2001 First Quarter. Diluted weighted-average common shares outstanding increased 15.2% in the 2002 First Quarter, primarily because of the sale of our common stock in May 2001.

The 2002 First Quarter diluted EPS computation did not include the effect of the 3.9 million shares of L-3 Holdings common stock that are issuable upon conversion of the CODES (See Notes 5 and 7 to the condensed consolidated financial statements) because the conditions for their conversion were not satisfied, but, if the CODES had been convertible, they would have been anti-dilutive for the 2002 First Quarter. However, the effect of the inclusion of the shares convertible from the CODES would be dilutive if our levels of net income increase.

SECURE COMMUNICATIONS & ISR

Sales within our Secure Communications & ISR segment increased \$74.7 million or 90.3% to \$157.4 million in the 2002 First Quarter compared with the 2001 First Quarter. The increase in sales was

21

principally attributed to \$38.4 million from the AIS acquisition and \$36.3 million of increased volume primarily on secure telephone equipment and secure data links which was attributable to greater demand for secure communications from the DoD and U.S. Government intelligence agencies.

Operating income increased by \$10.1 million to \$16.4 million in the 2002 First Quarter because of higher sales and operating margin. Operating margin improved to 10.4% in the 2002 First Quarter compared to 7.6% in the 2001 First Quarter. Adjusting 2001 First Quarter results on a pro forma basis to exclude goodwill amortization expense for SFAS No. 142, 2001 First Quarter operating income would have been \$7.3 million, operating margin would have been 8.8% and 2002 First Quarter operating margin would have improved by 1.6 percentage points compared to the 2001 First Quarter. Increased volume and improvements on secure telephone equipment accounted for 3.9 percentage points of the increase. Higher operating margins from the AIS acquisition accounted for 0.8 percentage points of the increase. These increases to operating margin were partially offset by a decrease of 3.1 percentage points due to negative contract margins and increased expenditures associated with our Prime Wave business.

TRAINING, SIMULATION & SUPPORT SERVICES

Sales within our Training, Simulation & Support Services segment increased \$77.8 million or 66.5% to \$194.8 million in the 2002 First Quarter compared with the 2001 First Quarter. The EER, SY and Analytics acquisitions contributed \$67.3 million of the increase in sales. The remaining net increase of \$10.5 million in sales during the 2002 First Quarter was principally attributable to volume increases at our training and simulation business attributable to new contracts competitively awarded during 2001.

Operating income increased by \$12.3 million to \$21.5 million in the 2002 First Quarter because of higher sales and operating margin. Operating margin improved to 11.0% in the 2002 First Quarter compared to 7.8% in the 2001 First Quarter. Adjusting 2001 First Quarter results on a pro forma basis to exclude goodwill amortization expense for SFAS No. 142, 2001 First Quarter operating

Edgar Filing: L 3 COMMUNICATIONS HOLDINGS INC - Form 10-Q

income would have been \$10.5 million, operating margin would have been 9.0% and 2002 First Quarter operating margin would have improved by 2.0 percentage points compared to the 2001 First Quarter. Higher operating margins from the acquired businesses accounted for 0.9 percentage points of the increase and higher volumes and cost reductions at our training and simulation business accounted for 1.4 percentage points of the increase. The remaining 0.3 percentage points decline was attributable to our other businesses.

AVIATION PRODUCTS & AIRCRAFT MODERNIZATION

Sales within our Aviation Products & Aircraft Modernization segment increased \$46.7 million or 77.1% to \$107.3 million in the 2002 First Quarter compared with the 2001 First Quarter. The AIS and Spar acquisitions contributed \$58.4 million of the increase in sales offset by decreases in sales of \$11.7 million primarily attributable to volume decreases of TCAS products and aviation recorders due to the downturn in the commercial aircraft industry. We expect the sales volume for all of 2002 on our aviation products to be lower than 2001 volumes; however, the amount of the declines are expected to be smaller during the remainder of 2002.

Operating income decreased by \$5.2 million to \$17.5 million in the 2002 First Quarter. Operating margin declined to 16.3% in the 2002 First Quarter compared to 37.4% in the 2001 First Quarter. Adjusting 2001 First Quarter results on a pro forma basis to exclude goodwill amortization expense for SFAS No. 142, 2001 First Quarter operating income would have been \$24.6 million, operating margin would have been 40.7% and 2002 First Quarter operating margin would have declined by 24.4 percentage points compared to the 2001 First Quarter. Lower volumes on TCAS products and aviation recorders, which generated lower gross margin contributions, as well as increased development expenses for a terrain awareness warning system and a commercial displays product-line which we plan to introduce later this year, accounted for 19.3 percentage points of the decrease and lower margins which we expected from the AIS and Spar acquired businesses accounted for 5.1 percentage points of the decrease. We expect the operating margins on aviation products to increase during the remainder of 2002 as volumes increase.

22

SPECIALIZED PRODUCTS

Sales within our Specialized Products segment increased \$35.7 million or 17.7% to \$237.3 million in the 2002 First Quarter compared to the 2001 First Quarter. The KDI and BT Fuze acquisitions contributed \$39.1 million of the increase in sales and \$10.2 million of the increase was primarily due to guidance products and acoustic undersea warfare products arising from various new contracts. These increases were partially offset by decreases in sales primarily attributable to a decrease of \$13.6 million on naval power equipment arising from lower shipments caused by production capacity diverted to fixing quality control problems. We expect to return to normal production levels on our naval power equipment in the second half of 2002.

Operating income increased by \$7.2 million to \$15.9 million in the 2002 First Quarter because of higher sales and operating margin. Operating margin improved to 6.7% in the 2002 First Quarter compared to 4.3% in the 2001 First Quarter. Adjusting 2001 First Quarter results on a pro forma basis to exclude goodwill amortization expense for SFAS No. 142, 2001 First Quarter operating income would have been \$14.4 million, operating margin would have been 7.1% and 2002 First Quarter operating margin would have declined by 0.4 percentage points compared to the 2001 First Quarter. The lower margin was primarily due

Edgar Filing: L 3 COMMUNICATIONS HOLDINGS INC - Form 10-Q

to lower sales volume for naval power equipment. This decline which reduced operating margin by 1.1 percentage points, was partially offset by higher margins from the KDI and BT Fuze acquired businesses arising from volume increases related to new contracts entering production.

LIQUIDITY AND CAPITAL RESOURCES

BALANCE SHEET

Contracts in process increased \$425.0 million from December 31, 2001 to March 31, 2002. The increase included \$359.6 million related to acquired businesses and \$65.4 million principally from:

- o increases of \$37.9 million in billed receivables due to higher sales of ISR products, data links and ocean products;
- o increases of \$33.1 million in inventories, including inventories of data links, ocean products, secure telephone equipment and certain commercial products; and
- o decreases of \$5.6 million in unbilled contract receivables due to higher billings for ISR products, partially offset by increases on secure communications products, including secure telephone equipment.

Included in contracts in process at March 31, 2002, are billed receivables of \$15.8 million and inventories of \$30.0 million related to our Prime Wave business. At December 31, 2001, we had \$15.8 million of billed receivables and \$30.2 million of inventories related to our Prime Wave business.

The increase in property, plant and equipment, goodwill and pension and postretirement benefits during the 2002 First Quarter was principally related to the acquisition of AIS. The increases in accounts payable and accrued employment costs were primarily due to the timing of payments as well as the acquisition of AIS. The increase in accrued interest is due to the timing of the interest coupon payments on our debt as well as additional borrowings under our bridge loan and senior credit facilities. The decrease in other current liabilities is primarily attributable to the payment of \$43.6 million related to the remaining outstanding common stock of Spar during January 2002.

STATEMENT OF CASH FLOWS

OPERATING ACTIVITIES

During the 2002 First Quarter, we generated \$41.4 million of cash from our operating activities, an increase of \$24.3 million over the \$17.1 million generated during the 2001 First Quarter. Earnings adjusted for non-cash items and deferred taxes increased \$20.1 million to \$66.3 million in the 2002 First Quarter from \$46.2 million in the 2001 First Quarter. During the 2002 First Quarter, our working capital and operating assets and liabilities increased \$24.9 million compared with an increase of \$29.1 million in the

2001 First Quarter. Our cash flows from operating activities during the 2002 First Quarter include increases in inventories and billed receivables as described above, as well as declines in customer advances related to liquidations on a contract for acoustic undersea warfare products. These uses were partially offset by lower payments to vendors and an increase in accrued employment costs due to the timing of payments for salaries and wages. Uses of

Edgar Filing: L 3 COMMUNICATIONS HOLDINGS INC - Form 10-Q

cash relating to performance on certain contracts in process, for which estimated costs exceed the estimated billings, declined in the 2002 First Quarter compared to the 2001 First Quarter. Deferred income taxes for the 2002 First Quarter compared with the 2001 First Quarter increased primarily because of larger estimated tax deductions arising from the Company's recently completed acquisitions, including AIS. We expect our deferred income taxes to be higher in 2002 than they were in 2001.

INVESTING ACTIVITIES

During the 2002 First Quarter, we invested \$1,201.5 million to acquire businesses, compared with \$13.0 million during the 2001 First Quarter. This increase in acquisition spending during the 2002 First Quarter was primarily attributable to the acquisition of AIS. The acquisition was financed using approximately \$229.0 million of cash on hand, borrowings under our senior credit facilities of \$420.0 million and a \$500.0 million senior subordinated bridge loan. We expect to offer and sell \$1,000.0 million to \$1,500.0 million of debt and equity securities during the second quarter of 2002, depending on capital market conditions, and use a portion of the proceeds from those offerings to repay the \$500.0 million senior subordinated bridge loan and other outstanding borrowings.

We make capital expenditures for the improvement of manufacturing facilities and equipment. We expect that capital expenditures for the remainder of 2002 will be between \$75.0 million and \$80.0 million, including Aircraft Integration Systems.

FINANCING ACTIVITIES

On April 23, 2002, we announced that our Board of Directors has authorized a two-for-one stock split on all shares of our common stock. The stock split will entitle all shareholders of record at the close of business on May 6, 2002 to receive one additional share of our common stock for every share held on that date. The additional shares will be distributed to shareholders in the form of a stock dividend on May 20, 2002. Upon completion of the stock split, we will have approximately 80 million shares of common stock outstanding. Additionally, all of our historical as reported EPS data will be restated prospectively to give effect to the stock split.

At March 31, 2002, available borrowings under our senior credit facilities were \$233.4 million after reductions for outstanding borrowings of \$350.0 million and outstanding letters of credit of \$166.6 million.

On February 26, 2002, our lenders approved a \$150.0 million increase in the amount of our senior credit facilities. The five-year revolving credit facility increased by \$100.0 million to \$500.0 million and the 364-day revolving credit facility increased by \$50.0 million to \$250.0 million. Additionally, the maturity date of the \$200.0 million 364-day revolving credit facility was extended to February 26, 2003.

On March 8, 2002, we borrowed \$500.0 million under a senior subordinated bridge loan facility ("Bridge Loan Facility") to finance a portion of the purchase price of AIS and related expenses. The Bridge Loan Facility is subordinated in right of payment to all of L-3 Communications' existing and future senior debt. Borrowings under the Bridge Loan Facility bear interest through March 8, 2003, at our option, at either the one-month or three-month LIBOR rate plus a spread equal to 350 basis points. The Bridge Loan Facility matures on May 15, 2009, but if the loans under the facility are not repaid by March 8, 2003, each lender's loan will be automatically converted into an exchange note with terms substantially similar to those of our other senior subordinated indebtedness, and will bear interest at a fixed rate equal to the yield to maturity on our highest yielding existing subordinated indebtedness at

Edgar Filing: L 3 COMMUNICATIONS HOLDINGS INC - Form 10-Q

the time of exchange plus 100 basis points. Subject to the exceptions set forth in the Bridge Loan Facility, we are required to prepay the Bridge Loan Facility with the net cash proceeds from:

- o any debt offerings by L-3 Holdings or its subsidiaries, including L-3 Communications;
- o issuances of any equity interests in L-3 Holdings or L-3 Communications;
- o incurrences of any other indebtedness of L-3 Holdings or any of its subsidiaries, including L-3 Communications (other than under the senior credit facilities and certain permitted indebtedness); and

24

- o any sale of assets or stock of any subsidiaries of L-3 Communications.

The senior credit facilities, Bridge Loan Facility, Senior Subordinated Notes, Convertible Notes and CODES agreements contain financial covenants and other restrictive covenants which remain in effect so long as we owe any amount or any commitment to lend exists thereunder. As of March 31, 2002, we were in compliance with those covenants at all times. The borrowings under the senior credit facilities are guaranteed by L-3 Holdings and by substantially all of the domestic subsidiaries of L-3 Communications on a senior basis. The payments of principal and premium, if any, and interest on the Senior Subordinated Notes and Bridge Loan Facility are unconditionally guaranteed, on an unsecured senior subordinated basis, jointly and severally, by all of L-3 Communications' restricted subsidiaries other than its foreign subsidiaries. The guarantees of the Senior Subordinated Notes and Bridge Loan Facility are junior to the guarantees of the senior credit facilities and rank pari passu with each other and the guarantees of the Convertible Notes and the CODES. The Convertible Notes and CODES are unconditionally guaranteed, on an unsecured senior subordinated basis, jointly and severally, by L-3 Communications and substantially all of its direct and indirect domestic subsidiaries. These guarantees rank junior to the guarantees of the senior credit facilities and rank pari passu with each other and the guarantees of the Senior Subordinated Notes and Bridge Loan Facility. See Note 7 to our consolidated financial statements for fiscal year ended December 31, 2001, included in our Annual Report on Form 10K for fiscal year ended December 31, 2001, for a description of our debt and related financial covenants at December 31, 2001.

Based upon our current level of operations, we believe that our cash from operating activities, together with available borrowings under the senior credit facilities, will be adequate to meet our anticipated requirements for working capital, capital expenditures, commitments, research and development expenditures, contingent purchase prices, program and other discretionary investments, and interest payments for the foreseeable future. There can be no assurance, however, that our business will continue to generate cash flow at current levels, or that currently anticipated improvements will be achieved. If we are unable to generate sufficient cash flow from operations to service our debt, we may be required to sell assets, reduce capital expenditures, refinance all or a portion of our existing debt or obtain additional financing. Our ability to make scheduled principal payments or to pay interest on or to refinance our indebtedness depends on our future performance and financial results, which, to a certain extent, are subject to general conditions in or affecting the defense industry and to general economic, political, financial, competitive, legislative and regulatory factors beyond our control. There can be no assurance that sufficient funds will be available to enable us to service our indebtedness, or make necessary capital expenditures and to make

Edgar Filing: L 3 COMMUNICATIONS HOLDINGS INC - Form 10-Q

discretionary investments.

CONTINGENCIES

See Note 9 to the Condensed Consolidated Financial Statements.

RECENTLY ISSUED AND PROPOSED ACCOUNTING STANDARDS

In July 2001, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standards ("SFAS") No. 142, Goodwill and Other Intangible Assets, which supersedes Accounting Principles Board ("APB") Opinion No. 17, Intangible Assets. SFAS No. 142 revised the standards for accounting for goodwill and other intangible assets. SFAS No. 142 requires that goodwill and indefinite lived identifiable intangible assets shall no longer be amortized, but be tested for impairment at least annually. The provisions of SFAS No. 142 were effective beginning January 1, 2002, will full implementation of the impairment measurement provisions completed by December 31, 2002. Effective January 1, 2002, we are not recording goodwill amortization expense. Based on our preliminary internal assessment, we do not believe that the cumulative effect of the accounting change resulting from the adoption of the transitional impairment measurement provisions of SFAS No. 142 will be material. We expect to complete our impairment assessment by the end of the second quarter of 2002.

In August of 2001, the FASB issued SFAS No. 143, Accounting for Asset Retirement Obligations. SFAS No. 143 applies to legal obligations associated with the retirement of tangible long-lived assets that result from the acquisition, construction, development or normal operation of a long-lived asset, except

25

for certain obligations of lessees. This statement does not apply to obligations that arise solely from a plan to dispose of a long-lived asset. SFAS No. 143 requires that estimated asset retirement costs be measured at their fair values and recognized as assets and depreciated over the useful life of the related asset. Similarly, liabilities for the present value of asset retirement obligations are to be recognized and accreted as interest expense each year to their estimated future value until the asset is retired. These provisions will be applied to existing asset retirement obligations as of the adoption date as a cumulative-effect of a change in accounting policy. SFAS No. 143 is effective for our fiscal years beginning January 1, 2003. SFAS No. 143 will not have a material effect on our consolidated results of operations and financial position.

In October of 2001, the FASB issued SFAS No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets. SFAS No. 144 addresses financial accounting and reporting for the impairment or disposal of long-lived assets. This statement supersedes SFAS No. 121, Accounting for the Impairment of Long-lived Assets and for Long-lived Assets to Be Disposed Of, and the accounting and reporting provisions of APB Opinion No. 30, Reporting the Results of Operations -- Reporting the Effects of Disposal of a Segment of a Business, and Extraordinary, Unusual and Infrequently Occurring Events and Transactions (APB No. 30), for the disposal of a segment of a business (as previously defined in that Opinion). SFAS No. 144 expands the scope of

Edgar Filing: L 3 COMMUNICATIONS HOLDINGS INC - Form 10-Q

accounting for disposals to include all components of an entity, including reportable segments and operating segments, reporting units, subsidiaries and certain asset groups. It requires the gain or loss on disposal to be measured as the difference between (1) the fair value less the costs to sell and (2) the carrying value of the component, and such gain or loss cannot include the estimated future operating losses of the component, which were included in the gain or loss determination under APB No. 30. SFAS No. 144 also amends Accounting Research Bulletin No. 51, Consolidated Financial Statements, to eliminate the exception to consolidation for a subsidiary for which control is likely to be temporary. The provisions of SFAS No. 144 became effective on January 1, 2002, SFAS No. 144 did not have a material effect on our consolidated results of operations and financial position.

In May 2002, the FASB issued SFAS No. 145, Rescission of SFAS Nos. 4, 44 and 64, Amendment of SFAS No. 13, and Technical Corrections as of April 2002. SFAS No. 145 rescinds SFAS No. 4, Reporting Gains and Losses from Extinguishment of Debt, and SFAS No. 64, Extinguishments of Debt Made to Satisfy Sinking-Fund Requirements. Under the provisions of SFAS No. 145, gains and losses from extinguishment of debt can only be classified as extraordinary items if they meet the criteria in APB Opinion No. 30. The provisions of this Statement related to the rescission of SFAS No. 4 shall be applied in fiscal years beginning after May 15, 2002. Earlier application is permitted. This statement also amends SFAS No. 13, Accounting for Leases, to eliminate an inconsistency between the required accounting for sale-leaseback transactions and the required accounting for certain lease modifications that have economic effects that are similar and is effective for transactions occurring after May 15, 2002. This Statement also amends other existing authoritative pronouncements to make various technical corrections, clarify meanings, or describe their applicability under changed conditions and are effective for financial statements issued on or after May 15, 2002. SFAS No. 145 will not have a material effect on our consolidated results of operations, financial position or cash flows.

FORWARD-LOOKING STATEMENTS

Certain of the matters discussed concerning our operations, cash flows, financial position, economic performance, and financial condition, including in particular, the likelihood of our success in developing and expanding our business and the realization of sales from backlog, include forward-looking statements within the meaning of section 27A of the Securities Act and Section 21E of the Exchange Act.

Statements that are predictive in nature, that depend upon or refer to events or conditions or that include words such as "expects," "anticipates," "intends," "plans," "believes," "estimates" and similar expressions are forward-looking statements. Although we believe that these statements are based upon reasonable assumptions, including projections of orders, sales, operating margins, earnings, cash flow, research and development costs, working capital, capital expenditures and other projections, they are subject to several risks and uncertainties, and therefore, we can give no assurance that these statements will be achieved.

26

Our forward-looking statements will also be influenced by factors such as:

- o our dependence on the defense industry and the business risks peculiar to that industry including changing priorities or reductions in the U.S. Government defense budget;

Edgar Filing: L 3 COMMUNICATIONS HOLDINGS INC - Form 10-Q

- o our reliance on contracts with a limited number of agencies of, or contractors to, the U.S. Government and the possibility of termination of government contracts by unilateral government action or for failure to perform;
- o our ability to obtain future government contracts on a timely basis;
- o the availability of government funding and changes in customer requirements for our products and services;
- o our significant amount of debt and the restrictions contained in our debt agreements;
- o collective bargaining agreements and labor disputes;
- o economic conditions, competitive environment, international business and political conditions, timing of international awards and contracts;
- o our extensive use of fixed-price contracts as compared to cost-reimbursable contracts;
- o our ability to identify future acquisition candidates or to integrate acquired operations;
- o the rapid change of technology and high level of competition in the communication equipment industry;
- o our introduction of new products into commercial markets or our investments in commercial products or companies;
- o pension, environmental or legal matters or proceedings and various other market, competition and industry factors, many of which are beyond our control; and
- o the fair values of the assets, including goodwill and other intangibles, of our business which can be impaired or reduced by the other factors discussed above.

Readers of this document are cautioned that our forward-looking statements are not guarantees of future performance and the actual results or developments may differ materially from the expectations expressed in the forward-looking statements.

As for the forward-looking statements that relate to future financial results and other projections, actual results will be different due to the inherent uncertainties of estimates, forecasts and projections and may be better or worse than projected. Given these uncertainties, you should not place any reliance on these forward-looking statements. These forward-looking statements also represent our estimates and assumptions only as of the date that they were made. We expressly disclaim a duty to provide updates to these forward-looking statements, and the estimates and assumptions associated with them, after the date of this filing to reflect events or changes or circumstances or changes in expectations or the occurrence of anticipated events.
