PLEASE SIGN, DATE AND RETURN THE ENCLOSED GOLD PROXY CARD TODAY!

Dear Fellow Shareholder of The R.O.C. Taiwan Fund (the "Trust"):

Laxey Partners Limited, an Isle of Man company, is seeking your support, at the Trust's 2003 Annual Meeting of Shareholders (the "Annual Meeting"), to vote

o TO WITHHOLD AUTHORITY for the election of each of the Trust's nominees to the Board of Trustees (the "Board"),

o FOR the proposal to convert the Trust from a closed-end investment company to an open-end investment company and certain related matters, and

## Edgar Filing: VALUE CATALYST FUND LTD - Form DEFC14A

o FOR Laxey's proposal to terminate the Investment Advisory Contract among the Trust, International Investment Trust Company Limited (the "Adviser") and the Central Trust of China (the "Investment Advisory Contract"). Laxey's proposal is not included in the Trust's proxy statement.

Laxey Partners Limited is the manager of The Value Catalyst Fund Limited, a Cayman Islands company ("Catalyst"), LP Value Limited, a British Virgin Islands company ("LPV"), Laxey Universal Value L.P., a Delaware limited partnership ("LUV") and Laxey Investors, L.P., a Delaware limited partnership ("LILP" and, collectively with Laxey Partners Limited, Catalyst, LPV and LUV, "Laxey"). Laxey believes that it is the second largest beneficial owner of shares of beneficial interest (the "Shares") of the Trust. As of the date of this letter, Laxey beneficially owns approximately 12.15% of the outstanding Shares.

### THE BOARD AND THE ADVISER SHOULD NOT ESCAPE ACCOUNTABILITY TO THE SHAREHOLDERS FOR THEIR FAILURE TO MAXIMIZE SHAREHOLDER VALUE

Laxey believes that neither the Board nor the Adviser has maximized the value of the Shares or has proposed any meaningful actions to reduce the significant discounts to net asset value ("NAV") at which the Shares have traded for many years. The Trust's investment performance has been poor, especially compared to its investment category. According to Morningstar, the Trust's market return for 2000, 2001, 2002 and 2003 (through May 30) has been -43.0%, 4.1%, -14.7% and -4.4%, respectively, which has trailed the market return of their category by -7.5%, -3.6%, -22.5% and -13.7%, respectively. In addition to this poor performance, for seven of the past eight years (during all of which time the Trust was managed by the Adviser) the average discount from NAV at which the Shares trade has been greater than 10%. Although the discount has recently narrowed, this did not occur until after Laxey's intention to submit a proposal was first made public. In the event that Laxey's proposal is not

adopted, the shareholders of the Trust (the "Shareholders") should be aware that it is possible that the discounts to NAV will return to their historical double-digit levels shortly after the Annual Meeting.

Laxey believes that the Board instead has sought to protect the status quo and to protect the Adviser from having its poor performance judged by the Shareholders. Among other things, the Board has implored Shareholders to vote against the conversion of the Trust to an open-end investment company on seven occasions from 1995 to 2002. Moreover, the Board has failed to offer Shareholders any concrete proposals since 1996, such as an interval fund structure, to maximize Shareholder value and liquidity.

From the moment it was first submitted by Laxey, the Trust vigorously has sought to deny the Shareholders the opportunity to vote on Laxey's proposal to terminate the Investment Advisory Contract. The Trust announced that Laxey's proposal would not be considered at the Annual Meeting and then, in a series of letters to the U.S. Securities and Exchange Commission (the "Commission"), the Trust sought to justify its decision to exclude Laxey's proposal. Despite all of its efforts, the Trust was unable to persuade the Commission to permit the exclusion of Laxey's proposal.

The Board and the Adviser have failed to maximize Shareholder value, and it is time for the Shareholders to replace the Adviser and send a strong message to the Board that its continuation in office should be evaluated in light of its failure to offer Shareholders any way to maximize Shareholder

Edgar Filing: VALUE CATALYST FUND LTD - Form DEFC14A

value. If the Shareholders wish the opportunity to permanently reduce the discount from NAV for their Shares, rather than continue to suffer the Trust's historical levels of discount from NAV, then Laxey urges the Shareholders to support Laxey and vote TO WITHHOLD AUTHORITY for the election of each of the Trust's nominees, FOR the proposal to convert the Trust from a closed-end investment company to an open-end investment company and FOR Laxey's proposal to terminate the Investment Advisory Contract.

PLEASE SIGN, DATE AND RETURN THE ENCLOSED GOLD PROXY CARD IN THE POSTAGE-PREPAID ENVELOPE THAT HAS BEEN PROVIDED. You should not return any proxy card sent to you by the Trust if you wish to vote TO WITHHOLD AUTHORITY for the election of each of the Trust's nominees, FOR the proposal to convert the Trust from a closed-end investment company to an open-end investment company and FOR Laxey's proposal to terminate the Investment Advisory Contract.

If you have already returned the proxy card sent to you by the Trust, you have the right to REVOKE that proxy by signing, dating and mailing a later-dated GOLD proxy card in the envelope provided. The Trust's proposals are included on Laxey's GOLD proxy card. A GOLD proxy card that is returned to Laxey will be voted as you indicate on it. If a GOLD proxy card is returned without a vote indicated thereon, the Shares represented thereby will be voted TO WITHHOLD AUTHORITY for the election of each of the Trust's nominees, FOR the proposal to convert the Trust from a closed-end investment company to an open-end investment company and FOR Laxey's proposal to terminate the Investment Advisory Contract. In addition, a GOLD proxy card will be voted in the proxy holders' discretion with respect to such other matters as may properly come before the meeting. If you have any questions, please contact Morrow & Co., Inc., who is assisting with this solicitation, toll free at 800-607-0088.

The Annual Meeting is scheduled for June 24, 2003 and it is important that you send in your GOLD proxy card immediately.

Thank you for your cooperation in helping to cause the Trust to maximize value on behalf of all of the Shareholders.

Sincerely yours,

/s/ Andrew Pegge

PLEASE SIGN, DATE AND RETURN THE ENCLOSED GOLD PROXY CARD

This proxy statement and the enclosed gold proxy card are being furnished to shareholders (the "Shareholders") of The R.O.C. Taiwan Fund, a Massachusetts business trust (the "Trust"), by Laxey Partners Limited, an Isle of Man company, on behalf of itself and four of its managed companies, The Value Catalyst Fund Limited, a Cayman Islands company ("Catalyst"), LP Value Limited, a British Virgin Islands company ("LPV"), Laxey Universal Value L.P., a Delaware limited partnership ("LUV") and Laxey Investors, L.P., a Delaware limited partnership ("LILP" and, collectively with Laxey Partners Limited, Catalyst, LPV and LUV, "Laxey"), in connection with the solicitation of proxies from Shareholders to be used at the 2003 Annual Meeting of Shareholders (the "Annual Meeting"), including any adjournments or postponements thereof and any special meeting which may be called in lieu thereof, to vote

- o TO WITHHOLD AUTHORITY for the election of each of the Nominees (as defined herein) to the Board of Trustees (the "Board"),
- o FOR the proposal to convert the Trust from a closed-end investment company to an open-end investment company, and
- o FOR Laxey's proposal to terminate the Investment Advisory Contract among the Trust, International Investment Trust Company Limited and the Central Trust of China (the "Investment Advisory Contract"), at the Annual Meeting. Laxey's proposal is not included in the Trust's proxy statement. See Schedule I "Information About Participants" for further information regarding the participants in this solicitation.

The Trust's principal executive office is located at 167 Fu Hsing North Road, 17th Floor, Taipei, Taiwan Republic of China. This proxy statement and the enclosed gold proxy card are first being furnished to the Shareholders on or about June 6, 2003.

The Trust has established a record date of May 5, 2003 (the "Record Date") for determining Shareholders entitled to notice of and to vote at the Annual Meeting and June 24, 2003 as the date of the Annual Meeting. The Annual Meeting will be held at the offices of Paul,

Weiss, Rifkind, Wharton & Garrison LLP, 24th Floor, 1285 Avenue of the Americas, New York, New York on Tuesday, June 24, 2003 at 9:30 a.m., New York City time. Each Shareholder of record at the close of business on the Record Date will be entitled to one vote at the Annual Meeting for each Share (as defined below) held by such Shareholder on the Record Date. Laxey beneficially owns an aggregate of 3,973,600 shares of beneficial interest (each, a "Share" and collectively, the "Shares") of the Trust, which represents approximately 12.15% of the Shares outstanding (based on the most recent Share information publicly disclosed by the Trust). Laxey and all of the participants intend to vote all of their Shares at the Annual Meeting TO WITHHOLD AUTHORITY for the election of each of the Nominees, FOR the proposal to convert the Trust from a closed-end

## Edgar Filing: VALUE CATALYST FUND LTD - Form DEFC14A

investment company to an open-end investment company and FOR Laxey's proposal to terminate the Investment Advisory Contract.

THIS SOLICITATION IS BEING MADE BY LAXEY AND NOT ON BEHALF OF THE BOARD OR MANAGEMENT OF THE TRUST.

Laxey is soliciting proxies to vote:

- o TO WITHHOLD AUTHORITY for the election of each of the Nominees to the Board because it believes that such a vote will send the Board a strong message that its actions to date have been ineffectual at best in maximizing Shareholder value, and that its continuation in office should be evaluated in light of its failure to offer Shareholders any way to maximize Shareholder value;
- o FOR the proposal to convert the Trust from a closed-end investment company to an open-end investment company because Laxey believes that such a vote would send a clear message to the Board that the Shareholders desire the adoption of a mechanism to provide true Shareholder value and liquidity; and
- o FOR Laxey's proposal to terminate the Investment Advisory Contract because Laxey believes that neither the Board nor the Adviser has maximized the value of the Shares or has proposed any meaningful actions to reduce the significant discounts to net asset value ("NAV") at which the Shares have traded for many years. According to Morningstar, the Trust's market return for 2000, 2001, 2002 and 2003 (through May 30) has been -43.0%, 4.1%, -14.7% and -4.4%, respectively, which has trailed the market return of their category by -7.5%, -3.6%, -22.5% and -13.7%, respectively. In addition to this poor performance, for seven of the past eight years (during all of which time the Trust was managed by the Adviser) the average discount from NAV at which the Shares trade has been greater than 10%.

To Laxey's knowledge, there are no other matters scheduled to be voted upon at the Annual Meeting. In the event other proposals are brought before the Annual Meeting of which Laxey is not made aware within a reasonable amount of time prior to the Annual Meeting, the persons named as proxies in the enclosed GOLD proxy card will vote on such matters in their discretion.

### PROPOSAL 1 ELECTION OF TRUSTEES

As indicated in the Trust's proxy statement, the Board has been divided into three classes. At the Annual Meeting, the Shareholders will be asked to elect three trustees of the Trust to hold office until the 2006 Annual Meeting of Shareholders (or thereafter until their respective successors are elected and qualified). The Board has nominated Messrs. Alex Hammond-Chambers, Edward B. Collins and Cheng-Cheng Tung for reelection as trustees of the Trust (the "Nominees"). Laxey is urging all Shareholders TO WITHHOLD AUTHORITY for reelection of each of the Nominees.

The Trust argues in its proxy statement that, while the Adviser has not been able to eliminate the Shares' tendency to trade at a discount to NAV, the Adviser has "had a favorable effect on Shareholder relations by keeping major Shareholders informed concerning the Trust's investment strategies and policies." Laxey is one of the largest beneficial owners of Shares, and, although Laxey can only speak for itself, Laxey strongly disagrees that the Adviser has had a favorable effect on Shareholder relations. If the Board and the Adviser were serious in improving Shareholder relations, they would have taken concrete actions, such as offering an internal fund structure, to maximize Shareholder value and liquidity.

The Trust states in its proxy statement that the Board has considered alternative proposals, such as share repurchase programs, and that they are unlikely to significantly affect the discount to NAV at which the Shares trade. We strongly disagree. Depending upon certain factors, including the amount and the frequency of shares being repurchased, Laxey believes that the interval structure has the effect of significantly and permanently reducing the discount to NAV. Taking into account the Trust's proposed redemption fee of 0.5%, that would allow for an interval fund to make repurchases at up to 99.5% of NAV. However, an interval structure does have the potential to make the fund smaller and thus reduce investment advisory fees, which apparently is not palatable to the Board and the Adviser. Laxey believes that the Board is not sufficiently focused on maximizing Shareholder value and liquidity and furthermore is protecting the Advisor from having its performance judged by the Shareholders.

Laxey believes that, by withholding their votes for reelection of each of the Nominees, Shareholders will send the Board a strong message that its actions to date have been ineffectual at best in maximizing Shareholder value, and that its continuation in office should be evaluated in light of its failure to offer Shareholders any way to maximize Shareholder value.

The Trust's proxy statement contains information regarding: (a) ownership of Shares by trustees and executive officers of the Trust and by other persons who own more than 5% of the outstanding Shares, (b) meetings of the

## Edgar Filing: VALUE CATALYST FUND LTD - Form DEFC14A

Board and certain committees thereof, (c) background of the trustees of the Trust (including the Nominees) and executive officers, (d) compensation paid and payable to the trustees and executive officers of the Trust, and (e) committees of the Board and their responsibilities. We urge you to review the Trust's proxy materials concerning these matters.

4

Because reelection of each of the Nominees will require the vote of a plurality of the votes cast by the holders of Shares present in person or represented by proxy at a meeting with a quorum present, it is unlikely that Shareholders withholding their votes will result in the defeat of the candidacy of any Nominee (unless other candidates are proposed for election at the Annual Meeting). One-third of the Trust's outstanding Shares, present in person or represented by proxy at the Annual Meeting, will constitute a quorum for the transaction of business at the Annual Meeting.

Laxey recommends a vote TO WITHHOLD AUTHORITY for the reelection of the Nominees to the Board.

### PROPOSAL 2 CONVERSION OF THE TRUST FROM A CLOSED-END INVESTMENT COMPANY TO AN OPEN-END INVESTMENT COMPANY

As indicated in the Trust's proxy statement, the Trust's Amended and Restated Declaration of Trust and By-Laws provide that the Board is required to submit to the Shareholders a binding resolution to convert the Trust into an open-end investment company if the Shares trade on the New York Stock Exchange at an average discount from NAV of more than 10% during any twelve-week period beginning after the most recent such vote (the Shareholders have voted on such a resolution seven times, in 1995 and in each of the years from 1997 through 2002). According to the Trust's proxy statement, during each of the twelve-week periods beginning June 23, 2002 and ended May 16, 2003, the Shares traded at an average discount of greater than 10%. Such average discount ranged from 17.74% for the twelve weeks ended October 18, 2002 to 10.48% for the twelve weeks ended May 16, 2003. Accordingly, the Shareholders will now be given the eighth opportunity to vote on a resolution to convert the Trust from a closed-end investment company to an open-end investment company. The Trust has implored the Shareholders to vote against all eight resolutions, including the current resolution.

Laxey is in favor of the resolution to convert the Trust from a closed-end investment company to an open-end investment company for the following reasons:

- o The open-ending of the Trust is consistent with Laxey's objective for Shareholders to be able to realize a minimum of at least 98% of NAV for their Shares, especially in the absence of any other concrete proposals from the Trust which would accomplish the same objective.
- o The open-ending of the Trust will send a clear message to the Board that the Shareholders desire the adoption of a mechanism to provide true Shareholder value and liquidity.
- o The open-ending of the Trust is an effective means of eliminating the discount to NAV at which the Shares have traded over the last seven years.

Information regarding the resolution to convert the Trust from a closed-end investment company to an open-end investment company is set forth in

the Trust's proxy statement. We

5

note that this information is voluminous, accounting for approximately ten pages of the Trust's proxy statement. We urge you to review the Trust's proxy materials carefully on this matter. For all of the Trust's arguments against open-ending the Trust, the bottom line is that neither the Board nor the Adviser is willing to advocate any meaningful actions to reduce the significant discount to NAV at which the Shares have traded for many years, and the Board is instead spending its time and energy protecting the status quo.

The affirmative vote of a majority of the outstanding Shares is required for the adoption of the resolution to convert the Trust from a closed-end investment company to an open-end investment company.

Laxey recommends a vote FOR the proposal to convert the Trust from a closed-end investment company to an open-end investment company.

PROPOSAL 3  
TERMINATION OF THE INVESTMENT ADVISORY CONTRACT

Laxey believes that the best ways to reduce the discount from NAV are either to convert the Trust to an open-end investment company or replace the Adviser with a new investment adviser who will be dedicated to maximizing Shareholder value for all Shareholders. Laxey believes that the Adviser is an impediment to Shareholders maximizing the value of their investment in the Trust. The Adviser has not taken adequate steps or offered any concrete proposals to reduce the discount to NAV and has appeared willing to allow its own self-interest to prevail over the interest of the Shareholders. The Adviser's compensation is based on the NAV of the Trust's assets held in Taiwan and its compensation is not reduced as a result of the discount to NAV at which the Shares trade.

PROPOSAL AND SUPPORTING STATEMENT  
-----

As previously provided to the Trust, Laxey intends to present the following proposal and supporting statement for consideration at the Annual Meeting:

RESOLVED: The Investment Advisory Contract among the Trust, the Adviser and the Central Trust of China shall be terminated in accordance with its terms, effective within 60 days after the 2003 Annual Meeting.

As a significant Shareholder, Laxey has a vested interest in the Trust's performance and management decisions relating to Shareholder value. The average discount to NAV over the last five years has been as follows: 1997 - 17%, 1998 - 18%, 1999 - 14%, 2000 - 19%, 2001 - 14.5%, and 2002 to date - 15%. Laxey believes that the past efforts of the investment adviser have been insufficient in narrowing the discount to NAV. In 1991 the Board authorized a periodic share repurchase program under Rule 10b-18 under the Securities Exchange Act of 1934, as amended, pursuant to which purchases of Shares may be made by the Trust when the Shares trade at a discount to their NAV. However, according to the Trust's recent public filings, the Board has no plan or intention of causing the Trust to make any further purchases. Laxey notes that the Trust's organizational documents provide that, if the Shares trade on the New York Stock Exchange at an average discount from their NAV of

more than 10% during any twelve-week period, the Board is required to submit to the Shareholders at their next annual meeting a binding resolution to convert the Trust into an open-end investment company. The affirmative vote of a majority of the outstanding Shares is required for the adoption of such a resolution. Since June 1, 1992 the Shareholders have voted on such a resolution seven times, in 1995 and each of the years from 1997 through 2002. Each time, the resolution did not pass because it did not obtain sufficient Shareholder votes. In addition, the Board may decide at any time to present to the Shareholders the question of whether the Trust should be converted to an open-end investment company; however, such a voluntary submission would require the approval of two-thirds of the outstanding Shares for its adoption. While Laxey agrees that allowing the Shareholders to vote to open-end the fund in the case of a persistent discount of 10% or more for a 12-week period could theoretically help in narrowing the discount to NAV, Laxey does not believe that it has been effective in doing so since the requisite vote for Shareholder approval is set too high to be meaningful and historically has not been reached.

The Shareholders need an investment adviser that will act in a manner which would expediently and effectively allow the Shareholders to maximize their investment. The persistent discount to NAV suffered by the Shareholders and ineffective methods of narrowing such discount provides strong evidence that the Adviser has not acted in such a manner. Thus, Laxey seeks to terminate the current Investment Advisory Contract with the Adviser.

#### BACKGROUND AND RECENT EVENTS

-----

Laxey has been a holder of the Shares since June 2002 and believes it is currently the second largest beneficial owner of Shares. As of the date of this proxy statement, Laxey beneficially owns 12.15% of the outstanding Shares.

The Trust's investment performance has been poor, especially compared to its investment category. According to Morningstar, the Trust's market return for 2000, 2001, 2002 and 2003 (through May 30) has been -43.0%, 4.1%, -14.7% and -4.4%, respectively, which has trailed the market return of their category by -7.5%, -3.6%, -22.5% and -13.7%, respectively. Laxey also believes that neither the Board nor the Adviser has proposed any meaningful actions to reduce the significant discounts to NAV at which the Shares have traded for many years. According to the Trust's proxy statement, the annual discount to NAV since 1996 is as follows: 1997 - 17%, 1998 - 18%, 1999 - 14%, 2000 - 19%, 2001 - 14.5%, 2002 - 15% and 2003 (through May 16 - 11%). Although the discount has recently narrowed, this did not occur until Laxey's intention to submit a proposal was first made public. In the event that Laxey's proposal is not adopted, Shareholders should be aware that it is possible that the discounts to NAV will return to their historical double-digit levels shortly after the Annual Meeting. Laxey believes the Board should have provided the Shareholders the opportunity to reevaluate the Adviser's disappointing performance by submitting the Investment Advisory Contract to the Shareholders for their approval. In light of the Trust's apparent disregard for Shareholders' concerns regarding the persistent discount to NAV and the Adviser's ineffectiveness at maximizing Shareholder value, Laxey Partners Limited determined that the Shareholders should be afforded the opportunity to vote to terminate the Investment Advisory Contract.

On January 2, 2003, Laxey Partners Limited, on behalf of itself and four of its managed companies, submitted a proposal to the Trust to terminate the Investment Advisory Contract within 60 days following the date of the Annual Meeting. Laxey's proposal was submitted in accordance with the deadline set forth in the Trust's 2002 proxy statement for the submission of proposals for the Annual Meeting.

The Trust sought to exclude Laxey's proposal, citing procedural grounds based on the Trust's interpretation of its charter documents, including an amendment to its bylaws adopted and filed just two weeks before the deadline for submitting Shareholder proposals. Laxey believes the amendment sought to vest in the trustees of the Trust the discretion to preclude proposals, including Laxey's proposal, not made in accordance with Rule 14a-8 from being considered at the Annual Meeting, contrary to the information contained in the Trust's 2002 proxy statement. Based on a review of by-laws publicly available at the Web site of the U.S. Securities and Exchange Commission (the "Commission"), Laxey believes that no other closed-end fund tracked by Morningstar with assets greater than \$100 million and investing solely in international equity securities has such a restrictive limitation of Shareholder proposals as does the Trust.

From the moment it was first submitted by Laxey, the Trust vigorously has sought to deny the Shareholders the opportunity to vote on Laxey's proposal. The Trust announced that Laxey's proposal would not be considered at the Annual Meeting and then, in a series of letters to the Commission, the Trust sought to justify its decision to exclude Laxey's proposal. Despite all of its efforts, the Trust was unable to persuade the Commission to permit the exclusion of Laxey's proposal. Laxey intends to properly present its proposal at the Annual Meeting.

Laxey believes that the Shareholders will recognize that the Board has been attempting to block a legitimate proposal designed to increase Shareholder value for all holders of the Trust. How long must the Shareholders suffer discounts to NAV in excess of 10% per year?

#### EFFECT OF TERMINATION

-----

If a majority of the outstanding voting securities vote to terminate the Investment Advisory Contract, the Investment Advisory Contract provides that, in such an event, the Advisor will, within three months after the effective date of the termination, liquidate the assets held in The Taiwan R.O.C. Fund at reasonable prices, satisfy its liabilities and distribute the available balance, if any, to the Trust. Under the Investment Advisory Act of 1940, as amended (the "1940 Act"), in the event that the Investment Advisory Contract, which was approved by a majority of the Trust's outstanding voting securities, is terminated and no successor is immediately selected, the Board may select an interim investment advisor for a period not to exceed 150 days following the date on which the Investment Advisory Contract was terminated. A new investment advisory agreement would require votes of the Board and the Shareholders of the Trust.

By terminating the Investment Advisory Contract, the Shareholders will force the Board to hire a new investment advisor who Laxey hopes will be more committed to reducing the discount to NAV at which the Shares trade and to providing Shareholders with regular opportunities to obtain liquidity for their Shares.

INFORMATION REGARDING INVESTMENT ADVISORY CONTRACT  
-----

Because this proposal relates to the termination of the Investment Advisory Contract, included in Schedule III to this proxy statement is information that Shareholders may wish to consider concerning the Investment Advisory Contract. As Laxey has no independent knowledge regarding this information, and since the Investment Advisory Contract has not been presented to the Shareholders for approval since 1996, the presentation of the information included in Schedule III is based entirely on disclosures contained in the Trust's public filings.

REQUIRED VOTE  
-----

As provided by the 1940 Act, approval of Laxey's proposal to terminate the Investment Advisory Contract will require the affirmative vote of a "majority of the outstanding voting securities" of the Trust, which means the affirmative vote of the lesser of (a) 67% or more of the Shares entitled to vote thereon present or represented by proxy at the Annual Meeting, if the holders of more than 50% of the outstanding Shares entitled to vote thereon are present or represented by proxy, or (b) more than 50% of the total outstanding Shares entitled to vote thereon. For this purpose, abstentions and broker non-votes will be counted as Shares present at the Annual Meeting for quorum purposes but not voting and will have the same effect as votes cast against Laxey's proposal.

Laxey recommends that you vote FOR the termination of the Investment Advisory Contract.

LAXEY'S RECOMMENDATIONS

Laxey is soliciting proxies to vote TO WITHHOLD AUTHORITY for the election of each of the Nominees, FOR the proposal to convert the Trust from a closed-end investment company to an open-end investment company and FOR Laxey's proposal to terminate the Investment Advisory Contract, at the Annual Meeting. Laxey is not aware of any other proposals to be brought before the Annual Meeting. However, should other proposals be brought before the Annual Meeting of which Laxey is not made aware within a reasonable time prior to the Annual Meeting, the persons named as proxies in the enclosed GOLD proxy card will vote on such matters in their discretion.

YOU ARE URGED TO VOTE TO WITHHOLD AUTHORITY FOR THE ELECTION OF EACH OF THE TRUST'S NOMINEES, FOR THE PROPOSAL TO CONVERT THE TRUST FROM A CLOSED-END INVESTMENT COMPANY TO AN OPEN-END INVESTMENT COMPANY AND FOR LAXEY'S PROPOSAL TO TERMINATE THE INVESTMENT ADVISORY CONTRACT ON THE ENCLOSED GOLD PROXY CARD.

VOTING AND PROXY PROCEDURES

Only Shareholders of record on the Record Date will be entitled to notice of and to vote at the Annual Meeting. Based on publicly available information, Laxey believes that the only outstanding class of securities of the Trust entitled to vote at the Annual Meeting is the Shares. Each Share is entitled to one vote on each matter as may properly be brought before the Annual

Although a revocation is effective if delivered to the Trust, Laxey requests that either the original or photostatic copies of all revocations be mailed to Laxey, in care of Morrow & Co., Inc., at the address set forth on the back cover of this proxy statement so that Laxey will be aware of all revocations and can more accurately determine if and when proxies have been received from the holders of record on the Record Date of a majority of the outstanding Shares.

LAXEY RECOMMENDS THAT YOU VOTE TO WITHHOLD AUTHORITY FOR THE ELECTION OF EACH OF THE TRUST'S NOMINEES, FOR THE PROPOSAL TO CONVERT THE TRUST FROM A CLOSED-END INVESTMENT COMPANY TO AN OPEN-END INVESTMENT COMPANY AND FOR LAXEY'S PROPOSAL TO TERMINATE THE INVESTMENT ADVISORY CONTRACT. IF YOU WISH TO VOTE, PLEASE SIGN, DATE AND RETURN PROMPTLY THE ENCLOSED GOLD PROXY CARD IN THE POSTAGE-PAID ENVELOPE PROVIDED. A GOLD PROXY CARD THAT IS RETURNED TO LAXEY WILL BE VOTED AS THE SHAREHOLDER INDICATES THEREON.
