(1) Inclusive of net assets attributable to Preferred Shares outstanding.

(2) PAST PERFORMANCE IS NO GUARANTEE OF FUTURE RESULTS. Total return is determined by subtracting the initial investment from the value at the end of the period and dividing the remainder by the initial investment and expressing the result as a percentage. The calculation assumes that all income dividends and capital gain distributions have been reinvested at prices obtained under the Fund's dividend reinvestment plan. Total return does not reflect broker commissions or sales charges. Total return for a period greater than one year represents the average annual total return. Total return for a period of less than one year is not annualized.

An investment in the Fund involves risk, including the loss of principal. Total return, price, yield and net asset value will fluctuate with changes in market conditions. This data is provided for information only and is not intended for trading purposes. A portion of the income generated by the Fund may be subject to federal, state and local taxes, and may at times be subject to the alternative minimum tax. Closed-end funds, unlike open-end funds, are not continuously offered. There is a one-time public offering and once issued, shares of closed-end funds are sold in the open market through a stock exchange. Net asset value is total assets applicable to common shareholders less total liabilities divided by the number of common shares outstanding. Holdings are subject to change daily.

(3) Market Price Yield is determined by dividing the annualized current monthly per share dividend to common shareholders by the market price per common share at April 30, 2004.

PIMCO MUNICIPAL INCOME FUNDS NOTES TO FINANCIAL STATEMENTS

April 30, 2004

1. ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

PIMCO Municipal Income Fund ("Municipal"), PIMCO California Municipal Income Fund ("California Municipal") and PIMCO New York Municipal Income Fund ("New York Municipal"), collectively referred to as the "Funds", were organized as Massachusetts business trusts on May 10, 2001. Prior to commencing operations on June 29, 2001, the Funds had no operations other than matters relating to their organization and registration as non-diversified, closed-end management investment companies registered under the Investment Company Act of 1940 and the rules and regulations thereunder, as amended. PA Fund Management LLC (the "Investment Manager," formerly known as PIMCO Advisors Fund Management LLC), serves as the Funds' Investment Manager and is an indirect, wholly-owned subsidiary of Allianz Dresdner Asset Management of America L.P., ("ADAM"). ADAM is an indirect majority-owned subsidiary of Allianz AG. The Funds have an unlimited amount of no par value common stock authorized.

Municipal invests substantially all of its assets in a portfolio of municipal bonds, the interest from which is exempt from federal income taxes. California Municipal invests substantially all of its assets in municipal bonds which pay interest that is exempt from federal and California state income taxes. New York Municipal invests substantially all of its assets in municipal bonds which pay interest that is exempt from federal, New York state and New York City income taxes. The Funds will seek to avoid bonds generating interest income which could potentially subject individuals to alternative minimum tax. The issuers' abilities to meet their obligations may be affected by economic and political developments in a specific state or region.

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

In the normal course of business the Funds enter into contracts that contain a variety of representations which provide general indemnifications. The Funds' maximum exposure under these arrangements is unknown as this would involve future claims that may be made against the Funds based upon events that have not yet occurred. However, the Funds expect the risk of any loss to be remote.

The following is a summary of significant accounting policies followed by the Funds:

(a) VALUATION OF INVESTMENTS

Portfolio securities and other financial instruments for which market quotations are readily available are stated at market value. The Fund's Investments are valued daily by an independent pricing service approved by the

Edgar Filing: PIMCO NEW YORK MUNICIPAL INCOME FUND - Form N-CSR

Board of Trustees. Prices obtained from an independent pricing service use information provided by market makers or estimates of market values obtained from yield data relating to investments or securities with similar characteristics. Short-term investments maturing in sixty days or less are valued at amortized cost, if their original maturity was 60 days or less or by amortizing their value on the 61st day prior to maturity, if the original term to maturity exceeded 60 days. Securities for which market quotations are not readily available or if a development/event occurs that may significantly impact the value of the security may be fair valued, pursuant to guidelines established by the Board of Trustees. The prices used by the Funds to value securities may differ from the value that would be realized if the securities were sold. The Fund's net asset value is determined daily at the close of regular trading (normally 4:00 p.m. Eastern time) on the New York Stock Exchange.

(b) INVESTMENT TRANSACTIONS AND INVESTMENT INCOME

Investment transactions are accounted for on the trade date. Realized gains and losses on investments are determined on the identified cost basis. Interest income is recorded on an accrual basis. Original issue discounts or premiums on debt securities purchased are accreted or amortized daily to non-taxable interest income. Market discount, if any, is accreted daily to taxable income.

(c) FEDERAL INCOME TAXES

The Funds intend to distribute all of their taxable income and to comply with the other requirements of the U.S. Internal Revenue Code of 1986, as amended, applicable to regulated investment companies. Accordingly, no provision for U.S. federal income taxes is required. In addition, by distributing substantially all of their taxable ordinary income and long-term capital gains, if any, during each calendar year, the Funds intend not to be subject to U.S. federal excise tax.

(d) FUTURES CONTRACTS

A futures contract is an agreement between two parties to buy and sell a financial instrument at a set price on a future date. Upon entering into such a contract, the Funds are required to pledge to the broker an amount of cash

or securities equal to the minimum "initial margin" requirements of the exchange. Pursuant to the contracts, the Funds agree to receive from or pay to the broker an amount of cash equal to the daily fluctuation in the value of the contracts. Such receipts or payments are known as "variation margin" and are recorded by the Funds as unrealized appreciation or depreciation. When the contracts are closed, the Funds record a realized gain or loss equal to the difference between the value of the contracts at the time they were opened and the value at the time they were closed. Any unrealized appreciation or depreciation recorded is simultaneously reversed. The use of futures transactions involve the risk of an imperfect correlation in the movements in the price of futures contracts, interest rates and the underlying hedged assets, and the possible inability of counterparties to meet the terms of their contracts.

Edgar Filing: PIMCO NEW YORK MUNICIPAL INCOME FUND - Form N-CSR

(e) OPTION TRANSACTIONS

For hedging purposes, the Funds may purchase and write (sell) put and call options on municipal bonds, U.S. government securities, swap agreements, indexes or futures contracts which are standardized and traded on a U.S. or other exchange, boards of trade, or similar entity, or quoted on an automated quotation system. The risk associated with purchasing an option is that the Funds pay a premium whether or not the option is exercised. Additionally, the Funds bear the risk of loss of premium and change in market value should the counterparty not perform under the contract. Put and call options purchased are accounted for in the same manner as portfolio securities.

The cost of securities acquired through the exercise of call options is increased by the premiums paid. The proceeds from the securities sold through the exercise of put options is decreased by the premiums paid.

When an option is written, the premium received is recorded as an asset with an equal liability which is subsequently adjusted to the current market value of the option written. Premiums received from writing options which expire unexercised are recorded on the expiration date as a realized gain. The difference between the premium received and the amount paid on effecting a closing purchase transaction, including brokerage commissions, is also treated as a realized gain, or if the premium is less than the amount paid for the closing purchase transactions, as a realized loss. If a call option is exercised, the premium is added to the proceeds from the sale of the underlying security in determining whether there has been a realized gain or loss. If a put option is exercised, the premium reduces the cost basis of the security. In writing an option, the Funds bear the market risk of an unfavorable change in the price of the security underlying the written option. Exercise of an option written could result in the Funds purchasing a security at a price different from the current market price.

(f) RESIDUAL INTEREST MUNICIPAL BONDS

The Funds invest in Residual Interest Tax Exempt Bonds ("RITES") whose interest rates bear an inverse relationship to the interest rate on another security or the value of an index, RITES are created by dividing the income stream provided by the underlying bonds to create two securities, one short-term and one long-term. The interest rate on the short-term component is reset by an index or auction process normally every seven to 35 days. After income is paid on the short-term securities at current rates, the residual income from the underlying bond(s) goes to the long-term securities. Therefore, rising short-term interest rates result in lower income for the longer-term portion, and vice versa. The longer-term bonds may be more volatile and less liquid than other Municipal Bonds of comparable maturity. An investment in RITES typically will involve greater risk than an investment in a fixed rate bond.

(g) DIVIDENDS AND DISTRIBUTIONS -- COMMON STOCK

The Funds declare dividends from net investment income monthly to common shareholders. Distributions of net realized capital gains, if any, are paid at least annually. Each Fund records dividends and distributions to its shareholders on the ex-dividend date. The amount of dividends and distributions from net investment income and net realized capital gains are determined in accordance with federal income tax regulations, which may differ from generally accepted accounting principles. These "book-tax" differences are either considered temporary or permanent in nature. To the extent these differences are permanent in nature, such amounts are reclassified within the capital accounts based on their federal income tax treatment; temporary differences do not require reclassification. To the extent dividends and/or distributions exceed current and accumulated earnings and profits for federal income tax

Edgar Filing: PIMCO NEW YORK MUNICIPAL INCOME FUND - Form N-CSR

purposes, they are reported as dividends and/or distributions of paid-in capital.

(h) CUSTODY CREDITS ON CASH BALANCES

The Funds benefit from an expense offset arrangement with their custodian bank whereby uninvested cash balances earn credits which reduce monthly custodian and accounting agent expenses. Had these cash balances been invested in income producing securities, they would have generated income for the Funds.

2. INVESTMENT MANAGER AND SUB-ADVISER

Each Fund has entered into an Investment Management Agreement (the "Agreements") with the Investment Manager to serve as Investment Manager to each Fund. Subject to the supervision of each Fund's Board of Trustees, the Investment Manager is responsible for managing, either directly or through others selected by it, the investment activities of each Fund and the Fund's business affairs and other administrative matters. Pursuant to the Agreements, the Investment Manager receives an annual fee, payable monthly, at the annual rate of 0.65% of each Fund's average daily net assets (including net assets attributable to any preferred shares that may be outstanding). In order to reduce Fund expenses, the Investment Manager has contractually agreed to reimburse each Fund for fees and expenses at the annual rate of 0.20% of the Fund's average daily net assets (including net assets attributable to any preferred shares that may be outstanding) from the commencement of operations through June 30, 2006, and for a declining amount thereafter through June 30, 2009.

The Investment Manager has retained its affiliate, Pacific Investment Management Company LLC (the "Sub-Adviser"), to manage each Fund's investments. Subject to the supervision of the Investment Manager, the Sub-Adviser makes all investment decisions with respect to each Fund's assets. The Investment Manager (not the Funds) pays a portion of the fees it receives to the Sub-Adviser in return for its services, at the maximum annual rate of 0.37% of each Fund's average daily net assets (including net assets attributable to any preferred shares that may be outstanding). The Sub-Adviser has contractually agreed to waive a portion of the fees it is entitled to receive from the Investment Manager, such that the Sub-Adviser will receive 0.25% of each Fund's average daily net assets (including net assets attributable to any preferred shares that may be outstanding) from the commencement of the Funds' operations through June 30, 2006, and will receive an increasing amount (not to exceed 0.37% of each Fund's average daily net assets, including net assets attributable to any preferred shares that may be outstanding) thereafter through June 30, 2009. The Investment Manager informed the Funds that it paid the Sub-Adviser \$1,354,622, \$997,529 and \$406,793 in connection with sub-advisory services for Municipal, California Municipal and New York Municipal, respectively, for the year ended April 30, 2004.

7. LEGAL PROCEEDINGS

On May 6, 2004, the Securities and Exchange Commission (the "Commission") filed a complaint in the U.S. District Court in the Southern District of New York alleging that the Investment Manager, certain of its affiliates and Stephen J. Treadway (the chief executive officer of the Investment Manager as well as the chairman and a trustee of the Funds) had, among other things, violated and/or aided and abetted violations of various antifraud provisions of the federal securities laws in connection with alleged "market timing" arrangements in certain open-end investment companies advised by the Investment Manager. The complaint seeks injunctive relief, disgorgement plus pre-judgment interest, monetary penalties, and an order permanently enjoining the defendants from serving as investment advisers, principal underwriters, officers, directors, or members of any advisory boards to any registered investment companies.

The above complaint does not allege that any inappropriate activity took place in the Funds and the Funds are not named in the complaint.

7. LEGAL PROCEEDINGS (CONCLUDED)

In addition, on June 1, 2004, ADAM and certain other affiliates of the Investment Manager entered into a consent order and final judgment with the Attorney General of the State of New Jersey (the "NJAG") in settlement of a lawsuit filed by the NJAG on February 17, 2004 in connection with alleged "market timing" arrangements. Under the terms of the settlement, ADAM and certain of its affiliates agreed to pay the State of New Jersey a civil monetary penalty of \$15 million and \$3 million for investigative costs. In addition, ADAM and certain of its affiliates agreed to make several corporate governance changes. Also on June 1, 2004, the NJAG dismissed its claims against the Sub-Adviser, which had been filed as part of the same lawsuit.

If the Commission (or other regulator) were to obtain a court injunction against the Investment Manager, its affiliates or Mr. Treadway, they and their affiliates (including the Sub-Adviser) would, in the absence of exemptive relief granted by the Commission, be barred from serving as an investment adviser/sub-adviser or principal underwriter for any registered investment company, including the Funds. In such a case, the Investment Manager and the Sub-Adviser would in turn seek exemptive relief from the Commission, as contemplated by the Investment Company Act, although there is no assurance that such exemptive relief would be granted. The Commission also has the power by order to prohibit the Investment Manager, the Sub-Adviser and their affiliates from serving as investment advisers and underwriters, although to date it has not exercised such powers with respect to market timing arrangements involving other mutual fund complexes.

Edgar Filing: PIMCO NEW YORK MUNICIPAL INCOME FUND - Form N-CSR

Since February, 2004, the Investment Manager, the Sub-Adviser and certain of their affiliates, various investment companies advised by the Investment Manager and the Sub-Adviser and their trustees (including Mr. Treadway) have been named as defendants in multiple lawsuits filed in U.S. District Court in the Southern District of New York, the Central District of California and the Districts of New Jersey and Connecticut. The lawsuits have been commenced as putative class actions on behalf of investors who purchased, held or redeemed shares of the specified funds during specific periods or as derivative actions on behalf of the specified funds. The lawsuits generally relate to the same facts that are the subject of the regulatory proceedings discussed above. The lawsuits seek, among other things, unspecified compensatory damages plus interest and, in some cases, punitive damages, the rescission of investment advisory contracts, and/or the return of fees paid under those contracts and restitution. The Funds have been named in several class action lawsuits. The Investment Manager and the Sub-Adviser believe that other similar lawsuits may be filed in U.S. federal or state courts naming ADAM, the Investment Manager, the Sub-Adviser, various investment companies they advise (which may include the Funds), their boards of trustees and/or their affiliates.

In November 2003, the Commission settled an enforcement action against an unaffiliated broker-dealer relating to the undisclosed receipt of fees from certain mutual fund companies in return for preferred marketing of their funds and announced that it would be investigating mutual funds and their distributors generally with respect to compensation arrangements relating to the sale of mutual fund shares. In that connection, the Investment Manager, the Sub-Adviser and certain of their affiliates are under investigation by the Commission relating to revenue-sharing arrangements and the use of brokerage commissions to recognize brokers effecting sales of open-end investment companies advised by the Investment Manager, the Sub-Adviser and their affiliates. In addition, the Attorney General of the State of California has publicly announced an investigation into the brokerage recognition and revenue-sharing arrangements of these open-end investment companies.

It is possible that these matters and/or other developments from these matters could lead to a decrease in the market price of the Funds' shares or other adverse consequences to the Funds and their shareholders. However, the Investment Manager and the Sub-Adviser believe that these matters are not likely to have a material adverse effect on the Funds or on the Investment Manager's or the Sub-Adviser's ability to perform its respective investment advisory services related to the Funds.

PIMCO Municipal Income Fund, PIMCO California Municipal Income Fund and
PIMCO New York Municipal Income Fund

In our opinion, the accompanying statements of assets and liabilities, including the schedules of investments, and the related statements of operations and of changes in net assets applicable to common shareholders and the financial highlights present fairly, in all material respects, the financial position of PIMCO Municipal Income Fund, PIMCO California Municipal Income Fund and PIMCO New York Municipal Income Fund (collectively hereafter referred to as the "Funds") at April 30, 2004, the results of each of their operations for the year then ended, and the changes in each of their net assets applicable to common shareholders for each of the two years in the period then ended and the financial highlights for each of the two years in the period then ended and for the period June 29, 2001 (commencement of operations) through April 30, 2002, in conformity with accounting principles generally accepted in the United States of America. These financial statements and financial highlights (hereafter referred to as "financial statements") are the responsibility of the Funds' management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States), which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits, which included confirmation of securities at April 30, 2004 by correspondence with the custodian and brokers, provide a reasonable basis for our opinion.

PIMCO MUNICIPAL INCOME FUNDS TAX INFORMATION (unaudited)

Subchapter M of the Internal Revenue Code of 1986, as amended, requires the Funds to advise shareholders within 60 days of the Funds' tax year end (April 30, 2004) as to the federal tax status of dividends and distributions received by shareholders during such tax period. Accordingly, please note that substantially all dividends paid from net investment income from the Funds during the tax period ended April 30, 2004 were federally exempt interest dividends. Although these Funds invested in municipal bonds containing market

discount, whose accretion is taxable. Accordingly, the percentage of dividends paid from net investment income during the tax period which are taxable were:

Municipal	2.00%
California Municipal	2.06%
New York Municipal	0.68%

Since the Funds' fiscal year is not the calendar year, another notification will be sent with respect to calendar year 2004. In January 2005, you will be advised on IRS Form 1099 DIV as to the federal tax status of the dividends and distributions received during calendar year 2003. The amount that will be reported, will be the amount to use on your 2004 federal income tax return and may differ from the amount which must be reported in connection with each Fund's tax year ended April 30, 2004. Shareholders are advised to consult with their tax advisers as to the federal, state and local tax status of the income received from the Funds. In January 2005, an allocation of interest by state will be provided which may be of value in reducing a shareholder's state or local tax liability, if any.

36 PIMCO Municipal Income Funds Annual Report 4.30.04

PIMCO MUNICIPAL INCOME FUNDS DIVIDEND REINVESTMENT PLAN (unaudited)

Pursuant to the Funds' Dividend Reinvestment Plan (the "Plan"), all Common Shareholders whose shares are registered in their own names will have all dividends, including any capital gain dividends, reinvested automatically in additional Common Shares by PFPC Inc., as agent for the Common Shareholders (the "Plan Agent"), unless the shareholder elects to receive cash. An election to receive cash may be revoked or reinstated at the option of the shareholder. In the case of record shareholders such as banks, brokers or other nominees that hold Common Shares for others who are the beneficial owners, the Plan Agent will administer the Plan on the basis of the number of Common Shares certified from time to time by the record shareholder as representing the total amount registered in such shareholder's name and held for the account of beneficial owners who are to participate in the Plan. Shareholders whose shares are held in the name of a bank, broker or nominee should contact the bank, whose broker or nominee elects not to participate on the investor's behalf), will be paid in cash by check mailed, in the case of direct shareholder, to the record holder by PFPC Inc., as the Fund's dividend disbursement agent.

Unless you (or your broker or nominee) elects not to participate in the Plan, the number of Common Shares you will receive will be determined as follows:

- (1) If Common Shares are trading at or above net asset value on the payment date, the Fund will issue new shares at the greater of (i) the net asset value per Common Share on the payment date or (ii) 95% of the market price per Common Share on the payment date; or

Edgar Filing: PIMCO NEW YORK MUNICIPAL INCOME FUND - Form N-CSR

(2) If Common Shares are trading below net asset value (minus estimated brokerage commissions that would be incurred upon the purchase of Common Shares on the open market) on the payment date, the Plan Agent will receive the dividend or distribution in cash and will purchase Common Shares in the open market, on the New York Stock Exchange or elsewhere, for the participants' accounts. It is possible that the market price for the Common Shares may increase before the Plan Agent has completed its purchases. Therefore, the average purchase price per share paid by the Plan Agent may exceed the market price on the payment date, resulting in the purchase of fewer shares than if the dividend or distribution had been paid in Common Shares issued by the Fund. The Plan Agent will use all dividends and distributions received in cash to purchase Common Shares in the open market on or shortly after the payment date, but in no event later than the ex-dividend date for the next distribution. Interest will not be paid on any uninvested cash payments.

You may withdraw from the Plan at any time by giving notice to the Plan Agent. If you withdraw or the Plan is terminated, you will receive a certificate for each whole share in your account under the Plan and you will receive a cash payment for any fraction of a share in your account. If you wish, the Plan Agent will sell your shares and send you the proceeds, minus brokerage commissions.

The Plan Agent maintains all shareholders' accounts in the Plan and gives written confirmation of all transactions in the accounts, including information you may need for tax records. The Plan Agent will also furnish each person who buys Common Shares with written instructions detailing the procedures for electing not to participate in the Plan and to instead receive distributions in cash. Common Shares in your account will be held by the Plan Agent in non-certificated form. Any proxy you receive will include all Common Shares you have received under the Plan.

There is no brokerage charge for reinvestment of your dividends or distributions in Common Shares. However, all participants will pay a pro rata share of brokerage commissions incurred by the Plan Agent when it makes open market purchases.

Automatically reinvested dividends and distributions are taxed in the same manner as cash dividends and distributions.

The Funds and the Plan Agent reserve the right to amend or terminate the Plan. There is no direct service charge to participants in the Plan; however, the Funds reserve the right to amend the Plan to include a service charge payable by the participants. Additional information about the Plan may be obtained from the Funds' transfer agent, PFPC Inc., P.O. Box 43027, Providence, RI 02940-3027, telephone number 1-800-331-1710.

Any such pre-approval shall be reported to the full Committee at its next regularly scheduled meeting.
