Item 2.02 Results of Operations and Financial Condition. Quarterly Results Press Release

On February 7, 2006, a press release was issued regarding the first quarter results of Emerson Electric Co. (EMR). A copy of this press release is furnished with this Current Report on Form 8-K as Exhibit 99.1.

The press release contains non-GAAP financial measures as such term is defined in Regulation G under the rules of the Securities and Exchange Commission. While Emerson believes these non-GAAP financial measures are useful in evaluating the company, this information should be considered as supplemental in nature and not as a substitute for or superior to the related financial information prepared in accordance with GAAP. Further, these non-GAAP financial measures may differ from similarly titled measures presented by other companies. The reasons why management believes that these non-GAAP financial measures provide useful information are set forth in the Company's most recent Form 10-K filed with the Securities and Exchange Commission.

Item 7.01 Regulation FD Disclosure.

The following information is furnished pursuant to Regulation FD.

Emerson GAAP Underlying Orders 3 Month Summary

(Percent change. Trailing 3-month average versus prior year.)

	<u>Oct _05</u>	<u>Nov _05</u>	<u>Dec _05</u>
Process Management	>20+	+10 to +15	+5
Industrial Automation	+10 to +15	+5 to +10	+5 to +10
Network Power	>20+	+15 to +20	>20+
Climate Technologies	>20+	>20+	+15 to +20
Appliance and Tools	+5 to +10	+5 to +10	+5
Total Emerson	+15 to +20	+10 to +15	+10 to +15

December 2005 Order Comments:

Orders grew at a double-digit pace for the quarter as end markets remained strong while unfavorable currency exchange rates reduced orders by approximately 4 percentage points.

Process Management orders showed continued growth and the outlook for this business remains strong. The order growth rate change from recent months reflected tougher comparisons, the negative impact from currency of 7% to 8%, and the timing of project bookings.

Orders for Industrial Automation were led by continued capital spending and industrial demand in North America. The growth for this segment was led by the power generating alternator business.

Edgar Filing: EMERSON ELECTRIC CO - Form 8-K

Network Power orders continued at high levels due primarily to strong growth from both the power systems business and the embedded power business. The North American uninterruptible power supply and cooling business was particularly strong with order growth in excess of 25 percent during the quarter.

Edgar Filing: EMERSON ELECTRIC CO - Form 8-K

Orders for Climate Technologies remained very strong with the compressor business leading the growth. Orders remained strong driven by the residential air-conditioning business, which continued to see 10 SEER orders ahead of the transition to 13 SEER.

Appliance and Tools segment orders remained solid with growth led by the professional tools business and modest growth in the motors business.

Upcoming Investor Events:

Emerson senior management will discuss the Company's first quarter 2006 results during an investor conference call that will be held on Tuesday, February 7, 2006. The call will begin at 2:00 p.m. Eastern Standard Time (1:00 p.m. Central Standard Time).

All interested parties may listen to the live conference call via the Internet by going to the Investor Relations area of Emerson's Web site at www.gotoemerson.com/financial and completing a brief registration form. A replay of the conference call will be available for the next three months at the same location on the Web site.
