A. ORGANIZATION AND NATURE OF OPERATIONS

Empower Health, Inc. (the "Company") was incorporated on March 21, 2000 for the purpose of creating a care management company through strategy development, market research, and establishing key relationships with health plans and providers of health care services. The Company's operations were totally funded by its majority stockholders. These amounts have been reflected as capital contributions in the accompanying financial statements. The Company elected to be taxed as a subchapter S corporation under the provisions of the Internal Revenue Code.

C. PROPERTY AND EQUIPMENT

Property and equipment are stated at cost. Depreciation for equipment and furniture and fixtures is recognized over useful lives of five years.

Actual results could differ from these estimates.

 NOTES TO UNAUDITED PRO FORMA COMBINED FINANCIAL INFORMATION
 (All amounts expressed in thousands)

The accompanying pro forma combined balance sheet reflects the pro

forma balance sheet of American Healthways, Inc. as if the acquisition of Empower Health, Inc. had occurred as of May 31, 2001. The accompanying pro forma combined statements of operations reflect the pro forma results of American Healthways, Inc. as if the acquisition of Empower Health Inc. had occurred on September 1, 1999.

PRO FORMA ADJUSTMENTS

1. To reflect the allocation of the purchase price (consisting of common stock valued at \$3,032 and payment of acquisition related costs of \$846) as follows:

Fair value of liabilities assumed	\$ (87)
Intangible assets:	
Non-compete agreements	400
Excess of cost over net assets of purchased companies	3,565

Total purchase price	\$ 3,878
	=====

2. To eliminate equity of purchased company.
3. To reflect additional amortization of identifiable intangible assets and excess of cost over net assets of purchased companies using the straight-line method of amortization and the following estimated useful lives: non-compete agreements - three years; excess of cost over net assets of purchased companies - twenty-five years.

In July 2001, the Financial Accounting Standards Board issued SFAS No. 141, Business Combinations, and No. 142, Goodwill and Other Intangible Assets. SFAS No. 141 requires that the purchase method of accounting be used for all business combinations initiated after June 30, 2001 and that the pooling-of-interest method is not longer allowed. SFAS No. 142 requires that upon adoption, amortization of goodwill will cease and instead, the carrying value of goodwill will be evaluated for impairment on an annual basis. Identifiable intangible assets will continue to be amortized over their useful lives. SFAS No. 142 is effective for fiscal years beginning after December 15, 2001; however, American Healthways, Inc. may elect early adoption of this statement on September 1, 2001, the beginning of its 2002 fiscal year. American Healthways, Inc. is evaluating the impact of the adoption of these standards on previously existing intangible assets and on intangible assets generated from the acquisition of Empower Health, Inc. and has not yet determined the effect of adoption on its financial position and results of operations.

4. To record estimated federal and state income tax benefit at a combined rate of 38%, as a result of the decrease in pro forma combined earnings before income taxes due to the operating losses before taxes of Empower Health, Inc. and the amortization of non-compete agreements. The remaining amortization expense of excess of cost over net assets of purchased companies is not considered deductible for income tax purposes.
5. To reflect weighted average shares for stock issued in acquisition.
