PROXY STATEMENT

The Board of Directors is soliciting proxies to be used at the 2003 annual meeting. This proxy statement and the enclosed proxy will be mailed to stockholders on or about April 25, 2003.

ABOUT THE MEETING

What is the purpose of the annual meeting?

At our annual meeting, stockholders will act upon the proposals outlined in the accompanying notice of meeting. In addition, our management will report on our performance during fiscal 2002 and respond to questions from stockholders.

Who is entitled to vote?

Only stockholders of record at the close of business on the record date, April 7, 2003, are entitled to receive notice of the annual meeting, and to vote the shares of common stock that they held on that date at the meeting, or any postponement or adjournment of the meeting. Each outstanding share entitles its holder to cast one vote on each matter to be voted upon.

What constitutes a quorum?

The presence at the meeting, in person or by proxy, of the holders of a majority of the shares of common stock outstanding on the record date will constitute a quorum, permitting the meeting to conduct its business. As of the record date, 12,508,420 shares of our common stock were outstanding. Proxies received but marked as abstentions and broker non-votes will be included in the calculation of the number of shares considered to be present at the meeting.

How do I vote?

If you complete and properly sign the accompanying proxy card and return the card to us, it will be voted as you direct. If you are a registered stockholder and attend the meeting, you may deliver your completed proxy card in person. Street name stockholders who wish to vote at the meeting will need to obtain a proxy form from the institution that holds their shares.

Can I change my vote after I return my proxy card?

Yes. You can revoke your proxy at any time before it is exercised in any of three ways:

- by submitting written notice of revocation to the Secretary;
- by submitting another proxy that is later dated and properly signed; or
- by voting in person at the meeting.

Table of Contents

What are the Board's recommendations?

Unless you give other instructions on your proxy card, the persons named as proxies on the proxy card will vote in accordance with the recommendations of the Board of Directors. The Board recommends a vote *for* election of each of the nominated directors (see page 6).

With respect to any other proposal that properly comes before the meeting, the proxies will vote as recommended by the Board of Directors or, if no recommendation is given, in their own discretion.

What vote is required to approve each item?

Election of Directors. The affirmative vote of a plurality of the votes cast by the stockholders entitled to vote at the meeting is required for the election of directors. A properly executed proxy indicating that authority is WITHHELD with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum. Therefore, so long as a quorum is present, withholding authority will have no effect on whether one or more directors is elected.

Other Proposals. Any other proposal, other than the election of directors, that properly comes before the meeting will be approved if a majority of the shares represented and voting on the proposal vote in favor of the proposal. The Board of Directors knows of no other matters that are to be brought to a vote at the annual meeting. If any other matter does come before the annual meeting, the persons appointed in the proxy or their substitutes will vote in accordance with their best judgment on such matters.

How do I vote my shares if they are held in the name of my broker (street name)?

If your shares are held by your broker, often referred to as in street name, you should receive a form from your broker seeking instruction as to how your shares should be voted. If you do not issue instructions to your broker, your broker may vote your shares at its discretion on your behalf. However, if you hold your shares in street name through a broker or other nominee, your broker or nominee may or may not be permitted to exercise voting discretion with respect to other proposals to be voted on. A broker holding shares registered in a street name is permitted to vote, in the broker's discretion, on routine matters without receiving instructions from the client, but is not permitted to vote without instructions on non-routine matters. A broker non-vote occurs when the broker returns a proxy card without a vote (the non-vote) on the non-routine matter. Shares represented by the broker non-votes will not be counted as votes for or against any proposal, but they will be counted in determining whether there is a quorum for purposes of each proposal.

PROPOSAL 1 ELECTION OF DIRECTORS

Directors Standing for Election

Our Board of Directors is divided into three classes (Class I, Class II and Class III). At each annual meeting of stockholders, directors constituting one class are elected for a three-year term. Our Certificate of Incorporation provides that each class shall consist, as nearly as possible, of one-third of the total number of directors constituting the entire Board of Directors. Currently, the number of directors has been fixed at eleven. Due to the resignation of Marguerite W. Sallee on March 6, 2003, there is one vacancy on the Board of Directors. Despite the vacancy, you may not vote for a greater number of persons than the number of nominees named in the proxy card. The Board of Directors has nominated and recommends to the stockholders E. Townes Duncan, Sarah Lawrence-Lightfoot and David H. Lissy, each of whom is an incumbent Class II director, for election as Class II directors to serve until the annual meeting of stockholders in 2006 and until such time as their respective successors are duly elected and qualified.

If any of the nominees should become unable to accept election, the persons named as proxies on the proxy card may vote for such other person or persons as may be designated by the Board of Directors. Management has no reason to believe that any of the nominees named above will be unable to serve. Certain information with respect to the nominees for election as Class II directors and with respect to Class I and Class III directors (who are not nominees for election at the annual meeting) is set forth below.

Report of the Audit Committee

The Audit Committee of the Board of Directors is comprised of three non-employee directors who are independent directors as defined under the applicable listing standards of The Nasdaq Stock Market, Inc. The Audit Committee operates under a written charter, which was recently amended, a copy of which is included as Appendix A to this proxy statement. The amended charter takes into account the provisions of the Sarbanes-Oxley Act of 2002.

The primary purpose of the Audit Committee is to assist the Board of Directors in fulfilling its responsibility to oversee (i) the integrity of the financial statements of the Company, (ii) the Company's compliance of legal and regulatory requirements, (iii) the outside auditors' qualifications and independence, and (iv) the performance of the Company's independent outside auditors. The Audit Committee is directly responsible for the appointment, compensation and oversight of the work of the independent auditors. The independent auditors report directly to the Audit Committee. Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls. The Company's independent auditors are responsible for planning and carrying out proper annual audits and quarterly reviews of the Company's financial statements. The independent auditors express an opinion on the conformity of the Company's audited financial statements with accounting principles generally accepted in the United States.

In the performance of its oversight function, the Audit Committee has reviewed and discussed the audited financial statements with management and the independent auditors. The Audit Committee has discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees), as amended by Statement on Auditing Standards No. 90 (Audit Committee Communications). In addition, the Audit Committee has received from the independent auditors the written disclosures required by Independence Standards Board No. 1 (Independence Discussions with Audit Committees) and discussed with them their independence from the Company and its management. The Audit Committee has considered whether the independent auditors' provision of non-audit services to the Company is compatible with the auditors' independence.

The Audit Committee discussed with the Company's independent auditors the overall scope and plans for their respective audits. The Audit Committee meets with the external auditors, with and without management present, to discuss the results of their examinations, the evaluations of the Company's internal controls and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the board of directors, and the board has approved, that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2002, for filing with the Securities and Exchange Commission.

Severance Agreements

We have severance agreements with Stephen I. Dreier, David H. Lissy, Elizabeth J. Boland and Mary Ann Tocio which provide the following benefits to them if their employment is terminated within twenty-four (24) months following a change of control (as defined below) for any reason other than for cause (as defined in the severance agreements), death or disability or if they terminate their own employment for good reason (as defined in the severance agreements):

Accrued and unpaid base salary as of the date of termination plus a prorated portion of any bonus payable for the fiscal year in which the termination occurs;

For a period of twenty-four months or until the employee secures other employment (whichever is less), monthly severance pay equal to 1/24 (1/26 in the case of Ms. Tocio) of the employee's total salary and cash bonus for the employee's last two years of employment with the Company;

For a period of twenty-four months or until the employee becomes eligible for participation in a group health plan of another employer (whichever is less), payment by the Company of the employee's and the employee's dependents' premiums for continuation of health insurance coverage or participation in a substantially similar health plan; and

Automatic vesting of the employee's stock options immediately prior to the change in control, notwithstanding any provision of our stock incentive plans or any option agreements.

A change in control will be deemed to have occurred if:

Any person becomes the beneficial owner of 50% of the voting power of our outstanding securities;

The Company is a party to a merger, consolidation, sale of assets or other reorganization, or a proxy contest, pursuant to which the Board members in office prior to the transaction constitute less than a majority of the Board thereafter; or

Certain changes to the composition of the board occur, as more particularly described in the severance agreements.

In addition, the severance agreements prohibit each employee from competing against us during the period in which the employee is receiving severance benefits and divulging any of our trade secrets or other confidential information.

Ms. Tocio's and Mr. Lissy's severance agreements also provide that they will receive the same benefits set forth above for a period of one year if they are terminated without cause, or if they terminate their employment for good reason, without a change in control of the Company, except that stock options will not automatically vest upon such termination of employment.

Report of the Compensation Committee on Executive Compensation

Decisions concerning the compensation of our executive officers are made by the Compensation Committee of the Board of Directors. Each member of the Compensation Committee is a non-employee director. The Compensation Committee has the responsibility for reviewing and approving salaries, bonuses, and other compensation and benefits of executive officers, advising management regarding benefits and other terms and conditions of compensation, and administering our stock incentive plans.

What is the Company's philosophy and what are its policies for executive officer compensation?

The Compensation Committee believes that the primary objectives of the Company's executive compensation policy should be:

to attract and retain talented executives by providing a compensation program that is competitive with the compensation provided to executives at companies of comparable size and position in service businesses, while maintaining compensation within levels that are consistent with the Company's business plan, financial objectives and operating performance;

Table of Contents

to provide appropriate incentives for executives to work towards the achievement of the annual performance goals established by the Company; and

to more closely align the interests of its executives with those of stockholders by providing long-term incentive compensation in the form of stock option awards and other equity-based, long-term incentive compensation.

The Compensation Committee believes that the Company's executive compensation policies should be reviewed during the first half of the fiscal year after the financial results of the prior fiscal year become available. The policies should be reviewed in light of their consistency with the Company's financial performance, its operating plan and its position within the child care and education industry, as well as the compensation policies of similar companies in the child care and education business and other service businesses. The compensation of individual executive officers is then reviewed annually by the Compensation Committee in light of its executive compensation policies for that year.

In setting and reviewing compensation for the executive officers, the Compensation Committee considers a number of different factors designed to assure that compensation levels are properly aligned with the Company's business strategy, corporate culture and operating performance. Among the factors considered are the following:

Comparability The Compensation Committee considers the compensation packages of similarly situated executives at companies deemed to be most comparable to the Company. The objective is to maintain competitiveness in the marketplace in order to attract and retain the highest quality executives. This is a principal factor in setting base levels of compensation.

Pay for Performance The Compensation Committee believes that compensation should be in part directly linked to operating performance. To achieve this link with regard to short-term performance, the Compensation Committee has relied on cash bonuses which have been determined on the basis of certain objective and subjective factors after receiving the recommendations of senior management.

Equity Ownership The Compensation Committee believes that an integral part of the executive compensation program at the Company is equity-based compensation plans which encourage and create ownership of the Company's stock by its executives, thereby more closely aligning executives' long-term interests with those of the stockholders. These long-term incentive programs are principally reflected in the Company's stock-based incentive plans. The Compensation Committee believes that significant stock ownership is a major incentive in building stockholder value and reviews awards of equity-based incentives with that goal in mind.

Qualitative Factors The Compensation Committee believes that in addition to corporate performance and specific division performance, it is appropriate to consider in setting and reviewing executive compensation the personal contributions that a particular individual may make to the success of the corporate enterprise. Such qualitative factors as leadership skills, planning initiatives, development skills, public affairs and civic involvement have been deemed to be important qualitative factors to take into account in considering levels of compensation.

How was base compensation determined in 2002?

The Compensation Committee subjectively determined base compensation on the basis of discussions with Roger Brown, the Company's Executive Chairman in 2002, a review of the base compensation of executive officers of comparable companies, its experience with the Company and in business generally, and what it viewed to be the appropriate levels of base compensation after taking into consideration the contributions of each executive officer.

Table of Contents

How was base compensation of the Chief Executive Officer determined in 2002?

The Compensation Committee believes that the Chief Executive Officer's compensation is consistent with its general policies and procedures concerning executive compensation and is appropriate in light of the Company's financial objectives and performance. Awards of long-term incentive compensation to the Chief Executive Officer are considered concurrently with awards to other executive officers and following the same general policies as such other long-term incentive awards.

The Compensation Committee subjectively determined base compensation of the Chief Executive Officer on the basis of discussions with Roger H. Brown, the Company's Executive Chairman in 2002, a review of the base compensation of chief executive officers of comparable companies, its experience with the Company and in business generally, and what it viewed to be the appropriate levels of base compensation after taking into consideration the contributions of the Chief Executive Officer.

How was incentive compensation determined in 2002?

Annual Incentive Compensation. For 2002, the Compensation Committee reviewed the Company's executive officer performance in terms of achieving pre-tax profitability targets and each executive officer's contribution to the achievement of this objective. Based on its review of the performance goals and on subjective factors taken into consideration, the Compensation Committee approved incentive payments aggregating \$416,800 for 2002, including \$112,000 for Mr. Lissy, the Company's Chief Executive Officer in 2002. No factors in addition to the ones discussed above were considered in setting the incentive compensation of the Chief Executive Officer.

Long-Term Incentive Compensation. The Compensation Committee believes the Company as a part of its regular executive compensation policies should grant awards of long-term, equity-based incentives to executive officers as part of the compensation package that is reviewed annually for each executive officer. In making these awards, the Compensation Committee establishes guidelines at the time of the annual review and takes into account the recommendations of the Chief Executive Officer and the President prior to approving awards of long-term, equity-based incentive compensation to the other executive officers.

During 2002, the Compensation Committee reviewed the amount of stock option holdings by the Company's executive officers and the terms of these options. Based on the Compensation Committee's desire to encourage and create ownership of the Company's common stock by its executive officers and to use equity-based incentives as a retention tool, the Compensation Committee determined to grant stock options to purchase an aggregate of 60,000 shares of common stock with an exercise price based on the fair market value of the common stock on the date of the grant to the executive officers, including option grants to purchase an aggregate of 24,000 shares of common stock to Mr. Lissy, the Company's Chief Executive Officer in 2002. The options for the executive officers of the Company generally vest annually over five years in one-fifth increments. See *Option Grants for Fiscal 2002*.

How is the Company addressing Internal Revenue Code limits on deductibility of compensation?

Section 162(m) of the Internal Revenue Code of 1986, enacted as part of the Omnibus Budget Reconciliation Act in 1993, generally disallows a tax deduction to public companies for compensation over \$1,000,000 paid to the Company's Chief Executive Officer and four other most highly compensated executive officers. Compensation paid to these officers in excess of \$1,000,000 that is not performance-based cannot be claimed by the Company as a tax deduction. The Compensation Committee believes it is appropriate to take into account the \$1,000,000 limit on the deductibility of executive compensation and to seek to qualify executive compensation awards as performance-based compensation excluded from the \$1,000,000 limit. Stock options and other equity-based incentives granted under the Company's stock incentive plans qualify as performance-based compensation. None of the executive officers received compensation in 2002 that would exceed the \$1,000,000 limit on deductibility. The Committee has not determined whether it will approve any compensation arrangements that will cause the \$1,000,000 limit to be exceeded in the future.

Compensation Committee Interlocks and Insider Participation

During fiscal 2002, the Compensation Committee of the Board of Directors was composed of E. Townes Duncan, Joshua Bekenstein and Fred K. Foulkes. None of these persons has at any time been an officer or employee of the Company or any of its subsidiaries. In addition, there are no relationships among the Company's executive officers, members of the Compensation Committee or entities whose executives serve on the Board of Directors or the Compensation Committee that require disclosure under applicable Securities and Exchange Commission regulations.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

The federal securities laws require our directors and executive officers, and persons who own more than 10% of our capital stock, to file initial reports of ownership and reports of changes in ownership of any of our securities with the Securities and Exchange Commission, The Nasdaq National Market and the Company.

Based solely upon a review of filings with the Securities and Exchange Commission and written representations that no other reports were required, we believe that all of our directors and executive officers complied during 2002 with their reporting requirements, with the exception of the following: an amended filing on Form 4 made by Linda A. Mason on January 6, 2003 relating to the exercise of an option to purchase shares of the Company's common stock and the subsequent sale of such securities that occurred on September 11, 2002; an amended filing on Form 4 made by Roger H. Brown on January 6, 2003 relating to the exercise of an option to purchase shares of the Company's common stock and the subsequent sale of such securities that occurred on September 11, 2002; a late filing on Form 4 made by Robert D. Lurie, a member of the Board of Directors until February 26, 2003, on September 26, 2002 relating the settlement of a forward sale agreement that occurred on August 30, 2002; a late filing on Form 4 made by Robert D. Lurie on September 17, 2002 relating to the sale of shares of the Company's common stock that occurred on September 11, 2002; and a late filing on Form 4 made by Robert D. Lurie on September 17, 2002 relating to the sale of shares of the Company's common stock that occurred on September 10, 2002.

To our knowledge, none of our stockholders reporting beneficial ownership of more than 10% of our capital stock complied with the Section 16(a) reporting requirements.

INDEPENDENT PUBLIC ACCOUNTANTS

Change in Independent Public Accountants

As previously reported on a Current Report on Form 8-K filed on May 24, 2002, on May 17, 2002, PricewaterhouseCoopers LLP (PricewaterhouseCoopers) was appointed to serve as the Company's independent public accountants for the year ended December 31, 2002 and Arthur Andersen LLP (Andersen) was dismissed as the Company's independent public accountants. The decision to change independent public accountants was made by the Audit Committee.

Andersen's report on the Company's consolidated financial statements for the fiscal years ended December 31, 2000 and December 31, 2001 did not contain an adverse opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principles. During the Company's two fiscal years ended December 31, 2000 and December 31, 2001 and the subsequent interim period preceding the decision to change independent public accountants, there were no disagreements with Andersen on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which if not resolved to the satisfaction of Andersen would have caused them to make reference to the subject matter of the disagreement in connection with the audit reports on the Company's consolidated financial statements for such years, and there were not reportable events as defined in Item 304(a)(1)(v) of Regulation S-K.

During the Company's two most recent fiscal years ended December 31, 2000 and December 31, 2001, and the subsequent interim period through the date of Andersen's dismissal, the Company did not consult PricewaterhouseCoopers with respect to the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's consolidated financial statements, or any other matters or reportable events listed in Items 304(a)(2)(i) and (ii) of Regulation S-K.

The Committee shall review and reassess the adequacy of this Charter on an annual basis and submit it annually to the Board for approval.

MEMBERSHIP

The Committee shall be comprised of not less than three members of the Board, who as determined by the Board, are independent and meet the other qualification standards set by federal and state legislation and regulation and the applicable listing standards of The Nasdaq Stock Market, Inc. One member of the Committee shall have accounting or related financial management expertise and each member shall be able to read and understand financial statements as determined by the Board. The Committee also shall consider whether one of its members is a financial expert as defined by SEC Rules and whether such expert is independent from management as set forth in Schedule 14A of the SEC Rules. A Committee member other than in his or her capacity as a Committee or Board member shall not accept directly or indirectly any consulting, advisory or other compensatory fee from the Company or be an affiliated person of the Company or any subsidiary thereof as set forth in SEC Rules.

DUTIES AND RESPONSIBILITIES

The Committee's oversight responsibility recognizes that the Company's management is responsible for preparing the Company's financial statements in accordance with generally accepted accounting principles and that the outside auditors are responsible for auditing those financial statements. Additionally, the Committee recognizes that the Company's financial management, as well as its outside auditors, have more time, knowledge and more detailed information on the Company and its financial reports than do Committee members; consequently, in carrying out its duties and responsibilities, the Committee is not providing any expert or special assurance as to the Company's financial statements and is not conducting an audit or investigation of the financial statements or determining that the Company's financial statements are true and complete or are in accordance with generally accepted accounting principles and applicable SEC Rules.

The following functions shall be the common recurring activities of the Committee in carrying out its oversight duties and responsibilities. These functions are set forth as minimum duties and responsibilities with the understanding that the Committee may undertake additional duties and responsibilities as the Board or the Committee deems appropriate given the circumstances.

The Committee shall have the sole authority to appoint or replace the outside auditors. The Committee shall be directly responsible for the compensation and oversight of the work of the outside auditors (including resolution of disagreements between management and the outside auditors regarding financial reporting) for the purpose of preparing or issuing an audit report or related work or performing other audit, review or attest services for the Company. The outside auditors shall report directly to the Audit Committee.

The Committee shall preapprove all auditing services and permitted non-audit services (including the fees and terms thereof) to be performed for the Company by its outside auditors, subject to the de minimus exceptions for non-audit services described in Section 10A(i)(1)(B) of the Exchange Act which are approved by the Committee prior to the completion of the audit. Approval by the Committee of a non-audit service shall be disclosed in the reports filed by the Company with the SEC or otherwise as required by law and SEC Rules. The Committee may delegate to one or more designated Committee members the authority to grant preapprovals of audit and permitted non-audit services, provided that any such decisions to grant preapprovals shall be presented to the full Committee at its next scheduled meeting.

The Committee shall review and discuss with management and the outside auditors the annual audited and quarterly unaudited financial statements, the Company's disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operation, and the selection, application and disclosure of critical accounting policies and practices used in such financial statements. The Committee also shall review and discuss with the outside auditors the matters required to be discussed by Statements of Auditing Standards (SAS) No. 61 and No. 90 as may be modified or supplemented. The discussion of the financial statements and the related critical accounting policies and practices shall occur prior to the public release of such financial statements and the discussion of the related disclosure, including the Management's Discussion and Analysis of Financial Condition and Results of Operation, shall occur prior to the filing of the Form 10-Q or 10-K. Additionally, based on such review and discussion, the Committee shall consider whether to recommend to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K.

The Committee shall review and approve all related-party transactions.

The Committee shall discuss with management and the outside auditors significant financial reporting issues and judgments made in connection with the preparation of the Company's financial statements, including any significant changes in the Company's selection or application of accounting principles, any major issues as to the adequacy of the Company's internal controls and any special steps adopted in light of material control deficiencies. The Committee shall discuss with management and the outside auditors the effect of regulatory and accounting initiatives, as well as off-balance sheet structures, on the Company's financial statements.

The Committee shall discuss with management and the outside auditors policies with respect to risk assessment and risk management and the quality and adequacy of the Company's internal controls and processes that could materially affect the Company's financial statements and financial reporting. The Committee shall meet separately, at least quarterly, with management, and with the outside auditors and shall review with the outside auditors any audit problems or difficulties and management's response.

The Committee shall:

- evaluate the outside auditors' qualifications, performance and independence, including the review and evaluation of the lead partner of the outside auditors' team;

- ensure the rotation of the lead audit partner of the outside auditors and the audit partners responsible for reviewing the audit and all such other members of the outside auditors participating in the Company audit as required by Nasdaq and SEC Rules;
