FORWARD LOOKING STATEMENTS Statements in this release that are forward-looking statements are based on current expectations and assumptions that are subject to risks and uncertainties. In some cases, forward-looking statements can be identified by terminology such as may, should, potential, continue, expects, anticipates, in plans, believes, estimates, and similar expressions. Actual results could differ materially from projected results because of factors such as: the soundness of our business strategies relative to the perceived market opportunities; MedAvant's ability to successfully develop, market, sell, cross-sell, install and upgrade its clinical and financial transaction services and applications to current and new physicians, payers, medical laboratories and pharmacies; the ability to compete effectively on price and support services; MedAvant's ability and that of its business associates to perform satisfactorily under the terms of its contractual obligations, and to comply with various government rules regarding healthcare and patient privacy; entry into markets with vigorous competition, market acceptance of existing products and services, changes in licensing programs, product price discounts, delays in product development and related product release schedules, any of which may cause revenues and income to fall short of anticipated levels; the availability of competitive products or services; the continued ability to protect the company's intellectual property rights, implementation of operating cost structures that align with revenue growth; uninsured losses; adverse results in legal disputes resulting in liabilities; unanticipated tax liabilities; the effects of a natural disaster or other catastrophic event beyond our control that results in the destruction or disruption of any of our critical business or information technology systems. Any of these factors could cause the actual results to differ materially from the guidance given at this time. For further cautions about the risks of investing in MedAvant, we refer you to the documents MedAvant files from time to time with the Securities and Exchange Commission, including, without limitation, its most recently filed Annual Report on Form 10-K/A.
