Item 2.02 Results of Operations and Financial Condition

On February 1, 2007, First BanCorp. (the Corporation) issued a press release announcing, among other things, its unaudited results of operations for the year ended December 31, 2005. A copy of the press release is attached hereto. The Corporation has reported net interest margin on a tax equivalent basis excluding the unrealized changes in the fair value of derivative instruments (mainly changes in the fair value of interest rate swaps). The Corporation included this non-GAAP financial measure in the release because it believes that the net interest income on a tax equivalent basis, which considers the interest expense disallowance required by Puerto Rico law, and the exclusion of the unrealized changes in the fair value of derivative instruments from the non-GAAP measure provides meaningful information to investors about the Corporation's net interest margin and facilitates period-over-period comparability and analysis since net interest income generated on a substantial portion of the Corporation's assets is tax exempt and the changes in the fair value of the derivative instruments have no effect on interest earned or interest due on the corporation's interest-earning assets and interest-bearing liabilities. Investors should be aware that non-GAAP measures have inherent limitations and should be read only in conjunction with the Corporation's consolidated financial data prepared in accordance with GAAP.

The information furnished pursuant to this Item 2.02 of this Current Report on Form 8-K, including Exhibit 99.1, shall not be deemed filed for purposes of the Securities Exchange Act of 1934, as amended, nor shall it be incorporated by reference into any of the Corporation's filings under the Securities Act of 1933, as amended, unless otherwise expressly stated in such filing.

Item 8.01 Other Events

The Company also announced in its February 1, 2007 press release the most significant developments undertaken during 2005 and 2006. Those portions of the press release that describe those developments are incorporated herein by reference from Exhibit 99.1.
