PROXY STATEMENT

THE GEO GROUP, INC.

Boca Raton, Florida 33487
Telephone: (561) 893-0101

April 5, 2007

The GEO Group Inc. (GEO, we or us) is furnishing this proxy statement in connection with the solicitation of proxies by our board of directors for use at the annual meeting of shareholders to be held at the Doral Golf Resort & Spa, 4400 N.W. 87th Avenue, Miami, Florida, May 1, 2007, at 9:00 A.M., Eastern Standard Time. Please note that the proxy card provides a means to withhold authority to vote for any individual director-nominee. Also note that the format of the proxy card provides an opportunity to specify your choice between approval, disapproval or abstention with respect to the proposals indicated on the proxy card. A proxy card which is properly executed, returned and not revoked, will be voted in accordance with the instructions indicated. A proxy voted by telephone or the internet and not revoked will be voted in accordance with the shareholder's instructions. If no instructions are given, proxies that are signed and returned or voted by telephone or internet will be voted as follows:

FOR the election of directors for the ensuing year;

FOR the proposal to ratify the appointment of Grant Thornton LLP as the independent registered certified public accountants of GEO; and

FOR the proposal to approve the amendments to The GEO Group, Inc. 2006 Stock Incentive Plan described in this proxy statement.

We began mailing this proxy statement, the notice of annual meeting, the proxy card and our 2007 annual report to shareholders on or about April 5, 2007.

The enclosed proxy gives discretionary authority as to any matters not specifically referred to therein. Management is not aware of any other matters to be presented for action by shareholders at the annual meeting. If any such matter or matters properly come before the annual meeting, the designated proxy holders will have discretionary authority to vote thereon.

Holders of GEO common stock at the close of business on March 12, 2007 will be entitled to one vote for each share of common stock standing in their name on the books of GEO at that date. On March 12, 2007, GEO had 19,755,784 shares of common stock issued and outstanding.

The presence, in person or by proxy, of at least a majority of the total number of shares of common stock outstanding on the record date will constitute a quorum for purposes of the annual meeting. The election of directors requires a plurality of the votes cast. The appointment of Grant Thornton LLP will be ratified if the number of votes cast in favor of ratification exceeds the number of votes cast against ratification. The approval of an amendment to The GEO Group, Inc. 2006 Stock Incentive Plan requires approval by a majority of the votes cast, provided that the total votes cast on the proposal represents over 50% in interest of all securities entitled to vote on the proposal. Shares of common stock represented by proxies that reflect abstentions or broker non-votes (i.e., shares held by a broker or nominee which are represented at the annual meeting, but with respect to which such broker or nominee is not

empowered to vote on a particular proposal) will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum for the election of directors and the ratification of Grant Thornton LLP, but broker non-votes will not be counted for purposes of determining the presence of over 50% in interest of all securities for the approval of the amendment of The GEO Group, Inc. 2006 Stock Incentive Plan. However, neither abstentions nor broker non-votes are counted as votes either for or against a proposal and will have no effect on the proposals except that abstentions will have the effect of votes against amending The GEO Group, Inc. 2006 Stock Incentive Plan. If less than a majority of the outstanding shares of common stock are represented at the annual meeting, a majority of the shares so represented may adjourn the annual meeting to another date and time.

Any person giving a proxy has the power to revoke it any time before it is voted by providing written notice to GEO addressed to the Corporate Secretary, by executing and delivering a later dated proxy, or by attending the meeting and voting the shares in person.

The costs of preparation, assembly and mailing this proxy statement and the accompanying materials will be borne by GEO. It is contemplated that the solicitation of proxies will be by mail and telephone.

THE BOARD OF DIRECTORS, ITS COMMITTEES AND OTHER CORPORATE GOVERNANCE INFORMATION

GEO's board of directors held 16 meetings during fiscal year 2006. Each director attended at least 75% of the total number of meetings of the board of directors and of the meetings held by all board committees on which such director served.

Director Independence

Pursuant to the corporate governance standards applicable to companies listed on the NYSE, the board of directors must be comprised of a majority of directors who qualify as independent directors. In determining independence, each year the board of directors affirmatively determines whether directors have a material relationship with GEO. When assessing the materiality of a director's relationship with GEO, the board of directors considers all relevant facts and circumstances, not merely from the director's standpoint, but also from that of the persons or organizations with which the director has an affiliation. An independent director is free from any relationship with GEO that may impair the director's ability to make independent judgments. Particular attention is paid to whether the director is independent from management and, with respect to organizations affiliated with a director with which GEO does business, the frequency and regularity of the business conducted, and whether the business is carried out at arm's length on substantially the same terms to GEO as those prevailing at the time from unrelated third parties for comparable business transactions. Material relationships can include commercial, banking, industrial, consulting, legal, accounting, charitable and familial relationships.

Applying the NYSE's independence standards, the board of directors has determined that Norman A. Carlson, Anne N. Foreman, Richard H. Glanton, John M. Palms, and John M. Perzel qualify as independent under the New York Stock Exchange's corporate governance standards, and that the board of directors is therefore comprised of a majority of independent directors. The board of directors' determination that each of these directors is independent was based on the fact that none of the directors had a material relationship with GEO outside of such person's position as a director, including a relationship that would disqualify such director from being considered independent under the NYSE's listing standards.

review our program for succession and management development;

review our incentive-based compensation and equity-based plans and make recommendations to the board of directors with respect thereto; and

address or take action with respect to any other matter specifically delegated to it from time to time by the board of directors.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee met four times during fiscal year 2006.

All of the members of the Nominating and Corporate Governance Committee are independent (as independence is defined under Section 303A.02 of the NYSE's listing standards).

The Nominating and Corporate Governance Committee has a written charter adopted by the board of directors. It can be found on our website at <http://www.thegeogroupinc.com> by clicking on the link "Corporate" on our homepage and then clicking on the link "Corporate Governance". In addition, the charter is available in print to any shareholder who requests it by contacting our Director of Corporate Communications at 561-999-7306. Pursuant to the charter, the main functions and responsibilities of the Nominating and Corporate Governance Committee include the following:

identify candidates qualified to become members of the board of directors and select, or recommend that the full board of directors select, such candidates for nomination and/or appointment to the board of directors;

review candidates for the board of directors recommended by shareholders;

after consultation with the Chairman and CEO, recommend to the board of directors for approval all assignments of committee members, including designations of the chairs of the committees;

establish the evaluation criteria for the annual self-evaluation by the board of directors, including the criteria for determining whether the board of directors and its committees are functioning effectively, and implement the process for annual evaluations;

develop, adopt, review annually and, if appropriate, update, corporate governance guidelines for GEO and evaluate compliance with such guidelines;

consider other corporate governance issues that arise from time to time, and advise the board of directors with respect to such issues; and

address or take action with respect to any other matter specifically delegated to it from time to time by the board of directors.

Executive Committee

Periodically during fiscal year 2006, members of the Executive Committee informally discussed various matters relating to GEO's business. The Executive Committee has full authority to exercise all the powers of the board of

directors between meetings of the board of directors, except as reserved by the board of directors. During 2006, the Executive Committee acted six times through resolutions adopted at duly convened meetings or by unanimous written consent. All actions taken by the Executive Committee in 2006 were ratified by the board of directors at their next quarterly meeting.

Director Identification and Selection

The processes for director selection and director qualifications are set forth in Section 3 of our Corporate Governance Guidelines. The board of directors, acting on the recommendation of the Nominating and Corporate Governance Committee, will nominate a slate of director candidates for election at each annual meeting of

Table of Contents

shareholders and will elect directors to fill vacancies, including vacancies created as a result of any increase in the size of the board, between annual meetings. Nominees for director are selected on the basis of outstanding achievement in their personal careers, broad experience, wisdom, integrity, ability to make independent, analytical inquiries, understanding of the business environment, and willingness to devote adequate time to duties of the board of directors. The board believes that each director should have a basic understanding of (i) the principal operational and financial objectives and plans and strategies of GEO, (ii) the results of operations and financial condition of GEO and of any significant subsidiaries or business segments, and (iii) the relative standing of GEO and its business segments in relation to its competitors. The board is committed to diversified membership and will not discriminate on the basis of race, color, national origin, gender, religion or disability in selecting nominees. The Nominating and Corporate Governance Committee may, to the extent it deems appropriate, engage a third party professional search firm to identify and review new director candidates and their credentials.

The Nominating and Corporate Governance Committee will consider proposed nominees whose names are submitted to it by shareholders; however, it does not have a formal process for that consideration. The Nominating and Corporate Governance Committee has not adopted a formal process because it believes that the informal consideration process has been adequate to date. The Nominating and Corporate Governance Committee intends to review periodically whether a more formal policy should be adopted. If a shareholder wishes to suggest a proposed name for committee consideration, the name of that nominee and related personal information should be forwarded to the Nominating and Corporate Governance Committee, in care of the Corporate Secretary, at least six months before the next annual meeting to assure time for meaningful consideration by the committee.

Code of Business Conduct and Ethics

The board of directors has adopted a code of business conduct and ethics applicable to GEO's directors, officers, employees, agents and representatives, including its consultants. The code strives to deter wrongdoing and promote honest and ethical conduct, the avoidance of conflicts of interest, full, fair, accurate, timely and transparent disclosure, compliance with the applicable government and self-regulatory organization laws, rules and regulations, prompt internal reporting of violations of the code, and accountability for compliance with the code. The code can be found on our website at <http://www.thegeogroupinc.com> by clicking on the link Corporate on our homepage and then clicking on the link Corporate Governance. In addition, the code is available in print to any shareholder who requests it by contacting our Director of Corporate Communications at 561-999-7306.

Code of Ethics for CEO, Senior Financial Officers and Other Employees

Pursuant to Section 406 of the Sarbanes-Oxley Act of 2002, the board of directors has also adopted a code of ethics for the CEO, its senior financial officers and all other employees. The text of this code is located in Section 18 of the code of business conduct and ethics. The code can be found on our website at <http://www.thegeogroupinc.com> by clicking on the link Corporate on our homepage and then clicking on the link Corporate Governance. In addition, the code is available in print to any shareholder who requests it by contacting our Director of Corporate Communications at 561-999-7306.

Corporate Governance Guidelines

The board of directors has adopted corporate governance guidelines to promote the effective functioning of the board of directors and its committees, and the continued implementation of good corporate governance practices. The corporate governance guidelines address matters such as the role and structure of the board of directors, the selection, qualifications and continuing education of members of the board of directors, board meetings, non-employee director executive sessions, board self-evaluation, board committees, CEO performance review, succession planning, non-employee director compensation, certain shareholder matters and certain shareholder rights.

The corporate governance guidelines can be found on our website at <http://www.thegeogroupinc.com> by clicking on the link Corporate on our homepage and then clicking on the link Corporate Governance. In addition, the corporate governance guidelines are available in print to any shareholder who requests them by contacting our Director of Corporate Communications at 561-999-7306.

Table of Contents

Annual Board and Committee Self-Assessments and Non-Employee Director Executive Sessions

The board of directors conducts a self-assessment annually, which is reported by the Nominating and Corporate Governance Committee to the board of directors. In addition, the Audit and Finance Committee, the Compensation Committee and the Nominating and Corporate Governance Committee also undergo annual self-assessments of their performance. The non-employee directors of the board of directors meet in executive session at least twice per year and such meetings are presided over by a presiding director who is typically the chairman of the Nominating and Corporate Governance Committee, who is currently Anne Foreman.

Shareholder Communications with Directors

The board of directors has adopted a process to facilitate written communications by shareholders or other interested parties to the entire board, the independent members of the board as a group or any individual member of the board. Persons wishing to write to the board of directors of GEO, or to a specified director or committee of the board, should send correspondence to the Corporate Secretary at 621 NW 53rd Street, Suite 700, Boca Raton, Florida, 33487.

The Corporate Secretary will forward to the directors all communications that, in his or her judgment, are appropriate for consideration by the directors. Examples of communications that would not be appropriate for consideration by the directors include commercial solicitations and matters not relevant to the shareholders, to the functioning of the board, or to the affairs of GEO.

Board Member Attendance at Annual Meetings

GEO encourages all of its directors to attend the annual meeting of shareholders. We generally hold a board meeting coincident with our annual meeting to minimize director travel obligations and facilitate their attendance at the annual shareholders meeting. All of our then current directors attended the 2006 annual meeting of shareholders.

Table of Contents**INDEPENDENT REGISTERED CERTIFIED PUBLIC ACCOUNTANTS**

Grant Thornton LLP (Grant Thornton) served as GEO s independent registered certified public accountants in 2006. Ernst & Young LLP (Ernst & Young) served as GEO s independent registered certified public accountants from 2002 through 2005. A member of Grant Thornton will be present at the annual meeting to make a statement if so desired and will be available to respond to appropriate questions. The following sets forth the aggregate fees billed to GEO by Grant Thornton and Ernst & Young in fiscal years 2006 and 2005, respectively.

	Grant Thornton LLP 2006	Ernst & Young LLP 2005
Audit Fees(1)	\$ 1,587,000	\$ 2,563,958
Audit Related Fees(2)		405,243
Tax Fees(3)	83,235	303,283
All Other Fees	105,723	2,083
Total	\$ 1,775,958	\$ 3,274,567

(1) Audit fees include fees associated with the annual audit, reviews of the financial statements included in GEO s quarterly reports on Form 10-Q, statutory audits required internationally, filings with the SEC, Sarbanes-Oxley Section 404 and accounting consultations.

(2) Audit-related fees primarily include fees for due diligence pertaining to business combinations.

(3) Tax fees consist of fees for tax compliance and advice primarily pertaining to GEO s foreign locations.

The Audit and Finance Committee of the board of directors has implemented procedures to ensure that all audit and permitted non-audit services provided to GEO are pre-approved by the Audit and Finance Committee. All of the audit-related, tax and all other services provided by Grant Thornton to GEO in 2006 were approved by the Audit and Finance Committee pursuant to these procedures. All non-audit services provided in 2006 were reviewed with the Audit and Finance Committee, which concluded that the provision of such services by Grant Thornton was compatible with the maintenance of that firm s independence in the conduct of its auditing functions.

Audit and Finance Committee Pre-Approvals of Audit, Audit-Related, Tax and Permissible Non-Audit Services

The Audit and Finance Committee periodically approves the provision of various audit, audit-related, tax and other services by Grant Thornton LLP, GEO s independent registered certified public accountant. The Audit and Finance Committee plans to continue to review and pre-approve such services as appropriate. In addition, the Audit and Finance Committee has delegated to its Chairman, Richard H. Glanton, the authority to grant, on behalf of the Audit and Finance Committee, the pre-approvals required under the Sarbanes-Oxley Act for the provision by Grant Thornton LLP to GEO of auditing and permissible non-audit services; provided, however, that any decision made by Mr. Glanton with respect to any such pre-approvals must be presented at the next regularly scheduled full Audit and Finance Committee meeting that is held after such decision is made.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION & ANALYSIS

Role of the Compensation Committee

The Compensation Committee of our board of directors establishes and regularly reviews our compensation philosophy and programs, exercises authority with respect to the determination and payment of base and incentive compensation to executive officers and administers our 2006 stock incentive plan. Our Compensation Committee consists of three members, each of whom is independent as that term is defined in the Sarbanes-Oxley Act of 2002 and the rules and regulations that have been promulgated under that Act, and in the listing standards of the New York Stock Exchange. The Compensation Committee operates under a written charter that was first adopted by our board of directors in February 2004 and has been amended one time since. The charter more fully describes the role, responsibilities and functioning of the Compensation Committee. A current copy of this charter can be viewed on our website at www.thegeogroupinc.com.

Overview of Compensation Structure

Our compensation structure for named executive officers has historically consisted of four basic components – a salary, an annual bonus, an annual equity compensation grant and certain other benefits and perquisites, as more fully described below.

In 2004, our Compensation Committee selected and engaged Towers Perrin, a nationally recognized independent compensation consulting firm to conduct a comprehensive review of executive compensation. This review was undertaken to determine whether the compensation package afforded to our executive officers was, at that time, competitive and/or complete when compared with similarly situated companies.

In the review, Towers Perrin was asked to review the current compensation packages for our top executive officers and compare them with packages offered to officers at a targeted universe of peer group companies. The analysis and development of findings entailed regular meetings between Towers Perrin and the committee. Towers Perrin ultimately provided the committee with its findings and analysis, which the committee took into account in determining its policies and the basis upon which our named executive officers are currently compensated. The Compensation Committee intends to periodically retain a nationally recognized independent compensation consulting firm in order to conduct updated reviews of our named executive officer compensation.

The Compensation Committee retained Towers Perrin directly, supervised all work assignments performed by them, and reviewed and approved all work invoices received from them for payment. In conducting its review, Towers Perrin was at times required to work with our management in order to obtain compensation information and data to perform its tasks.

In addition to Towers Perrin, the Compensation Committee also has the ability to retain any other advisors it deems necessary or desirable in order for it to discharge its duties. The Compensation Committee also has sole authority to terminate the retention of any advisor it has retained.

When making decisions regarding the compensation of named executive officers, including the Chief Executive Officer, the Compensation Committee considers the data and analyses prepared by Towers Perrin that includes our company's prior performance and historical pay to the named executive officers and the appropriateness of such

compensation compared to that of our peer group companies. The Compensation Committee also considers the compensation recommendations set forth by the Chief Executive Officer for named executive officers other than himself. Additionally, the Chief Executive Officer provides the Compensation Committee with a compensation recommendation for himself which the committee takes into account in setting his compensation. In making recommendations regarding his base salary, the Chief Executive Officer recommends an annual increase of at least 5% in accordance with the terms of his employment agreement. When considering compensation matters generally, and the compensation packages of the named executive officers in particular, the Compensation Committee routinely meets in executive session outside the presence of the named executive officers.

Compensation Program Objectives and What the Program is Designed to Reward

Our executive compensation program is designed to attract and retain our officers and to motivate them to increase shareholder value on both an annual and a longer term basis primarily by generating increasing levels of revenue and net income. To that end, compensation packages include significant incentive forms of compensation to ensure that an executive officer's interest is aligned with the interests of our shareholders in generating revenue and net income.

Elements of Compensation

Our compensation program for named executive officers consists of the following components:

Salaries

Annual cash incentive compensation

Equity compensation

Other benefits and perquisites

Each of these components is reflected in the Summary Compensation Table set forth below and is also discussed in further detail below.

Why Each Element of Compensation is Paid and How the Amount of Each Element is Determined

The following is a brief discussion of each element of our named executive officer compensation. The Compensation Committee pays each of these elements in order to ensure that a desirable overall mix is established between base compensation and incentive compensation, cash and non-cash compensation and annual and long-term compensation. The committee also evaluates on a periodic basis the overall competitiveness of our executive compensation packages as compared to packages offered in the marketplace for which we compete for executive talent. Overall, our committee believes that our executive compensation packages are currently appropriately balanced and structured to retain and motivate our named executive officers, who we believe constitute the most experienced senior management team in our industry.

Salaries. The cash salaries paid to the named executive officers were established following the Towers Perrin study in 2004 and have either remained at the same level or increased by no more than 5% annually since the time of the study. These salaries have been incorporated into the terms of existing executive employment agreements with our named executive officers. Any increases in salaries have been made either pursuant to the terms of the employment agreements or at the discretion of the Compensation Committee. Messrs. Zoley and Calabrese, who also serve as our Chairman and Vice Chairman, respectively, receive no additional compensation for their board service.

Annual Cash Incentive Compensation. Annual cash incentive compensation for each of our named executive officers is governed by our Senior Management Performance Award Plan which was approved by our shareholders at the company's 2005 annual shareholders' meeting. Payments made in accordance with this plan are tax deductible under Section 162(m) of the Internal Revenue Code of 1986, as amended. The plan is administered by our Compensation Committee, which has the authority to make all discretionary determinations necessary or appropriate under the plan. The plan is governed by the Compensation Committee and is administered on a day to day basis by the Chief Executive Officer and the Vice President of Human Resources.

Under the plan, each of our named executive officers is eligible to receive annual cash incentive compensation based on our relative achievement of budgeted revenue and net income after tax for the fiscal year. For purposes of the plan, net income after tax means our net income after all federal, state and local taxes. Extraordinary items and changes in accounting principles, as defined by U.S. generally accepted accounting principles, may be disregarded in determining our net income after tax. Non-recurring and unusual items not included or planned for in our annual budget may also be excluded from net income after tax in the sole and absolute discretion of the Compensation

Table of Contents

Committee. In determining the amount of annual incentive cash compensation awarded, our net income after tax is weighted 65% and our revenue is weighted 35%.

Awards under the plan are made as follows: (i) targets for budgeted revenue and net income after tax are set at the beginning of each fiscal year; (ii) the plan includes for each named executive officer an annual incentive target amount as a percentage of the officer's salary which forms the basis for computing the officer's award under the plan; and (iii) at the end of the fiscal year, a multiplier set forth in the plan that is based on our relative achievement of budgeted revenue and net income after tax for the fiscal year is applied to each officer's annual incentive target amount referenced in (iii) above. The multiplier is the same for all named executive officers. Please see "Certain Material Executive Compensation Agreements and Arrangements - Senior Management Performance Award Plan" for a further description of each named executive officer's annual incentive target amount and the multiplier applied to that amount under the terms of the plan.

In addition to the calculations described above, if the budgeted goals for revenue and net income after tax are exceeded, the annual incentive target amounts for the Chief Financial Officer and the other Senior Vice Presidents may be increased up to an additional 50% upon the recommendation of the Chief Executive Officer subject to the approval of the Compensation Committee. The Chief Executive Officer and the President are not eligible for discretionary adjustments. Factors typically considered by the Compensation Committee and the Chief Executive Officer in determining whether to grant the discretionary award include the contribution of the particular officer during the fiscal year and the achievement of previously agreed upon goals and objectives.

Under the terms of the plan, no amendment to the plan may alter the performance goals, increase the maximum amount which can be awarded to any participant, change the class of eligible employees or make any other change that would require shareholder approval under the exemption for performance-based compensation under Section 162(m) of the Internal Revenue Code, in each case, without the prior approval of our shareholders (to the extent required under the performance-based compensation exception of Section 162(m) of the Internal Revenue Code).

Equity Compensation. Our Compensation Committee has historically granted awards under our equity compensation plans to our key employees and members of our board of directors to create a more performance-oriented culture and to further align the interests of management and our shareholders. Prior to our 2006 annual shareholders meeting, we had a total of 2,018,920.5 shares of common stock subject to outstanding awards under our then existing equity compensation plans, and we only had awards for an additional 1,800 shares of common stock available for issuance under those plans.

At our 2006 annual meeting, our shareholders approved the issuance of awards representing the right to acquire up to 450,000 shares of our common stock (after giving effect to our 2006 3-for-2 forward stock split) under a new omnibus equity compensation plan, named The GEO Group, Inc. 2006 Stock Incentive Plan. Prior to the implementation of the plan, substantially all of our equity compensation awards had consisted of stock option grants. However, since the adoption of the plan, we have issued awards with respect to a total of 440,500 shares of common stock, including 225,000 shares of restricted stock and stock options representing the right to acquire 215,500 shares of common stock. Of these awards, 154,777.5 represent shares of restricted stock granted to the named executive officers, including 78,483 shares to Mr. Zoley, 45,157.5 shares to Mr. Calabrese, 11,445 shares to Mr. O'Rourke, 9,846 shares to Mr. Bulfin and 9,846 shares to Mr. Hurley.

Our Compensation Committee has historically granted awards under our equity compensation plans either at the time of our annual shareholders meetings or following the end of our fiscal year in connection with the completion of our annual compensation cycle. Equity compensation awards are priced as of the close of business on the date of grant.

Our Compensation Committee also from time to time grants equity compensation awards, including stock options, in connection with the hiring of new employees. In this case, the new employee may receive a grant of stock options that is priced as of the close of business on the date of hire, and is in a quantity generally consistent with amounts initially granted to similarly situated employees in the past by the Compensation Committee.

Under our plan, shares of restricted stock vest at the rate of 25% per year in each of the four years following the date of grant, subject to vesting acceleration in the case of a change in control as defined in our plan. Except for stock

Table of Contents

option awards to Mr. Zoley which all vest immediately on the date of grant, stock options vest 20% immediately and an additional 20% on each of the four anniversary dates immediately following the grant date.

We believe that equity compensation awards offer significant motivation to our officers and employees and serve to align their interests with those of our shareholders. While the Compensation Committee will continually evaluate the use of equity compensation both types and amounts it intends to continue to use such awards as part of the company's overall compensation program.

Other Benefits and Perquisites. Our executive compensation program includes other benefits and perquisites as more fully reflected on the table set forth below entitled All Other Compensation. These benefits and perquisites are reviewed annually by the Compensation Committee with respect to amounts and appropriateness. Currently, the benefits and perquisites to named executive officers fall into three general categories: (a) retirement benefits pursuant to our executive retirement agreements in the case of Messrs. Zoley, Calabrese and O'Rourke, and pursuant to our senior officer retirement plan in the case of the other named executive officers; (b) benefits under certain deferred compensation plans; and (c) value attributable to life insurance we afford our named executive officers beyond that which is offered to our other employees generally.

Executive Retirement Agreements. Messrs. Zoley, Calabrese and O'Rourke each have executive retirement agreements that require us to pay them a lump sum amount on the date that they retire. Such amount is determined by each executive's age at the time of retirement with the amount increasing by approximately 4% per year up to age 71. The retirement agreements also require the company to gross-up the retirement payments for all appropriate taxes related to the payments. The table below sets forth the amounts we would have had to pay each executive as of December 31, 2006 had they each retired as of that date. In addition to the amounts below, had the executives retired on December 31, 2006, we would have had to pay tax gross-ups relating to the retirement payments equal to \$1,738,473, \$1,390,893 and \$1,042,740 for Messrs. Zoley, Calabrese and O'Rourke, respectively. Amounts owing under the retirement agreements are payable from the general assets of the company.

Named Executive Officer:**Retirement Payment Due:**

George C. Zoley	\$ 3,031,000
Wayne H. Calabrese	\$ 2,425,000
John G. O'Rourke	\$ 1,818,000

Senior Officer Retirement Plan. Messrs. Hurley and Bulfin participate in our Senior Officer Retirement Plan, which is offered to all of our Senior Vice Presidents other than Mr. O'Rourke. The plan provides for the payment to the officer of a monthly retirement benefit based on the final five years of the officer's compensation, years of service and age and date of retirement. The target benefit is 45% of final average salary with twenty-five years of service at age 65. Reduced benefits are payable for lesser service and early retirement. There is a 100% offset for social security benefits received by the officer. The plan also provides for pre-retirement death and disability benefits. Amounts owing under the plan are payable from the general assets of the company.

Deferred Compensation Plans. Our named executive officers are currently excluded from participating in our 401(k) plan by virtue of their compensation level. Accordingly, we have established a deferred compensation plan for certain employees, including the named executive officers, which permits them to defer up to 100% of their compensation to provide for their retirement. Under the deferred compensation plan, the company may make matching contributions on a discretionary basis. None of the named executive officers currently participate in the deferred compensation plan.

Excess Group Life Insurance. We pay rates for the life insurance policies of our named executive officers above the level that is excludable under applicable tax rules. The resulting excess coverage is treated as imputed income to the officers.

Table of Contents**How Each Compensation Element Fits Into the Overall Compensation Objectives and Affects Decisions Regarding Other Elements**

In establishing compensation packages for executive officers, numerous factors are considered, including the particular executive's experience, expertise and performance, the company's overall performance and compensation packages available in the marketplace for similar positions. In arriving at amounts for each component of compensation, our Compensation Committee strives to strike an appropriate balance between base compensation and incentive compensation, including equity based compensation and awards under the Senior Management Performance Award Plan. The committee also endeavors to properly allocate between cash and non-cash compensation (subject to the availability of equity compensation awards under our then current equity compensation plans), and between annual and long-term compensation.

When considering the marketplace, particular emphasis is placed upon compensation packages available at a comparable group of peer companies. The Compensation Committee has consistently worked to establish a meaningful comparable group of peer companies. Today, that comparable group principally consists of two types of companies which are publicly traded and with respect to which compensation data is therefore publicly available: direct competitors in the privatized corrections and detention industry, and diversified government outsourced services providers with revenues and/or market capitalizations approaching or exceeding the \$1 billion level.

As noted above, the Compensation Committee has in the past selected and worked with independent compensation consulting firms as appropriate to evaluate its executive compensation program in light of the marketplace to make sure the program is competitive. The Compensation Committee intends to continue this practice on a periodic basis in the future.

SUMMARY COMPENSATION

The following table shows compensation earned by each of the named executive officers of GEO during 2006, for services in all capacities while they were employees of GEO, and the capacities in which the services were rendered. For purposes of this proxy statement, GEO's named executive officers are (i) the Chief Executive Officer of GEO, (ii) the Chief Financial Officer of GEO, and (iii) each of the three most highly compensated executive officers of GEO other than the Chief Executive Officer and the Chief Financial Officer.

- (2) We regard our Senior Management Performance Award Plan as our annual bonus plan. The column of this table entitled **Non-Equity Incentive Plan Compensation** consists solely of amounts accrued in 2006 and paid in 2007 under our Senior Management Performance Award Plan with respect to each of our named executive officers. Please see **Compensation Discussion & Analysis** and **Certain Material Executive Compensation Arrangements** for a further description of our Senior Management Performance Award Plan.
- (3) Figures in this column primarily consist of amounts accrued in 2006 with respect to each named executive officer's executive retirement agreement or senior officer retirement agreement. For Messrs, Zoley, Calabrese and O'Rourke, these amounts include tax gross-ups which we would have to pay in connection with their retirement payments pursuant to the terms of their retirement agreements. See **Certain Material Executive Compensation Arrangements** for a further description of our executive retirement agreements and our senior officer retirement agreements.
- (4) The following sets forth for each named executive officer the description and amount of each item comprising each officer's total compensation appearing in the **All Other Compensation** column for 2006:

CERTAIN MATERIAL EXECUTIVE COMPENSATION AGREEMENTS AND ARRANGEMENTS

The following executive compensation agreements and arrangements are material to an understanding of the amounts paid and/or payable to our named executive officers disclosed in the table above.

SENIOR EXECUTIVE EMPLOYMENT AGREEMENTS

We have executive employment agreements with Messrs. Zoley, Calabrese and O'Rourke. The employment agreements for Messrs. Zoley and Calabrese have initial three-year terms and thereafter convert into rolling three-year terms. The agreement for Mr. O'Rourke has an initial two-year term and thereafter converts into a rolling two-year term. The agreements provide that Messrs. Zoley, Calabrese, and O'Rourke will receive an annual base salary of \$750,000, \$525,000 and \$255,200, respectively, subject to annual cost of living increases not lower than 5% per year, to be established by the board of directors. These amounts have changed since the execution of the respective agreements. The employment agreements also provide that each employee is entitled to receive a target annual incentive bonus in accordance with the terms established by our board of directors.

Each agreement provides that upon the termination of the agreement for any reason other than by us for cause (as defined in the employment agreement) or by the executive without good reason (as defined in the employment agreement), the executive will be entitled to receive a termination payment equal to the following: (i) two years of the executive's then current annual base salary and bonus (six months in the case of Mr. O'Rourke); plus (ii) either the continuation of the executive's employee benefits (as defined in the employment agreement) for a period of ten years (three years in the case of Mr. O'Rourke), or alternatively, at the executive's election, a cash payment equal to the present value of our cost of providing such executive benefits for a period of ten years (three years in the case of Mr. O'Rourke); plus (iii) the dollar value of the sum of the vacation time that would have been credited to the

Table of Contents

executive pursuant to our vacation policy and the paid vacation time that the executive was entitled to take immediately prior to the termination which was not in fact taken by the executive. In addition, the employment agreements provide that upon such termination of the executive, we will transfer all of our interest in any automobile used by the executive pursuant to our employee automobile policy and pay the balance of any outstanding loans or leases on such automobile so that the executive owns the automobile outright. In the event such automobile is leased, the employment agreements provide that we will pay the residual cost of the lease. The agreements provide that if any payment to the executive thereunder would be subject to federal excise taxes imposed on certain employment payments, we will make an additional payment to the executive to cover any such tax payable by the executive together with the taxes on such gross-up payment.

Upon the termination of the employment agreements by us for cause or by the executive without good reason, the executive will be entitled to only the amount of salary, bonus, and employee benefits that is due through the effective date of the termination. Each employment agreement includes a non-competition covenant that runs through the three-year period (two-year period in the case of Mr. O'Rourke) following the termination of the executive's employment, and customary confidentiality provisions.

SENIOR EXECUTIVE RETIREMENT AGREEMENTS

We also have executive retirement agreements with Messrs. Zoley, Calabrese and O'Rourke. The retirement agreements provide that upon the later of (i) the date the executive actually retires from employment with GEO, or (ii) the executive's 55th birthday, GEO will make a lump sum payment to the executive. See Potential Payments Upon Termination or Change in Control for the amounts we would have had to pay each executive as of December 31, 2006 pursuant to their executive retirement agreements had they each retired at their current age as of that date. The executive retirement agreements also require us to make tax gross-up payments with respect to the retirement payments in aggregate amounts that ensure that the executives receive the full amount of their retirement payments on an after tax basis. Had the executives retired on December 31, 2006, the aggregate amount of these tax gross-up payments would have been \$1,738,473, \$1,390,893 and \$1,042,740 for Messrs. Zoley, Calabrese and O'Rourke, respectively.

The retirement agreements provide that if the executive should die after his 55th birthday but before he retires from GEO, GEO shall immediately pay to the executive's beneficiary(ies) or estate the amount GEO would have paid to the executive had he retired immediately prior to his death. The retirement agreements include non-competition provisions that run for a period of two (2) years after the termination of the executive's employment. Each of Messrs. Zoley, Calabrese and O'Rourke has reached the age of 55.

OTHER SENIOR OFFICER EMPLOYMENT AGREEMENTS

We have entered into senior officer employment agreements with Messrs. Hurley and Bulfin. The employment agreements have rolling two-year terms which continue until each executive reaches age 67 absent earlier termination. The agreements provide that Messrs. Hurley and Bulfin will each receive an annual base salary of \$315,000. Per the terms of the agreements, those salaries have been increased as per the Summary Compensation table above since the execution of the respective agreements. The executives are also entitled to receive a target annual incentive bonus in accordance with the terms of our Senior Management Performance Award Plan which is further described below.

The senior officer employment agreements provide that upon the termination of the agreement for any reason other than by GEO for cause (as defined in the employment agreement) or by the voluntary resignation of the executive, the executive will be entitled to receive a termination payment equal to the following: (1) two years of the executive's then current annual base salary; plus (2) either the continuation of the executive's employee benefits (as defined in the employment agreement) for a period of two years, or alternatively, at the executive's election, a cash payment equal to

the present value of GEO's cost of providing such executive benefits for a period of two years; plus (3) the dollar value of the sum of paid vacation time that the executive was entitled to take immediately prior to the termination which was not in fact taken by the executive. In addition, the employment agreements provide that upon such termination of the executive, we will transfer all of our interest in any automobile used by the executive pursuant to our employee automobile policy and pay the balance of any outstanding loans or leases on such

Table of Contents

automobile so that the executive owns the automobile outright. In the event such automobile is leased, the employment agreements provide that we will pay the residual cost of the lease. Also, upon such termination, all of the executive's unvested stock options will fully vest immediately.

Upon the termination of the employment agreements by us for cause or by the voluntary resignation of the executive, the executive will be entitled to only the amount of salary, bonus, and employee benefits that is due through the effective date of the termination. Each employment agreement includes a non-competition covenant that runs through the two-year period following the termination of the executive's employment, and customary confidentiality provisions.

OTHER SENIOR OFFICER RETIREMENT PLAN

We maintain a senior officer retirement plan for all of our Senior Vice Presidents, including Messrs. Hurley and Mr. Bulfin, but excluding Mr. O'Rourke. The senior officer retirement plan is a defined benefit plan and, subject to certain maximum and minimum provisions, provides for the payment to the officer of a monthly retirement benefit based on a percentage of the officer's final average annual salary, not including bonus (earned during the employee's last five (5) years of credited service) times the employee's years of credited service. Benefits under the Retirement Plan are offset by social security benefits and are computed on the basis of a straight-life annuity. A participant will vest in his or her benefits upon the completion of ten (10) years of service. The amount of benefit increases for each full year beyond ten (10) years of service except that there are no further increases after twenty-five (25) years of service.

SENIOR MANAGEMENT PERFORMANCE AWARD PLAN

On November 5, 2004, we adopted our Senior Management Performance Award Plan. All of our named executive officers, as well as our Senior Vice Presidents who are not named executive officers, are eligible to participate in the plan. Payments made in accordance with this plan are tax deductible under Section 162(m) of the Internal Revenue Code of 1986, as amended. The plan is administered by our Compensation Committee, which has the discretion to make all determinations necessary or appropriate under the plan. The plan is governed by the Compensation Committee and is administered on a day to day basis by the Chief Executive Officer and the Vice President of Human Resources.

Under the plan, each of our named executive officers is eligible to receive annual cash incentive compensation based on our budgeted revenue and net income after tax for the fiscal year. For purposes of the plan, net income after tax means our net income after all federal, state and local taxes. Extraordinary items and changes in accounting principles, as defined by U.S. generally accepted accounting principles, may be disregarded in determining our net income after tax. Non-recurring and unusual items not included or planned for in our annual budget may also be excluded from net income after tax in the sole and absolute discretion of the Compensation Committee. In determining the amount of annual incentive cash compensation awarded, our net income after tax is weighted 65% and our revenue is weighted 35%.

Awards under the plan are made as follows: (i) targets for budgeted revenue and net income after tax are set at the beginning of each fiscal year; (ii) the plan includes for each named executive officer an annual incentive target amount as a percentage of the officer's salary which forms the basis for computing the officer's award under the plan; and (iii) at the end of the fiscal year, a multiplier set forth in the plan that is based on our relative achievement of budgeted revenue and net income after tax for the fiscal year is applied to each officer's annual incentive target amount referenced in (iii) above. The multiplier is the same for all named executive officers.

Table of Contents

The following table shows, for each named executive officer, the annual incentive target amount as a percentage of salary that the respective officer was eligible to receive under the plan in 2006.

Named Executive Officer:	Annual Incentive Target Amount (As a Percentage of Salary):
Chief Executive Officer	150%
President	120%
Chief Financial Officer	50%
Senior Vice Presidents	45%

The following table shows the multiplier applied to each named executive officer's annual incentive target amount (as per the table above) depending on the percentage of budgeted revenue and net income after tax goals that we achieve for each fiscal year.

Percentage of Budgeted Fiscal Year Performance Goals Achieved for Revenue and for Net Income After Tax:	Multiplier Applied to Each Named Executive Officer's Annual Incentive Target Amount:
Less than 80%	0%
80%	50%
100%	100%
120% or more	150%

In addition to the amounts above, if the budgeted goals for revenue and net income after tax are exceeded, the annual incentive target amounts for the Chief Financial Officer and the other Senior Vice Presidents may be increased up to an additional 50% upon the recommendation of the Chief Executive Officer subject to the approval of the Compensation Committee. The Chief Executive Officer and the President are not eligible for discretionary adjustments. Factors typically considered by the Compensation Committee and the Chief Executive Officer in determining whether to grant the discretionary award include the contribution of the particular officer during the fiscal year and the achievement of previously agreed upon goals and objectives.

Under the terms of the plan, no amendment to the plan may alter the performance goals, increase the maximum amount which can be awarded to any participant, change the class of eligible employees or make any other change that would require shareholder approval under the exemption for performance-based compensation under Section 162(m) of the Internal Revenue Code, in each case, without the prior approval of our shareholders (to the extent required under the performance-based compensation exception of Section 162(m) of the Internal Revenue Code).

For information on the amounts that our named executive officers actually received under our Senior Management Performance Award Plan for 2006, please see the Summary Compensation table above. For the purposes of the maximum calculations in this column, we have assumed that our Senior Vice Presidents would have received the maximum discretionary adjustments for which they are eligible.

Table of Contents**OPTION EXERCISES AND VESTING OF STOCK-BASED AWARDS**

The following table sets forth certain information regarding stock option exercises by, and the vesting of stock-based awards of, each of the named executive officers of GEO during 2006.

John M. Hurley	66,394	2,009,895		
John J. Bulfin	15,000	491,300		

- (1) These amounts reflect the sale to us on August 11, 2006 by Messrs. Zoley, O Rourke and Calabrese of stock options representing the right to acquire 124,500, 37,500, and 82,500 shares of common stock (after giving effect to our 2006 3-for-2 forward stock split) for aggregate amounts of \$1,703,610, \$542,063 and \$1,137,475, respectively. The consideration paid for these stock options was equal to the then current in-the-money value of the options. As disclosed in a prospectus supplement we filed with the Securities and Exchange Commission on June 8, 2007, we funded our purchase of these stock options with proceeds from our \$106.38 million equity offering, which closed on June 12, 2006. The stock option purchases were approved by our board of directors.

PENSION BENEFITS

The following table sets forth certain information with respect to each plan that provides for payments to each of the named executive officers of GEO at, following, or in connection with retirement from GEO.

Name	Plan Name	Number of Years Credited Service (#)	Present Value of Accumulated Benefit (\$)(1)	Payments During Last Fiscal Year (\$)

John M. Hurley	Retirement Plan Senior Officer	8.08	125,457
John J. Bulfin	Retirement Plan	6.83	50,886

(1) This column reflects amounts relating to each named executive officer's retirement agreement or retirement plan. In the case of Messrs. Zoley, Calabrese and O'Rourke, the amounts shown include \$1,738,473, \$1,390,893 and \$1,042,740, respectively, in tax gross-up payments that we would be required to make on their behalf in connection with their retirement payments pursuant to the terms of their executive retirement agreements. Please see "Certain Material Executive Compensation Agreements and Arrangements" for a description of our executive and senior officer retirement agreements and arrangements.

Table of Contents**POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL**

The following table sets forth for each named executive officer the payments that we would have been required to make in connection with (i) the termination of the officer's employment by GEO without cause or by the officer for good reason (as such terms are defined in each officer's employment agreement), (ii) the termination of the officer's employment by GEO for cause (as defined in each officer's employment agreement) or by the officer upon the officer's resignation, and (iii) the retirement of the officer, in each case, as if such termination or retirement had occurred on December 31, 2006. All of such payments are payable pursuant to the employment and retirement agreements described more fully above under Certain Material Executive Compensation Agreements and Arrangements.

Name	Payment Due Upon Termination either by Company Without Cause or by Officer for Good Reason (\$)(1)(2)(3)(4)	Payment Due Upon a Termination by Company With Cause or Resignation by Officer (\$)(5)	Payment Due Upon Retirement by Officer (\$)(6)
George C. Zoley	5,330,444	0	4,769,473
John G. O'Rourke	317,154	0	3,815,893
Wayne H. Calabrese	3,211,426	0	2,860,740
John J. Bulfin	660,770	0	0
John M. Hurley	660,770	0	0

- (1) Our current employment agreements with our named executive officers do not provide for any payments in connection with a change in control. Each officer would only receive the amount set forth in this column in connection with a change in control if such officer was terminated without cause in connection with the change in control.
- (2) Our current employment agreements with our named executive officers define a change in the officer's responsibilities as good reason, giving the officer the right to terminate the agreement and receive the payment set forth in this column.
- (3) All amounts are calculated using each named executive officer's salary and annual cash incentive award for 2006. Although our executive employment agreements with Messrs. Zoley and Calabrese also require us to make tax gross-up payments for certain excise taxes that may be triggered in connection with a change in control, we do not believe that any such taxes would have been applicable to a termination without cause in connection with a change in control as of December 31, 2006.
- (4) In the event of a termination by us without cause of any named executive officer who has reached retirement age, such officer would also be entitled to receive the amounts set forth in the Payment Due Upon Retirement by Officer column of this table.
- (5)

Although no officer is eligible to receive a payment in connection with a termination for cause or a resignation, each officer is entitled to receive all accrued and unpaid amounts under the officer's employment agreement through the date of termination.

- (6) Represents amount that would have been paid to each named executive officer had the officer retired on December 31, 2006. With respect to Messrs. Zoley, Calabrese and O'Rourke, the pension amounts shown include tax gross-up payments of \$1,738,473, \$1,390,893 and \$1,042,740, respectively, that we would have had to make on their behalf pursuant to the terms of their executive retirement agreements had the executives retired on December 31, 2006. Messrs. Bulfin and Hurley are not yet vested under our senior officer retirement plan due to the fact that neither of them has accumulated ten years of service. Please see "Certain Material Executive Compensation Agreements and Arrangements" for a description of our executive and senior officer retirement agreements and arrangements.

Table of Contents**DIRECTORS COMPENSATION**

Directors of GEO who are not officers were paid during fiscal year 2006 an annual retainer fee of \$20,000 plus an annual fee of \$5,000 for each committee served as chairperson, \$1,500 for each board meeting attended (minimum four per year), and \$1,200 for each committee meeting attended. Each director also received a cash payment in lieu of stock options equal to \$33,839, as well as 3,000 shares of restricted stock. The following table shows the compensation earned by each director who is not an officer during 2006. All share amounts reflect our recent 3-for-2 forward stock split, which became effective on October 2, 2006.

Carlson and Glanton of stock options representing the right to 6,000 shares of common stock (after giving effect to our 2006 3-for-2 forward stock split) for an aggregate amount of \$79,860, respectively. The consideration paid for these stock options was equal to the then current in-the-money value of the options. As disclosed in a prospectus supplement we filed with the Securities and Exchange Commission on June 8, 2007, we funded our purchase of these stock options with proceeds from our \$106.38 million equity offering, which closed on June 12, 2006. The stock option purchases were approved by our board of directors.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

In 2006, we purchased \$121,403 in construction services from an entity named H.A. Contracting Corporation. H.A. Contracting is 50% owned by Nicholas Angelo, who is the brother-in-law of George Zoley, our Chairman, CEO and Founder. In 2006, we also purchased approximately \$125,000 in personnel uniforms from an entity named JA Uniforms, Inc. JA Uniforms is owned by Menchu Dominicis, who is the sister of Jorge Dominicis, our Senior Vice President of Residential Treatment Services and President of GEO Care, Inc. These relationships did not require any separate approvals under our applicable policies and procedures. Except for these relationships, there were no material relationships or related party transactions during fiscal year 2006 requiring disclosure pursuant to Item 404 of Regulation S-K.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

None of the members of the Compensation Committee served as an officer or employee of GEO or any of GEO's subsidiaries during fiscal year 2006 or any prior year. There were no material transactions between GEO and any of the members of the Compensation Committee during fiscal year 2006.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires that GEO's directors, executive officers and persons who beneficially own 10% or more of GEO's common stock file with the SEC initial reports of ownership and reports of changes in ownership of our stock and our other equity securities. To GEO's knowledge, based solely on a review of the copies of such reports furnished to GEO and written representations that no other reports were required, during the year ended December 31, 2006, all such filing requirements applicable to GEO's directors, executive officers and greater than 10% beneficial owners were complied with.

Proposal 2

Ratification of Independent Registered Certified Public Accountants

The Audit and Finance Committee of our board of directors has appointed Grant Thornton LLP as our independent registered certified public accountants for the 2007 fiscal year. The Audit and Finance Committee is responsible for the appointment, oversight and termination of our independent registered certified public accountants. We are seeking the ratification of our shareholders of this appointment, although our Audit and Finance Committee is not bound by any shareholder action on this matter.

If the appointment of Grant Thornton LLP as our independent registered certified public accountants is not ratified by our shareholders, the Audit and Finance Committee will reconsider its appointment, but may nevertheless retain Grant Thornton LLP. Also, even if the appointment of Grant Thornton LLP as our independent registered certified public accountants is ratified by our shareholders, the Audit and Finance Committee may direct the appointment of a different independent auditor at any time during the year if the Audit and Finance Committee determines, in its

discretion, that such a change would be in our best interests. Grant Thornton LLP has advised GEO that no partner or employee of Grant Thornton LLP has any direct financial interest or any material indirect interest in GEO other than receiving payment for its services as independent certified public accountants.

Proposal 3

To Approve Certain Amendments to The GEO Group, Inc. 2006 Stock Incentive Plan

We are proposing to make several amendments to The GEO Group, Inc. 2006 Stock Incentive Plan, which we refer to as the 2006 Plan. First, we are proposing to increase the number of shares of common stock subject to awards under the 2006 Plan by 250,000, from 450,000 to 700,000. These figures give effect to our recent 3-for-2 forward stock split, which became effective on October 2, 2006. We are proposing that of the 250,000 new shares of common stock subject to awards if this proposal is approved, up to 150,000 of such shares be made available for grants other than stock options and stock appreciation rights, including restricted stock grants. This change would increase the total number of shares of restricted stock and other non-stock option awards issuable under the 2006 Plan from 225,000 to 375,000. The board of directors believes that the increase in the number of shares of common stock subject to the 2006 Plan will advance the long-term success of our company by encouraging stock ownership among key employees and members of our board of directors who are not employees.

We are also proposing to make the following additional amendments to the 2006 Plan:

Section 5(f) of the 2006 Plan would be amended to clarify the types of adjustments that must be made to the terms of the 2006 Plan as a result of certain increases, decreases, changes or exchanges in our outstanding shares of common stock, including stock splits, reverse splits, stock dividends, recapitalizations and similar transactions.

Section 11 of the 2006 Plan would be amended to provide that the total number of shares of common stock subject to awards issuable pursuant to that section of the 2006 Plan may not exceed 5% of the total number of shares of common stock that may be issued under the 2006 Plan.

Section 15(j) of the 2006 Plan, which provides for certain modifications or substitutions of awards issued under the 2006 Plan, would be amended to state that, except as otherwise provided in the Plan, no modification or substitution of an award issued under the 2006 Plan which adversely affects GEO may be made unless such modification or substitution is: (i) approved by our shareholders, (ii) required by any law or regulation of any governmental authority, (iii) is made in connection with death or disability of a participant, (iv) is made in connection with the termination of employment or other service of a participant, (v) is made in connection with a change in control of GEO (as defined in the 2006 Plan), or (vi) is made in connection with an event described in Section 5(f) of the Plan (e.g. recapitalizations, stock splits, stock dividends, etc.).

The text of the proposed amendments to the 2006 Plan is included as Annex A to this proxy statement.

Background of the 2006 Plan

The Compensation Committee has historically granted awards under our equity compensation plans to our key employees and members of our board of directors to create a more performance-oriented culture and to further align the interests of management and our shareholders. In mid-2004, we exhausted all available awards under our then active stock option plans. As a result, during the period from September 2004 to May 2006, we only issued to employees an aggregate of stock options to purchase 22,200 shares of common stock under our equity compensation plans, which we believe limited our ability to attract and retain key employees through equity compensation.

To address this concern, in 2006, our board of directors and shareholders approved the 2006 Plan. The board of directors limited the total aggregate number of shares available for grant under the 2006 Plan to 300,000 shares, or approximately 3% of our total outstanding shares (now 450,000 shares of common stock after giving effect to our 2006 3-for-2 forward stock split). Since the adoption of the 2006 Plan, we have issued awards with respect to a total of 440,500 shares of common stock, including 225,000 shares of restricted stock and stock options representing the right to acquire 215,500 shares of common stock. As a result, we have only 9,500 shares of common stock available for issuance pursuant to the 2006 Plan. Moreover, even after giving effect to the 1,746,369 aggregate shares of

Table of Contents

common stock subject to currently outstanding awards under all of our equity compensation plans, our equity compensation grants as a percentage of our shares of common stock outstanding total only 8.8%. Accordingly, we are seeking an increase in the number of shares of common stock subject to the 2006 Plan from 450,000 to 700,000 in order to provide us with flexibility in motivating, rewarding and recruiting key employees with long-term incentives.

Key Features of the 2006 Plan

The following are several key features of the 2006 Plan:

Share Usage and Annual Run Rate. The 2006 Plan provides for a fixed reserve of shares, which we are proposing to increase from 450,000 to 700,000. The 2006 Plan also limits the number of shares awarded annually under the 2006 Plan, or the annual run rate, to a maximum of 3% of GEO's total number of outstanding shares of common stock at any time during a fiscal year. In managing the annual run rate, the Compensation Committee will consider the potential negative impact on dilution of the granting of awards under the 2006 Plan. Any shares of common stock that we may repurchase from time to time will be factored into the Compensation Committee's determination of awards under the 2006 Plan.

Controlled Use of Full Value Awards. The 2006 Plan currently limits the number of full value awards (e.g., restricted stock, performance shares and performance share units, etc.) that can be granted on a share for share basis to 225,000 total shares of common stock. We are proposing to increase that number to 375,000. This provision will limit the potential dilutive impact of full value awards issued under the 2006 Plan.

Discounted Stock Option and Stock Appreciation Rights Prohibited. The 2006 Plan prohibits stock appreciation rights or stock option awards with an exercise price less than the fair market value of our common stock on the date of grant.

Re-pricing Without Shareholder Approval Prohibited. Without shareholder approval, the 2006 Plan prohibits the re-pricing of options and stock appreciation rights, the cancellation of such awards in exchange for new awards with a lower exercise price or the repurchase of such awards which have an exercise price that is higher than the then current fair market value of GEO's common stock, except in the event of stock splits, certain other recapitalizations and a change in control.

Inclusion of Minimum Vesting Provisions. With respect to awards that are subject only to a future service requirement, unless the Compensation Committee provides otherwise in an award agreement, (i) options and stock appreciation rights granted pursuant to the 2006 Plan will be subject to a four-year vesting schedule as follows: 20% of such options or stock appreciation rights will vest immediately and the remaining 80% of such options or stock appreciation rights will vest in equal annual increments over a four-year period following the date of grant, and (ii) all other awards that have vesting periods will vest in equal annual increments over a four-year period following the date of grant.

Shares Terminated Under Prior Plans will Not Increase the Plan Reserve. Shares subject to awards under the Prior Plans that are cancelled, forfeited, or expired will not be available for re-grant in the 2006 Plan. There will be no transfer of unused shares reserved for other plans into the 2006 Plan share reserve. Upon approval of the 2006 Plan, GEO will not grant any new awards under any of the Prior Plans.

Shares Surrendered to Pay Taxes or Exercise Price for Stock Options Will Not Increase the Plan Reserve. Shares tendered to us for taxes or to pay the exercise price will not provide us with additional shares for the 2006 Plan.

Stock Appreciation Rights Settled in Shares Will Not be Counted on a Net Basis. Each stock-settled stock appreciation right will count as a full share against the 2006 Plan share reserve limit rather than the net gain realized upon exercise.

Independent Plan Administrator. The 2006 Plan will be administered by the Compensation Committee, composed exclusively of independent non-employee directors.

Table of Contents

Fixed Plan Term. The 2006 Plan will expire ten years after shareholders approve the 2006 Plan. However, awards granted under the 2006 Plan may survive the termination of the Plan.

Limit on Stock Option Period. Stock appreciation rights and stock options will have a maximum term of ten years.

Recommendation of the Board of Directors

The board of directors recommends a vote **FOR** the amendment to The GEO Group, Inc. 2006 Stock Incentive Plan.

SHAREHOLDER PROPOSAL DEADLINE

Shareholder proposals intended to be presented at the year 2008 annual meeting of shareholders must be received by GEO for inclusion in GEO's proxy statement and form of proxy relating to that meeting by December 10, 2007. Additionally, GEO must have notice of any shareholder proposal to be submitted at the 2007 annual meeting of shareholders (but not required to be included in GEO's proxy statement) by February 27, 2008, or such proposal will be considered untimely pursuant to Rule 14a-5(e) under the Exchange Act and persons named in the proxies solicited by management may exercise discretionary voting authority with respect to such proposal.

OTHER MATTERS

The board of directors knows of no other matters to come before the shareholders' meeting. However, if any other matters properly come before the meeting or any of its adjournments, the person or persons voting the proxies will vote them in accordance with their best judgment on such matters.

and Corporate Secretary

5. Section 15(j) is hereby amended by deleting all of its text, and replacing it with the following text:

Modification or Substitution of an Award. Subject to the terms and conditions of the Plan, the Committee may modify outstanding Awards.
