THOR INDUSTRIES, INC.

Proxy Statement

This proxy statement is furnished in connection with the solicitation of proxies by the Board of Directors of Thor Industries, Inc. (the Company) for use at the 2007 Annual Meeting of Stockholders to be held at 230 Park Avenue, Suite 618, New York City, on December 4, 2007, at 1:00 p.m., local time (the Meeting), and any adjournment thereof. The cost of such solicitation is being borne by the Company. This proxy statement and the accompanying form of proxy are being sent to stockholders on or about October 30, 2007.

Representatives of Deloitte & Touche, LLP, the Company's principal independent registered public accounting firm, will be present at the Meeting, will have the opportunity to make a statement if they desire to do so, and will be available to respond to any stockholder questions that may be asked.

Voting by Stockholders

A proxy in the form accompanying this proxy statement that is properly executed, duly returned to the Company and not revoked prior to the Meeting will be voted in accordance with the instructions contained therein. If no instructions are given with respect to the proposals to be voted upon, proxies will be voted in favor of such proposals. Each proxy may be revoked by a stockholder at any time until exercised by giving written notice to the Secretary of the Company, by voting in person at the Meeting, or by submitting a later-dated proxy.

The Common Stock of the Company constitutes its only outstanding security entitled to vote on the matters to be voted upon at this meeting. Each share of Common Stock entitles the holder to one vote. Only stockholders of record at the close of business on October 17, 2007 are entitled to notice of and to vote at the Meeting or any adjournment thereof. As of that date, 55,864,329 shares of Common Stock were outstanding. The presence, in person or by proxy, of the holders of a majority of all the issued and outstanding Common Stock is necessary to constitute a quorum at the Meeting. Abstentions and broker non-votes (i.e., shares held by a broker for its customers that are not voted because the broker does not receive instructions from the customer or because the broker does not have discretionary voting power with respect to the item under consideration) will be counted as present for purposes of determining the presence or absence of a quorum for the transaction of business.

In accordance with the By-laws of the Company and the Delaware General Corporation Law, a plurality of the votes duly cast is required for the election of directors. Under the Delaware General Corporation Law, although abstentions and broker non-votes are deemed to be present for the purpose of determining whether a quorum is present at a meeting, abstentions and broker non-votes are not deemed to be votes duly cast. As a result, abstentions and broker non-votes will not be included in the tabulation of voting results with respect to Proposal #1, and therefore will have no impact on the voting on such proposal.

A copy of the Company's Annual Report for the fiscal year ended July 31, 2007 (fiscal 2007) is being sent to each stockholder of record. The Annual Report is not to be considered a part of this proxy soliciting material.

Proposal #1 Election of Directors

The Company's By-laws provide that the Board of Directors may set the number of directors at no less than one (1) and no more than fifteen (15). The Board of Directors of the Company currently consists of eight directors who are divided into three classes. Wade F. B. Thompson and Jan H. Suwinski currently serve as Class A Directors; their terms expire in 2008. H. Coleman Davis, III, Peter B. Orthwein and William C. Tomson currently serve as Class B directors; their terms expire in 2007. Neil D. Chrisman, Alan Siegel and Geoffrey A. Thompson currently serve as Class C directors; their terms expire in 2009.

directors. The Company's Nominating and Corporate Governance Committee has proposed these nominations. If elected, Messrs. Davis, Orthwein and Tomson will serve on the board until the annual meeting in 2010 and until their successors are duly elected and qualified.

The persons named in the enclosed proxy intend to vote FOR the election of the nominees listed below. In the event that a nominee becomes unavailable for election (a situation the Company's management does not now anticipate), the shares represented by proxies will be voted, unless authority is withheld, for such other persons as may be designated by the Nominating and Corporate Governance Committee.

The nominees, as set forth below, are now directors of the Company and have continuously served in such capacity since their first election or appointment to the Board.

Board of Directors, Committees and Attendance at Meetings

The Board of Directors has the responsibility for establishing broad corporate policies and for the overall management of the business of the Company. Members of the Board are kept informed of the Company's performance by various reports sent to them at regular intervals by management, as well as by operating and financial reports presented by management at Board meetings.

It is the Company's policy that directors attend all Board meetings and the annual meeting of stockholders, unless excused by the Chairman. All elected directors were in attendance at the 2006 Annual Meeting of Stockholders.

The Board has three committees with the principal functions described below. The charters of each of these committees are posted on our website at www.thorindustries.com.

Audit Committee

The Company has a separately-designated standing Audit Committee established in accordance with section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended (the Exchange Act). The principal functions of the Audit Committee are to recommend engagement of the Company's independent public accountants and to maintain communications among the Board of Directors, such independent public accountants and the Company's internal accounting staff with respect to accounting and auditing procedures, the implementation of recommendations by such independent accountants, the adequacy of the Company's internal controls and related matters. During fiscal 2007, the Audit Committee had private meetings with the Chief Financial Officer, the Internal Audit Director and the outside audit partners. The Board of Directors has determined that Geoffrey A. Thompson, a member of the committee, is an audit committee financial expert as defined in Section 407 of the Sarbanes-Oxley Act of 2002. A copy of the Audit Committee Charter, as revised on October 11, 2005 by the Board of Directors, is available on the Company's website at www.thorindustries.com and is available in print to any stockholder who requests it.

Compensation Committee

The principal functions of the Compensation Committee are to establish executive compensation policies and guiding principles; review and approve the compensation of the Chief Executive Officer and the other executive officers; evaluate the design of compensation and benefit programs; and review all components of compensation for independent directors. The Compensation Committee also acts as administrator under the Company's 2006 Equity Incentive Plan and the Company's Select Executive Incentive Plan (SEIP) and oversees the Company's Management Incentive Plan. In its capacity as administrator of the 2006 Equity Incentive Plan, the Compensation Committee grants options and restricted stock, determines which employees and other individuals performing substantial service for the Company may be granted options and/or restricted stock, and determines the rights and limitations attendant to options and restricted stock granted under these plans. In its capacity as administrator under the SEIP, the Compensation Committee awards supplemental deferred compensation to eligible employees in amounts determined by the Committee. A copy of the Compensation Committee Charter is available on the Company's website at www.thorindustries.com and is available in print to any stockholder who requests it.

Nominating and Corporate Governance Committee

The principal functions of the Nominating and Corporate Governance Committee are to address all matters of corporate governance; evaluate qualifications and candidates for positions on the Board of Directors; evaluate the performance of the Chief Executive Officer and the Board of Directors; review succession plans and senior management performance; establish criteria for selecting new directors, nominees for Board membership and the positions of Chairman and Chief Executive Officer; and to determine whether a director should be invited to stand for re-election. The committee evaluates candidates on, among other things, possession of such knowledge, experience, skills, expertise and diversity as may enhance the Board's ability to manage and direct the affairs and business of the Company, and as applicable, the satisfaction of any independence requirements imposed by law, regulation, the NYSE and the Company's Corporate Governance Guidelines. The Nominating and Corporate Governance Committee does not have a formal process for identifying director candidates. Copies of the Charter of the Nominating and Corporate Governance Committee and the Company's Corporate Governance Guidelines are available on the Company's website at www.thorindustries.com and are available in print to any stockholder who requests them.

The Board does not consider stockholder nominations of director candidates because it believes that this is not an efficient or effective means of identifying qualified individuals. In addition, the Board has a long history of being able to attract and maintain a membership with the variety of skills necessary to properly oversee the affairs of the Corporation.

Membership of Committees

The following table summarizes the current membership of the Board of Directors and each of its committees.

	Board	Audit Committee	Compensation Committee	Nominating and Corporate Governance Committee

In addition, regularly scheduled meetings of the non-management directors are held four times each year. A non-management director is chosen to preside at each of these meetings on a rotating basis.

Stockholder Communications

Although the Company has not to date developed formal processes by which stockholders may communicate directly to directors, it believes that the informal process, in which any communication sent to the Board of Directors in care of the Company is forwarded to the Board, has served the Board's and its stockholders' needs. Until any other procedures are developed, any communications to the Board should be sent to it in care of the Secretary of the Company.

Any communications from interested parties directed toward non-management directors specifically may be sent to Alan Siegel, one of the Company's non-management directors, who forwards any such communications to each of the other non-management directors that, in the opinion of Mr. Siegel, deal with the functions of the Board of Directors or the committees thereof or that he otherwise determines require their attention. Mr. Siegel's address for this purpose is c/o Thor Industries, Inc., 419 West Pike St., Jackson Center, OH 45334.

Executive Compensation

Compensation Discussion and Analysis

Our Compensation Philosophy and Objectives

Our compensation structure focuses on cash compensation tied to current performance. We have focused on cash compensation because we believe it has been the most important factor underlying our success in attracting, motivating and retaining executive officers and other management throughout our 28 year history. We expect our emphasis on cash compensation to continue in the future. Although we have not awarded long-term incentive compensation to our executive officers in the last three years, we would consider providing long-term incentive compensation, including equity awards, to the extent it would help us to attract, motivate and retain such persons more so than cash compensation.

The Company consists of a corporate parent, Thor Industries, Inc., and several operating subsidiaries. Most executive officers of the corporate parent, including Messrs. Wade F. B. Thompson, Peter B. Orthwein and Richard E. Riegel, III, receive low fixed salaries in addition to discretionary cash bonuses relating to the profitability of the Company, which are reviewed and approved by the Compensation Committee. Mr. Davis, Chairman of Keystone RV Company (Keystone) and Chief Operating Officer of the Company from March 2007 to October 2007, receives a low fixed salary in addition to a cash bonus based on the profitability of Keystone.

The management of each operating subsidiary is provided with incentive based cash compensation through the Company's Management Incentive Plan (MIP), which provides for an annual bonus pool equal to a percentage of their operating subsidiary's pre-tax profits in excess of a threshold established by the Company's Chief Executive Officer. Pre-tax profits of an operating subsidiary are determined by reference to the income statement of the operating subsidiary after deducting an interest factor based on the amount of capital, if any, utilized by the operating subsidiary during the fiscal year. We believe that we have been successful in attracting, motivating and retaining management of our operating subsidiaries in large part due to our policy of providing cash compensation based upon the profitability of our operating subsidiaries.

For management of operating subsidiaries and executive officers, pre-tax profits has been chosen as the relevant performance measure because it is a key metric used by management to direct and measure the Company's business performance. Moreover, we believe that pre-tax profits measures are clearly understood by both our employees and stockholders, and that incremental growth in pre-tax profits leads to the creation of long-term stockholder value. Therefore, the performance compensation programs employed by the Company historically have used pre-tax profits as a performance measure for determining bonuses.

The Compensation Committee has responsibility for overseeing all forms of compensation for our executive officers, including our named executive officers.

Named Executive Officers

The named executive officers listed in the Summary Compensation Table below (collectively, the Company's named executive officers) and their respective titles are as follows:

Wade F. B. Thompson, *Chief Executive Officer, Chairman and President (principal executive officer)*

Peter B. Orthwein, *Vice Chairman and Treasurer*

Richard E. Riegel, III, *Chief Operating Officer (effective October 2007)*

Walter L. Bennett, *Executive Vice President, Chief Financial Officer and Secretary (principal financial officer)*

H. Coleman Davis, III, *Chairman of Keystone and, from March 2007 to October 2007, Chief Operating Officer*

Ted J. Bartus, *former Vice President, Purchasing*

Elements of Executive Officer Compensation

There are three basic elements of our executive compensation program, which are base salary, bonuses and other compensation and benefits.

Base Salary

Our named executive officers receive low base salaries relative to their bonuses, reflecting our philosophy that short-term compensation should be based primarily on performance. Base salaries of named executive officers are typically not adjusted except in connection with promotions. Notwithstanding the foregoing, for fiscal 2008, Mr. Bennett received a one-time base salary increase, from \$100,000 to \$500,000, with the expectation that his annual bonus will be reduced by a similar amount. This one-time adjustment reflects the determination by the Chief Executive Officer and the Compensation Committee that a smaller portion of the total compensation of the Company's finance executives should be tied to profitability going forward.

Bonuses

The majority of compensation paid to our named executive officers is in the form of cash bonuses. For all named executive officers other than Mr. Davis, bonus determinations take into account the profitability of the Company but are discretionary; no formulas are used. Mr. Davis's bonus amount is based on a formula relating to the profitability of Keystone.

Further details regarding the determination of bonuses for each of the named executive officers are as follows:

Messrs. Thompson, Orthwein, Riegel and Bennett

Toward the end of each fiscal year when profitability for the fiscal year can be reasonably estimated, the Chief Executive Officer recommends to the Compensation Committee bonus amounts to be paid to himself and Messrs. Orthwein, Bennett and Riegel in recognition of their contributions to the Company for the current fiscal year with due regard to the profitability of the Company as a whole. In approving the bonus amounts for Messrs. Thompson, Orthwein, Bennett and Riegel, the Compensation Committee considers the Company's performance during the year and the reasonableness of the recommended bonus amounts in relation to compensation paid to similarly situated executives in peer and comparably sized companies. In drawing comparisons against peer and other companies, members of the Compensation Committee individually and informally consult various publicly available sources, including publicly available information from Mercer and the SEC's EDGAR database. In particular, the bonus amounts historically requested for and paid to Messrs. Thompson and Orthwein have been well below market based on the Compensation Committee's informal review of compensation paid to the top executives at peer and comparatively sized companies.

Messrs. Thompson and Orthwein historically have been paid their bonuses in one lump sum, whereas Messrs. Bennett and Riegel have received advances on their bonuses that are approved and paid on a quarterly basis. These advances recognize that bonuses paid to Messrs. Bennett and Riegel represent a majority of their total annual compensation which Messrs. Bennett and Riegel prefer to receive in quarterly installments. The amounts of quarterly advancements are based on prior year bonus amounts, projected profits for the current year and subjective factors. Quarterly advancements are netted against the annual bonus amounts awarded to Mr. Bennett and Mr. Riegel as described above.

For fiscal 2007, Messrs. Thompson and Orthwein have declined annual bonuses due to the decline in the Company's profits in fiscal 2007 resulting from market conditions and the cost of the Company's internal investigation into its Dutchmen Manufacturing, Inc. operating subsidiary and the restatement of financial statements resulting therefrom.

Mr. Davis

Mr. Davis' bonus is based on a percentage of the pre-tax profits of Keystone, of which Mr. Davis is the Chairman, above a threshold amount. Although we anticipate that Keystone may have pre-tax profits each fiscal year, it is impossible to predict whether Keystone will have sufficient pre-tax profits to warrant the payment of a performance bonus to Mr. Davis and, as such, the amount, if any, of such bonus is impossible to predict.

Mr. Davis was considered a named executive officer for fiscal 2007 because he served as Chief Operating Officer of the Company between March 2007 and October 2007. In addition to this role, Mr. Davis continues to serve as Chairman of Keystone RV Company, one of the Company's operating subsidiaries. The Compensation Committee made no change to Mr. Davis' compensation arrangements during the time he served as Chief Operating Officer. Until the fourth quarter of fiscal 2007, Mr. Davis received his bonus payments pursuant to the MIP. For the fourth quarter of fiscal 2007, Mr. Davis received his bonus payment pursuant to the Company's Annual Incentive Plan (AIP).

Mr. Bartus

Mr. Bartus resigned from the Company on May 18, 2007. Pursuant to a Resignation and Release between Mr. Bartus and the Company, the Company agreed to pay Mr. Bartus a discretionary bonus covering the period from August 2006 through April 2007. Historically, Mr. Bartus' bonus was determined and paid in the same manner as the bonuses for Mr. Bennett and Riegel, as described above.

Other Benefits

A limited number of additional benefits are also provided to executive officers as part of the total compensation package because we believe that it is customary to provide such benefits or otherwise in our best interest to do so. In providing such benefits, both the Chief Executive Officer and the Compensation Committee have determined that these elements are appropriate for the attraction, motivation and retention of executive talent.

In this regard, the Company has established the Thor Industries, Inc. Non-Qualified Deferred Compensation Plan for executives who may be impacted by the compensation limits that restrict participation in the Company's qualified 401(k) plan. This plan allows executives to defer a portion of their compensation and to direct the Company to invest the funds in mutual fund investments held by the Company. Participant benefits are limited to the value of the investments held on their behalf. The Company does not make contributions to the plan.

The Company also grants long-term cash awards to certain named executive officers under the Company's Select Executive Incentive Plan. The purpose of the plan is to provide eligible executives with supplemental deferred compensation in addition to the current compensation earned under the MIP. Awards are determined at the sole discretion of the Compensation Committee upon the recommendation of the Chief Executive Officer. The amount(s) credited to the account of an eligible executive vest six years after the effective date of such eligible executive's participation. Historically, amounts awarded to named executive officers under this plan have represented a small percent of the total annual compensation of such officers.

Long-term Incentive Compensation

As noted above, although we have not awarded long-term incentive compensation to our executive officers in the last three years, we would consider providing long-term incentive compensation, including equity awards, to the extent it would help us to attract, motivate and retain such persons more so than cash compensation.

Moreover, several of our executive officers, including Messrs. Thompson, Orthwein and Davis, already own significant amounts of our common stock, and, as a result, the Compensation Committee believes that the financial interests of these executives are already fully aligned with those of stockholders. The Compensation Committee believes there would be little incremental value in providing these officers with additional equity.

Severance and Change-in-Control Benefits

The Company has not entered into any employment agreements with any named executive officer or any other agreement with provisions regarding severance or change-in-control benefits nor does the Company maintain a severance plan or policy for its employees. The absence of these benefits reflects our emphasis on cash compensation for current performance as opposed to other forms of compensation. Notwithstanding the foregoing, the Company entered into a Resignation and Release with Mr. Bartus in connection with Mr. Bartus' resignation from the Company in May 2007. Under this agreement, the Company agreed to pay Mr. Bartus \$100,000 in severance, payable in installments from May 18, 2007 to November 16, 2007.

Certain of the Company's benefit plans include severance and change-in-control protections for plan participants. For example, the Company's 1999 Stock Option Plan specifies that upon the occurrence of a change-in-control, all options will automatically become vested and exercisable in full and all restrictions or conditions, if any, on any options will automatically lapse. Under the Company's Restricted Stock Plan, restricted shares automatically vest upon (x) the termination by the Company of the holder of restricted shares other than for cause and (y) the holder's death, disability or retirement. These types of provisions are designed to ensure that plan participants receive the benefits of prior plan awards in the event that a change-in-control occurs or they are terminated other than for cause since these events are largely or entirely out of their control.

The aggregate value of change-in-control and termination benefits for each named executive officer is summarized below under the subheading, "Potential Payments Upon Termination or Change-in-Control".

Tax Deductibility

Section 162(m) of the Code denies a federal income tax deduction for certain compensation in excess of \$1 million per year paid to the chief executive officer and the three other most highly-paid executive officers (other than the Company's chief executive officer and chief financial officer) of a publicly-traded corporation. Certain types of compensation, including compensation based on performance criteria that are approved in advance by shareholders, are excluded from the deduction limit. The Compensation Committee's policy is to qualify compensation paid to our executive officers for deductibility for federal income tax purposes to the extent it believes it is practical and in the best interests of the Company and its stockholders. However, to retain highly skilled executives and remain competitive with other employers, the Compensation Committee has the right to authorize compensation that would not otherwise be deductible under Section 162(m) or otherwise.

Compensation Committee Report on Executive Compensation

We, the Compensation Committee of the Board of Directors of Thor Industries, Inc., have reviewed and discussed the Compensation Discussion and Analysis contained in this proxy statement with management. Based on such review and discussion, we have recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement and in Thor Industries, Inc.'s Annual Report on Form 10-K for the fiscal year ended July 31, 2007.

Grants of Plan Based Awards

There were no option awards or share awards granted to any of our named executive officers during fiscal year 2007. As shown under the column Non-Equity Incentive Plan Compensation in the Summary Compensation Table and as more fully described under Compensation Discussion and Analysis, Mr. Davis received non-equity incentive plan awards under the MIP and AIP for fiscal 2007. Because the awards are based on a percentage of pre-tax profits of Keystone, it is impossible to calculate thresholds, targets or maximum amounts for such awards.

Outstanding Equity Awards at Fiscal Year-End

The following table sets forth information concerning option awards and share awards held by our named executive officers as of July 31, 2007. All share amounts and exercise prices have been adjusted to reflect the Company's 2 for 1 stock split effective January 26, 2004.

Executive Employment Agreements

The Company has not entered into employment agreements with any of the named executive officers.

Potential Payments Upon Termination or Change-in-Control

The narrative and tables that follow describe potential payments and benefits to our named executive officers or their beneficiaries under existing plans or arrangements, whether written or unwritten, for various scenarios including change-in-control and termination of employment. The amounts shown assume a termination effective as of July 31, 2007, as well as a closing price of the Company's common stock on July 31, 2007 of \$41.02 per share, and thus include amounts earned through such time and are estimates of amounts that would be paid out to the named executive officers upon a change-in-control or their separation or termination. Unless otherwise noted, all cash benefits are stated as the total present value of the obligation. However, these amounts are estimates only, as the actual obligation can only be determined at the time of a change-in-control or the named executive officer's separation from the Company.

The Company has not entered into any agreements with any named executive officer with provisions regarding severance or change-in-control benefits nor does the Company maintain a severance plan or policy for its employees. Notwithstanding the foregoing, the Company entered into a Resignation and Release with Mr. Bartus in connection with Mr. Bartus' resignation from the Company in May 2007. Under this agreement, the Company agreed to pay Mr. Bartus \$100,000 in severance, payable in installments from May 18, 2007 to November 16, 2007.

The following presentation has been keyed to four general events upon which a named executive officer or his beneficiary would be entitled to a benefit: death, disability, termination by the Company other than for cause and change-in-control.

In addition to the amounts reported in the tables below, the SEIP and the Non-Qualified Deferred Compensation Plan provide for payments of the vested deferred amounts upon termination of employment or, in the case of the Non-Qualified Deferred Compensation Plan, following a change in control.

Under the SEIP, if a named executive officer's employment terminated on July 31, 2007, he would receive his entire vested account balance (reported in the Aggregate Balance at 7/31/07 column of the Non-Qualified Deferred Compensation Plan table) commencing after the end of the eighteenth complete calendar month following termination of employment (assuming he did not violate the plan's non-compete, non-solicitation or non-disclosure provisions).

Under the Non-Qualified Deferred Compensation Plan, if a named executive officer's employment terminated on July 31, 2007, or if the named executive officer died or became disabled, he would receive his entire vested account balance (reported in the Aggregate Balance at 7/31/07 column of the Non-Qualified Deferred Compensation Plan table). A change in control would also trigger payment to the named executive officer within one year thereafter.

Benefits and Payments Upon Death

The table below reflects the benefits payable in the event of death of our named executive officers on July 31, 2007:

Name	Value of Stock Acceleration (\$)(1)	Select Executive Incentive Plan (\$)(2)	TOTAL (\$)
Wade F. B. Thompson	-0-	-0-	-0-
Peter B. Orthwein	-0-	-0-	-0-

Walter L. Bennett	430,710	-0-	430,710
H. Coleman Davis, III	-0-	-0-	-0-
Ted J. Bartus	-0-	-0-	-0-

(1) The Restricted Stock Plan provides that restrictions on restricted stock grants lapse upon the death of a grant recipient. Amounts represent the value of accelerated vesting of such restricted stock plan grants.

(2) Represents the unvested balances which would vest upon the death of a plan participant under the SEIP.

Benefits and Payments Upon Termination Due to Disability, Termination by the Company Other Than for Cause or Change-in-Control

The table below reflects the benefits payable to our named executive officers had any of the following events occurred as of July 31, 2007: (i) termination due to disability, (ii) termination by the Company other than for cause or (iii) change-in-control.

Name	Value of Stock Acceleration (\$)(1)
Wade F. B. Thompson	-0-
Peter B. Orthwein	-0-
Richard E. Riegel, III	188,692
Walter L. Bennett	430,710
H. Coleman Davis, III	-0-
Ted J. Bartus	-0-

(1) Under the terms of our Restricted Stock Plan, the restrictions on restricted stock held by our named executive officers lapse upon the permanent and total disability of our named executive officers and the termination of employment by the Company other than for cause. In addition, this table assumes that the Compensation Committee, as administrator under the Restricted Stock Plan, would exercise discretionary authority to accelerate the vesting of restricted stock upon a change-in-control.

Summaries of Equity Compensation Plans

Thor Industries, Inc. 2006 Equity Incentive Plan

On December 5, 2006, we adopted the Thor Industries, Inc. 2006 Equity Incentive Plan (the Equity Incentive Plan or the Plan) which is designed to enable the Company and its affiliates to obtain and retain the services of the types of employees, consultants and directors who will contribute to the Company's long range success and to provide incentives that are linked directly to increases in share value which will inure to the benefit of all stockholders of the Company.

The Equity Incentive Plan is designed, among other things, to replace the Company's 1999 Stock Option Plan (the 1999 Plan) and the Company's 1997 Restricted Stock Plan (the 1997 Plan). When the Board approved the Equity Incentive Plan, it also approved the termination of the 1999 Plan and the 1997 Plan, each effective upon the approval of the Equity Incentive Plan by the stockholders of the Company. As a result, there will be no further grants of options, restricted stock or other equity-based awards pursuant to either the 1999 Plan or the 1997 Plan.

The maximum number of shares available for the grant of awards under the Equity Incentive Plan is 1,100,000 subject to adjustment in accordance with the terms of the Equity Incentive Plan, which is approximately the same number of shares that were available for issuance under the 1999 Plan and the 1997 Plan when those plans were terminated.

The Equity Incentive Plan will be administered by the Board or a committee designated by the Board (the Committee). The Board or the Committee (the Administrator) will have the power and authority to select Participants (as defined below) in the Plan and grant Awards (as defined below) to such Participants pursuant to the terms of the Plan.

Awards may be granted to employees, directors and, in some cases, consultants and those individuals whom the Administrator determines are reasonably expected to become employees, directors or

consultants following the date of the grant of the Award (*Participants*), provided that incentive stock options may be granted only to employees. Awards may be in the form of options (incentive stock options and nonstatutory stock options), restricted stock, restricted stock units, performance compensation awards and stock appreciation rights (collectively, *Awards*).

Options

Options may be granted as incentive stock options (stock options intended to meet the requirements of Section 422 of the Code) or nonstatutory stock options (stock options not intended to meet such requirements) and will be granted in such form and will contain such terms and conditions as the Administrator deems appropriate. The term of each option will be fixed by the Administrator but no incentive stock option may be exercisable after the expiration of ten years from the grant date; provided, that, in the case of incentive stock options granted to a 10% stockholder, the term of such option may not exceed five years from the grant date. The exercise price of each incentive stock option may not be less than 100% of the fair market value of the common stock subject to the option on the date of grant; provided, that, in the case of incentive stock options granted to a 10% stockholder, the exercise price may not be less than 110% of the fair market value on the date of grant. The exercise price of each nonstatutory stock option may not be less than 100% of the fair market value of the common stock subject to the option on the date of grant unless such nonstatutory stock option satisfies the additional conditions applicable to nonqualified deferred compensation under Section 409A of the Code. The Administrator will determine the time or times at which, or other conditions upon which, an option will vest or become exercisable.

Restricted Stock and Restricted Stock Units

The Administrator may award actual shares of common stock (*Restricted Stock*) or hypothetical common stock units having a value equal to the fair market value of an identical number of shares of common stock (*Restricted Stock Units*), which award may, but need not, provide that such *Restricted Stock* or *Restricted Stock Units* may not be sold, assigned, transferred or otherwise disposed of, pledged or hypothecated as collateral for a loan or as security for the performance of an obligation or for any other purpose for such period as the Administrator shall determine. Subject to the restrictions set forth in the Award, *Participants* who are granted *Restricted Stock* generally will have the rights and privileges of a stockholder as to such restricted stock, including the right to receive dividends and vote such restricted stock.

Performance Compensation Awards

The Plan provides the Administrator with the authority to designate certain Awards as performance compensation awards in order to qualify such Awards as performance-based compensation under Section 162(m) of the Code. In addition, the Plan provides the Administrator with the authority to make an Award of a cash bonus to any *Participant* and designate such Award as a performance compensation award in order to qualify such Award as performance-based compensation under Section 162(m) of the Code.

The maximum performance compensation award payable to any one *Participant* under the Plan for a Performance Period is 1,100,000 shares of common stock or, in the event such performance compensation award is paid in cash, the equivalent cash value thereof, as determined by the Administrator. The maximum amount that can be paid in any calendar year to any *Participant* pursuant to a Performance Compensation Award in the form of a cash bonus is \$10,000,000.

Stock Appreciation Rights

Stock appreciation rights may be granted either alone (*Free Standing Rights*) or, provided the requirements of the Plan are satisfied, in tandem with all or part of any option granted under the Plan (*Related Rights*). Upon exercise thereof, the holder of a stock appreciation right would be entitled to receive from the Company an amount equal to the product of (i) the excess of the fair market value of the Company's common stock on the date of exercise over the exercise price per share specified in such

stock appreciation right or its related option, multiplied by (ii) the number of shares for which such stock appreciation right is exercised. The exercise price of a Free Standing Right shall be determined by the Administrator, but shall not be less than 100% of the fair market value of the Company's common stock on the date of grant of such Free Standing Right. A Related Right granted simultaneously with or subsequent to the grant of an option shall have the same exercise price as the related option, shall be transferable only upon the same terms and conditions as the related option, and shall be exercisable only to the same extent as the related option. A stock appreciation right may be settled, at the sole discretion of the Administrator, in cash, shares of the Company's common stock or a combination thereof.

Change in Control

In the event of a change in control (as defined in the Plan) of the Company, unless otherwise provided in an Award agreement, all options and stock appreciation rights will become immediately exercisable with respect to 100 percent of the shares subject to such option or stock appreciation rights, and the restrictions will expire immediately with respect to 100 percent of such shares of Restricted Stock or Restricted Stock Units subject to such Award (including a waiver of any applicable Performance Goals). In addition, unless otherwise provided in an Award agreement, all incomplete Performance Periods in respect of a performance compensation award will end upon a change in control, and the Administrator will (a) determine the extent to which performance goals with respect to each such Performance Period have been met, and (b) cause to be paid to the applicable Participant partial or full performance compensation awards with respect to performance goals for each such Performance Period based upon the Administrator's determination of the degree of attainment of performance goals. Further, in the event of a change in control, the Administrator may in its discretion and upon advance notice to the affected persons, cancel any outstanding Awards and pay to the holders thereof, in cash or stock, or any combination thereof, the value of such Awards based upon the price per share of the Company's common stock received or to be received by other shareholders of the Company in the event.

Amendment and Termination

The Board at any time, and from time to time, may amend or terminate the Plan. However, except as provided otherwise in the Plan, no amendment shall be effective unless approved by the stockholders of the Company to the extent stockholder approval is necessary to satisfy any applicable law of securities exchange listing requirements. The Administrator at any time, and from time to time, may amend the terms of any one or more Awards; provided, however, that the Administrator may not effect any amendment which would otherwise constitute an impairment of the rights under any Award unless the Company requests the consent of the Participant and the Participant consents in writing.

1999 Stock Option Plan

The Thor Industries, Inc. 1999 Stock Option Plan (the "1999 Plan") was adopted by the Company's Board of Directors in July 1999 and by the Company's shareholders in September 1999 and provided for the grant of incentive stock options and nonstatutory options (collectively, "options") to employees and directors of the Company and its subsidiaries. The 1999 Plan was frozen effective as of December 5, 2006.

Upon the occurrence of a Change in Control (as defined in the 1999 Plan), all Options will automatically become vested and exercisable in full.

Under certain circumstances, in the event option holders engage in certain prohibitive behavior, options can be forfeited at the discretion of the Committee. In addition, any gains realized by option holders may have to be repaid under certain circumstances.

Restricted Stock Plan

The Company adopted the Thor Industries, Inc. Restricted Stock Plan (the "Restricted Stock Plan") effective September 29, 1997. The Restricted Stock Plan was frozen as of December 5, 2006.

No shares granted under the Restricted Stock Plan may be transferred by the recipient thereof until such shares have vested. Any nonvested shares will automatically vest upon the earliest of (x) termination other than for cause and (y) the recipient's death, disability or retirement. The Restricted Stock Plan contains non-competition and non-solicitation provisions which restrict recipients from competing with the Company. Non-compliance with such provisions will result in the forfeiture of non vested shares.

Summaries of Deferred Compensation Plans

Select Executive Incentive Plan

The Company adopted the Thor Industries, Inc. Select Executive Incentive Plan effective September 29, 1997. The SEIP is administered by the Compensation Committee. The purpose of the SEIP is to provide eligible executives with supplemental deferred compensation in addition to the current compensation earned under the Company's Management Incentive Plan. The SEIP is intended to be an unfunded deferred compensation arrangement for the benefit of a select group of management or highly compensated employees of the Company and its designated subsidiaries and affiliates.

For each year of participation, eligible executives are credited with the amount(s), if any, determined by the Compensation Committee in its sole discretion. The amount(s) are credited to an account maintained for each eligible executive, which is also credited with earnings and losses as if the amounts were invested in specific investment funds selected by the Compensation Committee (or by the eligible executive if the Compensation Committee establishes a procedure permitting the eligible executive to credit his or her account with respect to the results of one or more of the index funds selected by the Compensation Committee). The amount(s) credited to the account of an eligible executive vest six years after the effective date of such eligible executive's participation. The amounts vest immediately upon the eligible executive's death or attainment of age 65. The SEIP contains non-competition and non-solicitation provisions which prohibit eligible executives from competing with the Company within the United States or Canada during the term of such eligible executive's participation and for a period of eighteen months after termination of employment with the Company for any reason. Non-compliance with such provisions will result in a total forfeiture of vested benefits. Payment of benefits will commence eighteen months following the eligible executive's termination of employment and payment is made in lump sum, in up to ten annual installments or in another actuarially equivalent form of payment, as elected by the executive at the commencement of participation in the plan.

Non-Qualified Deferred Compensation Plan

The Company adopted the Thor Industries, Inc. Non-Qualified Deferred Compensation Plan (the Deferred Compensation Plan) as of June 1, 2000. The Deferred Compensation Plan was amended and restated as of February 1, 2003. The general purpose of the Deferred Compensation Plan is to provide key selected employees of the Company, including the named executive officers, with the benefits of an unfunded, non-qualified deferred compensation program.

Amounts contributed to the Deferred Compensation Plan on behalf of a participant are credited to the participant's individual account and credited with earnings and losses based on the performance of certain investment funds selected by the Company and elected by the participant. The Company may make the following types of contributions to the Deferred Compensation Plan on behalf of a participant: elective deferrals, matching contributions and discretionary incentive contributions.

Elective Deferrals are contributions made by the Company on behalf of eligible employees who voluntarily elect to contribute a portion of their compensation (at least 1% of compensation but not more than \$25,000 per year) to the Deferred Compensation Plan each payroll period by completing an elective deferral agreement. Matching Contributions are contributions made by the Company to the accounts of those who have voluntarily elected to defer in amounts determined by the Company from year to year. Discretionary Incentive Contributions are contributions made by the Company at such times and in such amounts as it may elect from time to time. The Company did not make any Matching Contributions or Discretionary Incentive Contributions in fiscal 2007.

The portion of a participant's account which is attributable to Matching Contributions and Discretionary Incentive Contributions vests upon the participant's completion of three years of service. However, all amounts in a participant's account become fully vested upon a Change of Control (as defined in the Deferred Compensation Plan).

Benefits become payable under the Deferred Compensation Plan upon the participant's termination of employment; within one year following a Change of Control; upon the participant's death or disability; or in connection with a severe financial hardship due to an unforeseen emergency.

Prior to the attainment of age 55, all benefits are paid in lump sum. Following the attainment of age 55, a participant may elect to have benefits paid in lump sum or in equal installments not to exceed five years.

Annual Incentive Plan

The Company adopted the Thor Industries, Inc. Annual Incentive Plan (the "Annual Incentive Plan") effective October 2, 2003. The Annual Incentive Plan is administered by a committee (the "Committee") comprised of at least two members of the Board of Directors of the Company who qualify as "outside directors" within the meaning of Section 162(m) of the Code. The purposes of the Plan are to provide an incentive to executive officers and other key employees of the Company and its subsidiaries to contribute to the growth, profitability and increased shareholder value of the Company, to retain such executives and key employees and endeavor to qualify the compensation paid under the Annual Incentive Plan for tax deductibility under Section 162(m) of the Code.

The Committee designates those executive officers of the Company and its subsidiaries, and such other key employees of the Company and its subsidiaries, who are eligible to receive awards ("Performance Awards") under the Annual Incentive Plan ("Eligible Executives"). The Committee determines which Eligible Executives, if any, will become participants in the Annual Incentive Plan (the "Participants"). With respect to fiscal 2007, Mr. Davis was the only named executive to receive an award under the Annual Incentive Plan and it related only to the fourth quarter of 2007.

A Performance Award represents the conditional right of a Participant to receive a cash award following the completion of a Performance Period (as defined below) based upon performance in respect of one or more of the performance goals during the Performance Period. For purposes of the Annual Incentive Plan, "Performance Period" means the fiscal year, or such other shorter or longer period designated by the Committee, during which performance is measured in order to determine a Participant's entitlement to receive payment of a Performance Award. A performance goal may be measured over a Performance Period on a periodic, annual, cumulative or average basis and may be established on a corporate-wide basis or established with respect to one or more operating units, divisions, subsidiaries, acquired businesses, minority investments, partnerships or joint ventures. The level or levels of performance specified with respect to a performance goal may be established in absolute terms, as objectives relative to performance in prior periods, as an objective compared to the performance of one or more comparable companies or an index covering multiple companies, or otherwise as the Committee may determine.

The Committee may establish performance objectives ("Performance Objective") for each Performance Award, consisting of one or more business criteria permitted as performance goals, one or more levels of performance with respect to each such criteria, and the amount or amounts payable upon achievement of such levels of performance. Performance Objectives are established by the Committee prior to, or reasonably promptly following the inception of, a Performance Period but, to the extent required by Section 162(m) of the Code, by no later than the earlier of the date that is ninety (90) day after the commencement of the Performance Period or the day prior to the date on which twenty-five percent (25%) of the Performance Period has elapsed. The amount of compensation payable upon the attainment of a Performance Objective may not be increased at the discretion of the Committee. The Committee may, however, at its discretion, reduce or eliminate the amount of compensation payable upon the attainment of a Performance Objective.

Performance Awards are subject to such conditions, including risks of forfeiture, restrictions on transferability and other terms and conditions as specified by the Committee.

A Participant may not be granted Performance Awards for all of the Performance Periods commencing in a fiscal year that permit the Participant in the aggregate to earn a cash payment in any fiscal year in excess of \$3,000,000.

The lead director and the chair of the Audit Committee will each receive an additional annual cash retainer of \$20,000, payable quarterly. Report of the Audit Committee

Working under the guidance of a written charter approved by the Board of Directors, the Audit Committee, which is comprised of Messrs. Neil D. Chrisman, Jan H. Suwinski and Geoffrey A. Thompson, is primarily responsible for assisting the Board in overseeing the Company's financial reporting process as well as the internal controls that management and the Board have established. The Board of Directors adopted a revised charter for the Audit Committee on October 11, 2005, a copy of which is available on the Company's website.

Management is responsible for the financial reporting process, including the system of internal control, and for the preparation of consolidated financial statements in accordance with accounting principles generally accepted in the United States of America. The Company's independent auditors are responsible for auditing those financial statements. The Audit Committee's responsibility is to monitor and review these processes, acting in an oversight capacity. The Audit Committee relies, without independent verification, on the information provided to it and on the representations made by management and the independent auditors.

During the past fiscal year, the Audit Committee met in person or by telephone and met in separate executive sessions with the Company's Chief Financial Officer, the Company's senior internal auditing executive and the independent auditing partner for the Company. The Audit Committee also met privately on a quarterly basis.

In carrying out its duties, the Audit Committee has reviewed and discussed the Company's audited consolidated financial statements for the fiscal year ended July 31, 2007 with the Company's management and Deloitte & Touche, LLP (Deloitte), the Company's independent auditors. The Audit Committee has also discussed with Deloitte the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as amended. In addition, the Audit Committee has received the written disclosures and the letter from Deloitte required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees and has discussed with Deloitte its independence from the Company and its management. Based on the foregoing reports and discussions and subject to the limitations on the role and responsibilities of the Audit Committee referred to above and in the Charter of the Audit Committee, the Audit Committee recommended to the Board of Directors, and the Board of Directors has approved, that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended July 31, 2007.

The Board of Directors has affirmatively determined that each of the members of the Audit Committee is independent as defined under the rules of the New York Stock Exchange.
