OFFER TO EXCHANGE \$50,000,000 REGISTERED 9.75% SENIOR NOTES

**DUE 2011 OF MERITAGE CORPORATION
UNDER THE SECURITIES ACT
FOR
\$50,000,000 UNREGISTERED 9.75% SENIOR NOTES
DUE 2011 OF MERITAGE CORPORATION**

THE EXCHANGE OFFER AND WITHDRAWAL RIGHTS WILL EXPIRE AT 5:00 P.M.,

NEW YORK CITY TIME, ON _____, 2003, UNLESS EXTENDED.

We are offering to exchange up to \$50,000,000 of our 9.75% senior notes due 2011 (the exchange notes), which have been registered under the Securities Act of 1933, as amended, for the identical principal amount of our outstanding unregistered 9.75% senior notes due 2011 (the outstanding notes). The aggregate principal amount at maturity of the outstanding notes, and therefore, the principal amount at maturity of exchange notes which would be issued if all the outstanding notes were exchanged, is \$50,000,000. The terms of the exchange notes will be identical with the terms of the outstanding notes, except that the issuance of the exchange notes is being registered under the Securities Act of 1933, and therefore the exchange notes will not be subject to the restrictions on transfer which apply to the outstanding notes.

The outstanding notes were issued in transactions which were exempt from the registration requirements of the Securities Act solely to qualified institutional buyers, as that term is defined in Rule 144A under the Securities Act, or outside the United States in compliance with Regulation S under the Securities Act. The exchange offer is being made in accordance with a registration rights agreement dated February 21, 2003 among us, the guarantors named in the agreement, Deutsche Bank Securities Inc., UBS Warburg LLC, Banc One Capital Markets, Inc. and Fleet Securities, Inc. Based on interpretations by the staff of the Securities and Exchange Commission, we believe a holder (other than a broker-dealer who acquired outstanding notes directly from us for resale or an affiliate of ours) may offer and sell exchange notes issued in exchange for outstanding notes without registration under the Securities Act and without the need to deliver a prospectus, if the holder acquired the exchange notes in the ordinary course of its business and the holder has no arrangement to participate, and is not otherwise engaged, in a distribution of the exchange notes.

Prior to the exchange offer, there has been no public market for the exchange notes. We do not currently intend to list the exchange notes on a securities exchange or seek approval for quotation of the exchange notes on an automated quotation system. Therefore, it is unlikely that an active trading market for the exchange notes will develop.

The exchange agent for the exchange offer is Wells Fargo Bank, National Association.

See Risk Factors, which begin on 11, for a discussion of certain factors that should be considered in evaluating the exchange offer.

Neither the Securities and Exchange Commission nor any state securities commission approved or disapproved of these securities or passed upon the adequacy or accuracy of this prospectus. Any representation to the contrary is a criminal offense.

The date of this prospectus is May _____, 2003.

PROSPECTUS SUMMARY

The following summary highlights selected information contained elsewhere in this prospectus and may not contain all of the information that is important to you. This summary is not complete and does not contain all of the information that you should consider before investing in the notes. For a more complete understanding of this exchange offer, we encourage you to read this entire document (including the documents incorporated herein by reference) and the documents to which we have referred you. Unless otherwise indicated in this prospectus, the terms Meritage, the Company, we, our and us refer to Meritage Corporation and its subsidiaries and predecessors as a combined entity. All references to the notes include both the outstanding notes and the exchange notes. All operating data and other operating ratios are unaudited.

The Company

We are a leading designer and builder of single-family homes in the rapidly growing Sunbelt states of Texas, Arizona, California and Nevada. We focus on providing a broad range of first-time, move-up and luxury homes to our targeted customer base. We and our predecessors have operated in Arizona since 1985, in Texas since 1987, in Northern California since 1989 and in Nevada since 1993.

We believe that the relatively strong population, job and income growth as well as the favorable migration characteristics of our markets will continue to provide significant growth opportunities for us. According to U.S. Housing Markets, a leading real estate and homebuilding publication of the Meyers Group, six of our nine markets, Dallas/ Ft. Worth and Houston, Texas, Phoenix/ Scottsdale, Arizona, Sacramento and East San Francisco Bay (East Bay), California and Las Vegas, Nevada, are among or part of the top 20 national housing markets based on annual housing permits issued in 2002, with Dallas/ Ft. Worth, Houston and Phoenix/ Scottsdale comprising three of the top six single-family housing markets. The other three markets that we operate in are Austin and San Antonio, Texas and Tucson, Arizona.

At March 31, 2003, we were actively selling homes in 125 communities, with base prices ranging from \$88,000 to over \$910,000. We develop a design and marketing concept tailored to each community, which includes determination of the size, style and price range of homes, street layout, size and layout of individual lots and overall community design. The home designs offered in a particular community also depend upon such factors as the housing generally available in the area, the consumer demands of a particular market and our lot costs for the project.

In general, we focus on minimizing land risk by purchasing property only after full entitlements have been obtained and typically begin development or construction immediately after close. We acquire land primarily through rolling option contracts, allowing us to purchase individual lots as our building needs dictate. These arrangements allow us to control lot inventory typically on a non-recourse basis without incurring the risks of land ownership or financial commitments other than relatively small non-refundable deposits. At March 31, 2003, we owned or had options to acquire 26,854 housing lots, of which 81% were under rolling option and land purchase contracts. We believe that the lots we own or have the right to acquire represent approximately a four year supply.

Issuance of the Outstanding Notes

The outstanding \$50 million principal amount senior notes due 2011 were sold by us to Deutsche Bank Securities Inc., UBS Warburg LLC, Banc One Capital Markets, Inc. and Fleet Securities, Inc., as initial purchasers, on February 21, 2003 pursuant to a purchase agreement, dated May 13, 2003, between the initial purchasers and us. The initial purchasers subsequently resold the outstanding notes in reliance on Rule 144A and Regulation S under the Securities Act. We and the initial purchasers also entered into a registration rights agreement pursuant to which we agreed to offer to exchange the exchange notes registered under the Securities Act for the outstanding notes and also granted holders of outstanding notes rights under some circumstances to have resales of outstanding notes registered under the Securities Act. The exchange offer is intended to satisfy certain of our obligations under the registration rights agreement. See *The Exchange Offer Purposes and Effects*.

The outstanding notes were issued under an indenture dated as of May 30, 2001, between Meritage Corporation, its subsidiary guarantors and Wells Fargo Bank, National Association, as trustee. The exchange notes also are being issued under the indenture and are entitled to the benefits of the indenture. The form and terms of the exchange notes will be identical in all material respects with the form and terms of the

outstanding notes, except that (1) the exchange notes will have been registered under the

Securities Act and, therefore, will not bear legends describing restrictions on transferring them, and (2) holders of exchange notes will not be, and upon the completion of the exchange offer, holders of outstanding notes will no longer be, entitled to certain rights under the registration rights agreement intended for the holders of unregistered securities. The exchange offer will be deemed completed upon the delivery by us to the exchange agent under the indenture of exchange notes in the same aggregate principal amount as the aggregate principal amount of outstanding notes that are validly tendered and not withdrawn by holders of them in response to the exchange offer. See The Exchange Offer Termination of Certain Rights and Procedures for Tendering and Description of the Exchange Notes.

The proceeds we received from the issuance of the outstanding notes were used for general corporate purposes, including repayment of a portion of our senior unsecured credit facility. We will receive no proceeds from completion of the exchange offer.

At the date of this prospectus, \$50 million principal amount at maturity of outstanding notes are outstanding. See The Exchange Offer Terms of the Exchange Offer.
Expiration of the Exchange Offer	5:00 p.m., New York, time, on _____, 2003, unless the exchange offer is extended (the day on which the exchange offer expires being the expiration date). See The Exchange Offer Expiration Date; Extension; Termination; Amendments.
Conditions of the Exchange Offer	The exchange offer is not conditioned upon any minimum principal amount of outstanding notes being tendered for exchange. However, the exchange offer is subject to certain customary conditions, which we may waive. See The Exchange Offer Conditions of the Exchange Offer.
Accrued Interest on the Outstanding Notes	The exchange notes will bear interest at the rate of 9.75% per annum from and including their date of issuance. When the first interest payment is made with regard to the exchange notes, we will also pay interest on the outstanding notes which are exchanged, from the date they were issued or the most recent interest date on which interest had been paid (if applicable) to, but not including, the day the exchange notes are issued. Interest on the outstanding notes which are exchanged will cease to accrue on the day prior to the day on which the exchange notes are issued. The interest rate on the outstanding notes may increase under certain circumstances if we are not in compliance with our obligations under the registration rights agreement. See Description of the Exchange Notes.
Procedures for Tendering the Outstanding Notes	A holder of outstanding notes who wishes to accept the exchange offer must complete, sign and date a letter of transmittal, or a

facsimile of one, in accordance with the instructions contained under the The Exchange Offer Procedures for Tendering and in the letter of transmittal, and deliver the letter of transmittal, or facsimile, together with the outstanding notes and any other required documentation to the exchange agent at the address set forth in The Exchange Offer Exchange Agent. Outstanding notes may be delivered physically or by confirmation of book-entry delivery of the outstanding notes to the exchange agent's account at The Depository Trust Company. By executing a letter of transmittal, a holder will represent to us that, among other things, the person acquiring the outstanding notes will be doing so in the ordinary course of the person's business, whether or not the person is the holder, that neither the holder nor any other person is engaged in, or intends to engage in, or has an arrangement or understanding with any person to participate in, the distribution of the exchange notes and that neither the holder nor any such other person is an affiliate, as defined under Rule 405 of the Securities Act, of ours. Each broker or dealer that receives exchange notes for its own account in exchange for outstanding notes which were acquired by the broker or dealer as a result of market-making activities or other trade activities, must acknowledge that it will deliver a prospectus in connection with any resale of the exchange notes. See The Exchange Offer Procedures for Tendering.

Guaranteed Delivery Procedures	Eligible holders of outstanding notes who wish to tender their outstanding notes and (1) whose outstanding notes are not immediately available or (2) who cannot deliver their outstanding notes or any other documents required by the letter of transmittal to the exchange agent prior to the expiration date (or complete the procedure for book-entry transfer on a timely basis), may tender their outstanding notes according to the guaranteed delivery procedures described in the letter of transmittal. See The Exchange Offer Guaranteed Delivery Procedures.

agreement. We will also pay any transfer taxes which are applicable to the exchange offer (but not transfer taxes due to transfers of outstanding notes or exchange notes by the holder). See The Exchange Offer Fees and Expenses.

Resales of the Exchange Notes

Based on interpretations by the staff of the SEC set forth in no-action letters issued to persons unrelated to us, we believe exchange notes issued pursuant to the exchange offer in exchange for outstanding notes may be offered for resale, resold and otherwise transferred by the holder (other than (1) a broker-dealer who purchased the outstanding notes directly from us for resale pursuant to Rule 144A under the Securities Act or another exemption under the Securities Act or (2) a person that is an affiliate of ours, as that term is defined in Rule 405 under the Securities Act), without registration or the need to deliver a prospectus under the Securities Act, provided that the holder is acquiring the exchange notes in the ordinary course of business and is not participating, and has no arrangement or understanding with any person to participate, in a distribution of the exchange notes. Each broker-dealer that receives exchange notes for its own account in exchange for outstanding notes which outstanding notes were acquired by the broker as a result of market-making or other trading activities, must acknowledge that it will deliver a prospectus in connection with any resale of the exchange notes. See The Exchange Offer Purposes and Effects.

Federal Income Tax Consequences

The exchange offer is not expected to be treated as a taxable event for United States federal income tax purposes. See Certain United States Federal Income Tax Considerations.

The exchange notes will evidence the same debt as the outstanding notes and will be entitled to the benefits of the indenture under which both the outstanding notes were, and the exchange notes will be, issued. outstanding at a purchase price equal to 100% of the principal amount, plus accrued interest.

Restrictive Covenants

The indenture governing the notes contains covenants that, among other things, limit our ability and the ability of our subsidiaries to:

incur additional indebtedness or liens;

pay dividends or make other distributions or repurchase or redeem our stock;

make investments;

sell assets;

enter into agreements restricting our subsidiaries' ability to pay dividends;

enter into transactions with affiliates; and

consolidate, merge or sell all or substantially all of our assets.

These covenants are subject to important exceptions and qualifications, which are described under the heading "Description of the Exchange Notes" in this offering memorandum.

Absence of a Public Market

The exchange notes will be a new issue of securities and there is currently no established market for them. The exchange notes, when issued, will generally be freely transferable (subject to restrictions discussed elsewhere herein) but will be a new issue of securities for which there will not initially be a market. Accordingly, there can be no assurance as to the development or liquidity of any market for the outstanding notes or, when issued, the exchange notes. The outstanding notes are eligible for trading in The PORTAL Market.

Use of Proceeds

We will receive no proceeds from the exchange of the exchange notes for the outstanding notes pursuant to the exchange offer. The net proceeds we received from the outstanding notes were used for general corporate purposes, including repayment of a portion of our senior unsecured credit facility.
