**Report of Independent Registered Public Accounting Firm**

To the Benefits Administration Committee and Participants  
of the Phelps Dodge Employee Savings Plan

In our opinion, the accompanying statements of net assets available for benefits and the related statement of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of the Phelps Dodge Employee Savings Plan (the Plan ) at December 31, 2005 and 2004, and the changes in net assets available for benefits for the year ended December 31, 2005 in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Benefits Administration Committee (the Committee ). Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by the management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion. Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) at December 31, 2005 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Committee. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**Table of Contents**

**Phelps Dodge Employee Savings Plan  
Notes to Financial Statements**

**1. Description of Plan**

**General**

The Phelps Dodge Employee Savings Plan (the Plan) is a defined contribution plan established for the benefit of eligible employees (the Participants) of Phelps Dodge Corporation (the Corporation) and its participating subsidiaries, affiliates and locations. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). A brief description of the Plan is included in the following paragraphs. Participants should refer to the Plan document for a complete description of Plan provisions.

**Administration**

The Plan is sponsored by the Corporation and administered by the Corporation's Benefits Administration Committee (the Committee) composed of seven employees of the Corporation who are appointed by the Corporation's Board of Directors.

Effective April 1, 2005, an Investment Committee was established to designate and monitor the investment vehicles available under the Plan. The Investment Committee is composed of six employees of the Corporation, as described by the Plan document.

Effective October 1, 2004, the Corporation entered into the Master Trust Agreement for the Phelps Dodge Employee Savings Plan (the Master Trust) with JPMorgan Chase Bank to serve as the funding vehicle for the Plan. Prior to October 1, 2004, all Plan assets were held in a trust (the PD Plan Trust) pursuant to a trust agreement by and between the Corporation and JPMorgan Chase Bank. On October 1, 2004, the common/collective funds, mutual funds and the Plan's benefit-responsive guaranteed investment contracts (GICs) were transferred from the PD Plan Trust to the Master Trust. The Master Trust is administered by JPMorgan Chase Bank (the Trustee). JPMorgan Retirement Plan Services LLC serves as the Recordkeeper of the Plan.

Brokerage commissions, taxes and other expenses incurred in connection with the purchase and sale of securities or other property for a fund are paid by such fund. All other fees and expenses of plan administration are paid by the Master Trust (PD Plan Trust prior to October 1, 2004) unless the Corporation elects, in its sole discretion, to pay those expenses directly. The investment expenses of the Master Trust primarily relate to the administration of the Master Trust's GICs.

**Contributions**

All Participants are eligible to make pretax deferral contributions (Pretax Contributions), subject to certain limitations, equal to a whole percentage from 1 percent to 100 percent of their eligible earnings. Participants who have attained age 50 before the end of the applicable year may be eligible to make additional Pretax Contributions up to the annual catch-up limit, which may be eligible for a matching contribution from the Corporation (Company Matching Contribution). After-tax contributions are not permitted. The Company Matching Contribution is equal to 100 percent of the Participant's Pretax Contributions that do not exceed 3 percent of the Participant's eligible earnings and an additional 50 percent of the Pretax Contributions that do not exceed the next 2 percent of the Participant's eligible earnings. Participants are eligible to make Pretax Contributions to the Plan immediately upon their hire date, and those Pretax Contributions are eligible for the Company Matching Contribution. All contributions are invested in one or more of the investment vehicles available within the Plan as directed by Participants. Participants are always fully vested in their total account balances.

A profit sharing contribution, as defined by the Plan document, for eligible employees may be made by the Corporation (Company Profit Sharing Contribution). Eligible employees generally are those Participants employed in a salaried job classification, who have a year of service (1,000 hours of service) and who are employed on the last day of the Plan year. However, if Participants retired, died or became disabled during the year, those Participants are still eligible to receive this contribution. A profit sharing contribution of \$18,857,000 was made for 2005 and paid to the Master Trust in 2006. The profit sharing contribution is allocated to each participant based on the percentage of the participant's eligible profit sharing earnings to the aggregate eligible profit sharing earnings for all participants.

**Table of Contents**

**Phelps Dodge Employee Savings Plan**

**Notes to Financial Statements**

**1. Description of Plan (Continued)**

**Investments**

Participants may direct the investment of their account balances in a variety of investment vehicles comprised of common stocks, mutual funds, common/collective funds and GICs. The Plan is intended to comply with Section 404(c) of ERISA.

**Distributions**

Participants' interests in the Plan become distributable upon severance from employment with the Corporation, upon attaining age 59 1/2 (with certain limitations) or to their beneficiaries in the event of their death. The distribution may be made in a single lump sum or a series of substantially equal annual, quarterly or monthly cash installments beginning no earlier than age 55 and continuing over a period not to exceed 10 years, at the election of the Participant or beneficiary. Certain preserved benefits transferred from a merged plan into this Plan may be distributed to married participants in the form of a qualified contingent annuity. Cash distributions are based upon the underlying closing price for all investments, except for the common stocks mentioned below. Distributions of investments in Phelps Dodge Common Stock, Occidental Petroleum Stock or BP Amoco Stock are based upon the actual price at which the stock is liquidated in the market three days prior to distribution. Distributions of investments in Phelps Dodge Common Stock, Occidental Petroleum Common Stock and BP Amoco Common Stock may also be made in shares.

After-tax contributions were permitted in certain plans that transferred assets into the Plan in prior years. Participants may withdraw such after-tax contributions and earnings thereon at any time. The Plan also provides, with certain limitations, for hardship withdrawals of Pretax Contributions (excluding earnings), Rollover Contributions and Company Profit Sharing Contributions. Hardship withdrawals are not granted unless other financial resources are not reasonably available, including after-tax savings or a loan from the Plan. Rollover Contributions may be withdrawn at anytime. Company Profit Sharing Contributions may be withdrawn once a Participant has 5 years of service. All withdrawals and distributions are made in accordance with rules outlined in the Plan document.

**Loans**

Participants may borrow from their account balances as provided in the Plan. Loans are repayable over a maximum of 5 years with the exception of loans for the purchase of a primary residence that may extend to 15 years. The maximum loan amount is equal to \$50,000 minus the Participant's highest outstanding loan balance during the past 12 months, limited to 50 percent of the Participant's vested account balance. Loans bear interest at the prime rate as quoted by the Plan's Trustee plus 2 percent. The prime rate at December 31, 2005, was 7.25 percent.

Loans are repaid by payroll deductions and interest is credited to the Participant's accounts. Loans are generally secured by the Participant's account balance.

**Plan Termination**

The Plan may be amended or terminated at any time by the Corporation. No such action may cause any portion of the Plan assets to revert to the Corporation or to be used or diverted for any purpose other than for the exclusive benefit of Participants or their beneficiaries.

**2. Summary of Significant Accounting Policies**

**Basis of Presentation**

The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

- 5 -

---

**Table of Contents**

**Phelps Dodge Employee Savings Plan  
Notes to Financial Statements**

**2. Summary of Significant Accounting Policies (Continued)**

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets available for benefits during the reporting period. Actual results could differ from those estimates.

**Investment Valuation and Income Recognition**

Plan investments, other than GICs, are presented at fair value. The fair values of common stock, mutual funds and common/collective fund shares are based upon the closing market price, net asset value and net unit value, respectively, on the valuation date. GICs within the Master Trust are recorded at contract value and are based upon the respective face values plus accrued interest on the valuation date because they are fully benefit responsive. Participant loans are valued at their outstanding balance, which approximates fair value.

Security transactions are recorded on a trade-date basis. Expenses paid by the Plan in connection with such transactions include brokerage commissions and taxes that are included in the cost of securities purchased and deducted from the proceeds of securities sold. Net appreciation (depreciation) in the fair value of the Plan's investments consists of the realized gains (losses) and the unrealized appreciation (depreciation) on those investments. Dividend income is recognized on the ex-dividend date. Interest income is recognized as earned. Employer and Participant contributions are recognized on the accrual basis.

**Risks and Uncertainties**

Investments held by the Plan are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of such investments, it is at least reasonably possible that changes in risks in the near term would materially affect Participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

**Payment of Benefits**

Benefits are recorded when paid.

**3. The Master Trust**

The Master Trust refers to the Master Trust agreement with JPMorgan Chase Bank, which was effective on October 1, 2004. The Plan's interest in the Master Trust represents the Plan's investments in U.S. government securities, common/collective funds, mutual funds and GICs.

The Master Trust holds investments for the Plan as well as for two other employee savings plans of the Corporation's subsidiaries. At December 31, 2005 and 2004, the Plan's interest in the net assets of the Master Trust was 98.288 percent and 98.137 percent, respectively. The records for each of the plans are maintained by the Trustee based on the individual plan participant's investment balances. Investment income (loss) is allocated to each Participant's account on a daily basis through a valuation performed by the Recordkeeper. Administrative expenses relating to the Master Trust are allocated to the individual funds based upon each participant's pro rata share.

**Table of Contents****Phelps Dodge Employee Savings Plan  
Notes to Financial Statements****3. The Master Trust (Continued)**

The net assets available for benefits of the Master Trust at December 31, 2005, were as follows (in thousands):

Mutual funds	\$ 294,146
Common/collective funds	257,842
U.S. government securities	143
Net assets available for benefits	\$ 552,131

Net appreciation (depreciation), and dividends and interest income of the Master Trust for the year ended December 31, 2005, were as follows (in thousands):

Investment income:	
Net appreciation (depreciation) in fair value of investments:	
Mutual funds	\$ 18,769
Common/collective funds	(430)
Dividends and interest	17,202
Net investment income	\$ 35,541

Certain of the Master Trust's investments include GICs that are carried at contract value. The GICs are credited with earnings on the underlying investments and charged for Participant withdrawals and administration expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract value of the GICs within the respective common/collective funds as of December 31 was as follows:

	<b>2005</b>	<b>2004</b>
	(in thousands)	
JPMorgan Interest Income Fund	\$ 108,223	93,151
JPMorgan Moderate Investment Portfolio Fund	34,109	29,434
JPMorgan Conservative Investment Portfolio Fund	12,717	10,350
JPMorgan Aggressive Investment Portfolio Fund	12,618	10,916
	\$ 167,667	143,851

**Table of Contents****Phelps Dodge Employee Savings Plan  
Notes to Financial Statements****3. The Master Trust (Continued)**

A reconciliation of the fair market value of investments in these contracts and the related contract value as reflected in the net assets available for benefits in the Master Trust was as follows:

	<b>December 31,</b>	
	<b>2005</b>	<b>2004</b>
	(in thousands)	
Fair market value of investments	\$ 166,124	146,800
Synthetic wrapper value	1,543	(2,949)
Carrying value (contract value)	\$ 167,667	143,851

There were no reserves against contract value for credit risk of the contract issuers or otherwise at December 31, 2005 or 2004. During the first nine months of 2004, the GICs were held by the PD Plan Trust, which were transferred to the Master Trust effective October 1, 2004. The average yield was approximately 5.59 percent and 5.35 percent for 2005 and 2004, respectively. The crediting interest rates as of December 31, 2005 and 2004, were 5.65 percent and 5.43 percent, respectively. The crediting interest rates are based on a formula agreed upon by the issuers, but cannot be less than zero. Such interest rates are reviewed on a quarterly basis for resetting.

**4. Investments**

The following table presents investments that represent five percent or more of the Plan's net assets at December 31:

	<b>2005</b>	<b>2004</b>
	(in thousands)	
JPMorgan Interest Income Fund	\$ 110,896	95,689
Phelps Dodge Common Stock Fund *	\$ 98,413	84,744
JPMorgan Moderate Investment Portfolio Fund	\$ 81,999	71,285
American Century Equity Growth Fund	\$ 75,131	68,915
American Century Income and Growth Fund	\$ 61,254	57,781
JPMorgan Aggressive Investment Portfolio Fund	\$ 60,544	53,078
T. Rowe Price Small Cap Stock Fund	\$ 46,671	40,644
JPMorgan Enhanced Index Fund	\$ 45,335	43,574
American Century Europacific Growth Fund	\$ 40,133	26,720 **

\* Phelps Dodge  
Common Stock  
Fund is not held  
by the Master  
Trust

\*\*

Amount is less  
than five  
percent of the  
Plan's net assets

- 8 -

---

**Table of Contents****Phelps Dodge Employee Savings Plan  
Notes to Financial Statements****5. Related Party Transactions**

The Trustee invests in the Corporation's common stock in accordance with the provisions of the Plan. The following is a summary of transactions in the Corporation's common stock during 2005 (in thousands):

Cost of shares purchased	\$ 42,166
Number of shares purchased	402
Proceeds from shares sold	\$ 62,136
Number of shares sold	552
Value of shares distributed	\$ 1,235
Number of shares distributed	22
Dividend income received	\$ 4,477

Certain Plan investments are shares of mutual funds and common/collective trusts managed by American Century Investments and JPMorgan Asset Management while an affiliated company, JPMorgan Retirement Plan Services LLC, is the Recordkeeper as defined by the Plan. Therefore, these transactions qualify as party-in-interest.

**6. Tax Status**

The Plan received a determination letter from the Internal Revenue Service (IRS) dated October 16, 2002, which states that the Plan met the requirements of Section 401(a) of the Internal Revenue Code and that the earnings of the trust are exempt from taxation under Section 501(a) of the Code. The Plan has been amended since receiving the determination letter; however, the Committee and its legal counsel believe that the Plan, as amended and as operated, continues to satisfy IRS requirements for tax exemption.

**7. Subsequent Events**

On March 16, 2006, the Corporation completed the sale of Columbian Chemicals Company to a company owned jointly by One Equity Partners, a private equity affiliate of JPMorgan Chase & Co., and South Korean-based DC Chemical Co. Ltd. Accordingly, the Master Trust agreement was amended to withdraw the Columbian Chemicals Company Hourly Employee Savings Plan (CCC Plan), effective February 9, 2006, from the Master Trust. Subsequently on February 9, 2006, the beneficial interest of the CCC Plan (approximately \$10 million) was transferred from the Master Trust.

On June 26, 2006, the Corporation, Inco Limited and Falconbridge Limited announced they had agreed to combine their companies and create a North American-based mining company. At this time, it appears that the impact of this combination on the Plan will be minimal.
