- (1) Assumes conversion of all of the holder's notes at a conversion rate of 12.3874 shares of capital stock per \$1,000 principal amount of notes. This conversion rate is subject to adjustment, however, as described under "Description of the Notes —Conversion Rights." As a result, the number of shares of capital stock issuable upon conversion of the notes may increase or decrease in the future.
- (2) Calculated based on Rule 13d-3(d)(1)(i) of the Exchange Act, using 23,915,868 shares of capital stock outstanding as of June 30, 2007. In calculating this amount for each holder, we treated as outstanding the number of shares of capital stock issuable upon conversion of all of that holder's notes, but we did not assume conversion of any other holder's notes.

Neither the Securities and Exchange Commission, any state securities commission nor any other United States regulatory authority has approved or disapproved of these securities or determined if this prospectus is truthful or complete. Any representation to the contrary is a criminal offense.
