PROXY STATEMENT

TIME, DATE AND PLACE OF ANNUAL MEETING

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of AmeriPath, Inc., a Delaware corporation (the "Company" or "Ameripath"), of proxies from the holders of the Company's Common Stock, par value \$.01 per share (the "Common Stock"), for use at the 2001 Annual Meeting of Stockholders of the Company to be held at the Palm Beach Gardens Marriott Hotel, 4000 RCA Boulevard, Palm Beach Gardens, Florida, at 11:00 a.m., local time, on Thursday, May 3, 2001, and at any adjournments or postponements thereof (the "Annual Meeting").

The approximate date that this Proxy Statement and the enclosed form of proxy are first being sent to stockholders is April 5, 2001. Stockholders should review the information in this Proxy Statement together with the Company's Annual Report to Stockholders for the year ended December 31, 2000 which accompanies this Proxy Statement. The Company's principal executive offices are located at 7289 Garden Road, Suite 200, Riviera Beach, Florida 33404, and its telephone number is (561) 845-1850.

INFORMATION CONCERNING PROXY

The enclosed proxy is solicited on behalf of the Company's Board of Directors. The giving of a proxy does not preclude the right to vote in person should any stockholder giving the proxy so desire. Stockholders have an unconditional right to revoke their proxy at any time prior to the exercise thereof, either in person at the Annual Meeting or by filing with the Company's Secretary at the Company's headquarters a written revocation or duly executed proxy bearing a later date; however, no such revocation will be effective until written notice of the revocation is received by the Company at or prior to the Annual Meeting.

The cost of preparing, assembling and mailing this Proxy Statement, the Notice of Annual Meeting of Stockholders and the enclosed proxy is to be borne by the Company. In addition to the use of mail, employees of the Company may solicit proxies personally and by telephone. The Company's employees will receive no compensation for soliciting proxies other than their regular salaries. The Company may request banks, brokers and other custodians, nominees and fiduciaries to forward copies of the proxy material to their principals and to request authority for the execution of proxies. The Company may reimburse such persons for their expenses in doing so. The Company has also retained D.F. King & Co, Inc. to assist in soliciting proxies from its stockholders. The fees

Edgar Filing: AMERIPATH INC - Form PRER14A

of such firm are estimated to be \$5,000 plus reimbursement of out of pocket expenses.

PURPOSES OF THE ANNUAL MEETING

At the Annual Meeting, the Company's stockholders will consider and vote upon the following matters:

(1) To elect two (2) members to the Company's Board of Directors to hold office until the 2004 Annual Meeting or until their successors are duly elected and qualified;

(2) To consider and vote upon a proposal to amend the Company's Amended and Restated Certificate of Incorporation to increase the number of authorized shares of Common Stock of the Company from 30,000,000 shares to 60,000,000 shares;

(3) To consider and vote upon a proposal to approve the Company's 2001 Stock Option Plan;

(4) To ratify the reappointment of Deloitte & Touche LLP as the Company's independent public accountants; and

(5) To transact such other business as may properly come before the Annual Meeting and any adjournments or postponements thereof.

If you sign and return the enclosed proxy, the proxies named therein will have authority to vote your shares of AmeriPath's Common Stock at the Annual Meeting as indicated therein. Unless you indicate otherwise on the enclosed proxy, all shares of AmeriPath Common Stock represented by valid proxies (including your shares) received pursuant to this solicitation (and which have not been revoked in accordance with the procedures set forth herein) will be voted (a) for the election of the respective nominees for director named below, (b) in favor of the proposal to amend the Company's Amended and Restated Certificate of Incorporation to increase the number of authorized shares of Common Stock of the Company from 30,000,000 shares to 60,000,000 shares; (c) in favor of the proposal to approve the Company's 2001 Stock Option Plan, (d) in favor of ratification of the reappointment of Deloitte & Touche LLP as the Company's independent public accountants, and (e) by the proxies in their discretion upon any other proposals that may properly come before the meeting. In the event a stockholder specifies a different choice by means of the enclosed proxy, his shares will be voted in accordance with the specification so made.

OUTSTANDING VOTING SECURITIES AND VOTING RIGHTS

The Board of Directors has set the close of business on March 23, 2001 as the record date (the "Record Date") for determining stockholders of the Company entitled to notice of and to vote at the Annual Meeting. As of March 16, 2001, there were 24,941,749 shares of Common Stock issued and outstanding, all of which are entitled to be voted at the Annual Meeting. Each share of Common Stock is entitled to one vote on each matter submitted to stockholders for approval at the Annual Meeting. Stockholders do not have the right to cumulate their votes for directors.

Edgar Filing: AMERIPATH INC - Form PRER14A

The attendance, in person or by proxy, of the holders of a majority of the outstanding shares of Common Stock entitled to vote at the Annual Meeting is necessary to constitute a quorum for stockholders to take action at the meeting. If a quorum is present at the Annual Meeting, the nominees for director shall be elected by a plurality of the votes of the shares present in person or by proxy at the Annual Meeting. The proposal for the increase in the number of authorized shares of Common Stock

2

requires an amendment to the Certificate of Incorporation, which must be approved by a majority of the shares outstanding. All other proposals, including the approval of the 2001 Stock Option Plan and the ratification of the reappointment of the auditors shall be approved by a majority of the shares present in person or by proxy at the Annual Meeting. If less than a majority of the outstanding shares entitled to vote are represented at the Annual Meeting, a majority of the shares so represented may adjourn the Annual Meeting to another date, time or place. Prior to the Annual Meeting, the Company will select one or more inspectors of election for the meeting. Such inspector(s) shall determine the number of shares of Common Stock represented at the meeting, the existence of a quorum and the validity and effect of proxies, and shall receive, count and tabulate ballots and votes and determine the results thereof.

Abstentions will be considered as shares present and entitled to vote at the Annual Meeting and will be counted as votes cast at the Annual Meeting. Shares represented by proxies reflecting abstentions will be considered as shares present and entitled to vote for purposes of determining the presence of a quorum and will be counted as votes cast for purposes of determining the outcome of any matter submitted to the shareholders for a vote, but will not be counted as votes "for" or "against" any matter subject to the abstention. Directors are elected by plurality of votes cast, without regard to proxies as to which authority to vote for one or more of the nominees being proposed is withheld. Abstentions on any other proposal will have the same effect as negative votes.

The inspectors of election will treat shares referred to as "broker or nominee non-votes" (shares held by brokers or nominees as to which instructions have not been received from the beneficial owners or persons entitled to vote and the broker or nominee does not have discretionary voting power on a particular matter) as shares that are present and entitled to vote for purposes of determining the presence of a quorum. For purposes of determining the outcome of any matter as to which the proxies reflect broker or nominee non-votes, shares represented by such proxies will be treated as not present and not entitled to vote on that subject matter and therefore will not be considered by the inspectors of election when counting votes cast on the matter (even though those shares are considered entitled to vote for quorum purposes and may be entitled to vote on other matters). Accordingly, broker or nominee non-votes will have the same effect as a vote against the proposal to increase the authorized shares of common stock, but will not have the same effect as a vote against the election of any director or any other proposal.

ELECTION OF DIRECTORS; NOMINEES

The Company's Certificate of Incorporation and Bylaws provide that the number of directors constituting the Company's Board of Directors shall not be less than three nor more than twelve, as determined from time to time by resolution of the Board of Directors. The size of the Board of Directors is currently fixed at six directors.

The Company's Certificate of Incorporation divides the Board of Directors into three classes. Each class of directors serves staggered three year terms or until their successors are elected and qualified.

The current classes of the Board of Directors and their terms of office are as follows:

CLASS	DIRECTORS	TERM EXPIRATION
-----	-----	-----

II	Martin Gibson	2002
II	Brian C. Carr	2002
III	Alan Levin, M.D.	2003
III	C. Arnold Renschler, M.D.	2003

The two directors in Class I, James C. New and E. Roe Stamps, IV, have been nominated for re-election at the Annual Meeting. Each Class I director elected at the Annual Meeting will hold office until the annual meeting of shareholders to be held in 2004.

On December 21, 2000, Timothy M. Kilpatrick, M.D. resigned as a Director of the Company. The Board of Directors of the Company approved Brian C. Carr, President of the Company, to replace Mr. Kilpatrick as a Director. Mr. Carr will serve the remainder of Dr. Kilpatrick's term until 2002.

All proxies will be voted for Mr. New and Mr. Stamps, absent contrary instructions. The Board of Directors has no reason to believe that the nominees will refuse or be unable to accept election; however, in the event that any nominee is unwilling or unable to accept election or if any other unforeseen contingencies should arise, each proxy that does not specifically direct otherwise will be voted for the remaining nominees, if any, and for such other person(s) as may be designated by the Board of Directors.

In addition, each director who is not an employee of the Company is eligible to receive options to purchase shares of Common Stock under

The Company also reimburses all Directors for out-of-pocket expenses incurred in connection with the rendering of services as a director. For the year ended December 31, 2000, Dr. Renschler also received a special \$10,000 award from the Company.

Employment Agreements

The Company entered into an employment agreement with Mr. New effective January 1, 1996, pursuant to which Mr. New is eligible to receive an annual bonus up to 50% of his base salary upon attaining mutually agreed upon objectives relating to the Company's performance, and a potential additional amount of bonus for exceeding the objectives. For the year ended December 31, 2000, the Compensation Committee of the Board of Directors determined that Mr. New exceeded his performance objectives for 2000 and awarded a bonus to Mr. New that exceeded 50% of his base salary. Upon termination of his employment by the Company for reasons other than disability, death or cause, Mr. New will receive his base salary and benefits for a period of 12 months.

In addition, on November 1, 1999, the Company entered a Consulting and Non-competition Agreement with Mr. New, providing for continuation of Mr. New's current salary and benefits for an additional 12 month period in exchange for Mr. New's agreement to provide certain consulting services, and to refrain from competing with or soliciting personnel from the Company, during the agreement's

Edgar Filing: AMERIPATH INC - Form PRER14A

(24-month) term. This agreement becomes effective if either (a) Mr. New's employment with the Company is terminated for a reason other than death, disability or voluntary resignation prior to a change-in-control of the Company, or by the Company for "cause", or (b) Mr. New voluntarily resigns following a change-in-control of the Company. Upon effectiveness of this agreement, Mr. New's consulting fee would be \$100,000 and compensation for his restrictive covenant would be \$250,000.

On August 12, 1999, the Company entered into Executive Retention Agreements with certain executive officers of the Company, following approval of such agreements by the Company's Board of Directors. Each agreement generally provides that in the event of a "change in control" of the Company (as defined therein), the Company will continue to employ the Officer under the agreement for a period of one year following the change in control, at a monthly salary (the "Base Salary") equal to the highest monthly salary paid to the Officer during the twelve months preceding the change in control. In addition, upon the occurrence of a change in control, the Officer will receive a bonus equal to twelve times the Base Salary, and at the end of the one-year employment period, the Officer will receive another bonus in the same amount. The agreements provide for various termination payments if employment is terminated prior to the end of the one-year employment period.

In February 1996, the Company assumed Mr. Wynn's employment agreement with American Laboratory Associates. The agreement, which was subsequently amended, provided that Mr. Wynn may receive an annual bonus of up to 35% based on his achievement of performance objectives determined by the Company. Upon termination of his employment without cause, Mr. Wynn would receive his base salary for a period of 12 months. Mr. Wynn also entered into the Executive Retention Agreement as described above. Mr. Wynn retired from the Company as of February 1, 2001. All the above agreements terminated on that day.

The Company entered into an employment agreement with Dr. Levin, in his capacity as an Affiliated Physician, as of June 30, 1996 in connection with the Company's acquisition of Derrick and Associates. Effective October 1, 1996, the Company entered into an additional agreement with Dr. Levin pursuant to which Dr. Levin became Chief Operating Officer of AmeriPath and amended his existing employment agreement. These agreements provide for aggregate annual base salary of \$255,000. Upon termination by the Company other than for cause, Dr. Levin would receive his annual salary for one year. Dr. Levin also entered into the Executive Retention Agreement as described above.

The Company entered into an employment agreement with Dr. Smith, in his capacity as an Affiliated Physician, as of December 1, 1997 in connection with the Company's acquisition of

Laboratory Physicians in Jacksonville, Florida. Effective March 1, 1999, the Company entered into an additional agreement with Dr. Smith pursuant to which Dr. Smith became Vice President and Medical Director of AmeriPath and amended his existing employment agreement. These agreements provide for an aggregate annual salary of \$310,000. Upon termination by the Company other than for cause, Dr. Smith would receive his annual salary for one year.

The Company entered into an employment agreement with Mr. Fuller in his capacity of Senior Vice President, Human Resources in October 1998. The agreement provides that Mr. Fuller is eligible to receive a bonus up to 25% of base compensation for 2000 based upon attaining mutually agreed upon goals. The bonus granted Mr. Fuller in 2000 included an additional discretionary bonus in excess of the bonus provided for under his agreement. Upon termination of his

Edgar Filing: AMERIPATH INC - Form PRER14A

employment without cause, Mr. Fuller would receive his base salary for a period of 12 months.

In addition to their roles as executive officers and directors of the Company, Drs. Levin and Smith are also employed by the Company as Affiliated Physicians and have entered into separate employment agreements with the Company that govern their relationship as Affiliated Physicians. Each such employment agreement provides for a covenant not to compete during the Affiliated Physician's employment and for a period of two years thereafter.

Each of the Named Executive Officers holds options to purchase Common Stock granted under the Company's Amended and Restated 1996 Stock Option Plan. Such options generally become fully exercisable upon: (i) a merger, consolidation, reorganization, liquidation, or dissolution in which the Company does not survive; (ii) a sale, lease, exchange or other disposition of all or substantially all of the Company's property or other assets; (iii) certain specified changes in control of the Company.

Long-Term Incentive and Pension Plans

The Company does not have any long-term incentive or pension plans.

Compensation Committee Interlocks and Insider Participation in Compensation Decisions

From 1996 through March 23, 2001, the Compensation Committee of the Board of Directors has consisted of Messrs. Roberts and Stamps. Since March 23, 2001, the Compensation Committee of the Board of Directors has consisted of Messrs. Stamps and Gibson. All compensation decisions affecting Mr. New were approved by the Compensation Committee and by the Company's Board of Directors, except for Mr. New.

Compensation Committee Report on Executive Compensation

Under rules established by the Securities and Exchange Commission, the Company is required to provide a report explaining the rationale and considerations that led to fundamental compensation decisions affecting the Company's executive officers (including the Named Executive Officers) during the past fiscal year. The report of the Company's Compensation Committee is set forth below.

The Compensation Committee is responsible for determining and making recommendations to the Board of Directors concerning executive compensation, including base salaries, bonuses and the basis for their awards, stock options and other benefits.

The three principal components of the Company's executive compensation are salary, bonus and stock options. These components are designed to facilitate fulfillment of the compensation objectives of the Company's Board of Directors and the Compensation Committee, which objectives include (i) attracting, retaining and motivating qualified management, (ii) recognizing individual initiative and achievement, (iii) rewarding management for short and long term accomplishments and (iv) aligning management compensation with the achievement of the Company's goals and performance.

Edgar Filing: AMERIPATH INC - Form PRER14A

It is the Compensation Committee's view that senior executives' interests should complement those of the stockholders. Accordingly, consistent with prior practice, it is anticipated that a substantial portion of senior executive compensation above a base salary will be provided through bonuses tied to certain indicators of Company performance and through the grant of stock options, thus creating incentives for executives to achieve long term Company objectives and increase stockholder value. Base salaries for new management employees are determined initially by evaluating the responsibilities of the position in question and the experience of the individual, and by reference to the competitive marketplace for managerial talent, including a comparison of base salaries for similar positions at comparable companies. Annual bonuses are determined by evaluating the competitive marketplace, the performance of the Company, the performance of the executive and the responsibilities assumed by the executive.

The Compensation Committee has reviewed the Company's existing management compensation arrangements and has consulted with the Chief Executive Officer to evaluate the Company's current compensation programs, and believes that they are consistent with the philosophy of the Compensation Committee. Additionally, the Compensation Committee has made certain recommendations for the present year regarding evaluation criteria in connection with the incentive compensation to be awarded to the Company's senior management.

Executive Officer Compensation. The determination of 2000 executive officer compensation by the Compensation Committee was made after a review and consideration of a number of factors, including each executive's level of responsibility and commitment, level of performance (with respect to specific areas of responsibility and on an overall basis), past and present contribution to and achievement of Company goals and performance, compensation levels at comparable companies and historical compensation levels, and following consultation with and recommendations from the Company's Chief Executive Officer. In addition, the executive officers who are physicians that sold their practices to the Company had previously existing employment agreements which were assumed by the Company and that designate a substantial portion of such officers' compensation. See "--Employment Agreements" above for a description of the Company's agreements with named executive officers related to compensation.

Chief Executive Officer Compensation. The principal factors considered by the Compensation Committee and the Board of Directors in determining the 2000 salary and bonus for James C. New, the Chief Executive Officer of the Company, included the factors described in the preceding paragraph and an analysis of the compensation of chief executive officers of comparable public companies similar in size and capitalization to the Company, and it was the view of the Compensation Committee that Mr. New's 2000 compensation was reasonable in comparison. Based on such factors, Mr. New's base salary was increased from \$350,000 to \$375,000 for 2000, and his 2000 bonus was awarded based upon his achievement of performance objectives during 2000 that the Compensation Committee established early in the year, including the Company's attainment of revenue, earnings-per-share, practice acquisition and other goals. Because Mr. New exceeded the performance goals set by the Compensation Committee, Mr. New was awarded a bonus in 2000 that exceeded 50% of his base salary. Based on Mr. New's and the Company's performance in 2000, Mr. New's base salary for 2001 was increased to \$425,000.

Such persons are required by SEC regulation to furnish the Company with copies of all such reports that they file.

To the Company's knowledge, based solely on a review of the copies of such reports furnished to the Company and written representations that no other reports were required to be filed, all Section 16(a) filing requirements applicable to its officers, directors and greater than ten percent beneficial owners were complied with during 2000, except that Mr. Walton, Mr. Downs, Dr. Levin and Dr. Smith each made one filing after the due date.

REPORT OF THE AUDIT COMMITTEE

The primary responsibility of the Audit Committee is to oversee the Company's financial reporting process on behalf of the Board and to report the results of the Audit Committee's activities to the Board. Management has the primary responsibility for the financial statements and reporting process, including the systems of internal control, and Deloitte & Touche LLP (the independent auditors) is responsible for auditing those financial statements in accordance with generally accepted accounting principles and issuing a report thereon. In this context, we have reviewed and discussed with management and the independent auditors the Company's audited financial statements as of and for the year ended December 31, 2000. We have discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as amended, by the Auditing Standards Board of the American Institute of Certified Public Accountants. We have received and reviewed the written disclosures and the letter from the independent auditors required by Independence Standard No. 1, Independence Discussions with Audit Committees, as amended, by the Independence Standards Board, and have discussed with the auditors their independence. In addition, we have considered the compatibility of nonaudit services with the auditors' independence. In reliance on the reviews and discussions referred to above, we recommended to the Board of Directors that the audited financial statements, referred to above, be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2000, filed with the Securities and Exchange Commission. The Board of Directors has adopted a written Audit Committee Charter which is attached hereto as Exhibit B.

PROPOSAL TO AMEND THE CERTIFICATE OF INCORPORATION

For the reasons set forth below, the Board of Directors believes that it is in the best interest of the Company and its shareholders to amend the Company's Certificate of Incorporation as discussed below. The purpose of the amendment is to increase the number of authorized shares of Common Stock from 30,000,000 shares to 60,000,000 shares.

Purpose of the Amendment to the Certificate of Incorporation

The primary purpose of the proposed amendment to Article IV of the Certificate of Incorporation is to increase the number of authorized shares of the Company's Common Stock in order to make additional shares of authorized Common Stock available for use by the Board of Directors as it deems necessary or appropriate. The additional shares of Common Stock for which authorization is sought would be identical to the shares of Common Stock now authorized. The amendment would provide additional authorized shares of Common Stock that may be used from time to time for corporate purposes that the Board of Directors may deem desirable, including, without limitation, financings, acquisitions, stock splits, stock dividends or other distributions, stock grants, stock options and employee benefit plans. The Board of Directors believes the availability of additional shares of Common Stock for such purposes without unnecessary delay will be beneficial to the Company by providing it with the flexibility required to consider and respond to future corporate opportunities and needs as they arise. The Company has no current plans with respect to the additional authorized but unissued shares of Common Stock that will result from the amendment that it considers probable.

Possible Effects of the Amendment to the Certificate of Incorporation

If the stockholders approve the proposed amendment to the Certificate of Incorporation, the Company will have additional authorized but unissued shares of Common Stock that may be issued without further action or authorization of the stockholders (except as required by law or the rules of the Nasdaq Stock Market or other stock exchange on which the Company's securities may then be listed). The proposed increase in the number of authorized shares of Common Stock could also have an anti-takeover effect, in that additional shares could be issued (within the limits of the law) in one or more transactions that could make a change of control more difficult. For example, additional shares could be issued by the Company so as to dilute the stock ownership or voting rights of persons seeking to obtain control of the Company. The issuance of additional shares of Common Stock may have a dilutive effect on earnings per share. In addition, the issuance of additional shares of Common Stock could have a dilutive effect on the voting power of the current stockholders because they do not have preemptive rights. Substantial additional issuances of Common Stock could also effect the market price of the Common Stock.

Required Vote and Recommendation

Affirmative votes of the holders of at least a majority of the outstanding shares of Common Stock are required to approve the proposed amendments to the Company's Certificate of Incorporation. Under the applicable provisions of the Delaware General Corporation Law, the Company's stockholders

have no appraisal rights with respect to the proposed amendments. If the amendments are adopted, they will become effective upon the filing of the Certificate of Incorporation, as amended, with the Delaware Secretary of State.

Edgar Filing: AMERIPATH INC - Form PRER14A

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE AMENDMENT TO THE CERTIFICATE OF INCORPORATION.

PROPOSAL TO APPROVE THE COMPANY'S 2001 STOCK OPTION PLAN

General

The Company currently maintains the AmeriPath, Inc. Amended and Restated 1996 Stock Option Plan (the "1996 Plan"), which provides for the grant of options to purchase shares of the Company's Common Stock to key employees and consultants of the Company and its subsidiaries. As of March 16,, 2001, there were 102,000 shares of Common Stock remaining available for the grant of options under the 1996 Plan.

On March 23, 2001 the Board of Directors adopted the AmeriPath, Inc. 2001 Stock Option Plan (the "Plan"), subject to approval of the Plan by the shareholders at the Annual Meeting. Whether or not the shareholders approve the Plan, the Company may continue to grant options under the 1996 Plan until the shares authorized thereunder are depleted or until such plan otherwise expires. Certain material features of the Plan are discussed below; however, such description is subject to, and is qualified in its entirety by, the full text of the Plan attached hereto as Exhibit A.

The purpose of the Plan is to provide an additional incentive to retain and motivate key employees and consultants or advisors who have an opportunity to contribute to the success of the Company, through the encouragement of stock ownership in the Company by such persons. In furtherance of this purpose, the Plan authorizes, among other things, (a) the granting of incentive or nonqualified stock options to purchase Common Stock to persons selected by the administrators of the Plan from the class of all employees of the Company or any subsidiary, including directors and officers who are employees, which class presently consists of approximately 2,000 persons, (b) the provision of loans for the purpose of financing the exercise price of options and the amount of taxes payable in connection therewith, and (c) the use of already owned shares of Common Stock as payment of the exercise price for options granted under the Plan. Consultants and advisors to the Company are also eligible to receive options under the Plan, whether or not they are employees of the Company. The Company's reason for submitting the Plan for shareholder approval at the Annual Meeting is so that incentive stock options may be awarded and so that future awards made under the plan may be fully deductible without regard for the deduction limits of Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"). Section 162(m) of the Code denies a federal income tax deduction for all compensation received by the chief executive officer and any of the four other most highly compensated executives in excess of \$1,000,000 for a taxable year. The Treasury Regulations promulgated under Section 162(m) of the Code provide that, subject to certain restrictions, the \$1,000,000 limit will not apply to any compensation, including stock based compensation, paid pursuant to a plan that is approved by shareholders. Accordingly, Section 162(m) of the Code can limit the deductibility of annual compensation expense over \$1,000,000 per person with respect to compensation of certain top executives

20

in certain circumstances. The Company believes that the Plan (if approved by shareholders at the Annual Meeting) satisfies the requirements of Section 162(m) of the Code regarding the applicability of such expense deduction limitation.

Edgar Filing: AMERIPATH INC - Form PRER14A

Options granted under the Plan, when exercised, may result in compensation expense to the Company for federal income tax purposes (see "Federal Income Tax Consequences" below).

The Plan provides that it is to be administered by the Compensation Committee of the Board, and the Company believes that the Compensation Committee members satisfy the Committee eligibility requirements under the Plan. Among other things, to qualify as a "non-employee director" or an "outside director," a director must not be an employee of the Company and must not receive compensation from the Company in any capacity other than as a director (other than certain limited amounts within specified limitations). The Board has authority to also administer the Plan in its discretion, under certain circumstances.

Subject to the terms of the Plan, the Compensation Committee in its sole discretion determines the persons to be awarded options, the number of shares subject thereto and the exercise price and other terms thereof. In addition, the Compensation Committee has full power and authority to construe and interpret the Plan, and the acts of the Compensation Committee are final, conclusive and binding upon all interested parties, including the Company, its shareholders, its officers and employees, recipients of grants under the Plan, and all persons or entities claiming by or through such persons.

An aggregate of 2,000,000 shares of Common Stock (subject to adjustment as described below) are reserved for issuance upon exercise of options granted under the Plan. The shares acquired upon exercise of options granted under the Plan will be authorized and issued shares of Common Stock. The Company's shareholders will not have any preemptive rights to purchase or subscribe for any Common Stock by reason of the reservation and issuance of Common Stock under the Plan. If any option granted under the Plan should expire or terminate for any reason other than having been exercised in full, the unpurchased shares subject to that option will again be available for purposes of the Plan. The maximum number of shares with respect to which options may be granted to any one optionee in any calendar year may not exceed 2,000,000.

Certain Terms and Conditions

All grants of options under the Plan must be evidenced by a written agreement between the Company and the grantee. Such agreement shall contain such terms and conditions as the Compensation Committee shall prescribe, consistent with the Plan, including, without limitation, the exercise price, term and any restrictions on the exercisability of the options granted. Options may be nonqualified stock options or incentive stock options, as determined by the Compensation Committee under the Plan (see "Federal Income Tax Consequences" below).

Under the Plan, the option price per share of Common Stock may be any price determined by the Compensation Committee; provided, however, that in no event shall the option price of any option be less than the fair market value per share of Common Stock on the date of grant (or less than 110% of fair market value if an incentive stock option is granted to a holder of 10% or more of the Company's voting securities). For purposes of the Plan, and for so long as the Company's Common Stock is listed on the Nasdaq National Market, the term "fair market value" means the closing price of the Common Stock as reported on the Nasdaq National Market on the business day immediately preceding the date of grant, unless the Compensation Committee shall determine otherwise in a fair and uniform manner. The exercise price of an option may be paid in cash, by certified or official bank check, by money order, by delivery of already owned

Edgar Filing: AMERIPATH INC - Form PRER14A

shares of Common Stock having a fair market value equal to the exercise

21

price, through a broker in connection with a "cashless exercise program" approved by the Company, or by a combination of the foregoing. The Plan also authorizes the Company to make loans to optionees to enable them to exercise their options. If the exercise price is paid with the optionee's promissory note, the note must (i) provide for recourse to the optionee, (ii) bear interest at a rate no less than the prime rate of interest of the Company's principal lender, and (iii) be secured by the shares of Common Stock purchased. Cash payments will be used by the Company for general corporate purposes.

Options otherwise qualifying as incentive stock options will not be treated as incentive stock options to the extent that the aggregate fair market value (determined at the time the option is granted) of the Common Stock, with respect to which options meeting the requirements of Code Section 422(b) are exercisable for the first time by any individual during any calendar year (under all stock option or similar plans of the Company or any subsidiary), exceeds \$100,000.

Options granted under the Plan are generally not assignable or transferable other than by will or by the laws of descent and distribution, except that the Compensation Committee has discretion to permit transfers of nonqualified options under certain conditions provided in the Plan. During the lifetime of an optionee, an option is exercisable only by the optionee. The expiration date of an option will be determined by the Compensation Committee at the time of the grant, but in no event will an option be exercisable after the expiration of 10 years from the date of grant. An option may be exercised at any time or from time to time or only after a period of time or in installments, as the Compensation Committee determines. The Compensation Committee may in its sole discretion accelerate the date on which any option may be exercised. Upon an optionee's death or disability, all of his or her outstanding options will become fully exercisable. After such acceleration of vesting, any of his or her options will continue or lapse in accordance with the other provisions of the plan and his or her option agreement.

Unless otherwise provided in an option, the unexercised portion of any option granted under the Plan shall automatically be terminated (a) one year after the date on which the optionee's employment or other service to the Company is terminated for any reason, including disability, other than (i) cause (as defined in the Plan), or (ii) death; (b) immediately upon the termination of the optionee's employment (or other service) for cause; (c) ninety days after the optionee's voluntary termination of service; or (d) twelve months after the date of the optionee's death, if death occurs during employment or during the one year or ninety day periods described above.

To prevent dilution of the rights of a holder of an option, the Plan provides for appropriate adjustment of the number of shares for which options may be granted, the number of shares subject to outstanding options and the exercise price of outstanding options, in the event of any increase or decrease in the number of issued and outstanding shares of the Company's capital stock resulting from a stock dividend, recapitalization, reorganization, reclassification, merger, consolidation, split-up, spin-off, stock split, or combination or Company exchange of shares

Edgar Filing: AMERIPATH INC - Form PRER14A

The Plan will continue in effect until all options granted thereunder have expired or been exercised, except that no stock options can be granted after May 3, 2011. The Compensation Committee or the Board may amend the Plan or any option at any time, provided that such amendment may not adversely affect the rights of an optionee under an outstanding option without the optionee's consent. In addition, no such amendment may, without approval of the Company's shareholders, materially increase the number of shares of Common Stock reserved for issuance under the Plan, or materially modify the requirements for eligibility to receive options under the Plan.

22

Federal Income Tax Consequences

The Plan is not qualified under the provisions of Section 401(a) of the Internal Revenue Code of 1986, as amended (the "Code"), nor is it subject to any of the provisions of the Employee Retirement Income Security Act of 1974, as amended.

Nonqualified Stock Options. An optionee granted a nonqualified stock option under the Plan will generally recognize, at the date of exercise of such option, ordinary income equal to the difference between the exercise price and the fair market value of the shares purchased pursuant to the exercise of the option. This taxable ordinary income will be subject to Federal income tax withholding, and the Company will be entitled to a deduction for Federal income tax purposes equal to the amount of ordinary income recognized by the optionee.

If an optionee exercises a nonqualified stock option by delivering shares of the Company's Common Stock, the optionee will not recognize gain or loss with respect to the exchange of such shares, even if their then fair market value is different from the optionee's tax basis. The optionee, however, will be taxed as described above with respect to the exercise of the nonqualified stock option as if he had paid the exercise price in cash, and the Company likewise generally will be entitled to an equivalent tax deduction. Provided a separate identifiable stock certificate is issued therefor, the optionee's tax basis in that number of shares received on such exercise which is equal to the number of shares surrendered on such exercise will be equal to his tax basis in the shares surrendered, and his holding period for such number of shares received will include his holding period for the shares surrendered. The optionee's tax basis and holding period for the additional shares received on exercise of a nonqualified stock option paid for, in whole or in part, with shares will be the same as if the optionee had exercised the nonqualified stock option solely for cash.

Incentive Stock Options. The Plan provides for the grant of stock options that qualify as "incentive stock options" as defined in Section 422 of the Code. Under the Code, an optionee generally is not subject to ordinary income tax upon the grant or exercise of an incentive stock option. However, an employee who exercises an incentive stock option by delivering shares of common stock previously acquired pursuant to the exercise of an incentive stock option is treated as making a "Disqualifying Disposition" (as defined below) of such shares if the employee delivers such shares before the expiration of the holding period applicable to such shares. The applicable holding period is the longer of two years from the date of grant or one year from the date of exercise. The effect of this provision is to prevent "pyramiding," the exercise of an incentive stock option (i.e., the exercise of the incentive stock option for one share and the use of that share to make successive exercises of the incentive

Edgar Filing: AMERIPATH INC - Form PRER14A

stock option until it is completely exercised) without the imposition of current income tax.

If, subsequent to the exercise of an incentive stock option (whether paid for in cash or in shares), the optionee holds the shares received upon exercise for a period that exceeds (a) two years from the date such incentive stock option was granted or, if later, (b) one year from the date of exercise (the "Required Holding Period"), the difference (if any) between the amount realized from the sale of such shares and their tax basis to the holder will be taxed as long-term capital gain or loss.

In general, if, after exercising an incentive stock option, an employee disposes of the shares so acquired before the end of the Required Holding Period (a "Disqualifying Disposition"), such optionee would be deemed in receipt of ordinary income in the year of the Disqualifying Disposition in an amount equal to the excess of the fair market value of the shares at the date the incentive stock option was exercised over the exercise price. If the Disqualifying Disposition is a sale or exchange that would permit a loss to be recognized under the Code (were a loss in fact to be sustained), and the sales proceeds are less than the fair market value of the shares on the date of exercise, the optionee's ordinary income

23

would be limited to the gain (if any) from the sale. If the amount realized upon disposition exceeds the fair market value of the shares on the date of exercise, the excess would be treated as short-term or long-term capital gain, depending on whether the holding period for such shares exceeded one year.

The amount by which the fair market value of the shares of Common Stock acquired pursuant to the exercise of an incentive stock option exceeds the exercise price of such shares under such option generally will be treated as an item of adjustment included in the optionee's alternative minimum taxable income for purposes of the alternative minimum tax for the year in which the option is exercised. If, however, there is a Disqualifying Disposition of the shares in the year in which the option is exercised, there will be no item of adjustment for purposes of the alternative minimum tax as a result of the exercise of the option with respect to those shares. If there is a Disqualifying Disposition in a year after the year of exercise, the income on the Disqualifying Disposition will not be considered income for purposes of the alternative minimum tax in that subsequent year. The optionee's tax basis for shares acquired pursuant to the exercise of an incentive stock option will be increased for purposes of determining his alternative minimum tax by the amount of the item of adjustment recognized with respect to such shares in the year the option was exercised.

Only employees of the Company or its subsidiaries qualify for the tax treatment applicable to incentive stock options. Thus, optionees who are non-employee advisors or consultants to the Company will be taxed solely under the rules applicable to nonqualified stock options.

An income tax deduction is not allowed to the Company with respect to the grant or exercise of an incentive stock option or the disposition, after the Required Holding Period, of shares acquired upon exercise. In the event of a Disqualifying Disposition, a Federal income tax deduction will be allowed to the Company in an amount equal to the ordinary income to be recognized by the optionee.

The Compensation Committee may, but is not required to, permit the transfer of nonqualified stock options and other awards granted under the Plan. Based on current tax and securities regulations, such transfers, if permitted,

Edgar Filing: AMERIPATH INC - Form PRER14A

are likely to be limited to gifts to members of the optionee's immediate family or certain entities controlled by the optionee or such family members. The following paragraphs summarize the likely income, estate, and gift tax consequences to the optionee, the Company, and the transferee, under present federal tax regulations, upon the transfer and exercise of such options. The tax effect of transferring nonqualified stock options may vary depending upon the particular circumstances, and the federal tax laws and regulations change frequently. Optionees should rely upon their own tax advisors for advice concerning the specific tax consequences applicable to them, including the applicability and effect of state, local, and foreign tax laws. Under the Code, incentive stock options cannot be transferred other than by will or the laws of descent and distribution.

Federal Income Tax. There will be no federal income tax consequences to the optionee, the Company or the transferee upon the transfer of a nonqualified stock option. However, the optionee will recognize ordinary income when the transferee exercises the option, in an amount equal to the excess of (a) the fair market value of the option shares upon the exercise of such option over (b) the exercise price, and the Company will be allowed a corresponding deduction. The gain, if any, realized upon the transferee's subsequent sale or disposition of the option shares will constitute short-term or long-term capital gain to the transferee, depending on the transferee's holding period. The transferee's basis in the stock will be the fair market value of such stock at the time of exercise of the option.

Federal Estate and Gift Tax. If an optionee transfers a nonqualified stock option to a transferee during the optionee's life but before the option has become exercisable, the optionee will not be treated as having made a completed gift for federal gift tax purposes until the option becomes exercisable.

24

However, if the optionee transfers a fully exercisable option during life, the optionee will be treated as having made a completed gift for federal gift tax purposes at the time of the transfer. If an optionee transfers an option to a transferee by reason of the optionee's death, the option will be included in the optionee's gross estate for federal estate tax purposes. The value of such option for federal estate or gift tax purposes may be determined using a "Black-Scholes" or other appropriate option pricing methodology, in accordance with IRS requirements.

Importance of Consulting Tax Adviser. The information set forth above is a summary only and does not purport to be complete. In addition, the information is based upon current federal income tax rules and therefore is subject to change when those rules change. Moreover, because the tax consequences to any optionee may depend on his or her particular situation, each optionee should consult his or her tax adviser as to the Federal, state, local and other tax consequences of the grant or exercise of an option or the disposition of Common Stock acquired on exercise of an option.

Benefits to Named Executive Officers and Others

Any awards under the Plan will be made at the discretion of the Compensation Committee or the Board, as the case may be. If the appointment of Deloitte & Touche LLP is not approved by the stockholders, the Board will consider the selection of other independent public accountants for 2001.

A representative of Deloitte & Touche LLP is expected to be present at the 2001 Annual Meeting of Stockholders. The representative will be given the opportunity to make a statement, if they desire to do so and will be available to respond to appropriate questions from stockholders.

If the information set forth in clauses (i) through (iii) above is unavailable or inapplicable to the Company (e.g., if the Company's Common Stock is not then publicly traded), then the "Fair Market Value" of a Share shall be the fair market value (i.e., the price at which a willing seller would sell a Share to a willing buyer when neither is acting under compulsion and when both have reasonable knowledge of all relevant facts) of a share of the Common Stock on the business day immediately preceding such date as the Committee in its sole and absolute discretion shall determine in a fair and uniform manner.

For this purpose, "Remuneration" shall have the meaning afforded that term pursuant to Treasury Regulations issued under Section 162(m) of the Code, and shall exclude any de minimis remuneration excluded under those Treasury Regulations.

(r) "Plan" shall mean this Stock Option Plan of the Company.

(s) "Securities Exchange Act" shall mean the Securities Exchange Act of 1934, as amended.

(t) "Share" shall mean a share of the Common Stock.

3. Shares and Options. Subject to adjustment as provided in Section 10, the aggregate number of Shares reserved and available for Options under the Plan shall be 2,000,000, which may consist, in whole or in part, of authorized and unissued Shares, treasury Shares, or Shares purchased on the open market. If any Option granted under the Plan shall terminate, expire, or be canceled or surrendered as to any Shares, new Options may thereafter be granted covering such Shares. An Option granted hereunder shall be either an Incentive Stock Option or a Non-Statutory Stock Option as determined by the Committee at the time of grant of such Option and shall clearly state whether it is an Incentive Stock Option or Non-Statutory Stock Option. All Options shall be granted within 10 years from the Effective Date.

4. Dollar Limitation. Options otherwise qualifying as Incentive Stock Options hereunder will not be treated as Incentive Stock Options to the extent that the aggregate Fair Market Value (determined at the time the Option is granted) of the Shares, with respect to which Options meeting the requirements of Code Section 422(b) are exercisable for the first time by any individual during any calendar year (under all stock option or similar plans of the Company and any Subsidiary), exceeds \$100,000.

5. Conditions for Grant of Options.

Edgar Filing: AMERIPATH INC - Form PRER14A

(a) Each Option shall be evidenced by an option agreement that may contain any term deemed necessary or desirable by the Committee, provided such terms are not inconsistent with this Plan or any applicable law. Optionees shall be those persons selected by the Committee who are employees of the Company or any Subsidiary (including employees who are directors or officers of the Company or any Subsidiary) or who are Non-Employee Eligible Individuals.

(b) In granting Options, the Committee shall take into consideration the contribution the person has made or has the opportunity to make with respect to the success of the Company or its Subsidiaries and such other factors as the Committee shall determine. The Committee shall also have the authority to consult with and receive recommendations from officers and other personnel of the Company and its Subsidiaries with regard to these matters. The Committee may from time to time in granting Options under the Plan prescribe such other terms and conditions concerning such Options as it deems appropriate, including, without limitation, (i) prescribing the date or dates on which the Option becomes exercisable, (ii) providing that the Option rights accrue or become exercisable in installments over a period of time, or upon the attainment of stated goals, or both, or (iii) relating an Option to the continued employment of the Optionee for a specified period of time, provided that such terms and conditions are not more favorable to an Optionee than those expressly permitted herein.

(c) The Options granted to employees or Non-Employee Eligible Individuals under this Plan shall be in addition to regular salaries, pension, life insurance or other benefits related to their employment with or service as a Non-Employee Eligible Individual to the Company or its Subsidiaries. Neither the Plan nor any Option granted under the Plan shall confer upon any person any right to employment or continuance of employment by or service as a Non-Employee Eligible Individual the Company or its Subsidiaries.

EXHIBIT A

(d) Notwithstanding any other provisions of the Plan to the contrary, an Incentive Stock Option shall not be granted to any person owning directly or indirectly (through attribution under Section 424(d) of the Code) at the date of grant, stock possessing more than 10% of the total combined voting power of all classes of stock of the Company (or of its parent or subsidiary, as those terms are defined in Section 424 of the Code, at the date of grant) unless the option price of such Option is at least 110% of the Fair Market Value of the Shares subject to such Option on the date the Option is granted, and such Option by its terms is not exercisable after the expiration of five years from the date such Option is granted.

(e) Notwithstanding any other provision of this Plan, and in addition to any other requirements of this Plan, the maximum number of Shares with respect to which Options may be granted to any one Optionee in any calendar year may not exceed 2,000,000, subject to adjustment as provided in Section 10(a) hereof. Incentive Stock Options may not be granted to any Non-Employee Eligible Individual.

6. Exercise Price. The exercise price per Share of any Option shall be any price determined by the Committee; provided, however, that the exercise price of any Option shall not be less than the Fair Market Value of the

Edgar Filing: AMERIPATH INC - Form PRER14A

Shares underlying the Option (as determined in the sole and absolute discretion of the Committee in a fair and uniform manner) on the date such Option is granted.

7. Exercise of Options. An Option shall be deemed exercised when (i) the Company has received written notice of such exercise in accordance with the terms of the Option, (ii) full payment of the aggregate option price of the Shares as to which the Option is exercised has been made or, in the case of exercise through a broker in a so-called "cashless exercise," as described below, arrangements that are satisfactory to the Committee in its sole discretion have been made for such payment, and (iii) arrangements that are satisfactory to the Committee in its sole discretion have been made for the Optionee's payment to the Company of the amount that is necessary for the Company or Subsidiary employing the Optionee to withhold in accordance with applicable Federal or state tax withholding requirements. Unless further limited by the Committee in any Option, the option price of any Shares purchased pursuant to the exercise of such Option shall be paid in cash, by certified or official bank check, by money order, with Shares owned by the Optionee that have been owned by the Optionee for more than 6 months on the date of surrender or such other period as may be required to avoid a charge to the Company's earnings for financial accounting purposes, by arrangement with a broker that is acceptable to the Committee where payment of the Option price is made pursuant to an irrevocable direction to the broker to deliver all or a part of the proceeds from the sale of the Option Shares to the Company in payment of the Option price, or by a combination of the above. The Committee in its sole discretion may accept a personal check in full or partial payment for any Shares so purchased. If the exercise price is paid in whole or in part with Shares, the value of the Shares surrendered shall be their Fair Market Value on the date the Option is exercised, and the delivery of such Shares may be by attestation of ownership or actual delivery of one or more certificates. The Company in its sole discretion may, on an individual basis or pursuant to a general program established in connection with this Plan, lend money to an Optionee, guarantee a loan to an Optionee, or otherwise assist an Optionee to obtain the cash necessary to exercise all or a portion of an Option granted hereunder or to pay any tax liability of the Optionee attributable to such exercise. If the exercise price is paid in whole or part with the Optionee's promissory note, such note shall (i) provide for full recourse to the maker, (ii) be collateralized by the pledge of the Shares that the Optionee purchases upon exercise of such Option, (iii) bear interest at the prime rate of the Company's principal lender, and (iv) contain such other terms as the Board or Committee in its sole discretion shall reasonably require. No Optionee shall be deemed to be a

EXHIBIT A

holder of any Shares subject to an Option unless and until a stock certificate or certificates for such Shares are issued to such person(s) under the terms of this Plan.

8. Exercisability of Options. Any Option shall become exercisable in such amounts, at such intervals, upon such events or occurrences and upon such other terms and conditions as shall be provided in the individual option agreement evidencing such Option (sometimes referred to herein as the "Option"), except as otherwise provided in this Section 8:

(a) The expiration date of an Option shall be determined by the Committee at the time of grant, but in no event shall an Option be

Edgar Filing: AMERIPATH INC - Form PRER14A

exercisable after the expiration of 10 years from the date of grant of the Option.

(b) Unless otherwise provided in any Option, upon an Optionee's death or Disability during his or her employment or service as a Non-Employee Eligible Individual, all of his or her outstanding Options shall become fully exercisable. To the extent that this provision causes incentive Stock Options to exceed the dollar limitation set forth in Section 4, the excess Options shall be deemed to be Non-Statutory Stock Options.

(c) The Committee may in its sole discretion accelerate the date on which any Option may be exercised and may accelerate the vesting of any Shares subject to any Option or previously acquired by the exercise of any Option.

9. Termination of Option Period.

(a) Unless otherwise expressly provided in any Option, the unexercised portion of any Option shall automatically and without notice terminate and become null and void at the time of the earliest to occur of the following:

(i) one year after the date on which the Optionee's employment or service as a Non-Employee Eligible Individual is terminated by the Company for any reason, including, but not limited to, Disability, other than by reason of (A) Cause, or (B) the Optionee's death;

(ii) immediately upon the termination by the Company of the Optionee's employment or service as a Non-Employee Eligible Individual for Cause;

(iii) ninety days after the voluntary termination of employment or service as a Non-Employee Eligible Individual by the Optionee;

(iv) one year after the date of the Optionee's death if the Optionee dies while employed, while providing service as a Non-Eligible Individual, or during the one-year or ninety day periods described in Subsections 9(a)(i) or 9(a)(iv) hereof.

(v) the Option expiration date set forth in the Option agreement.

(b) The Committee in its sole discretion may (i) provide that an Option will be settled in cash rather than Shares upon consummation of a Change in Control, (ii) provide that an Option will be assumed by another party to the transaction giving rise to a Change in Control or otherwise be equitably converted in connected with such Change in Control, or (iii) by giving written notice

("cancellation notice") to the Optionee, cancel, effective upon the date of the consummation of any Change in Control, any Option that remains unexercised on such date. Such cancellation notice shall be given a reasonable period of time prior to the proposed date of such cancellation.

(c) Upon termination of an Option pursuant to the foregoing provisions of this Section 9, any Option not exercisable pursuant to Section 8 of this Plan shall be canceled.

10. Adjustment of Shares.

(a) If, at any time while the Plan is in effect or unexercised Options are outstanding, there shall be any increase or decrease in the number or nature of issued and outstanding Shares through the declaration of a stock dividend, or through any recapitalization, reorganization, reclassification, merger, consolidation, split-up, spin-off, stock split, or combination or Company exchange of Shares, then and in such event:

(i) appropriate adjustment shall be made by the Committee in the maximum number of Shares and kind of shares available for grant under the Plan, so that the same percentage of the Company's issued and outstanding Shares shall continue to be subject to being so optioned; and

(ii) appropriate adjustment shall be made by the Committee in the number of Shares and the exercise price per Share thereof and the kind of shares then subject to any outstanding Option, so that the same percentage of the Company's issued and outstanding Shares shall remain subject to purchase at the same aggregate exercise price; and

(iii) without limiting the foregoing, in the event a stock dividend or stock split is declared upon the Common Stock, the maximum number of Shares available for grant under the Plan shall be increased proportionately, and the Shares then subject to each Option shall be increased proportionately without any change in the aggregate purchase price therefor, automatically and without any required action by the Committee.

(b) Subject to the specific terms of any Option, the Committee may change the terms of Options outstanding under this Plan, with respect to the option price or the number of Shares subject to the Options, or both, when, in the Committee's sole judgement and discretion, such adjustments become appropriate by reason of a corporate transaction described in Subsection 8(b)(ii) or (iii) hereof.

(c) Except as otherwise expressly provided herein or determined by the Committee, the issuance by the Company of shares of its capital stock of any class, or securities convertible into or exchangeable for shares of capital stock of any class, either in connection with a direct or underwritten sale or upon the exercise of rights or warrants to subscribe therefor, or upon conversion of shares or obligations of the Company convertible into such shares or other securities, shall

EXHIBIT A

Edgar Filing: AMERIPATH INC - Form PRER14A

not affect, and no adjustment by reason thereof shall be made with respect to, the number of or exercise price of Shares then subject to outstanding Options granted under the Plan.

(d) Without limiting the generality of the foregoing, the existence of outstanding Options granted under the Plan shall not affect in any manner the right or power of the Company to make, authorize or consummate (i) any or all adjustments, recapitalizations, reclassifications, reorganizations or other changes in the Company's capital structure or its business; (ii) any merger or consolidation of the Company or to which the Company is a party; (iii) any issuance by the Company of debt securities, or preferred or preference stock, that would rank senior to or above the Shares subject to outstanding Options; (iv) the dissolution or liquidation of the Company; (v) any sale, transfer, encumbrance, pledge or assignment of all or any part of the assets or business of the Company; or (vi) any other corporate act or proceeding, whether of a similar character or otherwise.

11. Transferability of Options. No Incentive Stock Option, and unless the Committee's prior written consent is obtained (which consent may be obtained at the time an Option is granted) no Non-Qualified Stock Option, shall be subject to alienation, assignment, pledge, charge or other transfer other than by the Optionee by will or the laws of descent and distribution, and any attempt to make any such prohibited transfer shall be void. Each Option shall be exercisable during the Optionee's lifetime only by the Optionee, or in the case of a Non-Qualified Stock Option that has been assigned or otherwise transferred with the Committee's prior written consent, only by the assignee consented to by the Committee.

12. Issuance of Shares.

(a) Notwithstanding any other provision of this Plan, the Company shall not be obligated to issue any Shares unless it is advised by counsel of its selection that it may do so without violation of the applicable Federal and State laws pertaining to the issuance of securities, and may require any stock so issued to bear a legend, may give its transfer agent instructions, and may take such other steps, as in its judgment are reasonably required to prevent any such violation.

(b) As a condition of any sale or issuance of Shares upon exercise of any Option, the Committee may require such agreements or undertakings, if any, as the Committee may deem necessary or advisable to assure compliance with any such law or regulation including, but not limited to, the following:

(i) a representation and warranty by the Optionee to the Company, at the time any Option is exercised, that he is acquiring the Shares to be issued to him for investment and not with a view to, or for sale in connection with, the distribution of any such Shares; and

(ii) a representation, warranty and/or agreement to be bound by any legends that are, in the opinion of the Committee, necessary or appropriate to comply with the provisions of any securities law deemed by the Committee to be applicable to the issuance of the Shares and are endorsed upon the Share certificates.

13. Administration of the Plan.

(a) The Plan shall be administered by the Compensation Committee of the Board of Directors, which shall consist of not less than two

Edgar Filing: AMERIPATH INC - Form PRER14A

Directors, each of whom shall be Outside

EXHIBIT A

Directors. However, the mere fact that a Committee member shall fail to qualify as an Outside Director shall not invalidate any Option granted by the Committee which Option is otherwise validly granted under the Plan. The Committee shall have all of the powers of the Board with respect to the Plan. Any member of the Committee may be removed at any time, with or without cause, by resolution of the Board and any vacancy occurring in the membership of the Committee may be filled by appointment by the Board.

(b) The Committee, from time to time, may adopt rules and regulations for carrying out the purposes of the Plan. The Committee's determinations and its interpretation and construction of any provision of the Plan shall be final and conclusive.

(c) Any and all decisions or determinations of the Committee shall be made either (i) by a majority vote of the members of the Committee at a meeting or (ii) without a meeting by the unanimous written approval of the members of the Committee.

(d) The Board may reserve to itself the power to grant Options to employees of the Company or any Subsidiary who are not Covered Employees. If and to the extent that the Board reserves such powers, then all references herein to the Committee shall refer to the Board with respect to the Options granted by the Board.

(e) The Committee shall certify in writing prior to the delivery of Shares upon exercise of an Option in which its rights accrue or become exercisable upon the attainment of stated goals that such goals and any other material terms of such Option are satisfied pursuant to the criteria established by the Committee as well as the requirements of Section 162(m) of the Code, if applicable.

14. Withholding or Deduction for Taxes. If at any time specified herein for the making of any issuance or delivery of any Option or Common Stock to any Optionee, any law or regulation of any governmental authority having jurisdiction in the premises shall require the Company to withhold, or to make any deduction for, any taxes or take any other action in connection with the issuance or delivery then to be made, such issuance or delivery shall be deferred until such withholding or deduction shall have been provided for by the Optionee or beneficiary, or other appropriate action shall have been taken.

15. Interpretation.

(a) This Plan shall be governed by the internal laws of the State of Delaware.

(b) Headings contained in this Plan are for convenience only and shall in no manner be construed as part of this Plan or affect the meaning or interpretation of any part of the Plan.

(c) Any reference to the masculine, feminine, or neuter gender shall be a reference to such other gender as is appropriate.

Edgar Filing: AMERIPATH INC - Form PRER14A

16. Amendment and Discontinuation of the Plan. Either the Board or the Committee may from time to time amend the Plan or any Option; provided, however, that, except to the extent provided in Section 10, no such amendment may, without approval by the stockholders of the Company, (a) materially increase the number of securities which may be issued under the Plan, or (b) materially modify the requirements as to eligibility for participation in the Plan; and provided further, that, except to the extent provided in Section 9, no amendment or suspension of the Plan or any Option issued hereunder

shall substantially impair any Option previously granted to any Optionee without the consent of such Optionee. Shareholder approval also shall be required for any amendment to the Plan if and to the extent such approval is required by any federal or state law or regulation or the rules of any stock exchange or automated quotation system on which the Common Stock may then be listed or quoted.
